Report of Independent Registered Public Accounting Firm

To the Participants and Plan Administrator of the

Sallie Mae DMO 401(k) Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Sallie Mae DMO 401(k) Savings Plan, formerly known as the General Revenue Corporation 401(k) and Profit Sharing Plan (the Plan) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

December 31, 2004 and 2003

1. Plan Description

General

The Sallie Mae DMO 401(k) Savings Plan, formerly known as the General Revenue Corporation 401(k) and Profit Sharing Plan (the Plan), was first adopted on July 1, 1984 for the benefit of eligible employees electing to participate in the Plan (the Participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

In conjunction with SLM Corporation's realignment on July 1, 2004 for its Debt Management Operations, the Plan covers substantially all employees of the Company or the Employer, which includes General Revenue Corporation, Student Assistance Corporation (wholly owned subsidiaries of SLM Corporation) and Portfolio Management a division of Sallie Mae Inc. Effective January 1, 2004, employees are eligible for participation in the Plan after they have completed 3 months of service. Beginning January 1, 2004, the General Revenue Corporation 401(k) and Profit Sharing Plan was amended to eliminate the age requirement. Effective July 1, 2004, the General Revenue Corporation 401(k) and Profit Sharing Plan was renamed the Sallie Mae DMO 401(k) Savings Plan.

Contributions and Vesting

Effective July 1, 2004, participants may contribute between 1 percent and 25 percent of their eligible compensation for the contribution period up to the Internal Revenue Service maximum of \$13,000 in 2004. Prior to July 1, 2004 the maximum contribution rate was 15 percent. The Plan allows participants who have attained age 50 to make additional contributions up to the IRS maximum of \$3,000 for 2004.

The Plan's match formula for July 1, 2004 through December 31, 2004 was 100% on the first 3% and 50% on the next 2% of Participant compensation contributed as an elective deferral. For January 1, 2004 through June 30, 2004 the formula was 50% up to the first 6% of Participant compensation. In 2003, after 1,000 hours of service and employment as of the last day of the Plan year, the Employer was able to make a discretionary contribution at the end of the Plan year of 50% of the first 6% of Participant compensation contributed as an elective deferral. Additionally, active employees as of December 31 may receive an employer match true up contribution for any difference in the total of the bi-weekly employer match and the employer match based on the participant's contributions for the year.

During 2004, there were \$33,064 forfeitures used to reduce Employer contributions. Unused forfeitures at December 31, 2004 and 2003 were \$10,344 and \$16,857, respectively, which will be used to offset future Employer contributions.

Participant loans

Participants may borrow from their fund accounts starting at a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. the balance in the Participant's account and bear interest at the prime rate at the time of loan origination. Principal and interest is paid through bi-weekly payroll deduction. Active loans have interest rates ranging from 4% to 10% and with maturity dates ranging from 2005 to 2023.

Investment elections

Fidelity Management Trust Company (Fidelity) is the Plan trustee and recordkeeper. Contributions are invested, based on Participants instructions, in any of the various investment options selected by the Sallie Mae 401(k) Savings Plan and Investment Committees. The Plan offers various mutual funds, an employer stock fund, a money market fund and a self-directed brokerage option. Under the self-directed brokerage option, Participants may direct investments in any security or other investments offered by Fidelity, regardless of whether they are included as investment options offered by the Plan. In order to participate in the self-directed brokerage option, Participants must have a minimum Plan balance of \$10,000 and at least \$500 must remain in the other available funds.

Participant accounts

Each Participant's account is credited with the Participant's and Company's contributions and their portion of the Plan's earnings (losses). Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Payment of benefits

Participants may withdraw funds from their account upon retirement, disability, separation from employment, or upon reaching age 59 1/2. Distributions shall be made by a lump sum payment, reduced by the outstanding balance of any loan not repaid by the Participant. The Participant may have distributions paid in cash, SLM Corporation common stock or a combination thereof. Fractional shares of the common stock will be paid in cash.

Administrative expenses

Participants pay fees for loans and withdrawals, and terminated Participants pay annual maintenance fees. Additionally, Participants may pay for commissions associated with common stock purchases and sales and short term transaction fees in certain funds when Participants trade in and out of the fund within 90 days. The Participant costs are charged directly to the Participant's account and are reflected in the statement of changes in net assets available for benefits as an addition to net assets attributed to Interest in Sallie Mae 401(k) Savings Plan Master Trust income. The Employer bears the remaining cost of Plan administration.

Transfers

In conjunction with SLM Corporation's realignment on July 1, 2004 for its Debt Management Operations, plan assets in the Sallie Mae 401 (k) Savings Plan for employees of Education Debt Services, Inc., a division of Sallie Mae Inc., were transferred to the Sallie Mae DMO 401(k) Savings Plan on January 30, 2004. The net assets transferred amounted to \$2,185,265. Plan assets in the amount of \$3,845,851 for Student Assistance Corporation and Portfolio Management division Participants were transferred in July from the Sallie Mae 401(k) Savings Plan to the Sallie Mae DMO 401(k) Savings Plan. A transfer from the Pioneer Credit Recovery, Inc. 401(k) Plan amounted to \$19,681. Remaining transfers of \$680,622 relate to employee transfers between companies.

2. Summary of Significant Accounting Policies

Basis of accounting

The Plan maintains its accounting records on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments held by the Sallie Mae 401(k) Savings Plan Master Trust (the Master Trust) consist of mutual funds, an employer stock fund, a money market fund and a self-directed brokerage option. Money market funds are carried at cost, which approximates fair value.

Table of Contents

Sallie Mae DMO 401(k) Savings Plan

Notes to Financial Statements

December 31, 2004 and 2003

Common stock, securities and brokerage account investments traded on national securities exchanges are carried at market value based on the closing price on the last business day of the year. The fair value of mutual funds is determined based on the net asset value for shares held by the Master Trust at year-end. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. Participants in the Sallie Mae Stock Fund hold units in the fund and not shares, the value of which was \$39.15 per unit at December 31, 2003 vs. SLM Corporation common stock which was valued at \$53.39 per share on December 31, 2004. Loans to Participants are valued at cost, which approximates fair value.

The Master Trust information in Note 4 presents the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Dividend income is recorded on the ex-dividend date. Interest earned on investments is recorded on the accrual basis. Purchases and sales of securities are recorded on the trade date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Risks and uncertainties

The Plan, through the Master Trust, provides for various investment options. Such investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair values of the investment securities and risks will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statement of net assets available for benefits.

Benefit payments

Benefits are recorded when paid.

3. Investments

Edgar Filing: SLM CORP - Form 11-K

The individual investments representing 5 percent or more of the fair value of net assets available for benefits is the interest in the Master Trust which was \$12,926,350 and \$4,076,083 at December 31, 2004 and 2003, respectively.

6. Related Party Transactions

At December 31, 2004 and in 2003, certain Plan investments are shares of mutual funds or amounts of the Sallie Mae Stock Fund managed by Fidelity. Fidelity is the trustee as defined by the Plan and therefore these transactions qualify as party-in-interest. Fees paid by the Plan for administrative services were \$4,292 for the year ended December 31, 2004.

Among the Plan in the Master Trust are investments in the Sallie Mae Stock Fund which is comprised principally of SLM Corporation stock. At December 31, 2004 and 2003, the amounts were 34,756 and 4,264 units, respectively, valued at \$1,360,688 and \$118,407, respectively. During 2004, 60,168 units in the amount of \$1,813,648 were purchased and 29,676 units in the amount of \$911,247 were sold related to the Sallie Mae Stock Fund. Such transactions qualify as party-in-interest transactions, as SLM Corporation is the Plan's sponsor.

7. Income Tax Status

The Company adopted the McDermott Will & Emery Prototype Non-standardized Safe Harbor Profit Sharing Plan with CODA (Prototype Plan), which obtained a favorable determination letter from the Internal Revenue Service on September 24, 2001. The Sponsor has not applied for a stand-alone plan determination letter. Although the Plan has been amended since adopting the Prototype Plan, the Plan administrator believes that the Plan and related trust are operating in accordance with the Internal Revenue Code (IRC) and are qualified under Section 401(a) of the IRC and the Plan is therefore not subject to tax under present income tax law.

8. Subsequent Events

Effective January 1, 2005, eligible employees of Pioneer Credit Recovery, Inc. became participants in the Plan. The Pioneer Credit Recovery, Inc. 401(k) Plan will be merged with and into the Plan during 2005. As of December 31, 2004 the value of these assets was \$4,526,433.

Employees of Arrow Financial Services, Inc. became participants in the Plan as of January 1, 2005. The Arrow Financial Services, LLC Retirement Savings Plan will merge with and into the Plan during 2005. As of December 31, 2004 the value of these assets was \$3,895,846.
