Kookmin Bank's Operating Results for the 3rd quarter of 2005

On October 31, 2005, Kookmin Bank held an earnings conference and released its operating results for the third quarter of 2005. Followings are the key figures released during the conference, and full presentation material is available at Kookmin Bank website(www.kbstar.com) for further information.

The figures presented in this section have not yet been fully reviewed by our independent auditors and therefore remain subject to change. In particular, we may be required to take additional loan loss provisions for our unused credit lines, due to a possible policy change with respect to which we have requested clarification from the relevant Korean authorities. Depending on the guidance we receive, our 3rd quarter results may need to be revised.

Accounting policy with respect to the gain or loss on the sale of loans was changed in 2004. According to such policy, the gain or loss on the sale of loans is computed by comparing the sale proceeds against its book value as of the year end immediately preceding the date of sale. However, in these figures, we did not reflect the policy change in order to ease the reader's comparative analysis.

Accounting policy with respect to the private funds in which we hold interest in the form of wholly-owned beneficiary certificates, or WOBCs, was changed in April 2005. Before the change, unrealized Gain or Loss on WOBCs was recognized as non-interest income from beneficiary certificates in the income statement. However, it should be recognized as a capital adjustment in owner's equity section of balance sheet after the change. Therefore, we adjusted the related figures in the financial statements of 2004 according to the changed accounting policy.
