**Item 1.01. Entry into a Material Definitive Agreement.**

On November 1, 2005, HemoSense entered into a Securities Purchase Agreement in the form attached hereto as Exhibit 4.1 (the Agreement), with the accredited investors named therein (each, an Investor and collectively, the Investors). Pursuant to the Agreement, each Investor purchased at the closing on November 4, 2005, a number of shares of HemoSense common stock that in the aggregate totaled 1,481,482 shares (the Shares), at a price of \$6.75 per share. The aggregate consideration received from the private placement was \$10,000,003.50.

Pursuant to the Agreement, the Investors also received warrants in the form attached hereto as Exhibit 4.2 to purchase an additional aggregate total of 740,741 shares of HemoSense common stock (the Warrant Shares). The warrants will expire on November 4, 2010. Each warrant may be exercised at any time commencing from May 3, 2006 at an exercise price per share of \$8.165.

The private placement was completed pursuant to an exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended (the Securities Act), and Regulation D promulgated thereunder. Each investor was an accredited investor within the meaning of Rule 501(a) of Regulation D and the securities were sold without any general solicitation by the company or its representatives.

Lazard Capital Markets LLC as lead placement agent and Roth Capital Partners, LLC as co-placement agent for the private placement received placement fees equal to 6% of the aggregate gross proceeds of the offering.

HemoSense agreed to register the resale of the Shares and the Warrant Shares with the Securities and Exchange Commission within 90 days following the closing of the private placement (the Resale Registration). In connection with the private placement, the holders of registration rights under the Amended and Restated Investor Rights Agreement dated February 7, 2005, waived their rights to include their registrable securities in the Resale Registration.
