Rights Offering for Shares of Common Stock

We are distributing to you, at no charge, a transferable right for each share of common stock you owned of record on _____, 2006. You will be entitled to purchase one share of common stock for \$40.00 in cash for every right you are granted. As of the record date, there were _____ shares of common stock outstanding. If all rights are exercised, the estimated net proceeds of the rights offering will be \$ _____.

The rights expire at 5:00 p.m., New York City time, on _____, 2006, unless the exercise period is extended by us. Any rights unexercised at the end of the exercise period will expire without any payment to the holders of those unexercised rights. You should carefully consider whether to exercise or sell your rights prior to the expiration of the rights offering. The manner in which rights may be exercised is described in detail under the heading **The Rights Offering Method of Purchase Exercise of Rights**. If you intend to exercise your rights, you should be careful to comply with these procedures.

Berkshire Hathaway Inc., our largest stockholder, has agreed to purchase from us, at \$40.00 per share, all of the shares of common stock that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. We paid Berkshire Hathaway a fee of \$67 million for this commitment. The commitment of Berkshire Hathaway is subject to the satisfaction of specified conditions. See **The Rights Offering Backstop Purchaser**. Berkshire Hathaway beneficially owned 6,500,000 shares, or 14.56%, of our outstanding common stock on the record date for the rights offering.

Our common stock is listed on the New York Stock Exchange and the Chicago Stock Exchange under the symbol **USG**. On the record date, the closing price for our common stock on the New York Stock Exchange was \$ _____ per share. The rights have been approved for trading on the New York Stock Exchange under the symbol **USGRT**.

We urge you to carefully read the Risk Factors section beginning on page 15, where we describe risks associated with our common stock and the rights offering, before you make your investment decision.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE RIGHTS OFFERING

Q: What is a right?

A: Each right entitles its holder to purchase one share of our common stock at an exercise price of \$40.00.

Q: What was the record date for the rights offering?

A: The record date for the rights offering, which was the date used to determine the stockholders entitled to receive rights, was _____, 2006.

Q: How many rights am I receiving?

A: You are receiving one right for each share of our common stock that you hold on the record date. We will issue a total of _____ shares in the rights offering, including any shares purchased pursuant to the backstop commitment. See Q: How does the backstop commitment work?

Q: How much does a right cost?

A: We are distributing at no charge rights to stockholders of our common stock as of the close of business on the record date.

Q: How was the \$40.00 exercise price determined?

A: Our board of directors determined that the exercise price should be designed to provide an incentive to our current stockholders to exercise their rights. Following negotiations with Berkshire Hathaway Inc., the backstop purchaser, and after considering, among other things, the exercise price necessary to obtain a backstop commitment, our board of directors determined that the exercise price for rights distributed pursuant to the rights offering should be \$40.00. This exercise price was not intended to bear any relationship to the historical price of our common stock or our past or future operations, cash flows, net income, current financial condition, the book value of our assets or any other established criteria for value. As a result, the exercise price should not be considered an indication of the actual value of our company or of our common stock.

Q: May I transfer my rights if I do not want to purchase any shares?

A: Yes. The rights are transferable until the close of business on the last trading day before the expiration of the rights offering. Accordingly, unless the exercise period is extended by us, the rights will be transferable until _____, 2006. See The Rights Offering Transferability of Rights. The rights expire, if not previously exercised, at 5:00 p.m., New York City time, on _____, 2006, unless the exercise period is extended by us as described below. See Q: When do the rights expire?

Q: How may I sell my rights?

A: You may seek to sell your rights through normal investment channels. We anticipate that the rights will be eligible to trade on the New York Stock Exchange, or the NYSE, from the commencement date of the rights offering until the close of business on the last trading day before the expiration of the rights offering. The rights are a new issue of securities, however, and do not have an established trading market. We cannot give you any assurance that a market for the rights will develop or, if a market does develop, as to how long it will continue or at what prices the rights will trade. Therefore, we cannot assure you that you will be able to sell any of your rights or as to the value you may receive in a sale. See The Rights Offering Transferability of Rights.

Q: How will you use the proceeds from the rights offering?

A: Our proceeds from the rights offering (including proceeds of any shares purchased pursuant to the backstop commitment) will be approximately \$ _____ billion after payment of the \$67 million backstop commitment fee to

Table of Contents

Berkshire Hathaway and other expenses of the rights offering. We expect to use the net proceeds from the rights offering, together with other available funds, including cash on hand, to make payments contemplated by our plan of reorganization and for general corporate purposes. See Use of Proceeds.

Q: When will I receive my rights certificate?

A: Promptly after the date of this prospectus, the rights agent will send a rights certificate to each holder of our common stock that is registered on our stockholder registry maintained at Computershare Investor Services LLC, the transfer agent for our common stock. If you own your shares of common stock through a broker, bank or other nominee, you will not receive an actual rights certificate. If you wish to obtain a separate rights certificate, you should promptly contact your broker, bank or other nominee and request a separate certificate. It is not necessary to have a physical rights certificate in order to effect a sale of your rights or to elect to exercise your rights. See Q: What should I do if I want to participate in the rights offering but my shares are held in the name of my broker, bank or other nominee?

Q: How do I exercise my rights?

A: You may exercise your rights by properly completing and signing your rights certificate. You must deliver your rights certificate to Computershare Trust Company of New York, which is acting as the rights agent for the rights offering. The rights agent will not accept a facsimile transmission of your completed rights certificate. If you send your rights certificate by mail, we recommend that you send it by registered mail, properly insured, with return receipt requested. Delivery of your rights certificate must be accompanied by full payment of the exercise price for each share you wish to purchase. Your payment of the exercise price must be made in U.S. dollars for the full number of shares of common stock you are purchasing pursuant to the exercise of rights by (1) certified check drawn upon a U.S. bank payable to the rights agent, (2) cashier's check drawn upon a U.S. bank or express money order payable to the rights agent or (3) wire transfer of funds to the account maintained by the rights agent for the purpose of the rights offering. See The Rights Offering Method of Purchase Exercise of Rights and Method of Payment of Exercise Price. If you cannot deliver your rights certificate to the rights agent prior to the expiration of the rights offering, you may follow the guaranteed delivery procedures described under The Rights Offering Guaranteed Delivery Procedures.

Q: When will I receive the shares I am purchasing by exercising my rights?

A: If you properly exercise your rights, you will be deemed to own the shares immediately after the expiration of the rights offering. We will issue share certificates as soon as practicable thereafter. We have the discretion to delay distribution of any shares you may elect to purchase by exercise of rights if necessary to comply with state securities laws. No interest will be paid to you on the funds you deposit with the rights agent.

Q: When do the rights expire?

A: The rights expire, if not previously exercised, at 5:00 p.m., New York City time, on _____, 2006, unless the exercise period is extended by us. We currently do not intend to extend the exercise period. See The Rights Offering Expiration of the Rights Offering.

Q: Am I required to exercise or sell my rights?

A: No. If you choose not to fully exercise your rights, however, your relative ownership in us will be diluted. Rights holders who do not exercise or sell their rights prior to the expiration of the rights offering will lose any value represented by their rights.

Q: What happens if I do not exercise my rights?

A: If you do not exercise your rights prior to the expiration of the rights offering, your rights will expire and the shares of common stock into which your rights are exercisable will be purchased by Berkshire Hathaway, the backstop purchaser. See The Rights Offering Backstop Purchaser.

Table of Contents

Q: Who is the backstop purchaser?

A: Berkshire Hathaway, our largest stockholder, is the backstop purchaser. Berkshire Hathaway beneficially owned 6,500,000 shares, or 14.56%, of our outstanding common stock on the record date for the rights offering.

Q: How does the backstop commitment work?

A: Berkshire Hathaway has agreed with us as part of the backstop commitment that it will purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. See [The Rights Offering](#) [Backstop Purchaser](#).

Q: Why is there a backstop purchaser?

A: We obtained the backstop commitment to ensure that, subject to the conditions of the backstop commitment, all shares are either distributed in the rights offering or purchased subsequent to the offering at the same purchase price at which the rights were exercisable. Through this arrangement, we have a very high degree of certainty that we will raise gross proceeds of \$1.8 billion through the rights offering and the backstop commitment.

Q: Is the backstop purchaser being compensated?

A: Yes. We paid the backstop purchaser a one-time, non-refundable fee of \$67 million for this commitment. We also agreed to pay certain of Berkshire Hathaway's costs and expenses relating to its entry into the backstop commitment and related agreements. We are required to pay Berkshire Hathaway an additional non-refundable fee of \$6.7 million if the rights offering is not concluded by September 30, 2006 and we choose to extend Berkshire Hathaway's obligations under the backstop commitment. See [The Rights Offering](#) [Backstop Purchaser](#).

Q: Are there any conditions on the backstop purchaser's obligations to purchase shares?

A: Yes. The backstop purchaser's obligations under the backstop commitment are subject to the satisfaction of specified conditions, including the continued accuracy of representations and warranties about our company that we made to Berkshire Hathaway. Berkshire Hathaway's obligations as backstop purchaser are not, however, subject to the absence of a material adverse change in our business, financial condition or results of operations or a material deterioration in the financial markets.

Q: When do the obligations of the backstop purchaser expire?

A: Unless extended by us, the backstop commitment will expire if the rights offering has not been concluded prior to September 30, 2006. If the rights offering is not concluded by September 30, 2006, we may extend the obligations of the backstop purchaser under the backstop commitment until November 14, 2006 in specified circumstances, including the payment of an additional non-refundable \$6.7 million fee. See [The Rights Offering](#) [Backstop Purchaser](#).

Q: How will the backstop commitment be secured?

A: As part of the backstop commitment, Berkshire Hathaway has entered into an escrow agreement with us and Wells Fargo, N.A., as escrow agent, pursuant to which Berkshire Hathaway has deposited \$1.8 billion in treasury securities into an escrow account to secure performance of its obligations under the equity commitment agreement entered into between us and Berkshire Hathaway. We will be entitled to use these amounts to satisfy Berkshire Hathaway's obligations to purchase from us any shares required to be purchased pursuant to the backstop commitment.

Table of Contents

Q: How will the rights offering affect the backstop purchaser's ownership of our common stock?

A: On the record date for the rights offering, Berkshire Hathaway beneficially owned 14.56% of our outstanding common stock. If all of the rights covered by this prospectus are exercised, Berkshire Hathaway's beneficial ownership percentage will remain the same. If some of the rights are not exercised prior to the expiration of the rights offering, those rights will expire and the shares of common stock that are not issued as a result of the failure to exercise those rights will be acquired by Berkshire Hathaway. Berkshire Hathaway has agreed that, for a period of seven years following completion of the rights offering, except in limited circumstances, it will not acquire additional beneficial ownership of USG voting securities if, after giving effect to the acquisition, Berkshire Hathaway would own more than 40% of USG voting securities on a fully diluted basis (or such higher percentage of voting securities that Berkshire Hathaway will own after making any purchases required under the backstop commitment). See "Certain Relationships and Related Transactions" Shareholder's Agreement.

Q: If I exercise my rights in the rights offering, may I withdraw the exercise?

A: Yes. Once you have exercised your rights, you may withdraw your exercise at any time prior to the deadline for withdrawal, but not thereafter, by following the procedures described under "The Rights Offering" Withdrawal of Exercise of Rights, subject to applicable law. The deadline for withdrawal is 5:00 p.m., New York City time, on the business day prior to the expiration date of the rights offering. Unless the rights offering is extended, we expect that the deadline for withdrawal will be on _____, 2006.

Q: May you terminate the rights offering?

A: Yes. We have no intention of terminating the rights offering, but we have reserved the right to terminate the rights offering in the event that unforeseen circumstances occur between the date of this prospectus and the scheduled expiration of the rights offering. See "The Rights Offering" Extensions and Termination.

Q: If the rights offering is terminated, will my payment be refunded to me?

A: Yes. If the rights offering is terminated, the rights agent will return as soon as practicable all exercise payments, without interest. See "The Rights Offering" Extensions and Termination.

Q: What should I do if I want to participate in the rights offering but my shares are held in the name of my broker, bank or other nominee?

A: If you hold shares of our common stock through a broker, bank or other nominee, you will need to have your broker, bank or other nominee act for you if you wish to exercise or sell your rights. If you wish to exercise your rights, you should complete and return to your broker, bank or other nominee the form entitled "Beneficial Owner Election Form." You should receive this form from your broker, bank or other nominee with the other rights offering materials. See "The Rights Offering" Beneficial Owners.

Q: Will I be charged a sales commission or a fee if I exercise my rights?

A: We will not charge a brokerage commission or a fee to rights holders for exercising their rights. If you exercise your rights through a broker, bank or other nominee, however, you will be responsible for any fees charged by your broker, bank or nominee. If you sell your rights, you will be responsible for any fees relating to that sale.

Q: Have you or your board of directors made a recommendation as to whether I should exercise or sell my rights?

A: No. Neither we nor our board of directors has made any recommendation as to whether you should exercise or sell your rights. You should make those decisions based upon your own assessment of your best interests. Some of our executive officers and board members have indicated their present intention to exercise some or all of their rights, while others may seek to sell some or all of their rights.

Table of Contents

Q: What are the U.S. federal income tax consequences of the rights offering to me?

A: You generally should not recognize gain or loss on the receipt, exercise or lapse of your rights for U.S. federal income tax purposes. You will generally recognize gain or loss on a sale of your rights. See Certain U.S. Federal Income Tax Consequences. You should consult your tax advisor as to the particular tax consequences to you of the receipt of rights in the rights offering and the exercise, sale or other disposition or expiration of the rights, including the applicability of any federal estate or gift tax laws and any state, local or non-U.S. tax laws.

Q: How many shares of common stock are currently outstanding?

A: On the record date for the rights offering, there were _____ shares of our common stock outstanding. This number does not include shares of common stock that we are required to issue upon exercise of outstanding stock options. Following the rights offering and the purchase by Berkshire Hathaway of shares pursuant to the backstop commitment, the number of outstanding shares of our common stock will double.

Q: What should I do if I have other questions?

A: If you have any questions about or require assistance regarding the procedure for exercising your rights, including the procedure if you have lost your rights certificate or would like additional copies of this prospectus, please contact Georgeson Shareholder Communications Inc., which is acting as our information agent, at:

PROSPECTUS SUMMARY

*This summary highlights some of the information contained elsewhere in or incorporated by reference into this prospectus. Because this is only a summary, it does not contain all of the information that may be important to you. You should carefully read this prospectus, including the documents incorporated by reference, which are described under *Incorporation by Reference of Certain Documents* and *Where You Can Find More Information*.*

In this prospectus, except as otherwise indicated or as the context otherwise requires, USG, we, our and us refer to USG Corporation, a Delaware corporation. In the discussion of our business in this prospectus, we, our and us also refer to our subsidiaries.

Our Company

United States Gypsum Company, or U.S. Gypsum, was incorporated in 1901. USG was incorporated in Delaware on October 22, 1984. By a vote of stockholders on December 19, 1984, U.S. Gypsum became a wholly owned subsidiary of USG, and the stockholders of U.S. Gypsum became stockholders of USG, all effective January 1, 1985.

Through our subsidiaries, we are a leading manufacturer and distributor of building materials, producing a wide range of products for use in new residential, new nonresidential and repair and remodel construction as well as products used in certain industrial processes.

Our principal executive offices are located at 125 South Franklin Street, Chicago, Illinois 60606-4678, and our telephone number is (312) 606-4000.

Voluntary Reorganization Under Chapter 11

In June 2001, we and ten of our U.S. subsidiaries, referred to as the USG Debtors, filed voluntary petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code in the U.S. Bankruptcy Court for the District of Delaware. The petitions were consolidated for purposes of joint administration as *In re: USG Corporation et al.* (Case No. 01-2094). These cases did not include any of our non-U.S. subsidiaries or companies that our subsidiary, L&W Supply Corporation, acquired after we filed the bankruptcy petitions. The USG Debtors initiated the Chapter 11 proceedings with the goals of resolving asbestos claims in a fair and equitable manner, protecting the long-term value of the USG Debtors businesses and maintaining the USG Debtors' leadership positions in their markets.

U.S. Gypsum has been named as a defendant in asbestos lawsuits alleging both property damage and personal injury. Other of the USG Debtors have also been named as defendants in a small number of asbestos personal injury lawsuits. As a result of the Chapter 11 filing, all pending asbestos lawsuits against U.S. Gypsum and other USG Debtors were stayed. The USG Debtors ceased making payments with respect to asbestos lawsuits following the filing.

In late January 2006, the USG Debtors, the committee representing asbestos personal injury claimants, or the Official Committee of Asbestos Personal Injury Claimants, and the legal representative for future asbestos personal injury claimants, or the Futures Representative, reached an agreement to resolve the USG Debtors' present and future asbestos personal injury liabilities and to cooperate in the confirmation of a plan of reorganization consistent with that resolution. The settlement agreement was approved by our board of directors on January 29, 2006 and was signed by the Futures Representative and each law firm representing the Official Committee of Asbestos Personal Injury Claimants and supported by the committee representing unsecured creditors, or the Official Committee of Unsecured Creditors, and the committee representing our stockholders, or the Official Committee of Equity Security Holders. The settlement agreement did not include asbestos property damage claims.

As contemplated by the settlement agreement, on February 17, 2006, the USG Debtors filed a proposed plan of reorganization and a disclosure statement with the Bankruptcy Court incorporating the terms of the settlement agreement and addressing the treatment of other claims and interests. The Bankruptcy Court held hearings on the plan and disclosure statement on _____ and _____ and entered an order, which was confirmed by the U.S. District Court for the District of Delaware, confirming the plan on _____. The plan became effective _____.

Table of Contents

on , 2006. Pursuant to the plan, a trust was created and funded by the USG Debtors pursuant to Section 524(g) of the Bankruptcy Code, and this trust will compensate all qualifying present and future asbestos personal injury claims against the USG Debtors. The plan contains an injunction channeling all asbestos personal injury claims against the USG Debtors to the Section 524(g) trust for payment and precludes any individual or entity from bringing an asbestos personal injury claim against the USG Debtors. This channeling injunction includes any asbestos personal injury claims against the USG Debtors relating to A.P. Green Refractories Co., a former subsidiary of U.S. Gypsum and us.

The plan provides for the payment of allowed claims of all creditors other than asbestos personal injury claimants, including allowed claims of general unsecured creditors, in full with post-petition interest, if required. Disputed claims, including disputed asbestos property damage claims, will be either resolved in the bankruptcy proceedings or another forum. Upon resolution of disputed claims, the allowed amount of the claims were or will be paid in full, with interest where required. Stockholders as of the effective date of the plan retained their shares in us.

The Section 524(g) trust was funded by the USG Debtors on the effective date of the plan by payment of \$890 million in cash, the issuance of an interest-bearing promissory note in the principal amount of \$10 million payable on December 31, 2006 and the issuance of a contingent payment note in the amount of \$3.05 billion.

The contingent payment note will be payable to the Section 524(g) trust depending upon whether the Fairness in Asbestos Injury Resolution Act of 2005, or FAIR Act, or substantially similar legislation creating a national asbestos personal injury trust fund or similar fund is enacted and made law by the tenth day after final adjournment of the current session of Congress, referred to as the Trigger Date. We estimate that the Trigger Date will occur in December 2006. With certain exceptions, if the FAIR Act or similar legislation is enacted and made law on or before the Trigger Date and is not subject to a constitutional challenge to its validity on or before 60 days after the Trigger Date, the contingent payment note will be cancelled and the USG Debtors will have no further payment obligations with respect to the Section 524(g) trust. If the FAIR Act or similar legislation is not enacted and made law by the Trigger Date, then the USG Debtors will be obligated to make payments under the \$3.05 billion contingent payment note to the Section 524(g) trust as follows:

\$1.9 billion of the contingent payment note will be payable within 30 days after the Trigger Date; and

the remaining \$1.15 billion of the contingent payment note will be payable within 180 days after the Trigger Date. If the FAIR Act or similar legislation is enacted by the Trigger Date but is subject to a constitutional challenge within 60 days of the Trigger Date, then the USG Debtors' obligations under the contingent payment note to the Section 524(g) trust would be as follows:

if the constitutional challenge results in a final, non-appealable order that the FAIR Act or similar legislation is (1) unconstitutional in its entirety or (2) unconstitutional insofar as it applies to debtors in Chapter 11 cases whose plans of reorganization had not yet been confirmed and become substantially consummated as defined in the plan of reorganization, then the USG Debtors will be obligated to make payments under the \$3.05 billion contingent payment note, with the first payment of \$1.9 billion due within 30 days after the date on which the order becomes final and non-appealable and the second payment of \$1.15 billion due within 180 days after the date on which the order becomes final and non-appealable; and

if the constitutional challenge is resolved by a final, non-appealable order in any manner other than as described above, then the \$3.05 billion contingent payment, including the right of the trust to own stock of one of the USG Debtors (as described below), will be cancelled.

Interest on the \$1.15 billion payment will accrue from 30 days after the Trigger Date until the contingent payment note is paid in full at a fixed rate equal to the rate of 90-day LIBOR in effect as of the Trigger Date plus 40 basis points.

Table of Contents

The USG Debtors are co-obligors and jointly and severally liable under both the \$10 million note and the \$3.05 billion contingent payment note, meaning that the holder of each note can recover the whole indebtedness evidenced by that note from any one of the USG Debtors. The \$10 million note is secured by 51% of the voting stock of U.S. Gypsum. The \$3.05 billion contingent payment note is secured by an obligation to pledge to the Section 524(g) trust shares of voting stock of one of the USG Debtors equal to 51% of the amount outstanding. The obligation to pledge those shares would be triggered by a payment default under the contingent payment note and will terminate upon payment of the first \$1.9 billion of the contingent payment note.

The USG Debtors' financial obligations under the plan depend upon, among other things, whether the \$3.05 billion contingent payment note becomes due. The USG Debtors expect to fund their obligations under the plan through accumulated cash, tax refunds and the proceeds of this rights offering and any purchase of shares of common stock pursuant to the backstop commitment.

Backstop Commitment Agreements

In connection with the rights offering, we entered into an equity commitment agreement with Berkshire Hathaway Inc., our largest stockholder, whereby Berkshire Hathaway committed to purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. We paid the backstop purchaser a one-time, non-refundable fee of \$67 million for this commitment.

After we announced the execution of the equity commitment agreement with Berkshire Hathaway, we discussed alternative proposals with other potential backstop purchasers. We received definitive proposals from two of these alternative backstop purchasers. In light of the alternative proposals, Berkshire Hathaway agreed to lower its commitment fee from \$100 million to \$67 million. The Bankruptcy Court held a hearing regarding the Berkshire Hathaway backstop commitment and considered the terms of the alternative proposals. At the conclusion of the hearing, the Bankruptcy Court entered an order approving the Berkshire Hathaway backstop commitment. Under the terms of the equity commitment agreement, Berkshire Hathaway deposited \$1.8 billion in treasury securities into an escrow account to secure performance of its obligations under the agreement. Amounts remaining in the escrow account after performance by Berkshire Hathaway of its obligations under the backstop commitment will be returned to Berkshire Hathaway. See [Certain Relationships and Related Transactions](#) [Equity Commitment Agreement](#).

In connection with the equity commitment agreement, we and Berkshire Hathaway entered into a shareholder's agreement whereby Berkshire Hathaway agreed, among other things, that for a period of seven years following completion of the rights offering, except in limited circumstances, it will not acquire additional beneficial ownership of USG voting securities if, after giving effect to the acquisition, Berkshire Hathaway would own more than 40% of USG voting securities on a fully diluted basis (or such higher percentage of voting securities that Berkshire Hathaway will own after making any purchases required under the equity commitment agreement).

The parties also entered into a registration rights agreement whereby we granted Berkshire Hathaway registration rights with respect to its shares of our common stock and the shares of our common stock held by specified affiliates of Berkshire Hathaway. See [Certain Relationships and Related Transactions](#) [Shareholder's Agreement](#) and [Registration Rights Agreement](#).

Adjustments Relating to Stock Options

As a result of, and immediately following, the rights offering, we intend, pursuant to the terms of outstanding stock options, to adjust the number of shares underlying the outstanding stock options and the related exercise prices to equitably account for the rights offering. The adjustment will be made in a manner that preserves the value of the outstanding stock options. In addition, as a result of the rights offering, we intend to equitably adjust the deferred stock units held by members of our board of directors pursuant to the USG Corporation Stock Compensation Program for Non-Employee Directors.

THE RIGHTS OFFERING

Rights	We are distributing to stockholders of record of our common stock as of the close of business, New York City time, on _____, 2006, at no charge, one transferable right for each share of our common stock they hold on the record date. Each right entitles its holder to purchase one share of our common stock at an exercise price of \$40.00. We will issue a total of _____ shares in the rights offering and, if necessary, the subsequent purchase by Berkshire Hathaway Inc., the backstop purchaser, all of the shares of common stock that are not issued pursuant to the exercise of rights in the rights offering.
Exercise Price	\$40.00 per share.
Record Date	_____, 2006, which was the date used to determine the stockholders entitled to receive rights.
Expiration	The rights expire, if not previously exercised, at 5:00 p.m., New York City time, on _____, 2006, unless the exercise period is extended by us. We currently do not intend to extend the exercise period.
Use of Proceeds	Our proceeds from the rights offering (including proceeds of any shares purchased pursuant to the backstop commitment) will be approximately \$ _____ billion after payment of the \$67 million backstop commitment fee to Berkshire Hathaway and other expenses of the rights offering. We expect to use the net proceeds from the rights offering, together with other available funds, including cash on hand, to make payments contemplated by our plan of reorganization and for general corporate purposes. See Use of Proceeds.
Backstop Purchaser	Berkshire Hathaway, our largest stockholder, is the backstop purchaser. Berkshire Hathaway beneficially owned 6,500,000 shares, or 14.56%, of our outstanding common stock on the record date for the rights offering. Berkshire Hathaway has agreed with us as part of the backstop commitment that it will purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. Berkshire Hathaway has deposited \$1.8 billion in treasury securities into an escrow account to secure performance of its obligations under the backstop commitment. Berkshire Hathaway's obligations under the backstop commitment are subject to the satisfaction of specified conditions, including the continued accuracy of representations and warranties about our company that we made to Berkshire Hathaway. Berkshire Hathaway's obligations as backstop purchaser are not, however, subject to the absence of a material adverse change in our business, financial condition or results of operations or a material deterioration in the financial markets.

Table of Contents

We paid the backstop purchaser a one-time, non-refundable fee of \$67 million for this commitment. We also agreed to pay certain of Berkshire Hathaway's costs and expenses relating to its entry into the backstop commitment and related agreements. See *The Rights Offering Backstop Purchaser*.

Unless extended by us, the backstop commitment will expire if the rights offering has not been concluded prior to September 30, 2006. If the rights offering is not concluded by September 30, 2006, we may extend the obligations of the backstop purchaser under the backstop commitment until November 14, 2006 in specified circumstances, including the payment of an additional non-refundable \$6.7 million fee.

Effect of Rights Offering

On the record date for the rights offering, Berkshire Hathaway beneficially owned 14.56% of our outstanding common stock. If all of the rights covered by this prospectus are exercised, Berkshire Hathaway's beneficial ownership percentage will remain the same. If some of the rights are not exercised prior to the expiration of the rights offering, those rights will expire and the shares of common stock that are not issued as a result of the failure to exercise those rights will be acquired by Berkshire Hathaway. Berkshire Hathaway has agreed that, for a period of seven years following completion of the rights offering, except in limited circumstances, it will not acquire additional beneficial ownership of USG voting securities if, after giving effect to the acquisition, Berkshire Hathaway would own more than 40% of USG voting securities on a fully diluted basis (or such higher percentage of voting securities that Berkshire Hathaway will own after making any purchases required under the backstop commitment). See *Certain Relationships and Related Transactions Shareholder's Agreement*.

Transferability of Rights

The rights are transferable until the close of business on the last trading day before the expiration of the rights offering. Accordingly, unless the exercise period is extended by us, the rights will be transferable until _____, 2006. You may seek to sell your rights through normal investment channels. We anticipate that the rights will be eligible to trade on the NYSE from the commencement date of the rights offering until the close of business on the last trading day before the expiration of the rights offering. The rights are a new issue of securities, however, and do not have an established trading market. We cannot give you any assurance that a market for the rights will develop or, if a market does develop, as to how long it will continue or at what prices the rights will trade. Therefore, we cannot assure you that you will be able to sell any of your rights or as to the value you may receive in a sale. See *The Rights Offering Transferability of Rights* and *Method of Transferring Rights*.

RISK FACTORS

An investment in our common stock involves various risks. You should carefully consider the risks and uncertainties described below and the other information included or incorporated by reference in this prospectus, including the risk factors set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005, before deciding to invest in our common stock. Any of the risk factors described therein or set forth below could significantly and adversely affect our business, prospects, financial condition and results of operations. As a result, the trading price of our common stock could decline and you could lose a part or all of your investment.

Risks Relating to Our Common Stock

We do not expect to pay dividends on our common stock in the foreseeable future.

We did not pay dividends on our common stock during the pendency of our bankruptcy proceedings and do not expect to pay cash dividends on our common stock in the foreseeable future. Our payment of any dividends in the future will be at the discretion of our board of directors and will depend upon various factors, including future earnings, operations, capital requirements, our general financial condition and the general financial condition of our subsidiaries. In addition, under Delaware law, unless a corporation has available surplus it cannot declare or pay dividends on its capital stock.

Under our plan of reorganization, until the contingent payment note issued to the Section 524(g) trust on the effective date of the plan is either paid in full or cancelled, we may not declare dividends to holders of our common stock in an amount that exceeds \$150 million in the aggregate. Further, in the event we enter into additional debt financing arrangements, our ability to pay cash dividends on our common stock is likely to be restricted under those documents.

The market price of our common stock is subject to volatility.

The current market price of our common stock may not be indicative of prices that will prevail in the trading markets in the future. The market price of our common stock could be subject to wide fluctuations in response to numerous factors, many of which are beyond our control. These factors include actual or anticipated variations in our operational results and cash flow, our and our competitors' earnings, developments or lack thereof related to the FAIR Act or similar legislation, developments related to claims that were not resolved in the bankruptcy proceedings, changes in financial estimates by securities analysts, trading volume, market conditions in the industry, the general state of the securities markets and the market for stocks of companies in our industry, governmental legislation or regulation and currency and exchange rate fluctuations, as well as general economic and market conditions, such as recessions.

Sales of large amounts of our common stock or the perception that sales could occur may depress our stock price.

Following the rights offering and the purchase by Berkshire Hathaway of all of the shares of common stock that are not issued pursuant to the exercise of rights in the rights offering, there will be _____ shares of our common stock outstanding. We have granted to Berkshire Hathaway rights to cause us, at our expense, to file one or more registration statements under the Securities Act of 1933, or the Securities Act, covering resales of shares of common stock held by Berkshire Hathaway or specified affiliates. These shares may also be sold under Rule 144 under the Securities Act, depending on their holding period and subject to significant restrictions in the case of shares held by persons deemed to be our affiliates. We have very limited control over when Berkshire Hathaway could require us to register some or all of its shares or shares of specified affiliates. This process could be disruptive to the trading price of our common stock and our ability to raise additional equity capital.

In addition, there are several other stockholders that hold a significant number of shares of our common stock. Sales by one or more of these stockholders could cause significant fluctuation in our stock price. In the future, we may determine to raise capital through offerings of our common stock, securities convertible into our common stock or rights to acquire these securities or our common stock. In any case, the result could ultimately be dilutive to our common stock by increasing the number of shares outstanding. We cannot predict the effect this dilution may have on the price of our common stock.

Table of Contents

A small number of our stockholders could be able to significantly influence our business and affairs.

On the record date for the rights offering, Berkshire Hathaway beneficially owned 14.56% of our outstanding common stock. If all of the rights covered by this prospectus are exercised, Berkshire Hathaway's beneficial ownership percentage will remain the same. If some of the rights are not exercised prior to the expiration of the rights offering, those rights will expire and the shares of common stock that are not issued as a result of the failure to exercise those rights will be acquired by Berkshire Hathaway. Berkshire Hathaway, either acting alone or in cooperation with other of our significant stockholders, could be able to significantly influence our business and affairs. Based on filings made with the SEC, as of December 31, 2005, ten individuals or organizations collectively controlled over 50% of our common stock. Accordingly, a small number of our stockholders could be able to control matters requiring approval by our stockholders, including the election of directors and the approval of mergers or other business combination transactions.

Risks Relating to the Rights Offering

Stockholders who do not fully exercise their rights will have their interests diluted by stockholders who do exercise their rights.

The rights offering will result in our issuance of an additional _____ shares of our common stock. If you choose not to fully exercise your rights prior to the expiration of the rights offering, your relative ownership interest in us will be diluted. Rights holders who do not exercise or sell their rights prior to the expiration of the rights offering will lose any value represented by their rights.

Berkshire Hathaway has committed to backstop the rights offering by purchasing all of the shares of common stock that are not issued pursuant to the exercise of rights in the rights offering, which would increase Berkshire Hathaway's overall ownership percentage. If no rights holders other than Berkshire Hathaway exercise their rights in the rights offering, the transactions contemplated by the backstop commitment would result in the issuance of _____ shares of common stock to Berkshire Hathaway, and Berkshire Hathaway's ownership percentage of our outstanding common stock would increase to _____ %.

No prior market exists for the rights.

The rights are a new issue of securities with no established trading market. The rights are transferable until the close of business on the last trading day before the expiration of the rights offering. Unless exercised, the rights they will cease to have any value following the expiration date. Although we anticipate that the rights will be eligible to trade on the NYSE from the commencement date of the rights offering until the close of business on the last trading day before the expiration of the rights offering, we can give no assurance that a market for the rights will develop or, if a market does develop, as to how long it will continue or at what prices the rights will trade.

The exercise price was determined by our board of directors after consideration of a number of factors and is not necessarily an indication of our value or the value of our common stock.

Each right entitles its holder to purchase one share of our common stock at an exercise price of \$40.00. Our board of directors determined that the exercise price should be designed to provide an incentive to our current stockholders to exercise their rights. Following negotiations with Berkshire Hathaway, the backstop purchaser, and after considering, among other things, the exercise price necessary to obtain a backstop commitment, our board of directors determined that the exercise price for rights distributed pursuant to the rights offering should be \$40.00. This exercise price was not intended to bear any relationship to the historical price of our common stock or our past or future operations, cash flows, net income, current financial condition, the book value of our assets or any other established criteria for value. As a result, the exercise price should not be considered an indication of the actual value of our company or of our common stock.

The price of our common stock may decline before or after the expiration of the rights offering.

We cannot assure you that the public trading market price of our common stock will not decline below the exercise price after you elect to exercise your rights. If that occurs and you do not withdraw your exercise prior to the deadline for withdrawal, you will have committed to buy shares at a price above the prevailing market price, and

Table of Contents

you will suffer an immediate unrealized loss on those shares as a result. Moreover, we cannot assure you that following the exercise of rights you will be able to sell your shares at a price equal to or greater than the exercise price.

We may terminate the rights offering at any time prior to the expiration of the offer period, and neither we nor the rights agent will have any obligation to you except to return your exercise payments.

We may, in our sole discretion, decide not to continue with the rights offering or terminate the rights offering prior to the expiration of the offer period. If the rights offering is terminated, the rights agent will return as soon as possible all exercise payments, without interest.

Following the deadline for withdrawal, your exercise of rights may not be revoked.

Once you have exercised your rights, you may withdraw your exercise at any time prior to the deadline for withdrawal, but not thereafter, subject to applicable law. The deadline for withdrawal is 5:00 p.m., New York City time, on the business day prior to the expiration date of the rights offering. Unless the rights offering is extended, we expect that the deadline for withdrawal will be on _____, 2006. Following the deadline for withdrawal, your exercise may not be revoked in whole or in part for any reason, including a decline in our common stock price, even if we have not already issued the shares to you. Therefore, even if circumstances arise after you have exercised your rights pursuant to the rights offering that change your mind about investing in our common stock, you will nonetheless be legally bound to proceed.

You must act promptly and follow instructions carefully if you want to exercise your rights.

Eligible participants and, if applicable, brokers, banks or other nominees acting on their behalf, who desire to purchase common stock in the rights offering must act promptly to ensure that all required certificates and payments are actually received by the rights agent, Computershare Trust Company of New York, prior to the expiration of the rights offering. The time period to exercise rights is limited. If you or your broker fails to complete and sign the required rights certificate, sends an incorrect payment amount or otherwise fails to follow the procedures that apply to the exercise of your rights, we may, depending on the circumstances, reject your exercise of rights or accept it only to the extent of the payment received. Neither we nor the rights agent undertakes to contact you concerning, or attempt to correct, an incomplete or incorrect rights certificate or payment or contact you concerning whether a broker, bank or other nominee holds rights on your behalf. We have the sole discretion to determine whether an exercise properly follows the procedures that apply to the exercise of your rights.

If you elect to exercise your rights, your proposed acquisition of common stock may be subject to notification obligations under the Hart-Scott-Rodino Act of 1976.

If as a result of exercising your rights you would hold shares of our common stock worth in excess of \$56.7 million, your proposed acquisition may trigger notification obligations under the Hart-Scott-Rodino Act of 1976, or the HSR Act, and all waiting periods under the HSR Act will need to have expired or otherwise been terminated before we can satisfy your exercise of rights. There can be no guarantee that the Federal Trade Commission and U.S. Department of Justice will allow the waiting periods to expire or terminate. You may consider seeking advice of legal counsel to determine the applicability of the HSR Act to your rights.

INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents it incorporates by reference contain statements that are not historical fact and constitute forward-looking statements related to management's expectations about future conditions. When we use words like believe, expect, anticipate, intend, plan, estimate, may, will, should or similar expressions, or the negative of these terms, or when we discuss our strategy or plans, we are making forward-looking statements.

Forward-looking statements are not guarantees of future results, levels of activity, performance or achievements. They involve known and unknown risks, uncertainties, assumptions and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by the forward-looking statements. These risks, uncertainties, assumptions and factors include, among other things:

the effects of our Chapter 11 reorganization and our obligations under the plan of reorganization;

our obligations that remain after we emerge from our Chapter 11 reorganization;

actual business, market or other conditions affecting our sales and profitability or other results;

economic conditions such as the levels of construction activity, employment levels, interest rates, currency exchange rates and consumer confidence;

competitive conditions such as price and product competition;

shortages in raw materials;

increases in raw material, energy and employee benefit costs;

the loss of one or more major customers;

the unpredictable effects of acts of terrorism or war upon domestic and international economies and financial markets; and

the other risk factors listed from time to time by us in documents and reports filed with the SEC.

These risks and uncertainties are discussed in more detail under **Risk Factors** in this prospectus, in **Risk Factors** and **Management's Discussion and Analysis of Financial Condition and Results of Operations** in our Annual Report on Form 10-K for the year ended December 31, 2005 and in the other documents on file with the SEC. You may obtain copies of these documents as described under the captions **Incorporation by Reference of Certain Documents** and **Where You Can Find More Information**.

Other factors and assumptions not identified above were also involved in the making of the forward-looking statements. The failure of those assumptions to be realized, as well as other factors, may also cause actual results to differ materially from those projected. As a result, the trading price of our common stock could decline and you could lose a part or all of your investment. We have no obligation and make no undertaking to update or revise any forward-looking information.

USE OF PROCEEDS

Our proceeds from the rights offering (including proceeds of any shares purchased pursuant to the backstop commitment) will be approximately \$ billion after payment of the \$67 million backstop commitment fee to Berkshire Hathaway Inc. and other expenses of the rights offering. We expect to use the net proceeds from the rights offering, together with other available funds, including cash on hand, to make payments contemplated by our plan of reorganization and for general corporate purposes. Our plan of reorganization obligations include the following:

payment of \$890 million in cash to the trust established under Section 524(g) of the Bankruptcy Code for asbestos personal injury claims made on the effective date of the plan;

payment of the amounts owing under the \$10 million interest-bearing promissory note issued to the Section 524(g) trust on the effective date of the plan;

payment of the amounts owing under the \$3.05 billion contingent payment note issued to the Section 524(g) trust on the effective date of the plan; and

payment of amounts totaling approximately \$1.4 billion due to unsecured creditors, including long-term debt included in liabilities subject to compromise and the related contractual interest.

The \$10 million promissory note and the \$3.05 billion contingent payment note were issued to fund the Section 524(g) trust created pursuant to the settlement reached in late January 2006 with the Official Committee of Asbestos Personal Injury Claimants and the Futures Representative to resolve the USG Debtors' present and future asbestos personal injury liabilities. The terms of the settlement were incorporated into our plan of reorganization.

The \$10 million promissory note is payable on December 31, 2006 and will bear annual interest from the effective date of the plan at a fixed rate equal to the rate of 90-day LIBOR in effect as of the effective date plus 40 basis points. The promissory note is secured by a right to own 51% of the voting stock of U.S. Gypsum.

The contingent payment note will be payable to the Section 524(g) trust depending upon whether the FAIR Act or substantially similar legislation creating a national asbestos personal injury trust fund or similar fund is enacted and made law by the Trigger Date. We estimate that the Trigger Date will occur in December 2006. With certain exceptions, if the FAIR Act or similar legislation is enacted and made law on or before the Trigger Date and is not subject to a constitutional challenge to its validity on or before 60 days after the Trigger Date, the contingent payment note will be cancelled and the USG Debtors will have no further payment obligations with respect to the Section 524(g) trust. If the FAIR Act or similar legislation is not enacted and made law by the Trigger Date, then the USG Debtors will be obligated to make payments under the \$3.05 billion contingent payment note to the Section 524(g) trust as follows:

\$1.9 billion of the contingent payment note will be payable within 30 days after the Trigger Date; and

the remaining \$1.15 billion of the contingent payment note will be payable within 180 days after the Trigger Date.

Interest on the \$1.15 billion payment will accrue from 30 days after the Trigger Date until the contingent payment note is paid in full at a fixed rate equal to the rate of 90-day LIBOR in effect as of the Trigger Date plus 40 basis points. The \$3.05 billion contingent payment note is secured by an obligation to pledge to the Section 524(g) trust shares of voting stock of one of the USG Debtors equal to 51% of the amount outstanding. The obligation to pledge those shares would be triggered by a payment default under the contingent payment note and will terminate upon payment of the first \$1.9 billion of the contingent payment note.

Edgar Filing: USG CORP - Form S-1

We had \$1.577 billion of cash, cash equivalents, restricted cash and marketable securities as of December 31, 2005. Additional payments under our plan of reorganization are expected to be funded through tax refunds of up to \$1.1 billion that we expect to receive as a result of the payments to be made to the Section 524(g) trust. If we

Table of Contents

have not received this tax refund when the final payment on the contingent payment note is due, we will likely require additional debt financing to make that payment.

DIVIDEND POLICY

We did not pay dividends on our common stock during the pendency of our bankruptcy proceedings and do not expect to pay cash dividends on our common stock in the foreseeable future. In addition, under our plan of reorganization, until the contingent payment note issued to the Section 524(g) trust on the effective date of the plan is either paid in full or cancelled, we may not declare dividends to holders of our common stock in an amount that exceeds \$150 million in the aggregate. Further, in the event we enter into additional debt financing arrangements, our ability to pay cash dividends on our common stock is likely to be restricted under those documents.

Table of Contents**THE RIGHTS OFFERING****Background of the Rights Offering**

In late January 2006, the USG Debtors, the Official Committee of Asbestos Personal Injury Claimants and the Futures Representative reached an agreement to resolve the USG Debtors' present and future asbestos personal injury liabilities and to cooperate in the confirmation of a plan of reorganization consistent with that resolution. The settlement agreement was approved by our board of directors on January 29, 2006 and was signed by the Futures Representative and each law firm representing the Official Committee of Asbestos Personal Injury Claimants and supported by the Official Committee of Unsecured Creditors and the Official Committee of Equity Security Holders. The settlement agreement did not include asbestos property damage claims.

As contemplated by the settlement agreement, on February 17, 2006, the USG Debtors filed a proposed plan of reorganization and a disclosure statement with the Bankruptcy Court incorporating the terms of the settlement agreement and addressing the treatment of other claims and interests. The Bankruptcy Court held hearings on the plan and disclosure statement on [redacted] and [redacted] and entered an order, which was affirmed by the District Court, confirming the plan on [redacted]. The plan became effective on [redacted], 2006. Pursuant to the plan, a trust was created and funded by the USG Debtors pursuant to Section 524(g) of the Bankruptcy Code, and this trust will compensate all qualifying present and future asbestos personal injury claims against the USG Debtors. The plan contains an injunction channeling all asbestos personal injury claims against the USG Debtors to the Section 524(g) trust for payment and precludes any individual or entity from bringing an asbestos personal injury claim against the USG Debtors.

The Section 524(g) trust was funded by the USG Debtors on the effective date of the plan by payment of \$890 million in cash, the issuance of an interest-bearing promissory note in the principal amount of \$10 million payable on December 31, 2006 and the issuance of a contingent payment note in the amount of \$3.05 billion. The contingent payment note will be payable to the Section 524(g) trust depending upon whether the FAIR Act or substantially similar legislation creating a national asbestos personal injury trust fund or similar fund is enacted and made law by the Trigger Date. We estimate that the Trigger Date will occur in December 2006. With certain exceptions, if the FAIR Act or similar legislation is enacted and made law on or before the Trigger Date and is not subject to a constitutional challenge to its validity on or before 60 days after the Trigger Date, the contingent payment note will be cancelled and the USG Debtors will have no further payment obligations with respect to the Section 524(g) trust. If the FAIR Act or similar legislation is not enacted and made law by the Trigger Date, then the USG Debtors will be obligated to make payments under the \$3.05 billion contingent payment note to the Section 524(g) trust as follows:

\$1.9 billion of the contingent payment note will be payable within 30 days after the Trigger Date; and

the remaining \$1.15 billion of the contingent payment note will be payable within 180 days after the Trigger Date.

If the FAIR Act or similar legislation is enacted by the Trigger Date but is subject to a constitutional challenge within 60 days of the Trigger Date, then the USG Debtors' obligations under the contingent payment note to the Section 524(g) trust would be as follows:

if the constitutional challenge results in a final, non-appealable order that the FAIR Act or similar legislation is (1) unconstitutional in its entirety or (2) unconstitutional insofar as it applies to debtors in Chapter 11 cases whose plans of reorganization had not yet been confirmed and become substantially consummated as defined in the plan of reorganization, then the USG Debtors will be obligated to make payments under the \$3.05 billion contingent payment note, with the first payment of \$1.9 billion due within 30 days after the date on which the order becomes final and non-appealable and the second payment of \$1.15 billion due within 180 days after the date on which the order becomes final and non-appealable; and

if the constitutional challenge is resolved by a final, non-appealable order in any manner other than as described above, then the \$3.05 billion contingent payment, including the right of the trust to own stock of one of the USG Debtors (as described below), will be cancelled.

Table of Contents

Interest on the \$1.15 billion payment will accrue from 30 days after the Trigger Date until the contingent payment note is paid in full at a fixed rate equal to the rate of 90-day LIBOR in effect as of the Trigger Date plus 40 basis points.

The USG Debtors are co-obligors and jointly and severally liable under both the \$10 million note and the \$3.05 billion contingent payment note, meaning that the holder of each note can recover the whole indebtedness evidenced by that note from any one of the USG Debtors. The \$10 million note is secured by 51% of the voting stock of U.S. Gypsum. The \$3.05 billion contingent payment note is secured by an obligation to pledge to the Section 524(g) trust shares of voting stock of one of the USG Debtors equal to 51% of the amount outstanding. The obligation to pledge those shares would be triggered by a payment default under the contingent payment note and will terminate upon payment of the first \$1.9 billion of the contingent payment note.

The USG Debtors' financial obligations under the plan depend upon, among other things, whether the \$3.05 billion contingent payment note becomes due. The USG Debtors expect to fund their obligations under the plan through accumulated cash, tax refunds and the proceeds of this rights offering and any purchase of shares of common stock pursuant to the backstop commitment.

In connection with the rights offering, we entered into an equity commitment agreement with Berkshire Hathaway Inc., our largest stockholder, whereby Berkshire Hathaway committed to purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. We paid the backstop purchaser a one-time, non-refundable fee of \$67 million for this commitment.

After we announced the execution of the equity commitment agreement with Berkshire Hathaway, we discussed alternative proposals with other potential backstop purchasers. We received definitive proposals from two of these alternative backstop purchasers. In light of the alternative proposals, Berkshire Hathaway agreed to lower its commitment fee from \$100 million to \$67 million. The Bankruptcy Court held a hearing regarding the Berkshire Hathaway backstop commitment and considered the terms of the alternative proposals. At the conclusion of the hearing, the Bankruptcy Court entered an order approving the Berkshire Hathaway backstop commitment. See [Certain Relationships and Related Transactions](#) – [Equity Commitment Agreement](#).

In connection with the equity commitment agreement, we and Berkshire Hathaway entered into a shareholder's agreement whereby Berkshire Hathaway agreed, among other things, that for a period of seven years following completion of the rights offering, except in limited circumstances, it will not acquire additional beneficial ownership of USG voting securities if, after giving effect to the acquisition, Berkshire Hathaway would own more than 40% of USG voting securities on a fully diluted basis (or such higher percentage of voting securities that Berkshire Hathaway will own after making any purchases required under the equity commitment agreement). The parties also entered into a registration rights agreement whereby we granted Berkshire Hathaway registration rights with respect to its shares of our common stock and the shares of our common stock held by specified affiliates of Berkshire Hathaway. See [Certain Relationships and Related Transactions](#) – [Shareholder's Agreement](#) and [Registration Rights Agreement](#).

As a result of, and immediately following, the rights offering, we intend, pursuant to the terms of outstanding stock options, to adjust the number of shares underlying the outstanding stock options and the related exercise prices to equitably account for the rights offering. The adjustment will be made in a manner that preserves the value of the outstanding stock options. In addition, as a result of the rights offering, we intend to equitably adjust the deferred stock units held by members of our board of directors pursuant to the USG Corporation Stock Compensation Program for Non-Employee Directors.

The Rights

We are distributing to stockholders of record of our common stock as of the close of business, New York City time, on _____, 2006, at no charge, one transferable right for each share of our common stock they hold on the record date. Each right entitles its holder to purchase one share of our common stock at an exercise price of \$40.00. We will issue a total of _____ shares in the rights offering and, if necessary, the subsequent purchase by Berkshire Hathaway, the backstop purchaser, of all of the shares of common stock that are not issued pursuant to the exercise of rights in the rights offering.

You are receiving a rights certificate that represents your rights. Each right entitles you to purchase one share of our common stock at an exercise price of \$40.00. This price represents a _____ % discount to the \$ _____ per share closing price of our common stock on the NYSE on the date of this prospectus.

Berkshire Hathaway, our largest stockholder, has agreed to purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. See _____ Backstop Purchaser.

Dividing Your Rights

You may request that the rights agent divide your rights certificate into parts if, for instance, you are the record holder for a number of beneficial holders of our common stock. The rights agent will not divide your rights certificate so that you would receive fractional rights.

Record Date

The record date for the rights offering, which was the date used to determine the stockholders entitled to receive rights, was _____, 2006.

Exercise Price

The exercise price is \$40.00 per share.

Expiration of the Rights Offering

The rights expire, if not previously exercised, at 5:00 p.m., New York City time, on _____, 2006, unless the exercise period is extended by us. We currently do not intend to extend the exercise period. If you choose not to fully exercise your rights, your relative ownership in us will be diluted. Rights holders who do not exercise or sell their rights prior to the expiration of the rights offering will lose any value represented by their rights. If you do not exercise your rights prior to the expiration of the rights offering, your rights will expire, and the shares of common stock into which your rights are exercisable will be purchased by Berkshire Hathaway, the backstop purchaser. We will not be required to satisfy your attempt to exercise rights if the rights agent receives your rights certificate and payment of the exercise price relating to your exercise after your rights expire, regardless of when you transmitted the documents, except when you have timely transmitted the documents under the guaranteed delivery procedures described below. We may extend the expiration date by giving oral or written notice to the rights agent and information agent prior to the scheduled expiration of the rights offering. If we elect to extend the exercise period, we will issue a press release announcing the extension no later than 9:00 a.m., New York City time, on the business day prior to the most recently announced expiration date.

Issuance of Our Common Stock

If you properly exercise your rights, you will be deemed to own the shares immediately after the expiration of the rights offering. We will issue share certificates as soon as practicable thereafter. We have the discretion to delay distribution of any shares you may elect to purchase by exercise of rights if necessary to comply with state securities laws. No interest will be paid to you on the funds you deposit with the rights agent.

Table of Contents

Backstop Purchaser

Berkshire Hathaway, our largest stockholder, is the backstop purchaser. Berkshire Hathaway beneficially owned 6,500,000 shares, or 14.56%, of our outstanding common stock on the record date for the rights offering. Berkshire Hathaway has agreed with us as part of the backstop commitment that it will purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. Berkshire Hathaway has deposited \$1.8 billion in treasury securities into an escrow account to secure performance of its obligations under the backstop commitment. Berkshire Hathaway has the right to designate that the shares it purchases pursuant to the backstop commitment be issued in the names of one or more of its subsidiaries.

Berkshire Hathaway's obligations under the backstop commitment are subject to the satisfaction of specified conditions, including the continued accuracy of representations and warranties about our company that we made to Berkshire Hathaway. Berkshire Hathaway's obligations as backstop purchaser are not, however, subject to the absence of a material adverse change in our business, financial condition or results of operations or a material deterioration in the financial markets.

If all of the rights covered by this prospectus are exercised, Berkshire Hathaway's beneficial ownership percentage will remain the same. If some of the rights are not exercised prior to the expiration of the rights offering, those rights will expire and the shares of common stock that are not issued as a result of the failure to exercise those rights will be acquired by Berkshire Hathaway. Berkshire Hathaway has agreed that, for a period of seven years following completion of the rights offering, except in limited circumstances, it will not acquire additional beneficial ownership of USG voting securities if, after giving effect to the acquisition, Berkshire Hathaway would own more than 40% of USG voting securities on a fully diluted basis (or such higher percentage of voting securities that Berkshire Hathaway will own after making any purchases required under the backstop commitment).

We obtained the backstop commitment to ensure that, subject to the conditions of the backstop commitment, all shares are either distributed in the rights offering or purchased subsequent to the offering at the same purchase price at which the rights were exercisable. Through this arrangement, we have a very high degree of certainty that we will raise gross proceeds of \$1.8 billion through the rights offering and the backstop commitment.

We paid the backstop purchaser a one-time, non-refundable fee of \$67 million for this commitment. We also agreed to pay certain of Berkshire Hathaway's costs and expenses relating to its entry into the backstop commitment and related agreements. Unless extended by us, the backstop commitment will expire if the rights offering has not been concluded prior to September 30, 2006. If the rights offering is not concluded by September 30, 2006, we may extend the obligations of the backstop purchaser under the backstop commitment until November 14, 2006 in specified circumstances, including the payment of an additional non-refundable \$6.7 million fee. See **Certain Relationships and Related Transactions** - Equity Commitment Agreement.

Exercising a Portion of Your Rights

The rights agent will hold your payment of the exercise price in a segregated account with other payments received from other rights holders until we issue your shares to you upon consummation of the rights offering.

Signature Guarantee May Be Required

Your signature on your rights certificate must be guaranteed by an eligible institution if you are exercising your rights, unless:

your rights certificate provides that shares are to be delivered to you as record holder of those rights; or

you are an eligible institution.

In addition, your signature on your rights certificate must be guaranteed by an eligible institution if you are transferring your rights to another person or withdrawing a previous exercise of your rights.

An eligible institution is a financial institution, which term includes most commercial banks, savings and loan associations and brokerage houses, that is a participant in any of the following:

the Securities Transfer Agents Medallion Program;

the New York Stock Exchange, Inc. Medallion Signature Program; or

the Stock Exchanges Medallion Program.

Notice to Nominees

If you are a broker, bank or other nominee holder who holds shares of our common stock for the account of others on the record date, you should notify the beneficial owners of the shares for whom you are the nominee and whose address is in the U.S. of the rights offering as soon as possible to learn their intentions with respect to exercising their rights. You should obtain instructions from the beneficial owner, as set forth in the instructions we have provided to you for your distribution to beneficial owners. If the beneficial owner so instructs, you should complete the appropriate rights certificate and submit it to the rights agent with the proper payment. If you hold shares of our common stock for the account(s) of more than one beneficial owner, you may exercise the number of rights to which all beneficial owners in the aggregate otherwise would have been entitled had they been direct holders of our common stock on the record date, provided that you, as a nominee record holder, make a proper showing to the rights agent by submitting the form entitled "Nominee Holder Certification" which is provided with your rights offering materials.

Beneficial Owners

If you hold shares of our common stock through a broker, bank or other nominee, you will need to have your broker, bank or other nominee act for you if you wish to exercise or sell your rights. If you wish to exercise your rights, you should complete and return to your broker, bank or other nominee the form entitled "Beneficial Owner Election Form." You should receive this form from your broker, bank or other nominee with the other rights offering materials. transactions for you. If you wish to exercise your rights, you should complete and return to your broker, bank or other nominee the form entitled Beneficial Owner Election Form. You should receive this form from your broker, bank or other nominee with the other rights offering materials.

We will not charge a brokerage commission or a fee to rights holders for exercising their rights. If you exercise your rights through a broker, bank or other nominee, however, you will be responsible for any fees charged by your broker, bank or nominee. If you sell your rights, you will be responsible for any fees relating to that sale.

Instructions for Completing Your Rights Certificate

You should read and follow the instructions accompanying the rights certificate carefully.

If you want to exercise your rights, you should send your rights certificate with the payment of the exercise price to the rights agent. Payment can also be made by wire transfer, but you still need to send your rights certificate to the rights agent. Do not send your rights certificate and exercise price payment to us or the information agent.

You are responsible for the method of delivery of your rights certificate. If you send your rights certificate by mail, we recommend that you send it by registered mail, properly insured, with return receipt requested. You should allow a sufficient number of days to ensure delivery of your rights certificate to the rights agent prior to the expiration of the rights offering.

Withdrawal of Exercise of Rights

Your exercise of rights may be validly withdrawn at any time prior to the deadline for withdrawal, but not thereafter, subject to applicable law. The deadline for withdrawal is 5:00 p.m., New York City time, on the business day prior to the expiration date of the rights offering. Unless the rights offering is extended, we expect that the deadline for withdrawal will be on _____, 2006. Following the deadline for withdrawal, your exercise of rights may not be revoked in whole or in part for any reason, including a decline in our common stock price, even if we have not already issued the shares to you. For a withdrawal to be effective, a written or facsimile transmission notice of withdrawal must be received by the rights agent prior to the deadline for withdrawal at its address set forth above under Delivery of Rights Certificate and Payment. Any notice of withdrawal must (1) specify the name of the person that exercised the rights, which exercise is to be withdrawn, (2) contain the number of rights exercised, which exercise is to be withdrawn, and (3) be signed by the holder of the rights in the same manner as the original signature on the rights certificate by which the rights were exercised (including any required signature guarantees). Any rights the exercise of which have been properly withdrawn will be deemed not to have been exercised for purposes of the rights offering.

Withdrawals of exercises of rights can be accomplished only in accordance with the foregoing procedures. Any permitted withdrawals may not be rescinded, and any rights the exercise of which have been properly withdrawn will thereafter be deemed not exercised for purposes of the rights offering; provided, however, that rights may be re-exercised by again following one of the appropriate procedures described herein at any time prior to the expiration of the rights offering.

Determinations Regarding the Exercise or Withdrawal of Exercise of Your Rights

We will decide all questions concerning the timeliness, validity, form and eligibility of your exercise or withdrawal of exercise of your rights and our determinations will be final and binding. We, in our sole discretion, may waive any defect or irregularity, or permit a defect or irregularity to be corrected within the time period as we may determine. We may reject the exercise or withdrawal of exercise of any of your rights because of any defect or irregularity in the exercise or withdrawal, and we may accept your exercise only to the extent of the payment received if you or your broker, bank or other nominee sends an incorrect payment amount. We will not receive or accept any exercise or withdrawal of exercise of rights until all irregularities have been waived by us or cured by you by the time that we decide, in our sole discretion.

Neither we nor the rights agent will be under any duty to notify you of any defect or irregularity in connection with the submission of your rights certificate or notice of withdrawal, as the case may be, and we will not be liable for failure to notify you of any defect or irregularity. We reserve the right to reject your exercise or

withdrawal of exercise of rights if it is not in accordance with the terms of the rights offering or in proper form. We and the rights agent will also not accept your exercise of rights or any transfer of your rights if we and the rights agent believe, in our sole discretion, that our issuance of shares of our common stock to you could be deemed unlawful under applicable law or is materially burdensome to us.

Accordingly, unless the exercise period is extended by us, the rights will be transferable until _____, 2006. You may seek to sell your rights through normal investment channels. We anticipate that the rights will be eligible to trade on the NYSE from the commencement date of the rights offering until the close of business on the last trading day before the expiration of the rights offering. The rights are a new issue of securities, however, and do not have an established trading market. We cannot give you any assurance that a market for the rights will develop or, if a market does develop, as to how long it will continue or at what prices the rights will trade. Therefore, we cannot assure you that you will be able to sell any of your rights or as to the value you may receive in a sale.

Method of Transferring Rights

You may transfer the rights evidenced by your rights certificate by endorsing the rights certificate for transfer in accordance with the instructions on the rights certificate. A portion of the rights evidenced by a single rights certificate representing full and not any fractional rights may be transferred by delivering to the rights agent a rights certificate properly endorsed for transfer, with instructions to register that portion of the rights indicated in the name of the transferee and to issue a new rights certificate to the transferee evidencing the transferred rights.

If you wish to transfer all or a portion of your rights, you should allow a sufficient amount of time prior to the expiration of the rights offering for the transfer instructions to be received and processed by the rights agent and the rights evidenced by the new rights certificates to be exercised or sold by the recipients of the rights certificates. The required time will depend upon the methods by which delivery of the rights certificates and payment are made and the number of transactions you instruct the rights agent to effect. **Please bear in mind that the rights offering period is limited.** Neither we nor the rights agent shall have any liability to a transferee or you if rights certificates or any other required documents are not received in time for exercise or sale prior to the expiration of the rights offering.

A new rights certificate will be issued to you upon the partial exercise or sale of rights. However, unless you make other arrangements with the rights agent, you must pick up your new rights certificate representing your unused rights at the rights agent's address set forth above under Delivery of Rights Certificate and Payment.

All commissions, fees and other expenses, including brokerage commissions and transfer taxes, incurred in connection with the purchase, sale or exercise of rights will be for your account, and none of these commissions, fees or expenses will be paid by us or the rights agent.

Procedures for DTC Participants

We expect that rights will be eligible for transfer through the facilities of The Depository Trust Company, or DTC, and that your exercise of your rights may also be made through the facilities of DTC. If your rights are

Table of Contents

held of record through DTC, you may exercise your rights for each beneficial holder by instructing DTC, or having your broker instruct DTC, to transfer your rights from your account to the account of the rights agent, together with certification as to the aggregate number of rights you are exercising and the exercise price for each share you are purchasing pursuant to your exercise of rights.

Extensions and Termination

The period for exercising the rights may be extended. In addition, while we have no intention of terminating the rights offering, we have reserved the right to terminate the rights offering in the event that unforeseen circumstances occur between the date of this prospectus and the scheduled expiration of the rights offering. If the rights offering is terminated, the rights agent will return as soon as practicable all exercise payments, without interest.

No Board Recommendation

Neither we nor our board of directors has made any recommendation as to whether you should exercise or sell your rights. You should make those decisions based upon your own assessment of your best interests. Some of our executive officers and board members have indicated their present intention to exercise some or all of their rights, while others may seek to sell some or all of their rights.

HSR Act Limitations

We will not be required to issue shares of our common stock to you under the rights offering if, in our opinion, you would be required to obtain prior clearance or approval from any state or federal regulatory authorities to own or control the shares and, if at the expiration of the rights offering, you have not obtained that clearance or approval. For example, if as a result of exercising your rights, you would hold shares of our common stock worth in excess of \$56.7 million, including any shares you hold presently, you and we may be required to make a filing under the HSR Act and wait for any applicable waiting periods to expire or terminate before we can satisfy your exercise of your rights.

Shareholder Rights Plans Limitations

We will not issue shares of our common stock to you pursuant to the rights offering if doing so would cause you to trigger either of our shareholder rights plans, or poison pills. We currently have two poison pills in place. One of our poison pills would be triggered if any person, other than the backstop purchaser, acquires beneficial ownership of 5% or more of our common stock. If you beneficially owned 5% or more of our common stock on January 29, 2006, you will not trigger this poison pill unless you acquire beneficial ownership of an additional 1% or more of the amount of our common stock that was outstanding on January 29, 2006. See Description of Capital Stock Shareholder Rights Plans. Your exercise of rights distributed by us to you in the rights offering will not trigger either of our poison pills. If you acquire additional rights the exercise of which would cause you to trigger either of our poison pills, we reserve the right to reject your exercise of those rights in full or we may accept your exercise of those rights only to the extent that the exercise will not trigger either of the poison pills.

Shares of Common Stock Outstanding after the Rights Offering

On the record date for the rights offering, there were _____ shares of our common stock outstanding. This number does not include shares that we are required to issue upon the exercise of outstanding stock options. Following the rights offering and the purchase by Berkshire Hathaway of shares pursuant to the backstop commitment, the number of outstanding shares of our common stock will double.

U.S. Federal Income Tax Consequences of Rights Offering

You generally should not recognize gain or loss on the receipt, exercise or lapse of your rights for U.S. federal income tax purposes. You will generally recognize gain or loss on a sale of your rights. See Certain U.S. Federal Income Tax Consequences. You should consult your tax advisor as to the particular tax consequences to you of the receipt of rights in the rights offering and the exercise, sale or other disposition or expiration of the rights, including the applicability of any federal estate or gift tax laws and any state, local or non-U.S. tax laws.

Employment Agreements

In order to assure continued availability of services of the Named Executives, we have entered into employment agreements with each of the Named Executives that have terms expiring on December 31, 2006. The employment agreements include an automatic renewal feature that renews the employment agreement for successive two-year terms unless we elect not to renew not less than 120 days before the expiration of the current term.

The employment agreements provide for minimum annual salaries at the current rate to be paid at normal pay periods and at normal intervals to the Named Executives, with the minimum annual salaries deemed increased concurrently with salary increases authorized by the compensation and organization committee of our board of directors. The employment agreements require that each Named Executive devote full attention and best efforts during the term of the agreement to the performance of assigned duties. A Named Executive discharged without cause or constructively discharged by us during the term of an employment agreement may elect to be treated as a continuing employee under the agreement, with salary continuing at the minimum rate specified in the agreement or at the rate in effect at the time of discharge, if greater, for the balance of the term of the employment agreement or for a period of two years, whichever is greater. In the event of any salary continuation, specified benefits, including rights to receive incentive bonuses under our Annual Management Incentive Program, will be continued at corresponding levels and for the same period of time. We are obligated to reimburse a Named Executive for all reasonable legal fees incurred in order to enforce an employment agreement for a right or benefit wrongfully denied by us.

Edgar Filing: USG CORP - Form S-1

If a Named Executive becomes disabled during the term of an employment agreement, compensation continues for the unexpired term of the employment agreement at the rate in effect at the inception of the disability. In the event of a Named Executive's death during the term of an employment agreement, one-half of the full rate of

Table of Contents

compensation in effect at the time of death will be paid to the Named Executive's beneficiary for the remainder of the unexpired term of the employment agreement.

Each Named Executive has undertaken, during the term of his or her employment agreement and for a period of 18 months thereafter, not to (1) participate, directly or indirectly, in any enterprise that competes with us or any of our subsidiaries in any line of products in any region of the U.S. or (2) interfere in any way with the relationship between us and any of our employees or any person or entity doing business with us. Each Named Executive has also agreed to never use for personal benefit, or the benefit of others, or disclose to others any of our confidential information except as required by the performance of duties under an employment agreement with us.

Termination Compensation Agreements

We are a party to termination compensation agreements with the Named Executives that have terms expiring on December 31, 2006, with an automatic renewal feature which renews the termination compensation agreements for successive two-year terms unless we elect not to renew not less than 120 days before the expiration of the current term. A Named Executive's agreement terminates upon retirement.

The termination compensation agreements provide specified benefits in the event of a change in control and termination of employment within three years thereafter or prior to the Named Executive attaining age 65, whichever is earlier, but only if the termination occurs under one of several sets of identified circumstances. Identified circumstances include termination by us other than for cause and termination by the Named Executive for good reason. Each change in control will begin a new three-year period for the foregoing purposes. Under the agreements: (1) a change in control is deemed to have occurred, in general, if any person or group of persons acquires beneficial ownership of 20% or more of the combined voting power of our then outstanding voting securities, if there is a change in a majority of the members of our board of directors within a two-year period and in specified other events, (2) the term cause is defined as, in general, the willful and continued failure by the Named Executive substantially to perform his or her duties after a demand for substantial performance has been delivered or the willful engaging of the Named Executive in misconduct which is materially injurious to us, and (3) good reason for termination by a Named Executive means, in general, termination subsequent to a change in control based on specified changes in the Named Executive's duties, responsibilities, titles, offices or office location, compensation levels and benefit levels or participation.

The benefits include payment of full base salary through the date of termination at the rate in effect at the time of notice of termination, payment of any unpaid bonus for a past fiscal year and pro rata payment of bonus for the then current fiscal year, and continuation through the date of termination of all stock ownership, purchase and option plans and insurance and other benefit plans. In the event of a termination giving rise to benefits under the agreements, the applicable Named Executive will be entitled to payment of a lump sum amount equal to 2.99 times the sum of (1) the then-annual base salary, computed at 12 times the then-current monthly pay, and (2) the full-year position par bonus for the then current fiscal year, subject to all applicable federal and state income taxes. In the event a lump-sum payment would constitute a parachute payment under the Internal Revenue Code, it may be decreased by the smallest amount that would eliminate the parachute payment unless the decrease would be 10% or more of the payment, in which case it shall not be decreased but rather increased by a gross-up amount to provide for applicable federal excise taxes related to that payment. We are required to maintain in full force and effect until the earlier of (1) three years after the date of any termination that gives rise to benefits under any of the agreements, and (2) commencement by the Named Executive of full-time employment with a new employer, all employee welfare plans and arrangements in which the Named Executive was entitled to participate immediately prior to termination in a manner which would give rise to benefits under the agreements, provided that if participation is barred, we will be obligated to provide substantially similar benefits. In the event of any termination giving rise to benefits under the agreements, we are required to credit the applicable Named Executive with three years of benefit and credited service in addition to the total number of years of benefit and credited service the Named Executive accrued under the USG Corporation Retirement Plan. See Retirement Plans. A Named Executive with a total of less than five years of credited service following this crediting will nonetheless be treated as if fully vested under that USG Corporation Retirement Plan, but with benefits calculated solely on the basis of total benefit service.

We are obligated to reimburse all legal fees and expenses incurred by a Named Executive as a result of a termination that gives rise to benefits under an agreement, including all fees and expenses incurred in contesting or

Table of Contents

disputing the termination or in seeking to obtain or enforce any right or benefit provided under the agreement. No amounts are payable under the agreements if the Named Executive's employment is terminated by us for cause or if the Named Executive terminates employment other than for good reason.

Immediately upon any change in control, we will establish a so-called rabbi trust to provide a source of payment for benefits payable under the agreements and will immediately thereafter deposit with the trustee under the trust an amount reasonably estimated to be potentially payable under all of the agreements. In the event that the assets of the trust prove insufficient to provide for benefits payable under the agreements, the shortfall would be paid directly by us from our general assets.

Chapter 11 Related Compensation Plans

On June 21, 2004, the Bankruptcy Court approved our request for authority to continue (1) a revised key employee retention plan, referred to as the Key Employee Retention Plan, and (2) a severance plan for senior executives, referred to as the Senior Executive Severance Plan. These two plans were designed to provide key employees, including the Named Executives, with competitive financial incentives to remain in their current positions with us or our subsidiaries through the conclusion of the Chapter 11 cases and to assume the additional administrative and operational burdens imposed by the Chapter 11 cases. As discussed below, both plans have been terminated.

Key Employee Retention Plan/Corporate Performance Plan

The Key Employee Retention Plan entitled eligible employees to a cash payment equal to a specified percentage of their annual base salary payable in semi-annual installments in return for continued employment with us or our subsidiaries. To be eligible for a retention payment, a participant must have been an employee in good standing on the last day of the semi-annual period. The final two retention awards were subject to adjustment upward (by a maximum of 25%) or downward (to a minimum of zero) based on corporate performance as measured by net earnings.

The Bankruptcy Court granted authority to implement the plan for a period up to the earlier of (1) emergence from bankruptcy, or (2) the termination date of December 31, 2005, with a portion of the payments deferred to June 30 and paid in July 2006. At its termination on December 31, 2005, the Key Employee Retention Plan covered approximately 230 employees, including the Named Executives.

On January 10, 2006, the Bankruptcy Court entered an order approving the USG Corporation 2006 Corporate Performance Plan, referred to as the CPP. The CPP provided eligible participants with a cash payment equal to a specified percentage of their annual base salary. To be eligible to participate in the CPP, a person must have been employed by us or one of our participating subsidiaries in a key position identified as eligible. To be eligible for payment of an award for any period, the participant must have continued to be an employee in good standing on the last day of the applicable period. The CPP was effective January 1, 2006 through and including the effective date of our plan of reorganization.

Senior Executive Severance Plan

The Senior Executive Severance Plan established severance benefits for participants in the event of involuntary termination, without cause, on or prior to the effective date of our plan of reorganization.

The Senior Executive Severance Plan, which established severance benefits for approximately 15 senior executives, including the Named Executives, provided that senior executives who suffer an employment loss may elect one of two options: (1) we provide the senior executive with base salary and par incentive under the annual management incentive program, continuing welfare benefits and certain stock option benefits for 24 months, or (2) within 30 days of receipt of a signed general release, we pay the senior executive a lump sum calculated as follows: (a) a lump-sum payment to the executive in an amount equal to one and one-half weeks of base salary for each full year of continuous service with us or our subsidiaries, subject to a minimum of two months salary, plus (b) two weeks base salary at the rate in effect immediately prior to the termination date for each full \$15,000 of annualized

Table of Contents

salary at the same rate, plus (c) a lump-sum cash payment equal to the cost of continuation of medical, vision and dental benefits.

Senior executives eligible to receive benefits under the Senior Executive Severance Plan were not eligible to receive benefits under any other severance plan, employment agreement or termination compensation agreement. The Senior Executive Severance Plan was terminated on the effective date of our plan of reorganization.

Retirement Plans

The following table shows the annual pension benefits, on a straight-life annuity basis, for retirement at normal retirement age under the terms of our contributory retirement plan, referred to as the Retirement Plan, before the applicable offset of one-half of the primary Social Security benefits at time of retirement. The table has been prepared for various compensation classifications and representative years of benefit service under the Retirement Plan. Each participating employee contributes towards the cost of his or her retirement benefit. Retirement benefits are based on the average rate of annual covered compensation during the three consecutive years of highest annual compensation in the 15 years of employment immediately preceding retirement. Participants become fully vested after five years of continuous credited service.

The Named Executives participate in the Retirement Plan. The full years of continuous credited service of the Named Executives at December 31, 2005, were as follows: Mr. Foote, 22; Mr. Fleming, 32; Mr. Bosowski, 29; Mr. Metcalf, 25 and Mr. Ferguson 18. Covered compensation under the Retirement Plan includes salary, Key Employee Retention Plan payments (prior to December 31, 2004) and cash incentive compensation for the year in which payments are made as set forth in the Summary Compensation Table above.

Pursuant to a supplemental retirement plan, we have undertaken to pay any retirement benefits otherwise payable to certain individuals, including the Named Executives, under the terms of our contributory Retirement Plan but for provisions of the Internal Revenue Code limiting amounts payable under tax-qualified retirement plans in specified circumstances. We have authorized establishment by certain individuals, including certain Named Executives, of grantor trusts owned by those individuals to hold accrued benefits under the supplemental plan as a means of assuring the security of those benefits.

Director Compensation

Directors who are not our employees currently are entitled to receive a retainer of \$15,000 per quarter plus a fee of \$1,600 for each board or board committee meeting attended, together with reimbursement for out-of-pocket expenses incurred in connection with attending meetings or other activities. A non-employee director chairing a

Table of Contents

committee is entitled to receive an additional retainer of \$2,000 per quarter for each chair. Non-employee directors also may be compensated for assisting management in planning or preparing for board and committee meetings, or other board-related projects, including directors' education, at the rate of \$1,600 for each day's involvement. Non-employee directors also received an annual grant of 500 shares of common stock (prorated in the event of less than one year's service) on July 1 each year through July 1, 2005. Directors were allowed to elect to defer the annual stock grant in the form of deferred stock units which increase or decrease in value in direct relation to the market value of shares of our common stock and are paid in cash upon termination of board service. For the period commencing on July 1, 2005, the annual grant of 500 shares of common stock was replaced by a \$30,000 annual grant, payable in cash or common stock in an equivalent value. If a director elects payment in common stock, the shares may be deferred into deferred stock units. No deferral election may be made for the grant to be paid on July 1, 2006, but thereafter the annual grants will be subject to deferral elections. None of our directors has received compensation for serving as a director while also serving as an officer or other employee of us or any of our subsidiaries. Thus Mr. Foote receives no added compensation for serving as a director.

Compensation and Organization Committee Report on Executive Compensation

The compensation and organization committee of our board of directors, which is composed entirely of independent directors, has overall responsibility for our executive compensation programs. The committee approves the policy and design of all compensation plans covering executive officers and approves performance goals, position values, base salary ranges and increases, incentive opportunity awards and payouts, stock-based awards and related executive compensation programs. The charter of the compensation and organization committee may be found at www.usg.com.

Our executive compensation strategy has been designed to reward executives that lead us in achieving our financial and strategic business objectives. Accordingly, executive compensation programs are designed to promote the linkage of pay to corporate performance and the alignment of the interests of our executives with those of our stockholders. This philosophy encompasses the following guiding principles:

1. A significant portion of the total compensation opportunity is variable and dependent upon our operating and financial performance.
2. Compensation programs are designed to drive and reinforce the attainment of short-term operational objectives through annual incentive cash awards. Compensation levels are increased when established performance goals are exceeded and reduced when established targets are not achieved.
3. The programs provide overall compensation opportunities that are at competitive levels with comparably sized industrial companies.
4. The components of our executive compensation program have in general comprised base salary, annual incentive cash awards, long-term equity program and benefits and perquisites. With the filing of the Chapter 11 cases, we added the Key Employee Retention Plan to replace the long-term equity program as a compensation device during Chapter 11 and to assure retention of management over the longer term.

Except for corporate officers, salary ranges are established each year. The amount of individual salary increases vary based upon performance rating and contribution, current salary relative to midpoint for the established salary range and the annual salary budget allotment. We use market rates as a guide in determining the compensation levels for our officer positions. Key elements in this approach include:

A market pricing analysis for each officer position is prepared by Hewitt Associates. This process utilizes a custom peer group of 27 companies that are similar in size and/or industry to us. Our positions are compared to the median compensation levels of similar positions in this peer group to determine external competitiveness.

A market rate for salary, incentive target opportunity, long term incentive opportunity and benefits and perquisites is established by us for each assignment which is at, below or slightly above the market comparison based upon relevant USG considerations (i.e., each officer position's impact, size, scope, or dimensions).

Consideration of individual pay factors, such as experience, performance and time in position may warrant paying above or below the market rate.

Table of Contents***Annual Incentive Cash Awards***

Our executive officers are eligible for annual incentive cash awards under the provisions of the Annual Management Incentive Program. Approximately 275 officers and managers with position values above a specified threshold were eligible to participate in the program in 2005. Half of the participant's target award is based on strategic focus targets, with an award adjustment factor ranging from 0.5 (after achieving the minimum threshold performance level) to 2.0 for maximum attainment. Half of the target award is based on corporate net earnings, subject to potential adjustments for certain significant non-operational charges. A percentage of earnings fund a pool from which awards based on corporate net earnings are paid. As earnings increase, the proportion of earnings allocated to the pool decreases. Participants receive a share of earnings proportionate to their par award. The committee reviews strategic focus targets and corporate earnings attainments and awards are approved by the committee following certification of goal attainment. The maximum potential payout to a participant under the entire program is two times the participant's base salary.

Long-Term Equity Program

As a method of providing enhanced retention value for the long-term equity program and before development of the Key Employee Retention Plan for this purpose, we have in the past made restricted stock grants to select managers and executives for retention and motivational purposes during the succeeding several years; however, no time-vested or performance based restricted shares or non-qualified stock options have been granted to any executive or senior manager since 2001.

Key Employee Retention Plan/Corporate Performance Plan

We adopted the Key Employee Retention Plan in 2001 to achieve the primary goal of preservation and enhancement of enterprise value by keeping employees focused on their jobs and minimizing the loss of key managers. The Key Employee Retention Plan was in place up to December 31, 2005 (with a portion of the annual deferral to be paid in July 2006). At December 31, 2005, the Key Employee Retention Plan covered approximately 230 employees, including the Named Executives.

On January 10, 2006, the Bankruptcy Court entered an order approving the CPP. The CPP provided eligible participants with a cash payment equal to a specified percentage of their annual base salary. To be eligible to participate in the CPP, a person must have been employed by us or one of our participating subsidiaries in a key position identified as eligible. To be eligible for payment of an award for any period, the participant must have continued to be an employee in good standing on the last day of the applicable period. The CPP was effective January 1, 2006 through and including the effective date of our plan of reorganization.

Limitations on Compensation Deductibility

The primary objective of our compensation programs is to maximize the value of our businesses by encouraging and rewarding superior operating performance. The committee has reviewed the effect on our executive compensation programs of certain provisions of the Internal Revenue Code. These provisions limit the deductibility of compensation in excess of \$1 million that is not deemed performance-based paid in any year to the Chief Executive Officer and four other most highly compensated executive officers for that year. Regular salaries, Key Employee Retention Plan payments, time-vested restricted stock awards and annual incentive cash awards earned by the Named Executives do not qualify as performance-based under the applicable provisions of the Internal Revenue Code. Compensation to the Named Executives in connection with exercises of stock options or shares earned under any award of performance-based stock would meet the requirements for deductibility under the Internal Revenue Code.

Table of Contents

The Chief Executive Officer's 2005 Compensation

In 2005, compensation for William C. Foote consisted principally of salary of \$995,000, an annual incentive plan payment of \$1,387,130 and a Key Employee Retention Plan payment of \$1,550,586.

Base Salary

Mr. Foote's 2005 annual base salary of \$995,000 was established by the committee in February 2005. In determining his base salary at that time, the committee considered the base salaries of chief executive officers of comparably sized industrial companies. In addition, the committee considered our operating performance and Mr. Foote's tenure and individual performance as Chief Executive Officer, including execution of the principal executive assignments and leadership in development of strategic and financial plans and legal affairs.

Annual Management Incentive Plan

Mr. Foote's 2005 Annual Management Incentive Program award was determined on the basis of our overall achievement versus previously determined factors described earlier in this report. Mr. Foote's 2005 annual incentive opportunity was expressed as 90%, or \$895,000, of the annualized salary for his position as discussed above. The corporate goal achievement, and leadership and contribution goals achievement, for 2005 resulted in an award of \$1,387,130.

Long-Term Compensation

Mr. Foote did not receive any long-term compensation in 2005 other than the payments under the Key Employee Retention Plan described below. He did, however, exercise options granted prior to 2002, as presented in the Aggregated Option/SAR Exercises In Last Fiscal Year and Fiscal Year-End Option/SAR Values table above. The exercises added \$3,859,972 to his income in 2005.

Key Employee Retention Plan

An objective of our compensation strategy is to maintain and enhance enterprise value by keeping employees focused on their jobs and minimizing the loss of key managers. In line with this objective, Mr. Foote's long-term compensation for 2005 will consist of Key Employee Retention Plan payments. The payments for 2005 were \$1,550,586.

The committee believes that our executive compensation program effectively compensates our executives who contribute to our success. The committee intends to continue the policy of linking a portion of executive compensation to corporate performance and will monitor the effectiveness of the program and institute changes as it deems appropriate to promote policy goals.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have entered into several transactions with related parties as described below. We have filed copies of these agreements described in this section with the SEC as part of our registration statement of which this prospectus is a part. See [Where You Can Find More Information](#) for information on how to obtain a copy of each of these agreements.

Equity Commitment Agreement

In connection with the rights offering, we entered into an equity commitment agreement with Berkshire Hathaway Inc., our largest stockholder, whereby Berkshire Hathaway committed to purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. We paid the backstop purchaser a one-time, non-refundable fee of \$67 million for this commitment. We also agreed to pay certain of Berkshire Hathaway's costs and expenses relating to its entry into the backstop commitment and related agreements.

After we announced the execution of the equity commitment agreement with Berkshire Hathaway, we discussed alternative proposals with other potential backstop purchasers. We received definitive proposals from two of these alternative backstop purchasers. In light of the alternative proposals, Berkshire Hathaway agreed to lower its commitment fee from \$100 million to \$67 million. The Bankruptcy Court held a hearing regarding the Berkshire Hathaway backstop commitment and considered the terms of the alternative proposals. At the conclusion of the hearing, the Bankruptcy Court entered an order approving the Berkshire Hathaway backstop commitment. Under the terms of the equity commitment agreement, Berkshire Hathaway deposited \$1.8 billion in treasury securities into an escrow account to secure performance of its obligations under the agreement. Amounts remaining in the escrow account after performance by Berkshire Hathaway of its obligations under the backstop commitment will be returned to Berkshire Hathaway.

Berkshire Hathaway's commitment to purchase shares of common stock that are not otherwise issued pursuant to the exercise of rights in the rights offering expires on September 30, 2006, subject to extension to November 14, 2006 in specified circumstances, including the payment of an additional non-refundable \$6.7 million fee.

Shareholder's Agreement

In connection with the equity commitment agreement, we and Berkshire Hathaway entered into a shareholder's agreement whereby Berkshire Hathaway agreed, among other things, that for a period of seven years following completion of the rights offering, except in limited circumstances, it will not acquire additional beneficial ownership of USG voting securities if, after giving effect to the acquisition, Berkshire Hathaway would own more than 40% of USG voting securities on a fully diluted basis (or such higher percentage of voting securities that Berkshire Hathaway will own after making any purchases required under the equity commitment agreement described above). Berkshire Hathaway further agreed that, during that seven-year period, it would not solicit proxies with respect to our securities or submit a proposal or offer involving a merger, acquisition or other extraordinary transaction unless the proposal or offer is (1) requested by our board of directors or (2) made to our board of directors confidentially, is conditioned on approval by a majority of the voting securities of USG not owned by Berkshire Hathaway and a determination by our board of directors as to its fairness to stockholders and, if the proposed transaction is not a tender offer for all shares of our common stock or an offer for our entire company, is accompanied by an undertaking to offer to acquire all shares of our common stock outstanding after completion of the transaction at the same price per share as was paid in the transaction. The shareholder's agreement also provides that, with certain exceptions, any new shares of common stock acquired by Berkshire Hathaway in excess of those owned on the date of the agreement (and shares distributed on those shares, including in the rights offering) will be voted proportionally with all voting shares. Berkshire Hathaway also agreed that if purchases or sales of our common stock by it or specified affiliates would prevent us from carrying back a net operating loss attributable to a specified payment to the Section 524(g) trust, Berkshire Hathaway will not, upon notice from us, make such purchases or sales until we have made our first payment under the contingent payment note issued to the Section 524(g) trust or we notify Berkshire Hathaway that this limitation is no longer needed.

Table of Contents

Under the shareholder s agreement, for the same seven-year period, we agreed to exempt Berkshire Hathaway from our existing or future poison pills to the extent that Berkshire Hathaway complies with the terms and conditions of the shareholder s agreement. If there is a shareholder vote on a poison pill that does not contain this agreed exemption, Berkshire Hathaway may vote without restriction all the shares it holds in a shareholder vote to approve or disapprove the proposed poison pill. We also agreed that, after the seven-year standstill period ends, during the time that Berkshire Hathaway owns our equity securities, Berkshire Hathaway will be exempted from our poison pills, except that our poison pills may require that Berkshire Hathaway does not acquire (although it may continue to hold) beneficial ownership of more than 50% of our voting securities, on a fully diluted basis, other than pursuant to an offer to acquire all shares of our common stock that is open for at least sixty calendar days.

Escrow Agreement

In connection with the equity commitment agreement, we and Berkshire Hathaway entered into an escrow agreement relating to the deposit by Berkshire Hathaway on , 2006 of \$1.8 billion in treasury securities to secure performance of its obligations under the equity commitment agreement. Pursuant to the escrow agreement, amounts remaining in the escrow account after performance by Berkshire Hathaway of its obligations under the backstop commitment will be returned to Berkshire Hathaway. The escrow agreement will terminate upon the disbursement of all escrowed funds in accordance with the terms of the agreement.

Registration Rights Agreement

In connection with the equity commitment agreement, we and Berkshire Hathaway entered into a registration rights agreement whereby Berkshire Hathaway received demand and piggyback registration rights with respect to its shares of our common stock. The registration rights agreement entitles Berkshire Hathaway and specified affiliates to make three demands for registration of all or part of the holder s or holders common stock, subject to certain conditions and exceptions. The registration rights agreement also provides that, subject to certain conditions and exceptions, if we propose to file a registration statement under the Securities Act with respect to an offering of equity securities on a form that would permit registration of shares of our common stock that are held by Berkshire Hathaway or specified affiliates, then we will offer Berkshire Hathaway and its affiliates the opportunity to register all or part of their shares on the terms and conditions set forth in the registration rights agreement.

DESCRIPTION OF CAPITAL STOCK

The total number of shares of capital stock that we have authority to issue is 236,000,000, consisting of 200,000,000 shares of common stock, par value \$0.10 per share, and 36,000,000 shares of preferred stock, par value \$1.00 per share. As of the record date, shares of common stock and no shares of preferred stock were issued and outstanding. The following summary of certain provisions of our capital stock describes all material provisions of, but does not purport to be complete and is subject to, and qualified in its entirety by, our Certificate of Incorporation and the Bylaws, each of which is included as an exhibit to the registration statement of which this prospectus is a part.

Common Stock

The issued and outstanding shares of common stock are, and the shares of common stock issuable upon exercise of the rights being offered hereby will be, upon payment therefor, validly issued, fully paid and nonassessable. Subject to the prior rights of the holders of any preferred stock, if any, the holders of outstanding shares of common stock are entitled to receive dividends out of assets legally available therefor at the times and in the amounts as our board of directors may from time to time determine. Further, under our plan of reorganization, until the contingent payment note issued to the Section 524(g) trust on the effective date of the plan is either paid in full or cancelled, we may not declare dividends to holders of our common stock in an amount that exceeds \$150 million in the aggregate. Further, in the event we enter into additional debt financing arrangements, our ability to pay cash dividends on our common stock is likely to be restricted under those documents.

Upon liquidation, dissolution or winding up of our company, the holders of common stock are entitled to receive pro rata the assets of the company which are legally available for distribution, after payment of all debts and other liabilities and subject to the prior rights of holders of any preferred stock then outstanding. Each outstanding share of common stock is entitled to one vote on all matters submitted to a vote of stockholders. There is no

Table of Contents

cumulative voting. Holders of common stock have no conversion, preemptive or other subscription rights, and there are no redemption rights or sinking fund provisions with respect to the common stock. There is no liability for further calls or for assessments by us.

Certain Provisions of the Certificate of Incorporation and Bylaws

Our Certificate of Incorporation and Bylaws contain certain provisions that are intended to enhance the likelihood of continuity and stability in the composition of our board of directors and which may have the effect of delaying, deferring or preventing a future takeover or change in control of our company unless the takeover or change in control is approved by our board. The provisions may also render the removal of the current board and of management more difficult.

Our Certificate of Incorporation provides for three classes of directors, each of which is to be elected on a staggered basis for a term of three years. At present, the board is composed of 12 directors.

The affirmative vote or consent of at least 80% of the voting power of all of our stock entitled to vote in the election of directors is required to approve certain types of transactions with another corporation, person or entity which, directly or indirectly, owns 5% or more of the outstanding shares of any class of our stock that is entitled to vote in the election of directors. The transactions include a merger or consolidation of us or any of our subsidiaries, sale of all or substantially all of our assets or any of our subsidiaries or the sale or lease of any assets (except assets having an aggregate fair market value of less than \$10 million) in exchange for certain types of securities. Our board may render the super-majority voting requirements inapplicable by (1) approving a memorandum of understanding with the other corporation, person or entity with respect to such a transaction prior to the time that the corporation, person or entity becomes the beneficial owner of 5% or more of any class of voting stock or (2) approving such a transaction after the time that the other corporation, person or entity becomes the beneficial owner of 5% or more of any class of voting stock if a majority of the members of our board approving the transaction were duly elected and acting members of our board prior to the time that the other corporation, person or entity became the beneficial owner of 5% or more of any class of voting stock.

Any action to be taken at any annual or special meeting of our stockholders may only be taken without a meeting if a consent in writing is signed by the holders of at least 80% of the voting power entitled to vote with respect to that subject matter.

The provisions in our Certificate of Incorporation described above may only be amended by 80% of the voting power entitled to vote in the election of directors.

Future Issuance of Preferred Stock

As of the date of this prospectus, there are no shares of preferred stock issued or outstanding. Our board of directors may, without further action by our stockholders, from time to time, direct the issuance of shares of preferred stock in series and may, at the time of issuance, determine the rights, preferences and limitations of each series. Satisfaction of any dividend preferences of outstanding shares of preferred stock would reduce the amount of funds available for the payment of dividends on shares of common stock. Holders of shares of preferred stock may be entitled to receive a preference payment in the event of any liquidation, dissolution or winding-up of our company before any payment is made to the holders of shares of common stock. Under certain circumstances, the issuance of shares of preferred stock may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management. Our board of directors, without stockholder approval, may issue shares of preferred stock with voting and conversion rights which could adversely affect the holders of shares of common stock.

Certain Provisions of Delaware Law

We are governed by the provisions of Section 203 of the Delaware General Corporation Law. In general, the law prohibits a public Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. Business combination includes mergers, asset sales and other transactions resulting in a financial benefit to the stockholder. An interested

Table of Contents

stockholder is a person who, together with affiliates and associates, owns (or within three years, did own) 15% or more of the corporation's voting stock.

Shareholder Rights Plans

The rights described under this heading, commonly referred to as poison pills, are different from the rights offered in the rights offering.

On March 27, 1998, our board of directors adopted a Rights Agreement and declared a dividend of one preferred share purchase right for each outstanding share of common stock and directed that one preferred share purchase right be issued for each share of common stock issued thereafter, subject to specified limitations and exceptions. Each purchase right entitles the registered holder to purchase one one-hundredth of a share of Junior Participating Preferred Stock, Series D, at a price of \$200 per one one-hundredth of a share, subject to adjustment, following the earlier to occur of (1) the tenth day after a public announcement that a person or group has acquired beneficial ownership of 15% or more of our outstanding common stock and (2) the tenth business day (or a later date determined by the board of directors) after the commencement of a tender offer or exchange offer that would result in a person or group acquiring beneficial ownership of 15% or more of our outstanding common stock. The Rights Agreement initially was scheduled to expire on March 27, 2008.

On January 30, 2006, we amended the Rights Agreement to provide that the term Acquiring Person will not include Berkshire Hathaway (and its affiliates and associates) to the extent that Berkshire Hathaway acquires beneficial ownership of our common stock as a result of its backstop commitment. The amendment also accelerates the termination of rights issued pursuant to the Rights Agreement to 11 days after of the effectiveness of the plan of reorganization in our Chapter 11 proceedings. Accordingly, the Rights Agreement will expire on _____, 2006.

We adopted a new Reorganization Rights Plan, effective January 30, 2006. Under the Reorganization Rights Plan, if any person acquires beneficial ownership of 5% or more of our voting stock, stockholders other than the 5% triggering stockholder will have the right to purchase additional shares of our common stock at half their market price, thereby diluting the triggering stockholder. Stockholders who already own 5% or more of our common stock as of January 30, 2006, including Berkshire Hathaway, will not trigger these rights so long as they do not acquire more than an additional 1% of our voting stock, other than pursuant to proportional participation in the rights offering. The rights also will not be triggered by the beneficial ownership of our common stock by Berkshire Hathaway and its controlled affiliates during the standstill period set forth in the shareholder's agreement with Berkshire Hathaway, provided that the exemption may be lost in connection with uncured breaches of that agreement by Berkshire Hathaway. The Reorganization Rights Plan also provides that an Acquiring Person will not include Berkshire Hathaway (and specified affiliates) to the extent that Berkshire Hathaway acquires beneficial ownership of our common stock in transactions contemplated or permitted by the equity commitment agreement and the shareholder's agreement. See Certain Relationships and Related Transactions, Equity Commitment Agreement and Shareholder's Agreement.

In our shareholder's agreement with Berkshire Hathaway, we agreed that, after the standstill period set forth in the shareholder's agreement, during such time that Berkshire Hathaway owns our equity securities, Berkshire Hathaway will be exempted from our poison pills, except that our poison pills may require that Berkshire Hathaway does not acquire (although it may continue to hold) beneficial ownership of more than 50% of our voting securities, on a fully diluted basis, other than pursuant to an offer to acquire all shares of our common stock that is open for at least sixty calendar days.

The Reorganization Rights Plan will expire on December 31, 2006 or, if later, 30 days after the effectiveness of the plan of reorganization if the FAIR Act or similar legislation has not passed in the current session of Congress. However, our board of directors has the power to accelerate or extend the expiration of the rights. In addition, our board has the right, before or after the rights plans expire, to take any other actions that it determines in the exercise of its fiduciary duties to be in our best interest, which could include the adoption of a new shareholder rights plan or further amendments of the existing plans.

Limitations on Liability and Indemnification of Directors and Officers

Our Certificate of Incorporation limits the liability of directors to the fullest extent permitted by the Delaware General Corporation Law. In addition, our Bylaws and separate indemnification agreements provide that we must indemnify our directors and officers to the extent permitted by the Delaware General Corporation Law.

Transfer Agent and Registrar

The Transfer Agent and Registrar for our common stock is Computershare Investor Services LLC.

SHARES ELIGIBLE FOR FUTURE SALE

After completion of the rights offering and the purchase by Berkshire Hathaway of the shares of common stock that are not issued pursuant to the exercise of rights in the rights offering, approximately _____ shares of our common stock will be outstanding. By virtue of the registration statement of which this prospectus is a part, all of these shares will be freely tradable without restriction under the Securities Act except for any shares held at any time by any of our affiliates, as that term is defined under Rule 144 promulgated under the Securities Act. Shares of common stock purchased by Berkshire Hathaway pursuant to the backstop commitment will not immediately be freely tradable.

Rule 144

In general, under Rule 144 as currently in effect, a person who has beneficially owned shares of our common stock for at least one year would be entitled to sell within any three-month period a number of shares that does not exceed the greater of the following:

1% of the number of shares of common stock then outstanding, which will equal approximately _____ shares immediately after the rights offering and the purchase by Berkshire Hathaway of the shares of common stock that are not issued pursuant to the exercise of rights in the rights offering; and

the average weekly trading volume of the common stock on the NYSE during the four calendar weeks preceding the filing of a notice on Form 144 with respect to that sale.

Sales under Rule 144 are also subject to various manner of sale provisions and notice requirements and to the availability of current public information about us.

Under Rule 144(k), a person who is not deemed to have been one of our affiliates at any time during the 90 days preceding a sale and who has beneficially owned the shares proposed to be sold for at least two years, which two-year period includes the holding period of any prior owner other than an affiliate, is entitled to sell its shares without complying with the manner of sale, public information, volume limitation or notice provisions of Rule 144.

Registration Rights

In connection with its commitment to act as the backstop purchaser, we entered into a registration rights agreement with Berkshire Hathaway whereby Berkshire Hathaway received demand and piggyback registration rights with respect to its shares of our common stock. We have granted to Berkshire Hathaway rights to cause us, at our expense, to file registration statements under the Securities Act covering the resale of its shares of our common stock. In the registration rights agreement, we have agreed to provide customary indemnification and contribution obligations with respect to liabilities that Berkshire Hathaway may have as a selling rights holder under the registration statement. See [Certain Relationships and Related Transactions](#) Registration Rights Agreement.

We have filed a copy of the registration rights agreement with the SEC as part of the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#) for information on how to obtain a copy of the registration rights agreement.

PLAN OF DISTRIBUTION

We intend to distribute rights certificates and copies of this prospectus to those persons who were holders of our common stock on _____, 2006, the record date for the rights offering, promptly following the effective date of the registration statement of which this prospectus is a part. The rights entitle holders thereof to purchase one share of common stock for \$40.00 in cash for every right granted. Berkshire Hathaway Inc., our largest stockholder, is the backstop purchaser. Berkshire Hathaway beneficially owned 6,500,000 shares, or 14.56%, of our outstanding common stock on the record date for the rights offering. Berkshire Hathaway has agreed with us as part of the backstop commitment that it will purchase from us, at \$40.00 per share, all of the shares of common stock offered pursuant to the rights offering that are not issued pursuant to the exercise of rights in the rights offering, up to a total commitment of \$1.8 billion. We paid the backstop purchaser a one-time, non-refundable fee of \$67 million for this commitment. We also agreed to pay certain of Berkshire Hathaway's costs and expenses relating to its entry into the backstop commitment and related agreements. We are required to pay Berkshire Hathaway an additional non-refundable fee of \$6.7 million if the rights offering is not concluded by September 30, 2006 and we choose to extend Berkshire Hathaway's obligations under the backstop commitment.

We have not employed any brokers, dealers or underwriters in connection with the solicitation or exercise of rights in the rights offering and, except as discussed above, no commissions, fees or discounts will be paid in connection with the rights offering. Certain of our officers and other employees may solicit responses from you, but those officers and other employees will not receive any commissions or compensation for their services other than their normal employment compensation.

We will pay all customary fees and expenses of the rights agent and the information agent related to the rights offering, except for fees, applicable brokerage commissions, taxes and other expenses relating to the sale of rights by the rights agent, all of which will be for the account of the transferor of the rights. We also have agreed to indemnify the rights agent and the information agent from liabilities that they may incur in connection with the rights offering.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a general description of certain U.S. federal income tax consequences of the receipt of rights in the rights offering and of the exercise, sale or other disposition and expiration of those rights. This discussion is based on the Internal Revenue Code, U.S. Treasury regulations, administrative determinations and judicial decisions, all as in effect on the date of this prospectus and all subject to change, possibly with retroactive effect. This discussion does not address all aspects of U.S. federal income taxation that may be relevant to investors in light of their particular circumstances or to investors subject to special treatment under the U.S. federal income tax laws, including banks, dealers in securities, life insurance companies, tax-exempt organizations and non-U.S. persons. This discussion does not address any aspect of state, local or non-U.S. income or other tax laws.

This discussion is limited to U.S. holders who hold shares of our common stock as a capital asset. For purposes of this discussion, a U.S. holder is a holder that is for U.S. federal income tax purposes:

a citizen or resident of the U.S.;

a corporation or other entity taxable as a corporation that is organized in or under the laws of the U.S. or any political subdivision thereof;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

Each stockholder should consult its tax advisor as to the particular tax consequences to it of the receipt of rights in the rights offering and the exercise, sale or other disposition or expiration of the rights, including the applicability of any federal estate or gift tax laws and any state, local or non-U.S. tax laws.

Table of Contents

Receipt of the Rights

The distribution of the rights should be a non-taxable stock dividend under Section 305(a) of the Internal Revenue Code and we intend to treat it as such. The following discussion assumes that you will not be subject to U.S. federal income tax on the receipt of a right. Our position is not binding on the Internal Revenue Service, or IRS, or the courts, however. If our position is finally determined by the IRS or a court to be incorrect, the fair market value of the rights you receive could be taxable to you as a dividend to the extent of your pro rata share of our earnings and profits.

Tax Basis and Holding Period of the Rights

If the fair market value of the rights on the date on which they are distributed equals or exceeds 15% of the fair market value of our common stock on that date, your basis in the rights will equal the product of your basis in the common stock with respect to which you receive the rights and a fraction, the numerator of which is the fair market value of a right and the denominator of which is the fair market value of a share of our common stock plus the fair market value of a right, all on the date the rights are distributed. If the fair market value of the rights on the date on which they are distributed is less than 15% of the fair market value of our common stock on that date, your basis in the rights will be zero unless you elect to allocate basis using the formula described in the previous sentence. This election is irrevocable if made and would apply to all of the rights you receive pursuant to the rights offering.

Your holding period for the rights received in the rights offering will include your holding period for the common stock with respect to which the rights were received.

Sale or Other Disposition of the Rights

If you sell or otherwise dispose of the rights received in the rights offering, you will recognize capital gain or loss equal to the difference between the amount of cash and the fair market value of any property received and your tax basis, if any, in the rights sold or otherwise disposed of. Any capital gain or loss will be long-term capital gain or loss if your holding period for the rights, determined as described in Tax Basis and Holding Period of the Rights above, exceeds one year at the time of disposition.

Expiration of the Rights

If you allow the rights received in the rights offering to expire, you will not recognize gain or loss and your tax basis in the common stock with respect to which the rights were received will equal its tax basis before receipt of the rights.

Exercise of the Rights; Tax Basis and Holding Period of the Shares

You will not recognize any gain or loss upon the exercise of the rights received in the rights offering. The tax basis of the shares of common stock acquired through exercise of the rights will equal the sum of the exercise price for the shares, \$40.00, and your tax basis, if any, in the rights, determined as described in Tax Basis and Holding Period of the Rights above.

Your holding period for the shares of common stock acquired through the exercise of the rights will begin on the date the rights are exercised.

Information Reporting and Backup Withholding

Payments to you of proceeds from the sale of the rights received in the rights offering may be subject to information reporting to the IRS and possibly to U.S. federal backup withholding. Backup withholding will not apply if you furnish a correct taxpayer identification number (certified on IRS Form W-9) or otherwise establish that you are exempt from backup withholding. Backup withholding is not an additional tax. Amounts withheld as backup withholding may be credited against your U.S. federal income tax liability. You may obtain a refund of any excess amounts withheld under the backup withholding rules by filing the appropriate claim for refund with the IRS and furnishing any required information.

Item 14. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law, as amended (the "DGCL"), gives Delaware corporations broad powers to indemnify their present and former directors and officers and those of affiliated corporations against expenses incurred in the defense of any lawsuit to which they are made parties by reason of being or having been such directors or officers, subject to specified conditions and exclusions, gives a director or officer who successfully defends an action the right to be so indemnified and authorizes the corporation to buy directors' and officers' liability insurance. Such indemnification is not exclusive of any other right to which those indemnified may be entitled under any bylaw, agreement, vote of stockholders or otherwise.

Article VII of the registrant's Bylaws provide that the registrant (a) shall indemnify every person who is or was a director or officer of the registrant or is or was serving at the registrant's request as a director or officer of another corporation, partnership, joint venture, trust or other enterprise and (b) shall, if the board of directors so directs, indemnify any person who is or was an employee or agent of the registrant or is or was serving at the registrant's request as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise, to the extent, in the manner and subject to compliance with the applicable standards of conduct, provided by Section 145 of the DGCL as the same (or any substitute provision therefor) may be in effect from time to time. Any such indemnification shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

The registrant has procured insurance for the purpose of substantially covering its future potential liability for indemnification under Section 145 of the DGCL as discussed above and certain future potential liability of individual directors or officers incurred in their capacity as such which is not subject to indemnification.

The registrant has entered into Indemnification Agreements with each of its directors and officers. The Indemnification Agreements provide that the registrant shall indemnify and keep indemnified the indemnitee to the fullest extent authorized by Section 145 of the DGCL as it may be in effect from time to time from and against any expenses (including expenses of investigation and preparation and reasonable fees and disbursements of legal counsel, accountants and other experts), judgments, fines and amounts paid in settlement by the indemnitee in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, and whether or not the cause of action, suit or proceeding incurred before or after the date of the Indemnification Agreements. The Indemnification Agreements further provide for advancement of amounts to cover expenses incurred by the indemnitee in defending any such action, suit or proceeding subject to an

undertaking by the indemnitee to repay any expenses advanced which it is later determined he or she was not entitled to receive.

Article Eleven of the registrant's Certificate of Incorporation eliminates the personal liability of the Corporation's directors to the fullest extent permitted under Section 102(b)(7) of the DGCL. Such section permits a company's certificate of incorporation to eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director: (a) for any breach of the director's duty of loyalty to the corporation or its stockholders; (a) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (c) under Section 174 of the DGCL (which addresses director liability for unlawful payment of a dividend or unlawful stock purchase or redemption) or (d) for any transaction from which the director derived an improper personal benefit.

The undersigned registrant hereby undertakes:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.
