UNDERWRITING

We have entered into a firm commitment underwriting agreement with the underwriter. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriter, and the underwriter has agreed to purchase, 1,975,000 shares of our common stock.

The underwriting agreement is subject to a number of terms and conditions and provides that the underwriter must buy all of the shares if it buys any of them. The underwriter will sell the shares to the public when and if the underwriter buys the shares from us.

The underwriter initially will offer the shares to the public at market prices prevailing at the time of sale or at negotiated prices.

The shares of common stock are offered subject to a number of conditions, including:

receipt and acceptance of the shares by the underwriter; and

the underwriter's right to reject orders in whole or in part.

We estimate that the expenses of the offering to be paid by us will be approximately \$200,000.

We and our executive officers have entered into lock-up agreements with the underwriter. Under these agreements, subject to certain exceptions, we may not issue any new common shares, and those holders of our common shares may not, directly or indirectly, offer, sell, contract to sell, pledge or otherwise dispose of or hedge any common shares or securities convertible into or exchangeable for common shares, or publicly announce the intention to do any of the foregoing, without the prior written consent of the underwriter for a period of 60 days from the date of this prospectus supplement. Any such consent may be given at any time without public notice. In addition, during this 60 day period, we have also agreed not to file any registration statement for any common shares or any securities convertible into or exercisable or exchangeable for common shares.

We will indemnify the underwriter against various liabilities, including liabilities under the Securities Act. If we are unable to provide this indemnification, we will contribute to payments the underwriter may be required to make in respect of those liabilities.

Our common stock is listed on The Nasdaq National Market under the symbol CENT.

In connection with this offering, the underwriter may engage in activities that stabilize, maintain or otherwise affect the price of our common stock, including:

stabilizing transactions;

short sales;

syndicate covering transactions;

imposition of penalty bids; and

purchases to cover positions created by short sales.

Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of our common shares while this offering is in progress. Stabilizing transactions may include making short sales of our common shares, which involves the sale by the underwriter of a greater number of common shares than it is required to purchase in this offering, and purchasing shares from us or on the open market to cover positions created by short sales. Short sales may be covered shorts, which are short positions in an amount not greater than the underwriter's over-allotment option referred to above, or may be naked shorts, which are short positions in excess of that amount. Syndicate covering transactions involve purchases of our shares in the open market after the distribution has been completed in order to cover syndicate short positions.

S-3

Table of Contents

The underwriter may close out any covered short position by purchasing shares in the open market.

A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of the shares in the open market that could adversely affect investors who purchased shares in this offering. To the extent that the underwriter creates a naked short position, it will purchase shares in the open market to cover the position.

The underwriter also may impose a penalty bid on dealers participating in the offering. This means that the underwriter may reclaim from any dealers participating in the offering any selling concession on shares sold by it and purchased by the underwriter in stabilizing or short covering transactions.

These various activities may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result of these activities, the price of our common stock may be higher than the price that otherwise might exist in the open market. If the underwriter commences these activities, it may discontinue them at any time. The underwriter may carry out these transactions on The Nasdaq National Market, in the over-the-counter market or otherwise.

The underwriter and certain of its affiliates have provided certain commercial banking, financial advisory and investment banking services to us and our affiliates for which they received customary fees. The underwriter and certain of its affiliates may from time to time engage in future transactions with us and our affiliates and provide services to us and our affiliates in the ordinary course of their business. An affiliate of the underwriter is one of the lenders under our credit facility. This affiliate will receive approximately 8.6% of the net proceeds of the offering upon our repayment of a portion of the credit facility.

We may enter into similar agreements in the future with the underwriter or its affiliates. We believe that the agreements we have with our underwriter and its affiliates have been entered into through arms-length negotiations and are on customary terms.

LEGAL MATTERS

The validity of the securities issued hereunder will be passed upon for us by Orrick, Herrington & Sutcliffe LLP, San Francisco, California. Certain legal matters will be passed upon for the underwriter by Sidley Austin LLP, New York, New York.

The prospectus supplement may also add, update or change information contained in this prospectus. If so, the prospectus supplement should be read as superseding this prospectus. You should read this prospectus, the applicable prospectus supplement, and the additional information described below under the headings "Where You Can Find More Information" and "Certain Documents Incorporated By Reference."

RISK FACTORS

Investing in the securities to be offered pursuant to this prospectus may involve a high degree of risk. You should carefully consider the important factors set forth under the heading "Risk Factors" in the applicable supplement to this prospectus before investing in any securities that may be offered.

FORWARD-LOOKING STATEMENTS

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

Some statements and disclosures in this prospectus, including the documents incorporated by reference, are forward-looking statements. Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions, our competitive strengths and weaknesses, our business strategy and the trends we anticipate in the industry and economies in which we operate and other information that is not historical information. When used in this prospectus, the words estimates, expects, anticipates, projects, plans,

Table of Contents

intends, believes and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, our examination of historical operating trends, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them, but we cannot assure you that our expectations, beliefs and projections will be realized.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in this prospectus, including the documents incorporated by reference. Important factors that could cause our actual results to differ materially from the forward-looking statements we make in this prospectus are set forth or incorporated by reference in this prospectus, including the factors described in the section entitled Management's Discussion and Analysis of Financial Condition and Results of Operations Risk Factors in our Annual Report on Form 10-K for the fiscal year ended September 25, 2004. If any of these risks or uncertainties materialize, or if any of our underlying assumptions are incorrect, our actual results may differ significantly from the results that we express in, or imply by, any of our forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect future events or circumstances. Presently known risk factors include, but are not limited to, the following factors:

consolidation trends in the retail industry;

dependence on a few customers for a significant portion of each of our businesses;

uncertainty of our product innovations and marketing successes;

fluctuations in market prices for seeds and grains;

competition in our industries;

risks associated with our acquisition strategy;

adverse weather during the peak gardening season;

seasonality and fluctuations in our operating results and cash flow;

dependence upon our key executive officers;

potential environmental liabilities and product liability claims;

pending litigation;

costs and risks associated with Section 404 compliance; and

potential adverse impact of stock option expensing.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The table below sets forth our ratio of earnings to fixed charges for each of the periods indicated:

Fiscal Year Ended				
September 30, 2000	September 29, 2001	September 28, 2002	September 27, 2003	September 25, 2004
		3.81	3.59	4.36

For purposes of computing the ratio of earnings to fixed charges, earnings consist of income (loss) before taxes and cumulative effect of accounting change, excluding income and losses associated with equity investees and before fixed charges. Fixed charges consist of interest expense, the portion of rental expense under operating leases deemed by management to be representative of the interest factor and amortization of deferred financing costs. In the fiscal years ended September 30, 2000 and September 29, 2001, our fixed charges exceeded the sum of our earnings and fixed charges by \$10.6 million and \$9.0 million, respectively.

For the periods indicated above, we had no outstanding shares of preferred stock with required dividend payments. Therefore, the ratios of earnings to fixed charges and preferred stock dividends are identical to the ratios presented in the table above.

USE OF PROCEEDS

Unless indicated otherwise in the applicable prospectus supplement, we expect to use the net proceeds from the sale of our securities for general corporate purposes, including, but not limited to, acquisitions, repayment or refinancing of borrowings, working capital or capital expenditures. Additional information on the use of net proceeds from the sale of securities offered by this prospectus may be set forth in the prospectus supplement relating to such offering.

Overview

We may offer from time to time under this prospectus various series of debt securities, which may be senior or subordinated, including additional amounts of our outstanding 9 1/8% Senior Subordinated Notes due 2013, or 9 1/8% Notes, shares of our common stock and preferred stock, and warrants to purchase any of such securities with a total value of up to \$300,000,000, at prices and on terms to be determined by market conditions at the time of offering.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement to be attached to the front of this prospectus will describe the specific amounts, prices and other important terms of the securities that we offer. The prospectus supplement may also add to or change information contained in this prospectus. If so, the prospectus supplement should be read as superseding this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under the headings **Where You Can Find More Information** and **Certain Documents Incorporated By Reference**. For more details on the terms of the securities, you should also read the exhibits filed with our registration statement, of which this prospectus is a part.

This prospectus may not be used to offer or sell any securities unless accompanied by a prospectus supplement.

DESCRIPTION OF DEBT SECURITIES

General

We may issue debt securities from time to time in one or more distinct series, including senior debt securities, subordinated debt securities and senior subordinated debt securities, including additional amounts of our outstanding 9 1/8% Senior Subordinated Notes due 2013, or 9 1/8% Notes. This section summarizes the material terms of our senior and subordinated debt securities (other than our 9 1/8% Notes) that are common to all series of such debt securities and the material terms of our 9 1/8% Notes. Most of the financial and other terms of any series of debt securities that we offer, including our 9 1/8% Notes, will be described in the prospectus supplement to be attached to the front of this prospectus. The senior and subordinated debt securities (other than our 9 1/8% Notes) will be issued under an indenture between us and a bank or trust company which will be identified in a prospectus supplement, as trustee. Any additional 9 1/8% Notes will be issued under an indenture dated as of January 30, 2003 between us, the subsidiary guarantors named therein and Wells Fargo Bank, National Association, as trustee. The indenture for the 9 1/8% Notes, or 9 1/8% Indenture, is, and the indentures for the senior and subordinated debt securities will be, subject to and governed by the Trust Indenture Act of 1939, as amended.

Senior and Subordinated Debt Securities

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

This section is a summary of the material terms of the indentures for the senior and subordinated debt securities and does not describe every aspect of the debt securities that may be issued under these indentures. We urge you to read the indentures for the senior and subordinated debt securities, because they, and not this description, define your rights as a holder of these debt securities. Some of the definitions are repeated in this section, but for the rest you will need to read the indentures for the senior and subordinated debt securities. We have filed the forms of the indentures for the senior and subordinated debt securities as exhibits to a registration statement that we have filed with the SEC, of which this prospectus is a part. See [Where You Can Find More Information](#) and [Certain Documents Incorporated By Reference](#) for information on how to obtain copies of the indentures. This section does not include a summary of the material terms of the 9 1/8% Indenture or the 9 1/8% Notes. For a summary of the material terms of the 9 1/8% Indenture and the 9 1/8% Notes, see [1/8% Senior Subordinated Notes due 2013](#) below.

Table of Contents

We can issue an unlimited amount of debt securities under the indentures for the senior and subordinated debt securities. However, certain of our existing or future debt agreements may limit the amount of senior and subordinated debt securities we may issue. We can issue senior and subordinated debt securities from time to time and in one or more series as determined by us. In addition, we can issue senior and subordinated debt securities of any series with terms different from the terms of senior and subordinated debt securities of any other series and the terms of particular senior and subordinated debt securities within any series may differ from each other, all without the consent of the holders of previously issued series of senior and subordinated debt securities. The senior and subordinated debt securities will be unsecured obligations of our company.

Because we may issue both senior debt securities and subordinated debt securities, our references in this section to the debt securities are to each of the senior and subordinated debt securities and our references to the indenture are to each of indentures for the senior and subordinated debt securities, unless the context requires otherwise. In this section, we refer to these senior and subordinated debt securities collectively as the debt securities and we refer to the indentures for the senior and subordinated debt securities collectively as the indentures.

The applicable prospectus supplement for a series of debt securities we issue will describe, among other things, the following terms of the offered debt securities:

The title of the debt securities and whether the debt securities will be senior debt securities or subordinated debt securities.

The aggregate principal amount of the debt securities, the percentage of their principal amount at which the debt securities will be issued and the date or dates when the principal of the debt securities will be payable or how those dates will be determined.

The interest rate or rates, which may be fixed or variable, that the debt securities will bear, if any, and how the rate or rates will be determined.

The date or dates from which any interest will accrue or how the date or dates will be determined, the date or dates on which any interest will be payable, any regular record dates for these payments or how these dates will be determined and the basis on which any interest will be calculated, if other than on the basis of a 360-day year of twelve 30-day months.

Any other terms of the debt securities that are consistent with the provisions of the indentures.

For purposes of this prospectus, any reference to the payment of principal of, any premium on, or any interest on, debt securities will include additional amounts if required by the terms of such debt securities.

The indentures do not limit the amount of debt securities that we are authorized to issue from time to time. The indentures also provide that there may be more than one trustee thereunder, each for one or more series of debt securities. At a time when two or more trustees are acting under the applicable indenture, each with respect to only certain series, the term "debt securities" means the series of debt securities for which each respective trustee is acting. If there is more than one trustee under the applicable indenture, the powers and trust obligations of each trustee will apply only to the debt securities for which it is trustee. If two or more trustees are acting under the applicable indenture, then the debt securities for which each trustee is acting would be treated as if issued under separate indentures.

We may issue debt securities with terms different from those of debt securities that may already have been issued. Without the consent of the holders thereof, we may reopen a previous issue of a series of debt securities and issue additional debt securities of that series unless the reopening was restricted when that series was created.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

There is no requirement that we issue debt securities in the future under any indenture, and we may use other indentures or documentation, containing different provisions in connection with future issues of other debt securities.

We may issue the debt securities as original issue discount securities, which are debt securities, including any zero-coupon debt securities, that are issued and sold at a discount from their stated principal amount. Original issue discount securities provide that, upon acceleration of their maturity, an amount less than their principal amount will become due and payable. We will describe the U.S. federal income tax consequences and other considerations applicable to original issue discount securities in any prospectus supplement relating to them.

Conversion and Exchange

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement will explain the terms and conditions of such conversion or exchange, including:

the conversion price or exchange ratio, or the calculation method for such price or ratio;

the conversion or exchange period, or how such period will be determined;

if conversion or exchange will be mandatory or at our option or at the option of the holder;

any requirements with respect to the reservation of shares of securities for purposes of conversion;

provisions for adjustment of the conversion price or the exchange ratio; and

provisions affecting conversion or exchange in the event of the redemption of the debt securities.

Such terms may also include provisions under which the number or amount of other securities to be received by the holders of such debt securities upon conversion or exchange would be calculated according to the market price of such other securities as of a time stated in the prospectus supplement.

Form, Exchange and Transfer

The debt securities will be issued:

as registered securities; or

if so provided in the prospectus supplement, as bearer securities (unless otherwise stated in the prospectus supplement, with interest coupons attached); or

in global form, see [Legal Ownership of Securities](#) [Global Securities](#); or

in denominations that are even multiples of \$1,000, in the case of registered securities, and in even multiples of \$5,000, in the case of bearer securities, unless otherwise specified in the applicable prospectus supplement.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

You may have your registered securities divided into registered securities of smaller denominations or combined into registered securities of larger denominations, as long as the aggregate principal amount is not changed. This is called an exchange.

You may exchange or transfer registered securities of a series at the office of the trustee described in the debt securities. The trustee maintains the list of registered holders and acts as our securities registrar for registering debt securities in the names of holders and transferring debt securities. However, we may appoint another trustee to act as our securities registrar or we may act as our own securities registrar. If we designate additional securities registrars, they will be named in the prospectus supplement. We may cancel the designation of any particular securities registrar. We may also approve a change in the office through which any securities registrar acts. If provided in the prospectus supplement, you may exchange your bearer securities for registered securities of the same series so long as the total principal amount is not changed. Unless otherwise specified in the prospectus supplement, bearer securities will not be issued in exchange for registered securities.

You will not be required to pay a service charge to transfer or exchange debt securities, but you may in certain circumstances be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the transfer agent is satisfied with your proof of ownership and/or transfer documentation.

If the debt securities are redeemable and we redeem less than all of the debt securities of a particular series, we may block the transfer or exchange of debt securities for 15 days before the day we mail the notice of redemption or publish such notice (in the case of bearer securities) and ending on the day of that mailing or

Table of Contents

publication in order to freeze the list of holders to prepare the mailing. At our option, we may mail or publish such notice of redemption through an electronic medium. We may also refuse to register transfers or exchanges of debt securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Paying and Paying Agents

If you are a holder of registered securities, we will pay interest to you if you are a direct holder in the list of registered holders at the close of business on a particular day in advance of each due date for interest, even if you no longer own the security on the interest due date. That particular time and day, usually about two weeks in advance of the interest due date, is called the *Regular Record Date* and is stated in the prospectus supplement. Holders buying and selling debt securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the *Regular Record Date*. The most common manner is to adjust the sales price of the debt securities to prorate interest fairly between buyer and seller. This prorated interest amount is called *accrued interest*.

With respect to registered securities, we will pay interest, principal and any other money due on the debt securities at the place and time described in the debt securities. You must make arrangements to have your payments picked up at or wired from that place. We may also choose to pay interest by mailing checks or making wire transfers.

Street name and other indirect holders should consult their banks or brokers for information on how they will receive payments.

If bearer securities are issued, unless otherwise provided in the prospectus supplement, we will maintain an office or agency outside the United States for the payment of all amounts due on the bearer securities. If debt securities are listed on the Luxembourg Stock Exchange or any other stock exchange located outside the United States, we will maintain an office or agency for such debt securities in any city located outside the United States required by such stock exchange. The initial locations of such offices and agencies will be specified in the prospectus supplement. Unless otherwise provided in the prospectus supplement, payment of interest on any bearer securities on or before maturity will be made only against surrender of coupons for such interest installments as they mature. Unless otherwise provided in the prospectus supplement, no payment with respect to any bearer security will be made at any office or agency of our company in the United States or by check mailed to any address in the United States or by transfer to an account maintained with a bank located in the United States. Notwithstanding the foregoing, payments of principal, premium and interest, if any, on bearer securities payable in U.S. dollars may be made, at the office of our paying agent described in a prospectus supplement (but only if) payment of the full amount in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions.

Regardless of who acts as the paying agent, all money paid by us to a paying agent that remains unclaimed at the end of two years after the amount is due to registered holders will be repaid to us. After that two-year period, you may look only to us for payment and not to the trustee, any other paying agent or anyone else.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. We may also choose to act as our own paying agent. We must notify you of changes in identities of the paying agents for any particular series of debt securities.

Notices

With respect to registered securities, Central and the trustee will send notices regarding the debt securities only to registered holders, using their addresses as listed in the list of registered holders. With respect to bearer securities, Central and the trustee will give notice by publication in a newspaper of general circulation in the City

Table of Contents

of New York or in such other cities that may be specified in a prospectus supplement. At our option, we may send or publish notices through an electronic medium as specified in the applicable prospectus supplement.

Events of Default

You will have special rights if an event of default occurs in respect of the debt securities of your series and is not cured, as described later in this subsection.

The term "event of default" in respect of the debt securities of your series means any of the following:

We do not pay the principal of or any premium on a debt security of such series on its due date.

We do not pay interest on a debt security of such series within 30 days of its due date whether at maturity, upon redemption or upon acceleration.

We do not deposit any sinking fund payment in respect of debt securities of such series on its due date.

We remain in breach of a covenant in respect of debt securities of such series for 60 days after we receive a written notice of default stating we are in breach and requiring that we remedy the breach. The notice must be sent by either the trustee or holders of 25% of the principal amount of debt securities of such series.

We file for bankruptcy or certain other events in bankruptcy, insolvency or reorganization occur.

Any other event of default in respect of debt securities of such series described in the prospectus supplement occurs.

The events of default described above may be added to or modified as described in the applicable prospectus supplement. An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under an indenture. The trustee may withhold notice to the holders of debt securities of any default (except in the payment of principal or interest) if it considers such withholding of notice to be in the best interests of the holders.

Remedies if an Event of Default Occurs. If an event of default has occurred and has not been cured with respect to one or more series of debt securities, the trustee or the holders of 25% in principal amount of the debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. Only a portion of the principal is payable if the securities were issued at a discount. This is called a declaration of acceleration of maturity. If an event of default occurs because of certain events in bankruptcy, insolvency or reorganization, the principal amount of all the debt securities of that series will be automatically accelerated, without any action by the trustee or any holder. There are special notice and timing rules which apply to the acceleration of subordinated debt securities which are designed to protect the interests of holders of senior debt. A declaration of acceleration of maturity may be cancelled by the holders of at least a majority in principal amount of the debt securities of the affected series if (1) we have paid or deposited with the trustee a sum sufficient in cash to pay all principal, interest and additional amounts, if any, which have become due other than by the declaration of acceleration of maturity, (2)

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

all existing events of default, other than the nonpayment of principal or premium or interest, if any, on the debt securities of such series which have become due solely because of the acceleration, have been cured or waived and (3) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indentures at the request of the holders unless the holders offer the trustee reasonable protection from expenses and liability, called an indemnity. If reasonable indemnity is provided, the holders of a majority in principal amount of the outstanding debt securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. The trustee may refuse to follow those directions in certain circumstances. No delay or omission in exercising any right or remedy accruing upon any event of default will be treated as a waiver of such right, remedy or event of default.

Table of Contents

Before you are allowed to bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

You must give the trustee written notice that an event of default has occurred and remains uncured.

The holders of not less than 25% in principal amount of all outstanding debt securities of the relevant series must make a written request that the trustee take action because of the default and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action.

The trustee must not have taken action for 60 days after receipt of the above notice and offer of indemnity.

The holders of a majority in principal amount of the debt securities must not have given the trustee a direction inconsistent with the above notice during the 60-day period.

However, notwithstanding the conditions described above, you are entitled at any time to bring a lawsuit for the payment of money due on your debt securities on or after the due date.

Holders of a majority in principal amount of the debt securities of the affected series may waive any past defaults other than (1) the payment of principal, any premium or interest or (2) in respect of a covenant or other provision that cannot be modified or amended without the consent of each holder.

Street name and other indirect holders should consult their banks or brokers for information on how to give notice or direction or to make a request of the trustee and to make or cancel a declaration of acceleration.

Each year, we will furnish to the trustee a written statement of certain of our officers certifying that to their knowledge we are in compliance with the indentures and the debt securities, or else specifying any default.

Merger or Consolidation

Under the terms of the indentures, we are generally permitted to consolidate or merge with another entity. We are also permitted to sell all or substantially all of our assets to another entity. However, we may not take any of these actions unless all the following conditions are met:

either we will be the surviving corporation or, if we merge out of existence or sell assets, the entity into which we merge or to which we sell assets must agree to be legally responsible for the debt securities;

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

immediately after the merger or transfer of assets, no default on the debt securities can exist. A default for this purpose includes any event that would be an event of default if the requirements for giving a default notice or of having the default exist for a specific period of time were disregarded;

we must deliver certain certificates and documents to the trustee; and

we must satisfy any other requirements specified in the prospectus supplement.

Modification or Waiver

There are three types of changes we can make to the indentures and the debt securities.

Changes Requiring Approval of Each Holder. First, there are changes that cannot be made to your debt securities without the approval of each holder. Following is a list of those types of changes:

changing the stated maturity of the principal of or interest on a debt security;

reducing any amounts due on a debt security or payable upon acceleration of the maturity of a security following a default;

Table of Contents

adversely affecting any right of repayment at the holder's option;

changing the place (except as otherwise described in this prospectus) or currency of payment on a debt security;

impairing your right to sue for payment or to convert or exchange a security;

in the case of subordinated debt securities, modifying the subordination provisions in a manner that is adverse to holders of the subordinated debt securities;

in the case of senior debt securities, modifying the securities to subordinate the securities to other indebtedness;

reducing the percentage of holders of debt securities whose consent is needed to modify or amend the indentures;

reducing the percentage of holders of debt securities whose consent is needed to waive compliance with certain provisions of the indentures or to waive certain defaults;

reducing the requirements for quorum or voting with respect to the debt securities;

modifying any other aspect of the provisions of the indentures dealing with modification and waiver except to increase the voting requirements;

change in any of our obligations to pay additional amounts which are required to be paid to holders with respect to taxes imposed on such holders in certain circumstances; and

other provisions specified in the prospectus supplement.

Changes Requiring a Majority Vote. The second type of change to the indentures and the outstanding debt securities is the kind that requires a vote in favor by holders of outstanding debt securities owning a majority of the principal amount of the particular series affected. Separate votes will be needed for each series even if they are affected in the same way. Most changes fall into this category, except for clarifying changes and certain other changes that would not adversely affect holders of the outstanding debt securities in any material respect. The same vote would be required for us to obtain a waiver of all or part of certain covenants in the applicable indenture, or a waiver of a past default. However, we cannot obtain a waiver of a payment default or any other aspect of the indentures or the outstanding debt securities listed in the first category described previously under "Senior and Subordinated Debt Securities—Changes Requiring Approval of Each Holder" unless we obtain your individual consent to the waiver.

Changes Not Requiring Approval. The third type of change does not require any vote by holders of outstanding debt securities. This type is limited to clarifications; curing ambiguities, defects or inconsistencies and certain other changes that would not adversely affect holders of the outstanding debt securities in any material respect. Qualifying or maintaining the qualification of the indentures under the Trust Indenture Act does not require any vote by holders of debt securities.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

Further Details Concerning Voting. When taking a vote, we will use the following rules to decide how much principal amount to attribute to a debt security:

for original issue discount securities, we will use the principal amount that would be due and payable on the voting date if the maturity of the debt securities were accelerated to that date because of a default; and

for debt securities whose principal amount is not known (for example, because it is based on an index), we will use a special rule for that debt security described in the prospectus supplement.

Debt securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described later under Senior and Subordinated Debt Securities Defeasance Full Defeasance.

Table of Contents

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding indenture securities that are entitled to vote or take other action under the indentures.

We are not required to set a record date. If we set a record date for a vote or other action to be taken by holders of a particular series, that vote or action may be taken only by persons who are holders of outstanding securities of that series on the record date and must be taken within 180 days following the record date or another period that we may specify. We may shorten or lengthen this period from time to time.

Street name and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indentures or the debt securities or request a waiver.

Satisfaction and Discharge

The indentures will cease to be of further effect, and we will be deemed to have satisfied and discharged the indentures with respect to a particular series of debt securities, when

(1) either:

all debt securities of that series have been delivered to the trustee for cancellation; or

all debt securities of that series not previously delivered to the trustee for cancellation have become due and payable or will become due and payable at their stated maturity or on a redemption date within one year; we deposit with the trustee, in trust, funds sufficient to pay the entire indebtedness on the debt securities of that series that had not been previously delivered for cancellation, for the principal and interest to the date of the deposit (for debt securities that have become due and payable) or to the stated maturity or the redemption date, as the case may be (for debt securities that have not become due and payable); and

(2) the following conditions have been satisfied:

we have paid or caused to be paid all other sums payable under the indentures in respect of that series; and

we have delivered to the trustee an officer's certificate and opinion of counsel, each stating that all these conditions have been complied with.

Defeasance

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

The following discussion of full defeasance and covenant defeasance will be applicable to your series of debt securities only if we choose to have them apply to that series. If we choose to do so, we will state that in the applicable prospectus supplement and describe any changes to these provisions.

Full Defeasance. If there is a change in federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the debt securities, called full defeasance, if we put in place the following other arrangements for you to be repaid:

We must deposit in trust for your benefit and the benefit of all other registered holders of the debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates including, possibly, their earliest redemption date.

Under current federal tax law, the deposit and our legal release from the debt securities would likely be treated as though you surrendered your debt securities in exchange for your share of the cash and notes or bonds deposited in trust. In that event, you could recognize income, gain or loss on the debt securities you surrendered. In order for us to effect a full defeasance we must deliver to the trustee a legal opinion confirming that you will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance and that you will not be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves.

We must comply with any additional provisions set forth in the prospectus supplement.

Table of Contents

If we accomplish a full defeasance as described above, you would have to rely solely on the trust deposit for repayment on the debt securities. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent. You would also be released from any applicable subordination provisions on the subordinated debt securities described below under Senior and Subordinated Debt Securities Subordination.

Covenant Defeasance. Under current federal tax law, we can make the same type of deposit described above and be released from the restrictive covenants in the debt securities, if any. This is called covenant defeasance. In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and securities set aside in trust to repay the debt securities, and you would be released from any applicable subordination provisions on the subordinated debt securities described later under Senior and Subordinated Debt Securities Subordination. In order to achieve covenant defeasance, we must do the following:

We must deposit in trust for your benefit and the benefit of all other registered holders of the debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates.

We must deliver to the trustee a legal opinion confirming that under current federal income tax law we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves.

We must comply with any additional provisions set forth in the prospectus supplement.

If we accomplish covenant defeasance, the following provisions of the indentures and the debt securities would no longer apply unless otherwise specified:

our promises regarding conduct of our business and other matters and any other covenants applicable to the series of debt securities that will be described in the prospectus supplement; and

the definition of an event of default as a breach of such covenants that may be specified in the prospectus supplement.

If we accomplish covenant defeasance, you can still look to us for repayment of the debt securities if there were a shortfall in the trust deposit. In fact, if one of the remaining events of default occurs (such as our bankruptcy) and the debt securities become immediately due and payable, there may be such a shortfall. Depending on the event causing the default, of course, you may not be able to obtain payment of the shortfall.

In order to exercise either full defeasance or covenant defeasance, we must comply with certain conditions, and no event or condition can exist that would prevent us from making payments of principal, premium, and interest, if any, on the debt securities of such series on the date the irrevocable deposit is made or at any time during the period ending on the 91st day after the deposit date.

Ranking

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

Unless provided otherwise in the applicable prospectus supplement, the debt securities are not secured by any of our property or assets. Accordingly, your ownership of debt securities means you are one of our unsecured creditors. The senior debt securities are not subordinated to any of our other debt obligations and, therefore, they rank equally with all our other unsecured and unsubordinated indebtedness. The subordinated debt securities will rank junior to our Senior Indebtedness (as such term is defined in the subordinated indenture) and equally with all our other unsecured and subordinated debt. See Senior and Subordinated Debt Securities Subordination.

Table of Contents

Subordination

Unless the prospectus supplement provides otherwise, the following provisions will apply to the subordinated debt securities:

The payment of principal, any premium and interest on the subordinated debt securities is subordinated in right of payment to the prior payment in full of all of our Senior Indebtedness. This means that in certain circumstances where we may not be making payments on all of our debt obligations as they become due, the holders of all of our Senior Indebtedness will be entitled to receive payment in full of all amounts that are due or will become due on the Senior Indebtedness before you and the other holders of subordinated debt securities will be entitled to receive any payment or distribution (other than in the form of subordinated securities) on the subordinated debt securities. These circumstances may include the following:

We make a payment or distribute assets to creditors upon any liquidation, dissolution, winding up or reorganization of our company, or as part of an assignment or marshalling of our assets for the benefit of our creditors.

We file for bankruptcy or certain other events in bankruptcy, insolvency or similar proceedings occur.

The maturity of the subordinated debt securities is accelerated. For example, the entire principal amount of a series of subordinated debt securities may be declared to be due and payable and immediately payable or may be automatically accelerated due to an event of default as described under **Senior and Subordinated Debt Securities Events of Default**.

In addition, in general, we will not be permitted to make payments of principal, any premium or interest on the subordinated debt securities if we default in our obligation to make payments on our Senior Indebtedness and do not cure such default. We are also prohibited from making payments on subordinated debt securities if an event of default (other than a payment default) that permits the holders of Senior Indebtedness to accelerate the maturity of the Senior Indebtedness occurs and Central and the trustee have received a notice of such event of default. However, unless the Senior Indebtedness has been accelerated because of that event of default, this payment blockage notice cannot last more than 179 days.

These subordination provisions mean that if we are insolvent, a holder of Senior Indebtedness is likely to ultimately receive out of our assets more than a holder of the same amount of our subordinated debt securities, and a creditor of our company that is owed a specific amount but who owns neither our Senior Indebtedness nor our subordinated debt securities may ultimately receive less than a holder of the same amount of Senior Indebtedness and more than a holder of subordinated debt securities.

The subordinated indenture does not limit the amount of Senior Indebtedness we are permitted to have, and we may in the future incur additional Senior Indebtedness.

If this prospectus is being delivered in connection with a series of subordinated securities, the accompanying prospectus supplement or the information incorporated by reference will set forth the approximate amount of Senior Indebtedness outstanding as of a recent date.

Guarantees

A series of debt securities may be guaranteed by some of our subsidiaries, if those guarantees are provided for in the supplemental indenture relating to that series of debt securities. If guarantees are issued in connection with any debt securities, the terms of those guarantees and the names of our subsidiaries which are providing the guarantees will be identified in the applicable prospectus supplement.

The Trustee

The initial trustee under each indenture will be identified in a prospectus supplement. The trustee will also be the initial paying agent and registrar for the debt securities.

Table of Contents

The indentures provide that, except during the continuance of an event of default under the indentures, the trustee under the indentures will perform only such duties as are specifically set forth in the indentures. Under the indentures, the holders of a majority in outstanding principal amount of the debt securities will have the right to direct the time, method and place of conducting any proceeding or exercising any remedy available to the trustee under the indentures, subject to certain exceptions. If an event of default has occurred and is continuing, the trustee under the indentures will exercise such rights and powers vested in it under the indentures and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indentures and provisions of the Trust Indenture Act of 1939, as amended, incorporated by reference in the indentures contain limitations on the rights of the trustee under such indentures, should it become a creditor of our company, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee under the indentures is permitted to engage in other transactions. However, if the trustee under the indentures acquires any prohibited conflicting interest, it must eliminate the conflict or resign.

The trustee may resign or be removed with respect to one or more series of debt securities and a successor trustee may be appointed to act with respect to such series. In the event that two or more persons are acting as trustee with respect to different series of debt securities under the indentures, each such trustee shall be a trustee of a trust separate and apart from the trust administered by any other such trustee and any action described herein to be taken by the trustee may then be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee.

In the event that an entity is the trustee under both the senior indenture and the subordinated indenture, and a conflict of interest arises as a result, the trustee must resign as trustee under (1) either of the indentures or, if this does not eliminate the conflict of interest, (2) both the indentures.

9 1/8% Senior Subordinated Notes due 2013

On January 30, 2003, we issued \$150,000,000 aggregate principal amount of 9 1/8% Senior Subordinated Notes due 2013, or 9 1/8% Notes, under an indenture dated January 30, 2003, among ourselves, the Guarantors and Wells Fargo Bank, N.A., as trustee. We may issue additional 9 1/8% Notes from time to time under the indenture for the 9 1/8% Notes, or the 9 1/8% Indenture.

This section is a summary of the material terms of the 9 1/8% Indenture, and does not describe every aspect of the 9 1/8% Indenture or the 9 1/8% Notes. We urge you to read the 9 1/8% Indenture, because it, and not this description, define your rights as a holder of the 9 1/8% Notes. Because this is a summary, it does not include all of the information that is included in the 9 1/8% Indenture, including the definitions of some of the terms used below. For example, in this section we use capitalized words to signify defined terms that have been given special meaning in the 9 1/8% Indenture. We describe the meaning for only the more important terms. Wherever we refer to particular sections or defined terms, those sections or defined terms are incorporated by reference therein. We have filed the 9 1/8% Indenture as an exhibit to a registration statement that we have filed with the SEC, of which this prospectus is a part. See [Where You Can Find More Information](#) and [Certain Documents Incorporated By Reference](#) for information on how to obtain a copy of the 9 1/8% Indenture. This section does not include a summary of the material terms of the other debt securities we may offer pursuant to this prospectus. For a summary of the material terms of the indentures for the other senior and subordinated debt securities we may offer, see [Senior and Subordinated Debt Securities](#) above.

The form and terms of the 9 1/8% Notes offered by this prospectus and the 9 1/8% Notes outstanding as of the date of this prospectus will be identical. The discussion below refers to such additional 9 1/8% Notes that we may issue from time to time pursuant to this prospectus. In this section, references to Central, we, us or our and similar phrases refer solely to Central Garden & Pet Company and not its subsidiaries.

Table of Contents

The 9 1/8% Notes

The 9 1/8% Notes:

will be our general unsecured obligations;

will be subordinated in right of payment to all of our existing and future Senior Debt;

will be *pari passu* in right of payment with any of our future senior subordinated indebtedness; and

will be unconditionally guaranteed by the Guarantors.

The Guarantees

Subject to certain exceptions described below, the 9 1/8% Notes will be guaranteed by substantially all of our Subsidiaries.

Each guarantee of the 9 1/8% Notes:

will be a general unsecured obligation of the Guarantor;

will be subordinated in right of payment to all existing and future Senior Debt of the Guarantor; and

will be *pari passu* in right of payment with any future senior subordinated indebtedness of the Guarantor.

As of September 25, 2004, Central and the Guarantors had total Senior Debt of approximately \$154.0 million, and had approximately \$61.9 million of additional availability under the Credit Facilities. As indicated above and as discussed in detail below under the caption *1/8% Senior Subordinated Notes due 2013 Subordination*, payments on the *1/8% Notes* and under the guarantees of the 9 1/8% Notes will be subordinated to the payment of Senior Debt. The 9 1/8% Indenture permits us and our Subsidiaries to incur additional Senior Debt.

As of the date of this prospectus, substantially all of our Subsidiaries are Restricted Subsidiaries and will guarantee the *1/8% Notes*. However, under the circumstances described below under the subheading *1/8% Senior Subordinated Notes due 2013 Certain Covenants Designation of Restricted and Unrestricted Subsidiaries and Certain Permitted Investments*, we will be permitted to designate certain of our Subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the *1/8% Indenture* and will not guarantee the 9 1/8% Notes. In addition, the 9 1/8% Indenture permits us to designate Restricted Subsidiaries (including Guarantors) as Permitted Investments to the extent permitted under clauses (8) and (9) of the definition of such term, in which case such Restricted Subsidiaries

will not be required to be (or required to remain, as the case may be) Guarantors.

Principal, Maturity and Interest

As of the date of this prospectus, we have \$150,000,000 aggregate principal amount of 9¹/₈% Notes outstanding. We can issue an unlimited amount of additional 9¹/₈% Notes under the 9¹/₈% Indenture, subject to the covenant described below under the caption ¹/₈% Senior Subordinated Notes due 2013 Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock. All~~18~~ Notes issued under the 9¹/₈% Indenture will be treated as a single class for all purposes under the 9¹/₈% Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. We will issue 9¹/₈% Notes in denominations of \$1,000 and integral multiples of \$1,000. The 9¹/₈% Notes will mature on February 1, 2013.

Interest on the 9¹/₈% Notes will accrue at the rate of 9¹/₈% per annum and will be payable semi-annually in arrears on February 1 and August 1. We will make each interest payment to the Holders that are Holders of record on the immediately preceding January 15 and July 15.

Table of Contents

Interest on the 9¹/₈% Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a Holder of \$1.0 million or more of 9¹/₈% Notes has given wire transfer instructions to us, we will pay all principal, interest and premium and Liquidated Damages, if any, on that Holder's 9¹/₈% Notes in accordance with those instructions. All other payments on the 9¹/₈% Notes will be made at the office or agency of the paying agent and registrar unless we elect to make interest payments by check mailed to the Holders at their address set forth in the register of Holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. We may change the paying agent or registrar without prior notice to the Holders of the 9¹/₈% Notes, and Central or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange 9¹/₈% Notes in accordance with the 9¹/₈% Indenture. The registrar and the trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of 9¹/₈% Notes. Holders will be required to pay all taxes due on transfer. We are not required to transfer or exchange any 9¹/₈% Note selected for redemption. Also, we are not required to transfer or exchange any 9¹/₈% Note for a period of 15 days before a selection of 9¹/₈% Notes to be redeemed.

Subsidiary Guarantees

The Subsidiary Guarantees will be joint and several obligations of the Guarantors. Each Subsidiary Guarantee will be subordinated to the prior payment in full of all Senior Debt of that Guarantor. The obligations of each Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law.

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Central or another Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger assumes all the obligations of that Guarantor under the 9 1/8% Indenture, its Subsidiary Guarantee and the registration rights agreement pursuant to a supplemental indenture satisfactory to the trustee; or

(b) the Net Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the 9 1/8% Indenture.

The Subsidiary Guarantee of a Guarantor will be released:

(1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) our Subsidiary, if the sale or other disposition complies with the Asset Sale provisions of the 9 1/8% Indenture;

Table of Contents

(2) in connection with any sale or other disposition of Capital Stock of a Guarantor to a Person that is not (either before or after giving effect to such transaction) our Subsidiary, if the Guarantor is no longer our Subsidiary as a result of such sale or disposition and if the sale or disposition does not violate the Asset Sale or Restricted Payments provisions of the ~~11 1/8%~~ Indenture; or

(3) if we designate any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in accordance with the applicable provisions of the 9 1/8% Indenture or if we designate a Restricted Subsidiary that is a Guarantor as a Permitted Investment made pursuant to clause (8) or (9) of the definition of Permitted Investments in accordance with the applicable provisions of the ~~11 1/8%~~ Indenture.

See ~~11 1/8%~~ Senior Subordinated Notes due 2013 Repurchase at the Option of Holders Asset Sales and Certain Covenants Designation of Restricted and Unrestricted Subsidiaries and Certain Permitted Investments.

Subordination

The payment of principal, interest and premium and Liquidated Damages, if any, on the 9 1/8% Notes will be subordinated to the prior payment in full of all of our Senior Debt, including Senior Debt incurred after the date of the 9 1/8% Indenture.

In the event of any distribution to our creditors:

(1) in a liquidation or dissolution of our company;

(2) in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to us or our property;

(3) in an assignment for the benefit of creditors; or

(4) in any marshaling of our assets and liabilities;

the holders of Senior Debt will be entitled to receive payment in full of all Obligations due in respect of Senior Debt (including interest after the commencement of any bankruptcy proceeding at the rate specified in the applicable Senior Debt) before the Holders of 9 1/8% Notes will be entitled to receive any payment with respect to the 9 1/8% Notes (except that Holders of 9 1/8% Notes may receive and retain Permitted Junior Securities and payments made from the trust described under ~~11 1/8%~~ Senior Subordinated Notes due 2013 Legal Defeasance and Covenant Defeasance).

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

We also may not make any payment in respect of the 9¹/₈% Notes (except in Permitted Junior Securities or from the trust described under 1⁹% Senior Subordinated Notes due 2013 Legal Defeasance and Covenant Defeasance) if:

(1) a payment default on Designated Senior Debt occurs and is continuing beyond any applicable grace period; or

(2) any other default occurs and is continuing on any series of Designated Senior Debt that permits holders of that series of Designated Senior Debt to accelerate its maturity and the trustee and Central receive a notice of such default (a Payment Blockage Notice) from the holders of any Designated Senior Debt (or their representative).

Payments on the 9¹/₈% Notes may and will be resumed:

(1) in the case of a payment default, upon the date on which such default is cured or waived; and

(2) in the case of a nonpayment default, upon the earlier of the date on which such nonpayment default is cured or waived or 179 days after the date on which the applicable Payment Blockage Notice is received, unless the maturity of any Designated Senior Debt has been accelerated.

Table of Contents

No new Payment Blockage Notice may be delivered unless and until:

(1) 360 days have elapsed since the delivery of the immediately prior Payment Blockage Notice; and

(2) all scheduled payments of principal, interest and premium and Liquidated Damages, if any, on the 9 1/8% Notes that have come due have been paid in full in cash.

No nonpayment default that existed or was continuing on the date of delivery of any Payment Blockage Notice to the trustee will be, or be made, the basis for a subsequent Payment Blockage Notice.

If the trustee or any Holder of the 9 1/8% Notes receives a payment in respect of the 9 1/8% Notes (except in Permitted Junior Securities or from the trust described under ~~1/8%~~ Senior Subordinated Notes due 2013 Legal Defeasance and Covenant Defeasance) when:

(1) the payment is prohibited by these subordination provisions; and

(2) the trustee or the Holder has actual knowledge that the payment is prohibited

the trustee or the Holder, as the case may be, will hold the payment in trust for the benefit of the holders of Senior Debt. Upon the proper written request of the holders of Senior Debt, the trustee or the Holder, as the case may be, will deliver the amounts in trust to the holders of Senior Debt or their proper representative.

We must promptly notify holders of Senior Debt if payment of the 9 1/8% Notes is accelerated because of an Event of Default.

As a result of the subordination provisions described above, in the event of a bankruptcy, liquidation or reorganization of Central, Holders of 9 1/8% Notes may recover less ratably than our creditors who are holders of Senior Debt.

The obligations of each Guarantor under its Subsidiary Guarantee will be subordinated to the Senior Debt of that Guarantor on the same terms described above.

Optional Redemption

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

At any time prior to February 1, 2006, we may on any one or more occasions redeem up to 33% of the aggregate principal amount of 9 1/8% Notes issued under the 9 1/8% Indenture at a redemption price of 109.125% of the principal amount, plus accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, with the net cash proceeds of one or more Public Equity Offerings; *provided* that:

(1) at least 67% of the aggregate principal amount of 9 1/8% Notes issued under the 9 1/8% Indenture remains outstanding immediately after the occurrence of such redemption (excluding 9 1/8% Notes held by us and our Subsidiaries); and

(2) the redemption occurs within 60 days of the date of the closing of such Public Equity Offering.

Except pursuant to the preceding paragraph, the 9 1/8% Notes will not be redeemable at our option prior to February 1, 2008.

After February 1, 2008, we may redeem all or a part of the 9 1/8% Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Liquidated Damages, if any, on the 9 1/8% Notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on February 1 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2008	104.563%
2009	103.042%
2010	101.521%
2011 and thereafter	100.000%

Mandatory Redemption

We will not be required to make any mandatory redemption or sinking fund payments with respect to the 9 1/8% Notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each Holder of 9 1/8% Notes will have the right to require us to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000) of that Holder's 9 1/8% Notes pursuant to a Change of Control Offer on the terms set forth in the 9 1/8% Indenture. In the Change of Control Offer, we will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of 9 1/8% Notes repurchased plus accrued and unpaid interest and Liquidated Damages, if any, on the 9 1/8% Notes repurchased, to the date of purchase. Within ten days following any Change of Control, we will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase 9 1/8% Notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the 9 1/8% Indenture and described in such notice. We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the 9 1/8% Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the 9 1/8% Indenture, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control provisions of the 9 1/8% Indenture by virtue of such conflict.

On the Change of Control Payment Date, we will, to the extent lawful:

- (1) accept for payment all 9 1/8% Notes or portions of 9 1/8% Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all 9 1/8% Notes or portions of 9 1/8% Notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the 9 1/8% Notes properly accepted together with an officers' certificate stating the aggregate principal amount of 9 1/8% Notes or portions of 9 1/8% Notes being purchased by us.

The paying agent will promptly mail to each Holder of 9 1/8% Notes properly tendered the Change of Control Payment for such 9 1/8% Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new 9 1/8% Note equal in principal amount to any unpurchased portion of the 9 1/8% Notes surrendered, if any; *provided* that each new 9 1/8% Note will be in a principal amount of \$1,000 or an integral multiple of \$1,000.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

If a Change of Control Offer is made, there can be no assurance that we will have available funds sufficient to pay the purchase price for all of the 9¹/₈% Notes that might be tendered by Holders seeking to accept the Change of Control Offer. Our failure to make or consummate the Change of Control Offer or pay the applicable Change of Control purchase price when due would result in an Event of Default and would give the trustee and the Holders the rights described under ¹/₈% Senior Subordinated Notes due 2013 Events of Default and Remedies.

Our Credit Facilities provide that certain change of control events with respect to us would constitute a default thereunder and prohibit us from consummating a Change of Control Offer. Any future credit agreements or other agreements relating to Senior Debt to which we become a party may contain similar provisions. If a Change of Control occurs, we could seek a waiver of any resulting default and, if required, the consent of our

Table of Contents

lenders to the purchase of 9¹/₈% Notes or could attempt to refinance the borrowings that contains such prohibition. If we are not successful in obtaining a waiver of any change of control default and the consent of the lenders or in refinancing such borrowings, such Senior Debt will be in default, and we will remain prohibited from purchasing 9¹/₈% Notes. In such case, our failure to purchase tendered 9¹/₈% Notes would constitute an Event of Default under the 9¹/₈% Indenture, which would, in turn, also constitute a default under the Credit Facilities. In such circumstances, the subordination provisions in the 9¹/₈% Indenture would likely restrict payments to the Holders.

Prior to mailing the notice referred to above, but in any event within 90 days following a Change of Control, we will either repay all outstanding Senior Debt or obtain the requisite waivers and consents, if any, under all agreements governing outstanding Senior Debt to permit the repurchase of 9¹/₈% Notes required by this covenant. We will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require us to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the 9¹/₈% Indenture are applicable, unless a notice of redemption pursuant to the provisions described above under 9¹/₈% Senior Subordinated Notes due 2013 Optional Redemption has been given prior to the obligation to make the Change of Control Offer. Except as described above with respect to a Change of Control, the 9¹/₈% Indenture does not contain provisions that permit the Holders of the 9¹/₈% Notes to require that we repurchase or redeem the 9¹/₈% Notes in the event of a takeover, recapitalization or similar transaction.

We will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the 9¹/₈% Indenture applicable to a Change of Control Offer made by us and purchases all 9¹/₈% Notes properly tendered and not withdrawn under the Change of Control Offer.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of us and our Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of 9¹/₈% Notes to require us to repurchase its 9¹/₈% Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of us and our Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

We will not, and will not permit any of our Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Central or the Restricted Subsidiary receives consideration at the time of the Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;

(2) the fair market value (including the fair market value of any non-cash assets transferred or liabilities assumed) is determined by our Board of Directors and evidenced by a resolution of the Board of Directors set forth in an officers' certificate delivered to the trustee; and

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

(3) at least 75% of the consideration received in the Asset Sale by us or such Restricted Subsidiary is in the form of cash. For purposes of this provision, each of the following will be deemed to be cash:

(a) any liabilities, as shown on our most recent consolidated balance sheet, of us or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the 9¹/₈% Notes or any Subsidiary Guarantee) that are assumed by the transferee of any such assets and are (i) subject to a customary novation agreement that releases us or such Restricted Subsidiary from further liability with respect to any such liabilities other than accounts payable or (ii) satisfied in full within 60 days of the Asset Sale;

Table of Contents

(b) any securities, 9 1/8% Notes or other obligations received by us or any such Restricted Subsidiary from such transferee in respect of which cash is received by us or such Restricted Subsidiary within 60 days of the Asset Sale, to the extent of the cash received;

(c) in the case of the sale of all of the Equity Interests in any of our Restricted Subsidiaries, or the merger of a Restricted Subsidiary with a Person as a result of which Central and our Restricted Subsidiaries do not own any of the Equity Interests in the surviving entity of such merger, any liabilities of the Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the 9 1/8% Notes or any Subsidiary Guarantee) for which the Restricted Subsidiary or surviving entity remains liable after the Asset Sale;

(d) cash held in escrow as security for any purchase price settlement, for damages in respect of a breach of representations and warranties or covenants or for payment of other contingent obligations in connection with the Asset Sale; and

(e) up to \$25 million of non-cash consideration received from any person other than an Affiliate of us outstanding (not converted to cash) at any time.

Notwithstanding the immediately preceding paragraph, Central and its Restricted Subsidiaries will be permitted to consummate an Asset Sale without complying with such paragraph if:

(1) Central or the applicable Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or other property sold, issued or otherwise disposed of, as evidenced by a resolution of our Board of Directors set forth in an officers' certificate delivered to the trustee, and

(2) at least 75% of the consideration for such Asset Sale constitutes cash or assets that are not classified as current assets under GAAP and are used or useful in a Permitted Business;

provided that any cash received by us or any of our Restricted Subsidiaries in connection with any Asset Sale permitted to be consummated under this paragraph shall constitute Net Proceeds (to the extent not excluded from the definition of "Net Proceeds") subject to the provisions of the three succeeding paragraphs.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, Central or the Restricted Subsidiary may apply those Net Proceeds at its option to any one or more of the following:

(1) to repay Senior Debt and, if the Senior Debt repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;

(2) to acquire all or substantially all of the assets of, or a majority of the Voting Stock of, another Permitted Business;

(3) to make capital expenditures; or

(4) to acquire other assets that are not classified as current assets under GAAP and are used or useful in a Permitted Business.

Pending the final application of any Net Proceeds, Central or any Restricted Subsidiary may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the 9^{1/8}% Indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph will constitute Excess Proceeds. Within 30 days after the aggregate amount of Excess Proceeds exceeds \$10.0 million, we will make an Asset Sale Offer to all Holders of 9^{1/8}% Notes and all holders of other Indebtedness that is *pari passu* with the 9^{1/8}% Notes containing provisions similar to those set forth in the 9^{1/8}% Indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of 9^{1/8}% Notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of principal amount plus accrued and unpaid interest and Liquidated Damages, if any, to the date of purchase, and will be payable in cash. If any

Table of Contents

Excess Proceeds remain after consummation of an Asset Sale Offer, we may use those Excess Proceeds for any purpose not otherwise prohibited by the 9 1/8% Indenture. If the aggregate principal amount of 9 1/8% Notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the 9 1/8% Notes and such other *pari passu* Indebtedness to be purchased on a pro rata basis based upon the aggregate principal amount of each that was properly tendered. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

Our Credit Facilities require the consent of the lenders to most asset sales and prohibit the retirement of the 9 1/8% Notes and other indebtedness that ranks junior to such Senior Debt. Any future credit agreements or other agreements relating to Senior Debt to which we become a party may contain similar provisions or may require prepayment of such Senior Debt with all or a portion of the proceeds of such asset sales. In such case, it is likely that we would apply the net proceeds to retire Senior Debt or, to the extent permitted under such agreements, acquire assets for use in a Permitted Business.

We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of 9 1/8% Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the 9 1/8% Indenture, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Asset Sale provisions of the 9 1/8% Indenture by virtue of such conflict.

Selection and Notice

If less than all of the 9 1/8% Notes are to be redeemed at any time, the trustee will select 9 1/8% Notes for redemption as follows:

(1) if the 9 1/8% Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the 9 1/8% Notes are listed; or

(2) if the 9 1/8% Notes are not listed on any national securities exchange, on a pro rata basis, by lot or by such method as the trustee deems fair and appropriate.

In the event of a redemption pursuant to the provisions described above under ~~1/8%~~ Senior Subordinated Notes due 2013 Optional Redemption, notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of 9 1/8% Notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the 9 1/8% Notes or a satisfaction and discharge of the 9 1/8% Indenture. Notices of redemption may not be conditional.

If any 9 1/8% Note is to be redeemed in part only, the notice of redemption that relates to that 9 1/8% Note will state the portion of the principal amount of that 9 1/8% Note that is to be redeemed. A new 9 1/8% Note in principal amount equal to the unredeemed portion of the original 9 1/8% Note will be issued in the name of the Holder of 9 1/8% Notes upon cancellation of the original 9 1/8% Note. No 9 1/8% Notes can be redeemed in part if less than \$1,000 would remain outstanding.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on $9\frac{1}{8}\%$ Notes or portions of them called for redemption.

Certain Covenants

Restricted Payments

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution on account of Central's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection

with any merger or consolidation involving us or any of our Restricted Subsidiaries) or to the direct or indirect holders of Central's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of us or to us or a Restricted Subsidiary of ours);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving us) any Equity Interests of Central;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the 9 1/8% Notes or the Subsidiary Guarantees (excluding intercompany Indebtedness between or among us and our Restricted Subsidiaries), except a payment of interest (including any amount comparable to Liquidated Damages) or principal at the Stated Maturity thereof; or

(4) make any Restricted Investment (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as Restricted Payments),

unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment; and

(2) we would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption "10% Senior Subordinated Notes due 2013 Incurrence of Indebtedness and Issuance of Preferred Stock; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by us and our Restricted Subsidiaries after the date of the 9 1/8% Indenture (excluding Restricted Payments permitted by clauses (2), (3), (4), (6), (7) and (8) of the next succeeding paragraph), is less than the sum, without duplication, of:

(a) 50% of our Consolidated Net Income for the period (taken as one accounting period) from the first day of our second fiscal quarter of fiscal year 2003 to the end of our most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), *plus*

(b) 100% of the aggregate net cash proceeds received by us since the date of the 9 1/8% Indenture as a contribution to our common equity capital or from the issue or sale of Equity Interests of Central (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Central that have been converted into or exchanged for such Equity Interests (other than Equity Interests (or Disqualified Stock or debt securities) sold to a Subsidiary of ours), *plus*

(c) in the event we issue Equity Interests of Central in consideration for an acquisition by us or any of our Restricted Subsidiaries of a Person that becomes a Wholly-Owned Restricted Subsidiary of ours as a result of such acquisition or of assets that are acquired by us or a Wholly-Owned Restricted Subsidiary of ours, an amount equal to 75% of the Equity Market Value of the Equity Interests of Central so issued as of the closing of the acquisition; *plus*

(d) in the event any return of capital is realized in respect of any Restricted Investment that was made after the date of the 9¹/₈% Indenture, the lesser of (i) the cash return of capital with respect to such Restricted Investment (less any direct, out-of-pocket cost of disposition, if any) and (ii) the initial amount of such Restricted Investment less any amounts previously realized under clause (i) with respect to such Restricted Investment; *plus*

(e) to the extent that any Subsidiary that was designated as an Unrestricted Subsidiary after the date of the 9¹/₈% Indenture is redesignated as a Restricted Subsidiary, the lesser of (i) the amount of

the Investment in the Subsidiary treated as a Restricted Payment at and since the time that the Subsidiary was designated as an Unrestricted Subsidiary, as determined by the last paragraph of this covenant and (ii) the fair market value of the Investment in the Subsidiary as of the date that it is redesignated as a Restricted Subsidiary; *plus*

(f) \$10.0 million.

So long as no Default has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration of the dividend, if at the date of declaration the dividend payment would have complied with the provisions of the 9 ¹/₈% Indenture;

(2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of Central or any Guarantor or of any Equity Interests of Central in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of ours) of, Equity Interests of Central (other than Disqualified Stock); *provided* that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition will be excluded from clause (3)(b) of the preceding paragraph;

(3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of Central or any Guarantor in exchange for, or out of the net cash proceeds received from, the substantially concurrent sale of Permitted Refinancing Indebtedness;

(4) the payment of any dividend by a Restricted Subsidiary of ours to the holders of its Equity Interests on a pro rata basis and the redemption, purchase, cancellation or other retirement of Equity Interests in a Restricted Subsidiary;

(5) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Central or any Restricted Subsidiary of ours held by any member of our (or any of our Restricted Subsidiaries) management pursuant to any management equity subscription agreement, stock option agreement, stockholders agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed \$1.0 million in any twelve-month period and \$10.0 million in the aggregate;

(6) the repurchase of Equity Interests of Central or any Restricted Subsidiary of ours deemed to occur upon the exercise of stock options if such Equity Interests represent a portion of the purchase price thereof; and

(7) Restricted Payments in an aggregate amount not to exceed \$10.0 million.

The amount of all Restricted Payments (other than cash) will be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by us or such Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant will be determined by our Board of Directors whose resolution

with respect thereto will be delivered to the trustee. The Board of Directors' determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if the fair market value exceeds \$5.0 million. Not later than three business days after the date of making any Restricted Payment, we will deliver to the trustee an officers' certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments covenant were computed, together with a copy of any fairness opinion or appraisal required by the 9 1/8% Indenture.

Incurrence of Indebtedness and Issuance of Preferred Stock

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect

to (collectively, incur) any Indebtedness (including Acquired Debt), and we will not issue Disqualified Stock and will not permit any of our Restricted Subsidiaries to issue any shares of preferred stock; *provided, however*, that we may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, and our Restricted Subsidiaries that are Guarantors or Foreign Subsidiaries may incur Indebtedness or issue preferred stock, if the Fixed Charge Coverage Ratio for our most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or preferred stock is issued would have been at least 2.0 to 1, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the preferred stock or Disqualified Stock had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, Permitted Debt):

(1) the incurrence by us and any of our Restricted Subsidiaries of Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of us and our Restricted Subsidiaries thereunder) not to exceed the greater of (x) \$225.0 million *less* the aggregate amount of all Net Proceeds of Asset Sales applied by us or any of our Subsidiaries since the date of the 9 1/8% Indenture to repay any term Indebtedness under a Credit Facility or to repay any revolving credit Indebtedness under a Credit Facility and effect a corresponding commitment reduction thereunder pursuant to the covenant described above under the caption 1 1/8% Senior Subordinated Notes due 2013 Repurchase at the Option of the Holders Asset Sales or (y) the amount of the Borrowing Base as of the date of such incurrence;

(2) the incurrence by us and our Restricted Subsidiaries of Existing Indebtedness;

(3) the incurrence by us and the Guarantors of Indebtedness represented by the 9 1/8% Notes and the related Subsidiary Guarantees to be issued on the date of the 9 1/8% Indenture and the exchange 9 1/8% Notes and the related Subsidiary Guarantees to be issued pursuant to the registration rights agreement;

(4) the incurrence by us or any of our Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the 9 1/8% Indenture to be incurred under the first paragraph of this covenant or clauses (2), (3), (4) or (9) of this paragraph;

(5) the incurrence by us or any of our Restricted Subsidiaries of intercompany Indebtedness between or among us and any of our Subsidiaries; *provided, however*, that:

(a) if we or any Guarantor is the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations then due with respect to the 9 1/8% Notes, in the case of us, or the Subsidiary Guarantee, in the case of a Guarantor; and

(b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than us or a Restricted Subsidiary of ours and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Central or a Restricted Subsidiary of Central; will be deemed, in each case, to constitute an incurrence of such Indebtedness by us or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (5);

(6) the incurrence by us or any of our Restricted Subsidiaries of Hedging Obligations with respect to any Indebtedness that is permitted by the terms of the 9 1/8% Indenture to be outstanding;

(7) the guarantee by us or any of our Restricted Subsidiaries of Indebtedness of Central or a Restricted Subsidiary of ours that was permitted to be incurred by another provision of this covenant;

(8) the accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will

not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant; *provided*, in each such case, that the amount thereof is included in our Fixed Charges as accrued; and

(9) the incurrence by us or any of our Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (9), not to exceed \$50.0 million.

For purposes of determining compliance with this Incurrence of Indebtedness and Issuance of Preferred Stock covenant, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (9) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, we will be permitted to classify such item of Indebtedness on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant. Indebtedness under the Credit Facilities outstanding on the date on which 9¹/₈% Notes are first issued and authenticated under the 9¹/₈% Indenture will be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt.

No Layering of Debt

We will not incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness that is subordinate or junior in right of payment to any of our Senior Debt and senior in any respect in right of payment to the 9¹/₈% Notes. No Guarantor will incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness that is subordinate or junior in right of payment to the Senior Debt of such Guarantor and senior in any respect in right of payment to such Guarantor's Subsidiary Guarantee; *provided, however*, that notwithstanding the foregoing, no Indebtedness of Central or any Guarantor shall be deemed to be contractually subordinated in right of payment to any other Indebtedness of Central or such Guarantor solely by virtue of being unsecured.

Liens

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness for money borrowed on any asset now owned or hereafter acquired, except Permitted Liens, unless all payments due under the 9¹/₈% Indenture and the 9¹/₈% Notes are secured on an equal and ratable basis with the Indebtedness so secured.

Dividend and Other Payment Restrictions Affecting Subsidiaries

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(1) pay dividends or make any other distributions on its Capital Stock to us or any of our Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to us or any of our Restricted Subsidiaries;

(2) make loans or advances to us or any of our Restricted Subsidiaries; or

(3) transfer any of its properties or assets to us or any of our Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) agreements governing Existing Indebtedness and the Credit Facilities as in effect on the date of the 9¹/₈% Indenture and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of those agreements; *provided* that the amendments, modifications,

restatements, renewals, increases, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the date of the 9 1/8% Indenture;

(2) the 9 1/8% Indenture, the 9 1/8% Notes and the Subsidiary Guarantees;

(3) applicable law;

(4) any instrument or agreement of a Restricted Subsidiary acquired by us or any of our Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such instrument or agreement was entered into or amended or modified to add or increase such encumbrance or restriction in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to us or any Restricted Subsidiary, or the properties or assets of us or any Restricted Subsidiary, other than the Restricted Subsidiary, or the property or assets of the Restricted Subsidiary, so acquired; *provided* that, in the case of instruments or agreements governing Acquired Debt, such Acquired Debt would be permitted by the terms of the 9 1/8% Indenture to be incurred upon consummation of the acquisition;

(5) any instrument or agreement of a Restricted Subsidiary that has been designated as a Permitted Investment made under clause (8) or (9) of the definition of Permitted Investments in accordance with the applicable provisions of the 9% Indenture which encumbrance or restriction is not applicable to us or any Restricted Subsidiary, or the properties or assets of us or any Restricted Subsidiary, other than the Restricted Subsidiary, or the property or assets of the Restricted Subsidiary, so designated;

(6) non-assignment and sub-letting provisions in leases, licenses and other agreements that are customary for such agreements and are entered into in the ordinary course of business;

(7) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on that property of the nature described in clause (3) of the preceding paragraph;

(8) any agreement for the sale or other disposition of a Restricted Subsidiary or assets of us or a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary or transfers of such assets pending such sale or other disposition;

(9) Permitted Refinancing Indebtedness; *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(10) Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption 9% Senior Subordinated Notes due 2013 Liens that limit the right of the debtor to dispose of the assets subject to such Liens;

(11) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements that have been approved by our Board of Directors; and

(12) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business.

Merger, Consolidation or Sale of Assets

We may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not we are the surviving corporation); or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of us and our Subsidiaries taken as a whole, in one or more related transactions, to another Person; unless:

(1) either: (a) we are the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than us) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the Person formed by or surviving any such consolidation or merger (if other than us) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all of our obligations under the 9 1/8% Notes, the 9 1/8% Indenture and the registration rights agreement pursuant to agreements reasonably satisfactory to the trustee;

(3) immediately after such transaction, no Default or Event of Default exists; and

(4) we or the Person formed by or surviving any such consolidation or merger (if other than us), or to which such sale, assignment, transfer, conveyance or other disposition has been made will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "1 1/8% Senior Subordinated Notes due 2013 - Incurrence of Indebtedness and Issuance of Preferred Stock."

In addition, we may not, directly or indirectly, lease all or substantially all of our properties or assets, in one or more related transactions, to any other Person. This Merger, Consolidation or Sale of Assets covenant will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among us and any of our Restricted Subsidiaries that are Guarantors, or to a merger between us and any Restricted Subsidiary that is a Guarantor.

Transactions with Affiliates

We will not, and will not permit any of our Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of our properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of us (each, an Affiliate Transaction), unless:

(1) the Affiliate Transaction is on terms that are no less favorable to us or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by us or such Restricted Subsidiary with an unrelated Person; and

(2) we deliver to the trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$5.0 million, a resolution of our Board of Directors set forth in an officers' certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$15.0 million, an opinion as to the fairness to us of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) any employment or consulting agreement entered into by us or any of our Restricted Subsidiaries in the ordinary course of business of us or such Restricted Subsidiary;

(2) transactions between or among us and/or our Restricted Subsidiaries;

(3) transactions with a Person (other than an Unrestricted Subsidiary) that is an Affiliate of us solely because we own, directly or through a Subsidiary, an Equity Interest in, or controls, such Person;

(4) payment of reasonable fees and compensation to, and indemnity provided on behalf of, directors and officers of us or of any Restricted Subsidiary;

(5) sales of our Equity Interests (other than Disqualified Stock) to our Affiliates; and

(6) Restricted Payments that are permitted by the covenant described above under the caption $1\frac{1}{8}\%$ Senior Subordinated Notes due 2013 Restricted Payments other than Restricted Payments that are permitted by reason of clause (4) of the second paragraph of such covenant.

Business Activities

We will not, and will not permit any of our Restricted Subsidiaries to, engage in any business activities other than in a Permitted Business.

Additional Subsidiary Guarantees

If, after the date of the $9\frac{1}{8}\%$ Indenture, Central or any of its Restricted Subsidiaries:

(1) acquires or creates a Domestic Subsidiary that at any time has total assets of more than \$1,000,000 as reflected on such Domestic Subsidiary's most recent balance sheet as of the date of determination or Consolidated Cash Flow for the most recently ended four fiscal quarters for which internal financial statements are available immediately preceding the date of determination of more than \$500,000;

(2) has a Foreign Subsidiary that guarantees any Indebtedness of Central or any of its Restricted Subsidiaries (except Foreign Subsidiaries) other than the $9\frac{1}{8}\%$ Notes; or

(3) has a Domestic Subsidiary, including any Domestic Subsidiaries that are not Guarantors on the date of the $9\frac{1}{8}\%$ Indenture due to the fact that such Domestic Subsidiary does not meet either of the thresholds set forth in clause (1) above, that at any time exceeds either of the thresholds set forth in clause (1) above,

then that Foreign Subsidiary or Domestic Subsidiary will become a Guarantor and execute a Subsidiary Guarantee and deliver an opinion of counsel satisfactory to the trustee regarding the authorization and enforceability of such Subsidiary Guarantee within 30 days of the date on which it was acquired, created or otherwise becomes subject to this covenant; *provided* that any Restricted Subsidiary designated as a Permitted Investment made under clause (8) or (9) of the definition of Permitted Investments in accordance with the applicable provisions of the $9\frac{1}{8}\%$ Indenture will not be required to become a Guarantor unless it guarantees other Indebtedness of Central or a Restricted Subsidiary of ours (other than a Foreign Subsidiary guaranteeing the Indebtedness of another Foreign Subsidiary).

Designation of Restricted and Unrestricted Subsidiaries and Certain Permitted Investments

Our Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary or to be a Permitted Investment made under clause (8) or (9) of the definition of Permitted Investments, if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by us and our Restricted Subsidiaries in the Subsidiary to be designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

Restricted Payments under the first paragraph of the covenant described above under the caption ~~1/8%~~ Senior Subordinated Notes due 2013 Restricted Payments or, if applicable, the amount available for Permitted Investments under clause (8) or (9) of the definition of Permitted Investments, as determined by us. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. If a Restricted Subsidiary is designated as a Permitted Investment under clause (8) and/or (9) of the definition of Permitted Investments, the aggregate fair market value of all outstanding Investments owned by us and our Restricted Subsidiaries in the Subsidiary to be designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available under clause (8) and/or (9) of the definition of Permitted Investments. Such designation will only be permitted if the Investment would be permitted by clause (8) or (9) of the definition of Permitted Investments at that time. Any designation of a Restricted Subsidiary as a Permitted Investment made under clause (8) or (9) of the definition of Permitted Investments will be evidenced to the trustee by filing with the trustee a certified copy of the board resolution giving effect to such designation and an officers certificate certifying that such designation was permitted by this covenant. Upon a Restricted

Subsidiary's designation as an Unrestricted Subsidiary or a Permitted Investment in accordance with this covenant, it will cease to be a Guarantor and its Subsidiary Guarantee will be released. Our Board of Directors may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default. Upon any such redesignation or other designation as a Restricted Subsidiary, such Subsidiary (unless designated as a Permitted Investment made under clause (8) or (9) of the definition of Permitted Investments) will become a Guarantor and execute a Subsidiary Guarantee as and to the extent required under 1/8% Senior Subordinated Notes due 2013 Certain Covenants Additional Subsidiary Guarantees. Fair market value for purposes of this covenant will be determined by our Board of Directors as specified in the last paragraph of the covenant described under 1/8% Senior Subordinated Notes due 2013 Restricted Payments.

Payments for Consent

We will not, and will not permit any of our Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of 9 1/8% Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the 9 1/8% Indenture or the 9 1/8% Notes unless such consideration is offered to be paid and is paid to all Holders of the 9 1/8% Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Whether or not required by the Commission, so long as any 9 1/8% Notes are outstanding, we will furnish to the Holders of 9 1/8% Notes, within the time periods specified in the Commission's rules and regulations (together with any extensions granted by the Commission):

(1) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if we were required to file such Forms, including a Management's Discussion and Analysis of Financial Condition and Results of Operations and, with respect to the annual information only, a report on the annual financial statements by our certified independent accountants; and

(2) all current reports that would be required to be filed with the Commission on Form 8-K if we were required to file such reports.

If we have designated any of our Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of us and our Restricted Subsidiaries separate from the financial condition and results of operations of our Unrestricted Subsidiaries.

In addition, following the consummation of the exchange offer contemplated by the registration rights agreement, whether or not required by the Commission, we will file a copy of all of the information and reports referred to in clauses (1) and (2) above with the Commission for public availability (unless the Commission will not accept such a filing) within the time periods specified in the Commission's rules and regulations (together with any extensions granted by the Commission) and make such information available to securities analysts and prospective investors upon request. In addition, Central and the Guarantors have agreed that, for so long as any 9 1/8% Notes (other than Exchange Notes) remain outstanding, they will furnish to the Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

Each of the following is an Event of Default:

(1) default for 30 days in the payment when due of interest on, or Liquidated Damages with respect to, the 9 ¹/₈% Notes, whether or not prohibited by the subordination provisions of the 9 ¹/₈% Indenture;

Table of Contents

(2) default in payment when due of the principal of, or premium, if any, on the 9 1/8% Notes, whether or not prohibited by the subordination provisions of the 9 1/8% Indenture;

(3) failure by Central or any of its Subsidiaries to comply with the provisions described under the captions 1/8% Senior Subordinated Notes due 2013 Repurchase at the Option of Holders Change of Control, 1/8% Senior Subordinated Notes due 2013 Repurchase at the Option of Holders Asset Sales, or 1/8% Senior Subordinated Notes due 2013 Certain Covenants Merger, Consolidation or Sale of Assets;

(4) failure by Central or any of its Subsidiaries to comply with the provisions described under the captions 1/8% Senior Subordinated Notes due 2013 Certain Covenants Restricted Payments, 1/8% Senior Subordinated Notes due 2013 Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, and such failure continues for 30 days;

(5) failure by Central or any of its Subsidiaries for 60 days after notice by the trustee or Holders of at least 25% in principal amount of the then outstanding 9 1/8% Notes to comply with any of the other agreements in the 9 1/8% Indenture;

(6) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by us or any of our Restricted Subsidiaries (or the payment of which is guaranteed by us or any of our Restricted Subsidiaries) whether such Indebtedness or guarantee now exists, or is created after the date of the 9 1/8% Indenture, if that default:

(a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a Payment Default); or

(b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$15.0 million or more;

(7) failure by Central or any of its Restricted Subsidiaries to pay final judgments aggregating in excess of \$15.0 million (to the extent not insured), which judgments are not paid, discharged or stayed by court order or by agreement of the parties for a period of 60 days;

(8) except as permitted by the 9 1/8% Indenture, any Subsidiary Guarantee shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, shall deny or disaffirm its obligations under its Subsidiary Guarantee; and

(9) certain events of bankruptcy or insolvency described in the 9 1/8% Indenture with respect to us, any Restricted Subsidiary that is a Significant Subsidiary or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default arising from an event of bankruptcy or insolvency described in clause (9) above, all outstanding 9 1/8% Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the Holders of at least 25% in principal amount of the then outstanding 9 1/8% Notes may declare all the 9 1/8% Notes to be due and payable immediately.

Holders of the 9 1/8% Notes may not enforce the 9 1/8% Indenture or the 9 1/8% Notes except as provided in the 9 1/8% Indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding 9 1/8% Notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from Holders of the 9 1/8% Notes notice of any continuing Default or Event of Default if it determines that withholding 9 1/8% Notes is in their interest, except a Default or Event of Default relating to the payment of principal (including redemption or purchase price) or interest or Liquidated Damages.

Table of Contents

The Holders of a majority in aggregate principal amount of the 9 1/8% Notes then outstanding by notice to the trustee may on behalf of the Holders of all of the 9 1/8% Notes waive any existing Default or Event of Default and its consequences under the 9 1/8% Indenture except a continuing Default or Event of Default in the payment of interest or Liquidated Damages on, or the principal (including redemption or purchase price) of, the 9 1/8% Notes.

In the case of any Event of Default occurring by reason of any willful action or inaction taken or not taken by or on behalf of us with the intention of avoiding payment of the premium that we would have had to pay if we then had elected to redeem the 9 1/8% Notes pursuant to the optional redemption provisions of the 9 1/8% Indenture, an equivalent premium will also become and be immediately due and payable to the extent permitted by law upon the acceleration of the 9 1/8% Notes. If an Event of Default occurs prior to February 1, 2008, by reason of any willful action (or inaction) taken (or not taken) by or on behalf of us with the intention of avoiding the prohibition on redemption of the 9 1/8% Notes prior to February 1, 2008, then the premium specified in the 9 1/8% Indenture will also become immediately due and payable to the extent permitted by law upon the acceleration of the 9 1/8% Notes.

At any time after a declaration of acceleration under the 9 1/8% Indenture, but before a judgment or decree for payment of the money due has been obtained by the trustee, the Holders of a majority in aggregate principal amount of the outstanding 9 1/8% Notes, by written notice to us and the trustee, may rescind such declaration and its consequences if: (i) we have paid or deposited with the trustee a sum sufficient to pay (A) all overdue interest on all 9 1/8% Notes, (B) all unpaid principal of (and premium, if any, on) any outstanding 9 1/8% Notes that has become due, other than by such declaration of acceleration, and interest thereon at the rate borne by the 9 1/8% Notes, (C) to the extent that payment of such interest is lawful, interest upon overdue interest and overdue principal at the rate borne by the 9 1/8% Notes, and (D) all sums paid or advanced by the trustee under the 9 1/8% Indenture and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel; and (ii) all Events of Default, other than the non-payment of amounts of principal of (or premium, if any, on), or interest on, the 9 1/8% Notes that have become due solely by such declaration of acceleration, have been cured or waived. No such rescission will affect any subsequent default or impair any right consequent thereon.

We are required to deliver to the trustee annually a statement regarding compliance with the 9 1/8% Indenture. Upon becoming aware of any Default or Event of Default, we are required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of us or any Guarantor, as such, will have any liability for any obligations of us or the Guarantors under the 9 1/8% Notes, the 9 1/8% Indenture, the Subsidiary Guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of 9 1/8% Notes by accepting a 9 1/8% Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the 9 1/8% Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

We may, at our option and at any time, elect to have all of our obligations discharged with respect to the outstanding 9 1/8% Notes and all obligations of the Guarantors discharged with respect to their Subsidiary Guarantees (Legal Defeasance) except for:

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

(2) our obligations with respect to the 9 1/8% Notes concerning issuing temporary 9 1/8% Notes, registration of 9 1/8% Notes, mutilated, destroyed, lost or stolen 9 1/8% Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the trustee, and Central s and the Guarantors obligations in connection therewith; and

(4) the Legal Defeasance provisions of the 9 1/8% Indenture.

In addition, we may, at our option and at any time, elect to have the obligations of us and the Guarantors released with respect to certain covenants (including our obligation to make Change of Control Offers and Asset Sale Offers) that are described in the 9 1/8% Indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the 9 1/8% Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under 1/8% Senior Subordinated Notes due 2013 Events of Default and Remedies will no longer constitute an Event of Default with respect to the 9 1/8% Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) we must irrevocably deposit with the trustee, in trust, for the benefit of the Holders of the 9 1/8% Notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, and interest and premium and Liquidated Damages, if any, on the outstanding 9 1/8% Notes on the stated maturity or on the applicable redemption date, as the case may be, and we must specify whether the 9 1/8% Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, we have delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) we have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the 9 1/8% Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the Holders of the outstanding 9 1/8% Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, we have delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the Holders of the outstanding 9 1/8% Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit and after giving effect thereto;

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the 9 1/8% Indenture) to which we or any of our Subsidiaries is a party or by which we or any of our Subsidiaries is bound;

(6) we must deliver to the trustee an officers' certificate stating that the deposit was not made by us with the intent of preferring the Holders of 9 1/8% Notes over the other creditors of us with the intent of defeating, hindering, delaying or defrauding our creditors or others; and

(7) we must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next three succeeding paragraphs, the 9 1/8% Indenture and the 9 1/8% Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the 9 1/8% Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, 9 1/8% Notes), and any existing default or compliance with any provision of the 9 1/8% Indenture or the 9 1/8% Notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding 9 1/8% Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, 9 1/8% Notes).

Without the consent of each Holder affected, an amendment or waiver may not (with respect to any 9 1/8% Notes held by a non-consenting Holder):

- (2) reduce the principal of or change the fixed maturity of any 9 1/8% Note or alter the provisions with respect to the redemption of the 9 1/8% Notes (other than provisions relating to the covenants described above under the caption 1/8% Senior Subordinated Notes due 2013 Repurchase at the Option of Holders);

- (7) waive a redemption payment with respect to any 9 1/8% Note (other than a payment required by one of the covenants described above under the caption 1/8% Senior Subordinated Notes due 2013 Repurchase at the Option of Holders);

- (8) release any Guarantor from any of its obligations under its Subsidiary Guarantee or the 9 1/8% Indenture, except in accordance with the terms of the 9 1/8% Indenture; or

(9) make any change in the preceding amendment and waiver provisions.

In addition, any amendment to, or waiver of, the provisions of the 9 1/8% Indenture relating to subordination that adversely affects the rights of the Holders of the 9 1/8% Notes will require the consent of the Holders of at least 75% in aggregate principal amount of 9 1/8% Notes then outstanding.

Notwithstanding the preceding, without the consent of any Holder of 9 1/8% Notes, Central, the Guarantors and the trustee may amend or supplement the 9 1/8% Indenture or the 9 1/8% Notes:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated 9 1/8% Notes in addition to or in place of certificated 9 1/8% Notes;

(6) to comply with requirements of the Commission in order to effect or maintain the qualification of the 9 1/8% Indenture under the Trust Indenture Act.

Satisfaction and Discharge

The 9 1/8% Indenture will be discharged and will cease to be of further effect as to all 9 1/8% Notes issued thereunder, when:

(1) either:

(a) all 9 1/8% Notes that have been authenticated, except lost, stolen or destroyed 9 1/8% Notes that have been replaced or paid and 9 1/8% Notes for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or

(b) all 9 1/8% Notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and Central or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the 9 1/8% Notes not delivered to the trustee for cancellation for principal, premium and Liquidated Damages, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which we or any Guarantor is a party or by which we or any Guarantor is bound;

(3) Central or any Guarantor has paid or caused to be paid all sums payable by it under the 9 1/8% Indenture; and

In addition, we must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of Central or any Guarantor, the 9 1/8% Indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The Holders of a majority in principal amount of the then outstanding 9 1/8% Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The 9 1/8% Indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the 9 1/8% Indenture at the request of any Holder of 9 1/8% Notes, unless such Holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Legal Ownership of Securities

Holders of Securities

Book-Entry Holders. We will issue debt securities in book-entry form only, unless we specify otherwise in the applicable prospectus supplement. If securities are issued in book-entry form, this means the securities will be represented by one or more global securities registered in the name of a financial institution that holds them as

Table of Contents

depository on behalf of other financial institutions that participate in the depository's book-entry system. These participating institutions, in turn, hold beneficial interests in the securities on behalf of themselves or their customers.

We will only recognize the person in whose name a security is registered as the holder of that security. Consequently, for securities issued in global form, we will recognize only the depository as the holder of the securities and all payments on the securities will be made to the depository. The depository passes along the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the securities.

As a result, investors in securities issued in book-entry form will not own securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds an interest through a participant. As long as the securities are issued in global form, investors will be indirect holders, and not holders, of the securities.

Street Name Holders. In the future, we may terminate a global security or issue securities initially in non-global form. In these cases, investors may choose to hold their securities in their own names or in street name. Securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution that the investor chooses, and the investor would hold only a beneficial interest in those securities through an account he or she maintains at that institution.

For securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the securities are registered as the holders of those securities and all payments on those securities will be made to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold securities in street name will be indirect holders, not holders, of those securities.

Legal Holders. We, and any third parties employed by us or acting on your behalf, such as trustees, depositories and transfer agents, are obligated only to the legal holders of the securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a security or has no choice because we are issuing the securities only in global form.

For example, once we make a payment or give a notice to the legal holder, we have no further responsibility for the payment or notice even if that legal holder is required, under agreements with depository participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose (for example, to amend an indenture or to relieve ourselves of the consequences of a default or of our obligation to comply with a particular provision of the indenture), we would seek the approval only from the legal holders, and not the indirect holders, of the securities. Whether and how the legal holders contact the indirect holders is up to the legal holders.

When we refer to you, we mean those who invest in the securities being offered by this prospectus, whether they are the legal holders or only indirect holders of those securities. When we refer to your securities, we mean the securities in which you hold a direct or indirect interest.

Special Considerations for Indirect Holders. If you hold securities through a bank, broker or other financial institution, either in book-entry form or in street name, you should check with your own institution to find out:

how it handles securities payments and notices;

whether it imposes fees or charges;

how it would handle a request for the holders' consent, if ever required;

Table of Contents

whether and how you can instruct it to send you securities registered in your own name so you can be a legal holder, if that is permitted in the future;

how it would exercise rights under the securities if there were a default or other event triggering the need for holders to act to protect their interests; and

if the securities are in book-entry form, how the depository's rules and procedures will affect these matters.

Global Securities

A global security represents one or any other number of individual securities. Generally, all securities represented by the same global securities will have the same terms. We may, however, issue a global security that represents multiple securities that have different terms and are issued at different times. We call this kind of global security a master global security.

Each security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution that we select or its nominee. The financial institution that is selected for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as the DTC, will be the depository for all securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depository or its nominee, unless special termination situations arise or as otherwise described in the prospectus supplement. We describe those situations below under *Special Situations When a Global Security Will Be Terminated*. As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a holder of the security, but only an indirect holder of a beneficial interest in the global security.

Special Considerations for Global Securities. As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize this type of investor as a holder of securities and instead will deal only with the depository that holds the global security.

If securities are issued only in the form of a global security, an investor should be aware of the following:

An investor cannot cause the securities to be registered in his or her name and cannot obtain physical certificates for his or her interest in the securities, except in the special situations we describe below.

An investor will be an indirect holder and must look to his or her own bank or broker for payments on the securities and protection of his or her legal rights relating to the securities, as we describe under *Legal Ownership of Securities* *Holder of Securities* above.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

An investor may not be able to sell interests in the securities to some insurance companies and to other institutions that are required by law to own their securities in non-book-entry form.

An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective.

The depositary's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. Neither we nor any third parties employed by us or acting on your behalf, such as trustees and transfer agents, have any responsibility for any aspect of the depositary's actions or for its records of ownership interests in a global security. Central and the trustee do not supervise the depositary in any way.

Table of Contents

The DTC requires that those who purchase and sell interests in a global security within its book-entry system use immediately available funds, and your broker or bank may require you to do so as well.

Financial institutions that participate in the depositary's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the security. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Special Situations When a Global Security Will Be Terminated. In a few special situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-global form representing the securities it represented. After that exchange, the choice of whether to hold the securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names, so that they will be holders. We have described the rights of holders and street name investors above under "Legal Ownership of Securities—Holders of Securities."

The special situations for termination of a global security are as follows:

if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security and we do not appoint another institution to act as depositary within a specified time period;

if we elect to terminate that global security; or

if an event of default has occurred with regard to securities represented by that global security and it has not been cured or waived.

The prospectus supplement may also list additional situations for terminating a global security that would apply to a particular series of securities covered by the prospectus supplement. If a global security is terminated, only the depositary is responsible for deciding the names of the institutions in whose names the securities represented by the global security will be registered and, therefore, who will be the holders of those securities.

Governing Law

The 9¹/₈% Indenture, the 9¹/₈% Notes and the guarantees of the 9¹/₈% Notes are, and the indentures for the senior and subordinated debt securities and the senior and subordinated debt securities will be, governed by, and construed in accordance with, the laws of the State of New York.

DESCRIPTION OF CAPITAL STOCK

As of the date of this prospectus, our authorized capital stock consists of 80,000,000 shares of common stock, 3,000,000 shares of Class B stock and 1,000,000 shares of preferred stock. At December 31, 2004, there were 19,036,470 shares of common stock, 1,654,462 shares of Class B stock, and 100 shares of Series B preferred stock issued and outstanding. As of December 31, 2004, there were 168 holders of record of our common stock, seven holders of record of our Class B stock and two holders of our Series B preferred stock. No other shares of preferred stock or options to purchase preferred stock are currently outstanding.

The following description of our capital stock does not purport to be complete and is subject to and is qualified in its entirety by the description of our capital stock contained in our amended and restated certificate of incorporation, a copy of which is filed as an exhibit to the registration statement of which this prospectus is a part. Reference is made to such exhibit for a detailed description of the provisions thereof summarized below.

Common Stock and Class B Stock

Voting, Dividend and Other Rights. The voting powers, preferences and relative rights of the common stock and the Class B stock are identical in all respects, except that (i) the holders of common stock are entitled to one vote per share and the holders of Class B stock are entitled to the lesser of ten votes per share or 49% of the total votes cast, (ii) stock dividends on common stock may be paid only in shares of common stock and stock dividends on Class B stock may be paid only in shares of Class B stock and (iii) shares of Class B stock have certain conversion rights and are subject to certain restrictions on ownership and transfer described below under *Conversion Rights and Restrictions on Transfer of Class B Stock*. Except as described above, issuances of additional shares of Class B stock and modifications of the terms of the Class B stock require the approval of a majority of the holders of the common stock and Class B stock, voting as separate classes. Our amended and restated certificate of incorporation cannot be modified, revised or amended without the affirmative vote of the majority of outstanding shares of common stock and Class B stock, voting separately as a class. Except as described above or as required by law, holders of common stock and Class B stock vote together on all matters presented to the stockholders for their vote or approval, including the election of directors. The stockholders are not entitled to vote cumulatively for the election of directors.

Each share of common stock and Class B stock is entitled to receive dividends if, as and when declared by our board of directors out of funds legally available therefor. The common stock and Class B stock share equally, on a share-for-share basis, in any cash dividends declared by our board of directors.

Stockholders have no preemptive or other rights to subscribe for additional shares. Subject to any rights of holders of any preferred stock, all holders of common stock and Class B stock, regardless of class, are entitled to share equally on a share-for-share basis in any assets available for distribution to stockholders on liquidation, dissolution or winding up of our company. No common stock or Class B stock is subject to redemption or a sinking fund.

Conversion Rights and Restrictions on Transfer of Class B Stock. The common stock has no conversion rights. However, at the option of the holder, each share of Class B stock is convertible at any time and from time to time into one share of common stock. If at any time the holders of a majority of outstanding shares of Class B stock vote to convert the outstanding shares of Class B stock to common stock, then all outstanding shares of Class B stock shall be deemed automatically converted into shares of common stock.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

Our amended and restated certificate of incorporation provides that any holder of shares of Class B stock desiring to transfer such shares to a person other than a Permitted Transferee (as defined below) must present such shares to us for conversion into an equal number of shares of common stock upon such transfer. Thereafter, such shares of common stock may be freely transferred to persons other than Permitted Transferees, subject to applicable securities law.

Table of Contents

Shares of Class B stock may not be transferred except generally to family members, certain trusts, heirs and devisees (collectively, "Permitted Transferees"). Upon any sale or transfer of ownership or voting rights to a transferee other than a Permitted Transferee or to the extent an entity no longer remains a Permitted Transferee, such shares of Class B stock will automatically convert into equal number of shares of common stock. Accordingly, no trading market is expected to develop in the Class B stock and the Class B stock will not be listed or traded on any exchange or in any market.

Effects of Disproportionate Voting Rights. The disproportionate voting rights of the common stock and Class B stock could have an adverse effect on the market price of the common stock. Such disproportionate voting rights may make us a less attractive target for a takeover than it otherwise might be, or render more difficult or discourage a merger proposal, a tender offer or a proxy contest, even if such actions were favored by our stockholders other than the holders of the Class B stock. Accordingly, such disproportionate voting rights may deprive holders of common stock of an opportunity to sell their shares at a premium over prevailing market prices, since takeover bids frequently involve purchases of stock directly from shareholders at such a premium price.

The common stock issued by this prospectus will, when issued, be fully paid and nonassessable and will not have, or be subject to, any preemptive or similar rights.

Our common stock is listed on the Nasdaq National Market under the symbol "CENT". The transfer agent and registrar for our common stock is Mellon Investor Services, 235 Montgomery Street, 23rd Floor, San Francisco, CA 94104. Their phone number is (800) 356-2017.

Preferred Stock

Under our amended and restated certificate of incorporation, we may issue up to 1,000,000 shares of preferred stock. We currently have 100 shares of our Series B preferred stock outstanding. No other shares of preferred stock or options to purchase preferred stock are currently outstanding.

The Series B preferred stock is entitled to receive dividends when and as declared by the Board of Directors, subject to the prior rights of holders of all classes of stock at the time outstanding having prior rights as to dividends. The Series B preferred stock is convertible into approximately 86,406 shares of our common stock anytime after February 26, 2005. Each share of Series B Preferred Stock is entitled to a liquidation preference equal to the greater of (i) \$30,000 per share plus all declared but unpaid dividends on the Series B preferred stock or (ii) such amount per share as would have been payable with respect to such shares of Series B preferred stock had each share of the then outstanding Series B preferred stock been converted to common stock immediately prior to such event whether or not the Series B preferred stock is then so convertible. Except as otherwise required by law, the holders of Series B preferred stock shall not be entitled to vote. The Series B preferred stock is redeemable at the option of the holder starting on February 26, 2005 for a period extending until February 26, 2009 at a price equal to \$30,000 per share. The Series B preferred stock is not redeemable at our option.

Our board of directors has the authority, without further action by the stockholders, to issue up to the maximum authorized number of shares of preferred stock in one or more series. The board of directors also has the authority to designate the rights, preferences, privileges and restrictions of each such series, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series. The rights, preferences, privileges and restrictions of each series will be fixed by the certificate of designation relating to that series. Any or all of the rights of the preferred stock may be greater than the rights of the common stock.

The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders. The issuance of preferred stock with voting and conversion rights may also adversely affect the voting power of the holders of common stock. In certain circumstances, an issuance of preferred stock could have the effect of decreasing the market price of the common stock.

Table of Contents

Whenever preferred stock is to be sold pursuant to this prospectus, we will file a prospectus supplement relating to that sale which will specify:

the number of shares in the series of preferred stock;

the designation for the series of preferred stock by number, letter or title that shall distinguish the series from any other series of preferred stock;

the dividend rate, if any, and whether dividends on that series of preferred stock will be cumulative, noncumulative or partially cumulative;

the voting rights of that series of preferred stock, if any;

any conversion provisions applicable to that series of preferred stock;

any redemption or sinking fund provisions applicable to that series of preferred stock;

the liquidation preference per share of that series of preferred stock, if any; and

the terms of any other preferences or rights, if any, applicable to that series of preferred stock.

Certain Effects of Authorized but Unissued Stock

We have shares of common stock and preferred stock available for future issuance without stockholder approval. These additional shares may be used for a variety of corporate purposes, including future public offerings to raise additional capital, facilitate corporate acquisitions or payable as a dividend on the capital stock.

The existence of unissued and unreserved common stock and preferred stock may enable our board of directors to issue shares to persons friendly to current management or to issue preferred stock with terms that could render more difficult or discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or otherwise, thereby protecting the continuity of our management. In addition, the issuance of preferred stock could adversely affect the voting power of holders of common stock and the likelihood that such holders will receive dividend payments and payments upon liquidation.

Delaware Law and Certain Provisions of Our Amended and Restated Certificate of Incorporation and Bylaws

Provisions of Delaware law and our amended and restated certificate of incorporation and bylaws could make the acquisition of our company and the removal of incumbent officers and directors more difficult. These provisions are expected to discourage certain types of coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of our company to negotiate with us first.

Edgar Filing: CENTRAL GARDEN & PET CO - Form 424B5

We believe that the benefits of increased protection of our potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure our company outweigh the disadvantages of discouraging such proposals because, among other things, negotiation of such proposals could result in an improvement of their terms.

We are subject to the provisions of Section 203 of the Delaware general corporation law. In general, the statute prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date that the person became an interested stockholder unless, subject to certain exceptions, the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the stockholder. Generally, an interested stockholder is a person who, together with affiliates and associates, owns, or within three years prior, did own 15% or more of the corporation's voting stock. These provisions may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders.

Table of Contents

Our bylaws provide that stockholder action can be taken at an annual or special meeting of stockholders or by written consent. Our bylaws also provide that special meetings of stockholders can be called by the board of directors, the chairman of the board, if any, the president or at the request of stockholders holding not less than 10% of the total voting power. The business permitted to be conducted at any special meeting of stockholders is limited to the purposes stated in the notice of such meeting. Our bylaws set forth an advance notice procedure with regard to the nomination, other than by or at the direction of the board of directors, of candidates for election as directors and with regard to business to be brought before a meeting of stockholders.

DESCRIPTION OF THE WARRANTS

We may issue warrants, including warrants to purchase common stock, preferred stock, debt securities, or any combination of the foregoing. Warrants may be issued independently or together with any securities and may be attached to or separate from the securities. The warrants will be issued under warrant agreements to be entered into between us and a warrant agent as detailed in the prospectus supplement relating to warrants being offered. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. A copy of the warrant agreement will be filed with the SEC in connection with any offering of warrants.

The applicable prospectus supplement will describe the following terms, where applicable, of the warrants in respect of which this prospectus is being delivered:

the title of the warrants;

the aggregate number of the warrants;

the price or prices at which the warrants will be issued;

the currencies in which the price or prices of the warrants may be payable;

the designation, amount, and terms of the offered securities purchasable upon exercise of the warrants;

the designation and terms of the other offered securities, if any, with which the warrants are issued and the number of the warrants issued with each security;

if applicable, the date on and after which the warrants and the offered securities purchasable upon exercise of the warrants will be separately transferable;

the price or prices at which and currency or currencies in which the offered securities purchasable upon exercise of the warrants may be purchased;

the date on which the right to exercise the warrants shall commence and the date on which the right shall expire;

the minimum or maximum amount of the warrants which may be exercised at any one time;

information with respect to book-entry procedures, if any;

a discussion of any federal income tax considerations; and

any other material terms of the warrants, including terms, procedures, and limitations relating to the exchange and exercise of the warrants.

PLAN OF DISTRIBUTION

We may sell the securities:

through underwriters or dealers;

through agents; or

directly to purchasers.

We will describe in a prospectus supplement, the particular terms of the offering of the securities, including the following:

the names of any underwriters;

the purchase price and the proceeds we will receive from the sale;

any underwriting discounts and other items constituting underwriters' compensation;

any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers;

any securities exchanges on which the securities of the series may be listed; and

any other information we think is important.

If we use underwriters in the sale, such underwriters will acquire the securities for their own account. The underwriters may resell the securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale.

The securities may be either offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters will be obligated to purchase all the securities of the series offered if any of the securities are purchased. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

We may sell offered securities through agents designated by us. Any agent involved in the offer or sale of the securities for which this prospectus is delivered will be named, and any commissions payable by us to that agent will be set forth, in the prospectus supplement. Unless indicated in the prospectus supplement, the agents have agreed to use their reasonable best efforts to solicit purchases for the period of their

appointment.

We also may sell offered securities directly. In this case, no underwriters or agents would be involved.

Underwriters, dealers and agents that participate in the distribution of the offered securities may be underwriters as defined in the Securities Act of 1933, as amended, or Securities Act, and any discounts or commissions received by them from us and any profit on the resale of the offered securities by them may be treated as underwriting discounts and commissions under the Securities Act. We will identify any underwriters or agents, and describe their compensation, in a prospectus supplement.

Certain of any such underwriters and agents, including their associates, may be customers of, engage in transactions with and perform services for us and our subsidiaries in the ordinary course of business. One or more of our affiliates may from time to time act as an agent or underwriter in connection with the sale of the securities to the extent permitted by applicable law. The participation of any such affiliate in the offer and sale of the securities will comply with Rule 2720 of the Conduct Rules of the National Association of Securities Dealers, Inc. regarding the offer and sale of securities of an affiliate.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the

Table of Contents

underwriters, dealers or agents may be required to make. Underwriters, dealers and agents may engage in transactions with, or perform services for, us or our subsidiaries in the ordinary course of their businesses.

We may authorize agents or underwriters to solicit offers by certain types of institutions to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts. These contracts will provide for payment and delivery on a specified date in the future. The conditions to these contracts and the commissions payable for solicitation of such contracts will be set forth in the applicable prospectus supplement.

In order to facilitate the offering of the securities, any underwriters or agents, as the case may be, involved in the offering of such securities may engage in transactions that stabilize, maintain or otherwise affect the price of such securities or any other securities the prices of which may be used to determine payments on such securities. Specifically, the underwriters or agents, as the case may be, may overallocate in connection with the offering, creating a short position in such securities for their own account. In addition, to cover overallocations or to stabilize the price of such securities or any such other securities, the underwriters or agents, as the case may be, may bid for, and purchase, such securities or any such other securities in the open market. Finally, in any offering of such securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allotted to an underwriter or a dealer for distributing such securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transaction or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. The underwriters or agents, as the case may be, are not required to engage in these activities, and may end any of these activities at any time.

Other than the common stock, the securities issued hereunder may be new issues of securities with no established trading market. Any underwriters or agents to or through whom such securities are sold for public offering and sale may make a market in such securities, but such underwriters or agents will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any such securities.

VALIDITY OF THE SECURITIES

The validity of the securities issued hereunder will be passed upon for us by Orrick, Herrington & Sutcliffe LLP, San Francisco, California.
