- (2) To ratify the appointment of PricewaterhouseCoopers LLP as Nucor's independent registered public accounting firm for the year ending December 31, 2006;
- (3) To approve an amendment to Nucor's Restated Certificate of Incorporation increasing its authorized common stock from 400,000,000 shares to 800,000,000 shares;

Stockholders of record at the close of business on March 13, 2006 are entitled to notice of and to vote at the meeting.

It is important that you vote. To ensure that you will be represented at the meeting, please vote by one of the following three methods: (1) via mail by signing and promptly returning the enclosed proxy card in the enclosed envelope; (2) via telephone using the toll-free number and instructions shown on the enclosed proxy card; or (3) via the Internet by using the website information and instructions listed on the enclosed proxy card. Your prompt attention is requested.

By order of the Board of Directors,

TERRY S. LIENBY

Chief Financial Officer, Treasurer

March 28, 2006

PLEASE SIGN, DATE AND PROMPTLY RETURN THE ENCLOSED PROXY CARD
IN THE ENCLOSED ENVELOPE, OR VOTE VIA THE TELEPHONE OR INTERNET.

GENERAL INFORMATION

The enclosed proxy is being solicited by the Board of Directors of Nucor Corporation (Nucor or the Company) for use at the 2006 annual meeting of stockholders to be held on Thursday, May 11, 2006, and any adjournment or postponement. The proxy may be revoked by the stockholder by letter to the Nucor Corporate Secretary received before the meeting, or by attending and voting at the meeting.

The record date for the meeting is March 13, 2006. Only holders of record of Nucor's common stock at the close of business on that date will be entitled to vote. The presence in person or by proxy of the holders of a majority of the votes entitled to be cast at the annual meeting is necessary to constitute a quorum. As of the record date for the annual meeting, 155,716,871 shares of Nucor common stock were outstanding. Each share of common stock is entitled to one vote except with respect to the election of directors. With respect to the election of directors, each share of common stock is entitled to cumulative voting rights, which means that when voting for nominees for director, each share is entitled to a number of votes equal to the number of nominees for election as directors. Accordingly, when voting for nominees for director, all of the votes a share of common stock is entitled to may be voted in favor of one nominee or the votes may be distributed among the nominees. The holders of the enclosed proxy will have the discretionary authority to cumulate votes in the election of directors.

Stockholders who wish to cumulate their votes must submit a proxy card or cast a ballot and make an explicit statement of their intent to do so, either by so indicating on the proxy card or by indicating in writing on their ballot when voting at the annual meeting. If a person who is the beneficial owner of shares held in street name wishes to cumulate votes, the stockholder will need to contact the broker, bank, trustee or other nominee who is the record owner of the shares.

The two director nominees receiving the highest number of all votes cast for directors will be elected. A properly submitted proxy marked Vote Withheld with respect to the election of one or more director nominees will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Any shares not voted with respect to a director nominee will have no effect, because the two directors receiving the highest number of all votes cast will be elected.

Nucor's Board of Directors has adopted a Corporate Governance Principle intended to give further effect to withheld votes in uncontested elections for director under certain circumstances. This Corporate Governance Principle is set forth in this proxy statement under the heading Election of Directors.

All other matters to be voted on, other than the proposed amendment to the Restated Certificate of Incorporation, must receive affirmative votes from more than 50% of the shares that are voted in order for the matter to be adopted. The proposed amendment to the Restated Certificate of Incorporation must receive the affirmative vote of a majority of the outstanding shares entitled to vote in order for the matter to be adopted. Under current New York Stock Exchange (NYSE) rules, the proposals to elect directors, approve the amendment to the Restated Certificate of Incorporation and ratify the independent registered public accounting firm are considered discretionary matters. This means that brokerage firms may vote in their discretion on these matters on behalf of clients who have not furnished voting instructions.

In contrast, the stockholder proposal is a non-discretionary matter. This means brokerage firms that have not received voting instructions from their clients on this matter may not vote on the proposal. These broker non-votes will not be considered in determining the number of votes necessary for approval and, therefore, will have no effect on the outcome of the vote for this proposal. Shares held of record by a broker or its nominee (broker shares) that are voted on any matter will be included in determining whether a quorum is present. Broker shares that are not voted will not be included in determining whether a quorum is present.

Edgar Filing: NUCOR CORP - Form PRE 14A

A properly submitted proxy marked **Abstain** with respect to any matter other than election of directors will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

The shares represented by each proxy you properly submit to us will be voted by one of the individuals indicated on the proxy as you direct. If you submit a proxy but do not indicate how you wish to vote, your shares will be voted **FOR** the election of the two director nominees, **FOR** the ratification of PricewaterhouseCoopers LLP as Nucor's independent registered public accounting firm for the year ending December 31, 2006, **FOR** the approval of the amendment to Nucor's Restated Certificate of Incorporation and **AGAINST** the approval of the stockholder proposal.

The 2005 annual report of Nucor, including financial statements, is being mailed to all stockholders of record together with this proxy statement and form of proxy on or about March 29, 2006.

PROPOSAL 1

ELECTION OF DIRECTORS

Nucor's Board of Directors is divided into three classes with two or three directors serving in each class. Each director serves for a three-year term with one class of directors being elected at each annual meeting. All directors will hold office until their successors have been duly elected and qualified. Our Board of Directors has determined that Drs. Haynes and Hlavacek and Messrs. Browning, Daley, Gantt and Milchovich have no material relationships with Nucor (other than as directors) and are independent within the meaning of the NYSE's current listing standards.

The terms of two directors, Clayton C. Daley, Jr. and Harvey B. Gantt, will expire at this annual meeting. The Board's Governance and Nominating Committee has recommended and the Board of Directors has nominated Mr. Daley and Mr. Gantt for reelection for three-year terms ending at the annual meeting in 2009. Shares represented by all proxies received by the Board of Directors and not marked to withhold authority to vote for these nominees will be voted for their election. The Board of Directors knows of no reason why these nominees should be unable or unwilling to serve, but if that should be the case, proxies received will be voted for the election of such other persons, if any, as Nucor's Board of Directors may designate.

Nucor's Board of Directors has adopted the following Corporate Governance Principle entitled "Effect of Withheld Votes in Uncontested Elections for Director."

Any nominee for director in an uncontested election who receives a greater number of votes withheld from his or her election than votes for such election shall promptly tender his or her resignation for consideration by the Governance and Nominating Committee. The Committee shall evaluate the director's tendered resignation taking into account the best interests of the Company and its stockholders and shall recommend to the Board whether to accept or reject such resignation. In making its recommendation, the Committee may consider, among other things, the effect of the exercise of cumulative voting in the election. The Board shall act within 120 days following certification of the stockholder vote and shall disclose its decision and the reasons therefore in an 8-K filing with the SEC. Any director who tenders his or her resignation pursuant to this principle shall not participate in any committee or board consideration of it. This governance principle will be summarized or included in the Company's annual proxy statement.

Nucor's Board of Directors recommends a vote FOR the election of the two nominees as directors.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS

Corporate Governance Principles. The Board has adopted Corporate Governance Principles setting forth a framework for our corporate governance with respect to the role and composition of the Board and Nucor's management, responsibilities of directors, director qualification standards, the functioning of the Board and its Committees, the compensation of directors, and annual performance evaluations of the Board and our Chief Executive Officer. These Corporate Governance Principles are posted on our website at www.nucor.com. The information on our website is not a part of this proxy statement. You may also obtain a written copy of the Corporate Governance Principles by contacting Nucor's Corporate Secretary at our executive offices.

Codes of Ethics. Nucor's Standards of Business Conduct and Ethics applies to all employees and directors of the Company. Nucor has also adopted a Code of Ethics for Senior Financial Professionals that applies to the Company's Chief Executive Officer, Chief Financial Officer, Corporate Controller and other senior financial professionals. Both of these documents are available on our website at www.nucor.com. You may also obtain a written copy of these codes of ethics by contacting Nucor's Corporate Secretary at our executive offices.

Director Independence. The Corporate Governance Principles provide that a majority of the members of Nucor's Board of Directors must be independent under the listing standards of the NYSE. For a director to be considered independent, he or she cannot have any of the disqualifying relationships enumerated by the corporate governance rules of the NYSE. In addition, the Board of Directors must determine that the director does not otherwise have any direct or indirect material relationship with the Company. As permitted by the corporate governance rules of the NYSE, the Board of Directors has adopted categorical standards to assist its members in determining whether a particular relationship a director has with the Company is a material relationship that would impair the director's independence. These categorical standards, which are set forth below, establish thresholds at which directors' relationships with the Company are deemed to be not material and, therefore, shall not disqualify any director or nominee from being considered independent.

Relationships involving (1) the purchase or sale of products or services, (2) the purchase, sale or leasing of real property or (3) lending, deposit, banking or other financial service relationships, either by or to the Company or its subsidiaries and involving a director, his or her immediate family members, or an organization of which the director or an immediate family member is a partner, shareholder, officer, employee or director if the following conditions are satisfied:

any payments made to, or payments received from, the Company or its subsidiaries in any single fiscal year within the last three years do not exceed the greater of (i) \$1,000,000 or (ii) 2% of such other organization's consolidated gross revenues;

the products and services are provided in the ordinary course of business and on substantially the same terms and conditions, including price, as would be available to similarly situated customers;

the relationship does not involve consulting, legal or accounting services provided to the Company or its subsidiaries; and

any extension of credit was in the ordinary course of business and was made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other similarly situated borrowers.

Any other relationship between the Company or one of its subsidiaries and a company (including a limited liability company) or partnership to which a director is connected solely as a shareholder, member or partner as long as the director is not a principal shareholder or partner of the organization. For purposes of this categorical standard, a person is a principal shareholder of a company if he or she directly or indirectly, or acting in concert with one or more persons, owns, controls or has the power to vote more than 10% of any class of voting securities of the company. A person is a principal partner of a partnership if he or she directly or indirectly, or acting in concert with one or more persons, owns, controls or has the power to vote a 25% or more general partnership interest, or more than a 10% overall partnership interest. Shares or partnership interests owned or controlled by a director's immediate family member who

Edgar Filing: NUCOR CORP - Form PRE 14A

shares the director's home are considered to be held by the director.

Contributions made or pledged by the Company, its subsidiaries or by any foundation sponsored by or associated with the Company or its subsidiaries to a charitable organization of which a director or an immediate family member is an executive officer, director or trustee if the following conditions are satisfied:

within the preceding three years, the aggregate amount of such contributions during any single fiscal year of the charitable organization did not exceed the greater of (i) \$1,000,000 or (ii) 2% of the charitable organization's consolidated gross revenues for that fiscal year; and

the charitable organization is not a family foundation created by the director or an immediate family member.

For purposes of this categorical standard, contributions made to any charitable organization pursuant to a matching gift program maintained by the Company or by its subsidiaries or by any foundation sponsored by or associated with the Company or its subsidiaries shall not be included in calculating the materiality threshold set forth above.

If the director, or an immediate family member, is an executive officer of another organization in which the Company owns an equity interest and if the amount of the Company's interest is less than 10% of the total voting interest in the other organization.

A relationship involving a director's relative who is not an immediate family member of the director.

In the last five years, the director has not been an executive officer, founder or principal owner of a business organization acquired by the Company, or of a firm or entity that was part of a joint venture or partnership including the Company.

In February 2006, the Board of Directors reviewed the independence of each director, applying the independence standards of the corporate governance rules of the NYSE and those set forth in Nucor's Corporate Governance Principles. The review considered relationships and transactions between each director (and his or her immediate family and affiliates) and each of the Company and its management and the Company's independent registered public accounting firm. The Board of Directors has determined that those relationships that do exist or did exist within the last three years (except for Mr. DiMicco's) all fall below the thresholds contained in the categorical standards adopted by the Board of Directors to assist it in making determinations of independence.

Based on this review, the Board of Directors affirmatively determined that all of the nominees and directors continuing in office, with the exception of Daniel R. DiMicco, the Company's Vice Chairman, President and Chief Executive Officer, are independent as defined in Nucor's Corporate Governance Principles and the corporate governance rules of the NYSE.

Attendance at the Board of Directors and Committee Meetings. The Board of Directors of Nucor held nine meetings during 2005. Each of the directors attended 75% or more of the aggregate number of meetings of the Board and committees of the Board on which the director served.

Executive Sessions of the Non-Management Directors. The non-management directors, all of whom are independent, meet in executive session prior to or after each quarterly board meeting at regularly scheduled executive sessions and as necessary prior to or after other board meetings. Mr. Browning presides over these executive sessions.

Attendance at Annual Meetings of Nucor's Stockholders. In accordance with Nucor's policy requiring all directors to attend the annual meeting of stockholders, all of Nucor's directors attended last year's annual meeting.

Committees of the Board of Directors and their Charters. The Board of Directors of Nucor has three standing committees: the Audit Committee, the Compensation and Executive Development Committee, and the Governance and Nominating Committee. Each of these committees acts pursuant to a written charter adopted by the Board of Directors. A copy of each charter is available on our website at www.nucor.com. You may also obtain a written copy of these charters by contacting Nucor's Corporate Secretary at our executive offices.

The Audit Committee. The Audit Committee assists the Board in its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the public accounting firm engaged to prepare an audit report with respect to the Company's financial statements and the performance of the Company's internal audit function. Pursuant to its written charter, the Audit Committee is directly responsible for, among other things, (1) the appointment, compensation and oversight of the independent auditors for the Company, (2) approving in advance all auditing services and permitted non-auditing services to be provided by the Company's independent auditors, (3) reviewing with the auditors the plan and scope of the audit and audit fees, (4) monitoring the adequacy of the Company's reporting and internal controls, and (5) meeting periodically with internal auditors, independent auditors and management.

All of the members of the Audit Committee are independent as defined in the NYSE listing standards and the applicable SEC regulations for audit committee members. In the opinion of the Board, these directors are free of any relationship that would interfere with their exercise of independent judgment as members of the Audit Committee. All members of the Audit Committee are financially literate as the Board in its business judgment

interprets such qualification. The Board has determined that Mr. Daley, the Chairman of the Audit Committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and that he has accounting and related financial management expertise within the meaning of the NYSE listing standards. The Audit Committee held seven meetings during 2005.

The Compensation and Executive Development Committee. The Compensation and Executive Development Committee is responsible for, among other things, (1) reviewing and approving the goals and objectives relevant to the compensation of the Company's chief executive officer and evaluating the chief executive officer's performance against established corporate goals and objectives, (2) reviewing and evaluating the compensation of Nucor's senior officers, including the chief executive officer, to ensure they are compensated effectively and consistently with the stated compensation strategy and that compensation is tied to the performance of the Company, (3) ensuring that the profit sharing plans for employees of Nucor are consistent with the Company's performance and its compensation philosophy, (4) reviewing management development and succession plans and (5) administering the Company's stock option and other equity incentive compensation plans.

The Compensation and Executive Development Committee is composed entirely of independent directors: Dr. Haynes (Chairman), Mr. Browning, Mr. Daley, Mr. Gantt, Dr. Hlavacek and Mr. Milchovich. All of the members of the Committee meet the independence requirements of the NYSE listing standards for compensation committee members. In the opinion of the Board, these directors are free of any relationship that would interfere with their exercise of independent judgment as members of the Committee. The Compensation and Executive Development Committee held four meetings during 2005.

The Governance and Nominating Committee. The Governance and Nominating Committee is responsible for, among other things, (1) developing and recommending to the Board of Directors specific guidelines and criteria for selecting nominees for election to the Board of Directors, (2) reviewing the qualifications of and making recommendations to the Board regarding nominees for election as a director at each annual meeting of stockholders and the nominees for directors to be elected by the Board of Directors to fill any vacancies or newly created directorships, (3) making recommendations to the Board concerning the size and composition of the Board, the size and composition of each standing committee of the Board and the responsibilities of each standing committee of the Board of Directors, (4) overseeing and arranging the annual process of evaluating the performance of the Board of Directors and the Company's management and (5) developing and recommending to the Board of Directors a set of corporate governance principles for the Company.

The Governance and Nominating Committee is composed entirely of independent directors: Mr. Browning (Chairman), Mr. Daley, Mr. Gantt, Dr. Haynes, Dr. Hlavacek and Mr. Milchovich. All of the members of the Committee meet the independence requirements of the NYSE listing standards for nominating committee members. In the opinion of the Board, these directors are free of any relationship that would interfere with their exercise of independent judgment as members of the Committee. The Committee held six meetings during 2005.

Annual Evaluation of Directors and Committee Members. Our Board of Directors evaluates the performance of each director standing for re-election, each Committee of the Board and the Board of Directors as a whole on an annual basis. In connection with this annual self-evaluation, each director anonymously records his or her views on the performance of each director standing for re-election, each committee and the Board of Directors. The entire Board of Directors reviews these reports and determines what, if any, actions should be taken in the upcoming year to improve its effectiveness and the effectiveness of each director and committee.

How to Communicate with the Board of Directors and Non-management Directors. Stockholders wishing to communicate with our Board of Directors, or any of our individual directors, may do so by sending a written communication to Peter Browning or any other individual director in care of Nucor Corporation, 2100 Rexford Road, Charlotte, North Carolina 28211. Stockholders wishing to communicate with Mr. Browning, as presiding director, or with the non-management directors as a group may do so by sending a written communication addressed to Mr. Browning at our executive offices. Any communication addressed to Mr. Browning or any individual director that is received at the executive offices of Nucor shall be delivered or forwarded to Mr. Browning or the individual director as soon as practicable. Nucor will forward all communications from its stockholders that are addressed simply to the Board of Directors to the chairman of the committee of the Board of Directors whose purpose and function is most closely related to the subject matter of the communication.

NOMINATING DIRECTORS

Stockholders may recommend a director candidate for consideration by the Governance and Nominating Committee by submitting the candidate's name in accordance with provisions of Nucor's bylaws that require advance notice to Nucor and certain other information. In general, under the bylaws, the written notice must be received by Nucor's Corporate Secretary

not less than sixty (60) and not more than ninety (90) days prior to the annual meeting. The notice must contain certain information about the nominee and the stockholder submitting the nomination including, (i) with respect to the nominee, the nominee's name, age, business and residential address, principal occupation or employment, the number of shares beneficially owned by the nominee and any other information required to be disclosed in solicitations for proxies to elect directors pursuant to the SEC's rules and regulations and (ii) with respect to the stockholder submitting the nomination, the stockholder's name and address, as they appear on our books and records and the number of shares beneficially owned by that stockholder. A stockholder who is interested in recommending a director candidate should request a copy of Nucor's bylaw provisions by writing to Nucor's Corporate Secretary at Nucor's executive offices, 2100 Rexford Road, Charlotte, North Carolina 28211.

The Governance and Nominating Committee has a process of identifying and evaluating potential nominees for election as members of the Board. The Committee has a policy that potential nominees shall be evaluated no differently regardless of whether the nominee is recommended by a stockholder, a board member or Nucor's management. The Committee considers potential nominees from all these sources, develops information from many sources concerning the potential nominee, evaluates the potential nominee as to the qualifications that the Committee and the Board have established and in light of the current skill, background and experience of the Board's members and the future, ongoing needs of the Company and makes a decision whether to recommend any potential nominee for consideration for election as a member of the Board. In the past, Nucor has engaged third party search firms to assist the Board of Directors in identifying and evaluating potential nominees for director. Nucor may do so again in the future.

In evaluating potential nominees for election as members of the Board, the Committee considers the following to be minimum qualifications that any nominee must possess. The potential nominee must:

be a person of the highest integrity and must be committed to ethical standards of personal and corporate behavior;

have significant business experience or other organizational leadership experience that will allow the nominee to contribute significantly to the Company as a member of the Board;

if not a member of the Company's management, not have any relationships, directly or indirectly through an immediate family member, with the Company that would make them not able to serve as an independent director within the meaning of any rules and laws applicable to the Company;

have a willingness and an ability to make the necessary time commitment to actively participate as a member of the Board; and

be able to represent the interests of all of Nucor's stockholders and not merely those of one stockholder or a special interest group.

The Committee also believes there are certain specific qualities or skills that one or more members of the Board of Directors must possess. These include:

the skills and experience necessary to serve as an audit committee financial expert;

experience serving as the chief executive officer of, or in another senior management position with, a major manufacturing company;

significant and successful merger and acquisition experience; and

diversity in terms of race or gender.

REPORT OF THE COMPENSATION AND EXECUTIVE DEVELOPMENT COMMITTEE

ON SENIOR OFFICER COMPENSATION

This is our report to the stockholders on the compensation paid to the senior officers of Nucor Corporation. The Compensation and Executive Development Committee of Nucor's Board of Directors is composed solely of directors who are considered to be independent under all applicable legal and regulatory standards. We are directly responsible to the Board of Directors, and through the Board to Nucor's stockholders, for developing and administering the compensation program for Nucor's senior officers, including the Chief Executive Officer. We are supported in our work by James M. Coblin, Nucor's Vice President of Human Resources, and we have retained and regularly use an independent executive compensation consulting firm that is engaged by and reports directly to us on matters of senior executive compensation, including the Chief Executive Officer's compensation.

The total compensation paid to Nucor's senior officers has three components: base salary, incentive compensation awarded under Nucor's Senior Officers Annual Incentive Plan (the AIP) and Nucor's Senior Officers Long-Term Incentive Plan (the LTIP) and stock options awarded under Nucor's Incentive Stock Option Plans (the Incentive Stock Plans). The three components of senior officer compensation are intended to provide a direct link between compensation and Nucor's performance. A relatively small percentage of a senior officer's compensation opportunity is paid to the senior officer each year in the form of base salary without regard to Nucor's performance. Senior officers may earn a much larger amount of their compensation under the AIP, LTIP and the Incentive Stock Plans, but that portion of their compensation is directly tied to Nucor's performance and the value delivered to Nucor's stockholders. In 2005, Nucor had another record-setting performance year, and Nucor's senior officers received substantial awards under the AIP and LTIP for Nucor's outstanding performance.

Nucor's senior officers (including the Chief Executive Officer) also participate in Nucor's 401(k) retirement savings plan and Nucor's group health and other welfare benefit plans on the same terms and conditions that apply to other Nucor employees in accordance with Nucor's egalitarian approach to providing benefits to its employees. Senior officers do not enjoy better insurance programs, vacation schedules or holidays. Certain benefits such as Nucor's Profits Sharing Plan, Scholarship Program, Employee Monthly Stock Investment Plan, Extraordinary Bonus and Service Awards Program are not available to Nucor's senior officers. Senior officers also do not receive perquisites such as company cars, executive parking places or use of corporate jets or executive dining rooms.

Base Salary. With the assistance of its independent compensation consultant, the Committee reviews national surveys of the base salaries and total compensation of senior officers in manufacturing companies with sales, assets and capital comparable to Nucor. The Committee then sets the base salaries of Nucor's senior officers at approximately 90% of the median of the base salaries for comparable positions in such other manufacturing companies. The Committee sets base salaries below the median because of the Committee's desire to orient the total pay of the senior officers significantly towards at risk incentive compensation and the potential for the senior officers to earn significant amounts of incentive compensation under the AIP and LTIP. The Committee increased the base salaries of Nucor's senior officers in fiscal year 2005 to bring them in line with the 90% of median target level.

The AIP and LTIP. A senior officer may earn an incentive award under the AIP for each fiscal year of up to a total of 300% of the senior officer's base salary. Seventy-five percent of the maximum incentive award (i.e., up to 225% of base salary) is available for award based on Nucor's return on average stockholders' equity (ROE). At the beginning of each fiscal year, the Committee establishes a threshold ROE of not less than 3% and not more than 7% that must be achieved before any award may be made to senior officers based on Nucor's ROE. If Nucor achieves the threshold ROE, senior officers will earn an incentive award equal to 20% of the senior officer's base salary. If Nucor's ROE for the fiscal year exceeds 20%, senior officers will earn an incentive award equal to the maximum 225% of the senior officer's base salary that may be awarded under the AIP based on Nucor's ROE. The amount of the incentive award that is earned for ROE that exceeds the threshold but is less than 20% is determined by linear interpolation. The remaining 25% of the maximum annual award available under the AIP (i.e., up to 75% of the senior officer's base salary) is awarded based on a comparison of Nucor's net sales growth with the net sales growth of members of a steel industry peer group.

Edgar Filing: NUCOR CORP - Form PRE 14A

Senior officers have the opportunity to defer payment of up to one-half of any AIP award. Any deferred award is converted into Nucor common stock units and credited to a deferral account. The AIP provides a deferral incentive to senior officers by providing for the crediting of additional common stock units to the deferral account equal to 25% of the number of common stock units attributable to the amount of the deferred award. A senior officer is always vested in the common stock units attributable to the deferred award. The deferral incentive units become vested upon the senior officer's attainment of age 55 while employed or in the event the senior officer dies or becomes disabled before age 55 while employed. The vested common stock units are distributed to the senior officer in the form of Nucor common stock following the senior officer's retirement or other termination of employment.

Based on the goals for Nucor's ROE and sales growth established by the Committee at the beginning of the 2005 fiscal year, senior officers earned the maximum award of 225% of their base salary for the ROE performance measure and an award of 7.50% of their base salary for the sales growth performance measure, receiving total incentive compensation under the AIP equal to 232.50% of their base salary. None of the executive officers named in the Summary Compensation Table on page 15 elected to defer their 2005 AIP awards. A total of six other senior officers elected to defer a portion of their AIP awards and a deferral incentive in the aggregate amount of 2,142 common stock units was credited to their AIP deferral accounts.

Senior officers earn incentive compensation under the LTIP based on Nucor's financial performance during the LTIP's performance periods. The performance periods under the LTIP commence every January 1 and generally last for 3 years. The LTIP has shorter performance periods for the first two years a senior officer participates in the LTIP. The target award under the LTIP for each performance period is a number of shares of Nucor common stock. The number of shares is determined by dividing 85% of each senior officer's annual base salary rate as of the beginning of the performance period by the closing price of Nucor common stock on the day immediately preceding the first day of the performance period. The maximum award that a senior officer may earn under the LTIP is equal to 200% of the number of shares in the target award. The target award for a performance period is prorated if a senior officer commences participation in the LTIP after the beginning of the performance period. Fifty percent of the LTIP award for a performance period is based on Nucor's return on average invested capital (ROAIC) for the performance period relative to its principal competitors in the steel industry. The remaining 50% of the award is based on Nucor's ROAIC for the performance period relative to high-performing companies in capital-intensive industries.

Based on the goals for Nucor's ROAIC established by the Committee for the LTIP performance period that ended December 31, 2005, senior officers earned the maximum award of 200% of the number of shares in each senior officer's target award. The Company paid one-half of the LTIP award in cash and the other half in the form of restricted shares of Nucor's common stock. One-third of the restricted shares will become vested upon each of the first three anniversaries of the award date, or upon the senior officer's attainment of age 55, death or disability while employed by Nucor. A senior officer may defer payment of the restricted stock portion of the LTIP award until the senior officer's retirement or other termination of employment. Nucor does not provide an incentive for the deferral of LTIP restricted stock awards.

Incentive Stock Option Plans. All of Nucor's key employees, including its senior officers, participated in the Incentive Stock Plans during 2005. Under the Incentive Stock Plans, Nucor granted stock options on March 1 and September 1. The number of shares subject to each semi-annual stock option grant was determined by dividing a dollar amount set by the Committee for each key employee's position by the fair market value per share of Nucor's common stock on the grant date. The exercise price for all the options granted under the Incentive Stock Plans was 100% of the market value of Nucor's common stock on the date of grant. The options are exercisable six months after the grant date and expire seven years after the grant date. The Committee members believe that Nucor's Incentive Stock Plans provide incentive for all key employees, including the senior officers, by further identifying their interests with those of Nucor's stockholders, since the key employees benefit only if Nucor stockholders benefit by increases in Nucor's stock price.

Stock Ownership Guidelines. The Board of Directors has adopted stock ownership guidelines for Nucor's senior officers to further link the interests of management and Nucor's stockholders. The guideline number of shares ranges from 90,000 shares for the Chief Executive Officer to 10,000 shares for Nucor's vice presidents. Under the guidelines, senior officers have five years to achieve ownership of the guideline number of shares. The Committee monitors each senior officer's compliance with the ownership guideline or, if applicable, the senior officer's progress in achieving the ownership guideline within five years of being elected an officer. All Nucor senior officers were in compliance with the stock ownership guidelines during 2005 or were on target to satisfy stock ownership guidelines within the five year period for compliance.

Chief Executive Officer Compensation. The total compensation of Nucor's chief executive officer, like that of all its senior officers, is divided into three components: base salary, incentive compensation awarded under the AIP and LTIP, and stock options awarded under the Incentive Stock Plans. Based on the 90% of median base salary target the Committee has previously established for base salaries of Nucor's senior officers, the Committee increased Mr. DiMicco's annual base salary in fiscal year 2005 from \$690,000 to \$707,300. During fiscal year 2005, Mr. DiMicco earned an award under the AIP equal to \$1,644,473 (232.50% of his base salary for the fiscal year). Mr. DiMicco's award under the LTIP for the performance period ended December 31, 2005 consisted of \$1,840,050 in cash and 27,578 restricted shares of Nucor common stock. Mr. DiMicco elected to defer the receipt of the restricted stock portion of his LTIP award in accordance with the terms of the LTIP. During fiscal year 2005, Mr. DiMicco also participated in Nucor's Incentive Stock Plans. Nucor made option grants to him on March 1 and September 1

in accordance with the grant guidelines established by the Committee that are described above.
