**Item 2.02 Results of Operations and Financial Condition.**

On June 29, 2006, American Greetings issued a press release reporting its results for its first quarter ended May 26, 2006. A copy of this press release is attached hereto as Exhibit 99.1.

The information in this Item 2.02 of this Current Report on Form 8-K (including the exhibit attached hereto) is being furnished under Item 2.02 and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of such section, or incorporated by reference in any filing under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

**Item 7.01 Regulation FD Disclosure.**

As reported in our Annual Report on Form 10-K for the year ended February 28, 2006 (Fiscal 2006), in the fourth quarter of Fiscal 2006, we modified our segment reporting to reflect changes in how our operations are managed, viewed and evaluated. Previously, we operated in four business segments: Social Expression Products, Retail Operations, AG Interactive and non-reportable operating segments. We now operate in the following five business segments: North American Social Expression Products, International Social Expression Products, Retail Operations, AG Interactive and non-reportable operating segments.

As was also reported in our Fiscal 2006 Annual Report on Form 10-K, our consolidated financial statements were presented to reflect our South African business unit as a discontinued operation for the periods presented.

For comparison purposes, prior year segment reporting has been reclassified to conform to the changes in segment reporting and the presentation of our South African business unit as a discontinued operation. A schedule reflecting these reclassifications for each quarter in Fiscal 2006 is being furnished with this Current Report on Form 8-K as Exhibit 99.2.

Our segment results are internally reported and evaluated at consistent exchange rates between years to eliminate the impact of foreign currency fluctuations. An exchange rate adjustment is included in the reconciliation of the segment results to the consolidated results; this adjustment represents the impact on the segment results of the difference between the exchange rates used for segment reporting and evaluation and the actual exchange rates for the periods presented. The segment results presented in Exhibit 99.2 are presented at a consistent exchange rate used for Fiscal 2006. When the segment results for Fiscal 2006 are reported as the prior period results in our Quarterly Reports on Form 10-Q to be filed during our fiscal year ending February 28, 2007 (Fiscal 2007), they will be presented at the consistent exchange rates used for such Fiscal 2007 filings to provide comparability between our Fiscal 2007 segment results and our Fiscal 2006 segment results.

The information in this Item 7.01 of this Current Report on Form 8-K (including the exhibit attached hereto) is being furnished under Item 7.01 and shall not be deemed filed for purposes of Section 18 of the Exchange Act, or otherwise subject to the liability of such section, or incorporated by reference in any filing under the Securities Act or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.
