**Financial Summary**

*AMVESCAP continues to make good progress in our efforts to become a premier global investment management organization for our clients and shareholders.*

AMVESCAP President and CEO Martin L. Flanagan

AMVESCAP reported that profit before tax for the six months ended June 30, 2006 amounted to \$355.9 million (six months ended June 30, 2005: \$222.4 million). Operating profit for the six months ended June 30, 2006, amounted to \$378.4 million (six months ended June 30, 2005: \$263.1 million). Diluted earnings per share was \$0.28 for the six months ended June 30, 2006 (six months ended June 30, 2005: \$0.18).

AMVESCAP continues to make good progress in our efforts to become a premier global investment management organization for our clients and shareholders, said AMVESCAP President and CEO Martin L. Flanagan. Positive net fund flows and more efficient operation of our global organization have produced higher operating margins for the first half of 2006. The upcoming addition of PowerShares' distinctive line of ETFs and this week's announcement of our acquisition of WL Ross & Co. LLC, a recognized leader in financial restructuring, will further deepen AMVESCAP's global capabilities and broaden the investment skills we make available for our clients.

**EARNINGS SUMMARY**

Net revenues for the six months ended June 30, 2006, were \$1,172.2 million (six months ended June 30, 2005: \$1,085.6 million). Net revenues for the six months ended June 30, 2006 included the recognition of institutional performance fees of

\$45.8 million (six months ended June 30, 2005: \$14.7 million). Operating expenses totaled \$793.8 million for the six months ended June 30, 2006 (six months ended June 30, 2005: \$822.5 million). The net operating margin for the six months ended June 30, 2006, was 32.3% (six months ended June 30, 2005: 24.2%).

Net revenues for the three months ended June 30, 2006, were \$588.1 million (three months ended March 31, 2006: \$584.1 million). Net revenues for the three months ended June 30, 2006, included the recognition of institutional performance fees of \$12.6 million (three months ended March 31, 2006: \$33.2 million). Operating expenses totaled \$396.4 million for the three months ended June 30, 2006 (three months ended March 31, 2006: \$397.5 million). The net operating margin for the three months ended June 30, 2006, was 32.6% (three months ended March 31, 2006: 31.9%).

Net debt (total debt of \$1,287.0 million, less cash and cash equivalents of \$477.0 million, which excludes client cash of \$10.2 million) as of June 30, 2006 was \$810.0 million compared to \$861.1 million as of March 31, 2006, and \$733.6 million as of December 31, 2005. Client cash for the six months ended June 30, 2006, decreased \$256.0 million since December 31, 2005. The decrease in client cash, which contributed to the movement in our operating cashflows, was primarily due to one depository account sponsored by our banking subsidiary being replaced by an unaffiliated investment fund.

**DIVIDEND**

The Board has declared an interim dividend of \$0.077 per share (2005: 4.0p or \$0.074 per share). The ex-dividend date for the dividend will be September 6, 2006. The interim dividend will be paid on October 11, 2006, to shareholders on the register on September 8, 2006, the record date, which will also be the date upon which the foreign exchange rate will be established for payment to shareholders who receive their dividends in sterling.

**ASSETS UNDER MANAGEMENT**

Assets under management (AUM) at June 30, 2006, were \$413.8 billion (March 31, 2006: \$410.9 billion). Average AUM during the second quarter of 2006 were \$414.6 billion, compared to \$401.3 billion for the first quarter of 2006 and \$373.1 billion for the second quarter of 2005.

**2 AMVESCAP PLC 2006 Interim Report**

*Financial Summary, continued*

Long-term net inflows for the six months ended June 30, 2006, were \$3.8 billion, with inflows of \$46.6 billion and outflows of \$42.8 billion. Net inflows for the three months ended June 30, 2006 were \$2.3 billion and net inflows for the three months ended March 31, 2006 were \$1.5 billion. In addition, money market assets continue to grow, with net inflows of \$2.2 billion in the second quarter of 2006 and \$7.4 billion in the first quarter of 2006. Further analysis of AUM is included on pages 13 and 14 of this report.

**BUSINESS DEVELOPMENTS**

During the second quarter, AMVESCAP continued to make progress in our efforts to work more effectively as a global organization. We have begun to align AMVESCAP's global operating platform by transforming the support structure of our organization around the world, with a goal of streamlining our operations and driving renewed efficiency. Internally, we have set and communicated operating targets that are used to monitor our progress towards implementing the strategic plans outlined as part of our year-end 2005 earnings presentation. Although some benefits of these efforts will be realized during 2006, the most significant benefits should become evident over the next few years.

In the meantime, the company continued to actively manage costs by focusing on spending and incremental efficiency improvements. AMVESCAP is on track to meet the expense commitments made in early 2006, subject to variances arising from market and foreign exchange movements.

Relative investment performance improved during the quarter and the company experienced positive net flows through both retail and institutional channels. Flows were driven primarily by sales from our fixed income, money market, and alternative asset class products, but also benefited from improved redemption rates.

Operating results reflect the building momentum of the business. Net operating margins were 32.6% for the quarter versus 31.9% in the first quarter and 24.4% in the same quarter of 2005.

The previously announced acquisition of PowerShares Capital Management, an Exchange-Traded Fund (ETF) provider, is scheduled to close in the third quarter. The ETFs offered by PowerShares will complement the fund lineup and expand the breadth of products we can offer to our clients through AIM Investments. PowerShares fund assets grew to \$5.9 billion at June 30, 2006.

**Note 6. Statutory Financial Statements**

The financial information shown in this interim report is unaudited and does not constitute statutory financial statements. The 2005 Annual Report, which was filed with the Registrar of Companies on May 31, 2006, includes an unqualified audit report in accordance with Section 235 of the Companies Act 1985. This audit report does not contain a statement under section 237(2) or section 237(3) of the Companies Act 1985.

**Independent Review Report**

**to AMVESCAP PLC**

We have been instructed by the company to review the financial information for the six months ended 30 June 2006 which comprises consolidated financial statements such as the Consolidated Income Statements, Consolidated Balance Sheets, Consolidated Statement of Changes in Equity, Consolidated Cash Flow Statements, and the related notes 1 to 6. We have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information.

This report is made solely to the company in accordance with guidance contained in Bulletin 1999/4 Review of interim financial information issued by the Auditing Practices Board. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the conclusions we have formed.

**DIRECTORS RESPONSIBILITIES**

The interim report, including the financial information contained therein, is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the interim report in accordance with the Listing Rules of the Financial Services Authority which require that the accounting policies and presentation applied to the interim figures should be consistent with those applied in preparing the preceding annual accounts except where any changes, and the reasons for them, are disclosed.

**REVIEW WORK PERFORMED**

We conducted our review in accordance with guidance contained in Bulletin 1999/4 Review of interim financial information issued by the Auditing Practices Board for use in the United Kingdom. A review consists principally of making enquiries of group management and applying analytical procedures to the financial information and underlying financial data, and based thereon, assessing whether the accounting policies and presentation have been consistently applied, unless otherwise disclosed. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit performed in accordance with International Standards on Auditing (UK and Ireland) and therefore provides a lower level of assurance than an audit. Accordingly we do not express an audit opinion on the financial information.

**REVIEW CONCLUSION**

On the basis of our review we are not aware of any material modifications that should be made to the financial information as presented for the six months ended 30 June 2006.
