Amendments to Embarq Corporation 2006 Equity Incentive Plan

On December 7, 2006, the Embarq Corporation Board of Directors adopted amendments to the Embarq Corporation 2006 Equity Incentive Plan (the Plan). The amendments clarify that the decision by the Compensation Committee of the Board to equitably adjust the number of shares available under the Plan and the number or value of shares subject to outstanding awards upon the occurrence of certain events affecting the common stock of the Company, such as a merger, recapitalization, stock split, or other change in corporate structure affecting the common stock, is mandatory, rather than discretionary. The amendments also change the default definition of fair market value for purposes of determining the exercise price of future stock options and stock appreciation rights from the average of the high and low prices on the date of grant to the closing price on the date of grant. Under the Plan, stock options and stock appreciation rights may not be granted with an exercise price less than the fair market value on the date of grant. The amendments became effective upon Board approval.

The above is a summary of the amendments to the Plan and does not purport to be complete. This summary is qualified in its entirety by reference to the Embarq Corporation 2006 Equity Incentive Plan, as amended and restated, a copy of which is attached hereto as Exhibit 10.1 and incorporated herein by reference.
