## **Section 1 Registrant's Business and Operations**

### **Item 1.01. Entry into a Material Definitive Agreement.**

On January 10, 2007, as described in more detail in Item 2.01 below, SunPower Corporation ( "SunPower" or the "Company" ) completed the previously announced merger transaction (the "Merger" ) involving the Company, Pluto Acquisition Company LLC, a Delaware limited liability company and a wholly owned subsidiary of the Company ( "Merger Sub" ), and PowerLight Corporation, a California corporation ( "PowerLight" ). As a result of the completion of the Merger, PowerLight has become a wholly owned subsidiary of SunPower. SunPower currently expects to operate PowerLight as a stand alone business unit, and it will retain its own facilities and management team within the overall SunPower reporting structure.

In connection with the completion of the transactions contemplated by the agreement governing the Merger (the "Merger Agreement" ), the board of directors (the "Board" ) of the Company authorized the Company to enter into indemnification agreements with each of Thomas L. Dinwoodie, Howard J. Wenger and Bruce R. Ledesma, who were appointed by the Board as executive officers of the Company upon the completion of the Merger. The indemnification agreements authorized by the Board to be entered into are in a form substantially similar to the indemnification agreements currently in effect for individuals who served as the officers and directors of the Company prior to the Merger, the form of which has previously been filed with the Securities and Exchange Commission (the "Commission" ). This form of indemnification agreement generally provides that the Company will indemnify a party to the agreement against all expenses, judgments, fines, penalties and other amounts paid in connection with third party proceedings, and against all expenses and, to the extent permitted by law, amounts paid in settlement actually and reasonably incurred in a proceeding by or in the right of the Company, in each case if the indemnitee acted in good faith and in a manner in which such indemnitee believed to be in, or not opposed to, the best interests of the Company.

## **Section 2 Financial Information**

### **Item 2.01. Completion of Acquisition or Disposition of Assets.**

On January 10, 2007, SunPower completed the previously announced Merger involving the Company, Merger Sub and PowerLight. As a result of the Merger, PowerLight has become a wholly owned subsidiary of SunPower.

Upon the completion of the Merger, all of the outstanding shares of PowerLight, and a portion of each vested option to purchase shares of PowerLight, were cancelled, and all of the outstanding options to purchase shares of PowerLight (other than the portion of each vested option that was cancelled) were assumed, by SunPower, in exchange for aggregate consideration of (i) approximately \$120.7 million in cash plus (ii) a total of 5,708,723 shares of SunPower's class A common stock, inclusive of (a) 1,601,839 shares of SunPower class A common stock which may be issued upon the exercise of assumed vested and unvested PowerLight stock options, which options vest on the same schedule as the assumed PowerLight stock options, and (b) 1,675,881 shares of SunPower class A common stock issued to employees of the PowerLight business in the Merger, which shares are subject to certain transfer restrictions and a repurchase option by the Company, both of which lapse over a two-year period under the terms of certain

equity restriction agreements described in more detail in Item 5.02 below. The Company is also obligated under the terms of the Merger Agreement to issue an additional 200,841 shares of restricted SunPower class A common stock (such shares, the "Bonus Pool") to certain employees of the PowerLight business, which shares will be subject to certain transfer restrictions which will lapse over 4 years.

PowerLight is a leading global provider of large-scale solar power systems. PowerLight designs, assembles, markets and sells solar electric power system technology that integrates solar cells and panels from SunPower and other suppliers to convert sunlight to electricity compatible with the utility network. PowerLight also sells customers solar power systems on a turnkey basis by developing, engineering, procuring permits and equipment for, managing construction of, offering access to financing for, and providing monitoring, operations and maintenance services for large-scale roof-mounted and ground-mounted solar power applications. PowerLight's customers include industrial, commercial and public sector entities, investors, utilities and production home builders.

PowerLight is expected to constitute a significant part of the SunPower business on a going-forward basis. SunPower considered a number of factors, both positive and negative, in its analysis of the Merger. SunPower decided to enter into the Merger Agreement in view of all of these factors, including the potential business synergies, accelerated product innovation and cost savings that are anticipated to result from the proposed merger, including faster time to market with new products, research and development savings and efficiencies and supply chain management efficiencies. The management teams of the two companies are working actively on integration plans with the goal of promoting synergies and collaboration among the management, product development and sales and marketing teams of SunPower and PowerLight.

A press release announcing the completion of the Merger is attached hereto as Exhibit 99.1 and is incorporated herein by this reference.

### **Section 3 Securities and Trading Markets**

#### **Item 3.02 Unregistered Sales of Equity Securities.**

The information set forth in Item 2.01 of this Current Report on Form 8-K with respect to the issuance of shares of SunPower's class A common stock in connection with the completion of the Merger is incorporated into this Item 3.02 by this reference.

The above-described issuance of shares of SunPower's class A common stock has been made in reliance upon Rule 506 of Regulation D under the Securities Act of 1933, as amended. SunPower believes that the offering satisfied the terms and conditions set forth in Rules 501, 502 and 506 of Regulation D as there were no more than 35 purchasers (calculated in accordance with Regulation D) and SunPower believes that each purchaser who is not an accredited investor has, either alone or with his purchaser representative, such knowledge and experience in financial and business matters that he is capable of evaluating the merits and risks of this investment. SunPower believes that exemptions other than the foregoing exemption may also exist for this transaction.

In addition to the foregoing, if, during the period beginning three months before and ending 18 months following a change of control (as defined in the respective employment agreement of each of Messrs. Dinwoodie, Wenger and Ledesma), such individual's employment is terminated other than for cause or he resigns for good reason, all of such individual's unvested stock options or restricted stock granted from and after the date of the Merger will become fully vested.

Pursuant to his employment agreement, each of Messrs. Dinwoodie, Wenger and Ledesma also agreed to certain non-solicitation provisions, which apply for up to one (1) year following the termination of his employment.

Messrs. Dinwoodie's, Wenger's and Ledesma's employment agreements are attached hereto as Exhibits 10.1, 10.2 and 10.3, respectively, and are incorporated herein by this reference.

In addition to their respective employment agreements, each of Messrs. Dinwoodie, Wenger and Ledesma, as well as certain other members of PowerLight's management team, entered into equity restriction agreements (the "Equity Restriction Agreements") with SunPower pursuant to which they each agreed that half of the aggregate amount of the SunPower class A common stock received by them at the closing of the Merger and the SunPower class A common stock to be received by them upon the exercise of vested stock options held by them at the closing of the Merger would be subject to certain transfer and repurchase restrictions. Specifically, these individuals agreed to give SunPower the right to repurchase the shares of SunPower class A common stock subject to the restrictions for two years following the date of the closing of the Merger. If Mr. Dinwoodie, Mr. Wenger or Mr. Ledesma is terminated for cause or resigns other than for good reason (each as defined in their respective Equity Restriction Agreement) during the restriction period, SunPower has the right to repurchase any or all of such person's respective shares still subject to the restrictions for \$0.01 per share. Provided that Mr. Dinwoodie, Mr. Wenger and Mr. Ledesma remain employed by the Company or by PowerLight, the restrictions and repurchase right lapse on one quarter of the shares semi-annually. The restrictions and repurchase right lapse immediately upon termination by reason of death or disability or upon resignation for good reason or termination other than for cause.
