PROXY STATEMENT

2007 Annual Meeting of Stockholders

To Be Held on May 16, 2007

We are furnishing this Proxy Statement in connection with the solicitation of proxies by our Board of Directors for use at our 2007 Annual Meeting of Stockholders on Wednesday, May 16, 2007, at 12:00 noon, Chicago time, at the Wyndham O Hare Hotel, 6810 North Mannheim Road, Rosemont, Illinois 60018. We are mailing this Proxy Statement and the accompanying materials to our stockholders beginning on or about April 16, 2007.

In this Proxy Statement, we, us, our or the Company refers to Stericycle, Inc.

GENERAL

Stock

Our authorized capital stock consists of common stock, par value \$0.01 per share (common stock), and preferred stock, par value \$0.01 per share (preferred stock). As of March 19, 2007, the record date for the Annual Meeting, we had 44,xxx,xxx shares of common stock outstanding. We did not have any shares of preferred stock outstanding.

Stockholders Entitled To Vote

Only holders of our common stock who were stockholders of record at the close of business on the record date of March 19, 2007 are entitled to notice of and to vote their shares of record at the Annual Meeting. Each outstanding share of common stock is entitled to one vote.

Quorum

Holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting who are present in person or represented by proxy will constitute a quorum to conduct business at the meeting. The inspectors of election appointed at the meeting will determine the existence of a quorum and tabulate the votes cast at the meeting.

Voting

The eight directors to be elected at the Annual Meeting (Item 1) will be elected by a plurality of the votes cast by stockholders present in person or represented by proxy, entitled to vote and voting. The proposal to amend our certificate of incorporation to increase our authorized shares of common stock from 80,000,000 shares to 120,000,000 shares (Item 2) will require for approval the affirmative vote of holders of a majority of the shares of our common stock outstanding as of the record date. Each other matter to be voted on at the Annual Meeting (for example, Item 3) will require for approval the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote.

A stockholder may withhold authority to vote for one or more nominees for director and may abstain from voting on one or more of the other matters to be voted on at the Annual Meeting. Shares for which authority is withheld or that a stockholder abstains from voting will be counted for purposes of determining whether a

Table of Contents

quorum is present. Shares for which authority is withheld will have no effect on the voting for the election of directors (which, as noted, requires a plurality of the votes cast). Shares that a stockholder abstains from voting will be included in the total of votes cast and will have the effect of votes against the matter in question.

If a broker or nominee indicates on a proxy card that it does not have discretionary authority to vote on a particular matter, the shares will be taken into account in determining whether a quorum is present (if the shares are voted on any other matter) but will not be included in the total of votes cast and thus will have no effect on the outcome of voting on the matter.

Telephone and Internet Voting

Stockholders whose shares are registered in their names directly with our stock registrar and transfer agent, LaSalle Bank, N.A., may vote their shares telephonically, by calling (866) 207-3912, or via the internet, by going to www.eproxyvote.com/src/. Stockholders whose shares are registered in the name of a brokerage firm, bank or other nominee may be able to vote their shares telephonically or via the internet. You should check the information provided by your broker, bank or other nominee to see what options, if any, are available to you.

Proxies

If a stockholder properly completes and returns the accompanying proxy card, the shares of stock represented by the proxy will be voted as the stockholder directs. **If no directions are given, the persons appointed as proxy holders will vote the shares in accordance with the recommendations of our Board of Directors, i.e.,** they will vote the shares *for* the election of the nominees for director described in this proxy statement (Item 1), *for* the proposal to amend our certificate of incorporation to increase our authorized shares of common stock from 80,000,000 shares to 120,000,000 shares (Item 2), and *for* ratification of the appointment of Ernst & Young LLP as our independent public accountants for 2007 (Item 3).

A stockholder may revoke a proxy at any time before it is voted by filing a signed notice of revocation with the Secretary of the Company or by returning a properly completed proxy card bearing a later date. In addition, a stockholder may revoke a proxy by attending the Annual Meeting in person and requesting to vote. Attendance at the meeting in person will not, by itself, revoke the proxy.

Committees of the Board

Our Board of Directors has standing Compensation, Audit and Nominating and Governance Committees. All of the members of each committee are outside directors who are independent under the applicable listing standards of the National Association of Securities Dealers, Inc. (NASD)

Compensation Committee

The Compensation Committee makes recommendations to the full Board of Directors concerning the base salaries and cash bonuses of our executive officers and reviews our employee compensation policies generally. The Committee also administers our stock option plans as they apply to our executive officers.

Table of Contents

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities relating to the integrity of our financial statements, the qualifications and experience of our independent accountants, the performance of our internal audit function and our independent accountants, and our compliance with legal and regulatory requirements.

Nominating and Governance Committee

The Nominating and Governance Committee identifies and evaluates possible nominees for election to the Board of Directors and recommends to the full Board a slate of nominees for election at the annual meeting of stockholders. The Committee also recommends to the full Board director assignments to the Board's committees. In addition, the Committee develops, recommends to the full Board and oversees the implementation of our corporate governance policies and practices.

The Committee considers a variety of factors in evaluating any candidate for selection as a nominee for election as a director. These factors include the candidate's personal qualities, including, in particular, the candidate's probity, independence of judgment and analytical skills, and the candidate's professional experience, educational background, knowledge of our business and health care services generally, and experience serving on the boards of other public companies. The Committee has not established any minimum qualifications that a candidate must possess. In determining whether to recommend an incumbent director for re-election, the Committee also considers the director's preparation for and participation in meetings of the Board of Directors and the committee or committees of the Board on which he serves.

In identifying potential candidates for selection in the future as nominees for election as directors, the Committee will rely on suggestions and recommendations from the full Board, management, stockholders and others and, when appropriate, may retain a search firm for assistance. The Committee will consider candidates proposed by stockholders and will evaluate any candidate proposed by a stockholder on the same basis that it evaluates any other candidate. Any stockholder who wants to propose a candidate should submit a written recommendation to the Committee indicating the candidate's qualifications and other relevant biographical information and providing preliminary confirmation that the candidate would be willing to serve as a director. See Communications with the Board.

Committee Charters

The charters of the Compensation, Audit and Nominating and Governance Committees are available on our website, www.stericycle.com, under About Us/Corporate Governance.

Policy on Related Party Transactions

In February 2007, the Board of Directors adopted a written policy requiring certain transactions with related parties to be approved in advance by the Audit Committee. For purposes of this policy, a related party includes any director or executive officer or an immediate family member of any director or executive officer. The transactions subject to review include any transaction, arrangement or relationship (or any series of similar transactions, arrangements and relationships.) in which (i) we or one of our subsidiaries will be a participant, (ii) the aggregate amount involved exceeds \$100,000 and (iii) a related party will have a direct or indirect interest. The standards to be applied by the Audit Committee in reviewing transactions with related parties include the benefits to us of the proposed transaction, the potential effect of the proposed transaction on the director's independence (if the related party is a director), and the terms of the proposed transaction and whether those terms are comparable to the terms available to an unrelated third party or to employees generally.

There were no transactions during 2006 that would have required the prior approval of the Audit Committee if the Board's policy on related party transactions had been in place during the year.

AUDIT COMMITTEE REPORT

Under the Audit Committee's charter, the Audit Committee of the Board of Directors assists the Board in fulfilling its oversight responsibilities relating to the integrity of the Company's financial statements, the qualifications and experience of Company's independent accountants, the performance of the Company's internal audit function and independent accountants, and the Company's compliance with applicable legal and regulatory requirements. The Committee's charter is available on the Company's website, www.stericycle.com, under About Us/Corporate Governance. The current members of the Committee, who served during 2006, are Messrs. Dammeyer (Chair), Patience, Reusché and Schuler.

In regard to our role, we note that it is the responsibility of the Company's management to prepare financial statements in accordance with accounting principles generally accepted in the United States, and that it is the responsibility of the Company's independent public accountants to audit those financial statements. The Committee's responsibility is one of oversight, and we do not provide expert or other special assurance regarding the Company's financial statements or the quality of the audits performed by the Company's independent public accountants.

In carrying out our oversight responsibility, we review and discuss with both management and the Company's independent public accountants all quarterly and annual financial statements prior to their issuance. We reviewed and discussed with both management and Ernst & Young LLP the quarterly and annual financial statements for the fiscal year ended December 31, 2006. Our reviews and discussions with Ernst & Young LLP included executive sessions without the presence of the Company's management. They also included discussions of the matters required to be discussed pursuant to Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, of the Auditing Standards Board of the American Institute of Certified Public Accountants, including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the Company's financial statements. We also discussed with Ernst & Young LLP matters relating to their independence, including a review of their audit and non-audit fees and the disclosures that Ernst & Young LLP made to the Committee pursuant to Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, of the Independence Standards Board.

In addition, we continued to monitor the scope and adequacy of the Company's internal controls, including staffing levels and requirements, and we reviewed programs and initiatives to strengthen the effectiveness of the Company's internal controls and steps taken to implement recommended improvements.

On the basis of these reviews and discussions, we recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2006 for filing with the U.S. Securities and Exchange Commission.

FROM 80,000,000 SHARES TO 120,000,000 SHARES**

Stockholders are being asked to approve an amendment to our amended and restated certificate of incorporation, as amended (our certificate of incorporation) to increase our authorized shares of common stock from 80,000,000 shares to 120,000,000 shares.

In February 2007, our Board of Directors unanimously approved a proposed amendment to our certificate of incorporation to increase our authorized shares of common stock from 80,000,000 shares to 120,000,000 shares and directed that the proposed amendment be submitted to a vote of our stockholders at the Annual Meeting. A copy of the proposed amendment, marked to show the changes that would be made to the existing provision, appears as **Exhibit A** to this Proxy Statement. Under the proposed amendment, each additional authorized share of common stock would have the same rights and privileges as each currently authorized share of common stock.

The proposed amendment requires the approval of our stockholders by the affirmative vote of holders of a majority of the shares of our common stock outstanding as of the record date (March 19, 2007).

Shares Outstanding and Reserved for Issuance

As of December 31, 2006, we had 44,251,965 shares of our common stock issued and outstanding. In addition, we had reserved 3,518,655 shares for issuance upon the exercise of outstanding stock options, 1,949,510 shares for issuance upon the exercise of stock options authorized to be granted but not yet granted under our stock option plans, 196,277 shares reserved for issuance under our employee stock purchase plan, and 11,000 shares reserved for issuance upon the exercise of outstanding common stock purchase warrants.

Accordingly, as of December 31, 2006, we had a total of 49,927,407 shares of our common stock issued and outstanding or reserved for issuance.

Reason for Proposed Amendment

Our Board of Directors has approved the proposed amendment because the Board has discussed the possibility of authorizing a 2-for-1 stock split if we had a sufficient number of authorized shares of common stock to permit the split. As matters stand, we do not.

Edgar Filing: STERICYCLE INC - Form PRE 14A

The Board of Directors has merely considered the possibility of authorizing a 2-for-1 stock split. The Board has not determined that a 2-for-1 or other stock split would be in the Company's best interest or the best interest of our stockholders, and it has not authorized a stock split. If the proposed amendment is approved by our stockholders, the Board may authorize a 2-for-1 stock split or other stock split, or it may decide that a stock split, either on a 2-for-1 basis or any other basis, is not in the Company's best interest or the best interest of our stockholders.

Possible Abandonment of Proposed Amendment

If the proposed amendment is approved by our stockholders but our Board of Directors decides not to authorize a stock split, the Board will abandon the proposed amendment even though it has been approved by the stockholders. If the proposed amendment is approved by our stockholders and we have not filed it with the Secretary of State of the State of Delaware by December 31, 2007, the Board of Directors will be considered to have abandoned the proposed amendment. If the proposed amendment is abandoned, it may not be filed to amend our certificate of incorporation unless stockholder approval is once again obtained.

Other Factors To Consider

Aside from a possible 2-for-1 or other stock split, or in connection with our existing stock option plans and employee stock purchase plan, we do not have any current plans or intentions for the issuance or use of a material number of shares of our common stock.

Table of Contents

If any of the additional authorized shares of common stock were to be issued other than in connection with a stock split, the issuance could have a dilutive effect on our earnings per share of common stock and on the voting power and equity interests of holders of our common stock at the time that the additional authorized shares are issued.

Although not a factor in the Board's decision to propose the increase in our authorized shares of common stock, one of the effects of the increase could be to enable the Board to make more difficult or discourage attempts by third parties to gain control of the Company by means of a merger, tender offer, proxy contest or other means, and thus enable the Board to protect the continuity of the incumbent directors and officers.

Current holders of our stock do not have preemptive rights to subscribe for or purchase any shares of our authorized common stock.

The Board of Directors recommends that stockholders vote FOR approval of the proposal to amend our certificate of incorporation to increase our authorized shares of common stock from 80,000,000 shares to 120,000,000 shares.
