PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Broadway Financial Corporation, a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders of the Company (the Annual Meeting) to be held at the Company's principal executive offices, 4800 Wilshire Boulevard, Los Angeles, California, 90010, at 2:00 p.m., on June 20, 2007, and at any postponement or adjournment thereof. This Proxy Statement and the accompanying form of proxy were first mailed to stockholders on or about May 14, 2007.

The Company was incorporated under Delaware law in September 1995 for the purpose of acquiring and holding all of the outstanding capital stock of Broadway Federal Bank, f.s.b. (Broadway Federal or the Bank) as part of the Bank's conversion from a federally chartered mutual savings and loan association to a federally chartered stock savings bank (the Conversion). The Conversion was completed, and the Bank became a wholly owned subsidiary of the Company, on January 8, 1996. Unless otherwise indicated, references in this Proxy Statement to the Company include the Bank as its predecessor.

RECORD DATE AND VOTING OF SHARES

The Board of Directors has selected April 30, 2007 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. A total of 1,637,576 shares of the Company's common stock, par value \$.01 per share (the Common Stock), were outstanding at the close of business on that date. A majority of the shares entitled to vote, represented in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Stockholders will be entitled to cast one vote for each share of Common Stock held by them of record at the close of business on the record date on any matter that may be presented at the Annual Meeting for consideration and action by the stockholders. Abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted for a vote of the stockholders. A plurality of votes cast is required for the election of directors and the affirmative vote of the majority of shares represented and voting will be required to ratify the appointment of Crowe Chizek and Company LLP (Crowe Chizek) as the Company's independent audit firm. If a broker indicates on its proxy that the broker does not have discretionary authority to vote on a particular matter as to certain shares, those shares will be counted for general quorum purposes but will not be considered as present and entitled to vote with respect to that matter.

VOTING AND REVOCATION OF PROXIES

All valid proxies received in response to this solicitation will be voted in accordance with the instructions indicated thereon by the stockholders giving such proxies. If no contrary instructions are given, such proxies will be voted FOR the election of the nominees named in this Proxy Statement as directors and FOR approval of the appointment of Crowe Chizek as the Company's independent audit firm for the fiscal year ending December 31, 2007. Although the Board of Directors currently knows of no other matter to be brought before the Annual Meeting, if other matters properly come before the Annual Meeting and may properly be acted upon, including voting on a substitute nominee for director in the event that any director nominee named in this Proxy Statement becomes unwilling or unable to serve before the Annual Meeting, the proxies will be voted in accordance with the best judgment of the persons named in the proxies.

Any stockholder may revoke his or her proxy at any time before it is voted at the Annual Meeting by delivering a later signed and dated proxy card or other written notice of revocation to Daniele Johnson, Secretary

of the Company, at 4800 Wilshire Boulevard, Los Angeles, California 90010. A proxy will also be considered revoked if the stockholder executing the proxy is present at the Annual Meeting and chooses to vote in person.

SOLICITATION OF PROXIES

Proxies are being solicited on behalf of the Board. The principal solicitation of proxies is being made by mail. U. S. Stock Transfer Corporation, the Company's transfer agent, will assist in the solicitation of proxies at no additional fee except for reimbursement of certain expenses. To the extent necessary, proxies may be solicited by officers, directors and employees of the Company, or its wholly owned subsidiaries, none of whom will receive additional compensation, and may be solicited by telephone, personal contact or other means. The Company will bear the cost of the solicitation of proxies, including postage, printing and handling, and will reimburse brokers and other nominee holders of shares for their expenses incurred in forwarding solicitation material to beneficial owners of shares.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Board of Directors (Board) of Broadway Federal Bank (Bank) has appointed a Compensation/Benefits Committee (Committee) of the Board that is tasked to establish, supervise and review policies involving the Bank's personnel performance, compensation and benefits. The Committee is made up of three independent outside Directors. The Committee has developed a formal accountability schedule and meets on a regular basis to review and approve both policy recommendations and compensation actions that impact the senior officers of the organization. The Committee has a defined Committee Charter which provides for a broad scope of responsibilities to establish, supervise and review all matters related to compensation within the organization and in particular with matters of compensation affecting officers that are members of executive management.

In compliance with the SEC Proxy Disclosure requirements, the following is the Compensation Discussion and Analysis (CD&A) as it pertains to the 2006 fiscal year. This discussion and analysis is focused on the material principles that underlie the Bank's executive compensation policies and decisions.

Philosophy

It is the philosophy of the Committee and the Board of Directors to insure that the Bank has the policies and processes in place that will enable the Bank to attract, motivate and retain the highest quality workforce while at

the same time balancing those needs with the duty to enhance shareholder value. To achieve these goals the Committee reviews competitive market data and acts on it when warranted. The Committee retains an outside independent compensation consultant to assist with the development of market data.

The Committee has a pay for performance philosophy. This means that compensation actions approved for executives are consistent with results achieved against predetermined objectives. The Board believes this philosophy enhances shareholder value.

For 2006, the Committee defined its bank peer group as financial institutions operating on the West Coast of California that have assets ranging between \$250MM and \$500MM. The Bank uses asset size and geographic location as key elements in determining the appropriate peer group. The Bank utilizes multiple survey sources to assist with this process. The Bank's asset size as of December 31, 2006 was \$301 million.

Process

The Committee follows a defined process throughout the year. The Committee retains the services of an outside independent human resource consulting company to insure that the Committee has sufficient knowledge about the competitive market to make sound decisions regarding the competitiveness of the overall compensation package. In that regard, the Committee utilizes the services of John Parry and Alexander (JPA). Stephen Enna, JPA Director, is on retainer to the Committee and serves as an advisor on an ongoing basis. JPA specializes in community banks and works with more than 100 institutions throughout the Western United States.

The process begins in the fall of the preceding plan year when the Board meets to establish the Bank and Company goals for the plan year. The Committee generally meets four times per year. Goal achievement is reviewed by the Committee after the plan year has been completed and decisions are made regarding the total compensation merited by the CEO. The Committee, consistent with its Charter, determines compensation for the named executive officers. The Committee evaluates the CEO's performance against overall corporate goals and performance. With respect to compensation decisions for the other named executive officers, the CEO annually reviews the performance of each of the other named executive officers. The conclusions reached and recommendations based on this review, including any recommendations for salary adjustments and annual bonus awards, are presented to the Committee. The Committee considers the recommendations of the CEO. The elements of compensation and the Committee's view on each are outlined later in this report.

Objectives

The Committee's focus is on objectives that align the executive compensation plan with the interests of shareholders. The pay for performance philosophy links the Bank's performance and individual performance and is designed to support Broadway Financial Corporation's (Company) strategic plan. It is the Bank's intention, where applicable, to insure that measurable objectives are developed and communicated to participants prior to the commencement of a plan year and that following the completion of the plan year the results achieved are tied directly to the compensation received by plan participants.

The Bank objectives change each year; however, a minimum threshold of achievement is established before the bonus plan is funded. Earnings growth as well as growth in both loans and deposits is consistently included in the goals and objectives established.

Compensation Elements

In developing its overall compensation strategy, the Committee reviews each element of compensation and the purposes of each. It then reviews the total of all elements of compensation in order to insure the Bank maintains an overall compensation strategy that is competitive. The elements of compensation included in this discussion and reflected in the charts are the following:

Base Salary

Short-Term Incentive (Annual Bonus)

Total Cash Compensation (Combination of Base Salary and Short-Term Incentive)

Long-Term Incentives (Equity Awards)

Benefits

Executive Perquisites

The strategy behind each element of compensation has been defined as follows.

Base Salary

The Committee has defined base salary as the fixed direct compensation paid an executive for performing specific job responsibilities. The Committee targets base salary at market median. The base salaries of the executives are reviewed from time to time against the competitive market and adjustments made in accordance with the market data.

Short-Term Incentives (Annual Bonus)

The Committee has defined the short-term incentive as a cash bonus that is a form of variable pay paid in addition to base pay for results achieved over the Board approved minimum earnings threshold. The Committee approved for use in 2006 an Incentive Plan for Management (Plan). The Plan is designed to reward management for productivity, high performance and implementing the business plan and vision of the Bank. In order for the Plan participants to receive any form of payout, a minimum level of financial performance by the Bank must be achieved.

The Plan has two types of objectives. The first are Bank objectives which are set by the Board of Directors in advance of the Plan year. The second are individual objectives that are set by the CEO for Plan participants. Targets are established and weighted for each objective. Executives are advised in advance of the Plan year what they can achieve as a percent of their base salary if bonus targets are achieved. For 2006 the Board established five specific objectives for the CEO in the following areas:

1. Net Earnings
2. Safety and Soundness Ratings
3. Net Loan Growth

4. Core Deposit Growth

5. Management Effectiveness

At the end of the Plan year each goal was assessed and results calculated. Not all goals were achieved and, thus, the Plan did not pay out any bonus amounts to the named executives for the 2006 Plan year.

The bonus plan is performance based. In years where the objectives are achieved, the bonus payments are made. In years where the objectives are not met, payments are not made.

Total Cash Compensation (Combination of Base Salary and Short-Term Incentive)

Total cash compensation is defined as the sum of base salary and short-term incentive received over an annual (12) month reporting period. The Committee's philosophy regarding total cash compensation is to insure that total cash compensation exceeds the market median in years in which the short-term objectives have been achieved.

Long-Term Objectives (Equity)

The Committee defines long-term incentives as Equity Compensation. Equity Compensation is an incentive designed to reward and retain executives for long term performance. This type of compensation is linked to shareholder return and aligns the executives' rewards with those achieved by shareholders.

The Company has the following equity plans: a) Performance Equity Program for Officers and Employees; b) Long Term Incentive Plan; c) Recognition and Retention Plan for Outside Directors; and d) Stock Option Plan for Outside Directors. Past decisions regarding equity grants to executives and Directors have been made on a discretionary basis. The current Programs are in need of share replenishment. It is the Committee's intention to submit to shareholders for their review and approval new equity incentive programs at the 2008 Shareholder Meeting. The new programs, if approved, will enable the Bank to use other forms of stock based awards like restricted stock and performance shares when desired. To insure that stock option grants have been valued in accordance with Financial Accounting Standards Board (FASB) guidelines, the Bank uses the Black-Scholes Model to value the cost of grants.

The Bank has an approved Employee Stock Ownership Plan (ESOP) that was established in January 1996. The purpose of the ESOP is to promote the mutual interests of the Company's shareholders and Bank employees. All employees that have attained the age of 21 years and completed one year of service are eligible to receive Company shares under the ESOP.

Benefits

Benefits are defined as those plans not related to cash compensation or equity that are needed to insure that a competitive total compensation package is maintained. Benefits may be qualified or non-qualified.

The Committee's strategy regarding benefits has been to insure that the plans in place are competitive and assist the Bank in attracting and retaining the talent needed. They are designed to provide for the basic health and welfare needs of employees. The Committee has adopted the strategy not to lead the market in benefits and to adopt benefit strategies that are likely to reduce future growth in benefit costs. This decision is in keeping with the Committee's desire to continue to foster a pay for performance rather than an entitlement culture. At the present, the Bank has a basic benefit package which includes health and insurance benefits and a 401(k) with a matching provision. The Bank has no pension plan.

Executive Perquisites/Executive Employment Contracts

The Committee has approved Severance Benefits for Named Executive Officers in the event of a change in control. The agreements have two triggers. The first trigger is that a change in control must occur, and the second is that the acquiring organization makes the determination not to employ the officer covered. The approved benefits are as follows:

Named Officers	Severance Benefit
Paul C. Hudson	30 months
F. Glenn Harvey	30 months
Samuel Sarpong	18 months
Candis Hurdle-Noel	12 months
Mildred O. Cayton	12 months

The Bank has established a Non Qualified Deferred Compensation Plan (Plan) for a select group of executive officers and directors of the Company and/or the Bank. Under the Plan, the executive officer or director may elect to defer annually a stated maximum amount of his or her salary until a specified date or until he or she is no longer employed by Broadway. No executive officer or director participated in the Plan during 2006.

The Bank has a Salary Continuation Agreement (Agreement) in place for Paul C. Hudson. The Agreement is designed as a retention tool. The Agreement provides an annual benefit of \$100,000 per year for 15 years beginning at age 65. For Mr. Hudson to receive the benefits under this Agreement, he must remain with the Bank and/or Company until he is 65. Should he leave prior to that time, he will forfeit this benefit. Mr. Hudson also receives a car and telephone allowance and is subsidized for a club membership.

The other named officers receive both car and telephone allowances.

Director Compensation

In 2005 the Bank developed a compensation strategy for its Directors which is based on the same pay for performance philosophy that it uses for its executives. The program developed was designed with input from an outside third party consulting firm. The recommendations made were based on a market analysis of financial institutions operating in the West with assets between \$250MM and \$500MM. The recommendations were presented to the full Board; the following resolutions were approved and form the basis for Director Compensation:

1. Each Independent Director receives \$1,000 for attendance at each Board Meeting.
2. Each Independent Director receives a retainer of \$6,000 annually in lieu of Board Committee fees.
3. The Chairman of the Board, if independent, receives a \$5,000 retainer for his work as Chairman.
4. The respective Chairman of the Loan, Audit/Compliance, and Compensation/Benefits Committees receive an annual retainer of \$3,000 for his service as Chairman.
5. The respective Chairman of the Executive, Investment and Nominating Committees (if Outside Directors) receive an annual retainer of \$2,000 for his service as Chairman.

The Plan is designed to differentiate Director cash compensation based on the Director's duties and responsibilities to the Board. In addition to cash compensation, the Directors are entitled to health insurance coverage.

The Directors did not receive any equity compensation during 2006.

On September 30, 1999, the Bank made a \$550,000 loan to Maddox & Stabler LLC. Mr. A. Odell Maddox is a director of the Company and the Bank. The loan is secured by a 24-unit multi-family property located in Los Angeles, California. The terms of the 30-year loan include an initial interest rate of 8% fixed for the first five years and a variable rate thereafter equal to 2.50% over the one-year Treasury Bill rate. The Board of Directors unanimously recommends

that you vote to ratify the appointment of Crowe Chizek and Company LLP

as the Company's Independent Auditors.

INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has appointed Crowe Chizek and Company LLP as the Company's independent audit firm for the fiscal year ending December 31, 2007. It is anticipated that representatives of Crowe Chizek will be present at the Annual Meeting. The Crowe Chizek representatives will be given an opportunity to make a statement, if they desire to do so, and will be available to respond to any appropriate questions from stockholders. Crowe Chizek performed the independent audit of the Company's financial statements for the fiscal years ended December 31, 2006 and 2005.

Change of Auditors for 2005

The Audit Committee of the Board of Directors of the Company made a decision to seek competitive bids for the audit of the Company's consolidated financial statements for the year ending December 31, 2005. KPMG, the incumbent independent auditor was invited to submit their bid. In a letter addressed to the Chairman of the Company's Audit Committee, received on April 19, 2005, KPMG declined to stand for re-appointment as principal accountants of the Company. After a comprehensive review of proposals received for audit services from several other public accountants, the Audit Committee recommended that the Board of Directors engage Crowe Chizek and Company LLP as the Company's independent auditor for the fiscal year ending December 31, 2005. The Company's Board of Directors approved the selection of Crowe Chizek and Company LLP as the Company's new independent auditor on April 20, 2005.

The reports of KPMG on the Company's consolidated financial statements, as of and for the fiscal years ended December 31, 2004 and December 31, 2003, did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with its audits of the Company's consolidated financial statements for the fiscal years ended December 31, 2004 and December 31, 2003, there were no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused it to make reference thereto in its report on the Company's consolidated financial statements as of and for the fiscal years ended December 31, 2004 and December 31, 2003.

During the two most recent fiscal years ended December 31, 2004 and December 31, 2003 and the subsequent interim period through April 20, 2005, the Company did not consult with Crowe Chizek and Company LLP regarding the application of accounting principles to a specific transaction, either proposed or completed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Item 304(a)(2)(i) and (ii) of Regulation S-B.

Principal Accountant Fees and Services

Before the Company's independent accountants are engaged to render non-audit services for the Company or the Bank, the Audit Committee approves each engagement. The Audit Committee also preapproved all of the audit and audit-related services provided by Crowe Chizek and Company LLP for the year ended December 31, 2006 and 2005. The following table sets forth the aggregate fees billed to us by Crowe Chizek and Company LLP for the years indicated.
