#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### 1. Basis of Presentation and Significant Accounting Policies

These Unaudited Condensed Consolidated Financial Statements of Birks & Mayors Inc. (Birks & Mayors or the Company) include the accounts of the Canadian parent company Birks & Mayors Inc. (Birks), its wholly-owned subsidiary, Mayor s Jewelers, Inc. (Mayors), and Mayors wholly-owned subsidiary Henry Birks & Sons U.S. Inc. These Unaudited Condensed Consolidated Financial Statements are prepared in U.S. dollars and do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. All significant intercompany accounts and transactions have been eliminated in consolidation.

The Condensed Consolidated Financial Statements of the Company in this report for the thirteen and thirty-nine week periods ended December 29, 2007 have not been audited. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the financial position and results of operations for the interim period have been made. The results of operations are not necessarily indicative of the results of operations for the full year or any other interim period. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Annual Report on Form 20-F for the fiscal year ended March 31, 2007, filed with the United States Securities and Exchange Commission (SEC) on June 18, 2007.

The accounting principles followed by the Company and the methods of applying these principles conform with generally accepted accounting principles in the United States and with general practices of the retail industry. These principles require management to make certain estimates and assumptions that affect amounts reported and disclosed in the financial statements and related notes. The most significant estimates include valuation of inventories, accounts receivable and deferred tax assets, provisions for income taxes, and the recoverability of long-lived assets. Actual results could differ from these estimates. Periodically, the Company reviews all significant estimates and assumptions affecting the financial statements relative to current conditions and records the effect of any necessary adjustments. The consolidated financial statements include certain reclassifications of prior period amounts in order to conform with current period presentation.

Annually, our fiscal years end on the last Saturday of March. As a result, our current fiscal year consists of four thirteen week periods, while the prior year consisted of one fourteen week period ended July 1, 2006 and three subsequent thirteen week periods. We refer to the prior fiscal year ended March 31, 2007 as fiscal 2007, and the current fiscal year ending March 29, 2008 as fiscal 2008.

#### 2. Recent Accounting Pronouncements

In December 2007, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 141 (Revised 2007), Business Combinations (SFAS No. 141R). The objective of SFAS No. 141R is to improve the relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial reports about a business combination and its effects. SFAS No. 141R requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS No. 141R also requires the acquirer to recognize and measure the goodwill acquired in a business combination or a gain from a bargain purchase and how to evaluate the nature and financial effects of the business combination. SFAS No. 141R is effective for financial statements issued for fiscal years beginning after December 15, 2008. The Company is in the process of evaluating the impact, if any, that the adoption of SFAS No. 141R will have on its financial position or results of operations.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements-an amendment of Accounting Research Bulletin (ARB) No. 51. The objective of SFAS No. 160 is to improve the relevance, comparability, and transparency of the financial information that a reporting entity provides in its consolidated financial statements. SFAS No. 160 amends ARB No. 51 to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. SFAS No. 160 also changes the way the consolidated income statement is presented, establishes a single method of accounting for changes in a parent s ownership interest in a subsidiary that do not result in deconsolidated financial statements that clearly identify and distinguish between the interests of the parent s owners and the interest of the noncontrolling owners of a subsidiary. SFAS No. 160 is effective for financial statements issued for the fiscal years beginning on or after December 15, 2008. The Company is in the process of evaluating the impact, if any, that the adoption of SFAS No. 160 will have on its financial position or statement of operations.

#### 3. Income Taxes

The Company adopted the provisions of FASB Interpretation No. 48 Accounting for Uncertainty in Income Taxes (FIN 48), an interpretation of FASB Statement No. 109 (SFAS 109) on April 1, 2007. The adoption of FIN 48 did not have a material impact on the Company s Unaudited Condensed Consolidated Financial Statements. At the adoption date of April 1, 2007, the Company had \$0.8 million of unrecognized tax benefits. During the thirty-nine week period ended December 29, 2007, the unrecognized tax benefits were increased by approximately \$0.2 million to \$1.0 million, all of which would affect the effective tax rate if recognized.

The Company recognizes interest and penalties related to uncertain tax positions in income tax expense. As of December 29, 2007, the Company had no accrued interest related to uncertain tax positions due to available tax loss carry forwards.

The tax years 2004 through 2007 remain open to examination by the major taxing jurisdictions to which the Company is subject.

The Company recorded income tax expense of \$3.7 million for the thirty-nine week period ended December 29, 2007 compared to \$0.2 million for the comparable period last year which reflects the recognition of deferred tax assets last year associated with the Company s Canadian operations. This \$3.5 million increase is primarily explained by the prior year reversal of a valuation allowance on deferred tax assets that reduced income tax expense. Tax expense during the thirteen and thirty-nine week periods ended December 29, 2007 included \$0.8 million of tax expense related to the reduction of deferred tax assets associated with the enactment of lower tax rates in Canada during the third quarter and the resolution of matters pertaining to prior years income taxes. Also included as tax expenses in the current year was \$0.4 million of recognized deferred tax benefits associated with the current year-to-date earnings allocated to reduce goodwill. This amount represents a portion of unrecognized deferred tax assets acquired in a business combination which were realized during fiscal 2008.

The Company s provision for income tax varies from the amount computed by applying the statutory income tax rates for the thirty-nine week period ended December 29, 2007 for the reasons summarized below:

	<b>39 weeks ended</b> December 29, 2007
Canadian statutory rate	33.37%
Deferred income tax adjustments due to rate enactment and prior year items	7.80%
Rate differential for U.S. operations	1.22%
Tax benefit of losses and other tax attributes	(8.95)%
Other	0.43%
