**Trina Solar Completed Computation of Fair Value** 

### of Foreign Exchange Derivative

Changzhou, China June 26, 2008 Trina Solar Limited (NYSE: TSL) (Trina Solar or the Company), a leading integrated manufacturer of solar photovoltaic products from the production of ingots, wafers and cells to the assembly of PV modules, founded in 1997, today announced that, in connection with the preparation of its financial statements for the year ended December 31, 2007, the Company has completed the computation of the fair value of a foreign exchange derivative embedded in a material long-term silicon supply contract. This contract provides that the purchase price of the silicon to be acquired shall be denominated in U.S. dollars, which was not the functional currency of either of the contracting parties at the time the contract was entered into. The impact of the foreign exchange derivative was recorded as gain (loss) on change in fair value of derivative, a non-cash and non-operating item in the Company's consolidated statement of operations.

The following is a summary of the Company s unaudited consolidated statement of operations data for the three months ended March 31, June 30, September 30 and December 31, 2007 and March 31, 2008 and a summary of the Company s unaudited consolidated balance sheet data as of March 31, June 30, September 30 and December 31, 2007 and March 31, 2008. Such financial information is different from the financial information previously furnished to the Securities and Exchange Commission on Form 6-Ks due to adjustments made in connection with the embedded foreign exchange derivative computation. The Company has prepared the unaudited consolidated financial information on the same basis as its audited consolidated financial statements and in accordance with United States generally accepted accounting principles. Results for the quarterly financial information may not be indicative of the Company s full year results for 2008 or for future quarterly periods.

For the assumptions and details of the computation relating to the embedded foreign exchange derivative, see Item 5. Operating and Financial Review and Prospects Critical Accounting Policies included in the Company s annual report on Form 20-F for the fiscal year ended December 31, 2007. The Company s annual report was filed with the Securities and Exchange Commission on June 26, 2008. See Item 5. Operating and Financial Review and Prospects included in the Company s annual report on Form 20-F for trends and other factors that may influence its results of operations.

About Trina Solar Limited

Trina Solar Limited (NYSE: TSL), through its wholly-owned subsidiary Changzhou Trina Solar Energy Co. Ltd, is a well recognized manufacturer of high quality modules and has a long history as a solar PV pioneer since it was founded in 1997 as a system installation company. Trina Solar is currently one of the few PV manufacturers that has developed a vertically integrated business model from the production of monocrystalline and multicrystalline ingots, wafers and cells to the assembly of high quality modules. This integrated value chain helps to ensure that high quality products can be delivered to its end customers around the globe, including a number of European countries, such as Germany, Spain and Italy. Trina Solar s solar modules provide reliable and environmentally-friendly electric power for residential, commercial, industrial and other applications worldwide. For further information, please visit Trina Solar s website at http://www.trinasolar.com.
