Report of Independent Registered Public Accounting Firm

The Retirement & Savings Plans Administrative Committee

SUPERVALU INC.

Eden Prairie, Minnesota:

We have audited the accompanying statements of net assets available for benefits of the Pittsburgh Division Profit Sharing Plan (the Plan) as of December 31, 2007 and February 28, 2007 and the related statement of changes in net assets available for benefits for the period from March 1, 2007 to December 31, 2007. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and February 28, 2007, and the changes in net assets available for benefits for the period from March 1, 2007 to December 31, 2007, in conformity with U.S. generally accepted accounting principles.

PITTSBURGH DIVISION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2007 AND FEBRUARY 28, 2007,

AND FOR THE PERIOD FROM MARCH 1, 2007 TO DECEMBER 31, 2007

1. Description of Plan

The following description of the Pittsburgh Division Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The following description of the Plan provisions applies to the Plan years ended December 31, 2007 and February 28, 2007. Effective December 31, 2007, the Plan merged into the SUPERVALU Pre-Tax Savings and Profit Sharing Plan, which was then renamed the SUPERVALU STAR 401(k) Plan and amended on January 1, 2008 for other key changes, including a change in the amount of the Company match, an additional discretionary employer profit sharing contribution and earlier vesting for employer contributions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established for all full-time employees of the Pittsburgh Division of SUPERVALU INC. (SUPERVALU or the Company). Under provisions of the Plan, as amended, all full-time employees of the Pittsburgh Division of SUPERVALU who are 21 years of age or older are eligible to participate in the Plan after completing one year of eligible service.

Participant Accounts, Transfers and Mergers

Individual accounts are maintained for each Plan participant. Each participant's account is credited with Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their accounts into one or more of the funds within the SUPERVALU INC. 401(k) Master Trust held by Bank of New York, the trustee (the Bank of New York Master Trust).

On December 31, 2007, participant accounts from the Plan of \$66,154,619 were transferred, along with the related interest in the Bank of New York Master Trust, into the SUPERVALU Pre-Tax Savings and Profit Sharing Plan. The participants with accounts that transferred into the SUPERVALU Pre-Tax Savings and Profit Sharing Plan on December 31, 2007, were eligible to participate in the SUPERVALU Pre-Tax Savings and Profit Sharing Plan starting in January 2008.

Contributions

Contributions to the Plan are determined each year at the discretion of the Company and are limited to the amount deductible for federal income tax purposes. The Company's contribution is allocated among the participants based on the ratio of each participant's compensation, weighted for length of service, to total weighted compensation for all participants for the year, except that a participant's allocation may not exceed the lesser of 100% of the participant's compensation or \$40,000 as adjusted for cost-of-living increases in accordance with Section 415(d) of the Internal Revenue Code of 1986 (the Code). Separate accounts are maintained for each participant.

The Plan provides that the Retirement and Savings Plan Administrative Committee (the Committee), at its discretion, may elect to implement nondeductible voluntary contributions which would allow Plan participants to contribute to the Plan a sum not to exceed 10% of the participant's applicable compensation during the Plan year. The Committee has not elected this option; therefore, no participant contributions have been made.

Vesting

All amounts contributed by employees, if allowed, are 100% vested at all times. Participants become vested with respect to employer contributions based upon the following graduated scale:

Years of vesting service	Vested portion of participant's account
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years or more	100%

Regardless of years of vested service, a Plan participant will automatically become fully vested in employer contributions upon reaching the age of 60, or upon death, disability or Plan termination.

Table of Contents

PITTSBURGH DIVISION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2007 AND FEBRUARY 28, 2007,

AND FOR THE PERIOD FROM MARCH 1, 2007 TO DECEMBER 31, 2007

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Benefits under the Plan are payable in a lump sum. Participants may receive an in-service hardship distribution from the vested portion of their accounts after completing the appropriate application forms and receiving approval from the Plan administrator.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares of SUPERVALU Common Stock allocated to his or her account. Shares of SUPERVALU Common Stock for which participants do not timely return proxy or voting instruction cards shall be voted based on instructions the trustee has received from the Company.

Forfeited Accounts

Forfeitures of nonvested amounts shall be allocated to the remaining participants in the same manner as SUPERVALU's annual contribution. Forfeitures of \$4,327 were allocated to remaining participants from the period from March 1, 2007 to December 31, 2007.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP)*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statements of Net Assets Available for Benefits presents the fair value of the Plan's interest in the Bank of New York Master Trust as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investments Valuation and Income Recognition

The fair value of the Plan's interests in the Bank of New York Master Trust is based on the beginning of the period value of the Plan's interests in the Bank of New York Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Quoted market prices are used to value investments in the Bank of New York Master Trust. Mutual funds are valued at the net asset value of shares held by the Plan at year end. The fair value of the synthetic guaranteed investment contracts equals the total of the fair value of the underlying assets plus the value of the wrapper contract (see Note 3, Interest in Master Trust). Participant loans are valued at their outstanding balance, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Table of Contents**PITTSBURGH DIVISION PROFIT SHARING PLAN****NOTES TO FINANCIAL STATEMENTS****AS OF DECEMBER 31, 2007 AND FEBRUARY 28, 2007,****AND FOR THE PERIOD FROM MARCH 1, 2007 TO DECEMBER 31, 2007*****Administrative Expenses***

Administrative expenses are generally paid by the Plan, except to the extent that SUPERVALU, at its discretion, directly pays for certain expenses.

Recent Accounting Pronouncements

Effective March 1, 2007, the Plan adopted Financial Accounting Standards Board (FASB) Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109, Accounting for Income Taxes*. FIN 48 establishes financial accounting and disclosure requirements for recognition and measurement of tax positions taken or expected to be taken on an income tax return. The adoption of FIN 48 had no impact on the Plan's net assets available for benefits as of December 31, 2007 or changes of net assets available for benefits for the year then ended.

3. Interest in Master Trust

Under the terms of the trust agreement, the trustee manages investments on behalf of the Plan and are held together with assets of other plans sponsored by SUPERVALU in the Bank of New York Master Trust.

Bank of New York Master Trust

As previously noted, on December 31, 2007, participant accounts from the Plan were transferred, along with the related interest in the Bank of New York Master Trust, into the SUPERVALU Pre-Tax Savings and Profit Sharing Plan. At December 31, 2007, February 28, 2007, the Plan's interest in the net assets of the Bank of New York Master Trust was approximately 0% and 7.0%, respectively. Investment income and administrative expenses relating to the Bank of New York Master Trust are allocated to the individual plans based upon the ratio of net assets of the plan in that fund to the total net assets of the Bank of New York Master Trust in that fund.

Fair values of investments in the Bank of New York Master Trust are as follows:

	December 31, 2007	February 28, 2007
Investments at fair value:		
Receivable from liquidated assets	\$ 263,511,630	\$
Common and preferred Stock	154,054,108	238,066,049
SUPERVALU, INC. Common Stock	99,713,752	98,086,887
Mutual funds / pooled separate accounts	89,748,380	256,160,402
Corporate bonds and debentures	99,713,752	98,086,887
Commercial paper and short-term investments	1,957,177	3,925,261
Synthetic guaranteed investment contract	207,293,150	185,441,172
Total investments at fair value	915,991,949	879,766,658
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(1,487,479)	3,104,686

Edgar Filing: SUPERVALU INC - Form 11-KT

Total investments at contract value	\$ 914,504,470	\$ 882,871,344
-------------------------------------	----------------	----------------

Table of Contents**PITTSBURGH DIVISION PROFIT SHARING PLAN****NOTES TO FINANCIAL STATEMENTS****AS OF DECEMBER 31, 2007 AND FEBRUARY 28, 2007,****AND FOR THE PERIOD FROM MARCH 1, 2007 TO DECEMBER 31, 2007**

Investment income for the Bank of New York Master Trust for the period from March 1, 2007 to December 31, 2007 is as follows:

	2007
Investment income:	
Net appreciation (depreciation) in fair value of investments:	
Common and preferred stock	\$ 6,529,160
Mutual funds / pooled separate accounts	14,811,413
Corporate bonds and debentures	12,668,511
	34,009,084
Dividends	2,021,090
Interest	7,027,681
	34,009,084
Net investment income	\$ 43,057,855

The Bank of New York Master Trust holds an investment in a Principal Conservation Fund, which includes a synthetic guaranteed investment contract (GIC). As of December 31, 2007 and February 28, 2007, the synthetic GIC is presented at fair value of \$207,293,150 and \$185,441,172, respectively, in the table above. In determining the net assets available for benefits, as of December 31, 2007 and February 28, 2007, the synthetic GIC is recorded at its contract value of \$205,805,671 and \$188,545,858, respectively, which is equal to principal balance plus accrued interest. As provided in the FSP, an investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit responsive.

Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed and reset on a quarterly basis. The crediting interest rate at December 31, 2007 and February 28, 2007 was 4.37% and 5.01%, respectively. The average yield at December 31, 2007 and February 28, 2007 was 5.01% and 5.40%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The synthetic GIC does not permit the insurance company to terminate the agreement except under certain circumstances per the terms of the agreement. The Company and Plan may terminate the agreement upon 30 days notice. The GIC is placed with a financial institution with a credit rating of A.

4. Federal Income Tax Status

The IRS has determined and informed the Company by letter dated May 8, 2002, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the

Plan's ERISA counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

5. Related-Party Transactions

Certain investments in the Bank of New York Master Trust are shares of mutual funds managed by the trustee. Transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
