Benefit Plan Financial Committee

Darden Restaurants, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Darden Savings Plan (the Plan) as of April 30, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2008 and 2007, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules Schedule H, Line 4i Schedule of Assets (Held at End of Year) and Schedule H, Line 4j Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DARDEN SAVINGS PLAN

Notes to Financial Statements

April 30, 2008 and 2007

(1) Description of the Plan

The following description of the Darden Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Darden Restaurants, Inc. (Company). The Plan, as amended, was originally established in June 1973. The Plan covers certain employees of the Company's operating and administrative subsidiaries, and their divisions and affiliates who are age 21 or older, regardless of their length of service. The Plan also allows allocation of Company shares in the ESOP Fund (an employee stock ownership component of the Plan) for payment of incentive bonuses earned by certain restaurant management and Restaurant Support Center administrative employees that have at least five years of service with the Company, its subsidiaries or affiliates.

The Plan allows participants to immediately transfer ESOP Funds credited to their accounts to any of the Plan's other investment funds. Effective March 2004, the Plan was amended to temporarily suspend the allocation of Company shares in the ESOP Fund for incentive bonuses earned by restaurant management through August 2004 and then restrict the allocation of Company shares in the ESOP Fund for payment of incentive bonuses to individuals who were classified as qualified managers under the Plan as of May 31, 2003. This amendment also disallowed the allocation of Company shares in the ESOP Fund for payment of incentive bonuses earned by certain Restaurant Support Center administrative employees effective March 2004. The Plan was amended effective January 1, 2008 to allow the Plan to pay Plan expenses with dividends on unallocated shares of Company Stock to the extent they are not used for repayment of principal and interest on acquisition loans.

Eligible employees may elect to make primary contributions to the Plan ranging from 1% to 6% of their eligible compensation for each year on an after-tax or before-tax basis. Participants electing to contribute 6% may also elect to make unmatched contributions equal to between 1% and 19% of their eligible compensation for the year. The Company makes quarterly variable contributions to the Plan ranging from 25% to 120% of the primary contribution percentages made by the participants. The Company contribution varies depending on the Company's operating results. Plan matching provisions become effective for participants upon completion of 12 months of service and accumulation of 1,000 hours of service in an anniversary year. Income earned by the Plan is allocated to participants' accounts based on their relative account balances.

Participants may borrow from their vested account as follows: a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, minus the highest outstanding loan balance in the preceding 12 months even if repaid; 50% of their vested account balance; or the vested balance in the participant's account excluding amounts in the ESOP Fund. The loan amount may not result in loan repayments which exceed 50% of the participant's 13 week average net take-home pay. Loan repayment terms generally may not exceed 5 years. The loans are secured by the balance in the participant's account and bear market rates of interest. Principal and interest is paid through payroll deductions and may be repaid in full at any time without penalty.

DARDEN SAVINGS PLAN

Notes to Financial Statements

April 30, 2008 and 2007

On termination of service due to death, disability, retirement, induction into the Armed Forces of, or service with, the United States Government, or involuntary separation or elimination of position due to a sale, destruction, shut-down, or closing out of an activity or facility, a participant shall be entitled to a distribution of the total value of his or her account. All other terminating participants, including those who terminate service due to other reasons, will receive a lump sum distribution of their vested account balance if such balance is \$1,000 or less (See note 3). Terminating participants having vested account balances greater than \$1,000 may elect either to receive a lump sum distribution or to leave their accounts in the Plan until attainment of age 65. Effective October 2003, the Plan was amended to allow the Plan to charge a quarterly fee to terminated participants who leave their accounts in the Plan. All benefits are recorded when paid.

Ameriprise Trust Company, a subsidiary of Ameriprise Financial, Inc. (Ameriprise) and formerly known as American Express Trust Company, previously performed the trustee and administrative duties for the Plan. On June 1, 2006, Wachovia Bank, N.A. acquired the defined contribution recordkeeping business of Ameriprise. Upon completion of the acquisition, the defined contribution recordkeeping business of Ameriprise became part of Wachovia Retirement Services, a division of Wachovia Bank, N.A. Effective June 1, 2006, Wachovia Retirement Services (Trustee) began to serve as trustee and administrator of the Plan.

Each participant is entitled to exercise voting rights attributable to the common stock of the Company shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee will vote any allocated shares for which instructions have not been given by a participant and any unallocated shares in the same proportion as votes received.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

The Plan accounts for certain changes in net assets as follows:

Dividends and interest, net realized and unrealized gains or losses and administrative expenses of the Participant Directed Funds (excluding Company Common Stock Fund) are recognized by the Plan only as they are reflected in the Plan's proportionate share of net increases (decreases) in the fair value of the respective funds; and

Net realized gains or losses are recognized by the Plan upon the sale of investment securities on the basis of weighted average cost.

(b) Investments

Plan investments are recorded at fair value. When available, fair value is determined by quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Short-term investments are stated at cost, which approximates fair value. Participant loans are valued at their outstanding balances, which approximates fair value. Investments in common collective trusts are carried at fair value based on the fair value of the underlying securities in which the account is invested.

Table of Contents

DARDEN SAVINGS PLAN

Notes to Financial Statements

April 30, 2008 and 2007

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and schedules. The financial markets have been subject to considerable turmoil subsequent to April 30, 2008 and the fair value of certain of the Plan's investments may have significantly deteriorated.

As of April 30, 2008, 52% of the Plan's investments are in the common stock of the Company. Accordingly, changes in the value of the Company's common stock could have a greater effect on the Plan's financial statements than other Plan investments.

(c) Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of additions to and deductions from those net assets during the reporting period. Actual results could differ from those estimates.

(d) Reclassifications

Certain reclassifications have been made to prior year amounts to conform to current year presentation.

(e) Application of New Accounting Standards

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements. SFAS No. 157 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measures required under other accounting pronouncements, but does not change existing guidance as to whether or not an instrument is carried at fair value. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, which will require us to adopt these provisions for the plan year ended April 30, 2009. We do not believe the adoption of SFAS No. 157 will have a significant impact on these financial statements.

(3) Forfeitures and Vesting

Vested rights to Company contribution amounts accrue at a rate of 5% per quarter beginning with the participant's fifth quarter of service. Forfeitures of nonvested Company contributions to the Plan can be used in the following order of priority: cover administrative expenses incurred by the Plan, reinstate

previously forfeited amounts to rehired employees and cover Company matching contributions. During the 2008 and 2007 Plan years, \$474,786 and \$182,098, respectively, of forfeitures were used to cover administrative expenses of the Plan. No forfeited funds were used to cover Company contributions during 2008 or 2007.

(4) Choice of Investments

As of April 30, 2008, participant contributions to the Plan may be directed to 15 basic investment alternatives: RiverSource Trust Stable Capital Fund II, PIMCO Total Return Fund, RiverSource Trust Equity Index Fund I, T. Rowe Price Small Cap Stock Fund, EuroPacific Growth Fund, Harbor Capital Appreciation Fund, Davis New York Venture Fund, Vanguard Target Retirement 2045 Fund, Vanguard Target Retirement 2035 Fund, Vanguard Target Retirement 2025 Fund, Vanguard Target Retirement 2015 Fund, Vanguard Target Retirement 2005 Fund, Vanguard Target Retirement Income Fund, Vanguard Strategic Equity Fund and Company Common Stock Fund. Participants should refer to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.

(7) ESOP Fund

The ESOP Fund consists of common stock of the Company and cash which is held in short-term investments. All amounts credited to participants' ESOP accounts will be invested in the ESOP Fund. Effective June 2002, the Plan was amended to allow participants to immediately transfer ESOP funds credited to their accounts to any of the Plan's other investment funds. However, amounts may not be transferred from any of the other investment funds into the ESOP Fund.

At April 30, 2008 and 2007, the ESOP Fund consists of 6,824,544 and 7,895,680 shares, respectively, of the Company's common stock. Of the total shares held by the ESOP Fund, 3,870,955 shares at April 30, 2008 and 4,063,298 shares at April 30, 2007 of Company common stock have been allocated to individual participant accounts. The remaining 2,953,589 shares at April 30, 2008 and 3,832,382 shares at April 30, 2007 of Company common stock, which are held by the Trustee, are unallocated (suspense) shares reserved for future Company matching contributions and incentive bonuses to individuals who were classified as qualified managers under the Plan as of May 31, 2003. The shares become available for allocation to participants' accounts as ESOP loan principal and interest is paid.
