Item 1.01. Entry into a Material Definitive Agreement.

On July 1, 2009, Carrier Enterprise, LLC (Carrier Enterprise), a subsidiary of Watsco, Inc. (the Registrant), entered into a secured three-year \$75.0 million credit agreement (the Credit Agreement) with three lenders, Wells Fargo Bank, N.A. as Joint Lead Arranger, Joint Bookrunner and Administrative Agent (the Administrative Agent), J.P. Morgan Securities, Inc. as Joint Lead Arranger and Joint Bookrunner and J.P. Morgan Chase Bank, N.A., as Syndication Agent (the Credit Facility). Borrowings under the Credit Facility will be used by Carrier Enterprise for general corporate purposes, including working capital and permitted acquisitions.

The terms of the Credit Facility include a \$15.0 million swing loan subfacility and a \$5.0 million letter of credit subfacility. As of the date hereof, approximately \$1.1 million of borrowings were outstanding under the Credit Facility.

The interest rate charged under the Credit Agreement varies depending on the types of advances or loans that Carrier Enterprise selects under the Credit Facility. Borrowings under the Credit Facility bear interest at primarily LIBOR-based rates plus a spread which ranges from 275 to 325 basis-points (LIBOR plus 300 basis-points as of the date hereof) depending upon Carrier Enterprise s ratio of total debt to EBITDA. Carrier Enterprise pays a fixed commitment fee on the unused portion of the commitment of 50 basis-points. Alternatively, Carrier Enterprise has the option to elect to have borrowings under the Credit Facility bear interest at the higher of the prime rate announced by the Administrative Agent, the Federal Funds Rate plus 50 basis-points or a LIBOR-based rate plus 150 basis-points.

The Credit Facility is secured by all tangible and intangible assets of Carrier Enterprise. The Credit Agreement contains customary affirmative and negative covenants and warranties, including compliance with a monthly borrowing base certificate with advance rates on accounts receivable and inventory, two financial covenants with respect to Carrier Enterprise s leverage and interest coverage ratios and limits the level of capital expenditures in addition to other restrictions. It also contains customary Events of Default (as defined in the Credit Agreement). If Carrier Enterprise experiences any Event of Default other than events of bankruptcy in its obligations under the Credit Facility, then, to the extent permitted in the Credit Agreement, the Administrative Agent may terminate the commitments under the Credit Facility and accelerate any outstanding loans. Upon events of bankruptcy, Carrier Enterprise s obligation under the Credit Facility becomes immediately due and payable. Carrier Enterprise s performance and payment obligations under the Credit Facility are guaranteed by its direct and indirect domestic subsidiaries.

Certain of the lenders party to the Credit Facility, and their respective affiliates, have performed, and may in the future perform, various commercial banking, investment banking and other financial advisory services for Carrier Enterprise and its subsidiaries and affiliates, for which they have received, and will receive, customary fees and expenses.

The foregoing description of the Credit Facility is qualified in its entirety by reference to the Credit Agreement which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

Item 2.01. Completion of Acquisition or Disposition of Assets.

On July 1, 2009, the Registrant completed the formation of Carrier Enterprise, a joint venture with Carrier Corporation (Carrier), pursuant to the definitive purchase and contribution agreement dated May 3, 2009, as amended June 29, 2009, by and between Carrier and the Registrant and, executed an Operating Agreement of Carrier Enterprise (amended and restated) which establishes the manner in which Carrier Enterprise is to be managed (the Agreements). Carrier Enterprise will operate 110 locations in 20 states and Puerto Rico and serve over 19,000 air conditioning and heating contractors. The Registrant directly or indirectly owns 60% of Carrier Enterprise with options to purchase an additional 20% interest from Carrier within the next three to eight years. As discussed in Item 3.02 below, the Registrant issued 3,080,469 shares of common stock to Carrier and contributed 15 locations that presently sell Carrier-manufactured products as consideration for its 60% interest in the joint venture.

The foregoing description of the joint venture is qualified in its entirety by reference to the Agreements which are attached hereto as Exhibits 2.1, 2.2 and 10.2 which are incorporated by reference herein.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Company.

See the disclosures set forth in Item 1.01 above, the contents of which are incorporated by reference herein.

Item 3.02. Unregistered Sales of Equity Securities.

On July 1, 2009, in connection with the closing of the transaction discussed in Item 2.01 above, the Registrant entered into a Shareholder Agreement and issued 3,080,469 shares of unregistered common stock (2,985,685 shares of Common stock and 94,784 shares of Class B common stock) having a fair value of \$147.0 million to Carrier. These shares were issued pursuant to Section 4(2) of the Securities Act and Regulation D promulgated thereunder.

The foregoing description of the Shareholder Agreement is qualified in its entirety by reference to the Shareholder Agreement which is attached hereto as Exhibit 10.3 and is incorporated herein by reference.
