Notice of Annual Meeting of Stockholders

To be held on May 20, 2010

To the Stockholders of Boyd Gaming Corporation:

You are invited to attend our 2010 Annual Meeting of Stockholders (Annual Meeting), which will be held at the Blue Chip Casino Hotel and Spa, 777 Blue Chip Drive, Michigan City, Indiana on May 20, 2010 at 11:00 a.m., local time, for the following purposes:

1. To elect eleven members to our board of directors to serve until the next annual meeting of stockholders or until their respective successors have been duly elected and qualified.
 2. To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.
 3. To transact such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.
- The foregoing items of business, including the nominees for directors, are more fully described in the proxy statement which is attached to and made part of this notice.

Our board of directors has fixed the close of business on March 29, 2010 as the record date for determining the stockholders entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof.

We are pleased to take advantage of the U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the Internet Availability Notice) instead of a paper copy of this proxy statement and our 2009 Annual Report to Stockholders. The Internet Availability Notice contains instructions on how to access those documents over the Internet. The Internet Availability Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2009 Annual Report to Stockholders and a form of proxy card or voting instruction card, as applicable. All stockholders who do not receive an Internet Availability Notice will receive a paper copy of the proxy materials by mail. We believe that this new process will reduce the costs of printing and distributing our proxy materials and also provides other benefits.

All stockholders are cordially invited to attend the Annual Meeting in person. However, whether or not you expect to attend the Annual Meeting in person, if you received paper copies of these proxy materials we urge you to mark, sign, date and return the enclosed proxy card as promptly as possible in the provided postage-prepaid envelope to ensure your representation and the presence of a quorum at the Annual Meeting. Stockholders that have accessed these proxy materials on the Internet, as well as those who have received paper copies, may vote by following the instructions included in this proxy statement or by following the instructions detailed in the Internet Availability Notice, as applicable. If you send in your proxy card or vote by telephone or the Internet, you may still decide to attend the Annual Meeting and vote your shares in person. Your proxy is revocable in accordance with the procedures set forth in this proxy statement.

In this proxy statement:

we, us and the Company mean Boyd Gaming Corporation, a Nevada corporation, unless otherwise indicated; and

Annual Meeting means our 2010 Annual Meeting of Stockholders to be held on May 20, 2010 at 11:00 a.m., local time, at the Blue Chip Casino Hotel and Spa, 777 Blue Chip Drive, Michigan City, Indiana and any adjournment or postponement thereof. Our executive offices are located at 3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169.

In accordance with the rules and regulations adopted by the U.S. Securities and Exchange Commission (the SEC), we have elected to provide access to our proxy materials to our stockholders by providing access to such documents on the Internet. Accordingly, a Notice of Internet Availability of Proxy Materials (the Internet Availability Notice) has been mailed to the majority of our stockholders, while other stockholders have instead received paper copies of the documents accessible on the Internet. Stockholders that received the Internet Availability Notice have the ability to access the proxy materials on a website referred to in the Internet Availability Notice or request that a printed set of the proxy materials be sent to them, by following the instructions in the Internet Availability Notice.

The Internet Availability Notice also provides instructions on how to inform us to send future proxy materials to you electronically by e-mail or in printed form by mail. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials or a link to a special website to access our proxy materials. Your election to receive proxy materials by e-mail or printed form by mail will remain in effect until you terminate it.

Choosing to receive future proxy materials by e-mail will allow us to provide you with the proxy materials you need in a timelier manner, will save us the cost of printing and mailing documents to you.

QUESTIONS AND ANSWERS

What is the purpose of the Annual Meeting?

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

You are invited to attend the Annual Meeting to consider and vote on the following proposals:

1. To elect eleven members to our board of directors to serve until the next annual meeting of stockholders or until their respective successors have been duly elected and qualified.
2. To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.
3. To transact such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

Table of Contents

Who is entitled to vote at the Annual Meeting?

The close of business on March 29, 2010 has been fixed as the record date for determining the holders of shares of our common stock entitled to notice of and to vote at the Annual Meeting. Only stockholders of record at the close of business on that date are entitled to attend and vote at the Annual Meeting. The only class of stock that is currently outstanding and that can be voted at the Annual Meeting is our common stock. Each outstanding share of common stock is entitled to one vote on each matter that comes before the Annual Meeting.

At the close of business on the record date, there were 86,133,287 shares of our common stock outstanding. Those shares represented by properly submitted proxies that are not duly revoked will be voted at the Annual Meeting.

How do I vote?

You may vote by ballot in person at the Annual Meeting. Alternatively, if your shares are registered directly in your name, you may submit a proxy and vote by using any of the following methods:

By Telephone You may use any touch-tone telephone to vote at anytime until noon (Central Daylight Time) on May 19, 2010 by calling 1-800-560-1965. When voting by telephone, please have the last four digits of your Social Security Number or Tax Identification Number available, and follow the simple voice-guided instructions.

By Internet You may use the Internet to vote at anytime until noon (Central Daylight Time) on May 19, 2010 by going to www.eproxy.com/byd. When voting by Internet, please have the last four digits of your Social Security Number or Tax Identification Number available, and follow the simple instructions contained on the website to obtain your records and create an electronic ballot.

By Mail If you have received a printed proxy card, you may vote by completing, signing and dating the proxy card and returning it in the provided postage-paid envelope. Please mail your completed proxy card to Boyd Gaming Corporation, c/o Shareowner ServicesSM, P.O. Box 64873, St. Paul, MN 55164-0873.

To determine how you may revoke or change your vote submitted by the telephone, Internet and mail methods described above, please refer to the section entitled ***Can I change my vote after I submit my proxy?***

If your shares are not registered directly in your name (e.g. you hold your shares in a stock brokerage account or through a bank or other holder of record), you may vote by following the instructions detailed on the Internet Availability Notice.

How does the board of directors recommend I vote on the proposals?

The board of directors recommends that you vote:

Proposal 1 **FOR** the election of each of the eleven nominees to our board of directors.

Proposal 2 **FOR** the ratification of the Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

What if I do not specify how my shares are to be voted?

If you are a stockholder of record and you execute and return your proxy card but you do not provide instruction with respect to any or all proposals to be acted upon at the Annual Meeting, your proxy will be voted **FOR** the election of each of the director nominees named in this proxy statement, and **FOR** Proposal 2, as applicable.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

If you are a beneficial owner of our common stock and you do not provide instructions to your broker on how to vote your shares, your broker may vote your shares in its discretion only on Proposal 2; however, your shares will not be voted on Proposal 1. For a discussion regarding the difference between stockholders of record and beneficial owners, please refer to the section entitled ***What is the difference between holding shares as a stockholder of record and as a beneficial owner?***

No matter currently is expected to be considered at the Annual Meeting other than the proposals set forth in the accompanying Notice of Annual Meeting of Stockholders (the Notice of Annual Meeting). However, if any other

Table of Contents

matters are properly brought before the Annual Meeting for action, it is intended that the shares of our common stock represented by proxies will be voted by the persons named as proxies on the proxy card in accordance with their discretion on such matters.

Why did I receive an Internet Availability Notice instead of a full set of the proxy materials?

We are pleased to take advantage of the SEC rules that allow companies to furnish their proxy materials over the Internet. Accordingly, we sent to the majority of our stockholders the Internet Availability Notice regarding Internet availability of the proxy materials for this year's Annual Meeting. Other stockholders were instead sent paper copies of the proxy materials accessible on the Internet. Instructions on how to access the proxy materials over the Internet or to request a paper copy can be found in the Internet Availability Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis by submitting a request to us at www.boydgaming.com/proxymaterials; by mail at **Boyd Gaming Corporation, 3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169, Attn: Robert Meyne, Vice President Corporate Communications**; via toll-free telephone: **800-695-2455, Attn: Robert Meyne, Vice President Corporate Communications**; or via e-mail: robmeyne@boydgaming.com. A stockholder's election to receive proxy materials by mail or e-mail will remain in effect until the stockholder terminates it.

Why didn't I receive an Internet Availability Notice?

We are providing certain stockholders, including stockholders who have previously requested to receive paper copies of proxy materials, with paper copies of the proxy materials instead of, or in addition to, an Internet Availability Notice. If you would like to assist us in reducing the cost of distributing our proxy materials in the future, you can consent to receiving future proxy materials and other stockholder communications electronically via e-mail or the Internet. To sign up for electronic delivery, please contact us at www.boydgaming.com/proxymaterials; by mail at **Boyd Gaming Corporation, 3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169, Attn: Robert Meyne, Vice President Corporate Communications**; via toll-free telephone: **800-695-2455, Attn: Robert Meyne, Vice President Corporate Communications**; or via e-mail: robmeyne@boydgaming.com, to submit your request.

Can I vote my shares by filling out and returning the Internet Availability Notice?

No. The Internet Availability Notice does, however, provide instructions on how to vote your shares.

Do I need an admission ticket to attend the Annual Meeting?

No. However, all stockholders will need to present a valid government-issued photo identification (e.g., a driver's license or passport) at the door to be admitted to the Annual Meeting. Additionally, if you hold your shares in a stock brokerage account or in the name of a bank or other holder of record and you plan to attend the Annual Meeting, you will also need to obtain and present a copy of your brokerage account statement (which you can obtain from your broker) reflecting your ownership of our common stock as of the close of business on March 29, 2010, the record date for the Annual Meeting.

No cameras, recording equipment or other electronic devices will be permitted at the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Wells Fargo Shareowner Services, you are considered, with respect to those shares, the stockholder of record. In such case, either the Internet Availability Notice or the Notice of Annual Meeting, this proxy statement and our 2009 Annual Report to Stockholders have been sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. In such case, either the Internet Availability Notice or the Notice of Annual Meeting, this proxy statement and our 2009 Annual Report to Stockholders should have been forwarded (or otherwise made available) to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by following their instructions for voting.

Table of Contents

Can I change my vote after I submit my proxy?

Yes. You may revoke your proxy at any time before it is voted at the Annual Meeting by:

properly submitting a subsequent proxy in one of the manners authorized and described in this proxy statement (such as via the Internet or by telephone pursuant to the voting procedures described above under the section entitled ***How do I vote?***); or

giving written notice of revocation to our Corporate Secretary prior to or at the Annual Meeting; or

attending and voting at the Annual Meeting.

Your attendance at the Annual Meeting will not have the effect of revoking your properly submitted proxy unless you follow one of the revocation procedures referenced above. Any written notice revoking a proxy should be sent to our Corporate Secretary (Attention: Brian A. Larson, Executive Vice President, Secretary and General Counsel) at 3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169 and must be received before voting is closed at the Annual Meeting.

What are broker non-votes ?

Broker non-votes are shares as to which a broker or nominee does not vote, or has indicated that it does not have discretionary authority to vote. Under the rules of the New York Stock Exchange (NYSE), certain matters submitted to a vote of stockholders are considered by the NYSE to be routine items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period of time prior to the Annual Meeting. On those matters which the NYSE determines to be non-routine, brokerage firms that have not received instructions from their customers would not have discretion to vote. Consistent with recent changes in the NYSE rules, with respect to the proposals set forth in this proxy statement, Proposal 1 is a non-routine matter and Proposal 2 is a routine matter. Neither our Amended and Restated Articles of Incorporation, our Amended and Restated Bylaws nor Nevada corporate statutes specifically address the treatment of broker non-votes and abstentions.

For more information on this topic, see the SEC Investor Alert issued in February 2010 entitled New Shareholder Voting Rules for the 2010 Proxy Season at <http://www.sec.gov/investor/alerts/votingrules2010.htm>.

How many votes are required to approve the proposals?

Assuming a quorum is present, the required votes to approve each proposal are as follows:

Proposal 1 a plurality of the votes cast is required for the election of directors. This means that the eleven director nominees receiving the greatest number of FOR votes will be elected to the board of directors. You may vote FOR or WITHHELD with respect to the election of directors. Only votes FOR are counted in determining whether a plurality has been cast in favor of a director. Broker non-votes and withheld votes are not counted for purposes of the election of directors.

Proposal 2 the number of affirmative votes cast in favor of Proposal 2 exceeds the number of votes cast against it is required for the ratification of Deloitte & Touche LLP as our independent registered public accounting firm. Broker non-votes and abstentions are not counted for purposes of Proposal 2.

Who will count the votes?

Votes cast by proxy or in person will be tabulated by the Inspector of Elections for the Annual Meeting, Wells Fargo Shareowner Services. The Inspector of Elections will also determine whether or not a quorum is present.

What is a quorum, and how is it determined?

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

For business to be properly conducted and the vote of stockholders to be valid at the Annual Meeting, a quorum must be present. The presence, in person or by proxy, of the holders of a majority of shares of our common stock issued and outstanding as of the record date is necessary to constitute a quorum at the Annual Meeting. Shares represented at the Annual Meeting in person or by proxy but not voted will nevertheless be counted for purposes of determining the presence of a quorum. Accordingly, abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

We may conduct further solicitation personally, telephonically, via the Internet or e-mail, or by facsimile or mail through our officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

CORPORATE GOVERNANCE

Director Independence

We are committed to having sound corporate governance principles and maintaining our integrity in the marketplace. Our Corporate Governance Guidelines and our Code of Business Conduct and Ethics are available on our website at www.boydgaming.com. We will also provide a paper copy of this information to stockholders upon written request. Our Code of Business Conduct and Ethics applies to each of our directors, officers and employees.

Our board of directors has determined that each of Thomas V. Girardi, Billy G. McCoy, Frederick J. Schwab, Christine J. Spadafor, Peter M. Thomas and Veronica J. Wilson is independent, as defined in Section 303A of the New York Stock Exchange Listed Company Manual and within the meaning of our director independence standards (detailed below). Additionally, our board of directors determined that Mr. Michael O. Maffie, who served as a director during 2009, was also independent, as defined in Section 303A of the New York Stock Exchange Listed Company Manual and within the meaning of our director independence standards. Mr. Maffie retired from the board of directors at the end of his then current term at last year's Annual Meeting of Stockholders.

To be considered independent, a director must be determined, by resolution of our board of directors as a whole, after due deliberation, to have no material relationship with the Company other than as a director. In each case, our board of directors shall broadly consider all relevant facts and circumstances and shall apply the following standards:

1. a director who is an employee, or whose immediate family member is an executive officer, of the Company or any of its subsidiaries is not independent until three years after the end of such employment relationship;
2. a director who receives, or whose immediate family member receives, more than \$120,000 per year in direct compensation from the Company or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation;
3. a director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company or any of its subsidiaries is not independent until three years after the end of the affiliation or the employment or auditing relationship;
4. a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's or any of its subsidiaries present executives serve on that company's compensation committee is not independent until three years after the end of such service or the employment relationship;
5. a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company (which does not include charitable entities) that makes payments to, or receives payments from, the Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million, or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold; and
6. any director that has a material relationship with the Company shall not be independent. Any relationship not required to be disclosed pursuant to Item 404 of Regulation S-K of the Securities Exchange Act of 1934, as amended (the Exchange Act), shall be presumptively not material. For relationships not covered by the preceding sentence, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the board of directors. We would explain in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth above.

In making its independence determination regarding Mr. Thomas, the board of directors considered, among other things, the transactions between the Company and Switch Communications Group, LLC (SCG) and its majority-owned subsidiary, Switch Business Solutions, LLC (SBS) described in the section of this proxy statement titled Transactions with Related Persons. In determining that Mr. Thomas is independent, our board of directors considered the following facts and circumstances (without giving one factor any more significance than another), among others: (i) that the transactions with SCG and SBS were negotiated on an arm's-length basis, and are ordinary

course, commercial transactions; (ii) Mr. Thomas' limited ownership interest in SCG and SBS; (iii) the passive nature of Mr. Thomas' ownership and involvement in SCG and SBS, including that he is neither an officer nor employee of SBS or SCG, he is not a member of SBS and is a non-managing member of SCG, and he does not have an active role in providing services to either entity; (iv) the immaterial dollar amounts that we, or our subsidiaries paid (or are expected to pay in fiscal 2010) to SCG and SBS and the competitive rates at which such amounts were paid; and (v) Mr. Thomas' personal net worth.

Selection of Directors

Stockholder Nominations

The policy of our Corporate Governance and Nominating Committee is to consider properly submitted stockholder nominations for candidates for membership on the board of directors as described below under Identifying and Evaluating Nominees for Directors. In evaluating such nominations, the Corporate Governance and Nominating Committee will address the membership criteria set forth under Director Qualifications. Any stockholder nominations proposed for consideration by the Corporate Governance and Nominating Committee should include the nominee's name and qualifications for membership on the board of directors and should be addressed to:

Boyd Gaming Corporation

3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169

Attn: Brian A. Larson, Executive Vice President, Secretary and General Counsel

In addition, our Amended and Restated Bylaws permit stockholders to nominate individuals for consideration in director elections at an annual stockholder meeting. Pursuant to our Amended and Restated Bylaws, in order to make such a nomination, a stockholder is required to, not less than 60 days prior to the date of the annual meeting of stockholders, deliver a notice to our Corporate Secretary setting forth:

the name, age, business address and the residence address of each nominee proposed in such notice;

the principal occupation or employment of each such nominee;

the number of shares of capital stock of the Company which are beneficially owned by each such nominee; and

such other information concerning each such nominee as would be required, under the rules of the SEC, to be disclosed in a proxy statement soliciting proxies for the election of such nominees pursuant to Regulation 14A of the Exchange Act.

A nomination notice must include a signed consent of each such nominee to serve as a member of our board of directors, if elected. In the event that a person is validly designated as a nominee in accordance with our Amended and Restated Bylaws and thereafter becomes unable or unwilling to stand for election to the board of directors, our board of directors or the stockholder who proposed such nominee, as the case may be, may designate a substitute nominee.

Director Qualifications

Our Corporate Governance Guidelines contain membership criteria that apply to nominees for a position on our board of directors. Under these criteria, members of our board of directors should possess certain core competencies, some of which may include broad experience in business, finance or administration, familiarity with national and international business matters, and familiarity with the gaming industry. In addition to having one or more of these core competencies, members of our board of directors are identified and considered on the basis of knowledge, experience, integrity, diversity, leadership, reputation, and ability to understand our business.

Specifically, in concluding that each of our directors, all of whom are standing for re-election, should continue to serve on our board of directors, the Corporate Governance and Nominating Committee also considered the following individual attributes, in addition to the general overall

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

considerations mentioned above:

(i) the significant career long contributions and leadership of our Executive Chairman with respect to the Company and the gaming industry, which spans more than 40 years, in addition to his background in the legal profession; (ii) the in depth and strategic operations, management and financial knowledge of the gaming industry that Mr. Smith, our President and Chief Executive Officer, possesses from his over 25 years in the

gaming industry, including over 20 years with the Company; (iii) the over 30 years of gaming, operations and complex development related experience that Mr. Boughner has with the Company; (iv) the significant ground up operations and management experience with the Company, including 20 years as a member of our board of directors, which Ms. Johnson contributes coupled with her service on other boards and community organizations; (v) the more than 20 years of experience in the gaming industry with the Company, including over 15 years of service on our board of directors, of Mr. William R. Boyd; (vi) the broad business and management experiences across other industries, including a sound foundation for understanding and applying strategic and operational issues and challenges, both domestically and internationally, of Ms. Spadafor; (vii) the extensive senior operations management and financial accounting and controllership expertise within the gaming industry of Ms. Wilson; (viii) the leadership, organizational and strategic focus and experience from General McCoy's decorated military career, as well as his on-going involvement in the gaming industry and his past service as a member and Chairman of the board of directors of a public company; (ix) in addition to his service on other public company boards, Mr. Schwab's more than 30 years of financial accounting experience, including as a partner of a major accounting firm, and his service in the capacity of CEO and CFO with both European and US based companies; (x) the extensive experience in the banking and finance industry of Mr. Thomas, including his past service on the board of the Los Angeles Branch of the Federal Reserve Bank of San Francisco; and (xi) the acumen and professional experience of Mr. Girardi from his more 40 years as a leading trial attorney and his service on the board of directors of other public companies.

Identifying and Evaluating Nominees for Directors

Our Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. Our Corporate Governance and Nominating Committee has the duty of regularly assessing the composition of our board of directors, including size of our board of directors, diversity, age, skills and experience in the context of the needs of our board of directors. In addition, our Corporate Governance and Nominating Committee also has the duty of identifying individuals qualified to become members of the board of directors. Candidates may come to the attention of the Corporate Governance and Nominating Committee through current members of our board of directors, professional search firms, stockholders or other persons. These candidates will be evaluated by our Corporate Governance and Nominating Committee and may be considered at any point during the year. As described above, our Corporate Governance and Nominating Committee will consider properly submitted stockholder nominations for candidates for our board of directors. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by our Corporate Governance and Nominating Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to our Corporate Governance and Nominating Committee. Stockholder nominees that comply with our nomination procedures will receive the same consideration that our Corporate Governance and Nominating Committee nominees receive.

We have previously reviewed, and our Corporate Governance and Nominating Committee may in the future review, materials provided by professional search firms or other parties to identify, evaluate and recruit potential director nominees who are not proposed by a stockholder. In addition, a professional search firm may be used to make initial contact with potential candidates to assess, among other things, their availability, fit and major strengths.

The Corporate Governance and Nominating Committee considers diversity as one of many factors in the identification and evaluation of potential director nominees. The overriding principle guiding our director nomination process is a desire to ensure that our board of directors as a whole collectively serves the interests of our stockholders. We believe that having diverse skills, experiences and perspectives represented on the board provides the most value to the Company and its stockholders. When the Corporate Governance and Nominating Committee evaluates diversity of director nominees, it may consider the following elements, among others, without assigning specific weights to any particular element:

Gender and ethnicity;

Financial and accounting acumen;

Personal and professional integrity;

Business or management experience; and

Leadership and strategic planning experience.

Table of Contents

The Corporate Governance and Nominating Committee annually performs an assessment of the composition of the board of directors regarding age, skills and experience and the effectiveness of its efforts to consider diversity in its director nomination process. The Corporate Governance and Nominating Committee believes its director nomination process, including its policy of considering diversity in that process, has led to a board of directors with diverse backgrounds and experiences that collectively serves the interests of our stockholders well.

Board Leadership and Presiding Director

Beginning in January 2008, the Company, as a part of its long term succession planning, separated the responsibilities of our Chief Executive Officer and our Chairman of the Board of Directors. Historically, both positions had been held by William S. Boyd, a co-founder of the Company. Mr. Boyd continues to serve as our Executive Chairman of the Board of Directors, with Keith E. Smith now serving as our President and Chief Executive Officer. Mr. Smith also serves as a director, an arrangement that the Company believes is effective to ensure that relevant information is made available directly from management to the board of directors. The Company believed this separation of responsibilities was an appropriate transition as it enabled our Executive Chairman to concentrate on the strategic opportunities and direction of the board of directors and the Company as well as further engage in customer and employee relations. Mr. Boyd's long history with the Company and the critical role that he has played in the development of the Company's business make him particularly well suited to act as a link between the board of directors and the rest of management. While in the role of our President and Chief Executive Officer, Mr. Smith focuses on the management and coordination of the long and near-term operational performance and efforts of the Company in alignment with the strategic guidance and direction offered from the board of directors.

Another important component of the board of directors' leadership structure is the role of the Presiding Director. The Presiding Director is a non-management director designated by the independent directors to chair the board of directors' non-management director sessions, which are expected to occur at least three times per year. The Presiding Director's other responsibilities include advising the Executive Chairman and the chairmen of the committees with respect to agendas and informational needs and to advise with respect to the selection of chairmen of committees. The Presiding Director serves for a one-year term, provided that no Presiding Director serves for more than three years in any five-year period. Our independent directors have designated Peter M. Thomas as our current Presiding Director.

Stockholder Communication with Directors

Our stockholders and other interested parties may communicate with our board of directors and the Presiding Director by writing to:

Boyd Gaming Corporation

3883 Howard Hughes Parkway, Ninth Floor, Las Vegas, Nevada 89169

Attn: Brian A. Larson, Executive Vice President, Secretary and General Counsel

Communications will be reviewed by our General Counsel and if they are relevant to, and consistent with, our operations and policies, they will be forwarded to our board of directors or the Presiding Director, as applicable.

Board Committees

Our board of directors has an Audit Committee, a Corporate Governance and Nominating Committee and a Compensation and Stock Option Committee. Our board of directors has adopted a written charter for each of these committees, which are available on our website at www.boydgaming.com.

Audit Committee. The functions of the Audit Committee include reviewing and supervising our financial controls, appointing our independent registered public accounting firm, reviewing our books and accounts, meeting with our officers regarding our financial controls, acting upon recommendations of our auditors and taking such further actions as the Audit Committee deems necessary to complete an audit of our books and accounts. Each of the members of the Audit Committee, Mr. Schwab, Mr. Thomas and Ms. Wilson, is independent, as defined in Section 303A of the New York Stock Exchange Listed Company Manual and Rule 10A-3(b)(1) of the Exchange Act, and the board of directors has determined that all of the members of the Audit Committee are audit committee financial experts as that term is defined in Item 407(d)(5) of Regulation S-K of the Exchange Act. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee's functions include assisting the board of directors in identifying qualified individuals to become members of the board of directors, determining the composition and compensation of the board of directors and its committees, conducting annual reviews of each director's independence and making recommendations to the board of directors based on its findings, recommending to the board of directors the director nominees for the annual meeting of stockholders, establishing and monitoring a process of assessing the board of directors' effectiveness, and developing and recommending to the board of directors and implementing a set of corporate governance principles and procedures applicable to the Company. Each member of the Corporate Governance and Nominating Committee is independent as defined in Section 303A of the New York Stock Exchange Listed Company Manual.

Compensation and Stock Option Committee. The Compensation and Stock Option Committee's functions include reviewing with management cash and other compensation policies for employees, making recommendations to the board of directors regarding compensation matters, determining compensation for the Chief Executive Officer and providing oversight of our compensation philosophy as described under Executive Officer and Director Compensation Compensation Discussion and Analysis. In addition, the Compensation and Stock Option Committee administers the Company's stock plans and, within the terms of the respective stock plan, determines the terms and conditions of issuances thereunder. Each member of the Compensation and Stock Option Committee is independent as defined in Section 303A of the New York Stock Exchange Listed Company Manual.

Our Compensation and Stock Option Committee, independent of management, determines the compensation of our Chief Executive Officer, Keith E. Smith, and our Executive Chairman, William S. Boyd. Messrs. Smith and Boyd are each included as a Named Executive Officer and are each a member of our seven (7) member management committee (Management Committee). For the other Named Executive Officers and members of our Management Committee, the Chief Executive Officer and Executive Chairman jointly made compensation recommendations to our Compensation and Stock Option Committee for their consideration and approval as described under Executive Officer and Director Compensation Compensation Discussion and Analysis. The Compensation and Stock Option Committee believes that input from both our executive officers and from compensation consultants retained from time to time provides useful information and points of view to assist it in making decisions on compensation.

Hewitt Associates (Hewitt), a nationally recognized consulting firm, has previously been engaged from time to time to assist the Company in the evaluation of our compensation practices and programs and periodically to provide recommendations regarding modifications to those programs. For example, in 2008 Hewitt was engaged to provide analysis and recommendations regarding components of the Company's compensation to be earned by members of our Management Committee, including certain of our Named Executive Officers in 2008 and 2009. Additionally, Hewitt provided analysis and recommendations to the Company relating to our long-term incentive compensation programs, including long-term bonuses under the 2000 MIP and equity compensation awards under our 2002 Stock Incentive Plan. A representative of Hewitt attended meetings of the Compensation and Stock Option Committee in 2009.

The Compensation and Stock Option Committee has the sole authority to retain and terminate any consultant that it uses to assist it in evaluating various elements of our compensation programs and making compensation determinations. The Compensation and Stock Option Committee has the sole authority to approve that consultant's fees and other retention terms. The Compensation and Stock Option Committee also has the authority to obtain advice and assistance from such other advisors that it deems necessary or appropriate. In early 2010, the Compensation and Stock Option Committee reviewed and approved the engagement of Exequity, LLP (Exequity) to provide compensation related analysis and consulting services on a going forward basis.

Risk Management

The board of directors is actively involved in the on-going oversight and review of material risks and resultant considerations and potential impacts that exist within our Company. These risks may include, among others, risks associated with the Company's financial condition, liquidity, operating performance and various regulatory impacts and compliance. The board of directors' oversight is primarily managed and coordinated through the board committees, such as the Audit Committee, the Compensation and Stock Option Committee and the Corporate Governance and Nominating Committee. Senior management of the Company is responsible for advising and responding to the board of directors and its committees on management's assessment of potential material risks

facing the Company. The entire board of directors is responsible for reviewing and overseeing the Company's internal risk management processes and policies to help ensure that the Company's corporate strategy is functioning as directed and that necessary steps are taken to foster a culture of risk awareness and risk-adjusted decision making throughout the Company.

As it relates to risk oversight, the Audit Committee, the Compensation and Stock Option Committee and the Corporate Governance and Nominating Committee play an important role. As provided in the charter for the Audit Committee, the Audit Committee is required to review with management the Company's major financial and other risk exposures and the steps management has taken to monitor and control such exposures. The Audit Committee is also responsible for, among other things, assisting the board of directors in fulfilling their oversight responsibility of the integrity of the Company's financial statements and accounting and financial reporting processes by reviewing the financial information provided to stockholders and others, and the system of internal controls which management and the board of directors have established. The Compensation and Stock Option Committee, among other things, periodically reviews the Company's compensation profile with management related to the Company's compensation policies and attempts to ensure that the Company's compensation program reinforces business strategies and objectives for enhanced stockholders value without creating risks that may have a material adverse effect on the Company. The Corporate Governance and Nominating Committee, among other things, is responsible for developing and recommending to the board of directors, and implementing and monitoring compliance with, a code of business conduct for directors, officers and employees and a set of corporate governance principals.

Various management-led committees, such as the Management Committee, are responsible for coordinating with the committees of the board of directors with respect to oversight and management of specific risks. For example, our Corporate Compliance Committee, which is responsible for overseeing risk associated with the Company's gaming and regulatory requirements, updates and reports on its significant deliberations and findings to the Corporate Governance and Nominating Committee. In turn, each board committee is responsible for providing reports and updates to the entire board of directors on any significant risks reviewed within the scope of its responsibility.

Compensation and Stock Option Committee Interlocks and Insider Participation

During 2009, members of our Compensation and Stock Option Committee included Messrs. Maffie, Girardi and McCoy and Ms. Spadafor. None of the Company's executive officers serves as a director or member of the compensation committee (or other board committee performing equivalent functions) of another entity that has one or more executive officers serving as a director of the Company or on the Company's Compensation and Stock Option Committee.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview

We compensate our Named Executive Officers (as identified in the Summary Compensation Table below) primarily through base salary and short and long-term incentive compensation. Our executive compensation practices are designed to be competitive with comparable employers in our industry, to closely align compensation with our annual objectives and long-term goals, to reward above-average corporate performance, to recognize individual initiative and achievements, and to assist us in attracting and retaining qualified executives.

Process. Our compensation process consists of establishing an overall compensation target for each senior executive and then allocating that compensation among base salary and incentive compensation. At the senior-most corporate levels, we design the incentive compensation to primarily reward company-wide performance. In establishing compensation, our Compensation and Stock Option Committee (the "Compensation Committee"), among other things:

reviews with management our cash and other compensation policies for all of our employees;

reviews the performance of our Named Executive Officers and all components of their compensation;

evaluates the effectiveness of our overall executive compensation program on a periodic basis; and

administers our stock and bonus plans and, within the terms of the respective stock plan, determines the terms and conditions of the issuances thereunder.

In addition, our Compensation Committee annually reviews and approves our corporate goals and objectives relative to our Chief Executive Officer's compensation, evaluates his compensation in light of such goals and objectives, and has the sole authority to set the Chief Executive Officer's compensation based on this evaluation. For 2009, the Compensation Committee, independent of management, determined the compensation arrangements for our Chief Executive Officer and Executive Chairman, Keith E. Smith and William S. Boyd, respectively. The Compensation Committee approved the compensation arrangements of the other Named Executive Officers after reviewing the joint recommendations of the Chief Executive Officer and Executive Chairman. In addition to its annual review of our compensation levels, our Compensation Committee may, from time to time, review our compensation practices and programs and generally has the authority to, subject to any existing contractual or other rights of participants, modify or terminate those practices and programs.

We have historically engaged compensation consultants to assist us in the evaluation of our compensation practices and programs. For example, Hewitt had from time to time reviewed and provided recommendations regarding modifications to our executive compensation program, including during 2009 in which Hewitt continued to provide analysis and recommendations on our long-term incentive compensation and equity compensation programs. Additionally, as noted above, the Compensation Committee reviewed and approved the engagement of Exequity to provide compensation related analysis and consulting services beginning in 2010.

Objectives of our Compensation Program

Our compensation program is designed to reward an executive officer's current contribution to the Company, as well as the officer's impact and involvement in our future performance. The compensation of our Named Executive Officers is set at levels that are intended to be competitive with other leading casino hotel companies. For the purpose of comparing compensation practices, this group is selected on the basis of a number of factors relative to our Company, such as their size and complexity, the nature of their businesses and the regions in which they operate. The Compensation Committee has in the past benchmarked the compensation of our Named Executive Officers against the compensation levels found within this group; however, due to the ongoing recession and its effects on our industry, the Compensation Committee did not benchmark compensation in 2009.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

In addition, we have designed our compensation program to further align the compensation of our Named Executive Officers, as well as members of our Management Committee, with our future performance and strategic objectives. Our Management Committee plays an active and critical role in the leadership and strategy for the

Table of Contents

development, operations and growth of our Company. Our Management Committee includes certain members of our senior management, including Messrs. Boyd, Smith, Boughner and Chakmak. Mr. Hirsberg is a member of our senior management but is not a member of the Management Committee.

Primary Components of our Executive Compensation Program

There are three primary components of our executive compensation program:

base salary;

short-term bonus; and

long-term incentive compensation (including equity compensation).

Base Salary. We provide our Named Executive Officers with a base salary that we believe is competitive and that corresponds and fairly relates to their status and accomplishments, both professionally and within our industry. Individual base salaries are established based on an executive officer's historical performance and anticipated future contribution. Salaries are reviewed annually and adjusted from time to time to recognize individual performance, promotions, competitive compensation levels and other subjective factors.

For 2009, our Compensation Committee, independent of management, determined the compensation of our Chief Executive Officer and Executive Chairman, including their respective base salaries. For the other Named Executive Officers, our Chief Executive Officer and Executive Chairman made joint recommendations regarding compensation to our Compensation Committee for their review and approval. Where appropriate, the Compensation Committee, our Chief Executive Officer and our Executive Chairman considered the following factors in establishing or recommending, as applicable, the compensation for our Named Executive Officers:

the Named Executive Officer's qualifications, experience, scope of responsibilities and anticipated future performance;

the Named Executive Officer's role within the Company, including, where applicable, the role on various corporate committees, such as the Management Committee, Corporate Compliance Committee and the Diversity Committee;

the overall performance of the Named Executive Officer;

the overall performance of the Company;

competitive pay practices at companies within our industry; and

compensation analysis performed for us by Hewitt.

In light of the severe economic challenges facing our industry and the national economy as a whole, the 2009 base salaries of our Named Executive Officers were frozen at their existing 2008 levels. Further, the Compensation Committee has also determined, given the continued economic uncertainties throughout 2009, that the base salary levels of our Named Executive Officers will remain unchanged in 2010.

Short-Term Bonus. Our Named Executive Officers are eligible to receive short-term (or annual) bonuses under our 2000 Executive Management Incentive Plan ("2000 MIP"). Bonus awards under our 2000 MIP were set as a percentage of base salary, with the specific target

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

percentage determined by the participant's position, level and scope of responsibility within the Company so that highly compensated executives receive a relatively larger percentage of their total compensation in the form of bonuses and other incentive based vehicles. As a percentage of base salary, for each of our Named Executive Officers for 2009, the short-term bonus potential under the 2000 MIP was established based on the historical incentive parameters used for such Named Executive Officer, as set forth below:

Executive	Threshold Bonus	Target Bonus	Maximum Bonus
William S. Boyd	37.5%	75%	150%
Keith E. Smith	50%	100%	200%
Robert L. Boughner	37.5%	75%	150%
Paul J. Chakmak	37.5%	75%	150%
Josh Hirsberg	20%	40%	80%

Table of Contents

Until 2009, our regular compensation practice had been to award cash bonuses primarily based upon performance objectives; however, from time to time we used other goals or measures. In 2009, our Compensation Committee, together with input from Hewitt, our compensation consultant in 2009, concluded that the unprecedented economic adversity facing the gaming industry and the national economy had made traditional corporate performance based measurements too unpredictable to be utilized as a viable incentive tool during this recessionary period. Thus, in lieu of its past practice of awarding a short-term bonus primarily based on achievement of performance objectives, for 2009 the Compensation Committee approved a discretionary short-term bonus payment based solely on the Compensation Committee's general assessment of the Company's performance. In exercising its discretion to award bonuses to each of the Named Executive Officers, the Compensation Committee recognized the exemplary efforts and significant managerial and operational undertakings that were necessary to guide the Company through its recent challenges.

For 2009, the discretionary short-term bonus payment approved by the Compensation Committee equaled approximately seventy percent (70%) of each Named Executive Officer's target bonus award amount. The amount of each Named Executive Officer's bonus is set forth below in the Bonus column of the Summary Compensation Table.

In light of the uncertain economic environment that continues to exist within our industry and nationally, the Compensation Committee expects to again utilize a short-term bonus award program for 2010 that is based on its discretion rather than predetermined performance targets. It is expected that the parameters for these awards will be the same as those established and used in 2009, as set forth in the table above.

Long-Term Compensation. We believe that the long-term compensation component should serve as both an incentive for achieving longer term company performance goals and as a retention tool for our executives. Prior to 2008, we provided long-term compensation to our Named Executive Officers in the form of long-term cash bonuses granted under our 2000 MIP and equity incentive awards granted under our 2002 Stock Incentive Plan. The Compensation Committee would target a specific dollar value attributable to the long-term component of executive compensation, and generally deliver that value at approximately seventy-five percent through an equity award and twenty-five percent through a long term cash award.

Beginning in 2008, we requested that Hewitt review our long-term compensation program, taking into consideration the unique conditions that were present in the economy. Hewitt prepared a report analyzing potential long-term incentive compensation, including the use of cash, stock options and restricted stock units (RSUs), as well as methodologies for determining amounts to award. Hewitt's report concluded that our then current long-term incentive compensation provided limited retention incentives, that the economic and industry-specific climate presented challenges to multi-year incentive based goal setting, and that it may be prudent to refocus an increased portion of the award allocation on retention considerations. Given the instability of the national economic picture and the significant impact on our industry, in 2008 and 2009 the Compensation Committee decided to replace its historical practice of granting long-term cash awards with an increase in the grant of equity awards, principally through the grant of RSUs. Consequently, in 2008 and 2009 all long-term compensation for our Named Executive Officers was provided through the grant of equity awards.

Long-Term Bonuses

Long-term cash bonus awards granted prior to 2008. As discussed above, prior to 2008, the Compensation Committee had granted a portion of long-term compensation in the form of a cash bonus under our 2000 MIP, based on the achievement of defined long-term targets. These historical long-term awards under our 2000 MIP had a three-year performance period. The last of these long-term cash bonus plans under the 2000 MIP was initiated in 2007 and had a performance period that ended in December 2009.

After the end of each three-year performance period, the Compensation Committee would approve, in writing, the extent to which the performance goals applicable to each participant were achieved or exceeded. The actual award, if any, for each participant was to be determined by applying the previously approved formula to the level of actual performance that had been approved by the Compensation Committee. The Compensation Committee retained discretion to eliminate or reduce the actual award payable to any participant below that which otherwise would be payable under the applicable formula. These historical awards under the 2000 MIP were to be paid in cash after the end of the performance period during which the award was earned (if any); however, the Compensation Committee had the discretion under the 2000 MIP to declare any award wholly or partially payable in an equivalent amount of restricted stock issued under our 2002 Stock Incentive Plan or any successor equity compensation plan.

Table of Contents

Long-term cash bonus awards were granted under the 2000 MIP for the 2007–2009 performance period to each of our Named Executive Officers, other than Mr. Boyd and Mr. Hirsberg. The performance criteria used for these awards were based on the relative growth in our total stock return, which takes dividends into account (Total Stock Return), compared to the growth in the Total Stock Return of the companies included in Standard & Poor's Mid-Cap 400 Index (Index). For the 2007-2009 performance period, the target award amount would have been earned if the Company had outperformed at least 50% of the companies in the Index, with the threshold award amount being earned if the Company outperformed at least 30% of the companies in the Index and the maximum award amount being earned if the Company outperformed at least 90% of the companies in the Index. For the 2007-2009 performance period, no amounts were earned or paid as we did not exceed the performance threshold.

Long-term bonus awards granted for 2008 and for 2009. As noted above, in 2008 and 2009 the Compensation Committee decided to replace its practice of granting long-term cash bonuses with an increase in the grant of equity awards, principally through the grant of RSUs. The form and amount of equity compensation is discussed below under the caption, Equity Compensation Stock Options and RSUs.

Equity Compensation

We believe that a significant component of the compensation paid to our executives over the long-term should be derived from equity-based compensation. We also believe that stock price appreciation and stock ownership in the Company are valuable incentives to our executives and that the grant of equity awards to them serves to further align their interests with the interests of our stockholders as a whole and encourages them to manage the Company in its best long-term interests.

Our Compensation Committee determines the type of equity awards that are to be granted, which have included grants of stock options and RSUs under our stock incentive plans. Although generally speaking stock options remain the leading source of the equity compensation to our Named Executive Officers, over the past few years our Compensation Committee has increased the role that RSUs represent in our Named Executive Officers' compensation packages. For instance, as discussed below, the Compensation Committee in late 2006 adopted the Career Shares Program, which provides for an annual grant of RSUs that vest upon a participant's qualifying retirement. Also, in 2008, the Compensation Committee began its current practice of granting awards of RSUs to our Named Executive Officers as a replacement for the former grant of long-term cash bonus awards.

All equity awards granted as long-term compensation to our Named Executive Officers in 2009 were granted pursuant to our 2002 Stock Incentive Plan.

Stock Options and RSUs

The Compensation Committee determines, on a discretionary basis, whether to grant equity awards, as well as the amount and the terms of such awards based on a person's position within the Company. Prior to 2008, the Compensation Committee calculated a target value of the non-cash component of each Named Executive Officer's long-term compensation. From that target value, the Compensation Committee had previously derived the specific number of shares of common stock to be awarded in stock options or awarded as a combination of stock options and RSUs based on the fair market valuation of the awards using an adjusted Black-Scholes analysis. However, given the continued economic decline nationally and particularly within our industry throughout 2008 and 2009, coupled with the resultant significant decline in our stock price, the Compensation Committee concluded in 2009, as it had in 2008, that the use of the Black-Scholes / fair market value analysis would not arrive at a reasonable basis to calculate the size of equity award grants. This prior valuation approach, under the circumstances, would have resulted in a marked increase in the number of shares subject to the individual awards. As a result and consistent with the Compensation Committee's approach in 2008, in 2009 the Compensation Committee awarded to our Named Executive Officers, other than Mr. Smith and Mr. Chakmak, generally the same number of stock options and RSUs as was awarded to each Named Executive Officer for the prior year. For Mr. Smith and Mr. Chakmak, the Compensation Committee approved an increase to their long-term equity award incentive in recognition of their successful transition over the past two years into their roles as Chief Executive Officer and Chief Operating Officer, respectively. The number of stock options granted to Mr. Smith increased from 194,265 in 2008 to 231,265 in 2009, and the number of RSUs granted increased from 40,415 in 2008 to 46,189 in 2009. For Mr. Chakmak, the number of stock options granted to him increased from 111,000 in 2008 to 138,752 in 2009, and the number of RSUs granted increased from 23,095 in 2008 to 34,642 in 2009.

Table of Contents

The stock options granted in 2009 feature a three year vesting schedule, with one-third of each award vesting on each anniversary of the grant date. The RSUs granted in 2009, other than those granted under the Career Shares Program, feature three year cliff vesting, which is similar to the historical three-year performance period utilized under the long-term cash bonus award that they were designed to replace. We believe the retention components of the equity awards are balanced with incentives to enhance company performance, by further enhancing alignment with stockholder interests.

Our Compensation Committee grants equity awards pursuant to its policy of making such grants, if at all, on the fifth business day following our release of earnings for the third quarter of each year, except in the case of our non-employee directors, new hires or other special situations. In addition, our Compensation Committee adopted a policy in 2006 regarding our Career Shares Program, which is discussed below, that provides for the annual grant of RSUs under our 2002 Stock Incentive Plan on January 2 of each year. During 2009, the grants of equity compensation awards by the Compensation Committee were consistent with these policies.

In 2010, we anticipate that our Compensation Committee, together with our compensation consultants, will continue to review our long-term compensation policy, in connection with the assessment of our overall compensation program, to determine whether other modifications to the policy are warranted. We further anticipate that the Compensation Committee will continue the practice of granting equity awards in lieu of a long-term cash bonus award to our Named Executive Officers in 2010.

Career Shares Program

Our Career Shares Program is a stock incentive award program for certain executive officers to provide for additional capital accumulation opportunities for retirement and reward long-service executives. Our Career Shares Program was adopted by the Compensation Committee on December 7, 2006. The Career Shares Program provides for the grant of RSUs under our 2002 Stock Incentive Plan to members of our senior management, including members of our Management Committee and each of our Named Executive Officers. Each RSU is analogous to one share of restricted common stock, except that RSUs do not have any voting rights and do not entitle the holder to receive dividends.

Under the Career Shares Program, a fixed percentage of each participant's base salary will be credited to his or her career shares account annually. RSUs will be awarded to members of our Management Committee in an amount that equals 15% of such individual's base salary, and to certain other members of our senior management in an amount that equals 10% of their individual base salaries, in each case, subject to adjustment by the Compensation Committee. Our Compensation Committee adopted a policy that provides for the grant of RSUs pursuant to our Career Shares Program on January 2 of each year, commencing in 2007. RSUs granted pursuant to our Career Shares Program are awarded for service provided for the immediately preceding calendar year. The basis for the value of the awards is the base salary of the participant in effect on December 31 of the immediately preceding year and the closing stock price of our common stock on January 2 or, if January 2 is not a business day, then the next business day. Consistent with this policy and the Career Shares Program, on January 4, 2010, RSUs were granted to all of our Named Executive Officers as well as the other members of the Management Committee.

Upon becoming eligible to receive a grant of career shares, participants generally will have their initial award pro-rated based on the number of full months served in a career shares eligible position during the year. For example, if someone becomes eligible on July 15 they would receive 5/12 of the product of their year end salary and their career shares percentage, since they had served for five full months during the year. If a participant becomes career shares eligible during the last quarter of the year, however, no RSUs will be awarded in that calendar year.

Payouts are made at retirement, at which time participants receive one share of our common stock for each RSU held in their respective career share accounts, less any applicable taxes. To receive any payout under the Career Shares Program, participants must be at least 60 years old and must have been continually employed by the Company for a minimum of 15 years. Retirement after 15 years of service will entitle a participant to 50 percent of his or her career shares account. This increases to 75 percent after 20 years and 100 percent following 25 years of employment. The Compensation Committee may credit participants with additional years of service in its discretion.

In the event of a participant's death or permanent disability, or following a change in control, the participant will be deemed to have attained age 60 and the RSUs will immediately vest and convert into shares of our common stock based on the participant's years of continuous service through the date of death, termination resulting from permanent disability or the change in control, as applicable.

In addition, awards in a participant's career share account can be applied towards satisfying our stock ownership guidelines discussed below.

Other bonus payments

A special bonus in the amount of \$250,000 was approved by the Compensation Committee and paid to Mr. Boyd in recognition of the loss of a benefit that Mr. Boyd previously received under certain split-dollar life insurance arrangements, which were terminated by us on or before December 31, 2003. Mr. Boyd has received this special bonus payment in the same amount in each of the last six (6) years. We expect that the Compensation Committee will continue to extend the \$250,000 special bonus to Mr. Boyd in 2010.

Our Policy on Perquisites

We provide our Named Executive Officers with perquisites that we believe are reasonable, competitive and consistent with our overall executive compensation program. We believe that our perquisites help us to hire and retain qualified executives.

Certain senior executive officers, as designated by the Chief Executive Officer and pursuant to our internal policies, may use our corporate aircraft for personal travel on a limited basis. Such executive officers are imputed with income in an amount equivalent to the Standard Industry Fare Level rate, as defined in the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), for such use and are required to advance to us an amount sufficient to cover certain out of pocket costs directly attributed to such use. These out of pocket costs include crew lodging expenses, on-board catering, landing fees, trip-related hangar/parking costs and other variable costs.

The aggregate incremental cost for use of our corporate aircraft during 2009 that is attributable to any Named Executive Officer, net of amounts advanced to us by the applicable executive as discussed above, is reflected in the Summary Compensation Table. We determine the aggregate incremental cost based on estimated fuel expenses and maintenance expenses per flight hour. Since our aircraft are used primarily for business travel, we do not include the fixed costs that do not change based on usage, such as pilots' salaries and the purchase costs of the corporate aircraft.

We also provide Mr. Boyd with use of a corporate car that is owned by the Company, and reflect the aggregate incremental cost attributable to such use during 2009 in the Summary Compensation Table. We determine the aggregate incremental cost for use of the corporate car by calculating the assumed annual lease value of the car, consistent with applicable Treasury regulations, multiplied by the percentage of use that is estimated to be attributable to Mr. Boyd's personal use.

Our employee and non-employee directors, along with members of our Management Committee, are eligible to participate in the Medical Expense Reimbursement Plan, which covers medical expenses incurred by plan participants and their spouses that are not covered by other medical plans. We also provide our Named Executive Officers with more life insurance coverage than is generally made available to our other employees. Please see the Summary Compensation Table for the amount of medical premiums or related reimbursements paid on behalf of the Named Executive Officers during 2009 and for the amount of the applicable premiums paid for such additional life insurance coverage during 2009.

Our senior management members, including our Named Executive Officers, also participate in our other benefit plans and programs on the same terms as other employees. These plans include our 401(k) plan, medical, vision and dental insurance and paid time-off plan. In addition, our senior management members are eligible to participate in our deferred compensation plan on the same terms as other eligible management-level employees.

Table of Contents*Stock Ownership Guidelines*

Our Compensation Committee initially adopted stock ownership guidelines in 2006 for certain key executives. The Compensation Committee believes that the guidelines, as they may be updated and revised from time to time, will further the alignment between our executive team and stockholders. Pursuant to the current stock ownership guidelines, certain key executive officers, including our Named Executive Officers, are required to own an amount of our common stock (which can include shares of common stock represented by vested and unvested RSUs) based on a multiple of the participant's base salary, as set forth in the following table:

Executive Tier	Multiple of Base Salary
Executive Chairman of the Board of Directors	5
Chief Executive Officer	5
Chief Operating Officer	4
All Other Members of Management Committee	3
Certain Other Members of Senior Management	1-2

Participants will generally be given 5 years (from date of implementation of the guidelines) to achieve mandated levels of stock ownership. Employees that are hired or promoted into a position that has an ownership guideline will be given 5 years from the time of hiring or promotion into such position to achieve the ownership guideline. Employees who are promoted into a higher tiered position will be given 5 years from the time of promotion into such position to achieve the incremental ownership guideline for that tier.

Post-Termination Compensation

In 2006, our Compensation Committee adopted our Change-in-Control Severance Plan (the "CIC Plan") to provide severance benefits for certain executive officers, including our Named Executive Officers, upon termination of employment in connection with a change in control. In addition, our CIC Plan provides for the acceleration of vesting of equity awards for our Named Executive Officers, and certain other executives, upon the occurrence of certain events. We believe that it is important to protect those employees who helped build our Company and who will be important in continuing the Company's success through a change in control or similar event. Further, we believe that the interests of stockholders will be best served if the interests of our most senior management are aligned with them. Providing change in control benefits is designed to reduce the reluctance of senior management to pursue potential change of control transactions that may be in the overall best interests of our stockholders. We currently do not have individual written severance agreements with our executive officers, including our Named Executive Officers; however, we retain the discretion to negotiate individual arrangements as deemed appropriate.

2000 MIP. Our 2000 MIP contains a continuous employment requirement. In addition, certain provisions of our 2000 MIP are triggered in the event of a change in control or if a long service employee retires. Generally, if a participant, other than a long service employee, terminates employment for any reason other than death or disability prior to the award payment date, he or she is not entitled to the payment of any award under the 2000 MIP for any outstanding plan period (regardless of whether it is a short-term or long-term incentive award). If the participant's termination is due to disability or death, he or she is entitled to the payment of an award for each plan period in which he or she is participating on the date of termination; provided, however, the Compensation Committee may proportionately reduce or eliminate his or her actual award based on the date of termination and such other considerations as the Compensation Committee deems appropriate. For 2009, the outstanding plan periods under the 2000 MIP for the short-term and long-term incentive awards were one year, 2009, and three years, 2007 through 2009, respectively.

If a long service participant terminates employment with us for any reason (including death or disability) prior to the award payment date, he or she is entitled to (a) the payment of an award for the plan period (in which the participant is participating on the date of termination) with the earliest date of commencement and (b) the payment of an award for any other plan period (in which the participant is participating on the date of termination) reduced proportionally based on the number of years of employment completed during the plan period with each partial year of employment counting as a full year. A long service participant generally means a participant that has reached age 55 and completed 15 or more years of service with us or any of our subsidiaries (including acquired entities).

If a participant is terminated without cause within 24 months after a corporate transaction or a change in control (as defined in the 2002 Stock Incentive Plan), the participant is entitled to the payment of an award for each plan period (in which the participant is participating on the date of termination). The Compensation Committee believes

Table of Contents

that this double-trigger feature provides appropriate incentives and job security for management while protecting stockholders value in the event of a change in control.

CIC Plan. Our Named Executive Officers are eligible to participate in our CIC Plan, which provides severance benefits upon certain qualifying terminations. A qualifying termination includes involuntary termination without cause, voluntary termination due to a relocation in excess of 50 miles or certain reductions in compensation, among other events, within 24 months immediately following a change in control. Generally, a change in control is deemed to occur upon (i) the direct or indirect acquisition by any person or related group of persons (other than an acquisition from or by the Company, by a Company-sponsored employee benefit plan or by a person that directly or indirectly controls, or is controlled by, or is under common control with, the Company or by members of the Boyd family) of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of securities possessing more than 50% of the total combined voting power of the Company's outstanding securities, or (ii) a majority of the board ceasing to be continuing directors at any time within a 36 month period due to contested elections.

CIC Plan benefits are determined based upon the relevant status of the participant as a Tier One Executive (our Chief Executive Officer and Executive Chairman of the Board of Directors), Tier Two Executive (members of our Management Committee, other than our Chief Executive Officer and Executive Chairman of the Board of Directors), or Tier Three Executive (certain other members of senior management, other than Management Committee members). Following the execution of a general release in a form generally acceptable to the Company that releases the Company and its affiliates from any and all claims the participant may have against them, among other things, the Company shall pay to the participant a lump-sum cash payment of:

any unpaid amounts owed to the participant, such as any unpaid base salary, accrued vacation pay, or unreimbursed business expenses;

a multiple of three, two and one for Tier One Executives, Tier Two Executives and Tier Three Executives, respectively, of the participant's:

annual salary in effect immediately prior to the occurrence of the change of control or, if greater, upon the occurrence of the qualifying termination; plus

the participant's then-current target short-term bonus opportunity in effect immediately prior to the change of control or, if greater, the average of the participant's actual short-term bonus for the three fiscal years immediately prior to the change in control or, if greater, the participant's target short-term bonus opportunity in effect upon the qualifying termination,

an amount equal to the greater of:

the participant's then-current target short-term bonus opportunity established for the plan year in which the qualifying termination occurs; or

the participant's target bonus opportunity in effect prior to the occurrence of the change in control, in each case, adjusted on a pro rata basis based on the number of days the participant was actually employed during such plan year; and

the amount of monthly premiums that would have been paid by the Company on behalf of the participant under the Company's health insurance plan, or COBRA (a period of 36 months, 24 months and 12 months for Tier One Executives, Tier Two Executives and Tier Three Executives, respectively), plus an additional amount such that the participant effectively receives such premiums on a tax-free basis.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

In addition, under the CIC Plan, any outstanding equity-based long-term incentive awards granted after July 19, 2006, including but not limited to stock options, stock appreciation rights, restricted stock, and restricted stock units, will become immediately vested in full upon a qualifying termination. In the event such equity awards would not otherwise vest solely by the continued employment of the participant (e.g., if vesting was related in whole or in part to the achievement of a performance target), such awards will vest in full at the time of the change in control. The number of shares that will vest will be determined as if a level of performance equal to 100% of the performance target had been achieved and will be prorated based on the length of time within the performance period elapsed prior to the change in control.

If the sum of the amounts to be received by the participant under the CIC Plan, plus all other payments or benefits that the participant has received or has the right to receive from the Company, would constitute a parachute payment under Section 280G of the Internal Revenue Code, that combined amount will be decreased by the smallest

Table of Contents

amount that will eliminate any such parachute payment. However, for Tier One Executives and Tier Two Executives only, if the decrease referred to in the preceding sentence is 10% or more of the combined amount, the combined amount will not be decreased, but rather will be increased by an amount sufficient to provide the participant, after taking into account all applicable federal, state and local taxes, a net amount equal to the excise tax imposed on the combined amount (as increased by any applicable tax gross-up) by Section 4999 of the Internal Revenue Code.

Deferred Compensation Plan. Under the Boyd Gaming Corporation Deferred Compensation Plan effective as of January 1, 2005 (the "Deferred Compensation Plan"), in which our Named Executive Officers are eligible to participate, Named Executive Officers may defer up to 25% of base salary and up to 100% of incentive compensation paid. We may make discretionary contributions to a participant's account; however, during 2009, we did not exercise such discretion. Upon a change in control (as defined in the Deferred Compensation Plan), the benefits under the Deferred Compensation Plan are immediately payable in a lump sum, subject to certain conditions and limitations set forth in Internal Revenue Code section 409A and its related Treasury regulations. In addition, upon termination of employment prior to the age of 55 or death, benefits under the Deferred Compensation Plan are payable in a lump sum. Otherwise, upon termination of employment (including upon retirement), the participant may elect to have benefits paid in a lump sum or in periodic payments over a period of 5, 10 or 15 years; however, with respect to specified employees as defined in Internal Revenue Code section 409A, any payment that is triggered by termination of employment must be delayed for at least six months following the date of termination. Prior to the Deferred Compensation Plan, we maintained a separate, prior deferred compensation plan but that plan has been closed to new contributions from participants since the effective date of the current plan.

Equity Incentive Plans. The equity incentive plans in which our Named Executive Officers participate include our 1996 Stock Incentive Plan and our 2002 Stock Incentive Plan. Only one of our Named Executive Officers has options outstanding under our 1996 Stock Incentive Plan, which options are fully vested. Generally, except as our Compensation Committee may otherwise determine or in connection with a long service employee as discussed below, equity awards granted under each of our equity incentive plans provide that, in the event of termination, the grantee may exercise the portion of the option award that was vested at the date of termination for a period of three months following termination; provided that if the termination is due to disability or death, the exercise period is twelve months.

Pursuant to the terms of our 2002 Stock Incentive Plan, our Compensation Committee has the authority, in connection with an actual or anticipated change in control or corporate transaction, to provide for the full or partial accelerated vesting and exercisability of outstanding unvested awards.

Under our 2002 Stock Incentive Plan, a "change of control" means a change in ownership or control of the Company effected through:

the direct or indirect acquisition of more than 50% of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer which the majority of the board of directors do not recommend; or

a change in the composition of the board of directors over a period of up to 36 months such that a majority of the board members ceases, by reason of one or more contested elections, to be comprised of continuing directors.

Pursuant to the terms of our 2002 Stock Incentive Plan, a "corporate transaction" means any of the following transactions:

a merger or consolidation in which the Company is not the surviving entity;

the sale, transfer or other disposition of all or substantially all of the assets of the Company;

the complete liquidation or dissolution of the Company;

any reverse merger in which the Company is the surviving entity but in which securities possessing more than 50% of the total combined voting power of the Company's outstanding securities are transferred to a person or persons different from those who held

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

such securities immediately prior to such merger; or

an acquisition in a single or series of related transactions by any person or related group of persons of beneficial ownership of securities possessing more than 50% of the total combined voting power of the Company's outstanding securities, but excluding an acquisition from or by the Company, by a Company-sponsored employee benefit plan or by members of the Boyd family or any transaction that the Compensation Committee deems is not a corporate transaction.

Pursuant to the form of our restricted stock unit agreement (*RSU Agreement*) for the 2002 Stock Incentive Plan, vesting ceases upon termination of employment for any reason, including death or disability, and unvested units held by the grantee following such termination will be deemed reconveyed to us. Also under our *RSU Agreement*, in the event of a change in control (defined as the occurrence of any change in ownership of the Company, change in effective control of the Company, or change in the ownership of a substantial portion of the assets of the Company), any outstanding award will automatically become fully vested.

In 2006 the Compensation Committee adopted the provisions in the table below to provide certain long service employees with automatic vesting acceleration and an extended period of time to exercise stock options upon termination (other than for cause). Of our Named Executive Officers, William S. Boyd and Robert L. Boughner currently qualify as long service employees. These enhanced stock option provisions do not apply to stock options that were outstanding prior to the Compensation Committee's adoption of the proposal or to stock options that are granted within six months of such employee's termination.

Age of Employee and Length of Service	Acceleration of Vesting for	
at time of Termination	Unvested Stock Options	Extended Exercise Period
55 years of age and	Options otherwise scheduled to vest	Up to 12 months
15-19 years of service	within the 12 months following the date	following termination
	of termination shall fully accelerate	
55 years of age and	Options otherwise scheduled to vest	Up to 24 months
20-24 years of service	within the 24 months following the date	following termination
	of termination shall fully accelerate	
55 years of age and	All unvested stock options shall	Up to 36 months
25 or more years of service	fully accelerate	following termination

Other Benefits. From time to time, in recognition of the contribution of services provided to us, we may in our discretion offer additional compensation and benefits to our executive officers in connection with their retirement from the Company. During 2009, no such discretion was exercised with respect to our senior executive officers.

Succession Planning

Pursuant to the Company's Corporate Governance Guidelines, all of the independent members of our board of directors are involved in the succession planning of the Company. Our independent directors participate annually in a review of the Company's current succession plan. Additionally, the Company has engaged in the past, and continues to engage, the nationally recognized consulting firm Lee Hecht Harrison to assist and advise during this annual review as well as on other matters related to succession planning.

Accounting and Tax Treatment

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Chief Executive Officer or any of the other three most highly compensated executive officers. The Company has structured certain performance-based portions of its executive officers' compensation in a manner that is designed to comply with the exceptions to the deductibility limitations of Section 162(m); however, we can provide no assurances that such compensation arrangements would ultimately satisfy such requirements if they were examined by the Internal Revenue Service. The Internal Revenue Service has announced a position with respect to certain severance provisions under plans intended to qualify as performance-based compensation and has generally denied the qualification of such arrangements pursuant to Section 162(m) for performance periods commencing in 2009.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

The Compensation Committee believes, however, that in certain circumstances factors other than tax deductibility take precedence when determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and our stockholders. Given our changing industry and business, as well as the competitive market for outstanding executives, the Compensation Committee believes that it is important to retain the flexibility to design compensation programs consistent with our overall executive compensation program, even if some executive compensation is not fully deductible. Accordingly, the Compensation Committee has from time to time approved elements of compensation for certain officers that are not fully deductible and reserves the right to do so in the future, when appropriate.

The stock options granted to the Named Executive Officers in 2009 have a 10-year term and vest as to 33 1/3% per year on the first day of each successive 12-month period, commencing one year from the date of grant. Notwithstanding the foregoing, these stock options are subject to enhanced vesting and exercise period provisions for certain long service employees as discussed above in Compensation Discussion and Analysis Post Termination Compensation Equity Incentive Plans.
- (2) Represents Career Restricted Stock Units granted to the Named Executive Officers for no consideration pursuant to the Company's Career Shares Program under its 2002 Stock Incentive Plan. To receive any payout under the Career Shares Program, grantees must be at least 60 years old and must have been continually employed by the Company for a minimum of 15 years. Retirement after 15 years of service will entitle a grantee to 50 percent of his or her Career Restricted Stock Units. This increases to 75 percent after 20 years and 100 percent following 25 years of employment. In the event of a grantee's death or permanent disability, or following a change in control of the Company, the grantee will be deemed to have attained age 60 and the Career Restricted Stock Units will immediately vest and convert into shares of Company common stock based on the grantee's years of continuous service through the date of death, termination resulting from permanent disability or the change in control, as applicable. See Compensation Discussion and Analysis Career Shares Program.

Notwithstanding the foregoing, these Restricted Stock Units are subject to forfeiture and other terms and conditions contained in the award agreement and the 2002 Stock Incentive Plan. Compensation Discussion and Analysis Equity Incentive Plans.

- (5) Represents the aggregate FASB ASC Topic 718 value of awards made in 2009.
- (6) On December 7, 2006, our Compensation Committee adopted a policy of providing for the automatic grant of Career Restricted Stock Units on January 2 of each calendar year (or, if January 2 is not a business day, then the next business day) based on the base salary of the participant in effect on December 31 of the immediately preceding year and the closing stock price of our common stock on January 2 or, if January 2 is not a business day, then the next business day. For more information see Compensation Discussion and Analysis Career Shares Program.

- (6) Pursuant to applicable SEC rules, represents the closing market price of our common stock on December 31, 2009 (\$8.37), multiplied by the aggregate number of Career Restricted Stock Units or Restricted Stock Units held by the applicable Named Executive Officer on such date.
- (7) Represents unvested Career Restricted Stock Units granted to the Named Executive Officers for no consideration pursuant to the Company's Career Shares Program under its 2002 Stock Incentive Plan. Each Career Restricted Stock Unit represents a contingent right to receive one share of Company common stock. The Career Restricted Stock Unit will be paid out in shares of Company common stock at the time of retirement based upon the grantee's attained age and years of continuous service at the time of retirement. As of December 31, 2009, the only Named Executive Officer whose Career Restricted Stock Units were fully vested upon grant was Mr. Boyd. The actual market value of the Company common stock, if any, ultimately received upon the grantee's termination of service in connection with such Career Restricted Stock Units can only be determined upon the occurrence of such termination. See Compensation Discussion and Analysis Career Shares Program.
- (8) Represents awarded of Restricted Stock Units for no consideration pursuant to the Company's 2000 MIP and 2002 Stock Incentive Plan in April 2008. Each Restricted Stock Unit represents a contingent right to receive one share of the Company's common stock upon vesting. The Restricted Stock Units will vest in full upon the sooner to occur of (i) April 16, 2013 or (ii) a date after October 16, 2009 upon which the closing price of the Company's common stock is \$25.98 (which represents 150% of the closing price of the Company's common stock on April 15, 2008) or greater for twenty (20) consecutive trading days beginning on or after October 16, 2009. The Restricted Stock Units are subject to the forfeiture and other terms and conditions contained in the award agreement and the 2002 Stock Incentive Plan.
- (9) Represents Restricted Stock Units granted under our 2002 Stock Incentive Plan. Each Restricted Stock Unit represents a contingent right to receive one share of the Company's common stock. The Restricted Stock Units granted to the Named Executive Officers in 2008 vest in full upon the third anniversary of the grant date. Notwithstanding the foregoing, these Restricted Stock Units are subject to forfeiture and other terms and conditions contained in the award agreement and the 2002 Stock Incentive Plan. Option Exercises and Stock Vested Table (2009)

The following table sets forth information regarding the exercise of stock options and the vesting of Restricted Stock Units for each of our Named Executive Officers during the fiscal year ended December 31, 2009.

Name	OPTION AWARDS ⁽¹⁾		STOCK AWARDS	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Share Acquired on Vesting (#)	Value Realized on Vesting \$(2)

Keith E. Smith				
Robert L. Boughner				
Paul J. Chakmak				
Josh Hirsberg				

- (1) During 2009, none of our Named Executive Officers exercised any stock options.
- (2) Consistent with applicable SEC rules, represents the number of Career Restricted Stock Units that vested during 2009 for the applicable Named Executive Officer, multiplied by the market price of the underlying Company common stock on the vesting date. The Career Restricted Stock Units were granted to the Named Executive Officers on January 2, 2009 for no consideration pursuant to the Company's Career Shares Program under its 2002 Stock Incentive Plan. Each Career Restricted Stock Unit represents a contingent right to receive one share of Company common stock. The Career Restricted Stock Unit will be paid out in shares of Company common stock at the time of retirement based upon the grantee's attained age and years of continuous service at the time of retirement. Since Mr. Boyd was at least 60 years old and had been employed by the Company for at least 25 years as of the January 2, 2009 grant date, he was immediately 100% vested in the Career Restricted Stock Units granted to him. As a result, the value realized becomes the closing market price on January 2, 2009, the grant date, multiplied by the number of units. However, consistent with the terms of the Career Shares Program as described above, Mr. Boyd's Career Restricted Stock Units will not convert into Company common stock until the termination of his service with the Company. The value Mr. Boyd receives, if any, upon such conversion can only be determined at the time of his termination. No other Named Executive Officer vested in Career Restricted Stock Units during 2009.

Table of Contents**Non-qualified Deferred Compensation Table (2009)**

Our Deferred Compensation Plan provides for the deferral of compensation on a basis that is not tax-qualified. Under our Deferred Compensation Plan, our Named Executive Officers may defer up to 25% of their base salary and up to 100% of their incentive compensation. We may make discretionary matching or additions to a participant's account; however, during 2009, we did not exercise such discretion. For an explanation on a participant's potential distributions, see Compensation Discussion and Analysis Deferred Compensation Plan. The following table sets forth amounts deferred under our Deferred Compensation Plan, including our predecessor plan, for the year ended December 31, 2009:

Potential Payments upon Termination or Change-in-Control (2009)

Under the terms of our 2000 MIP, CIC Plan, Deferred Compensation Plan and our equity incentive plans, payments may be made to our Named Executive Officers upon their termination of employment or a change in control of the Company. See Compensation Discussion and Analysis Post-Termination Compensation for an explanation of the specific circumstances that would trigger payments under each plan. The description of the plans is qualified by reference to the complete text of the plans, which have been filed with the SEC. We have not entered into any severance agreements with our Named Executive Officers.

The following table sets forth the estimated payments that would be made to each of our Named Executive Officers upon voluntary termination, involuntary termination not for cause, for cause, and as a qualifying termination in connection with a change in control, and death or permanent disability. The payments would be made pursuant to the plans identified in the preceding paragraph. The information set forth in the table assumes:

The termination event occurred on December 31, 2009 (the last business day of our last completed fiscal year);

The price per share of our common stock on the date of termination is \$8.37 per share (the closing market price of our common stock on December 31, 2009);

For purposes of the short-term/annual awards under the 2000 MIP, (i) the executives have earned their target awards and the plan administrator does not elect to eliminate or reduce the awards pursuant to authority to do so granted under the plan, and (ii) except as otherwise stated herein each executive has earned and is paid their target bonus, as applicable, under the 2000 MIP;

For purposes of the long-term bonus awards under 2000 MIP, (i) the executives have earned their target awards for the period and the plan administrator does not elect to eliminate or reduce the awards pursuant to authority to do so granted under the plan, (ii) non-long service participants in the plan are awarded only a pro rata share (based on their time of service during the relevant plan period) of their target award in the event of their termination due to death or permanent disability, and (iii) except as otherwise stated herein each executive has earned and is paid their target bonus under the 2000 MIP;

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

All payments are made in a lump sum on the date of termination;

The vesting of all unvested stock options, Restricted Stock Units and Career Restricted Stock Units held by the executives is immediately accelerated in full upon a change of control pursuant to discretionary authority of the plan administrator granted pursuant to the particular plan (if not otherwise accelerated pursuant to the terms of the CIC Plan); and

The portion of in-the-money stock options and other equity awards that are subject to accelerated vesting in connection with the termination are immediately exercised and the shares received upon exercise (or upon

settlement in the case of Restricted Stock Units and Career Restricted Stock Units) are immediately resold at the assumed price per share of our common stock on the date of termination.

The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company and may differ materially from the amounts set forth in the table below. The amounts set forth in the table below do not reflect the withholding of applicable state and federal taxes.

Report of the Audit Committee

To the Board of Directors:

We have reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended December 31, 2009.

We have discussed with Deloitte & Touche LLP ("Deloitte"), the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

We have received and reviewed the written disclosures and the letter from Deloitte required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the Audit Committee concerning independence, and have discussed with Deloitte their independence.

Based on the reviews and discussions referred to above, we recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

During the course of 2009, the Audit Committee continued to oversee the Company's efforts related to its internal control over financial reporting and management's preparation for the evaluation in 2010. The Audit Committee was kept apprised of the progress of the 2009 evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee reviewed periodic updates provided by management, members of the Company's internal audit group, and Deloitte. At the conclusion of the process, management, as well as members of the Company's internal audit group, provided the Audit Committee with, and the Audit Committee reviewed, a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed Management's Report on Internal Control Over Financial Reporting included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009, as well as Deloitte's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of the consolidated financial statements and the effectiveness of internal control over financial reporting.

We have also considered whether the provision of services by Deloitte, other than services related to the audit of the financial statements referred to above and the review of the interim financial statements included in the Company's quarterly reports on Form 10-Q for the most recent fiscal year, is compatible with maintaining the independence of Deloitte.

PROPOSALS REQUIRING YOUR VOTE

PROPOSAL 1 Election of Directors

General

Our board of directors currently has eleven members. Each of our directors is standing for re-election, to hold office until the next annual meeting of stockholders or until their respective successors are duly elected and qualified. Following the recommendation of our Corporate Governance and Nominating Committee, the board of directors has nominated the persons listed below to serve as directors for a one-year term beginning at the Annual Meeting.

Vacancies on our board of directors and newly created directorships will generally be filled by vote of a majority of the directors then in office, and any directors so chosen will hold office until the next annual election of directors. The board of directors has no reason to believe that any of its nominees will be unable or unwilling to serve if elected to office and, to the knowledge of the board of directors, each of its nominees intends to serve the entire term for which election is sought. However, should any nominee of the board of directors become unable or unwilling to accept nomination or election as a director of the Company, the proxies solicited by management will be voted for such other person as our board of directors may determine.

In voting for a director, each stockholder is entitled to cast one vote for each outstanding share of our common stock that they hold. Stockholders are not entitled to cumulate their votes for members of the board of directors. The eleven nominees who receive the greatest number of FOR votes will be elected to the board of directors.

THE BOARD OF DIRECTORS RECOMMENDS YOU VOTE FOR

Table of Contents**PROPOSAL 2 Ratification of Independent Registered Public Accounting Firm**

Deloitte & Touche LLP (Deloitte) has served as the independent registered public accounting firm for the Company and California Hotel and Casino, our predecessor, since 1981 and has been appointed by the Audit Committee to continue as our independent registered public accounting firm for the year ending December 31, 2010. Through a wholly owned subsidiary, we own and operate the Borgata Hotel Casino and Spa and The Water Club in a joint venture with a wholly owned subsidiary of MGM MIRAGE. Marina District Development Company, LLC ("MDDC"), is the operating company created pursuant to this arrangement. In January 2009, Robert L. Boughner, a member of our board of directors and our Executive Vice President and Chief Business Development Officer, resumed the duties of President and Chief Operating Officer of MDDC. Consistent with past years in which Mr. Boughner served as an executive officer of MDDC, MDDC reimbursed the Company for all of Mr. Boughner's 2009 base salary and short-term bonus plus reimbursements in the amount of approximately \$29,000, representing a portion of his benefits and employment taxes. Additionally, we provide periodic use of our corporate aircraft to MDDC for which we are reimbursed, and during 2009 such reimbursements equaled approximately \$95,000.

Policies and Procedures Regarding Transactions with Related Persons

We attempt to analyze all transactions in which the Company (or our subsidiaries) participates and in which a related person may have a direct or indirect material interest, both due to the potential for a conflict of interest and to determine whether disclosure of the transaction is required under applicable SEC rules and regulations. Related persons include any of our directors or executive officers, certain of our stockholders and their respective immediate

family members. As it relates to our employees, officers and directors, pursuant to our Code of Business Conduct and Ethics, which is available on our website at www.boydgaming.com, a conflict of interest arises when personal interests interfere with the ability to act in the best interests of the Company. Pursuant to our Code of Business Conduct and Ethics, our employees are to disclose any potential conflicts of interest to the Chief Executive Officer or his designees, who will advise the employee as to whether or not the Company believes a conflict of interest exists. Employees are also to disclose potential conflicts of interest involving their respective spouses, siblings, parents, in-laws, children, and members of their households. Non-employee directors are also to discuss any concerns with the Chairman of the Corporate Governance and Nominating Committee or our General Counsel.

Each year, we require our directors and executive officers to complete a questionnaire that is intended to, among other things, identify any transactions or potential transactions with us in which a director or an executive officer or one of their family members or associated entities has an interest, and which exceeds \$120,000. We also require that directors and executive officers promptly notify us of any changes during the course of the year to the information provided in the annual questionnaire.

Our Audit Committee, pursuant to its charter, has responsibility for reviewing and approving certain related person transactions, as provided in the charter. In addition, the board of directors annually determines the independence of directors based on a review by the directors and the Corporate Governance and Nominating Committee.

We believe that these policies and procedures collectively ensure that all related person transactions requiring disclosure under SEC rules are appropriately reviewed and approved or ratified.
