Introduction

This Amendment No. 15 amends the Schedule 13D originally filed with the Securities and Exchange Commission (the Commission) on October 23, 1987 (as amended, the Schedule 13D) by The Williams Companies, Inc. (Williams) and certain other entities. This Schedule 13D relates to the ordinary shares, par value \$0.01 per share (the Ordinary Shares) of Apco Oil and Gas International Inc. (formerly known as Apco Argentina Inc.), a Cayman Islands company (the Issuer). Unless specifically amended hereby, the disclosure set forth in the Schedule 13D shall remain unchanged.

Item 4. Purpose of Transaction.

The information previously provided in response to Item 4 is hereby amended and supplemented by adding the following at the end thereof:

In connection with Williams' previously announced reorganization plan to separate its businesses into two separate, publicly traded corporations, WPX Energy, Inc. (WPX Energy), a wholly owned subsidiary of Williams, has filed a registration statement with the Commission with respect to an initial public offering of its equity securities. The reorganization plan calls for a series of transactions designed to move Williams' exploration and production business, including its interest in the Issuer, into WPX Energy. For the sole purpose of facilitating the transfer of Williams' interest in the Issuer to WPX Energy in a tax-efficient manner, it was proposed that the Issuer recapitalize its outstanding equity by amending its charter documents to create a new convertible class of shares, designated as Class A Shares, which would have, as a class, 85 percent of the voting power with respect to the election and removal of directors of the Issuer. At the Issuer's annual general meeting of shareholders on June 30, 2011, the holders of the Ordinary Shares approved this recapitalization and approved the issuance of one Class A Share to Global Energy in exchange for each Ordinary Share of the Company owned by Global Energy. Global Energy is an indirect wholly-owned subsidiary of Williams. Following such approval, the Issuer exchanged each issued and outstanding Ordinary Share owned by Global Energy for one of the Issuer's Class A Shares. Each Class A Share will convert automatically into one Ordinary Share in the event that neither Williams nor WPX Energy beneficially owns, separately or in the aggregate, directly or indirectly, at least 50 percent of the aggregate outstanding Class A Shares and Ordinary Shares of the Issuer.

Item 5. Interest in Securities of the Issuer.

The information previously provided in response to Item 5 is hereby amended and restated by replacing the text thereof in its entirety with the following:

- (a) (1) Global Energy is the record owner of 20,301,592 Class A Shares of the Issuer, which based on calculations made in accordance with Rule 13d-3, and giving effect to the conversion of the Class A Shares, represents 69.0% of the outstanding Ordinary Shares.
- (2) Williams, as indirect 100% owner of Global Energy, may, pursuant to Rule 13d-3, be deemed to beneficially own 20,301,592 Class A Shares, which based on calculations made in accordance with Rule 13d-3, and giving effect to the conversion of the Class A Shares, represents 69.0% of the outstanding Ordinary Shares.
- (3) See Schedule 1 for the aggregate number and percentage of Ordinary Shares beneficially owned by the Listed Persons.

(b) The information set forth in Items 7 through 11 of the cover pages hereto is incorporated herein by reference. See Schedule 1 for the information applicable to the Listed Persons.

(c) Except as described in this Schedule 13D, none of the Reporting Persons or, to the Reporting Persons' knowledge, the Listed Persons, has effected any transactions in the Ordinary Shares during the past 60 days.

(d) The Reporting Persons and certain wholly owned subsidiaries of Williams have the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, the Ordinary Shares reported on the cover pages of this Schedule 13D and in this Item 5. See Schedule 1 for the information applicable to the Listed Persons. Except for the foregoing, no other person is known by the Reporting Persons to have the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, Ordinary Shares beneficially owned by the Reporting Persons or, to the Reporting Persons' knowledge, the Listed Persons.

(e) Not applicable.

The calculations made in this Item 5 give effect to the conversion of the 20,301,592 outstanding Class A Shares of the Issuer, which will automatically convert into Ordinary Shares in the event that neither Williams nor WPX Energy beneficially owns, separately or in the aggregate, directly or indirectly, at least 50 percent of the aggregate outstanding Class A Shares and Ordinary Shares of the Issuer.
