## Section 2. Financial Information

### Item 2.02. Results of Operations and Financial Condition.

On May 3, 2012, State Auto Financial Corporation (the **Company**) issued a press release disclosing the Company's results of operations for the three-month period ended March 31, 2012 (the **Release**). The full text of the Release is furnished as Exhibit 99.1 to this Current Report on Form 8-K.

The Release included a non-GAAP financial measure, net income (loss) from operations per diluted share. Net income (loss) from operations differs from GAAP net income (loss) only by the exclusion of realized capital gains (losses), net of applicable taxes, on investment activity for the periods being reported. For the three-month periods ended March 31, 2012 and 2011, GAAP net income (loss) was \$(0.05) per diluted share and \$0.32 per diluted share, respectively, while net income (loss) from operations was \$(0.16) per diluted share and \$0.18 per diluted share for these same respective periods. For the three-month period ended March 31, 2012, realized capital gains, net of applicable taxes, decreased the GAAP net loss per diluted share by \$0.11. For the three-month period ended March 31, 2011, realized capital gains, net of applicable taxes, increased the GAAP net income per diluted share by \$0.14.

Management uses net income (loss) from operations because it believes this calculation better indicates the Company's operating performance than GAAP net income (loss) in that net income (loss) from operations excludes the sometimes volatile realized capital gains/losses, net of applicable federal income taxes, that can produce inconsistent results.

The Release also included non-GAAP financial measures as to net written premium and a catastrophe loss ratio. Due to the significant changes in the Company's net written premium as a result of implementing the homeowners quota share arrangement and the 2011 pooling participation percentage changes at the end of 2011, the following non-GAAP financial measures were provided in the Release in order to enable investors to perform a meaningful comparison of the Company's current and historical net written premium and catastrophe loss ratio:

- (1) A 7.5% increase in total net written premium for the first quarter of 2012 from the same period in 2011, which excluded the impact of the homeowners quota share arrangement<sup>(1)</sup> and the 2011 pooling participation percentage change<sup>(2)</sup>;
- (2) A 3.1% decrease in net written premium for the personal insurance segment for the first quarter of 2012 from the same period in 2011, which excluded the impact of the homeowners quota share arrangement<sup>(1)</sup> and the 2011 pooling participation percentage change<sup>(2)</sup>;
- (3) A 4.3% increase in net written premium for the business insurance segment for the first quarter of 2012 from the same period in 2011, which excluded the impact of the 2011 pooling participation percentage change<sup>(2)</sup>;
- (4) A catastrophe loss ratio of 12.6% for the first quarter of 2012, which assumed that the homeowners quota share arrangement<sup>(1)</sup> had not been in effect for the first quarter of 2012.

- (1) Homeowners quota share arrangement: On December 31, 2011, the State Auto Group entered into a quota share reinsurance agreement with a syndicate of unaffiliated reinsurers covering its homeowners book of business.
- (2) 2011 pooling participation percentage change: As of December 31, 2011, the intercompany reinsurance pooling arrangement was amended to reduce the overall participation percentage of the Company's insurance subsidiaries from 80% to 65%.

**Section 5. Corporate Governance and Management**

**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

**Item 5.02(f)**

The Company has a Long-Term Incentive Plan under which grants of cash-based performance award units ( *PAUs* ) are made to its Named Executive Officers ( *NEOs* ) and other members of the Leadership Team. The value of a PAU is dependent upon the State Auto Group's relative performance to a peer group of other property and casualty insurers (the *LTIP Peer Group* ) during a three-year performance period. The value of the PAU awards to the NEOs for the three-year performance period ended December 31, 2011 (the *2009-2011 performance period* ), was omitted from the Company's definitive Proxy Statement dated April 3, 2012 (the *2012 Proxy Statement* ) because, as of that date, the final LTIP Peer Group data for the 2009-2011 performance period was not available to the Company.

On May 3, 2012, the Company's Compensation Committee approved PAU awards for the 2009-2011 performance period for the NEOs identified in the 2012 Proxy Statement. Set forth below are the non-equity incentive compensation and total compensation for each NEO reported in the Summary Compensation Table on Page 54 of the 2012 Proxy Statement, as recalculated to include the value of the PAU awards for the 2009-2011 performance period.
