(1) General

The accompanying quarterly consolidated financial statements of NTT DOCOMO, INC. and its subsidiaries (DOCOMO) were prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). Certain disclosures required by U.S. GAAP have been omitted. (2) Receivables held for sale

DOCOMO entered into a contract regarding the transfer of billing claims with NTT FINANCE CORPORATION (NTT FINANCE) in June 2012. Under the contract, monthly billing claims which will be billed to subscribers mainly for DOCOMO 's telecommunications services and by providing funds for subscribers ' handset purchases on or after July 1, 2012 will be transferred, at fair value, to NTT FINANCE.

Accounts receivable for DOCOMO 's telecommunications services and installment receivables for handsets, which had not been sold to NTT FINANCE and were held for sale as at the balance sheet date, are separately presented as 'Receivables held for sale' on the consolidated balance sheets.

2. Equity:

Effective May 1, 2006, the Corporate Law of Japan provides that (i) dividends of earnings require approval at a general meeting of shareholders, (ii) interim cash dividends can be distributed upon the approval of the board of directors, if the articles of incorporation provide for such interim cash dividends and (iii) an amount equal to at least 10% of decrease in retained earnings by dividends payment be appropriated from retained earnings to a legal reserve up to 25% of capital stock. The legal reserve is available for distribution upon approval of the shareholders.

In the general meeting of shareholders held on June 19, 2012, the shareholders approved cash dividends of ¥116,109 million or ¥2,800 per share, payable to shareholders recorded as of March 31, 2012, which were declared by the board of directors on April 27, 2012. The source of dividends was 'Retained earnings.' DOCOMO started paying the dividends on June 20, 2012.

In order to improve capital efficiency and to implement flexible capital policies in accordance with the business environment, DOCOMO acquires treasury stock.

With regard to the acquisition of treasury stock, the Corporate Law of Japan provides that (i) it can be done according to the resolution of the general meeting of shareholders, and (ii) the acquisition of treasury stock through open market transactions can be done according to the resolution of the board of directors if the articles of incorporation contain such a provision. Table of Contents**NTT DOCOMO, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)****3. Segment reporting:**

DOCOMO's chief operating decision maker (CODM) is its board of directors. The CODM evaluates the performance and makes resource allocations of its segments based on the information derived from DOCOMO's internal management reports. Accounting policies used to determine segment profit or loss and segment assets are consistent with those used to prepare the consolidated financial statements in accordance with U.S. GAAP. There were no transactions between the operating segments.

DOCOMO has five operating segments, which consist of mobile phone business, credit services business, home shopping services business, internet connection services business for hotel facilities, and miscellaneous businesses. The mobile phone business includes mobile phone services (Xi services, FOMA services, and mova services), packet communications services, satellite mobile communications services, international services and the equipment sales related to these services. Credit services business primarily includes DCMX services. Home shopping services business includes home shopping services business provided primarily through TV media. Internet connection services business for hotel facilities includes high-speed internet connection services for hotel facilities, which are provided in many countries in the world, mainly Asia and Europe. The miscellaneous businesses primarily includes advertisement services, development, sales and maintenance of IT systems. DOCOMO terminated mova services on March 31, 2012.

Due to its quantitative significance, only the mobile phone business qualifies as a reportable segment and therefore is disclosed as such. The remaining four operating segments are each quantitatively insignificant and therefore combined and disclosed as all other businesses.

4. Contingencies:

Litigation

DOCOMO is involved in litigation and claims arising in the ordinary course of business. Management believes that no litigation or claims outstanding, pending or threatened against DOCOMO would have a materially adverse effect on its results of operations, cash flows or financial position.

Guarantees

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners.

DOCOMO provides subscribers with guarantees for product defects of cellular phone handsets sold by DOCOMO, but DOCOMO is provided with similar guarantees by the handset vendors and no liabilities were recognized for these guarantees.

Though the guarantees or indemnifications provided in transactions other than those with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations.

Table of Contents**NTT DOCOMO, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)****5. Fair value measurements:**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value according to observability. The inputs are described as follows:

Level 1 - quoted prices in active markets for identical assets or liabilities

Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability

Level 3 - unobservable inputs for the asset or liability

DOCOMO also distinguishes assets and liabilities measured at fair value every period on a recurring basis from those measured on a nonrecurring basis under specific situation.

(1) Assets and liabilities measured at fair value on a recurring basis

DOCOMO's assets and liabilities measured at fair value on a recurring basis include available-for-sale securities and derivatives.

DOCOMO's assets and liabilities that were measured at fair value on a recurring basis at March 31, 2012 and June 30, 2012 were as follows:

	Millions of yen March 31, 2012			
	Total	Level 1	Level 2	Level 3

Available-for-sale securities

Available-for-sale securities include marketable equity securities and debt securities, which are valued using quoted prices in active markets for identical assets. Therefore, these securities are classified as Level 1.

Derivatives

Derivative instruments are foreign exchange forward contracts and foreign currency option contracts, which are measured using valuation provided by financial institutions based on observable market data. Therefore, these derivatives are classified as Level 2.

(2) Assets and liabilities measured at fair value on a nonrecurring basis

Certain assets and liabilities are measured at fair value on a nonrecurring basis and are not included in the table above. Changes of fair value in such assets and liabilities typically result from impairments.

DOCOMO may be required to measure fair value of long-lived assets, equity securities whose fair values are not readily determinable, and other assets or liabilities on a nonrecurring basis.

DOCOMO's assets and liabilities that were measured at fair value on a nonrecurring basis for the three months ended June 30, 2011 were immaterial.

DOCOMO's assets that were measured at fair value on a nonrecurring basis for the three months ended June 30, 2012 were as follows.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)

Receivables held for sale are measured at the lower of cost or fair value in the consolidated balance sheets.

Receivables held for sale are classified as level 2. DOCOMO measures the fair value of the receivables held for sale by discounting, at LIBOR-based discount rates, future cash flows estimated while taking into account factors such as default probabilities and loss severity of similar trade receivables.

6. Subsequent event:

There were no significant subsequent events to be disclosed.
