Item 2.02 Results of Operations and Financial Condition.

On August 1, 2012, BioMed Realty Trust, Inc. (the Company) issued a press release regarding its financial results for the second quarter ended June 30, 2012, which referred to certain supplemental information that is available on the Company's website at www.biomedrealty.com. Copies of the press release and supplemental information are attached hereto as Exhibits 99.1 and 99.2, respectively, and are incorporated by reference herein.

The information contained in this Item 2.02, including the exhibits referenced in Item 9.01, is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. Such information shall not be incorporated by reference into any filing of the Company, whether made before or after the date hereof, regardless of any general incorporation language in such filing.

Item 8.01 Other Events.

The Company and BioMed Realty, L.P. (the Operating Partnership) are disclosing the following information to supplement the disclosure included in the section Material United States Federal Income Tax Considerations in the Company's Registration Statements on Form S-3 (File Nos. 333-161759, 333-168030 and 333-178117) and the Company's and the Operating Partnership's Registration Statement on Form S-3 (File Nos. 333-161751 and 333-161751-01) (collectively, the Registration Statements).

The following is a supplement to, and should be read together with, the discussion under the heading Material United States Federal Income Tax Considerations Taxation of Our Company in the Registration Statements:

Proposed Treasury Regulations Regarding Certain Asset Dispositions. If we acquire any asset from a corporation which is or has been a C corporation in a transaction in which the basis of the asset in our hands is less than the fair market value of the asset, in each case determined at the time we acquired the asset, and we subsequently recognize gain on the disposition of the asset during the ten-year period beginning on the date on which we acquired the asset, then as described in the Registration Statement under the heading Taxation of Our Company General, we generally will be required to pay tax at the highest regular corporate tax rate on this gain to the extent of the excess of (a) the fair market value of the asset over (b) our adjusted basis in the asset, in each case determined as of the date on which we acquired the asset. The results described in this paragraph with respect to the recognition of gain assume that certain elections specified in applicable Treasury regulations are either made or forgone by us or by the entity from which the assets are acquired, in each case, depending on the date such acquisition occurred.

The IRS has issued Proposed Treasury Regulations which would exclude from the application of this built-in gains tax any gain from the sale of property acquired by us in an exchange under Section 1031 (a like kind exchange) or 1033 (an involuntary conversion) of the Code. These Proposed Treasury Regulations will not be effective unless they are issued in final form, and as of the date hereof, it is not possible to determine whether the proposed regulations will be finalized in their current form or at all.

*The following discussion supersedes the first three paragraphs in the discussion under the heading **Material United States Federal Income Tax Considerations** **Taxation of Our Company** **Annual Distribution Requirements** in the Registration Statements:*

To maintain our qualification as a REIT, we are required to distribute dividends, other than capital gain dividends, to our stockholders in an amount at least equal to the sum of:

90% of our REIT taxable income ; and

90% of our after-tax net income, if any, from foreclosure property; minus

the excess of the sum of specified items of our non-cash income over 5% of our REIT taxable income as described below.

For these purposes, our REIT taxable income is computed without regard to the dividends paid deduction and our net capital gain. In addition, for purposes of this test, non-cash income generally means income attributable to leveling of stepped rents, original issue discount, cancellation of indebtedness, and any like-kind exchanges that are later determined to be taxable.

Also, our REIT taxable income will be reduced by any taxes we are required to pay on any gain we recognize from the disposition of any asset we acquired from a corporation which is or has been a C corporation in a transaction in which our basis in the asset is less than the fair market value of the asset, in each case determined at the time we acquired the asset, within the ten-year period following our acquisition of such asset. See Proposed Treasury Regulations Regarding Certain Asset Dispositions above.
