PROXY STATEMENT FOR THE 2012 ANNUAL MEETING OF STOCKHOLDERS

November 7, 2012

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of Infoblox Inc.'s board of directors for use at Infoblox's 2012 Annual Meeting of Stockholders (the "meeting") to be held at the offices of Fenwick & West LLP located at 801 California Street, Mountain View, CA 94041 on December 19, 2012, at 9 a.m. (Pacific Time), and any adjournment or postponement thereof.

Internet Availability of Proxy Materials

Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about November 9, 2012, we expect to send to our stockholders a Notice of Internet Availability of Proxy Materials ("Notice of Internet Availability") containing instructions on how to access our proxy materials, including our proxy statement and our annual report. The Notice of Internet Availability also provides instructions on how to vote by telephone or through the Internet and includes instructions on how to receive a paper copy of the proxy materials by mail.

This process is designed to reduce our environmental impact and lowers the costs of printing and distributing our proxy materials without impacting our stockholders' timely access to this important information. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability.

General Information About the Meeting

Purpose of the Meeting

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, following the meeting, management will respond to questions from stockholders.

Record Date; Quorum

Only holders of record of common stock at the close of business on October 31, 2012, the record date, will be entitled to vote at the meeting. At the close of business on October 31, 2012, we had 47,023,622 shares of common stock outstanding and entitled to vote.

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

Voting Rights; Required Vote

Edgar Filing: INFOBLOX INC - Form DEF 14A

Each holder of shares of common stock is entitled to one vote for each share of common stock held as of the close of business on October 31, 2012, the record date. You may vote all shares owned by you as October 31,

Table of Contents

2012, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee. On October 31, 2012 we had 47,023,622 shares of common stock issued and outstanding

Stockholder of Record: Shares Registered in Your Name. If on October 31, 2012 your shares were registered directly in your name with our transfer agent, Computershare, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the meeting or vote by telephone, through the Internet, or if you request or receive paper proxy materials by mail, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If on October 31, 2012 your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the meeting.

Each director will be elected by a plurality of the votes cast, which means that the two individuals nominated for election to the Board of Directors at the meeting receiving the highest number of **FOR** votes will be elected. You may either vote **FOR** one or both nominees or **WITHHOLD** your vote with respect to one or both nominees. Approval of Proposal 2 will be obtained if the number of votes cast **FOR** the proposal at the meeting exceeds the number of votes **AGAINST** the proposal. Abstentions (shares present at the meeting and voted **abstain**) are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the meeting.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The board of directors recommends that you vote **FOR** each of the Class I directors named in this proxy statement (Proposal 1) and **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending July 31, 2013 (Proposal 2).

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

vote in person we will provide a ballot to stockholders who attend the meeting and wish to vote in person;

vote via telephone or via the Internet in order to do so, please follow the instructions shown on your Notice of Internet Availability or proxy card; or

vote by mail if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the enclosed proxy card and return it before the meeting in the envelope provided.

Table of Contents

Votes submitted by telephone or through the Internet must be received by 11:59 p.m., Pacific Time, on December 18, 2012. Submitting your proxy (whether by telephone, through the Internet or by mail if you request or received a paper proxy card) will not affect your right to vote in person should you decide to attend the meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. You may either vote FOR all of the nominees to the board of directors, or you may withhold your vote from any nominee you specify. For Proposal 2, you may vote FOR or AGAINST or ABSTAIN from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board or directors stated above.

If you received a Notice of Internet Availability, please follow the instructions included on the notice on how to access your proxy card and vote by telephone or through the Internet. If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute broker non-votes (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting.

If you receive more than one proxy card or Notice of Internet Availability, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on the Notice of Internet Availability on how to access each proxy card and vote each proxy card by telephone or through the Internet. If you requested or received paper proxy materials by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

The expenses of soliciting proxies will be paid by Infoblox. Following the original mailing of the soliciting materials, Infoblox and its agents may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, e-mail, or otherwise. Following the original mailing of the soliciting materials, Infoblox will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, Infoblox, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials and/or vote through the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

A stockholder of record who has given a proxy may revoke it at any time before it is exercised at the meeting by:

delivering to the Corporate Secretary of Infoblox (by any means, including facsimile) a written notice stating that the proxy is revoked;

signing and delivering a proxy bearing a later date;

voting again by telephone or through the Internet; or

attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Table of Contents

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

Electronic Access to the Proxy Materials

The Notice of Internet Availability will provide you with instructions regarding how to:

view our proxy materials for the meeting through the Internet; and

instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will reduce the impact of our annual meetings of stockholders on the environment and lower the costs of printing and distributing our proxy materials. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the meeting. The preliminary voting results will be announced at the meeting and posted on our website at <http://ir.infoblox.com>. The final results will be tallied by the inspector of elections and filed with the SEC in a current report on Form 8-K within four business days of the meeting.

Table of Contents

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Infoblox is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, board committee structure and functions, and other policies for the governance of the company. Our Corporate Governance Guidelines are available on the Investor Relations section of our website, which is located at <http://ir.infoblox.com>, by clicking on Corporate Governance Guidelines, under Corporate Governance. The Corporate Governance Guidelines are reviewed at least annually by our nominating and corporate governance committee, and changes are recommended to our board of directors with respect to changes as warranted.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board of directors shall be free to choose its chairman in any way that it considers in the best interests of our company, and that the nominating and corporate governance committee shall periodically consider the leadership structure of our board of directors and make such recommendations related thereto to the board of directors with respect thereto as the nominating and corporate governance committee deems appropriate. Our Corporate Governance Guidelines also provide that, when the positions of chairman and chief executive officer are held by the same person, the independent directors shall designate a lead independent director. The responsibilities of the chairman or the lead independent director include: setting the agenda for each meeting of our board directors, in consultation with our chief executive officer; presiding at executive sessions; being available, under appropriate circumstances, for consultation and direct communication with stockholders; and facilitating communication between the independent directors and management.

Our board of directors believes that we and our stockholders currently are best served by having Michael L. Goguen, an independent director, serve as chairman. Separating the positions of chief executive officer and chairman allows our president and chief executive officer to focus on our day-to-day business, while allowing the chairman to lead our board of directors in its fundamental role of providing independent advice to and oversight of management. Our board of directors believes that its independence and oversight of management is maintained effectively through this leadership structure, the composition of the board of directors and sound corporate governance policies and practices.

Our Board of Directors Role in Risk Oversight

Our board of directors, as a whole, has responsibility for risk oversight, although the committees of our board of directors oversee and review risk areas which are particularly relevant to them. The risk oversight responsibility of our board of directors and its committees is supported by our management reporting processes, which are designed to provide visibility to the board of directors and to our personnel that are responsible for risk assessment and information about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include, but are not limited to, competitive, economic, operational, financial (accounting, credit, liquidity, and tax), legal, regulatory, compliance and reputational risks.

Each committee of the board of directors meets in executive session with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus. The audit committee reviews our major financial risk exposures and the steps management has taken to monitor and

Table of Contents

control such exposures, including our risk assessment and risk management policies and guidelines. The nominating and corporate governance committee reviews our major legal compliance risk exposures and monitors the steps management has to mitigate these exposures, including our legal risk assessment and legal risk management policies and guidelines.

Independence of Directors

Our board of directors determines the independence of our directors by applying the independence principles and standards established by the NYSE. These provide that a director is independent only if the board affirmatively determines that the director has no direct or indirect material relationship with our company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, the board annually reviews the independence of the company's directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Based upon this review, our board of directors has determined that the following director nominee and members of our board of directors are currently independent as determined under the rules of the NYSE:

Thomas E. Banahan
Laura C. Conigliaro
Fred M. Gerson

Michael L. Goguen
Frank J. Marshall
Daniel J. Phelps

All members of our audit committee, compensation committee, nominating and corporate governance committee must be independent directors as defined by our Corporate Governance Guidelines. Members of the audit committee must also satisfy a separate SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Infoblox or any of its subsidiaries other than their directors' compensation. Our board of directors has determined that all members of our audit committee, compensation committee and nominating and corporate governance committee are independent and all members of our audit committee satisfy the relevant SEC additional independence requirements for the members of such committee.

Committees of Our Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Copies of the charters for each committee are available, without charge, upon request in writing to Infoblox Inc., 4750 Patrick Henry Drive, Santa Clara, California 95054, Attn: General Counsel or by clicking on Corporate Governance in the investor relations section of our website, <http://ir.infoblox.com>. Members serve on these committees until their resignations or until otherwise determined by our board of directors.

Table of Contents

Audit Committee

Our audit committee is comprised of Mr. Gerson, who is the chair of the audit committee, Ms. Conigliaro and Mr. Phelps. The composition of our audit committee meets the requirements for independence under current NYSE and SEC rules and regulations. Each member of our audit committee is financially literate as required by current NYSE listing standards. In addition, our board of directors has determined that each of Messrs. Gerson and Phelps is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K under the Securities Act. Our audit committee, among other things:

selects a qualified firm to serve as the independent registered public accounting firm to audit our financial statements;

helps to ensure the independence and performance of and oversees our company's relationship with the independent registered public accounting firm;

discusses the scope and results of the audit with the independent registered public accounting firm, and reviews, with management and the independent accountants, our interim and year-end operating results;

develops procedures for employees to submit concerns anonymously about questionable accounting or audit matters;

reviews our policies on risk assessment and risk management;

reviews related person transactions;

obtains and reviews a report by the independent registered public accounting firm at least annually, that describes our internal quality-control procedures, any material issues with such procedures, and any steps taken to deal with such issues; and

approves (or, as permitted, pre-approves) all audit and all permissible non-audit services, other than de minimis non-audit services, to be performed by the independent registered public accounting firm.

Compensation Committee

Our compensation committee is comprised of Mr. Goguen, who is the chair of the compensation committee, and Messrs. Banahan and Gerson. Mr. Banahan will cease serving as a director when his term ends at the meeting, and effective upon the meeting, the committee will be reduced to two members. The composition of our compensation committee meets the requirements for independence under current NYSE and SEC rules and regulations. Each member of this committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, and an outside director, as defined pursuant to Section 162(m) of the Code. The purpose of our compensation committee is to discharge the responsibilities of our board of directors relating to compensation of our executive officers. Our compensation committee, among other things:

reviews, approves and determines, or makes recommendations to our board of directors regarding, the compensation of our executive officers;

administers our stock and equity incentive plans;

reviews and approves and makes recommendations to our board of directors regarding incentive compensation and equity plans; and

establishes and reviews general strategies relating to compensation and benefits of our employees.

At least annually, our compensation committee reviews and approves our executive compensation strategy and principles to confirm that they are aligned with our business strategy and objectives, and shareholder interests. The compensation committee has the exclusive authority and responsibility to determine all aspects of

Table of Contents

executive compensation packages for executive officers and makes recommendations to our board of directors regarding the compensation of non-employee directors. Under its charter, our compensation committee has the authority to retain outside counsel or other advisors. Pursuant to that authority, the compensation committee engaged an independent compensation consultant, Compensia, Inc. (Compensia), to evaluate our executive compensation levels and practices and to provide advice and ongoing recommendations on executive compensation matters for fiscal 2012. The compensation committee retains and does not delegate any of its exclusive power to determine all matters of executive compensation and benefits, although the chief executive officer and the Human Resources Department present compensation and benefit proposals to the compensation committee. Compensia representatives meet informally with the chair of our compensation committee and regularly with our compensation committee during its regular meetings, including in executive sessions from time to time without any members of management present. Compensia works directly with our compensation committee (and not on behalf of management) to assist our compensation committee in satisfying its responsibilities and will undertake no projects for management without our compensation committee's approval. No work performed by Compensia during fiscal year 2012 raised a conflict of interest.

With the assistance of Compensia, our compensation committee generally reviews executive officer compensation, both base salary levels and the target levels for variable cash and any equity incentive awards, following the end of each fiscal year and at the recommendation of our chief executive officer. In connection with this review, our compensation committee considers any input that it may receive from our chief executive officer (with respect to executive officers other than himself) to evaluate the performance of each executive officer and sets each executive officer's total target cash compensation for the current year. In establishing compensation for executive officers other than our chief executive officer, decisions are made by our compensation committee after reviewing recommendations made by and in consultation with our chief executive officer. Our chief executive officer does not participate in the deliberations regarding the setting of his own compensation by our compensation committee other than those establishing, in consultation with our compensation committee, the company performance objectives for all executive officer participants under our general bonus plan.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Mr. Marshall, who is the chair of the nominating and corporate governance committee, and Ms. Conigliaro. The composition of our nominating and corporate governance committee meets the requirements for independence under current NYSE and SEC rules and regulations. Our nominating and corporate governance committee, among other things:

identifies, evaluates and makes recommendations to our board of directors regarding, nominees for election to our board of directors and its committees;

evaluates the performance of our board of directors and its committees;

considers and makes recommendations to our board of directors regarding the composition of our board of directors and its committees;

reviews developments in corporate governance practices;

evaluates the adequacy of our corporate governance practices and reporting; and

develops and makes recommendations to our board of directors regarding our code of conduct and corporate governance guidelines and matters.

Compensation Committee Interlocks and Insider Participation

The members of our compensation committee during fiscal 2012 were Messrs. Banahan, Gerson and Goguen. None of the members of our compensation committee in fiscal 2012 was at any time during fiscal 2012 or at any other time an officer or employee of Infoblox or any of its subsidiaries, and none had or have any

None of our executive officers has served as a member of the board of directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our board of directors or compensation committee during fiscal 2012.

Board and Committee Meetings and Attendance

The board of directors is responsible for the management and direction of the Company and for establishing broad corporate policies. The board of directors meets periodically during the Company's fiscal year to review significant developments affecting the Company and to act on matters requiring board of directors approval. The board of directors held 14 meetings during fiscal 2012, and also acted by unanimous written consent, the audit committee held 6 meetings, the compensation committee held 3 meetings and the nominating and corporate governance committee held 2 meetings. During fiscal 2012, each member of the board of directors participated in at least 75% of the aggregate of all meetings of the board of directors and the aggregate of all meetings of committees on which such member served, that were held during the period in which such director served during fiscal 2012.

Board Attendance at Annual Stockholders Meeting

Our policy is to invite and encourage each member of our board of directors to be present at our annual meetings of stockholders. We completed our initial public offering (IPO) in April 2012 and did not have an annual meeting of our stockholders in 2011.

Presiding Director of Non-Employee Director Meetings

The non-employee directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. Our chairman, currently Mr. Goguen, is the presiding director at these meetings.

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the nominating and corporate governance committee in accordance with the committee's charter, our certificate of incorporation and bylaws, our Corporate Governance Guidelines, and the criteria adopted by the board of directors regarding director candidate qualifications. In recommending candidates for nomination, the nominating and corporate governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under **Stockholder Proposals to Be Presented at Next Annual Meeting**.

Director Qualifications

With the goal of developing a diverse, experienced and highly-qualified board of directors, the nominating and corporate governance committee is responsible for developing and recommending to the board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on the board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of the board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NYSE listing requirements and the provisions of our certificate of incorporation, bylaws, Corporate Governance Guidelines, and charters of the board committees. In addition, neither the board of directors nor the nominating and corporate governance committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, the nominating and corporate governance committee may take into consideration many factors including, among other things, a candidate's independence, integrity, skills, financial and other expertise, breadth of experience, and knowledge about our business or industry and ability to devote adequate time and effort to responsibilities of the board of directors in the context of its existing composition. Through the nomination process, the nominating and corporate governance committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the board of directors' overall effectiveness. The brief biographical description of each director set forth in Proposal 1 below includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS****PROPOSAL NO. 1 ELECTION OF DIRECTORS**

Our board of directors currently consists of seven directors and is divided into three classes with each class serving for three years, and with the terms of office of the respective classes expiring in successive years. Directors in Class I will stand for election at this meeting. The terms of office of directors in Class II and Class III do not expire until the annual meetings of stockholders held in 2013 and 2014, respectively. At the recommendation of our nominating and corporate governance committee, our board of directors proposes that each of the two Class I nominees named below be elected as a Class I director for a three-year term expiring at the 2015 Annual Meeting of Stockholders and until such director's successor is duly elected and qualified or until such director's earlier resignation or removal. Mr. Banahan, a Class I director and a member of our board of directors since February 2004, has not been nominated for re-election at the meeting and will cease serving as a director when his term ends at the meeting. Effective as of the opening of the polls at the meeting, the authorized number of directors will be reduced to six.

Shares represented by proxies will be voted FOR the election of each of the two nominees named below, unless the proxy is marked to withhold authority so to vote. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder might determine. Each nominee has consented to being named in this proxy statement and to serve if elected.

Director Compensation

Annual and Meeting Fees. Following our IPO in April 2012, our non-employee directors were compensated as follows:

\$33,000 annual cash retainer;

\$20,000 for the chair of our audit committee and \$9,000 for each of its other members;

\$13,000 for the chair of our compensation committee and \$6,750 for each of its other members; and

\$7,500 for the chair of our nominating and corporate governance committee and \$3,750 for each of its other members.

We pay the annual retainer fee and any additional fees to each director in equal quarterly installments.

Table of Contents

In addition to these annual retainer fees, we pay any non-employee director who in any fiscal year attends more than 10 meetings held by our board of directors or by any committee of our board of directors on which he or she serves meeting fees of \$1,000 for each meeting (\$500 for each meeting of our nominating and corporate governance committee or our compensation committee) attended in excess of the threshold number of meetings.

Our board of directors, in accordance with the recommendation of our compensation committee, approved modifications to the annual compensation paid to non-employee directors. Effective August 1, 2012, our chairman will receive an annual fee of \$10,000.

Equity Awards. Our non-employee director equity compensation policy provides that, following our IPO, each newly-elected or appointed non-employee director will be granted a stock option having a fair market value on the grant date equal to \$250,000 and, immediately following each annual meeting of our stockholders, each non-employee director will automatically be granted an additional stock option having a fair market value on the date of grant equal to \$150,000 if the non-employee director has served continuously as a member of our board of directors for at least one year. Each initial stock option award will vest in equal annual installments over three years from the date of grant while each annual stock option award will vest in full on the earlier of the one-year anniversary of the date of grant or immediately prior to the first annual meeting of our stockholders to occur after the date of grant. Each of these awards will be immediately exercisable in full; however, any unvested shares issued upon exercise will be subject to a right of repurchase by us upon termination of service, which right will lapse in accordance with the vesting schedule described above. Options granted to non-employee directors under the policy described above will accelerate and vest in full in the event of a change of control. The awards will have 10-year terms and will terminate three months following the date the director ceases to be one of our directors or consultants or 12 months following that date if the termination is due to death or disability. In addition to the awards provided for above, non-employee directors are eligible to receive discretionary equity awards.

Non-employee directors receive no other form of remuneration, perquisites or benefits, but are reimbursed for their expenses in attending meetings, including travel, meal and other expenses incurred to attend meetings solely among the non-employee directors.

The following table provides information for the fiscal year ended July 31, 2012 regarding all compensation awarded to, earned by or paid to each person who served as a non-employee director for some portion or all of fiscal 2012.

Table of Contents**PROPOSAL NO. 2****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has selected Ernst & Young LLP as Infoblox's principal independent registered public accounting firm to perform the audit of Infoblox's consolidated financial statements for fiscal year ending July 31, 2013. As a matter of good corporate governance, our audit committee has decided to submit its selection of principal independent registered public accounting firm to stockholders for ratification. In the event that Ernst & Young LLP is not ratified by our stockholders, the audit committee will review its future selection of Ernst & Young LLP as Infoblox's principal independent registered public accounting firm.

Ernst & Young LLP audited Infoblox's financial statements for Infoblox's 2012 fiscal year. Representatives of Ernst & Young LLP are expected to be present at the meeting, in which case they will be given an opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

We regularly review the services and fees from its independent registered public accounting firm. These services and fees are also reviewed with our audit committee annually. In accordance with standard policy, Ernst & Young LLP periodically rotates the individuals who are responsible for Infoblox's audit.

In addition to performing the audit of Infoblox's consolidated financial statements, Ernst & Young LLP provided various other services during fiscal 2012 and 2011. Our audit committee has determined that Ernst & Young LLP's provisioning of these services, which are described below, does not impair Ernst & Young LLP's independence from Infoblox. The aggregate fees for fiscal 2012 and 2011 for each of the following categories of services are as follows:

Fees Billed to Infoblox	Fiscal Year 2012	Fiscal Year 2011
Audit fees ⁽¹⁾	\$ 1,793,900	\$ 377,500
Audit related fees ⁽²⁾	1,995	1,995
Tax fees ⁽³⁾	45,375	174,415
All other fees		
Total fees	\$ 1,841,270	\$ 553,910

- (1) *Audit fees* include fees for professional services rendered in connection with the audit of our annual financial statements, review of our quarterly financial statements and advisory services on accounting matters that were addressed during the annual audit and quarterly review. This category also includes fees for services that were incurred in connection with statutory and regulatory filings or engagements, such as comfort letters related to our IPO, consents and review of documents filed with the SEC. Fees related to our IPO included in fiscal 2012 amounted to \$971,200.
- (2) *Audit related fees* include fees for professional services rendered that are reasonably related to the performance of the audit or review of our consolidated financial statements including subscription for the online library of accounting research literature.
- (3) *Tax fees* include fees for tax compliance and advice. Tax advice fees encompass a variety of permissible services, including technical tax advice related to federal and state income tax matters; assistance with sales tax; and assistance with tax audits.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services,

tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

All of the services relating to the fees described in the table above were approved by our audit committee.

FY 2012 Option Awards

In September 2011, we granted options to purchase 266,666, 149,999 and 149,999 shares of our common stock to Messrs. Thomas, Canessa and Smith, respectively, each at an exercise price of \$9.12 per share. Each of these stock options vests as to 40% of the shares on the two-year anniversary of the date of grant, and as to 1/60 of the shares each month over the following three years. Each of these stock options is immediately exercisable in full; however, any unvested shares issued upon exercise will be subject to a right of repurchase by us upon termination of employment, which right lapses in accordance with the vesting schedule described above. In addition, the vesting of these awards will accelerate by up to an additional 12 months for Mr. Thomas and six months for the other named executive officers in the event their employment is terminated by us other than for cause or permanent disability (as such terms are defined in each officer's offer letter). The vesting of these awards will also accelerate by 50% of the remaining unvested shares in the event of a qualifying termination of employment within 12 months of a change of control.

FY 2012 Non-Equity Incentive Plan Compensation

We utilize cash bonuses to incentivize our named executive officers to achieve company performance goals on a quarterly or monthly basis as described in more detail below.

Table of Contents

Infoblox Bonus Plan FY 2012

Messrs. Thomas and Canessa were awarded cash bonuses in 2012 pursuant to the Infoblox Bonus Plan FY 2012, or the bonus plan. Mr. Thomas annual on-target bonus amount for 2012 was \$295,438 and Mr. Canessa's annual on-target bonus amount for 2012 was \$126,000. Under the bonus plan, Messrs. Thomas and Canessa were eligible to receive up to four quarterly bonuses, each targeted at an amount approximately equal to 25% of their respective total annual on-target bonus amount based on attainment of company performance objectives for each fiscal quarter. For 2012, bonuses were earned and paid under the bonus plan quarterly based upon attainment of quarterly goals derived from our company financial plan and quarterly forecasts for revenue and operating profit.

The actual bonus payments were the on-target bonus amounts multiplied by a percentage (which could have been more or less than 100% but no greater than 125%) that varied depending upon the extent to which the applicable company performance objectives were achieved each quarter. If results for the threshold level of performance required for a payout equal to 25% of an on-target bonus amounts had not been met, the funding level for the cash incentive award for that quarter would have been 0%, and participants would have been paid no incentive compensation for that quarter. Additional payouts were funded at levels higher than 25% of the on-target bonus amount only if the level of performance required for the applicable payout was met or exceeded.

Infoblox FY 2012 World Wide Sales Compensation Plan

For 2012, Mr. Smith was eligible to participate in the Infoblox FY 2012 World Wide Sales Compensation Plan, or commission plan, which provided for monthly and quarterly commissions on attainment of the monthly and quarterly goals for product, support services and professional and training services bookings, less holds, returns and other adjustments plus releases of outstanding holds and other adjustments, or adjusted bookings, with no maximum cap on the amount of bonus that could be earned.

Mr. Smith's annualized on-target bonus amount under the commission plan was set at \$210,000 for the first quarter of 2012 and on November 1, 2011 increased to \$300,000 for last three quarters of 2012. Mr. Smith was eligible to receive up to 12 monthly bonuses, each targeted at an amount equal to 1/12th of Mr. Smith's total annual on-target bonus amount, based on attainment of the quarterly adjusted bookings goals. Actual monthly awards were payable at amounts equal to the on-target bonus amount for the month multiplied by a percentage, which could have been less than or more than 100%, that was obtained by dividing the actual amount of adjusted bookings for the month by the adjusted bookings goal for that month. Under the commission plan, Mr. Smith was also eligible to receive an additional award for any quarter in which the actual amount of adjusted bookings for the quarter exceeded the related goal for the quarter equal to the product of the on-target bonus amount for the quarter multiplied by three times the number of whole and fractional percentage points representing achievement in excess of the goal for that quarter. A minimum achievement threshold requirement was not established under Mr. Smith's commission plan, reflecting the fact that Mr. Smith had a greater percentage of his total compensation subject to company performance than the other named executive officers. Mr. Smith's award opportunity was uncapped because we believed this feature motivated Mr. Smith to drive for superior results and the amounts realistically possible under his award did not create an incentive for Mr. Smith to take inappropriate risks.

Our Bonus Plan FY 2013, or the bonus plan, was approved by our compensation committee in September 2012. Our compensation committee also approved individual annual on-target bonus amounts for Messrs. Thomas and Canessa for 2013 of \$327,250 and \$140,000, respectively. The bonus plan covers all executive officers except for those receiving commission or other sales compensation and is designed to reward participants if we achieve certain on-target performance objectives on a quarterly basis. Under the Bonus Plan, participants are eligible to receive (i) up to four quarterly bonuses, each targeted at an amount equal to 20% of the participant's total annual on-target bonus amount, in each case based on attainment of quarterly performance objectives derived from our financial plan and quarterly forecasts for revenue and operating profit, and (ii) one annual bonus targeted at an amount equal to 20% of the participant's total annual on-target bonus amount based on the attainment of a pre-determined employee retention goal. Quarterly performance objectives under the bonus plan are approved by our compensation committee on a quarterly basis, at the beginning of each quarter. The actual bonus payment is the on-target bonus payment multiplied by a percentage (which may be more or less than 100% but shall not exceed 125%) that varies depending upon achievement of the applicable performance objectives. If results for the threshold level of performance required for a payout equal to 25% of on-target bonus amounts are not met, the funding level for the award for that quarter will be 0%, and participants will be paid no bonus payment for that quarter. Additional payouts funded at levels higher than 25% of the on-target bonus amount will be paid only if the level of performance required for the applicable payout was met or exceeded. To be eligible for a quarterly payment under our bonus plan, an individual must be employed as of the date such bonus is paid. We may in our sole discretion modify or terminate the bonus plan.

TRANSACTIONS WITH RELATED PARTIES, FOUNDERS AND CONTROL PERSONS

we have been or are to be a participant;

the amount involved exceeded or exceeds \$120,000; and

any of our directors, executive officers or holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had or will have a direct or indirect material interest.

Under this policy, the audit committee reviews transactions that may be related-person transactions, which are transactions between us and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. For purposes of the policy, a related person is a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed fiscal year, and their immediate family members.

This policy provides that, barring special facts or circumstances, a related person does not have a direct or indirect material interest in the following categories of transactions:

compensation to non-employee directors that is approved by our board of directors and is required to be reported in our proxy statement;

amount involved in our fiscal year does not exceed \$300,000), or any non-discretionary matching contribution, grant or endowment made pursuant to a matching gift program;

transactions where the related person's interest arises solely from the ownership of publicly traded securities issued by us and all holders of those securities receive proportional benefits;

ordinary course business travel and expenses, advances and reimbursements; and

payments made pursuant to (i) directors and officers insurance policies, (ii) our certificate of incorporation or bylaws, and/or (iii) any policy, agreement or instrument previously approved by our board of directors, such as indemnification agreements.

When transactions involving related persons do not fall into one of the above categories, they will be reviewed by our disclosure committee. The disclosure committee determines whether a related person could have a significant interest in such a transaction, and any such transaction is referred to the audit committee. Transactions may also be identified through our code of business conduct and ethics or other policies and procedures and reported to the audit committee. The audit committee will review the material facts of all related person transactions and either approve, disapprove, ratify, rescind, or take other appropriate action (in its discretion) with respect to the transaction.

Householding Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

This year, a number of brokers with account holders who are Infoblox stockholders will be "householding" our annual report and proxy materials, including the Notice of Internet Availability. A single Notice of Internet Availability and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to

your address, householding will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Computershare, either by calling toll-free (877) 373-6374, or by writing to Computershare, Householdings Department, P.O. Box 43078, Providence, RI, 02940-3078

Upon written or oral request, Infoblox will promptly deliver a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials, you may write or call Infoblox's Investor Relations department at 4750 Patrick Henry Drive, Santa Clara, California 95054, Attn: Investor Relations, telephone number (408) 625-4200.

Any stockholders who share the same address and currently receive multiple copies of Infoblox's Notice of Internet Availability or annual report and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding or Infoblox's Investor Relations department at the address or telephone number listed above.

As to any business that may arise and properly come before the meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.
