Notes to Consolidated Financial Statements (Unaudited)

#### NOTE 1. GENERAL

In the opinion of management, the accompanying unaudited consolidated financial statements of People s United Financial, Inc. (People s United Financial or the Company) have been prepared to reflect all adjustments necessary to present fairly the financial position and results of operations as of the dates and for the periods shown. All significant intercompany transactions and balances are eliminated in consolidation. Certain reclassifications have been made to prior period amounts to conform to the current period presentation.

As discussed in Note 12, previously reported results for the three months ended March 31, 2012 have been revised to reflect a reduction in interest income on certain acquired loans.

In preparing the consolidated financial statements, management is required to make significant estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from management s current estimates, as a result of changing conditions and future events. The current economic environment has increased the degree of uncertainty inherent in these significant estimates.

Note 1 to People s United Financial s audited consolidated financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2012, as supplemented by this Quarterly Report for the period ended March 31, 2013, provides disclosure of People s United Financial s significant accounting policies. Several accounting estimates are particularly critical and are susceptible to significant near-term change, including the allowance for loan losses and asset impairment judgments, such as the recoverability of goodwill and other intangible assets, and other-than-temporary declines in the fair value of securities. These significant accounting policies and critical estimates are reviewed with the Audit Committee of the Board of Directors.

The judgments used by management in applying these critical accounting policies may be affected by a further and prolonged deterioration in the economic environment, which may result in changes to future financial results. For example, subsequent evaluations of the loan portfolio, in light of the factors then prevailing, may result in significant changes in the allowance for loan losses in future periods, and the inability to collect outstanding principal may result in increased loan losses.

Certain information and footnote disclosures normally included in consolidated financial statements prepared in conformity with U.S. generally accepted accounting principles have been omitted or condensed. As a result, the accompanying consolidated financial statements should be read in conjunction with People s United Financial s Annual Report on Form 10-K for the year ended December 31, 2012. The results of operations for the three months ended March 31, 2013 are not necessarily indicative of the results of operations that may be expected for the entire year or any other interim period.

U.S. Treasury and agency	4.2				4.2				
Total	\$ 724.0	\$ (3.8	3) \$ 0.1	\$	\$ 724.1	\$	(3.8)		

Management conducts a periodic review and evaluation of the securities portfolio to determine if the decline in fair value of any security is deemed to be other-than-temporary. Other-than-temporary impairment losses are recognized on debt securities when: (i) People s United Financial has an intention to sell the security; (ii) it is more likely than not that People s United Financial will be required to sell the security prior to recovery; or (iii) People s United Financial does not expect to recover the entire amortized cost basis of the security. Other-than-temporary losses on debt securities are reflected in earnings as realized losses to the extent the impairment is related to credit losses. The amount of the impairment related to other factors is recognized in other comprehensive income. Management has the ability and intent to hold the securities classified as held to maturity until they mature, at which time People s United Financial expects to receive full value for the securities.

Management believes that all gross unrealized losses within the securities portfolio at March 31, 2013 and December 31, 2012 are temporary impairments. Management does not intend to sell such securities. No other-than-temporary impairment losses were recognized in the Consolidated Statements of Income for the three months ended March 31, 2013 and 2012.

Security transactions are recorded on the trade date. Realized gains and losses are determined using the specific identification method and reported in non-interest income.

#### People s United Financial, Inc.

#### Notes to Consolidated Financial Statements (Unaudited)

The following table is a summary of the amortized cost and fair value of debt securities as of March 31, 2013, based on remaining period to contractual maturity. Information for GSE residential mortgage-backed securities and CMOs is based on the final contractual maturity dates without considering repayments and prepayments.

Total	\$ 4,507.6	\$ 4,570.2	\$ 56.1	\$ 60.6		

People s United Bank, as a member of the Federal Home Loan Bank (FHLB) of Boston, is currently required to purchase and hold shares of FHLB capital stock (total cost of \$70.1 million at March 31, 2013 and \$59.9 million at December 31, 2012) in an amount equal to its membership base investment plus an activity based investment determined according to People s United Bank s level of outstanding FHLB advances. As a result of the Smithtown Bancorp, Inc. (Smithtown) acquisition completed in 2010, People s United Financial acquired shares of capital stock in the FHLB of New York (total cost of \$12.9 million at March 31, 2013 and \$13.8 million at December 31, 2012). Based on the current capital adequacy and liquidity position of both the FHLB of Boston and the FHLB of New York, management believes there is no impairment in the Company s investment at March 31, 2013 and the cost of the investment approximates fair value.

The balance of short-term investments at March 31, 2013 and December 31, 2012 primarily consisted of \$72.8 million and \$69.7 million, respectively, of interest-bearing deposits at the Federal Reserve Bank of New York. These deposits represent an alternative to overnight federal funds sold and had a yield of 0.25% at both March 31, 2013 and December 31, 2012.

People s United Financial, Inc.

Notes to Consolidated Financial Statements (Unaudited)

NOTE 3. LOANS

For purposes of disclosures related to the credit quality of financing receivables and the allowance for loan losses, People s United Financial has identified two loan portfolio segments, Commercial Banking and Retail, which are comprised of the following loan classes:

Commercial Banking: commercial real estate; commercial and industrial; and equipment financing.

Retail: residential mortgage; home equity; and other consumer.

Loans acquired in connection with business combinations beginning in 2010 are referred to as acquired loans as a result of the manner in which they are accounted for (see further discussion under Acquired Loans below). All other loans are referred to as originated loans. Accordingly, selected credit quality disclosures that follow are presented separately for the originated loan portfolio and the acquired loan portfolio.

People s United Financial maintains several significant accounting policies with respect to loans, including:

Establishment of the allowance for loan losses (including the identification of impaired loans and related impairment measurement considerations);

Income recognition (including the classification of a loan as non-accrual and the treatment of loan origination costs); and

Recognition of loan charge-offs.

The Company did not change its policies with respect to loans or its methodology for determining the allowance for loan losses during the three months ended March 31, 2013.

The following table summarizes People s United Financial s loans by loan portfolio segment and class:

	1	March 31, 2013		December 31, 2012
