SUBJECT TO COMPLETION, DATED JUNE 3, 2013

MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

To the stockholders of Berry Petroleum Company, the common shareholders of LinnCo, LLC and the unitholders of Linn Energy, LLC:

On February 20, 2013, Berry, LinnCo and LINN entered into an Agreement and Plan of Merger (as such agreement may be amended from time to time, the merger agreement) providing for the acquisition of Berry by LinnCo through a stock-for-stock merger and the subsequent contribution of Berry to LINN in exchange for newly issued LINN units. After the transactions, Berry will be an indirect wholly owned subsidiary of LINN.

If the merger is completed, Berry stockholders will receive 1.25 LinnCo common shares for each share of Berry common stock that they own. The exchange ratio is fixed and will not be adjusted to reflect changes in the price of Berry common stock or LinnCo common shares prior to the closing of the merger. The aggregate number of LinnCo common shares that will be issued in the merger is approximately million. The LinnCo common shares issued in connection with the merger will be listed on the NASDAQ Global Select Market (NASDAQ). In connection with LinnCo s contribution of Berry to LINN, LINN will issue to LinnCo a number of LINN units equal to the greater of the aggregate number of LinnCo common shares issuable to the Berry stockholders in the merger and the number of LINN units necessary to cause LinnCo to own no less than one-third of all outstanding LINN units following such contribution.

The value of the merger consideration will fluctuate with the market price of LinnCo common shares. You should obtain current share price quotations for Berry Class A common stock and LinnCo common shares. Berry Class A common stock is listed on the New York Stock Exchange (NYSE) under the symbol BRY, and LinnCo common shares are listed on the NASDAQ under the symbol LNCO. Based on the closing price of LinnCo common shares on the NASDAQ of \$36.99 on February 20, 2013, the last trading day before public announcement of the proposed transactions, the exchange ratio represented approximately \$46.2375 in LinnCo common shares for each share of Berry common stock. Based on the closing price of LinnCo common shares on the NASDAQ of \$ on , 2013, the latest practicable date before the date of this joint proxy statement/prospectus, the exchange ratio represented approximately \$ in LinnCo common shares for each share of Berry common stock.

Your vote is important, regardless of the number of shares you own. The transactions cannot be completed without the approval of the Berry stockholders, the LinnCo common shareholders and the LINN unitholders. Berry is holding a special meeting of its stockholders to vote on the proposals necessary to complete the transactions, LinnCo is holding an annual meeting of its common shareholders to vote on the proposals necessary to complete the transactions, among other matters, and LINN is holding an annual meeting of its unitholders to vote on the proposals necessary to complete the transactions, among other matters. More information about Berry, LinnCo, LINN, the merger agreement, the transactions, the special meeting of Berry stockholders, the annual meeting of LinnCo common shareholders and the annual meeting of LINN unitholders is contained in this joint proxy statement/prospectus. We encourage you to read this document carefully before voting, including the section entitled Risk Factors. Regardless of whether you plan to attend the Berry special meeting, the LinnCo annual meeting or the LINN annual meeting, please take the time to vote your securities in accordance with the instructions contained in this document.

to transact such other business as may properly come before the LinnCo annual meeting and any adjournment or postponement thereof.

The approval of both the LinnCo Share Issuance Proposal and the LinnCo LLC Agreement Amendment Proposal are conditions to the completion of the transactions contemplated by the merger agreement. The LinnCo board of directors has unanimously (i) determined that the merger and the issuance of LinnCo common shares to the Berry stockholders in connection with the merger, are advisable, fair and reasonable to and in the best interests of LinnCo and its shareholders, (ii) approved and adopted the merger agreement, and approved the merger and the other transactions contemplated by the merger agreement, (iii) approved the issuance of LinnCo common shares to the Berry stockholders pursuant to the merger agreement, (iv) approved the amendment to the limited liability company agreement of LinnCo and (v) approved the contribution agreement.

LINN has called an annual meeting of its unitholders (i) to elect its directors, (ii) to ratify the selection of KPMG LLP as its independent public accountant for 2013, (iii) to approve the issuance of LINN units to LinnCo in connection with the Contribution, (iv) to approve an amendment and restatement of the LTIP to increase the total number of LINN units authorized to be issued under the LTIP and (v) to adjourn the LINN annual meeting, if necessary or appropriate, to solicit additional proxies in favor of the foregoing proposals (collectively, the LINN Pass-Through Proposals). As a result, LinnCo is submitting to a vote of its common shareholders the LINN Pass-Through Proposals at the LinnCo annual meeting. The LINN board of directors has unanimously recommended that LINN unitholders vote in favor of the proposals to be voted on at the LINN annual meeting. **The approval of the LINN Unit Issuance Proposal is a condition to the completion of the transactions contemplated by the merger agreement.**

The affirmative vote of a majority of votes cast by holders of LinnCo common shares entitled to vote at a meeting at which a quorum is present is required to approve the LinnCo Share Issuance Proposal. QUESTIONS AND ANSWERS ABOUT THE MEETINGS

The questions and answers below highlight only selected procedural information from this joint proxy statement/prospectus. They do not contain all of the information that may be important to you. You should read carefully the entire document and the additional documents incorporated by reference into this joint proxy statement/prospectus to fully understand the voting procedures for the meetings.

Q: What is the proposed transaction?

A: On February 20, 2013, Berry Petroleum Company, LinnCo, LLC, Linn Energy, LLC, Bacchus HoldCo, Inc., a direct wholly owned subsidiary of Berry (HoldCo), Bacchus Merger Sub, Inc., a direct wholly owned subsidiary of HoldCo (Bacchus Merger Sub), and Linn Acquisition Company, LLC, a direct wholly owned subsidiary of LinnCo (LinnCo Merger Sub), entered into an Agreement and Plan of Merger (as such agreement may be amended from time to time, the merger agreement). The merger agreement provides that LinnCo will acquire Berry through a stock-for-stock merger, and that LinnCo will subsequently contribute Berry to LINN in exchange for newly issued LINN units. After the transactions, Berry will be an indirect wholly owned subsidiary of LINN.

If the merger is completed, Berry stockholders will receive 1.25 LinnCo common shares for each share of Berry common stock that they own immediately prior to the merger. The exchange ratio is fixed and will not be adjusted to reflect changes in the price of Berry common stock or LinnCo common shares prior to the closing of the merger.

Q: How will the proposed transaction be effected?

A: The transaction will be effected through multiple steps:

first, Bacchus Merger Sub will be merged with and into Berry (the HoldCo Merger), and the Berry stockholders will receive one share of HoldCo common stock for each share of Berry common stock they own, after which Berry will become a wholly owned subsidiary of HoldCo;

second, Berry will be converted from a Delaware corporation to a Delaware limited liability company (the Conversion);

third, HoldCo will be merged with and into LinnCo Merger Sub, with LinnCo Merger Sub surviving as a wholly owned subsidiary of LinnCo (the LinnCo Merger and together with the HoldCo Merger, the merger); and

fourth, all of the outstanding membership interests in LinnCo Merger Sub will be contributed by LinnCo to LINN (the Contribution) in exchange for newly issued LINN units (the Issuance), after which Berry will be an indirect wholly owned subsidiary of LINN.

We refer to the HoldCo Merger, the Conversion, the LinnCo Merger, the Contribution and the Issuance together as the transactions.

Q: Why am I receiving this joint proxy statement/prospectus?

A: In order to complete the transactions, the following proposals must be approved:

Edgar Filing: LinnCo, LLC - Form S-4/A

Berry Merger Proposal. A majority of the votes entitled to be cast by all shares of Berry Class A common stock and Berry Class B common stock, which we refer to collectively as the Berry common stock, voting together as a single class, is required to adopt the merger agreement and approve the merger and the other transactions contemplated by the merger agreement;

LinnCo Share Issuance Proposal. A majority of the votes cast by holders of LinnCo common shares at the LinnCo annual meeting is required to approve the issuance of LinnCo common shares to the Berry stockholders as provided in the merger agreement;

Table of Contents

LinnCo LLC Agreement Amendment Proposal. The affirmative vote of a majority of the outstanding LinnCo common shares is required to approve the proposed amendments to LinnCo's limited liability company agreement; and

LINN Unit Issuance Proposal. The affirmative vote of a majority of the votes cast by holders of LINN units at the LINN annual meeting is required to approve the issuance of LINN units to LinnCo in connection with the Contribution.

The boards of directors of Berry, LinnCo and LINN are using this joint proxy statement/prospectus to solicit proxies of Berry stockholders, LinnCo common shareholders and LINN unitholders, respectively, in connection with the above approvals. In addition, LinnCo and LINN are using this joint proxy statement/prospectus to solicit proxies in connection with matters related to their annual meetings. Further, this document is a prospectus of LinnCo and LINN with respect to the offering and issuance of LinnCo common shares to the Berry stockholders in exchange for shares of Berry common stock in the merger.

Each of Berry, LinnCo and LINN will hold separate meetings of their respective securityholders to obtain these approvals. This joint proxy statement/prospectus contains important information about the transactions, the special meeting of the Berry stockholders, the annual meeting of LinnCo common shareholders and the annual meeting of the LINN unitholders, and you should read it carefully. The enclosed voting materials allow you to vote your Berry common stock, LinnCo common shares and/or LINN units, as applicable, without attending the applicable meeting.

Q: Why are Berry, LinnCo and LINN proposing the merger and the related transactions?

A: In the course of reaching its decision to approve the merger agreement and the related transactions, the boards of directors of each of Berry, LinnCo and LINN considered a number of factors in their deliberations. For a more complete discussion of the factors that each of these board of directors considered, see *The Merger Berry's Reasons for the Merger; Recommendation of the Berry Board of Directors* and *The Merger LinnCo's and LINN's Reasons for the Merger; Recommendation of the LinnCo Board of Directors and the LINN Board of Directors*.

Q: What do I need to do now?

A: With respect to the Berry special meeting, the LinnCo annual meeting or the LINN annual meeting, after you have carefully read this joint proxy statement/prospectus and have decided how you wish to vote your shares or units, please submit your proxy promptly. If you hold Berry common stock, LinnCo common shares or LINN units in your name as a holder of record, please complete, sign, date and mail your proxy card in the enclosed postage paid return envelope as soon as possible. You may also authorize a proxy to vote your shares or units by telephone or through the Internet as instructed on the proxy card. If you hold your Berry common stock, LinnCo common shares or LINN units in street name through a bank or broker, please direct your bank or broker to vote in accordance with the procedures for voting you have received from your bank or broker. Submitting your proxy card, authorizing a proxy by telephone or through the Internet, or directing your bank or broker to vote your shares or units will ensure that your shares or units are represented and voted at the Berry special meeting, the LinnCo annual meeting or the LINN annual meeting, as applicable. Please be advised that telephone and Internet voting facilities will close at _____ on _____, 2013.

Q: If I am a Berry stockholder, what will I receive for my Berry shares in the proposed merger?

A: If the merger is completed, Berry stockholders will receive 1.25 LinnCo common shares for each share of Berry common stock that they own immediately prior to the effective time of the merger. Based on the closing price of LinnCo common shares on the NASDAQ Global Select Market (NASDAQ) of \$36.99 on February 20, 2013, the last trading day before public announcement of the proposed transactions, the exchange ratio represented approximately \$46.2375 in LinnCo common shares for each share of Berry

Table of Contents

common stock. Based on the closing price of LinnCo common shares on the NASDAQ of \$ _____ on _____, 2013, the latest practicable date before the date of this joint proxy statement/prospectus, the exchange ratio represented approximately \$ _____ in LinnCo common shares for each share of Berry common stock.

Please note that there are several risks associated with owning LinnCo shares and there are also several differences between owning LinnCo shares as compared to owning Berry shares. These risks and differences include:

LinnCo will incur potentially substantial income tax liabilities on income allocated to LinnCo by LINN with respect to the LINN units it owns;

LinnCo's sole business has consisted of owning LINN units and its financial condition has been and will continue to be dependent on the operation and management of LINN;

LinnCo is a controlled company within the meaning of the NASDAQ rules because LINN holds the sole voting share of LinnCo which gives LINN the sole power to elect the LinnCo board of directors;

LinnCo shareholders are not entitled to vote in the election of LinnCo directors and only have the ability to indirectly vote on matters on which LINN unitholders are entitled to vote; and

if LINN or its affiliates own 80% or more of LinnCo's outstanding common shares, LINN has the right to purchase all of LinnCo's remaining outstanding common shares at a certain price which may be undesirable or less than LinnCo shareholders paid for their shares.

See Comparison of Securityholders' Rights for further discussion of the differences in rights of LinnCo shareholders and Berry stockholders and Risk Factors - Risks Inherent in an Investment in LinnCo for further discussion of the risks associated with owning LinnCo shares.

Q: If I am a Berry stockholder, do I need to send in my stock certificates at this time to receive the merger consideration?

A: No. Please DO NOT send your Berry stock certificates with your proxy card. You should carefully review and follow the instructions set forth in the letter of transmittal, which will be mailed to you, regarding the surrender of your stock certificates.

Q: Are the Berry stockholders entitled to appraisal rights?

A: Yes. Berry stockholders may exercise appraisal rights in connection with the merger under Delaware law by following the procedures required under Delaware law as described in this joint proxy statement/prospectus.

Q: What are the material U.S. federal income tax consequences to the Berry stockholders of the merger?

A: The obligation of Berry to complete the merger is conditioned upon the receipt of a legal opinion from its counsel to the effect that each of (i) the HoldCo Merger and the Conversion, taken together, and (ii) the LinnCo Merger is intended to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the Code). The obligation of LinnCo to complete the merger is conditioned upon the receipt of a legal opinion from its counsel to the effect that the LinnCo Merger will qualify as a

Edgar Filing: LinnCo, LLC - Form S-4/A

reorganization within the meaning of Section 368(a) of the Code. In addition, in connection with the filing of the registration statement of which this document is a part, each of Wachtell, Lipton, Rosen & Katz and Latham & Watkins LLP has delivered an opinion to Berry and LinnCo, respectively, to the same effect. Accordingly, and on the basis of the opinions delivered in connection herewith, a holder of Berry common stock generally will not recognize any gain or loss, for U.S. federal income tax purposes, upon the receipt of LinnCo common shares in exchange for Berry common stock pursuant to the merger, except with respect to any cash received in lieu of a fractional LinnCo common share.

Q: What constitutes a quorum?

A: *Berry:* Berry's bylaws provide that a majority of the combined voting power of all of the shares of stock entitled to vote at the meeting, present in person or by proxy, will constitute a quorum for all purposes.

LinnCo: LinnCo's limited liability company agreement provides that a majority of the outstanding shares of the class for which a meeting has been called represented in person or by proxy will constitute a quorum of such class.

LINN: LINN's limited liability company agreement provides that the holders of a majority of outstanding units of such class for which a meeting has been called represented in person or by proxy will constitute a quorum of such class.

Shares or units that are voted and shares or units abstaining from voting are treated as being present at each of the Berry special meeting, the LinnCo annual meeting and the LINN annual meeting, as applicable, for purposes of determining whether a quorum is present.

For purposes of the Berry special meeting, broker non-votes (which result when a broker holding shares for a beneficial owner has not received timely voting instructions on certain matters from such beneficial owner and when the broker does not otherwise have discretionary power to vote on a particular matter) will not be counted for the purpose of establishing a quorum. For purposes of the LinnCo annual meeting and the LINN annual meeting, broker non-votes will be counted as present for purposes of establishing a quorum.

Q: What vote is required to approve each proposal?

A. *Berry:*

Berry Merger Proposal. The approval of the Berry Merger Proposal requires approval by a majority of the votes entitled to be cast by all outstanding shares of Berry common stock at a meeting at which a quorum is present. The merger is conditioned on approval of this proposal.

Berry Advisory Compensation Proposal. The approval of the Berry Advisory Compensation Proposal requires approval of a majority of votes cast by Berry common stockholders at a meeting at which a quorum is present. The merger is not conditioned on approval of this proposal.

Table of Contents

Berry Adjournment Proposal. The approval of the Berry Adjournment Proposal requires approval of a majority of votes cast by Berry common stockholders at a meeting at which a quorum is present. The merger is not conditioned on approval of this proposal.

LinnCo:

LinnCo Share Issuance Proposal. The affirmative vote of a majority of votes cast by LinnCo common shares entitled to vote at a meeting at which a quorum is present is required to approve the LinnCo Share Issuance Proposal. The merger is conditioned on approval of this proposal.

LinnCo LLC Agreement Amendment Proposal. The affirmative vote of a majority of the outstanding voting shares and a majority of the outstanding LinnCo common shares, voting as separate classes, is required to approve the LinnCo LLC Agreement Amendment Proposal. LINN, as the sole holder of the voting share of LinnCo, has approved the LinnCo LLC Agreement Amendment Proposal, and, therefore, this joint proxy statement/prospectus is being delivered to solicit approval of this proposal by a majority of the outstanding LinnCo common shares. The merger is conditioned on approval of this proposal.

Ratification of Independent Public Accountant. Shareholder ratification of the selection of KPMG LLP as independent public accountant for LinnCo for 2013 is not required under LinnCo's limited liability company agreement; however, when the matter is submitted for shareholder approval, the affirmative vote of a majority of votes cast by holders of LinnCo common shares entitled to vote at a meeting at which a quorum is present is required. The merger is not conditioned on approval of this proposal.

LinnCo Adjournment Proposal. The affirmative vote of a majority of votes cast by holders of LinnCo common shares entitled to vote at a meeting, whether or not a quorum exists, is required to approve the LinnCo Adjournment Proposal. The merger is not conditioned on approval of this proposal.

LINN:

Election of Directors. With respect to the election of the LINN directors, the LINN limited liability company agreement provides for plurality voting, and directors will be elected by a plurality of the votes cast for a particular position. The six nominees receiving the most votes cast at the LINN annual meeting will be elected to the LINN board of directors. The merger is not conditioned on election of any LINN directors.

Ratification of Independent Public Accountant. Unitholder ratification of the selection of KPMG LLP as independent public accountant for LINN for 2013 is not required under LINN's limited liability company agreement; however, when the matter is submitted for unitholder approval, the affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting at which a quorum is present is required. The merger is not conditioned on approval of this proposal.

LINN Unit Issuance Proposal. The affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting at which a quorum is present is required to approve the LINN Unit Issuance Proposal. The merger is conditioned on approval of this proposal.

LTIP Amendment Proposal. The affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting at which a quorum is present is required to approve the LTIP Amendment Proposal. The merger is not conditioned on approval of this proposal.

Edgar Filing: LinnCo, LLC - Form S-4/A

LINN Adjournment Proposal. The affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting, whether or not a quorum exists, is required to approve the LINN Adjournment Proposal. The merger is not conditioned on approval of this proposal.

The LINN Pass-Through Proposals will not be approved at the LinnCo annual meeting. LinnCo, as a LINN unitholder, will use its commercially reasonable efforts to vote (or refrain from voting) the LINN units it

Table of Contents

holds in the same manner as the LinnCo common shareholders entitled to vote as of the record date voted (or refrained from voting) on each of the LINN Pass-Through Proposals. Please see above for the vote required of LINN unitholders for approval of the LINN Pass-Through Proposals.

Q: Why are the Berry stockholders being asked to consider and cast an advisory (non-binding) vote on the compensation that may be received by Berry's named executive officers in connection with the merger?

A: In July 2010, the Securities and Exchange Commission (the SEC) adopted rules that require Berry to seek a non-binding, advisory vote with respect to certain compensation that may be paid or become payable to Berry's named executive officers that is based on or otherwise relates to the proposed transactions. See The Berry Special Meeting Proposal No. 2 Berry Advisory Compensation Proposal.

Q: If my Berry common stock, LinnCo common shares or LINN units are held in street name by my broker, will my broker automatically vote my shares or units for me?

A: Your broker cannot vote your shares or units without instructions from you with respect to any of the proposals other than ratification of the selection of KPMG LLP as the independent public accountant for LinnCo and LINN for 2013. You should instruct your broker as to how to vote your Berry common stock, LinnCo common shares or LINN units, as applicable, following the procedures your broker provides to you. Please check the voting form used by your broker.

Q: What if I fail to instruct my broker? What if I abstain?

A: Unless you instruct your broker or other nominee how to vote your Berry common stock, LinnCo common shares or LINN units, as applicable, held in street name, your shares or units will NOT be voted except that brokers have discretion with respect to the proposal for the ratification of the selection of KPMG LLP as the independent public accountant for LinnCo and LINN for 2013. This is referred to as a broker non-vote.

If you are a Berry stockholder, abstentions will be counted as present in determining the presence of a quorum, but broker non-votes will not be counted as present in determining the presence of a quorum. Abstentions will have the same effect as votes cast AGAINST the Berry Merger Proposal, but will have no effect on the Berry Advisory Compensation Proposal or the Berry Adjournment Proposal. Broker non-votes will have the same effect as votes cast AGAINST the Berry Merger Proposal, but will have no effect on the Berry Advisory Compensation Proposal or the Berry Adjournment Proposal as long as a quorum is present.

If you are a LinnCo common shareholder, abstentions and broker non-votes will be counted as present for purposes of establishing a quorum. Abstentions and broker non-votes will have the same effect as a vote cast AGAINST the LinnCo LLC Agreement Amendment Proposal. Abstentions will have no effect on the LinnCo Share Issuance Proposal, the proposal to ratify the selection of KPMG LLP as independent public accountant for LinnCo for 2013 or the LinnCo Adjournment Proposal. Broker non-votes will also have no effect on such proposals as long as a quorum is present at the meeting. Abstentions and broker non-votes will have the same effect for the LINN Pass-Through Proposals as described below for the LINN proposals.

If you are a LINN unitholder, abstentions and broker non-votes will be counted as present for purposes of establishing a quorum. Abstentions will have no effect on any of the LINN proposals. Broker non-votes will also have no effect on the LINN proposals as long as a quorum is present at the meeting.

Berry, LinnCo and LINN each reserve the right to refuse admittance at the Berry special meeting, the LinnCo annual meeting and the LINN annual meeting, respectively, to anyone without proper proof of ownership and without proper photo identification.

Q: Can I revoke my proxy?

A: Yes. You may revoke any proxy at any time before it is voted by (i) signing and returning a proxy card with a later date, or by submitting another proxy via the Internet or by telephone, (ii) delivering a written revocation letter, or (iii) attending the Berry special meeting, the LinnCo annual meeting or the LINN annual meeting, as applicable, in person, notifying the Secretary and voting by ballot at the Berry special meeting, the LinnCo annual meeting or the LINN annual meeting, as applicable. If you choose either of the first two methods, you must submit your notice of revocation or your new proxy to the secretary of Berry, the secretary of LinnCo or the secretary of LINN, as applicable, no later than the beginning of the applicable meeting.

Any securityholder entitled to vote in person at the Berry special meeting, the LinnCo annual meeting or LINN annual meeting, as applicable, may vote in person regardless of whether a proxy has been previously given, and such vote will revoke any previous proxy, but the mere presence (without notifying the secretary of Berry, the secretary of LinnCo or the secretary of LINN, as applicable, and voting by ballot) of such securityholder at the Berry special meeting, the LinnCo annual meeting or the LINN annual meeting, as applicable, will not constitute revocation of a previously given proxy.

Q: When do you expect to complete the merger?

A:

Edgar Filing: LinnCo, LLC - Form S-4/A

We expect to complete the merger in the third quarter of 2013. However, we cannot assure you when or if the merger will occur. Among other things, we cannot complete the merger until we obtain the approval of the Berry Merger Proposal, the LinnCo Share Issuance Proposal, the LinnCo LLC Agreement Amendment Proposal and the LINN Unit Issuance Proposal.

LinnCo is a limited liability company that completed its initial public offering (IPO) in October 2012. As of March 31, 2013, its sole business consisted of owning units of LINN. LinnCo does not have any assets other than LINN units and reserves for income taxes payable by LinnCo. LinnCo does not have any cash flow other than distributions received in respect of its LINN units. As a result, the financial condition and results of operations of LinnCo are dependent upon the operation and management of LINN and its resulting performance. As of March 31, 2013, LinnCo owned approximately 15% of LINN's outstanding units.

LINN is an independent oil and natural gas company whose mission is to acquire, develop and maximize cash flow from a growing portfolio of long-life oil and natural gas assets. The Merger

The merger agreement provides that, upon the terms and subject to the conditions set forth in the merger agreement and in accordance with the applicable provisions of the General Corporation Law of the State of Delaware (the "DGCL") and the Delaware Limited Liability Company Act (the "LLC Act"), LinnCo will acquire Berry and contribute Berry to LINN in a multi-step transaction:

first, Bacchus Merger Sub will be merged with and into Berry (the "HoldCo Merger"), and the Berry stockholders will receive one share of HoldCo common stock for each share of Berry common stock they own, after which Berry will become a wholly owned subsidiary of HoldCo;

second, Berry will be converted from a Delaware corporation to a Delaware limited liability company (the "Conversion");

third, HoldCo will be merged with and into LinnCo Merger Sub, with LinnCo Merger Sub surviving the LinnCo Merger as a wholly owned subsidiary of LinnCo (the "LinnCo Merger" and together with the HoldCo Merger, the "merger"); and

fourth, all of the outstanding membership interests in LinnCo Merger Sub will be contributed by LinnCo to LINN (the "Contribution") in exchange for newly issued LINN units (the "Issuance"), after which Berry will be an indirect wholly owned subsidiary of LINN. We refer to the HoldCo Merger, the Conversion, the LinnCo Merger, the Contribution and the Issuance together as the "transactions".

A copy of the merger agreement is attached as Annex A to this joint proxy statement/prospectus and is incorporated by reference herein. Please carefully read the merger agreement as it is the legal document that governs the merger.

Berry Stockholders Will Receive LinnCo Common Shares in the Merger

Based on the closing price of LinnCo common shares on the NASDAQ of \$36.99 on February 20, 2013, the last trading day before public announcement of the proposed transactions, the exchange ratio represented approximately \$46.2375 in LinnCo common shares for each share of Berry common stock. Based on the closing price of LinnCo common shares on the NASDAQ of \$ on , 2013, the latest practicable date before the date of this joint proxy statement/prospectus, the exchange ratio represented approximately \$ in LinnCo common shares for each share of Berry common stock. Options. Each option to purchase shares of Berry common stock will be converted into an option to purchase, generally on the same terms and conditions as were applicable to such option immediately prior to the effective time of the merger, (i) a number of LINN units (rounded down to the nearest whole unit) equal to the product determined by multiplying the number of shares of Berry common stock subject to such option by the exchange ratio and by the LinnCo/LINN exchange ratio (as defined below), (ii) at an exercise price per LINN unit (rounded up to the nearest whole cent) equal to the quotient determined by dividing the per share exercise price for the shares of Berry common stock subject to the option by the product determined by multiplying the exchange ratio and the LinnCo/LINN exchange ratio. The LinnCo/LINN exchange ratio is the average of the closing prices of one LinnCo common share on the NASDAQ on the last five full trading days prior to the closing date of the merger divided by the average of the closing prices of one LINN unit on the NASDAQ on the last five full trading days prior to the closing date of the merger.

Restricted Stock Units. Each unvested Berry restricted stock unit (RSU) (excluding any Berry RSU held by a current or former non-employee director of Berry and any performance-based Berry RSU) will be converted as of the effective time of the merger into a restricted unit award in respect of the number of LINN units (rounded to the nearest whole unit) equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time of the merger by the exchange ratio and by the LinnCo/LINN exchange ratio, and will be subject generally to the same terms and conditions as were applicable to the related Berry RSU immediately prior to the effective time of the merger.

Each Berry RSU that is vested as of the effective time of the merger, that is held by a current or former non-employee director or that is subject to performance-based vesting criteria will be converted as of the effective time of the merger into a number of LinnCo common shares equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time of the merger by the exchange ratio. Each performance-based Berry RSU that is outstanding immediately prior to the effective time of the merger will be deemed to have been earned at the target level as specified in the applicable award agreement.

Opinion of the Financial Advisor to Berry

On February 20, 2013, Credit Suisse Securities (USA) LLC (Credit Suisse) rendered its oral opinion to the Berry board of directors (which was subsequently confirmed in writing by delivery of Credit Suisse's written opinion addressed to the Berry board of directors dated the same date) to the effect that, as of February 20, 2013, the merger consideration to be received by the holders of Berry common stock collectively in the merger pursuant to the merger agreement was fair, from a financial point of view, to such holders. Credit Suisse's opinion was directed to the Berry board of directors (in its capacity as such), and only addressed the fairness, from a financial point of view, to the holders of Berry common stock of the merger consideration to be received by such holders collectively in the merger pursuant to the merger agreement and did not address any other aspect or implication of the merger. However, neither Credit Suisse's written opinion nor the summary of its opinion and the related analyses set forth in this joint proxy statement/prospectus are intended to be, and they do not constitute, advice or a recommendation to any holder of Berry common stock as to how such stockholder should vote or act with respect to any matter relating to the merger.

Citigroup's opinion is not intended to be, and does not constitute, a recommendation to any LinnCo shareholder as to how such shareholder should vote or act on any matters relating to the proposed transactions or otherwise. Under the terms of Citigroup's engagement, LinnCo has agreed to pay Citigroup a fee for its financial advisory services in connection with the transactions, a significant portion of which is contingent upon completion of the transactions.

At the close of business on _____, 2013, the directors and executive officers of Berry and their affiliates held and were entitled to vote _____ shares of Berry common stock, collectively representing approximately _____ % of the shares of Berry common stock outstanding and entitled to vote on that date. It is Berry's understanding as of the date of this document that the directors and executive officers of Berry intend to vote FOR the Berry Merger Proposal, FOR the Berry Advisory Compensation Proposal and FOR the Berry Adjournment Proposal.

Share and Unit Ownership of Directors and Executive Officers of LinnCo and LINN

At the close of business on _____, 2013, the directors and executive officers of LinnCo, LINN and their affiliates did not hold any LinnCo common shares and held and were entitled to vote _____ LINN units, collectively representing approximately _____ % of the LINN units outstanding and entitled to vote on that date.

Interests of Berry's Directors and Executive Officers in the Merger

Certain members of the board of directors and executive officers of Berry may be deemed to have interests in the merger that are in addition to, or different from, the interests of other Berry stockholders. The Berry board of directors was aware of these interests and considered them, among other matters, in approving the merger and the merger agreement and in making the recommendations that the Berry stockholders adopt the merger agreement and approve the merger and the other transactions contemplated by the merger agreement. These interests include:

The merger agreement provides for (a) the conversion of options and time-based RSUs held by Berry's executive officers into corresponding awards with respect to LINN units and (b) the vesting and settlement of all performance-based RSUs held by Berry's executive officers and all RSUs held by Berry's non-employee directors for LinnCo common shares.

Employment agreements, change-in-control severance agreements and certain equity award agreements with Berry's executive officers provide for severance benefits (including accelerated vesting of certain equity-based awards) in the event of certain qualifying terminations of employment following the merger.

Berry's directors and executive officers are entitled to continued indemnification and insurance coverage under indemnification agreements and the merger agreement.

Appraisal Rights

Under Section 262 of the DGCL, holders of Berry common stock may have the right to obtain an appraisal of the fair value of their shares of Berry common stock in connection with the merger. To properly demand appraisal rights, a Berry stockholder must not vote in favor of the proposal to adopt the merger agreement and the transactions contemplated by the merger agreement, must continue to hold such stockholder's shares of common stock through the effective date of the merger and must strictly comply with all of the other procedures required to demand and perfect appraisal rights under Section 262 of the DGCL, including submitting a written demand for appraisal to Berry prior to the Berry special meeting. Failure by a Berry stockholder to strictly comply with the provisions of Section 262 of the DGCL may result in the loss or waiver of that stockholder's appraisal rights. Because of the complexity of Section 262 of the DGCL relating to appraisal rights, if any Berry stockholder is considering exercising appraisal rights, Berry and LinnCo encourage such Berry stockholder to seek the advice of legal counsel. A summary of the requirements under Delaware law to exercise appraisal rights is included in this document under The Merger Appraisal Rights beginning on page 137 and the text of Section 262 of the DGCL as in effect with respect to this transaction is included as Annex I to this document.

Listing of LinnCo Common Shares; Delisting and Deregistration of Shares of Berry Common Stock

Approval of the listing on the NASDAQ of the newly issued LinnCo common shares to be issued to Berry stockholders pursuant to the merger agreement, subject to official notice of issuance, is a condition to each party's obligation to complete the merger. LinnCo has agreed to cause the LinnCo common shares to be issued to Berry stockholders pursuant to the merger agreement to be approved for listing on the NASDAQ prior to the effective time of the merger, subject to official notice of issuance. If the merger is completed, shares of Berry common stock will be delisted from the NYSE and deregistered under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Conditions That Must Be Satisfied or Waived for the Merger to Occur

Currently, we expect to complete the merger in the third quarter of 2013. As more fully described in this joint proxy statement/prospectus and in the merger agreement, the completion of the merger depends on a number of conditions being satisfied or, where legally permissible, waived. These conditions include, among others, approval of the Berry Merger Proposal by the Berry stockholders, approval of the LinnCo Share Issuance Proposal and the LinnCo LLC Agreement Amendment Proposal by the LinnCo shareholders, approval of the LINN Unit Issuance Proposal by the LINN unitholders, the absence of any injunction or law that prohibits closing, the effectiveness of the registration statement on Form S-4 of which this joint proxy statement/prospectus is a part, the absence of any material adverse effect experienced by any party to the merger agreement and the receipt of legal opinions by each company regarding certain tax matters. We cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Termination of the Merger Agreement

The merger agreement can be terminated at any time prior to completion by:

mutual written consent of Berry and LinnCo;

Berry, LinnCo or LINN, if the merger has not been completed on or prior to October 31, 2013 (the "End Date"), which date may be extended in certain circumstances described in the merger agreement;

Berry, LinnCo or LINN, if a final and non-appealable injunction will have been entered permanently enjoining, restraining or otherwise prohibiting the closing, unless such injunction was due to the failure of the terminating party to perform any of its obligations under the merger agreement;

Berry, LinnCo or LINN, if the Berry stockholders' meeting (including any adjournments or postponements) has concluded and approval of the Berry Merger Proposal is not obtained, if the LinnCo shareholders' meeting (including any adjournments or postponements) has concluded and approval of the LinnCo Share Issuance Proposal or the LinnCo LLC Agreement Amendment Proposal is not obtained, or if the LINN unitholders' meeting (including any adjournments or postponements) has concluded and approval of the LINN Unit Issuance Proposal is not obtained;

Berry, if either LinnCo or LINN breaches the merger agreement in a manner that would cause a condition to Berry's obligation to close not to be satisfied and such breach is either not curable by the End Date or LinnCo or LINN fail to diligently attempt to cure such breach after receipt of written notice of such breach from Berry;

LinnCo or LINN, if Berry breaches the merger agreement in a manner that would cause a condition to LinnCo's and LINN's obligation to close not to be satisfied and such breach is either not curable by the End Date or Berry fails to diligently attempt to cure such breach after receipt of written notice of such breach from LinnCo or LINN;

LinnCo or LINN, prior to the adoption of the merger agreement by the Berry stockholders, in the event that either (i) the Berry board of directors changes its recommendation to stockholders to adopt the

merger agreement or (ii) Berry willfully breaches any of its non-solicitation obligations in the merger agreement (other than willful breaches resulting from the isolated action of a representative of Berry which Berry has used its reasonable best efforts to remedy and which has not caused significant harm to LinnCo or LINN);

Berry, prior to the approval of the matters related to the merger by the LinnCo common shareholders and the approval of the matters related to the Contribution by the LINN unitholders, in the event the LinnCo board of directors or the LINN board of directors changes its recommendation to approve the matters related to the merger and the Contribution; and

Berry, prior to the approval of the matters related to the adoption of the merger agreement by the Berry stockholders, if Berry has complied with its non-solicitation obligations in the merger agreement, in order to enter into an agreement with respect to a company superior proposal, (as defined under The Merger Agreement Reasonable Best Efforts of Berry to Obtain the Required Stockholder Vote) provided that Berry pays a termination fee of \$83.7 million to LinnCo.

If the merger agreement is terminated, there will be no liability on the part of Berry, LinnCo or LINN, except that (1) Berry, LinnCo and LINN will remain liable for any fraud or willful or intentional breach of any covenant or agreement in the merger agreement occurring prior to termination or as provided for in the Confidentiality Agreement between Berry and LINN and (2) each party may be required to pay the other party a termination fee and/or reimburse certain expenses of the other party as described below under Termination Fee.

Derivative Transactions upon Termination

Berry implemented certain derivative transactions with respect to its production following the execution of the merger agreement. The merger agreement provides that, in general, LinnCo and LINN will bear all of the benefits and burdens of these derivative transactions if the merger agreement is terminated. However, if the merger agreement is terminated because (1) the Berry board of directors changes its recommendation for the merger or (2) Berry terminates the merger agreement to accept a company superior proposal, then Berry and LinnCo will each bear half of the burdens and receive half of the benefits associated with the derivative transactions. In addition, if one party willfully breaches its obligations under the merger agreement, then the breaching party will bear all of the losses associated with the derivative transactions and, if the derivative transactions resulted in a gain, then the non-breaching party will receive all of such gain. See The Merger Agreement Derivative Transactions upon Termination beginning on page 165.

Termination Fee

Berry is obligated to pay LinnCo a termination fee or expense reimbursement in the following circumstances:

If the merger agreement is terminated by Berry prior to the approval of the merger by the Berry stockholders in order for Berry to enter into an agreement with respect to a company superior proposal, then Berry is required to pay LinnCo a termination fee of \$83.7 million;

If the merger agreement is terminated by Berry, LinnCo or LINN because the Berry stockholders meeting was concluded and the Berry stockholder approval was not obtained, and prior to the Berry stockholders meeting, a company takeover proposal (as defined under The Merger Agreement Reasonable Best Efforts of Berry to Obtain the Required Stockholder Vote, except that for purposes of the termination fee provisions references to 25% are changed to references to 50%) is publicly announced and not withdrawn at least 10 days prior to the Berry stockholders meeting, then Berry is required to pay LinnCo \$25.7 million in respect of LinnCo's expenses, and if at any time on or prior to

Table of Contents

the 12-month anniversary of such termination Berry enters into a definitive agreement for or completes a transaction contemplated by any company takeover proposal, then Berry is required to pay LinnCo a termination fee of \$83.7 million (less the previously paid \$25.7 million);

If the merger agreement is terminated by LinnCo or LINN prior to the approval of the merger by the Berry stockholders because the Berry board of directors has changed its recommendation to the Berry stockholders or because Berry has willfully breached its non-solicitation obligations in the merger agreement, then Berry is required to pay LinnCo a termination fee of \$83.7 million;

If the merger agreement is terminated by Berry because the merger has not closed by the End Date and, at the time of such termination, the Berry stockholder approval was not obtained and LinnCo or LINN would have been entitled to terminate the merger agreement because the Berry board of directors has changed its recommendation to the Berry stockholders or Berry has willfully breached its non-solicitation obligations in the merger agreement, then Berry is required to pay LinnCo a termination fee of \$83.7 million;

If the merger agreement is terminated by LinnCo or LINN because either (1) Berry materially breached its covenants in the merger agreement, and at the time of such breach, a company takeover proposal (as defined in the description of the non-solicitation provisions under The Merger Agreement Agreement Not to Solicit Other Offers, except that for purposes of the termination fee provisions references to 25% are changed to references to 50%) is announced or disclosed or otherwise communicated to the Berry board of directors and not withdrawn or (2) Berry failed to comply with its obligations to call the Berry special meeting, then Berry is required to pay LinnCo a termination fee of \$83.7 million; and

If the merger agreement is terminated by LinnCo or LINN because Berry materially breached its covenants in the merger agreement (other than in circumstances described in the immediately preceding bullet), then Berry is required to pay LinnCo \$25.7 million in respect of LinnCo's expenses.

LinnCo is obligated to pay Berry a termination fee or expense reimbursement in the following circumstances:

If the merger agreement is terminated by Berry prior to the approval of the matters related to the transactions by the LinnCo common shareholders and the LINN unitholders because the LinnCo board of directors or the LINN board of directors changed its recommendation for the transactions, then LinnCo is required to pay Berry a termination fee of \$83.7 million;

If the merger agreement is terminated by LinnCo or LINN because the merger has not closed by the End Date and at the time of such termination, the approval of the matters related to the transactions by the LinnCo common shareholders and the LINN unitholders has not been obtained, and Berry would have been entitled to terminate the merger agreement because the LinnCo board of directors or the LINN board of directors changed its recommendation with respect to the transactions, then LinnCo is required to pay Berry a termination fee of \$83.7 million;

If the merger agreement is terminated by Berry because LinnCo or LINN failed to comply with its obligations to call the LinnCo annual meeting or the LINN annual meeting, respectively, then LinnCo is required to pay Berry a termination fee of \$83.7 million; and

If the merger agreement is terminated by Berry because LinnCo or LINN materially breached its covenants in the merger agreement (other than in circumstances described in the immediately preceding bullet), then LinnCo is required to pay Berry \$25.7 million in respect of Berry's expenses.

- (1) In 2011, Berry recorded an impairment of \$625 million related to its east Texas natural gas assets, largely due to the impact of lower natural gas prices.
- (2) Due to the volatility of commodity prices, the estimated fair value of Berry's commodity derivative instruments is subject to fluctuations. As a result, since discontinuing hedge accounting on January 1, 2010, Berry may recognize in earnings significant unrealized gains and losses (non-cash charges in fair value) on commodity derivative instruments from period to period.
- (3) Excludes all effects of derivatives.
- (4) Estimated proved reserves were calculated in accordance with SEC rules, which provide for estimated proved reserves to be based on a twelve-month average price, calculated as the unweighted arithmetic average of the first-day-of-the-month price for each month within the twelve-month period prior to the end of the reporting period, excluding escalations based upon future conditions. In addition, the SEC generally requires that reserves classified as proved undeveloped be capable of conversion into proved developed within five years of classification unless specific circumstances justify a longer time.

Under the acquisition method of accounting, the assets acquired and liabilities assumed from Berry will be recorded as of the acquisition date at their respective fair values. LinnCo's contribution of Berry to LINN will be accounted for as a sale by LinnCo.

The pro forma financial information does not give effect to the costs of any integration activities or benefits that may result from the realization of future cost savings from operating efficiencies, or any other synergies that may result from the transactions and changes in commodity and share prices.

UNAUDITED COMPARATIVE PER SHARE DATA

The following tables set forth certain historical, pro forma and pro forma equivalent per share financial information for LinnCo common shares, LINN units and Berry common stock.

LinnCo:

The pro forma and pro forma-equivalent per share information gives effect to the transactions as if the transactions had been completed as of the dates presented, in the case of the book value data, and as if the transactions had been completed as of April 30, 2012 (the date of LinnCo's inception), in the case of the net income and dividends declared data.

LINN:

The pro forma and pro forma-equivalent per share information gives effect to the transactions as if the transactions had been completed as of the dates presented, in the case of the book value data, and as if the transactions had been completed as of January 1, 2012, and the Green River and Hugoton Acquisitions had been completed as of January 1, 2012, in the case of the net income and distributions declared data.

The pro forma data in the tables assumes that the transactions are accounted for using the acquisition method of accounting and represents a current estimate based on available information of the combined company's results of operations. The pro forma financial adjustments record the assets acquired and liabilities assumed from Berry at their estimated fair values and are subject to adjustment as additional information becomes available and as additional analyses are performed. See Accounting Treatment. The information in the following table is based on, and should be read together with, the Berry audited financial statements and related notes incorporated by reference in this joint proxy statement/prospectus, the LinnCo and LINN audited financial statements and related notes included elsewhere in this joint proxy statement/prospectus and the unaudited pro forma condensed combined financial statements included under Unaudited Pro Forma Condensed Combined Financial Information. See Where You Can Find More Information.

The pro forma information set forth below, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not reflect the possible impact on the combined company that may result as a consequence of the transactions and, accordingly, does not attempt to predict or suggest future results. It also does not necessarily reflect what the historical results of the combined company would have been had Berry and LINN been combined during these periods. The Comparative Per Share Data Table for the year ended December 31, 2012 combines the historical income per share data of Berry and its subsidiaries and LINN and its subsidiaries giving effect to the transactions as if the transactions had been completed as of January 1, 2012, and the Green River and Hugoton Acquisitions had been completed as of January 1, 2012, using the acquisition method of accounting. Upon completion of the transactions, the operating results of Berry will be reflected in the consolidated financial statements of LINN on a prospective basis.

RISK FACTORS

In addition to the other information included or incorporated by reference into this document, including the matters under the caption **Cautionary Statement Regarding Forward-Looking Statements**, you should carefully consider the following risks before deciding whether to vote for the proposals set forth in this joint proxy statement/prospectus. In addition, you should read and consider the risks associated with each of the businesses of Berry, LinnCo and LINN because these risks will also affect LinnCo and LINN after the transactions. With respect to Berry, these risks can be found in Berry's Annual Report on Form 10-K for the year ended December 31, 2012, as updated by subsequent filings with the SEC and are incorporated by reference into this document. Because LinnCo's only significant assets are the units issued by LINN, its success is dependent solely upon the operation and management of LINN and its resulting performance. Because the risk factors that affect LINN also affect LinnCo, you should carefully consider the risks under the caption **Risks Relating to LINN's Business** below. For further information regarding the documents incorporated into this document by reference, see **Where You Can Find More Information**. In addition, definitions for certain terms relating to the oil and natural gas business can be found in **Glossary of Certain Oil and Natural Gas Terms**.

Risks Inherent in an Investment in LinnCo

LinnCo's cash flow consists exclusively of distributions from LINN.

LinnCo's only significant assets are LINN units representing limited liability company interests in LINN that it owns. Its cash flow is, therefore, completely dependent upon the ability of LINN to make distributions to its unitholders. The amount of cash that LINN can distribute to its unitholders, including LinnCo, each quarter principally depends upon the amount of cash it generates from its operations, which will fluctuate from quarter to quarter based on, among other things:

produced volumes of oil, natural gas and NGL;

prices at which oil, natural gas and NGL production is sold;

level of its operating costs;

payment of interest, which depends on the amount of its indebtedness and the interest payable thereon; and

level of its capital expenditures.

In addition, the actual amount of cash that LINN will have available for distribution will depend on other factors, some of which are beyond its control, including:

availability of borrowings on acceptable terms under LINN's Fifth Amended and Restated Credit Agreement (the **Credit Facility**) to pay distributions;

the costs of acquisitions, if any;

fluctuations in its working capital needs;

Edgar Filing: LinnCo, LLC - Form S-4/A

timing and collectability of receivables;

restrictions on distributions contained in the Credit Facility and the indentures governing LINN's 6.25% senior notes due November 2019 (the November 2019 Senior Notes), the 6.5% senior notes due May 2019 (the May 2019 Senior Notes), the 8.625% senior notes due 2020 (the 2020 Senior Notes), the 7.75% senior notes due 2021 (the 2021 Senior Notes), the 11.75% senior notes due 2017 (the 2017 Senior Notes) and the 9.875% senior notes due 2018 (the 2018 Senior Notes and, together with the 2017 Senior Notes, the Original Senior Notes, and the Original Senior Notes together with the November 2019 Senior Notes, the May 2019 Senior Notes, the 2020 Senior Notes and the 2021 Senior Notes, the Senior Notes);

Table of Contents

prevailing economic conditions;

access to credit or capital markets; and

the amount of cash reserves established by the LINN board of directors for the proper conduct of its business.

Because of these factors, LINN may not have sufficient available cash each quarter to pay a distribution at the current level or at all. Furthermore, the amount of cash that LINN has available for distribution depends primarily upon its cash flow, including cash flow from financial reserves and working capital borrowings, and is not solely a function of profitability, which will be affected by noncash items. As a result, LINN may be able to make cash distributions during periods when it records net losses and may not be able to make cash distributions during periods when it records net income.

LinnCo will incur corporate income tax liabilities on income allocated to LinnCo by LINN with respect to LINN units it owns, which may be substantial.

LinnCo is classified as a corporation for U.S. federal income tax purposes and, in most states in which LINN does business, for state income tax purposes. Under current law, LinnCo will be subject to U.S. federal income tax at rates of up to 35% (and a 20% alternative minimum tax in certain cases), and to state income tax at rates that vary from state to state, on the net income allocated to LinnCo by LINN with respect to the LINN units it owns. The amount of cash available for distribution to shareholders will be reduced by the amount of any such income taxes payable by LinnCo for which it establishes reserves.

The amount of income taxes payable by LinnCo depends on a number of factors, including LINN's earnings from its operations, the amount of those earnings allocated to LinnCo and the amount of distributions paid to LinnCo by LINN. LinnCo's income tax liabilities could be substantial if any of the following occurs:

LINN significantly decreases its drilling activity;

an issuance of significant additional units by LINN without a corresponding increase in the aggregate tax deductions generated by LINN;

proposed legislation is enacted that eliminates or limits the current deduction of intangible drilling costs and other tax incentives to the oil and natural gas industry; or

there is a significant increase in oil and natural gas prices.

In addition, distributions that LinnCo receives with respect to its LINN units in excess of the net income allocated to LinnCo by LINN with respect to those units will decrease LinnCo's tax basis in those units. When LinnCo's tax basis in the LINN units is reduced to zero and any losses or other carryovers are fully utilized, the distributions LinnCo receives from LINN in excess of net income allocated to LinnCo by LINN will be fully taxable to LinnCo.

Furthermore, if the assumptions LinnCo used to estimate income taxes are incorrect, LinnCo's income tax liabilities could be substantially higher than estimated and its quarterly dividends could be substantially lower than the quarterly distributions on LINN units.

LINN has agreed to pay LinnCo \$6 million per year for three years (2013, 2014 and 2015) to reasonably compensate LinnCo for the anticipated actual increase in tax liability resulting from the allocation of depreciation, depletion and amortization and other cost recovery deductions using the remedial method pursuant to Treasury Regulation Section 1.704-3(d) with respect to the Berry assets acquired in the transaction. Taking into account these payments and based on current projections and assumptions the transaction is not currently expected to give rise to any additional unreimbursed tax liability for LinnCo for the next three years over and above its previously disclosed estimates.

Edgar Filing: LinnCo, LLC - Form S-4/A

LinnCo's deferred income tax liability for financial accounting purposes will be required to be adjusted to account for the transactions. After giving effect to the transactions as if they occurred on December 31, 2012, LinnCo's pro forma deferred income tax liability as of December 31, 2012 would have been approximately \$783

Table of Contents

million. Upon closing of the transactions, LinnCo will recognize the deferred income tax liability as a loss in its statement of operations. If LinnCo were to sell or otherwise liquidate the LINN units acquired, the deferred tax liability of \$783 million would be payable.

Changes to current U.S. federal income tax laws may affect LinnCo's ability to claim certain tax deductions.

Substantive changes to the existing U.S. federal income tax laws have been proposed that, if adopted, would affect, among other things, LinnCo's ability to claim certain deductions related to LINN's operations, including deductions for intangible drilling costs and percentage depletion and deductions for costs associated with U.S. production activities. LinnCo is unable to predict whether any changes, or other proposals to such laws, ultimately will be enacted. Any such changes could negatively impact the value of an investment in LinnCo common shares.

LinnCo common shareholders are only able to indirectly vote on matters on which LINN unitholders are entitled to vote, and LinnCo common shareholders are not entitled to vote to elect LinnCo directors.

LinnCo common shareholders are only able to indirectly vote on matters on which LINN unitholders are entitled to vote, and LinnCo common shareholders are not entitled to vote to elect LinnCo directors. Therefore, LinnCo common shareholders will only be able to indirectly influence the management and board of directors of LINN, and will not be able to directly influence or change LinnCo's management or board of directors. If LinnCo common shareholders are dissatisfied with the performance of LinnCo's directors, they will have no ability to remove the directors and have no right on an annual or ongoing basis to elect the LinnCo board of directors. Rather, the LinnCo board of directors is appointed by the holder of LinnCo's voting share, which is LINN. LinnCo's limited liability company agreement also contains provisions limiting the ability of holders of its common shares to call meetings or to obtain information about its operations, as well as other provisions limiting the ability of holders of its common shares to influence the manner or direction of management.

LINN may issue additional units without LinnCo shareholder approval or other classes of units, and LinnCo may issue additional shares, which would dilute LinnCo's direct and LinnCo common shareholders' indirect ownership interest in LINN and LinnCo shareholders' ownership interest in LinnCo.

LINN's limited liability company agreement does not limit the number of additional limited liability company interests, including interests that rank senior to the LINN units, that it may issue at any time without the approval of its unitholders. The issuance by LINN of additional units or other equity securities of equal or senior rank will have the following effects:

LinnCo's proportionate ownership interest in LINN will decrease;

the amount of cash available for distribution on each LINN unit may decrease, resulting in a decrease in the amount of cash available to pay dividends to LinnCo common shareholders;

the relative voting strength of each previously outstanding unit, including the LINN units that LinnCo holds and votes in accordance with the vote of its common shareholders, will be diminished; and

the market price of the LINN units may decline, resulting in a decline in the market price of LinnCo common shares.

In addition, LinnCo's limited liability company agreement does not limit the number of additional shares that it may issue at any time without shareholder approval. The issuance by LinnCo of additional shares will have the following effects:

a LinnCo shareholder's proportionate ownership interest in LinnCo will decrease;

the relative voting strength of each previously outstanding share shareholders own will be diminished; and

the market price of LinnCo common shares may decline.

Table of Contents

LinnCo shareholders' common shares are subject to limited call rights that could result in them having to involuntarily sell their shares at a time or price that may be undesirable. Shareholders who are not Eligible Holders will not be entitled to receive distributions on or allocations of income or loss on their shares and their shares will be subject to redemption.

If LINN or any of its affiliates owns 80% or more of LinnCo's outstanding common shares, LINN has the right, which it may assign to any of its affiliates, to purchase all of LinnCo's remaining outstanding common shares, at a purchase price not less than the greater of the then-current market price of LinnCo common shares and the highest price paid for LinnCo common shares by LINN or one of its affiliates during the prior 90 days. If LINN exercises any of its rights to purchase LinnCo common shares, common shareholders may be required to sell their shares at a time or price that may be undesirable, and common shareholders could receive less than they paid for their shares. Any sale of LinnCo common shares, to LINN or otherwise, for cash will be a taxable transaction to the owner of the shares sold. Accordingly, a gain or loss will be recognized on the sale equal to the difference between the cash received and the owner's tax basis in the shares sold.

In addition, if at any time a person owns more than 90% of the outstanding LINN units, such person may elect to purchase all, but not less than all, of the remaining outstanding LINN units at a price equal to the higher of the current market price (as defined in LINN's limited liability company agreement) and the highest price paid by such person or any of its affiliates for any LINN units purchased during the 90-day period preceding the date notice was mailed to the LINN unitholders informing them of such election. In this case, LinnCo will be required to tender all of its outstanding LINN units and distribute the cash it receives, net of income taxes payable by it, to its shareholders. Following such distribution, LinnCo will dissolve and wind up its affairs. Thus, upon the election of a holder of 90% of the outstanding LINN units, common shareholders may receive a distribution that is effectively less than the price at which they would prefer to sell their shares.

In order to comply with U.S. laws with respect to the ownership of interests in oil and gas leases on federal lands, LinnCo has adopted certain requirements regarding those investors who may own LinnCo common shares. As used herein, an Eligible Holder means a person or entity qualified to hold an interest in oil and gas leases on federal lands. As of the date hereof, Eligible Holder means: (1) a citizen of the United States; (2) a corporation organized under the laws of the United States or of any state thereof; or (3) an association of United States citizens, such as a partnership or limited liability company, organized under the laws of the United States or of any state thereof, but only if such association does not have any direct or indirect foreign ownership, other than foreign ownership of stock in a parent corporation organized under the laws of the United States or of any state thereof. For the avoidance of doubt, onshore mineral leases or any direct or indirect interest therein may be acquired and held by aliens only through stock ownership, holding or control in a corporation organized under the laws of the United States or of any state thereof and only for so long as the alien is not from a country that the United States federal government regards as denying similar privileges to citizens or corporations of the United States. Common shareholders who are not persons or entities who meet the requirements to be an Eligible Holder will not be entitled to receive distributions in kind on their shares in a liquidation and they run the risk of having their shares redeemed by LinnCo at the then-current market price.

The terms of LinnCo common shares may be changed in ways shareholders may not like, because the LinnCo board of directors has the power to change the terms of LinnCo common shares in ways the LinnCo board of directors determines are not materially adverse to shareholders.

As an owner of LinnCo common shares, shareholders may not like the changes made to the terms of the LinnCo common shares, if any, and shareholders may disagree with the LinnCo board of directors' decision that the changes are not materially adverse to a shareholder. LinnCo common shareholders' recourse if they disagree is limited because LinnCo's limited liability company agreement gives broad latitude and discretion to the LinnCo board of directors and limits the fiduciary duties that LinnCo's officers and directors otherwise would owe to shareholders.

Table of Contents

LinnCo's limited liability company agreement limits the fiduciary duties owed by LinnCo's officers and directors to its shareholders, and LINN's limited liability company agreement limits the fiduciary duties owed by LINN's officers and directors to its unitholders, including LinnCo.

LinnCo's limited liability company agreement has modified, waived and limited the fiduciary duties of LinnCo's directors and officers that would otherwise apply at law or in equity and replaced such duties with a contractual duty requiring LinnCo's directors and officers to act in good faith. For purposes of LinnCo's limited liability company agreement, a person will be deemed to have acted in good faith if the person subjectively believes that the action or omission of action is in, or not opposed to, the best interests of LinnCo. In addition, any action or omission will be deemed to be in, or not opposed to, the best interests of LinnCo and its shareholders if the person making the determination subjectively believes that such action or omission of action is in, or not opposed to, the best interest of LINN and all its unitholders, taken together, and such person may take into account the totality of the relationship between LINN and LinnCo. In addition, when acting in any capacity other than as one of LinnCo's directors or officers, including when acting in their individual capacities or as officers or directors of LINN or any affiliate of LINN, LinnCo's directors and officers will not be required to act in good faith and will have no obligation to take into account LinnCo's interests or the interests of its shareholders.

The above modifications of fiduciary duties are expressly permitted by Delaware law. Thus, LinnCo and its shareholders will only have recourse and be able to seek remedies against the LinnCo board of directors if they breach their obligations pursuant to LinnCo's limited liability company agreement. Furthermore, even if there has been a breach of the obligations set forth in LinnCo's limited liability company agreement, that agreement provides that LinnCo's directors and officers will not be liable to LinnCo or its shareholders, except for acts or omissions not in good faith.

These provisions restrict the remedies available to the LinnCo shareholders for actions that without those limitations might constitute breaches of duty, including fiduciary duties. In addition, LINN's limited liability company agreement also limits the fiduciary duties owed by LINN's officers and directors to its unitholders, including LinnCo.

LinnCo's limited liability company agreement prohibits a shareholder who acquires 15% or more of its shares or voting power with respect to 15% or more of the outstanding LINN units without the approval of the LinnCo board of directors or the LINN board of directors from engaging in a business combination with LinnCo or with LINN for three years. This provision could discourage a change of control of LinnCo or of LINN that LinnCo shareholders may favor, which could negatively affect the price of its shares.

LinnCo's limited liability company agreement effectively adopts Section 203 of the DGCL. Section 203 of the DGCL as it applies to LinnCo prevents an interested shareholder, defined as a person who owns 15% or more of LinnCo's outstanding shares or voting power with respect to 15% or more of the outstanding LINN units, from engaging in business combinations with LinnCo or with LINN for three years following the time such person becomes an interested shareholder. Section 203 broadly defines "business combination" to encompass a wide variety of transactions with or caused by an interested shareholder, including mergers, asset sales and other transactions in which the interested shareholder receives a benefit on other than a pro rata basis with other shareholders. This provision of LinnCo's limited liability company agreement could have an anti-takeover effect with respect to transactions not approved in advance by the LinnCo board of directors, including discouraging takeover attempts that might result in a premium over the market price for its shares or LINN units.

LinnCo common shares may trade at a substantial discount to the trading price of LINN units.

LinnCo cannot predict whether its common shares will trade at a discount or premium to the trading price of LINN units. If LinnCo incurs substantial corporate income tax liabilities on income allocated to LinnCo by LINN with respect to LINN units LinnCo owns, the quarterly dividend of cash shareholders receive per share will be substantially less than the quarterly per unit distribution of cash that LinnCo receives from LINN. LINN has

Table of Contents

agreed to pay LinnCo \$6 million per year for three years (2013, 2014 and 2015) or roughly \$0.06 per LinnCo common share to reasonably compensate LinnCo for the anticipated actual increase in tax liability resulting from the allocation of depreciation, depletion and amortization and other cost recovery deductions using the remedial method pursuant to Treasury Regulation Section 1.704-3(d) with respect to the Berry assets acquired in the transaction. Taking into account these payments and assuming no other relevant changes, the transaction is not currently expected to give rise to any additional unreimbursed tax liability for LinnCo over and above its prior estimates. However, in the event of a merger, tender offer, going private transaction with respect to LINN or sale of all or substantially all of LinnCo's assets, the net proceeds shareholders receive from LinnCo per share may, as a result of its corporate income tax liabilities on such transaction and other factors, be substantially lower than the net proceeds per unit received by a direct LINN unitholder. As a result of these considerations, LinnCo common shares may trade at a substantial discount to the trading price of LINN units.

LinnCo is a controlled company within the meaning of the NASDAQ rules and relies on exemptions from various corporate governance requirements.

LinnCo common shares are listed on the NASDAQ. A company of which more than 50% of the voting power for the election of directors is held by an individual, a group or another company is a controlled company within the meaning of the NASDAQ rules. A controlled company may elect not to comply with various corporate governance requirements of the NASDAQ, including the requirement that a majority of its board of directors consist of independent directors, the requirement that its nominating and governance committee consist of all independent directors and the requirement that its compensation committee consist of all independent directors.

LinnCo is a controlled company since LINN holds the sole voting share and has the sole power to elect the LinnCo board of directors. Because LinnCo relies on certain of the controlled company exemptions and does not have a compensation committee or a nominating and corporate governance committee, LinnCo common shareholders may not have the same corporate governance advantages afforded to stockholders of companies that are subject to all of the corporate governance requirements of the NASDAQ.

Risks Relating to the Merger

The exchange ratio is fixed and will not be adjusted in the event of any change in either LinnCo's share price or Berry's stock price.

Upon the consummation of the merger, each share of Berry common stock will be converted into the right to receive 1.25 LinnCo common shares, with cash paid in lieu of fractional shares. This exchange ratio was fixed in the merger agreement and will not be adjusted for changes in the market price of either LinnCo common shares or Berry common stock. Changes in the price of LinnCo common shares prior to the merger will affect the market value of the merger consideration that the Berry stockholders will receive on the date of the merger. Stock price changes may result from a variety of factors (many of which are beyond the control of Berry, LinnCo and LINN), including the following factors:

market reaction to the announcement of the merger and the prospects of the combined company;

changes in Berry's, LinnCo's and LINN's respective businesses, operations, assets, liabilities and prospects;

changes in market assessments of the business, operations, financial position and prospects of Berry, LinnCo or LINN;

market assessments of the likelihood that the merger will be completed;

interest rates, general market and economic conditions and other factors generally affecting the price of LinnCo common shares and Berry common stock;

Table of Contents

federal, state and local legislation, governmental regulation and legal developments in the businesses in which Berry, LinnCo and LINN operate; and

other factors beyond the control of Berry, LinnCo and LINN, including those described or referred to elsewhere in this Risk Factors section.

The price of LinnCo common shares at the closing of the merger may vary from its price on the date the merger agreement was executed, on the date of this joint proxy statement/prospectus and on the date of the Berry special meeting and the LinnCo annual meeting. As a result, the market value of the merger consideration represented by the exchange ratio will also vary. For example, based on the range of closing prices of LinnCo common shares during the period from February 20, 2013, the last day of trading before public announcement of the proposed transactions, through _____, 2013, the latest practicable date before the date of this joint proxy statement/prospectus, the exchange ratio of 1.25 LinnCo common shares represented a market value ranging from a low of \$ _____ to a high of \$ _____.

Because the merger will be completed after the dates of the Berry special meeting, the LinnCo annual meeting and the LINN annual meeting at the time of your respective meeting, you will not know the exact market value of the LinnCo common shares that the Berry stockholders will receive upon completion of the merger. You should consider the following two risks:

If the price of LinnCo common shares increases between the date the merger agreement was signed or the date of the LinnCo annual meeting and the effective time of the merger, the Berry stockholders will receive LinnCo common shares that have a market value upon completion of the merger that is greater than the market value of such shares calculated pursuant to the exchange ratio when the merger agreement was signed or the date of the LinnCo annual meeting, respectively. Therefore, while the number of LinnCo common shares to be issued per share of Berry common stock is fixed, the LinnCo common shareholders cannot be sure of the market value of the consideration that will be paid to the Berry stockholders upon completion of the merger.

If the price of LinnCo common shares declines between the date the merger agreement was signed or the date of the Berry special meeting and the effective time of the merger, including for any of the reasons described above, the Berry stockholders will receive LinnCo common shares that have a market value upon completion of the merger that is less than the market value of such shares calculated pursuant to the exchange ratio on the date the merger agreement was signed or on the date of the Berry special meeting, respectively. Therefore, while the number of LinnCo common shares to be issued per share of Berry common stock is fixed, the Berry stockholders cannot be sure of the market value of the LinnCo common shares they will receive upon completion of the merger or the market value of LinnCo common shares at any time after the completion of the merger.

The merger and related transactions are subject to approval by Berry stockholders, LinnCo shareholders and LINN unitholders.

In order for the merger to be completed, the Berry stockholders must adopt the merger agreement and approve the merger and the other transactions contemplated by the merger agreement, which requires approval by a majority of the votes entitled to be cast by all outstanding shares of Berry common stock as of the record date for the Berry special meeting. While a vote of the LinnCo common shareholders is not required to approve the merger, the approval of the LinnCo common shareholders is required under NASDAQ Marketplace Rule 5635(a) in order for LinnCo to be authorized to issue LinnCo common shares to the Berry stockholders in connection with the merger. Approval of the issuance of LinnCo common shares to the Berry stockholders under NASDAQ rules requires the affirmative vote of a majority of votes cast by holders of LinnCo common shares at the LinnCo annual meeting. Additionally, the LinnCo common shareholders must approve certain amendments to the limited liability company agreement of LinnCo, which requires the affirmative vote of a majority of outstanding LinnCo voting shares and a majority of outstanding LinnCo common shares, voting as separate classes. In addition, in order for the merger to be completed, the LINN unitholders must approve the issuance of

Table of Contents

LINN units to LinnCo in connection with the Contribution, which requires the affirmative vote of a majority of the votes cast by holders of LINN units at the LINN annual meeting under NASDAQ Marketplace Rule 5635(a).

LINN may experience difficulties in integrating the Berry business, which could cause the combined company to fail to realize many of the anticipated potential benefits of the merger.

LINN entered into the merger agreement because it believes that the transaction will be beneficial to Berry and its stockholders, LinnCo and its shareholders and LINN and its unitholders. Achieving the anticipated benefits of the transaction will depend in part upon whether LINN is able to integrate the business of Berry in an efficient and effective manner. LINN may not be able to accomplish this integration process smoothly or successfully. The difficulties of integrating Berry's business with that of LINN potentially will include, among other things, the necessity of coordinating geographically separated organizations and addressing possible differences incorporating cultures and management philosophies, and the integration of certain operations following the transaction, which will require the dedication of significant management resources and which may temporarily distract management's attention from the day-to-day business of the combined company.

An inability to realize the full extent of the anticipated benefits of the transaction, as well as any delays encountered in the transition process, could have an adverse effect upon the revenues, level of expenses and operating results of LINN after the acquisition of Berry, which may affect the value of LINN units and thus LinnCo common shares after the closing of the merger.

The terms of Berry's indebtedness may restrict Berry's ability to make distributions to LINN.

Berry's credit facility and the indentures governing its outstanding notes contain, and any future indebtedness may also contain, a number of restrictive covenants that impose operating restrictions on Berry, including restrictions on Berry's ability to make distributions to LINN. Any such restrictions on Berry's ability to make distributions to LINN would adversely affect LINN's ability to make distributions to its unitholders, including LinnCo.

Berry stockholders will have reduced ownership and voting interest after the merger and will exercise less influence over management.

Berry stockholders currently have the right to vote in the election of the Berry board of directors and other matters affecting Berry. When the merger occurs, each Berry stockholder that receives LinnCo common shares will become a shareholder of LinnCo with a percentage ownership of the combined organization (including LINN) that is much smaller than such stockholder's current percentage ownership of Berry. LinnCo shareholders are not entitled to elect the LinnCo board of directors. In addition, LinnCo shareholders have only limited voting rights on matters affecting LinnCo's business and, therefore, limited ability to influence management's decisions regarding LinnCo's business. Because of this, Berry stockholders will have less influence on the management and policies of LinnCo than they now have on the management and policies of Berry.

LinnCo common shares to be received by the Berry stockholders as a result of the merger will have different rights from the Berry common stock.

Upon completion of the merger, Berry stockholders who receive the merger consideration will become LinnCo shareholders and their rights as shareholders will be governed by the certificate of formation and limited liability company agreement of LinnCo. There are important differences between the rights of the Berry stockholders and the rights of the LinnCo shareholders, including that LinnCo shareholders are not entitled to elect the LinnCo board of directors. See [Comparison of Securityholders' Rights](#) for a discussion of the different rights associated with LinnCo common shares.

Table of Contents

The market price of LinnCo common shares after the merger may be affected by factors different from those affecting the shares of LinnCo or Berry currently.

The businesses of Berry, LinnCo and LINN differ and, accordingly, the results of operations of LINN after the acquisition of Berry and the market price of LinnCo common shares and LINN units after the merger may be affected by factors that differ from those currently affecting the independent results of operations of Berry, LinnCo or LINN. For a discussion of the businesses of Berry, LinnCo and LINN and of certain factors to consider in connection with those businesses, see [Additional Information About LinnCo, LLC](#) and [Additional Information About Linn Energy, LLC](#) and the documents incorporated by reference in this document regarding Berry and LINN and referred to under [Where You Can Find More Information](#).

The pendency of the merger could adversely affect the business and operations of Berry, LinnCo and LINN.

In connection with the pending merger, some customers or vendors of each of Berry and LINN may delay or defer decisions, which could negatively impact the revenues, earnings, cash flows and expenses of Berry, LinnCo and LINN, regardless of whether the merger is completed. In addition, due to operating covenants in the merger agreement, each of Berry, LinnCo and LINN may be unable, during the pendency of the merger, to pursue certain strategic transactions, undertake certain significant capital projects, undertake certain significant financing transactions and otherwise pursue other actions that are not in the ordinary course of business.

The merger is subject to the receipt of consents and approvals from governmental entities that may impose conditions that could have an adverse effect on LinnCo.

Before the merger may be completed, various waivers, approvals, clearances or consents must be obtained from the FTC, FERC and the Antitrust Division of the Department of Justice (the "Antitrust Division") and other authorities in the United States. These governmental entities may impose conditions on the completion of the merger or require changes to the terms of the merger. Although Berry and LinnCo do not currently expect that any such conditions or changes will be imposed, there can be no assurance that they will not be, and such conditions or changes could have the effect of delaying completion of the merger or imposing additional costs on or limiting the revenues of LinnCo and LINN following the merger, any of which might have an adverse effect on LinnCo or LINN following the merger.

Berry executive officers and directors have financial interests in the merger that may be different from, or in addition to, the interests of the Berry stockholders.

Certain members of the Berry board of directors and executive officers of Berry may be deemed to have interests in the merger that are in addition to, or different from, the interests of other Berry stockholders. The Berry board of directors was aware of these interests and considered them, among other matters, in approving the merger and the merger agreement and in making the recommendations that the Berry stockholders adopt the merger agreement and approve the merger and the other transactions contemplated by the merger agreement. These interests include:

The merger agreement provides for (a) the conversion of options and time-based RSUs held by Berry's executive officers into corresponding awards with respect to LINN units and (b) the vesting and settlement of all performance-based RSUs held by Berry's executive officers and all RSUs held by Berry's non-employee directors for LinnCo common shares;

Employment agreements, change-in-control severance agreements and certain equity award agreements with Berry's executive officers provide for severance benefits (including accelerated vesting of certain equity-based awards) in the event of certain qualifying terminations of employment following the merger; and

Berry's directors and executive officers are entitled to continued indemnification and insurance coverage under indemnification agreements and the merger agreement.

Table of Contents

For information concerning these interests, see the discussion under the caption "The Merger - Interests of Berry's Directors and Executive Officers in the Merger."

Failure to complete the merger could negatively affect the stock price of Berry, LinnCo and LINN, respectively, and their respective future businesses and financial results.

If the merger is not completed, the ongoing businesses of Berry, LinnCo and LINN may be adversely affected and Berry, LinnCo and LINN will be subject to several risks and consequences, including the following:

under the merger agreement, Berry may be required, under certain circumstances, to pay LinnCo a termination fee of \$83.7 million or \$25.7 million in respect of LinnCo's expenses;

under the merger agreement, LinnCo may be required, under certain circumstances, to pay Berry a termination fee of \$83.7 million or \$25.7 million in respect of Berry's expenses;

Berry, LinnCo and LINN will be required to pay certain costs relating to the merger, whether or not the merger is completed, such as legal, accounting, financial advisor and printing fees;

Berry, LinnCo and LINN would not realize the expected benefits of the merger;

under the merger agreement, each of Berry, LinnCo and LINN is subject to certain restrictions on the conduct of its business prior to completing the merger which may adversely affect its ability to execute certain of its business strategies;

matters relating to the merger may require substantial commitments of time and resources by Berry, LinnCo and LINN management, which could otherwise have been devoted to other opportunities that may have been beneficial to Berry, LinnCo and LINN as independent companies; and

Berry, LinnCo or LINN may be responsible for the net losses resulting from the termination of the derivative transactions entered into by Berry on or after the date of the merger agreement, which net losses could be significant.

In addition, if the merger is not completed, Berry, LinnCo and LINN may experience negative reactions from the financial markets and from their respective customers and employees. Berry, LinnCo and/or LINN also could be subject to litigation related to any failure to complete the merger or to enforcement proceedings commenced against Berry, LinnCo or LINN to attempt to force them to perform their respective obligations under the merger agreement.

LinnCo and LINN expect to incur substantial expenses related to the merger.

LinnCo and LINN expect to incur substantial expenses in connection with completing the merger and integrating the business, operations, networks, systems, technologies, policies and procedures of Berry with its own. There are a large number of systems that must be integrated, including billing, management information, purchasing, accounting and finance, sales, payroll and benefits, fixed assets, lease administration and regulatory compliance. Although LinnCo and LINN have assumed that a certain level of transaction and integration expenses would be incurred, there are a number of factors beyond their control that could affect the total amount or the timing of integration expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time. Due to these factors, the transaction and integration expenses associated with the merger could, particularly in the near term, exceed the savings that the combined company expects to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings related to the integration of the Berry business following the completion of the merger. As a result of these expenses, LinnCo and LINN expect to take charges against their earnings before and after the completion of the merger. The charges taken in connection with the merger are expected to be significant, although

the aggregate amount and timing of such charges are uncertain at present.

Table of Contents

Following the merger, Berry and LINN may be unable to retain key employees.

The success of LinnCo and LINN after the merger will depend in part upon LINN's ability to retain key Berry and LINN employees. Key employees may depart either before or after the merger because of issues relating to the uncertainty and difficulty of integration or a desire not to remain following the merger. Accordingly, no assurance can be given that LINN will be able to retain key Berry or LINN employees to the same extent as in the past.

The unaudited pro forma financial statements included in this document are presented for illustrative purposes only and may not be an indication of LinnCo's or LINN's financial condition or results of operations following the merger.

The unaudited pro forma financial statements contained in this document are presented for illustrative purposes only, are based on various adjustments, assumptions and preliminary estimates, and may not be an indication of LinnCo's or LINN's financial condition or results of operations following the merger for several reasons. See Unaudited Pro Forma Condensed Combined Financial Information. The actual financial condition and results of operations of LinnCo and LINN following the merger may not be consistent with, or evident from, these pro forma financial statements. In addition, the assumptions used in preparing the pro forma financial information may not prove to be accurate, and other factors may affect LinnCo's or LINN's financial condition or results of operations following the merger. Any potential decline in the combined company's financial condition or results of operations may cause significant variations in the price of LinnCo common shares after completion of the merger.

Pending litigation against Berry, LinnCo and LINN could result in an injunction preventing completion of the merger, the payment of damages in the event that the merger is completed and/or may adversely affect the combined company's business, financial condition or results of operations following the merger.

Purported stockholder class actions have been filed against, among others, Berry, LinnCo, LINN and the members of the Berry board of directors. Multiple actions seek an injunction barring or rescinding the merger and damages in connection with the proposed transactions. If a final settlement is not reached, or if dismissals of these actions are not obtained, these lawsuits could prevent or delay the completion of the merger, and result in substantial costs to Berry, LinnCo and LINN, including costs associated with the indemnification of directors. Additional lawsuits related to the merger may be filed against Berry, LinnCo, LINN and each of their directors. The defense or settlement of any lawsuit or claim that remains unresolved at the time the merger is completed may adversely affect the combined company's business, financial condition or results of operations. See The Merger Litigation Relating to the Merger.

Risks Relating to LINN's Business

LINN may not have sufficient cash flow from operations to pay the quarterly distribution at the current distribution level, or at all, and future distributions to its unitholders (including LinnCo) may fluctuate from quarter to quarter.

LINN may not have sufficient cash flow from operations each quarter to pay the quarterly distribution at the current distribution level or at all. Under the terms of LINN's limited liability company agreement, the amount of cash otherwise available for distribution will be reduced by its operating expenses and any cash reserve amounts that the LINN board of directors establishes to provide for future operations, future capital expenditures, future debt service requirements and future cash distributions to its unitholders. The amount of cash LINN can distribute on its units principally depends upon the amount of cash LINN generates from its operations, which will fluctuate from quarter to quarter based on, among other things:

produced volumes of oil, natural gas and NGL;

prices at which oil, natural gas and NGL production is sold;

Table of Contents

level of LINN's operating costs;

payment of interest, which depends on the amount of LINN's indebtedness and the interest payable thereon; and

level of LINN's capital expenditures.

In addition, the actual amount of cash LINN will have available for distribution will depend on other factors, some of which are beyond its control, including:

availability of borrowings on acceptable terms under the Credit Facility to pay distributions;

the costs of acquisitions, if any;

fluctuations in LINN's working capital needs;

timing and collectability of receivables;

restrictions on distributions contained in the Credit Facility and the indentures governing the Senior Notes;

prevailing economic conditions;

access to credit or capital markets; and

the amount of cash reserves established by the LINN board of directors for the proper conduct of its business.

As a result of these factors, the amount of cash LINN distributes to its unitholders may fluctuate significantly from quarter to quarter and may be significantly less than the current distribution level, or the distribution may be suspended.

LINN actively seeks to acquire oil and natural gas properties. Acquisitions involve potential risks that could adversely impact its future growth and its ability to increase or pay distributions at the current level, or at all.

Any acquisition involves potential risks, including, among other things:

the risk that reserves expected to support the acquired assets may not be of the anticipated magnitude or may not be developed as anticipated;

the risk of title defects discovered after closing;

inaccurate assumptions about revenues and costs, including synergies;

significant increases in LINN's indebtedness and working capital requirements;

an inability to transition and integrate successfully or timely the businesses LINN acquires;

the cost of transition and integration of data systems and processes;

the potential environmental problems and costs;

the assumption of unknown liabilities;

limitations on rights to indemnity from the seller;

the diversion of management's attention from other business concerns;

increased demands on existing personnel and on the corporate structure;

disputes arising out of acquisitions;

Table of Contents

customer or key employee losses of the acquired businesses; and

the failure to realize expected growth or profitability.

The scope and cost of these risks may ultimately be materially greater than estimated at the time of the acquisition. Further, LINN's future acquisition costs may be higher than those it has achieved historically. Any of these factors could adversely impact its future growth and its ability to increase or pay distributions.

If LINN does not make future acquisitions on economically acceptable terms, then its growth and ability to increase distributions will be limited.

LINN's ability to grow and to increase distributions to its unitholders is partially dependent on its ability to make acquisitions that result in an increase in available cash flow per unit. It may be unable to make such acquisitions because it is:

unable to identify attractive acquisition candidates or negotiate acceptable purchase contracts with them;

unable to obtain financing for these acquisitions on economically acceptable terms; or

outbid by competitors.

In any such case, LINN's future growth and ability to increase distributions will be limited. Furthermore, even if LINN does make acquisitions that it believes will increase available cash flow per unit, these acquisitions may nevertheless result in a decrease in available cash flow per unit.

LINN has significant indebtedness under the Senior Notes and from time to time, the Amended Credit Facility. The Amended Credit Facility and the indentures governing the Senior Notes have substantial restrictions and financial covenants and LINN may have difficulty obtaining additional credit, which could adversely affect its operations, its ability to make acquisitions and its ability to pay distributions to its unitholders, including LinnCo.

As of March 31, 2013, LINN had an aggregate of approximately \$6.2 billion outstanding under the Senior Notes and the Credit Facility (with additional borrowing capacity of approximately \$1.7 billion under the Credit Facility). As a result of its indebtedness, LINN will use a portion of its cash flow to pay interest and principal when due, which will reduce the cash available to finance its operations and other business activities and could limit its flexibility in planning for or reacting to changes in its business and the industry in which it operates.

On April 24, 2013, LINN entered into the Sixth Amended and Restated Credit Agreement (the Amended Credit Facility) increasing the maximum commitment amount from \$3.0 billion to \$4.0 billion and extending the maturity date from April 2017 to April 2018. The borrowing base remains unchanged at \$4.5 billion and does not include any assets to be acquired in the pending transaction with Berry. The amended and restated agreement is substantially similar to the previous Credit Facility with revisions to permit the transactions related to the acquisition of Berry and to designate Berry as an unrestricted subsidiary under the agreement. When considering the increased maximum commitment amount, borrowing capacity was approximately \$2.7 billion at March 31, 2013, not including any proceeds to be received from the pending Panther sale.

The Amended Credit Facility restricts LINN's ability to obtain additional financing, make investments, lease equipment, sell assets, enter into commodity and interest rate derivative contracts and engage in business combinations. LINN is also required to comply with certain financial covenants and ratios under the Amended Credit Facility and the indentures governing the Senior Notes. Its ability to comply with these restrictions and covenants in the future is uncertain and will be affected by the levels of cash flow from its operations and events or circumstances beyond its control. LINN's failure to comply with any of the restrictions and covenants could result in an event of default, which, if it continues beyond any applicable cure periods, could cause all of its existing indebtedness to be immediately due and payable.

Table of Contents

LINN depends, in part, on the Amended Credit Facility for future capital needs. LINN has drawn on the Amended Credit Facility to fund or partially fund quarterly cash distribution payments, since it uses operating cash flow primarily for drilling and development of oil and natural gas properties and acquisitions and borrows as cash is needed. Absent such borrowing, it would have at times experienced a shortfall in cash available to pay its declared quarterly cash distribution amount. If there is a default by LINN under the Amended Credit Facility that continues beyond any applicable cure period, it would be unable to make borrowings to fund distributions. In addition, LINN may finance acquisitions through borrowings under the Amended Credit Facility or the incurrence of additional debt. To the extent that LINN is unable to incur additional debt under the Amended Credit Facility or otherwise because it is not in compliance with the financial covenants in the Amended Credit Facility, it may not be able to complete acquisitions, which could adversely affect its ability to maintain or increase distributions. Furthermore, to the extent LINN is unable to refinance the Amended Credit Facility on terms that are as favorable as those in the existing Amended Credit Facility, or at all, its ability to fund its operations and its ability to pay distributions could be affected.

The borrowing base under the Amended Credit Facility is determined semi-annually at the discretion of the lenders and is based in part on oil, natural gas and NGL prices. Significant declines in oil, natural gas or NGL prices may result in a decrease in its borrowing base. The lenders can unilaterally adjust the borrowing base and therefore the borrowings permitted to be outstanding under the Amended Credit Facility. Any increase in the borrowing base requires the consent of all the lenders. Outstanding borrowings in excess of the borrowing base must be repaid immediately, or LINN must pledge other properties as additional collateral. LINN does not currently have substantial unpledged properties, and it may not have the financial resources in the future to make any mandatory principal prepayments required under the Amended Credit Facility. Significant declines in LINN's production or significant declines in realized oil, natural gas or NGL prices for prolonged periods and resulting decreases in its borrowing base may force it to reduce or suspend distributions to its unitholders.

LINN's ability to access the capital and credit markets to raise capital and borrow on favorable terms will be affected by disruptions in the capital and credit markets, which could adversely affect its operations, its ability to make acquisitions and its ability to pay distributions to its unitholders.

Disruptions in the capital and credit markets could limit LINN's ability to access these markets or significantly increase its cost to borrow. Some lenders may increase interest rates, enact tighter lending standards, refuse to refinance existing debt at maturity on favorable terms or at all and may reduce or cease to provide funding to borrowers. If LINN is unable to access the capital and credit markets on favorable terms, its ability to make acquisitions and pay distributions could be affected.

LINN's variable rate indebtedness subjects it to interest rate risk, which could cause its debt service obligations to increase significantly.

Borrowings under the Amended Credit Facility bear interest at variable rates and expose LINN to interest rate risk. If interest rates increase and LINN is unable to effectively hedge its interest rate risk, its debt service obligations on the variable rate indebtedness would increase even though the amount borrowed remained the same, and its net income and cash available for servicing its indebtedness would decrease.

Increases in interest rates could adversely affect the demand for LINN's units.

An increase in interest rates may cause a corresponding decline in demand for equity investments, in particular for yield-based equity investments such as LINN units. Any such reduction in demand for LINN units resulting from other more attractive investment opportunities may cause the trading price of LINN units to decline.

Table of Contents

LINN's commodity derivative activities could result in financial losses or could reduce its income, which may adversely affect its ability to pay distributions to its unitholders.

To achieve more predictable cash flow and to reduce its exposure to adverse fluctuations in the prices of oil and natural gas, LINN enters into commodity derivative contracts for a significant portion of its production. Commodity derivative arrangements expose it to the risk of financial loss in some circumstances, including situations when production is less than expected. If LINN experiences a sustained material interruption in its production or if it is unable to perform its drilling activity as planned, it might be forced to satisfy all or a portion of its derivative obligations without the benefit of the cash flow from its sale of the underlying physical commodity, resulting in a substantial reduction of its liquidity, which may adversely affect its ability to pay distributions to its unitholders.

LINN's limited ability to hedge its NGL production could adversely impact its cash flow and results of operations.

A liquid, readily available and commercially viable market for hedging NGLs has not developed in the same way that exists for crude oil and natural gas. The current direct NGL hedging market is constrained in terms of price, volume, tenor and number of counterparties, which limits LINN's ability to hedge its NGL production effectively or at all. As a result, LINN's cash flow and results of operations could be adversely impacted by fluctuations in the market prices for NGL products.

Counterparty failure may adversely affect LINN's derivative positions.

LINN cannot be assured that its counterparties will be able to perform under its derivative contracts. If a counterparty fails to perform and the derivative arrangement is terminated, LINN's cash flow and ability to pay distributions could be impacted.

Commodity prices are volatile, and a significant decline in commodity prices for a prolonged period would reduce LINN's revenues, cash flow from operations and profitability and it may have to lower its distribution or may not be able to pay distributions at all, which would in turn reduce or eliminate LinnCo's ability to pay dividends to shareholders.

LINN's revenue, profitability and cash flow depend upon the prices of and demand for oil, natural gas and NGL. The oil, natural gas and NGL market is very volatile and a drop in prices can significantly affect LINN's financial results and impede its growth. Changes in oil, natural gas and NGL prices have a significant impact on the value of LINN's reserves and on its cash flow. Prices for these commodities may fluctuate widely in response to relatively minor changes in the supply of and demand for them, market uncertainty and a variety of additional factors that are beyond LINN's control, such as:

the domestic and foreign supply of and demand for oil, natural gas and NGL;

the price and level of foreign imports;

the level of consumer product demand;

weather conditions;

overall domestic and global economic conditions;

political and economic conditions in oil and natural gas producing countries;

the ability of members of the Organization of Petroleum Exporting Countries to agree to and maintain price and production controls;

the impact of the U.S. dollar exchange rates on oil, natural gas and NGL prices;

technological advances affecting energy consumption;

Table of Contents

domestic and foreign governmental regulations and taxation;

the impact of energy conservation efforts;

the proximity and capacity of pipelines and other transportation facilities; and

the price and availability of alternative fuels.

In the past, the prices of oil, natural gas and NGL have been extremely volatile, and LINN expects this volatility to continue. If commodity prices decline significantly for a prolonged period, LINN's cash flow from operations will decline, and it may have to lower its distribution or may not be able to pay distributions at all, which would in turn reduce or eliminate LinnCo's ability to pay dividends to shareholders.

Future price declines or downward reserve revisions may result in a write down of LINN's asset carrying values, which could adversely affect its results of operations and limit its ability to borrow funds.

Declines in oil, natural gas and NGL prices may result in LINN having to make substantial downward adjustments to its estimated proved reserves. If this occurs, or if LINN's estimates of development costs increase, production data factors change or drilling results deteriorate, accounting rules may require it to write down, as a noncash charge to earnings, the carrying value of its properties for impairments. LINN capitalizes costs to acquire, find and develop its oil and natural gas properties under the successful efforts accounting method. LINN is required to perform impairment tests on its assets periodically and whenever events or changes in circumstances warrant a review of its assets. To the extent such tests indicate a reduction of the estimated useful life or estimated future cash flows of LINN's assets, the carrying value may not be recoverable and therefore would require a write down. LINN has incurred impairment charges in the past and may do so in the future. Any impairment could be substantial and have a material adverse effect on its results of operations in the period incurred and on its ability to borrow funds under the Amended Credit Facility, which in turn may adversely affect its ability to make cash distributions to its unitholders.

Unless LINN replaces its reserves, its reserves and production will decline, which would adversely affect its cash flow from operations and its ability to make distributions to its unitholders.

Producing oil, natural gas and NGL reservoirs are characterized by declining production rates that vary depending upon reservoir characteristics and other factors. The overall rate of decline for LINN's production will change if production from its existing wells declines in a different manner than it has estimated and can change when it drills additional wells, makes acquisitions and under other circumstances. Thus, LINN's future oil, natural gas and NGL reserves and production and, therefore, its cash flow and income, are highly dependent on its success in efficiently developing its current reserves and economically finding or acquiring additional recoverable reserves. LINN may not be able to develop, find or acquire additional reserves to replace its current and future production at acceptable costs, which would adversely affect its cash flow from operations and its ability to make distributions to its unitholders.

LINN's estimated reserves are based on many assumptions that may prove to be inaccurate. Any material inaccuracies in these reserve estimates or underlying assumptions will materially affect the quantities and present value of LINN's reserves.

No one can measure underground accumulations of oil, natural gas and NGL in an exact manner. Reserve engineering requires subjective estimates of underground accumulations of oil, natural gas and NGL and assumptions concerning future oil, natural gas and NGL prices, production levels and operating and development costs. As a result, estimated quantities of proved reserves and projections of future production rates and the timing of development expenditures may prove to be inaccurate. Independent petroleum engineering firms prepare estimates of LINN's proved reserves. Some of LINN's reserve estimates are made without the benefit of a lengthy production history, which are less reliable than estimates based on a lengthy production history. Also,

Table of Contents

LINN makes certain assumptions regarding future oil, natural gas and NGL prices, production levels and operating and development costs that may prove incorrect. Any significant variance from these assumptions by actual amounts could greatly affect LINN's estimates of reserves, the economically recoverable quantities of oil, natural gas and NGL attributable to any particular group of properties, the classifications of reserves based on risk of recovery and estimates of the future net cash flows. Numerous changes over time to the assumptions on which LINN's reserve estimates are based, as described above, often result in the actual quantities of oil, natural gas and NGL LINN ultimately recovers being different from its reserve estimates.

The present value of future net cash flows from LINN's proved reserves is not necessarily the same as the current market value of its estimated oil, natural gas and NGL reserves. LINN bases the estimated discounted future net cash flows from its proved reserves on an unweighted average of the first-day-of-the-month price for each month during the 12-month calendar year and year-end costs. However, actual future net cash flows from its oil and natural gas properties also will be affected by factors such as:

actual prices LINN receives for oil, natural gas and NGL;

the amount and timing of actual production;

the timing and success of development activities;

supply of and demand for oil, natural gas and NGL; and

changes in governmental regulations or taxation.

In addition, the 10% discount factor required to be used under the provisions of applicable accounting standards when calculating discounted future net cash flows, may not be the most appropriate discount factor based on interest rates in effect from time to time and risks associated with LINN or the oil and natural gas industry in general.

LINN deducts estimated maintenance capital expenditures when determining cash available for distribution, which may result in less cash available for distribution to unitholders than if actual maintenance capital expenditures were deducted.

Maintenance capital expenditures represent management's estimate of the capital expenditures required to hold production flat from year-to-year and to replace proved reserves. In determining cash available for distribution, LINN deducts estimated, rather than actual, maintenance capital expenditures. The amount of estimated maintenance capital expenditures is periodically reviewed by LINN management. In years where LINN's estimated maintenance capital expenditures are higher than actual maintenance capital expenditures, the amount of cash available for distribution to unitholders will be lower than if actual maintenance capital expenditures had been deducted. If LINN underestimates the appropriate level of estimated maintenance capital expenditures, it may have less cash available for distribution in future periods when actual capital expenditures begin to exceed its previous estimates. Over time, if LINN does not set aside sufficient cash reserves or have available sufficient sources of financing and make sufficient expenditures to maintain its asset base, it may be unable to pay distributions at the anticipated level and could be required to reduce its distributions.

LINN's development operations require substantial capital expenditures, which will reduce its cash available for distribution. LINN may be unable to obtain needed capital or financing on satisfactory terms, which could lead to a decline in its reserves.

The oil and natural gas industry is capital intensive. LINN makes and expects to continue to make substantial capital expenditures in its business for the development and production of oil, natural gas and NGL reserves. These expenditures will reduce LINN's cash available for distribution. LINN intends to finance its future capital expenditures with cash flow from operations and, to the extent necessary, with equity and debt

Table of Contents

offerings or bank borrowings. LINN's cash flow from operations and access to capital are subject to a number of variables, including:

its proved reserves;

the level of oil, natural gas and NGL it is able to produce from existing wells;

the prices at which it is able to sell its oil, natural gas and NGL; and

its ability to acquire, locate and produce new reserves.

If LINN's revenues or the borrowing base under the Amended Credit Facility decrease as a result of lower oil, natural gas and NGL prices, operating difficulties, declines in reserves or for any other reason, it may have limited ability to obtain the capital necessary to sustain its operations at current levels. The Amended Credit Facility restricts its ability to obtain new financing. If additional capital is needed, it may not be able to obtain debt or equity financing on terms favorable to it, or at all. If cash flow from operations or cash available under the Amended Credit Facility is not sufficient to meet LINN's capital requirements, the failure to obtain additional financing could result in a curtailment of its development operations, which in turn could lead to a possible decline in its reserves.

LINN may decide not to drill some of the prospects it has identified, and locations that it decides to drill may not yield oil, natural gas and NGL in commercially viable quantities.

LINN's prospective drilling locations are in various stages of evaluation, ranging from a prospect that is ready to drill to a prospect that will require additional geological and engineering analysis. Based on a variety of factors, including future oil, natural gas and NGL prices, the generation of additional seismic or geological information, the availability of drilling rigs and other factors, LINN may decide not to drill one or more of these prospects. As a result, LINN may not be able to increase or maintain its reserves or production, which in turn could have an adverse effect on its business, financial position, results of operations and its ability to pay distributions. In addition, the SEC's reserve reporting rules include a general requirement that, subject to limited exceptions, proved undeveloped reserves may only be booked if they relate to wells scheduled to be drilled within five years of the date of booking. As of December 31, 2012, LINN had 2,504 proved undeveloped drilling locations. To the extent that LINN does not drill these locations within five years of initial booking, they may not continue to qualify for classification as proved reserves, and LINN may be required to reclassify such reserves as unproved reserves. The reclassification of such reserves could also have a negative effect on the borrowing base under the Amended Credit Facility.

The cost of drilling, completing and operating a well is often uncertain, and cost factors can adversely affect the economics of a well. LINN's efforts will be uneconomic if it drills dry holes or wells that are productive but do not produce enough oil, natural gas and NGL to be commercially viable after drilling, operating and other costs. If LINN drills future wells that it identifies as dry holes, its drilling success rate would decline, which could have an adverse effect on its business, financial position or results of operations.

LINN's business depends on gathering and transportation facilities. Any limitation in the availability of those facilities would interfere with its ability to market the oil, natural gas and NGL it produces, and could reduce its cash available for distribution and adversely impact expected increases in oil, natural gas and NGL production from LINN's drilling program.

The marketability of LINN's oil, natural gas and NGL production depends in part on the availability, proximity and capacity of gathering and pipeline systems. The amount of oil, natural gas and NGL that can be produced and sold is subject to limitation in certain circumstances, such as pipeline interruptions due to scheduled and unscheduled maintenance, excessive pressure, physical damage to the gathering or transportation system, or lack of contracted capacity on such systems. The curtailments arising from these and similar circumstances may last from a few days to several months. In many cases, LINN is provided only with limited, if any, notice as to when these circumstances will arise and their duration. In addition, some of its wells are drilled in locations that are not serviced by gathering and transportation pipelines, or the gathering and transportation

Table of Contents

pipelines in the area may not have sufficient capacity to transport additional production. As a result, LINN may not be able to sell the oil, natural gas and NGL production from these wells until the necessary gathering and transportation systems are constructed. Any significant curtailment in gathering system or pipeline capacity, or significant delay in the construction of necessary gathering and transportation facilities, would interfere with LINN's ability to market the oil, natural gas and NGL it produces, and could reduce its cash available for distribution and adversely impact expected increases in oil, natural gas and NGL production from its drilling program.

LINN depends on certain key customers for sales of its oil, natural gas and NGL. To the extent these and other customers reduce the volumes they purchase from LINN or delay payment, LINN's revenues and cash available for distribution could decline. Further, a general increase in nonpayment could have an adverse impact on its financial position and results of operations.

For the year ended December 31, 2012, Enbridge Energy Partners, L.P. and DCP Midstream Partners, LP accounted for approximately 24% and 13%, respectively, of LINN's total production volumes, or 37% in the aggregate. For the year ended December 31, 2011, Enbridge Energy Partners, L.P. and DCP Midstream Partners, LP accounted for approximately 21% and 19%, respectively, of LINN's total production volumes, or 40% in the aggregate. To the extent these and other customers reduce the volumes of oil, natural gas or NGL that they purchase from LINN, LINN's revenues and cash available for distribution could decline.

Many of LINN's leases are in areas that have been partially depleted or drained by offset wells.

LINN's key project areas are located in some of the most active drilling areas of the producing basins in the U.S. As a result, many of its leases are in areas that have already been partially depleted or drained by earlier offset drilling. This may inhibit its ability to find economically recoverable quantities of reserves in these areas.

LINN's identified drilling location inventories are scheduled out over several years, making them susceptible to uncertainties that could materially alter the occurrence or timing of their drilling, resulting in temporarily lower cash from operations, which may impact LINN's ability to pay distributions.

LINN's management has specifically identified and scheduled drilling locations as an estimation of LINN's future multi-year drilling activities on its existing acreage. As of December 31, 2012, LINN had identified 10,981 drilling locations, of which 2,504 were proved undeveloped locations and 8,477 were other locations. These identified drilling locations represent a significant part of LINN's growth strategy. Its ability to drill and develop these locations depends on a number of factors, including the availability of capital, seasonal conditions, regulatory approvals, oil, natural gas and NGL prices, costs and drilling results. In addition, D&M has not estimated proved reserves for the 8,477 other drilling locations LINN has identified and scheduled for drilling, and therefore there may be greater uncertainty with respect to the success of drilling wells at these drilling locations. LINN's final determination on whether to drill any of these drilling locations will be dependent upon the factors described above as well as, to some degree, the results of its drilling activities with respect to its proved drilling locations. Because of these uncertainties, LINN does not know if the numerous drilling locations it has identified will be drilled within its expected timeframe or will ever be drilled or if it will be able to produce oil, natural gas and NGL from these or any other potential drilling locations. As such, LINN's actual drilling activities may materially differ from those presently identified, which could adversely affect its business.

Drilling for and producing oil, natural gas and NGL are high risk activities with many uncertainties that could adversely affect LINN's financial position or results of operations and, as a result, its ability to pay distributions to its unitholders.

LINN's drilling activities are subject to many risks, including the risk that it will not discover commercially productive reservoirs. Drilling for oil, natural gas and NGL can be uneconomic, not only from dry holes, but also

Table of Contents

from productive wells that do not produce sufficient revenues to be commercially viable. In addition, LINN's drilling and producing operations may be curtailed, delayed or canceled as a result of other factors, including:

the high cost, shortages or delivery delays of equipment and services;

unexpected operational events;

adverse weather conditions;

facility or equipment malfunctions;

title problems;

pipeline ruptures or spills;

compliance with environmental and other governmental requirements;

unusual or unexpected geological formations;

loss of drilling fluid circulation;

formations with abnormal pressures;

fires;

blowouts, craterings and explosions; and

uncontrollable flows of oil, natural gas and NGL or well fluids.

Any of these events can cause increased costs or restrict LINN's ability to drill the wells and conduct the operations which it currently has planned. Any delay in the drilling program or significant increase in costs could impact LINN's ability to generate sufficient cash flow to pay quarterly distributions to its unitholders at the current distribution level or at all. Increased costs could include losses from personal injury or loss of life, damage to or destruction of property, natural resources and equipment, pollution, environmental contamination, loss of wells and regulatory penalties. LINN ordinarily maintains insurance against certain losses and liabilities arising from its operations. However, it is impossible to insure against all operational risks in the course of LINN's business. Additionally, LINN may elect not to obtain insurance if it believes that the cost of available insurance is excessive relative to the perceived risks presented. Losses could therefore occur for uninsurable or uninsured risks or in amounts in excess of existing insurance coverage. The occurrence of an event that is not fully covered by insurance could have a material adverse impact on LINN's business activities, financial position and results of operations.

LINN has limited control over the activities on properties it does not operate.

Other companies operate some of the properties in which LINN has an interest. Nonoperated wells represented approximately 30% of LINN's total owned gross wells, or approximately 9% of its owned net wells, as of December 31, 2012. LINN has limited ability to influence or control the operation or future development of these nonoperated properties, including timing of drilling and other scheduled operations activities, compliance with environmental, safety and other regulations, or the amount of capital expenditures that LINN is required to fund with respect to them. The failure of an operator of LINN's wells to adequately perform operations, an operator's breach of the applicable agreements or an operator's failure to act in ways that are in LINN's best interest could reduce its production and revenues. LINN's dependence on the operator and other working interest owners for these projects and its limited ability to influence or control the operation and future development of these properties could materially adversely affect the realization of LINN's targeted returns on capital in drilling or acquisition activities and lead to unexpected future costs.

Table of Contents

Because LINN handles oil, natural gas and NGL and other hydrocarbons, it may incur significant costs and liabilities in the future resulting from a failure to comply with new or existing environmental regulations or an accidental release of hazardous substances into the environment.

The operations of LINN's wells, gathering systems, turbines, pipelines and other facilities are subject to stringent and complex federal, state and local environmental laws and regulations. Failure to comply with these laws and regulations may trigger a variety of administrative, civil and criminal enforcement measures, including the assessment of monetary penalties, the imposition of remedial requirements, and the issuance of orders enjoining future operations. There is an inherent risk that LINN may incur environmental costs and liabilities due to the nature of its business and the substances it handles. Certain environmental statutes, including the RCRA, CERCLA and analogous state laws and regulations, impose strict, joint and several liability for costs required to clean up and restore sites where hazardous substances have been disposed of or otherwise released. In addition, an accidental release from one of LINN's wells or gathering pipelines could subject it to substantial liabilities arising from environmental cleanup and restoration costs, claims made by neighboring landowners and other third parties for personal injury and property damage and fines or penalties for related violations of environmental laws or regulations.

Moreover, the possibility exists that stricter laws, regulations or enforcement policies could significantly increase LINN's compliance costs and the cost of any remediation that may become necessary, and these costs may not be recoverable from insurance.

LINN is subject to complex federal, state, local and other laws and regulations that could adversely affect the cost, manner or feasibility of doing business.

LINN's operations are regulated extensively at the federal, state and local levels. Environmental and other governmental laws and regulations have resulted in delays and increased the costs to plan, design, drill, install, operate and abandon oil and natural gas wells. Under these laws and regulations, LINN could also be liable for personal injuries, property damage and other damages. Failure to comply with these laws and regulations may result in the suspension or termination of LINN's operations and subject it to administrative, civil and criminal penalties. Moreover, public interest in environmental protection has increased in recent years, and environmental organizations have opposed, with some success, certain drilling projects.

Part of the regulatory environment in which LINN operates includes, in some cases, legal requirements for obtaining environmental assessments, environmental impact studies and/or plans of development before commencing drilling and production activities. In addition, LINN's activities are subject to the regulations regarding conservation practices and protection of correlative rights. These regulations affect LINN's operations and limit the quantity of oil, natural gas and NGL it may produce and sell. A major risk inherent in LINN's drilling plans is the need to obtain drilling permits from state and local authorities. Delays in obtaining regulatory approvals or drilling permits, the failure to obtain a drilling permit for a well or the receipt of a permit with unreasonable conditions or costs could have a material adverse effect on LINN's ability to develop its properties. Additionally, the regulatory environment could change in ways that might substantially increase the financial and managerial costs of compliance with these laws and regulations and, consequently, adversely affect LINN's ability to pay distributions to its unitholders.

Federal and state legislation and regulatory initiatives related to hydraulic fracturing could result in increased costs and operating restrictions or delays.

Hydraulic fracturing is an important and common practice that is used to stimulate production of hydrocarbons from tight formations. Due to concerns raised relating to potential impacts of hydraulic fracturing on groundwater quality, legislative and regulatory efforts at the federal level and in some states have been initiated to render permitting and compliance requirements more stringent for hydraulic fracturing or prohibit the activity altogether. For example, the EPA has asserted federal regulatory authority over hydraulic fracturing

Table of Contents

involving fluids that contain diesel fuel under the Safe Drinking Water Act's Underground Injection Control Program and has released draft permitting guidance for hydraulic fracturing operations that use diesel fuel in fracturing fluids in those states where the EPA is the permitting authority. In addition, both Texas and Louisiana have adopted disclosure regulations requiring varying degrees of disclosure of the constituents in hydraulic fracturing fluids. Such efforts could have an adverse effect on LINN's oil and natural gas production activities.

LINN does not have the same flexibility as other types of organizations to accumulate cash and equity to protect against illiquidity in the future.

Unlike a corporation, LINN's limited liability company agreement requires it to make quarterly distributions to its unitholders of all available cash reduced by any amounts of reserves for commitments and contingencies, including capital and operating costs and debt service requirements. The value of LINN's units may decrease in direct correlation with decreases in the amount it distributes per unit. Accordingly, if LINN experiences a liquidity problem in the future, it may have difficulty issuing more equity to recapitalize.

LINN's tax treatment depends on its status as a partnership for federal income tax purposes, as well as it not being subject to a material amount of entity level taxation by individual states. If the Internal Revenue Service (IRS) were to treat LINN as a corporation for federal income tax purposes or if LINN was to become subject to entity level taxation for state tax purposes, taxes paid, if any, would reduce the amount of cash available for distribution.

The anticipated after-tax economic benefit of an investment in LINN's units depends largely on LINN being treated as a partnership for federal income tax purposes. LINN has not requested, and does not plan to request, a ruling from the IRS on this or any other tax matter that affects LINN.

If LINN was treated as a corporation for federal income tax purposes, LINN would pay federal income tax on its taxable income at corporate tax rates, currently at a maximum rate of 35%. In such event, distributions would generally be taxed as corporate distributions, no income, gain, loss, deduction or credit would flow through to LINN's unitholders and LINN's cash available for distribution to its unitholders could be reduced. Therefore, treatment of LINN as a corporation would result in a material reduction in the anticipated cash flow and after-tax return to LINN's unitholders, likely causing a substantial reduction in the value of LINN's units.

Current law or LINN's business may change so as to cause LINN to be treated as a corporation for federal income tax purposes or otherwise subject LINN to entity level taxation. Any modification to current law or interpretations thereof may or may not be applied retroactively and could make it more difficult or impossible to meet the requirements for partnership status, affect or cause LINN to change its business activities, affect the tax considerations of an investment in LINN, change the character or treatment of portions of LINN's income and adversely affect an investment in LINN's units.

In addition, several states are evaluating ways to subject partnerships and limited liability companies to entity level taxation through the imposition of state income, franchise or other forms of taxation. For example, LINN is required to pay Texas franchise tax on LINN's total revenue apportioned to Texas at a maximum effective rate of 0.7%. Imposition of a tax on LINN by any other state would reduce the amount of cash available for distribution to LINN's unitholders.

A successful IRS contest of the federal income tax positions LINN takes may adversely affect the market for LINN's units, and the cost of an IRS contest will reduce LINN's cash available for distribution to its unitholders.

The IRS may adopt tax positions that differ from the positions LINN takes. It may be necessary to resort to administrative or court proceedings to sustain some or all of the positions LINN takes. A court may not agree with some or all of the positions LINN takes. Any contest with the IRS may materially and adversely impact the market for LINN's units and the price at which they trade.

Record Date

The close of business on May 13, 2013 has been fixed as the record date for determining the Berry stockholders entitled to receive notice of and to vote at the Berry special meeting. At that time, approximately _____ shares of Berry common stock were outstanding and held by approximately _____ holders of record.

Attending the Berry Special Meeting

All holders of Berry common stock, including stockholders of record and stockholders who hold their shares through banks, brokers, nominees or any other holder of record, are invited to attend the Berry special meeting. Stockholders of record can vote in person at the Berry special meeting. If you are not a stockholder of record, you must obtain a proxy executed in your favor from the record holder of your shares, such as a broker, bank or other nominee, to be able to vote in person at the Berry special meeting. If you plan to attend the Berry special meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership and you must bring a form of personal photo identification with you in order to be admitted. Berry reserves the right to refuse admittance to anyone without both proper proof of share ownership and proper photo identification.

Berry Proposal No. 1 The Berry Merger Proposal

Berry stockholders are being asked to approve a proposal to adopt the merger agreement, and approve the merger and the other transactions contemplated by the merger agreement.

The approval of a majority of the votes entitled to be cast by all outstanding shares of Berry common stock entitled to vote is required to approve the Berry Merger Proposal. The required vote is based on the number of outstanding shares not the number of shares actually voted. The failure of any Berry stockholder to submit a vote and any abstention from voting by a Berry stockholder will have the same effect as a vote against the Berry Merger Proposal. Likewise, broker non-votes will have the same effect as voting against the Berry Merger Proposal. Broker non-votes occur when a beneficial owner holding shares in _____ street name does not instruct the broker, bank, trustee or other nominee that is the record owner of such stockholder's shares on how to vote those shares on a particular proposal, and the broker, bank, trustee or other nominee does not have discretionary voting power with respect to such proposal. In this case, brokers, banks, trustees and other nominees do not have discretionary authority to vote on this proposal, because this proposal is not routine. Consequently, the failure of a beneficial owner to provide voting instructions to its broker, bank, trustee or other nominee will have the same effect as a vote against this proposal.

The Berry board of directors has unanimously (i) determined that the merger agreement, the merger and the other transactions contemplated by the merger agreement are advisable, fair and reasonable to and in the best interests of Berry and its stockholders, and (ii) approved and adopted the merger agreement and approved the merger and the other transactions contemplated by the merger agreement. The Berry board of directors recommends that the Berry stockholders vote **FOR** the Berry Merger Proposal.

The Berry board of directors urges you to read the entire joint proxy statement/prospectus carefully, including the merger agreement, attached as Annex A to this joint proxy statement/prospectus, and any other

annexes or documents incorporated by reference into this joint proxy statement/prospectus. For more information about the merger, see [The Merger](#) and [The Merger Agreement](#) below.

Berry Proposal No. 2 Berry Advisory Compensation Proposal

Berry is requesting the Berry stockholders' approval, on an advisory (non-binding) basis, of specified compensation that may be payable to the Berry named executive officers in connection with the merger and therefore is asking stockholders to adopt the following resolution:

RESOLVED, that the compensation that may be paid or become payable to Berry's named executive officers in connection with the merger, as disclosed in the table in the section of the proxy statement entitled [The Merger](#) [Interests of Berry's Directors and Executive Officers in the Merger](#) including the associated narrative discussion, and the agreements and plans pursuant to which such compensation may be paid or become payable, are hereby APPROVED.

The advisory vote on specified compensation payable in connection with the merger is a vote separate and apart from the vote to adopt the merger agreement, and approval of such specified compensation is not a condition to completion of the merger. Accordingly, stockholders may vote to approve this proposal regarding specified compensation that may be received by Berry's named executive officers in connection with the merger and vote not to adopt the merger agreement and vice versa. Because the vote is advisory in nature only, it will not be binding on either Berry or LinnCo. Accordingly, to the extent Berry or LinnCo is contractually obligated to pay the compensation, the compensation will be payable to the named executive officers, subject only to the conditions applicable thereto, if the merger agreement is approved and adopted and the merger completed, regardless of the outcome of the advisory vote.

The affirmative vote of a majority of votes cast by Berry common stockholders entitled to vote is required to approve the Berry Advisory Compensation Proposal. The required vote is based on the number of votes cast not the number of outstanding shares. Broker non-votes and abstentions will not be included in the vote totals and therefore will not have an effect on the proposal.

The Berry board of directors unanimously recommends a vote **FOR** the Berry Advisory Compensation Proposal.

Berry Proposal No. 3 Berry Adjournment Proposal

Berry stockholders are being asked to approve a proposal that will give Berry authority to adjourn the Berry special meeting for the purpose of soliciting additional proxies in favor of the Berry Merger Proposal if there are not sufficient votes at the time of the Berry special meeting to approve such proposal. If the Berry Adjournment Proposal is approved, the Berry special meeting could be adjourned to any date; provided that, under the terms of the merger agreement, the adjournment may not be to a date more than 20 days after the date the Berry special meeting was originally scheduled without the consent of LinnCo (other than adjournments or postponements required by applicable law). If the Berry special meeting is adjourned, Berry stockholders who have already submitted their proxies will be able to revoke them at any time prior to their use. If you return a proxy and do not indicate how you wish to vote on any proposal, or if you indicate that you wish to vote in favor of the Berry Merger Proposal but do not indicate a choice on the Berry Adjournment Proposal, your shares will be voted in favor of the Berry Adjournment Proposal. If you indicate that you wish to vote against the Berry Merger Proposal, your shares will only be voted in favor of the Berry Adjournment Proposal if you indicate that you wish to vote in favor of that proposal.

The affirmative vote of a majority of votes cast by Berry common stockholders entitled to vote is required to approve the Berry Adjournment Proposal. The required vote is based on the number of votes cast not the number of outstanding shares. Broker non-votes and abstentions will not be included in the vote totals and therefore will not have an effect on the proposal.

The Berry board of directors unanimously recommends a vote **FOR** the Berry Adjournment Proposal.

Even if you plan to attend the LinnCo annual meeting, LinnCo encourages you to complete, sign and return your proxy card in advance of the LinnCo annual meeting. If you plan to attend the LinnCo annual meeting and wish to vote in person, we will give you a ballot at the meeting. However, please note that if your common shares are held in street name (in the name of a broker or by a bank or other nominee), you are considered the beneficial owner of these shares and proxy materials are being forwarded to you by your broker or nominee, which is considered, with respect to these shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote; however, since you are not the shareholder of record, you may not vote these shares in person at the LinnCo annual meeting unless you obtain a legal proxy from your brokerage firm. Please mail your completed, signed and dated proxy card in the enclosed postage-paid return envelope as soon as possible so that your shares may be represented at the LinnCo annual meeting.

You may revoke your proxy before it is voted at the LinnCo annual meeting as follows: (i) by delivering, before or at the LinnCo annual meeting, a new proxy with a later date; (ii) by delivering, on or before the business day prior to the LinnCo annual meeting, a notice of revocation to LinnCo's Corporate Secretary at the address set forth in the notice of the LinnCo annual meeting; (iii) by attending the LinnCo annual meeting in person and voting, although your attendance at the LinnCo annual meeting, without actually voting, will not by itself revoke a previously granted proxy; or (iv) if you have instructed a broker to vote your shares, you must follow the directions received from your broker to change those instructions.

All shares represented by valid proxies that LinnCo receives through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card. If you make no specification on your proxy card as to how you want your shares voted before signing and returning it, your proxy will be voted:

Merger-Related Proposals

LinnCo Proposal No. 1 LinnCo Share Issuance Proposal

If the merger is consummated pursuant to the merger agreement, each share of Berry common stock will be converted into 1.25 LinnCo common shares, which we refer to as the exchange ratio, equivalent to total consideration of \$46.2375 per share of HoldCo common stock, based on the closing price of LinnCo common shares on February 20, 2013, the last trading day before public announcement of the proposed transactions. Based on the closing price of LinnCo common shares on the NASDAQ of \$ on , 2013, the latest practicable date before the date of this joint proxy statement/prospectus, the exchange ratio represented approximately \$ in LinnCo common shares for each share of Berry common stock.

Under NASDAQ Marketplace Rule 5635(a)(1), a company listed on the NASDAQ is required to obtain stockholder approval prior to the issuance of common stock, or of securities convertible into or exercisable for common stock, in any transaction or series of related transactions if the number of shares of common stock to be issued is, or will be upon issuance, equal to or in excess of twenty percent (20%) of the number of shares of common stock outstanding or twenty percent (20%) or more of the voting power before the issuance of the common stock or of securities convertible into or exercisable for common stock. If the merger is completed pursuant to the merger agreement, we estimate that LinnCo will issue or reserve for issuance approximately LinnCo common shares in connection with the merger. On an as-converted basis, the aggregate number of LinnCo common shares that LinnCo will issue in the merger will exceed twenty percent (20%) of LinnCo common shares outstanding before such issuance, and for this reason LinnCo must obtain the approval of LinnCo shareholders for the issuance of the LinnCo common shares to the Berry stockholders pursuant to the merger agreement.

In the event this proposal is not approved by the LinnCo shareholders, the merger cannot be consummated. In the event this proposal is approved by the LinnCo shareholders, but the merger agreement is terminated (without the merger being completed) prior to the issuance of LinnCo common shares to the Berry stockholders pursuant to the merger agreement, LinnCo will not issue the LinnCo common shares.

The affirmative vote of a majority of votes cast by holders of LinnCo common shares entitled to vote at a meeting at which a quorum is present is required to approve the LinnCo Share Issuance Proposal. The required vote is based on the number of votes cast not the number of outstanding shares. Broker non-votes and abstentions will not be included in the vote totals and therefore will not have an effect on the proposal.

The LinnCo board of directors unanimously recommends that LinnCo shareholders vote FOR the LinnCo Share Issuance Proposal.

LinnCo Proposal No. 2 LinnCo LLC Agreement Amendment Proposal

In connection with the merger, LinnCo common shareholders are being asked to approve an amendment to the limited liability company agreement of LinnCo. A copy of the amendment to the limited liability company agreement is attached as Annex C to this joint proxy statement/prospectus and incorporated by reference herein. Such amendments are being made in order to, among other things, (1) permit LinnCo to acquire more than one LINN unit for each LinnCo common share that it issues in connection with an offering, (2) provide that the contribution by LinnCo to LINN of assets that LinnCo receives in such offering shall not constitute a sale, exchange or other disposition of all or substantially all of LinnCo's assets for purposes of the LinnCo shareholder approval requirement under the limited liability company agreement, and (3) expand the purpose and nature of the business permitted to be conducted by LinnCo.

Each change to the LinnCo LLC Agreement to be voted on in the LinnCo LLC Agreement Amendment Proposal was separately negotiated and bargained for by Berry, and the adoption of all such changes by the

Table of Contents

LinnCo shareholders is a condition to the merger. If approved by the LinnCo shareholders, the amendments to the LinnCo LLC agreement will apply not only to the transactions described in this joint proxy statement/prospectus, but also to any other offering and sale of LinnCo common shares in the future, including an offering of LinnCo common shares in connection with a future acquisition by LinnCo and the subsequent use of the properties or other assets received in such acquisition as consideration for LINN units in accordance with the amended Section 5.1(b) of the limited liability company agreement relating to the issuance of additional securities. Accordingly, while these amendments are required to permit the transactions described in this joint proxy statement/prospectus, LinnCo may rely on these amendments to engage in acquisition transactions in the future on which you may not be entitled to vote.

Issuance of Additional Securities

The limited liability company agreement currently provides that the number of outstanding LinnCo common shares at all times must equal the number of LINN units that LinnCo owns. In connection with any future offering of LinnCo shares, LINN agrees to sell to LinnCo a number of LINN units equal to the number of shares sold in such offering for an amount equal to the net proceeds of such offering. In addition, if LinnCo makes any award of common or derivative securities in connection with any employee benefit plan, LINN will sell to LinnCo, upon the earlier of the issuance of such common shares or the exercise or vesting of such derivative shares, an equal number of LINN units for the same consideration, if any, that LinnCo receives from the award recipient.

The amendment to the limited liability company agreement will provide that (1) in any offering of LinnCo common shares (including an issuance of LinnCo common shares as consideration for any acquisition by LinnCo), the LinnCo board of directors may elect to purchase from LINN a greater number of LINN units than the number of LinnCo common shares sold in such offering and LINN will issue to LinnCo a number of LINN units equal to or greater than the number of LinnCo common shares sold, (2) the consideration to be paid by LinnCo for the LINN units purchased in such offering must be equal to or less than the proceeds received by LinnCo, (3) if LinnCo makes any award of common shares or derivative shares in connection with any employee benefit plan, LINN will sell to LinnCo, upon the earlier of the issuance of such common shares or the exercise or vesting of such derivative shares, an equal or greater number of LINN units for the same consideration, if any, that LinnCo receives from the award recipient and (4) proceeds from an offering of LinnCo common shares will mean the net cash proceeds, after deducting underwriting discounts and commissions and any structuring fee, received by LinnCo in such offering, plus properties or assets received by LinnCo in such offering.

Purpose and Nature of the Business

The limited liability company agreement currently provides that the purpose and nature of LinnCo's business is (i) to acquire, hold, transfer or otherwise dispose of, LINN units and any cash or other securities or property distributed to LinnCo in connection with its ownership of LINN units, (ii) to exercise all rights and powers conferred on LinnCo as a holder of LINN units and (iii) to take any other action permitted by the limited liability company agreement. The amendment to the limited liability company provides that in addition to clauses (i) and (ii) above, LinnCo may take any other action permitted by the LinnCo board of directors.

Management and Operation of Business

The limited liability company agreement currently provides that except in compliance with the provisions of the limited liability company agreement related to dissolution and liquidation, mergers and restrictive covenants, LinnCo is not permitted to sell, exchange or otherwise dispose of all or substantially all of its assets without prior approval of a majority of the outstanding voting shares and a majority of the outstanding common shares, voting as separate classes. The amendment to the limited liability company agreement provides that such restrictions on sales of all or substantially all of LinnCo's assets will not restrict any of the transactions described under Issuance of Additional Securities above.

Table of Contents

Dissolution

The limited liability company agreement currently provides that LinnCo will dissolve and be wound up upon, among other events, the sale, exchange or other disposition of all or substantially all of the assets and properties of LinnCo, other than in connection with a merger. The amendment to the limited liability company agreement provides that in addition to the exception to dissolution for a merger, the issuance of LinnCo common shares and the purchase of LINN units in any of the transactions described under "Issuance of Additional Securities" above will not be an event causing LinnCo to dissolve and be wound up.

Covenants

The limited liability company agreement currently provides that LinnCo may not take certain actions, other than in connection with any of those transactions involving (i) a merger of LINN, (ii) a tender offer for all LINN units, (iii) a sale or all or substantially all of LINN's assets or (iv) a cessation of LINN being treated as a partnership for U.S. federal income tax purposes (a "Terminal Transaction") or with the affirmative vote of a majority of the outstanding voting shares and a majority of the outstanding common shares, voting as separate classes. The amendment to the limited liability company agreement amends the actions that LinnCo is prohibited from taking to provide that the restriction on the sale, pledge or transfer of LINN units does not include a restriction on the issuance of LinnCo common shares and the purchase of LINN units in any of the transactions described under "Issuance of Additional Securities" above.

Required Vote

The affirmative vote of a majority of the outstanding voting shares and a majority of the outstanding LinnCo common shares, voting as separate classes, is required to approve the LinnCo LLC Agreement Amendment Proposal. The required vote is based on the number of outstanding shares, not the number of shares actually voted. LINN holds the sole outstanding voting share of LinnCo and has approved the amendment to the limited liability company agreement; therefore, this joint proxy statement/prospectus is being delivered to solicit approval of the amendment to the limited liability company agreement by a majority of the outstanding LinnCo common shares. The approval of this proposal by the LinnCo common shareholders is a condition to the closing of the merger. In the event this proposal is not approved by the LinnCo shareholders, the merger cannot be consummated. In the event this proposal is approved by the LinnCo shareholders, but the merger agreement is not consummated, the amendment to the limited liability company agreement will not be effective.

Any abstention from voting by a LinnCo shareholder will have the same effect as a vote against such proposal. Likewise, broker non-votes will have the same effect as voting against this proposal. In this case, brokers, banks, trustees and other nominees do not have discretionary authority to vote on this proposal, because this proposal is not routine. Consequently, the failure of a beneficial owner to provide voting instructions to its broker, bank, trustee or other nominee will have the same effect as a vote against this proposal.

The LinnCo board of directors unanimously recommends that LinnCo shareholders vote FOR the LinnCo LLC Agreement Amendment Proposal.

General Proposals

LinnCo Proposal No. 8 Ratification of the Selection of KPMG LLP as Independent Public Accountant for LinnCo for 2013

The audit committee of the LinnCo board of directors (the LinnCo Audit Committee) has selected KPMG LLP to continue as its independent public accountant for 2013. KPMG LLP has served as LinnCo s independent public accountant since 2012. The LinnCo Audit Committee has determined to submit KPMG LLP s selection to shareholders for ratification. Shareholder ratification of the selection of KPMG LLP as independent public accountant for LinnCo for 2013 is not required by LinnCo s limited liability company agreement. LinnCo is submitting the selection of KPMG LLP to shareholders for ratification as a matter of good corporate practice. If this selection of independent public accountant is not ratified by the affirmative vote of a majority of votes cast by holders of LinnCo common shares entitled to vote at a meeting at which a quorum is present, the LinnCo Audit Committee will reconsider its selection of independent public accountant. LinnCo has been advised that no member of KPMG LLP has any direct or material indirect financial interest in the company or, during the past three years, has had any connection with LinnCo in the capacity of promoter, underwriter, voting trustee, director, officer or employee. A representative of KPMG LLP will attend the LinnCo annual meeting. The representative will have the opportunity to make a statement if he desires to do so and to respond to appropriate questions.

Audit Fees

The fees for professional services rendered by KPMG LLP for the audit of LinnCo s annual financial statements for the fiscal year ended December 31, 2012, and the reviews of the financial statements included in any of LinnCo s Quarterly Reports on Forms 10-Q for that fiscal year were approximately \$325,000.

Audit-Related Fees

KPMG LLP also received fees for services in connection with the LinnCo IPO. These fees totaled approximately \$225,000 for the year ended December 31, 2012.

Tax Fees

LinnCo incurred no fees in the fiscal year ended December 31, 2012 for tax-related services provided by KPMG LLP.

All Other Fees

LinnCo incurred no other fees in the fiscal year ended December 31, 2012 for any other services provided by KPMG LLP.

Table of Contents

LinnCo Audit Committee Approval of Audit and Non-Audit Services

The LinnCo Audit Committee pre-approves all audit and non-audit services to be provided to LinnCo by its independent public accountant in the upcoming year at the last meeting of each calendar year and at subsequent meetings as necessary. The non-audit services to be provided are specified and may not exceed a specified dollar limit. During the course of a fiscal year, if additional non-audit services are identified, these services are presented to the LinnCo Audit Committee for pre-approval.

Under LinnCo's limited liability company agreement, shareholder ratification of the selection of KPMG LLP as its independent public accountant for 2013 is not required. However, in the event it elects to submit such ratification for shareholder approval, as it has done here, this approval would require the affirmative vote of a majority of votes cast by holders of LinnCo common shares entitled to vote at a meeting at which a quorum is present. The required vote is based on the number of votes cast not the number of outstanding shares. Your broker may vote in its discretion on this proposal. Broker non-votes and abstentions will not be included in the vote totals and therefore will not have an effect on the proposal.

In the event of a negative vote on such ratification, the LinnCo Audit Committee will reconsider its selection. Even if the selection is ratified, the LinnCo Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the LinnCo Audit Committee believes that such a change would be in the best interest of LinnCo and its shareholders.

The LinnCo board of directors unanimously recommends a vote FOR the ratification of the selection of KPMG LLP as independent public accountant for LinnCo for 2013.

LinnCo Proposal No. 9 LinnCo Adjournment Proposal

LinnCo shareholders are being asked to approve a proposal that will give LinnCo authority to adjourn the LinnCo annual meeting for the purpose of soliciting additional proxies, if necessary or appropriate, in favor of all of the proposals voted on by LinnCo shareholders at the LinnCo annual meeting. If this adjournment proposal is approved, the LinnCo annual meeting could be adjourned to any date; provided that, under the terms of the merger agreement, the adjournment may not be to a day more than 20 days after the date the LinnCo annual meeting was originally scheduled. If the LinnCo annual meeting is adjourned, LinnCo shareholders who have already submitted their proxies will be able to revoke them at any time prior to their use.

The affirmative vote of a majority of votes cast by holders of LinnCo common shares entitled to vote at the LinnCo annual meeting, whether or not a quorum exists, is required to approve the LinnCo Adjournment Proposal. The required vote is based on the number of votes cast not the number of outstanding shares. Broker non-votes and abstentions will not be included in the vote totals and therefore will not have an effect on the proposal.

The LinnCo board of directors unanimously recommends a vote FOR the LinnCo Adjournment Proposal.

You may revoke your proxy before it is voted at the LINN annual meeting as follows: (i) by delivering, before or at the LINN annual meeting, a new proxy with a later date; (ii) by delivering, on or before the business day prior to the LINN annual meeting, a notice of revocation to LINN's Corporate Secretary at the address set

forth in the notice of the LINN annual meeting; (iii) by attending the LINN annual meeting in person and voting, although your attendance at the LINN annual meeting, without actually voting, will not by itself revoke a previously granted proxy; or (iv) if you have instructed a broker to vote your units, you must follow the directions received from your broker to change those instructions.

All units represented by valid proxies that LINN receives through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card. If you make no specification on your proxy card as to how you want your units voted before signing and returning it, your proxy will be voted:

FOR the election of each of the six nominees for the LINN board of directors,

FOR the ratification of the selection of KPMG LLP as independent public accountant for LINN for 2013,

FOR the LINN Unit Issuance Proposal,

FOR the LTIP Amendment Proposal, and

FOR the LINN Adjournment Proposal.

Solicitation of Proxies

LINN will bear its own costs and expenses incurred in connection with the filing, printing and mailing of this joint proxy statement/prospectus and the retention of any information agent or other service provider in connection with the merger. This proxy solicitation is being made by LINN on behalf of the LINN board of directors. LINN has hired Laurel Hill Advisory Group, LLC to assist in the solicitation of proxies. In addition to this mailing, proxies may be solicited by directors, officers or employees of LINN or its affiliates in person or by telephone or electronic transmission. None of the directors, officers or employees will be directly compensated for such services.

Record Date

The close of business on May 13, 2013 has been fixed as the record date for determining the LINN unitholders entitled to receive notice of and to vote at the LINN annual meeting. As of the record date, there were outstanding units entitled to vote at the LINN annual meeting.

LINN Proposal No. 1 Election of LINN Directors

Members of the LINN board of directors are elected each year at the LINN annual meeting of unitholders. All six of its current board of director members have been nominated to stand for reelection at the LINN annual meeting. LINN encourages its director nominees to attend its annual meetings to provide an opportunity for unitholders to communicate directly with directors about issues affecting the company. LINN anticipates that all director nominees will attend the LINN annual meeting. In 2012, all the current directors attended the LINN annual meeting except Mr. Dunlap, who joined the LINN board of directors after the 2012 annual meeting.

At the LINN annual meeting, LINN's unitholders will consider and act upon a proposal to elect six directors to its board of directors to serve until the 2014 LINN annual meeting of unitholders. Each of the nominees has consented to serve as a director if so elected. Each nominee who is elected to the LINN board of directors will serve in such capacity until his term expires or his successor has been duly elected and qualified or, if earlier, until such director dies, resigns or is removed. The persons named as proxies in the accompanying proxy card, who have been designated by the LINN board of directors, intend to vote **FOR** the election of each of the director nominees unless otherwise instructed by a unitholder in a proxy card. If any of these nominees becomes unable for any reason to stand for election as a director, the persons named as proxies in the accompanying proxy card will vote for the election of such other person or persons as the LINN board of directors recommends and

Table of Contents

proposes to replace such nominee or nominees, or the size of the board may be reduced accordingly; however, the LINN board of directors is not aware of any circumstances likely to render any nominee unavailable.

Information concerning the six director nominees is set forth under [Additional Information About Linn Energy, LLC Management](#).

Qualifications of Director Nominees

In making its recommendation to nominate the current directors for reelection, the Nominating and Governance Committee of the LINN board of directors (the [Nominating Committee](#)) determined that each of George A. Alcorn, David D. Dunlap, Mark E. Ellis, Michael C. Linn, Joseph P. McCoy and Jeffrey C. Swoveland, possess the following qualifications:

Required Vote

LINN's limited liability company agreement provides for plurality voting in the election of directors, and directors will be elected by a plurality of the votes cast for a particular position. Each outstanding unit shall be entitled to one vote on all matters submitted to unitholders for approval and in the election of directors.

LINN has six nominees and six available board seats. Each properly executed proxy received in time for the LINN annual meeting will be voted as specified therein. The six nominees receiving the most votes cast at the LINN annual meeting will be elected to the LINN board of directors. Broker non-votes and abstentions will have no effect on this proposal.

The LINN board of directors unanimously recommends a vote FOR the election of the six nominees for the LINN board of directors.

LINN Proposal No. 2 Ratification of the Selection of KPMG LLP as Independent Public Accountant for 2013

Edgar Filing: LinnCo, LLC - Form S-4/A

The Audit Committee of the LINN board of directors (the LINN Audit Committee) has selected KPMG LLP to continue as its independent public accountant for 2013. KPMG LLP has served as LINN s independent public accountant since 2005. The LINN Audit Committee has determined to submit KPMG LLP s selection to unitholders for ratification. Unitholder ratification of the selection of KPMG LLP as independent public accountant for LINN for 2013 is not required by LINN s limited liability company agreement. LINN is submitting the selection of KPMG LLP to unitholders for ratification as a matter of good corporate practice. If

Table of Contents

this selection of independent public accountants is not ratified by the affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting at which a quorum is present, the LINN Audit Committee will reconsider its selection of independent public accountant. LINN has been advised that no member of KPMG LLP has any direct or material indirect financial interest in LINN or, during the past three years, has had any connection with LINN in the capacity of promoter, underwriter, voting trustee, director, officer or employee. A representative of KPMG LLP will attend LINN's annual meeting. The representative will have the opportunity to make a statement if he desires to do so and to respond to appropriate questions.

Audit Fees

The fees for professional services rendered by KPMG LLP for the audit of LINN's annual consolidated financial statements for each of the fiscal years ended December 31, 2011 and 2012, and the reviews of the financial statements included in any of LINN's Quarterly Reports on Forms 10-Q for each of those fiscal years were approximately \$1,300,000 and \$1,350,000, respectively.

Audit-Related Fees

KPMG LLP also received fees for services in connection with, and comfort letters for, LINN's senior notes offerings and equity offerings in 2011 and 2012 as well as an audit of LINN's 401(k) plan in 2011. These fees totaled approximately \$1,100,000 and \$730,000 for the years ended December 31, 2011 and 2012, respectively.

Tax Fees

LINN incurred no fees in the fiscal years ended December 31, 2011 and 2012 for tax-related services provided by KPMG LLP.

All Other Fees

LINN incurred no other fees in the fiscal years ended December 31, 2011 and 2012 for any other services provided by KPMG LLP.

LINN Audit Committee Approval of Audit and Non-Audit Services

The LINN Audit Committee pre-approves all audit and non-audit services to be provided to LINN by its independent public accountant in the upcoming year at the last meeting of each calendar year and at subsequent meetings as necessary. The non-audit services to be provided are specified and shall not exceed a specified dollar limit. During the course of a fiscal year, if additional non-audit services are identified, these services are presented to the LINN Audit Committee for pre-approval. All of the services covered under the caption "Audit-Related Fees" were approved by the LINN Audit Committee and none were provided under the *de minimis* exception of Section 10A of the Exchange Act.

Required Vote

Under LINN's limited liability company agreement, unitholder ratification of KPMG LLP as its independent public accountant for LINN for 2013 is not required. However, in the event it elects to submit such ratification for unitholder approval, as it has done here, this approval would require the affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting at which a quorum is present. The required vote is based on the number of votes cast—not the number of outstanding units. Your broker may vote in its discretion on this proposal. Broker non-votes and abstentions will not be included in the vote totals and therefore will not have an effect on the proposal.

Table of Contents

In the event of a negative vote on such ratification, the LINN Audit Committee will reconsider its selection. Even if the selection is ratified, the LINN Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the LINN Audit Committee believes that such a change would be in the best interest of LINN and its unitholders.

The LINN board of directors unanimously recommends a vote FOR the ratification of KPMG LLP as independent public accountant for LINN for 2013.

LINN Proposal No. 3 LINN Unit Issuance Proposal

LINN units are traded on the NASDAQ, and as a result under NASDAQ Marketplace Rule 5635(a)(2), LINN must seek unitholder approval with respect to issuances of its units when the securities to be issued are being issued in connection with the acquisition of securities of another company and any director, officer or 5% or greater unitholder of LINN has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in the company or assets to be acquired or in the consideration to be paid in the transaction and the issuance of LINN units would result in an increase in outstanding units of 5% or more. LinnCo holds greater than 5% of LINN units, and 100% of the interest in LinnCo Merger Sub. As of the record date, LINN had _____ units outstanding. The number of units (currently estimated to be approximately _____) to be issued by LINN to LinnCo in connection with the Contribution are currently expected to equal approximately _____% of outstanding LINN units on a pre-issuance basis, based on the number of units that LINN had outstanding as of the record date. As a result, unless LINN obtains the requisite unitholder approval, LINN's issuance of units in connection with the Contribution pursuant to the merger agreement would be deemed a violation by the NASDAQ.

In addition, Rule 5635(a)(1) requires unitholder approval with respect to issuances of units when the issuance would exceed 20% of the voting power, or 20% of the number, of the total units outstanding on a pre-transaction basis. Therefore, even if LinnCo was not previously a substantial unitholder of LINN units, the issuance of LINN units to LinnCo in connection with the Contribution would require unitholder approval because this issuance would equal approximately _____% of LINN outstanding units on a pre-issuance basis, based on the number of units that LINN had outstanding as of the record date. In the absence of unitholder approval, LINN's issuance would be a violation of this rule as well. After issuance of the LINN units to LinnCo in connection with the Contribution, LinnCo will own approximately _____% of the outstanding LINN units.

The Contribution Agreement

On February 20, 2013, LinnCo and LINN entered into the contribution agreement with respect to the issuance of LINN units to LinnCo in connection with the contribution by LinnCo of all of the outstanding limited liability company interests in LinnCo Merger Sub to LINN. A copy of the contribution agreement is attached as Annex B to this joint proxy statement/prospectus and incorporated by reference herein. The closing of the Contribution is expected to occur on the closing date of the merger. Under the contribution agreement, the number of LINN units to be issued to LinnCo in exchange for all of the limited liability company interests in LinnCo Merger Sub will be equal to the greater of (i) the aggregate number of LinnCo common shares issued in the LinnCo Merger and (ii) the number of LINN units required to cause LinnCo to own no less than one-third of all of the outstanding LINN units following the Contribution.

The contribution agreement contains representations, warranties and covenants of the parties customary for a transaction of this type. In addition, certain covenants under the contribution agreement require each party to use reasonable best efforts to cause the Contribution to be consummated, including filing the appropriate government and regulatory approvals. The closing of the Contribution is subject to certain negotiated conditions, including: the representations and warranties of both parties being true and correct in all material respects, the merger having been consummated, and all waiting periods applicable to the merger contemplated by the HSR Act, and the rules and regulations promulgated thereunder, having been expired or terminated. Satisfaction of the conditions to the consummation of the contribution is a condition to the closing of the merger.

Table of Contents

The contribution agreement provides that LinnCo will receive from LINN payments of \$6 million, or \$0.06 per unit, in each of 2013, 2014 and 2015 to reasonably compensate LinnCo for the anticipated actual increase in LinnCo's tax liability that results from the consummation of the transactions. In addition, the contribution agreement provides that in the event that, within seven years following the Contribution, LINN desires to effect a disposition of a material portion of the assets acquired in a manner that results in a material increase to the tax liability resulting from the allocation of income or gain pursuant to Section 704(c) of the Code (a Material Disposition Transaction), such Material Disposition Transaction would be approved by an independent committee appointed for such purpose by the LinnCo board of directors.

Required Vote

The approval of the LINN Unit Issuance Proposal requires the affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting at which a quorum is present. The required vote is based on the number of votes cast not the number of outstanding units. Broker non-votes and abstentions will not be included in the vote totals and therefore will not have an effect on the proposal.

The LINN board of directors unanimously recommends a vote FOR the LINN Unit Issuance Proposal.

LINN Proposal No. 4 LTIP Amendment Proposal

The compensation committee of the LINN board of directors (the LINN Compensation Committee) has approved an amendment to the LTIP, subject to unitholder approval. The LINN Compensation Committee believes that this amendment is necessary to continue to attract and retain high caliber individuals to serve as LINN's officers, directors and employees. If the amendment is approved, it will be effective as of the date of the LINN annual meeting. The proposed amended and restated LTIP (the LTIP Amendment), if approved, will increase the total number of LINN units authorized to be issued under the LTIP from 12,200,000 units to 21,000,000 units.

LINN believes the LTIP benefits its unitholders by aligning the incentives of LINN's employees and directors with those of LINN's unitholders and encouraging employees and directors to seek opportunities for greater unitholder returns. Moreover, the LTIP assists LINN in retaining and motivating excellent personnel and allows LINN to offer competitive compensation packages to attract new employees. LINN believes the LTIP's provisions are consistent with best practices in equity compensation and serve to protect unitholders' interests. These provisions include, among others:

Except in connection with a corporate transaction, terms of outstanding awards may not be amended to (1) reduce the exercise price of outstanding options or unit appreciation rights, or (2) cancel outstanding options or unit appreciation rights in exchange for cash, other awards or options or unit appreciation rights with an exercise price that is less than the exercise price of the original options or unit appreciation rights.

Units withheld to satisfy exercise prices or tax withholding obligations are not available for delivery pursuant to other awards and units underlying a unit appreciation right will not be available for future grant following unit-settled exercise of the unit appreciation right.

Full value awards with time-based vesting criteria must vest in not less than three years and full value awards with performance-based vesting criteria must vest in not less than one year; provided that (1) grants of phantom units to non-employee directors vest when that director dies or no longer serves as a director and (2) LINN may grant up to 5% of units underlying all outstanding awards as Unit Grants, which are vested on issuance, thus have no minimum vesting period.

Distribution equivalent rights (DERs) cannot be granted in tandem with options or unit appreciation rights.

Table of Contents

Adoption of the LTIP Amendment Proposal requires the affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at a meeting at which a quorum is present. The required vote is based on the number of votes cast not the number of outstanding units. Broker non-votes and abstentions will not affect the outcome of this proposal.

For a more complete description of the LTIP Amendment, please see Proposed Amendment to the LTIP below and a copy of the LTIP Amendment attached as Annex D to this joint proxy statement/prospectus and incorporated by reference herein. The statements made in this joint proxy statement/prospectus with respect to the LTIP Amendment should be read in conjunction with, and are qualified in their entirety by reference to, the full text of the LTIP, which is filed as an exhibit hereto.

Proposed Amendment and Restatement of the LTIP

At LINN's initial public offering in January 2006, LINN authorized 3,900,000 units to be issued under the LTIP. LINN's 2008 amendment to the LTIP increased the total number of units to be authorized by 8,300,000 units, to a total of 12,200,000 units. Since LINN's initial public offering, as of March 1, 2013, LINN has made awards of 5,366,238 options, 5,889,865 restricted units, 142,314 phantom units and 749,180 unit grants under the LTIP to its officers, independent directors and certain of its employees, which amounts are shown net of any awards that were canceled, forfeited, exercised, paid or otherwise terminated without the delivery of units and which were added back to the number of units available for awards under the LTIP where permitted by the terms of the LTIP. Accordingly, there is an insignificant number of units currently available for issuance with respect to awards under the LTIP. The LTIP Amendment proposes to amend the LTIP a second time to increase the total number of units authorized to be issued under the LTIP from 12,200,000 units to 21,000,000 units, which represents an incremental increase of 8,800,000 units.

Background for the Determination of Additional Units Authorized under the LTIP Amendment

In its determination to approve the LTIP Amendment, the LINN Compensation Committee reviewed an analysis prepared by ISS Corporate Services (ISS), which included an analysis of certain burn rate, dilution and overhang metrics, peer group market practices and trends, and the costs of the LTIP Amendment, including the estimated shareholder value transfer cost. Specifically, the LINN Compensation Committee considered that:

In 2012, 2011 and 2010, LINN granted equity awards representing a total of approximately 1,046,590, 1,110,502 and 695,254 units, respectively. LINN also granted 3,400,000 special incentive options in 2012. This level of equity awards represents a three-year average burn rate of 2.06% of LINN's fully diluted units outstanding.

LINN has substantially exhausted the unit limit as of January 2012. If the units available are not increased, LINN will have lost an important compensation tool aligned with unitholder interests to attract, motivate and retain highly qualified talent.

Based on historical usage, if the LTIP Amendment is approved, LINN estimates that the units reserved for issuance under the LTIP would be sufficient for approximately 3 to 4 years of awards, assuming LINN continues to grant awards consistent with historical usage and current practices, as reflected in its three-year average burn rate, and noting that future circumstances may require LINN to change its current equity grant practices. Based on the foregoing, LINN expects it would require an additional increase to the unit reserve under the LTIP in 2016 or 2017 (primarily dependent on the future price of LINN units, award levels/amounts and hiring activity during the next few years), noting again that the unit reserve under the LTIP could last for a longer or shorter period of time, depending on future equity grant practices, which LINN cannot predict with any degree of certainty at this time.

The total aggregate equity value of the additional authorized units being requested under the LTIP Amendment (above the units already available for issuance under the LTIP), based on the closing price for LINN's units on May 2, 2013 is approximately \$337.7 million. Based upon its analysis, ISS concluded that LINN's unitholder value transfer as a percentage of market capitalization was 5%,

Table of Contents

which was within an allowable range under the policies of unitholder proxy advisory services. For its analysis, ISS used a 200-day average stock price of \$38.88 to calculate market capitalization.

In light of the factors described above, and the fact that the ability to continue to grant equity compensation is vital to LINN's ability to continue to attract and retain employees in the competitive labor markets in which it competes, the LINN Compensation Committee has determined that the increase in the size of the unit reserve under the LTIP is reasonable and appropriate at this time. The LINN Compensation Committee will not create a subcommittee to evaluate the risks and benefits for issuing the additional authorized units requested.

Effects of Approval

If the LTIP Amendment Proposal is approved, then LINN will use the additional units under the LTIP to provide incentive to its officers, directors and employees for superior performance and to enhance LINN's ability to attract and retain the services of individuals essential for LINN's growth and profitability. The LTIP Amendment will be effective immediately upon the approval of LINN unitholders.

Effects of Failure to Approve

If the LTIP Amendment Proposal is not approved, LINN will be unable to award any grants under the LTIP beyond the current number of authorized units because the NASDAQ Marketplace Rules require unitholder approval of such increase in authorized units under an equity compensation plan. Current availability under the LTIP has been substantially exhausted, thus the Compensation Committee would be required to consider other alternatives not involving equity-based awards (such as additional cash bonuses) to help attract, retain and motivate new employees and key individuals who are currently LINN employees or who become employees as a result of any future acquisitions or hirings.

Additional information about the LTIP is set forth under Management Summary Description of the Linn Energy, LLC Long-Term Incentive Plan.

The LINN board of directors unanimously recommends a vote FOR the LTIP Amendment Proposal.

LINN Proposal No. 5 LINN Adjournment Proposal

LINN is asking its unitholders to approve a proposal that will give LINN authority to adjourn the LINN annual meeting to solicit additional proxies, if necessary or appropriate, in favor of all of the proposals voted on by LINN unitholders at the LINN annual meeting. If this adjournment proposal is approved, the LINN annual meeting could be adjourned to any date; provided that, under the terms of the merger agreement, the adjournment may not be to a day more than 20 days after the date the LINN annual meeting was originally scheduled without the consent of Berry (other than adjournments or postponements required by applicable law). If the LINN annual meeting is adjourned, LINN unitholders who have already submitted their proxies will be able to revoke them at any time prior to their use.

The affirmative vote of a majority of votes cast by holders of LINN units entitled to vote at the annual meeting, whether or not a quorum exists, is required to approve the LINN Adjournment Proposal. The required vote is based on the number of votes cast not the number of outstanding units. Abstentions and broker non-votes will not affect the outcome of this proposal.

The LINN board of directors unanimously recommends a vote FOR the LINN Adjournment Proposal.

THE MERGER

Effect of Merger

Berry, LinnCo and LINN have entered into the merger agreement, which provides that, upon the terms and subject to the conditions set forth in the merger agreement, LinnCo will acquire Berry, and contribute Berry to LINN in a multi-step transaction.

Berry has formed HoldCo and Bacchus Merger Sub for purposes of creating a holding company structure. In the first step, Bacchus Merger Sub will be merged with and into Berry (the **HoldCo Merger**), and the Berry stockholders will receive one share of HoldCo common stock for each share of Berry common stock they own, after which Berry will be a wholly owned subsidiary of HoldCo. Second, Berry will be converted from a Delaware corporation to a Delaware limited liability company (the **Conversion**). Set forth below is a diagram depicting the structure of the steps described above:

After the Conversion, HoldCo will be merged with and into LinnCo Merger Sub, with LinnCo Merger Sub surviving as a wholly owned subsidiary of LinnCo (the **LinnCo Merger**). Finally, LinnCo will contribute all of the outstanding membership interests in LinnCo Merger Sub to LINN (the **Contribution**) in exchange for newly issued LINN units (the **Issuance**), after which Berry will be an indirect wholly owned subsidiary of LINN. Set forth below is a diagram depicting the structure of the steps described above:

Table of Contents

We refer to the Holdco Merger, the Conversion, the LinnCo Merger, the Contribution and the Issuance together as the transactions. Set forth below is a diagram depicting the structure of the combined entity after the effect of the transactions described above:

Background of the Merger

The board of directors and management of each of Berry, LINN and, following its initial public offering in October 2012, LinnCo have periodically evaluated and considered a variety of financial and strategic opportunities as part of their strategy to maximize securityholder value.

As part of Berry's evaluation of financial and strategic opportunities, members of Berry management engaged in discussions during the summer of 2011 with members of management of an independent publicly traded oil and natural gas exploration and production company (which we refer to as Company A) regarding the possibility of an acquisition of Berry for stock in Company A and cash. On July 20, 2011, Berry and Company A executed a confidentiality agreement and exchanged information in connection with the evaluation of a potential transaction. Later that summer, following its review of this information, and taking into consideration changes in the stock prices of both companies, Berry determined that pursuing a transaction with Company A was no longer in the best interest of Berry and its stockholders, and the parties discontinued their discussions regarding a potential transaction.

In July 2012, members of Berry management engaged in discussions with members of management of another independent publicly traded oil and gas exploration and production company (which we refer to as Company B) regarding the possibility of a stock-for-stock merger in which neither company's stockholders would receive a meaningful premium to then current trading prices. On August 3, 2012, Berry and Company B executed a confidentiality agreement to facilitate the exchange of information in connection with the evaluation of a potential transaction. In October 2012, Company B indicated to Berry that it was no longer interested in pursuing discussions regarding a merger.

On December 17, 2012, on behalf of LinnCo and LINN, representatives of Citigroup contacted Robert F. Heinemann, President and Chief Executive Officer of Berry, to determine whether Mr. Heinemann would be willing to meet with Mark E. Ellis, Chairman, President and Chief Executive Officer of LINN and LinnCo, regarding a potential business combination transaction between Berry and LinnCo.

Table of Contents

On December 18, 2012, Mr. Heinemann met Mr. Ellis in Plano, Texas. At the meeting, Mr. Ellis explained that LinnCo and LINN were interested in pursuing an acquisition of Berry by means of a stock-for-stock merger between Berry and LinnCo. The companies did not discuss any other terms of such a transaction, including any potential exchange ratio. Mr. Ellis and Mr. Heinemann agreed to work toward executing a mutually agreeable confidentiality agreement in order to facilitate the exchange of information between the parties. At the conclusion of the meeting, Mr. Heinemann told Mr. Ellis that he would inform the chairman of the Berry board of directors of their discussion.

On January 2, 2013, Berry contacted Credit Suisse regarding the potential engagement of Credit Suisse as a financial advisor to Berry in connection with a potential transaction, including a potential merger with LinnCo.

On January 3, 2013, Berry and LINN executed a confidentiality agreement to facilitate the exchange of information in connection with the evaluation of a potential transaction, and following the execution of the confidentiality agreement, the parties began exchanging information.

On January 4, 2013, LINN engaged Latham & Watkins LLP (which we refer to as Latham & Watkins) as its legal advisor in connection with a potential transaction. Later that month, LinnCo engaged Citigroup as its financial advisor, and Berry engaged Credit Suisse as its financial advisor and Wachtell, Lipton, Rosen & Katz (which we refer to as Wachtell Lipton) as its legal advisor in connection with a potential transaction.

On January 14, 2013, Mr. Heinemann informed Martin H. Young, Jr., chairman of the Berry board of directors, of his conversation with Mr. Ellis regarding a potential business combination between Berry and LinnCo. Two days later, on January 16, 2013, the Berry board of directors held a telephonic conference at which Mr. Heinemann informed the other directors of his discussions with Mr. Ellis. After discussion, the Berry board of directors agreed that management should continue to pursue discussions with LinnCo and LINN regarding a potential transaction.

Following the meeting, from January 17 to 19, 2013, Berry, LinnCo and LINN continued to exchange financial information and other due diligence information regarding their respective companies and business plans.

On January 24, 2013, Mr. Ellis and LINN management presented to the LinnCo and LINN boards of directors, at a regularly scheduled meeting of the boards, a potential structure of a corporate acquisition and an overview of Mr. Ellis's discussions with Mr. Heinemann thus far. Following these meetings on the same day, Mr. Ellis contacted Mr. Heinemann to inform him that the LinnCo and LINN boards of directors had met and discussed the potential transaction, and that, although he was not yet authorized to make a proposal, LinnCo would likely propose a stock-for-stock merger that would provide Berry stockholders with a value of \$43 to \$44 per share based on the current LinnCo share price and would be tax-free to the Berry stockholders. Mr. Ellis informed Mr. Heinemann that the LinnCo and LINN boards of directors would meet again on January 29, 2013 and that Mr. Ellis would contact Mr. Heinemann on that date with a proposed exchange ratio.

On January 25, 2013, members of management of Berry, LinnCo and LINN and their respective financial and legal advisors held a conference call to discuss the potential structure and the related sequence of steps for the stock-for-stock merger between Berry and LinnCo, including a holding company merger between Berry and a newly formed subsidiary, to be followed by Berry's conversion into a limited liability company, in order to facilitate LinnCo's contribution of Berry to LINN following the merger in exchange for LINN units. The parties and their respective advisors also discussed the post-closing tax profile of LinnCo and LINN. LinnCo's advisors further explained that they expected that independent committees of directors at both LinnCo and LINN would be established to consider and review the Contribution.

Also, on January 25, 2013, the Berry board of directors held a telephonic conference at which Mr. Heinemann updated the other directors on the results of the conference call among Berry, LinnCo and LINN management and their respective advisors, as well as to inform them of the anticipated timing and next steps in the process.

On the morning of January 29, 2013, the LinnCo and LINN boards of directors held a joint special meeting at which management presented an overview of the Berry assets and the strategic rationale for the transaction. At the request of the LinnCo and LINN boards of directors, Latham & Watkins was also in attendance. Management then reviewed a financial model demonstrating the accretive nature of the transaction. The LinnCo and LINN boards of directors discussed with management a process by which each board would create a Conflicts Committee comprised of independent directors and the proposed duties of each of those Conflicts Committees. At this meeting, Mr. Ellis discussed the status of discussions with Mr. Heinemann regarding a potential business combination transaction between Berry and LinnCo. The LinnCo and LINN boards of directors authorized Mr. Ellis to propose a stock-for-stock merger between Berry and LinnCo in which each share of Berry common stock would be converted into between 1.10 and 1.15 LinnCo common shares. Mr. Ellis was not authorized by the boards of directors to proceed with a transaction with an exchange ratio above 1.15 LinnCo common shares for each share of Berry common stock without seeking further approval of both boards of directors.

On January 29, 2013, the Berry board of directors held a telephonic meeting. At the request of the Berry board of directors, representatives from Credit Suisse and Wachtell Lipton were also in attendance. At this meeting, Mr. Heinemann described his discussions with Mr. Ellis regarding a potential business combination transaction between Berry and LinnCo, and noted that he expected Mr. Ellis to call him later in the day to propose an exchange ratio for the transaction. Representatives of Credit Suisse then provided an overview of LinnCo and LINN and discussed some of the differences between corporations, master limited partnerships (MLPs) and limited liability companies (LLCs). Wachtell Lipton presented information regarding the board's fiduciary duties in considering any proposal. After discussion, the Berry board of directors agreed that management should continue to pursue discussions with LinnCo and LINN regarding a potential transaction.

On January 29, 2013, Mr. Ellis called Mr. Heinemann and informed him that LinnCo was prepared to move forward with a stock-for-stock merger between Berry and LinnCo in which each share of Berry common stock would be converted into 1.10 LinnCo common shares. Mr. Heinemann informed Mr. Ellis that he would discuss the proposal with the Berry board of directors.

On February 1, 2013, the Berry board of directors held a meeting in Houston, Texas. At the request of the Berry board of directors, representatives from Credit Suisse and Wachtell Lipton were also in attendance. At the meeting, Mr. Heinemann informed the Berry board of directors that Mr. Ellis had proposed an all-stock merger between Berry and LinnCo on the basis of an exchange ratio of 1.10 LinnCo common shares for each share of Berry common stock. Representatives from Credit Suisse discussed certain additional information and preliminary financial analyses with respect to LinnCo and LINN. The Berry board of directors, with the assistance of Berry management and Berry's legal and financial advisors, discussed various legal, financial and business implications of the potential transaction. The Berry board of directors, with the assistance of Berry management and its advisors, also reviewed certain aspects of the MLP sector, including its tax treatment. Members of Berry management, with the assistance of Berry's financial advisors, then reviewed the stand-alone business plans of Berry and potential benefits and risks of such business plan. Wachtell Lipton presented information regarding the board's fiduciary duties in considering the acquisition proposal. Following discussion, the Berry board of directors authorized Mr. Heinemann to continue discussions with Mr. Ellis regarding a potential acquisition of Berry by LinnCo, but directed management to seek increased consideration in order to maximize value to Berry stockholders. In addition, the Berry board of directors authorized Credit Suisse to privately contact certain other companies to determine whether they would be interested in a potential combination with Berry.

On February 2, 2013, Mr. Heinemann contacted Mr. Ellis to discuss the potential terms of an acquisition of Berry by LinnCo. Mr. Heinemann informed Mr. Ellis that the Berry board of directors had discussed the LinnCo proposal and concluded that the proposed exchange ratio of 1.10 was insufficient. Mr. Heinemann informed Mr. Ellis that he would be able to recommend a transaction at an exchange ratio of 1.275 LinnCo common shares for every share of Berry common stock. Mr. Ellis responded that an exchange ratio of 1.275 LinnCo common shares would not be acceptable.

On February 3, 2013, Mr. Ellis contacted Mr. Heinemann and proposed an exchange ratio of 1.15 LinnCo common shares for each share of Berry common stock. Mr. Heinemann expressed his view that such an exchange ratio would not be acceptable to the Berry board of directors and that an exchange ratio of 1.20 LinnCo common shares would more likely be acceptable. Following further discussion and negotiation, Mr. Ellis informed Mr. Heinemann that he was prepared to recommend to the LinnCo board of directors that LinnCo move forward with evaluation of a potential acquisition of Berry in a stock-for-stock merger on the basis of an exchange ratio of 1.19 LinnCo common shares for each share of Berry common stock. At the conclusion of the conversation, Mr. Heinemann informed Mr. Ellis that he would discuss the proposal with the Berry board of directors.

On February 4, 2013, the Berry board of directors held a telephonic meeting. At the request of the Berry board of directors, representatives from Credit Suisse and Wachtell Lipton were also in attendance. At the meeting, Mr. Heinemann informed the Berry board of directors that after discussion and negotiations and subject to the approval of the LinnCo board of directors, LinnCo was prepared to move forward with the proposed exchange ratio of 1.19 LinnCo common shares for each share of Berry common stock. During the meeting, representatives from Credit Suisse reviewed certain preliminary financial analyses with respect to a potential acquisition of Berry by LinnCo at an exchange ratio of 1.19 LinnCo common shares per share of Berry common stock. At the conclusion of the meeting, the Berry board of directors authorized Mr. Heinemann to continue discussions with Mr. Ellis regarding a potential acquisition of Berry by LinnCo on the basis of an exchange ratio of 1.19 LinnCo common shares per share of Berry common stock.

On February 4, 2013, at a joint special meeting of the LinnCo and LINN boards of directors, Mr. Ellis provided an update on his discussions with Mr. Heinemann and informed the boards of directors that he and Mr. Heinemann had discussed an exchange ratio of 1.19 LinnCo common shares per share of Berry common stock. Management presented the boards of directors with an updated financial model demonstrating the accretion of the transaction at the 1.19 exchange ratio. Following discussion, the LinnCo board of directors authorized Mr. Ellis to continue discussions with Mr. Heinemann regarding a potential acquisition of Berry by LinnCo on the basis of an exchange ratio of 1.19 LinnCo common shares per share of Berry common stock.

At the same meeting on February 4, 2013, the LinnCo and LINN boards of directors also approved an increase in the size of the LinnCo board of directors and recommended to LINN, as the sole holder of the share providing the right to appoint the LinnCo board of directors, the election of Linda M. Stephens to fill the vacancy. At a meeting immediately following the joint special meeting of the LinnCo and LINN boards of directors, LINN, as the sole holder of the share providing the right to appoint the LinnCo board of directors, voted to elect Linda M. Stephens to fill the vacancy on the LinnCo board of directors. Ms. Stephens was also subsequently added to the LINN board of directors by unanimous written consent upon recommendation of the Nominating and Governance Committee of the LINN board of directors. The LinnCo and LINN boards of directors also approved the formation of the LinnCo Conflicts Committee, comprised of Terence Jacobs and Linda Stephens, and the LINN Conflicts Committee, comprised of David Dunlap and Jeffrey Swoveland, respectively, for consideration of the contribution of Berry to LINN following the merger in exchange for LINN units and the post-closing tax profile of LinnCo and LINN. Each Conflicts Committee was granted the authority to engage such legal, financial and other advisors as it deemed necessary or appropriate.

Over the next week, the members of the LinnCo Conflicts Committee hired Locke Lord LLP (which we refer to as Locke Lord) as its legal advisor and Evercore as its financial advisor. In addition, the members of the LINN Conflicts Committee hired Akin Gump Strauss Hauer & Feld LLP (which we refer to as Akin Gump) as its legal advisor and Greenhill as its financial advisor.

Throughout February 2013, members of management of Berry and of LinnCo and LINN, with the assistance of their respective financial and legal advisors, held discussions and shared financial information as part of their evaluation of the other s businesses.

In addition, throughout February 2013, the LinnCo Conflicts Committee and its legal and financial advisors and the LINN Conflicts Committee and its legal and financial advisors, together with members of LINN

management and Latham & Watkins, held a number of discussions regarding the structure of the contribution of Berry to LINN following the merger, the deferred tax liability to be incurred by LinnCo if the merger was consummated and the number of LINN units to be issued to LinnCo in connection with the Contribution and Issuance.

On February 5 and 6, 2013, representatives of Credit Suisse contacted representatives of two large public oil and gas companies (which we refer to as Company C and Company D) to inquire whether either company would potentially be interested in engaging in a business combination transaction with Berry. As authorized and requested by the Berry board of directors, Credit Suisse indicated to each that Berry had received a proposal for a consensual transaction on terms reflecting a premium to the then-current market price of Berry common stock that was reasonably likely to result in a transaction being announced in the next two to three weeks. After several follow-up discussions, Company C indicated that, based upon its review of publicly available information with respect to Berry, its preliminary valuation of Berry would imply a transaction price per share of Berry common stock approximately equal to the then-current market price of Berry common stock. Company D indicated that the possibility of a transaction with Berry would be reviewed internally and requested certain maps showing Berry's properties, which were not available and consequently were not provided to Company D. Although representatives of Credit Suisse reiterated in several follow-up conversations with Company D that it was reasonably likely that a transaction would be announced shortly, Company D ultimately did not make an acquisition proposal to Berry.

On February 6, 2013, on behalf of LinnCo and LINN, Latham & Watkins sent a draft merger agreement to Wachtell Lipton, as counsel to Berry. After reviewing the draft merger agreement, Berry determined that there were several significant issues in the merger agreement, including that (1) Berry would be obligated to pay LinnCo a termination fee of up to 4% of the equity value of the transaction (plus an additional 1% of the equity value of the transaction for expense reimbursement) in the event that the merger agreement were terminated in certain circumstances, (2) Berry did not have a right to terminate the merger agreement in order to accept an unsolicited superior proposal, (3) Berry did not have a right to terminate the merger agreement if there were a material adverse effect on LinnCo or LINN, and (4) the LINN board of directors and the LinnCo board of directors had the right to change its recommendation for the transaction for any reason, without any requirement to pay any termination fee to Berry.

On February 6, 2013, LinnCo and LINN sent to Berry a list of document and information requests regarding Berry's business for its due diligence review.

On February 9, 2013, on behalf of Berry, Wachtell Lipton sent a revised draft of the merger agreement to Latham & Watkins, as counsel to LinnCo and LINN. The revised draft merger agreement reduced the total potential termination fee and expense reimbursement payment from the aggregate of 5% of the equity value of the transaction to 2.5% of the equity value of the transaction, and provided that LinnCo would be obligated to pay Berry this termination fee in the event that the merger agreement were terminated as a result of a change in recommendation for the transaction by either the LinnCo board of directors or the LINN board of directors. Wachtell's revised draft of the merger agreement also provided Berry with a right to terminate the merger agreement in order to accept a superior proposal. Furthermore, the revised draft permitted Berry to terminate the merger agreement if there were a material adverse effect on LinnCo or LINN.

On February 11, 2013, LinnCo, LINN, certain of their respective officers and directors, the LinnCo Conflicts Committee, the LINN Conflicts Committee, and each of their respective legal and financial advisors participated in a meeting at the offices of LinnCo and LINN. The meeting participants engaged in a detailed discussion regarding the contemplated structure and timeline for the proposed transaction.

On February 11, 2013, Latham & Watkins sent a revised draft of the merger agreement to Wachtell Lipton. As compared to LinnCo's original draft of the merger agreement, the revised draft merger agreement provided that Berry would be obligated to pay LinnCo a total termination fee and expense reimbursement of up to 4% of the equity value of the transaction, instead of up to 5% of the equity value of the transaction. It also provided that

LinnCo would be obligated to pay Berry the termination fee in the event that the merger agreement were terminated as a result of a change in recommendation for the transaction by either the LinnCo board of directors or the LINN board of directors. Furthermore, the revised draft permitted Berry to terminate the merger agreement if there were a material adverse effect on LinnCo or LINN. However, the revised draft of the merger agreement did not permit Berry to terminate the merger agreement in order to accept a superior proposal.

On February 12, 2013, representatives of management of each of Berry and of LinnCo and LINN, together with their respective financial advisors, met in Denver, Colorado. At that meeting, Berry management presented information regarding Berry to the management and advisors of LinnCo and LINN, and LinnCo and LINN management presented information regarding LinnCo and LINN to the management and advisors of Berry. Mr. Ellis and Mr. Heinemann met separately and discussed board and critical management structure. Mr. Heinemann proposed the appointment of two Berry directors to the LinnCo or LINN board of directors following the closing of the merger. Mr. Ellis agreed to consider one Berry director being appointed to the LinnCo or LINN board of directors. At the request of certain members of the Berry board of directors, Mr. Ellis subsequently spoke telephonically with one of such members about the rationale for the transaction and key integration issues.

During the period from February 14, 2013 through February 16, 2013, an equity analyst published a report and *Barron's* published an article questioning LINN's practices and its accounting relating to derivatives. On February 15, 2013, LINN published a response to such reports on its website and filed a current report on Form 8-K, explaining that its practices and accounting relating to these derivatives were accurate and appropriate.

On February 15, 2013, the Berry board of directors held a meeting in Denver. At the request of the Berry board of directors, representatives from Credit Suisse and Wachtell Lipton were also in attendance. During the meeting, representatives from Credit Suisse discussed Credit Suisse's updated preliminary financial analyses of the proposed transaction with LinnCo and LINN reflecting, among other things, changes in the stock prices of each of Berry, LinnCo and LINN since the commencement of discussions between the parties. Credit Suisse noted that the price of Berry common stock had increased, and the price of LinnCo common shares and LINN units had decreased, since the parties had initially discussed an exchange ratio of 1.19. Wachtell Lipton then updated the Berry board of directors on the status of the negotiations regarding the merger agreement. Following discussion, the Berry board of directors authorized Mr. Heinemann to further discuss with Mr. Ellis the proposed exchange ratio and to seek an increase in the proposed consideration to be paid to Berry stockholders. At this meeting, representatives of Credit Suisse updated the Berry board of directors regarding their discussions on behalf of the Berry board of directors with each of Company C and Company D, including the fact that, despite having previously informed Company C and Company D that Berry had received a friendly proposal at a premium that was reasonably likely to result in a transaction being announced in the next two to three weeks, neither had made a proposal to acquire Berry.

On February 15, 2013, following the Berry board of directors meeting, Mr. Heinemann and Mr. Ellis spoke telephonically. Mr. Heinemann informed Mr. Ellis that the Berry board of directors had concluded that the previously discussed exchange ratio of 1.19 LinnCo common shares per outstanding share of Berry common stock was no longer acceptable, and that Berry would require an increase in the exchange ratio in order to move forward with the proposed transaction.

During the weekend of February 16, 2013, representatives of management of each of Berry, LINN and LinnCo reviewed and discussed LINN's accounting practices relating to derivatives with representatives of each party's outside legal and financial advisors, as well as representatives of their respective independent public accounting firms. LINN management reviewed with Berry management and its advisors the various disclosures made by LINN in its Current Report on Form 8-K filed on February 15, 2013, which were intended to address the points made in the *Barron's* article and the equity analyst report pertaining to LINN's practices and accounting relating to derivatives. LINN explained to Berry management and its advisors that these points related to LINN's presentation of certain non-GAAP measures, including adjusted EBITDA, and not LINN's GAAP accounting.

LINN and Berry management noted the decrease in the LinnCo share price following the publication of the equity analyst report and the *Barron's* article but no changes to the merger agreement were discussed. During the week of February 18, 2013, research reports were published by Raymond James, Baird, UBS and Wells Fargo that were supportive of LINN and reaffirmed or reiterated each analyst's existing positive rating on LINN units.

Early during the week of February 18, 2013, representatives of Greenhill and Evercore met with members of Berry management to conduct financial due diligence regarding Berry.

On the evening of February 19, 2013, Mr. Ellis and Mr. Heinemann discussed the terms of the potential acquisition, including the exchange ratio, the termination fees to be paid by the parties in the event of a termination of the merger agreement under specified circumstances, whether the Berry board of directors would have the right to terminate the merger agreement if it received an unsolicited superior offer, how expenses and any gains and losses on hedging arrangements would be handled in the event of termination of the merger agreement and Berry's representation on the LinnCo or LINN board of directors. Mr. Ellis further explained that, subject to the approval of the LinnCo Conflicts Committee and the LINN Conflicts Committee, it was contemplated that LINN would pay to LinnCo an additional cash distributions of \$6 million for each of the three years following the closing of the transaction to reasonably compensate LinnCo for the actual increase in LinnCo's tax liability. During this discussion, Mr. Ellis proposed a revised exchange ratio of 1.23 LinnCo common shares per outstanding share of Berry common stock. In response to Mr. Heinemann's proposed 1.27 exchange ratio, Mr. Ellis ultimately increased his proposed exchange ratio to 1.25. Mr. Ellis and Mr. Heinemann further agreed that the merger agreement would provide that the Berry board of directors would maintain the right to terminate the merger agreement in order to accept an unsolicited superior offer, that the termination fee would be 3.25% of the equity value of the proposed transaction, that one member of the Berry board of directors would serve on either the LinnCo or LINN board of directors and for the allocation of hedging gains and losses in different circumstances if the merger agreement would later be terminated.

Later that evening, following further discussions between Mr. Heinemann and members of the Berry board of directors, Mr. Heinemann called Mr. Ellis and requested again that the exchange ratio be increased to 1.27 LinnCo common shares per outstanding share of Berry common stock. Mr. Ellis responded that LinnCo would not proceed with a transaction at an exchange ratio in excess of 1.25 LinnCo common shares per share of Berry common stock.

Following this discussion, and understanding that LinnCo would not proceed with an exchange ratio in excess of 1.25 LinnCo common shares, Mr. Heinemann called Mr. Ellis and informed him that he would recommend to the Berry board of directors a transaction at an exchange ratio of 1.25 LinnCo common shares per share of Berry common stock.

On February 19, 2013, Terence Jacobs and Linda Stephens, the members of the LinnCo Conflicts Committee, resigned from the LINN board of directors. In addition, David Dunlap and Jeffrey Swoveland, the members of the LINN Conflicts Committee, resigned from the LinnCo board of directors. The LinnCo Conflicts Committee and the LINN Conflicts Committee were formed to determine the fairness to LinnCo and LINN, respectively, of the Contribution Agreement, the contribution consideration and the Contribution. The LINN board of directors and the LinnCo board of directors determined that Mr. Jacobs and Ms. Stephens should resign from the LINN board of directors, and that Messrs. Dunlap and Swoveland should resign from the LinnCo board of directors to ensure the independence of the LinnCo Conflicts Committee from the LINN board of directors and the LINN Conflicts Committee from the LinnCo board of directors. The resignations of Mr. Jacobs and Ms. Stephens from the LINN board of directors and Messrs. Dunlap and Swoveland from the LinnCo board of directors created vacancies on each board of directors but did not have any other impact on the boards of directors of LinnCo or LINN or their ability to make a determination regarding the merger or the Contribution.

On February 19 and 20, 2013, the LinnCo Conflicts Committee and the LINN Conflicts Committee finalized discussions regarding the terms of the Contribution Agreement, including with respect to the number of

Table of Contents

LINN units to be issued to LinnCo and the payment to be made by LINN to LinnCo to reasonably compensate LinnCo for the actual increase in LinnCo's tax liability as well as a negotiated commitment that any proposed disposition of a material portion of the acquired assets in a manner that would result in a material increase to the tax liability of LinnCo would require approval of an independent committee of LinnCo for a period of seven years after the merger.

On February 19 and February 20, 2013, Latham & Watkins and Wachtell Lipton held a series of calls to resolve the remaining issues in the merger agreement, the disclosure schedules to the merger agreement and related agreements.

On February 20, 2013, the LinnCo Conflicts Committee had meetings at which the most recent terms of the merger agreement and Contribution Agreement were discussed. At the request of the LinnCo Conflicts Committee, Evercore and Locke Lord were present. Evercore gave its oral opinion that, as of February 20, 2013, the contribution consideration was fair, from a financial point of view, to LinnCo, taking into account the proposed transaction as a whole, including the deferred tax liability. The LinnCo Conflicts Committee then approved the Contribution Agreement, the contribution consideration and the Contribution and recommended that the LinnCo board of directors approve the Contribution Agreement, the contribution consideration and the Contribution.

On February 20, 2013, the LINN Conflicts Committee had a meeting at which the most recent terms of the merger agreement and Contribution Agreement were discussed. At the request of the LINN Conflicts Committee, Greenhill and Akin Gump were present. Greenhill gave its oral opinion to the LINN Conflicts Committee (which was subsequently confirmed in writing by delivery of Greenhill's written opinion addressed to the LINN Conflicts Committee dated the same day) that, as of February 20, 2013, and based upon and subject to the limitations and assumptions stated in its opinion, the proposed Contribution pursuant to the Contribution Agreement and the merger agreement was fair, from a financial point of view, to LINN. The LINN Conflicts Committee then approved the Contribution Agreement, the contribution consideration and the Contribution and recommended that the LINN board of directors approve the Contribution Agreement, the contribution consideration and the Contribution.

On February 20, 2013, the LinnCo board of directors and LINN board of directors held a joint special meeting. Representatives from Citigroup and Latham & Watkins were also in attendance. LinnCo management updated the boards of directors on discussions and negotiations between the parties since the prior meeting of the boards of directors and presented an updated financial model based on the agreed upon exchange ratio of 1.25 LinnCo common shares per share of Berry common stock. Mr. Ellis described his discussions with Mr. Heinemann and their proposed resolution of certain open issues in the merger agreement, including the exchange ratio, the termination fee, the right of the Berry board of directors to terminate the merger agreement if it were to receive an unsolicited superior offer, allocation of hedging gains and losses upon termination of the merger agreement under various circumstances and Berry representation on the LinnCo or LINN board of directors. Representatives from Latham & Watkins then described the terms of the draft merger agreement and Contribution Agreement, including that, as a result of the negotiations between the LinnCo Conflicts Committee and the LINN Conflicts Committee, LINN agreed that for three years following the closing of the transaction, it would pay to LinnCo additional cash distributions of \$6 million per year to reasonably compensate LinnCo for the actual increase in LinnCo's tax liability. At the request of the LinnCo and LINN boards of directors, representatives from Citigroup reviewed and discussed their financial analyses of Berry, LinnCo and LINN and the proposed transaction among the parties. Thereafter, at the request of the LinnCo board of directors, Citigroup rendered its oral opinion to the LinnCo board of directors (which was subsequently confirmed in writing by delivery of Citigroup's written opinion addressed to the LinnCo board of directors dated the same date) to the effect that, as of February 20, 2013 and based upon and subject to the matters described in its opinion, the exchange ratio provided for in the merger agreement, was fair, from a financial point of view, to LinnCo. The Conflicts Committee of each of LinnCo and LINN each then gave its recommendation that the Contribution Agreement be approved by the LinnCo and LINN boards of directors, respectively. After discussion and deliberation, the LinnCo board of directors determined that the merger agreement, the Contribution Agreement

and the transactions contemplated thereby were advisable, fair and reasonable to and in the best interests of LinnCo and its shareholders and authorized LinnCo management to execute the merger agreement and Contribution Agreement on behalf of LinnCo. In addition, the LINN board of directors determined that the merger agreement, the Contribution Agreement and the transactions contemplated thereby were advisable, fair and reasonable to and in the best interests of LINN and its unitholders and authorized LINN management to execute the merger agreement and Contribution Agreement on behalf of LINN.

Later that day, on February 20, 2013, the Berry board of directors held a telephonic meeting. At the request of the Berry board of directors, representatives from Credit Suisse and Wachtell Lipton were also in attendance. Berry management updated the Berry board of directors on discussions and negotiations between the parties since the prior meeting of the board. Mr. Heinemann described his discussions with Mr. Ellis and their proposed resolution of certain open issues in the merger agreement, including the exchange ratio, the termination fee and the right of the Berry board of directors to terminate the merger agreement if it were to receive an unsolicited superior offer. He further explained that, for each of the three years following the closing of the transaction, LINN would pay to LinnCo an additional cash distribution of \$6 million per year to reasonably compensate LinnCo for the actual increase in LinnCo's tax liability. Representatives from Wachtell Lipton then described the terms of the draft merger agreement. At the request of the Berry board of directors, representatives from Credit Suisse reviewed and discussed Credit Suisse's financial analyses of Berry, LinnCo and LINN and the proposed merger. Thereafter, at the request of the Berry board of directors, Credit Suisse rendered its oral opinion to the Berry board of directors (which was subsequently confirmed in writing by delivery of Credit Suisse's written opinion addressed to the Berry board of directors dated the same date) to the effect that, as of February 20, 2013 and based upon and subject to the assumptions, limitations, qualifications and other matters considered in the preparation of the opinion, the merger consideration to be received by the holders of Berry common stock collectively in the merger pursuant to the merger agreement was fair, from a financial point of view, to the holders of Berry common stock. For purposes of Credit Suisse's opinion, merger consideration was defined as the aggregate number of LinnCo common shares to be issued to holders of Berry common stock in the merger pursuant to the merger agreement. After discussion and deliberation, the Berry board of directors determined that the merger agreement and the transactions contemplated thereby were advisable, fair to and in the best interests of Berry and its stockholders and authorized management to execute the merger agreement on behalf of Berry.

Following the approval of the Berry board of directors, the LinnCo board of directors and the LINN board of directors, the management of Berry, LinnCo and LINN with their respective legal advisors finalized the last remaining open issues in accordance with instructions from their respective boards of directors, and the parties then entered into the merger agreement on February 20, 2013.

On February 21, 2013, Berry, LinnCo and LINN issued a joint press release announcing the execution of the merger agreement and the proposed transactions.

Berry's Reasons for the Merger; Recommendation of the Berry Board of Directors

The Berry board of directors unanimously determined that the merger agreement and the merger are advisable, fair and reasonable to and in the best interests of the Berry stockholders and approved the merger agreement and the transactions contemplated by the merger agreement. **The Berry board of directors unanimously recommends that the Berry stockholders vote FOR the adoption of the merger agreement and approval of the merger and the other transactions contemplated by the merger agreement.**

In evaluating the proposed merger, the Berry board of directors consulted with Berry's management and financial and legal advisors, and, in reaching its determination and recommendation, the Berry board of directors considered a number of factors. The following discussion of the information and factors considered by the Berry board of directors is not exhaustive, but includes the material factors considered by the board. In view of the wide variety of factors, both positive and negative, considered by the Berry board of directors, the board did not consider it practical to, nor did it attempt to, quantify, rank or otherwise seek to assign relative weights to the

Table of Contents

specific factors that it considered in reaching its determination that the merger agreement and the merger are advisable, fair and reasonable to and in the best interests of the Berry stockholders. Rather, the Berry board of directors viewed its determinations as being based upon the judgment of its members, in light of the totality of information presented and considered, including the knowledge of such directors of Berry's business, financial condition and prospects and the advice of financial and legal advisors. In considering the factors described above, individual members of the Berry board of directors may have given different weight to different factors and may have applied different analyses to each of the material factors considered.

Many of the factors considered favored the conclusion that the merger agreement and the transactions contemplated by the merger agreement are advisable, fair and reasonable to and in the best interests of Berry and its stockholders, including the following:

The aggregate value of the merger consideration to be received by the Berry stockholders in the merger, including that the consideration in the form of LinnCo common shares provides Berry stockholders with the opportunity to continue to participate in the performance of the combined company through ownership of LinnCo common shares.

Based on the closing price of LinnCo common shares on the NASDAQ of \$36.99 on February 20, 2013, the last trading day before the public announcement of the proposed transactions, the 1.25 exchange ratio represented approximately \$46.2375 in LinnCo common shares for each share of Berry common stock, which represented a premium of:

approximately 20% to the closing price of Berry common stock on the same date; and

approximately 26% to the average of the closing prices of Berry common stock over the 30 trading days prior to such date.

An analysis of the net asset value of Berry, including the risks and uncertainties and potential value to be derived from pursuing Berry's existing and planned development projects.

An analysis of the net asset value of LINN and the fact that LINN had become a large oil and natural gas producer with 2013 estimated daily production averaging 865 MMcfe per day.

The absence of alternative proposals following efforts by Berry, with the assistance of its financial advisor, to solicit proposals from other potential transaction counterparties.

The fact that LinnCo is required to distribute to the LinnCo shareholders all of the cash (other than cash required to satisfy its tax liabilities) that it receives from LINN as distributions within five business days after it receives such distributions, which is a source of increased cash flow to Berry stockholders who become shareholders in LinnCo, and that LINN agreed to pay LinnCo \$6 million in cash per year for the three years following the merger to reasonably compensate LinnCo for the actual increase in LinnCo's tax liability, which would increase the amount of cash available to distribute to holders of LinnCo common shares, including former Berry stockholders who received LinnCo common shares in the merger.

The fact that, based on LinnCo's stated expected annualized per share dividend of \$3.08 and the exchange ratio of 1.25 LinnCo common shares per share of Berry common stock, the implied yearly cash distribution per share of Berry common stock following the merger would be \$3.85 (as opposed to \$0.32 prior to the merger).

Edgar Filing: LinnCo, LLC - Form S-4/A

The fact that the merger is expected to qualify as a reorganization within the meaning of Section 368(a) of the Code.

The fact that the merger consideration consists of LinnCo common shares instead of LINN units, which certain institutional and retail investors may prefer not to hold due to K-1 tax return filing requirements and other administrative considerations associated with holding an interest in a master limited partnership.

The view of management and the Berry board of directors that the combination would result in meaningful growth to the combined company's asset portfolio, with increased geographic presence in California, the Permian Basin, east Texas, and the Rockies, and would increase the proportion of oil reserves and production of the combined company.

The view of management and the Berry board of directors that the larger combined company would have increased access to lower cost capital necessary to maximize Berry's asset base value and compete more effectively and could assume more readily any risk inherent in Berry's business.

The view of management and the Berry board of directors that Berry, LinnCo and LINN had similar core values and shared a dedication to pursuing new development projects to increase shareholder value, which would assist in the integration of the companies going forward.

Each party's familiarity with and understanding of the other party's business, assets, financial condition, results of operations, current business strategy and prospects, and the benefits to a combined organization of their respective exploration and production expertise.

The financial analysis reviewed and discussed with the Berry board of directors by representatives of Credit Suisse as well as the oral opinion of Credit Suisse rendered to the Berry board of directors on February 20, 2013 (which was subsequently confirmed in writing by delivery of Credit Suisse's written opinion addressed to the Berry board of directors dated the same date) with respect to the fairness, from a financial point of view, to the holders of Berry common stock of the merger consideration to be received by such holders collectively in the merger pursuant to the merger agreement (see Opinion of the Financial Advisor to Berry).

The potential synergies and other potential benefits from the application of LINN's existing tax attributes to Berry's cash flow and the potential benefits of LINN's agreement to pay LinnCo \$6 million per year for three years after the closing of the merger to reasonably compensate LinnCo for the actual increase in LinnCo's tax liability, neither of which was quantified in the financial analyses reviewed and discussed with the Berry board of directors by representatives of Credit Suisse.

The fact that Berry, LinnCo and LINN undertook extensive negotiations, resulting in increased merger consideration for the Berry stockholders and the revision of the original draft merger agreement to make the terms more favorable to Berry and its stockholders. The Berry board of directors also considered the following specific aspects of the proposed merger:

The nature of the closing conditions included in the merger agreement, including the definition of the circumstances that would constitute a material adverse effect on Berry, LinnCo and LINN for purposes of the agreement, as well as the likelihood of satisfaction of all conditions to the consummation of the transactions.

The requirement that approval of the LinnCo shareholders and the LINN unitholders be obtained as conditions to consummation of the merger.

The rights of Berry stockholders compared to the rights of LinnCo common shareholders (see Comparison of Securityholders Rights).

The right and ability of the Berry board of directors to consider and negotiate unsolicited alternative merger proposals, change its recommendation and, following payment of a termination fee to LinnCo, terminate the merger agreement in order to accept a superior proposal, subject to the terms and conditions set forth in the merger agreement.

That LinnCo is treated as a C-corporation for U.S. federal income tax purposes, as compared to LINN, which is treated as a partnership for U.S. federal income tax purposes.

That Berry stockholders are entitled to appraisal rights on their shares of Berry common stock under Delaware law.

Table of Contents

The Berry board of directors also considered a variety of risks and other potentially countervailing factors, including the following:

The fact that because the merger consideration is a fixed number of LinnCo common shares for each share of Berry common stock, fluctuations in the market value of LinnCo common shares during the pendency of the merger agreement may affect the dollar value of the consideration received by Berry stockholders (and any premium that such consideration represents to the Berry stock price) when the merger is completed, and the merger agreement does not provide Berry with a price-based termination right or other similar protection.

The fact that, while the merger is expected to be completed, there is no assurance that all conditions to the parties' obligations to complete the merger will be satisfied or waived, and as a result, it is possible that the merger might not be completed even if approved by Berry stockholders, and the potential impact on Berry's relationships with employees and third parties of any such failure to close.

The fact that the merger agreement contains restrictions on the conduct of Berry's business prior to completion of the proposed merger, including requiring Berry to conduct its business only in the ordinary course, subject to specific limitations, which could delay or prevent Berry from undertaking business opportunities that may arise pending completion of the merger.

The fact that the merger agreement imposes limitations on Berry's ability to solicit alternative transactions prior to closing and to terminate the merger agreement to accept a superior proposal.

The fact that, if the merger agreement is terminated under certain circumstances, Berry would be required to pay a termination fee of \$83.7 million to LinnCo.

The governance structure of LinnCo, including the fact that the holders of LinnCo common shares are not entitled to vote on the election of LinnCo's directors, although: (1) the LinnCo directors are selected by LINN, as the holder of the sole voting share of LinnCo, (2) the LINN directors are elected by a vote of the LINN unitholders, and (3) LinnCo is required to vote the LINN units that it holds on any matter submitted to a vote of LINN unitholders (including in any election of LINN directors) in the same manner as the LinnCo shareholders vote their LinnCo common shares on such matter.

The potential risk that the U.S. tax laws change in a manner that adversely affects the tax treatment of LinnCo or LINN.

The risks of the type and nature described under the section titled "Risk Factors."

The Berry board of directors believes that, overall, the potential benefits of the proposed transactions to Berry and its stockholders outweigh the risks considered by the Berry board of directors. The Berry board of directors understands that there can be no assurance of future results, including results considered or expected as described in the factors listed above. It should be noted that in this discussion of the reasoning of the Berry board of directors and all other information presented in this section includes information that is forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading "Cautionary Statement Regarding Forward-Looking Statements." Additionally, see "Certain Unaudited Prospective Financial and Operating Information" for information regarding the preparation of prospective financial information.

At a meeting held on February 20, 2013, after a review and discussion of the terms of the proposed transaction with the assistance of Berry's management and advisors, the Berry board of directors determined, by unanimous vote, that the merger agreement and the merger are advisable, fair and reasonable to and in the best interests of the Berry stockholders. The Berry board of directors recommends that the Berry stockholders vote:

FOR the Berry Merger Proposal;

FOR the Berry Advisory Compensation Proposal; and

FOR the Berry Adjournment Proposal.

Opinion of the Financial Advisor to Berry

On February 20, 2013, Credit Suisse rendered its oral opinion to the Berry board of directors (which was subsequently confirmed in writing by delivery of Credit Suisse's written opinion addressed to the Berry board of directors dated the same date) to the effect that, as of February 20, 2013, the merger consideration to be received by the holders of Berry common stock collectively in the merger pursuant to the merger agreement was fair, from a financial point of view, to such holders.

Credit Suisse's opinion was directed to the Berry board of directors (in its capacity as such) and only addressed the fairness, from a financial point of view, to the holders of Berry common stock of the merger consideration to be received by such holders collectively in the merger pursuant to the merger agreement and did not address any other aspect or implication of the merger. The summary of Credit Suisse's opinion in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of its written opinion, which is included as Annex E to this joint proxy statement/prospectus and sets forth the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Credit Suisse in preparing its opinion. However, neither Credit Suisse's written opinion nor the summary of its opinion and the related analyses set forth in this joint proxy statement/prospectus is intended to be, and they do not constitute, advice or a recommendation to any holder of Berry common stock as to how such stockholder should vote or act with respect to any matter relating to the merger.

In arriving at its opinion, Credit Suisse:

Table of Contents

compared certain financial and stock market data of LinnCo and LINN;

considered, to the extent publicly available, the financial terms of certain other business combinations and other transactions which have recently been effected or announced; and

considered such other information, financial studies, analyses and investigations and financial, economic and market criteria which Credit Suisse deemed relevant.

In connection with its review, Credit Suisse did not independently verify any of the foregoing information and Credit Suisse assumed and relied upon such information being complete and accurate in all respects material to its analyses and opinion. With respect to the Berry Projections and the LINN Projections that Credit Suisse used in its analyses, the managements of Berry and LINN advised Credit Suisse and Credit Suisse assumed that such financial forecasts were reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of the managements of Berry and LINN as to the future financial performance of Berry, LinnCo and LINN, respectively, and Credit Suisse expressed no view or opinion with respect to such financial forecasts or the assumptions upon which they were based. With respect to the reserve data included in the Reserve Data for Berry that Credit Suisse reviewed, Credit Suisse was advised and assumed that such data was reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of Berry's third-party oil and gas reserves consultants and the management of Berry, as applicable, as to the proved, probable and possible oil and gas reserves of Berry, and were a reasonable basis on which to evaluate Berry, and Credit Suisse expressed no view or opinion with respect to such reserve data or the assumptions upon which they were based. With respect to the reserve data included in the Reserve Data for LINN that Credit Suisse reviewed, Credit Suisse was advised and assumed that such data was reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of LINN's third-party oil and gas reserves consultants and the management of LINN, as applicable, as to the proved and unproved oil and gas reserves of LINN, and were a reasonable basis on which to evaluate LinnCo and LINN, and Credit Suisse expressed no view or opinion with respect to such reserve data for LINN or the assumptions upon which they were based. With respect to the timings and riskings included in the Reserve Data for Berry and the Reserve Data for LINN that Credit Suisse reviewed, Credit Suisse was advised and assumed that such timings and riskings were reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of the management of Berry as to the appropriate timings and riskings for the proved, probable and possible oil and gas reserves of Berry and the proved and unproved oil and gas reserves of LINN, respectively, and were a reasonable basis on which to evaluate Berry and LINN, and Credit Suisse expressed no view or opinion with respect to such timings and riskings or the assumptions upon which they were based. Credit Suisse is not an expert in the evaluation of oil and gas reserves and properties and Credit Suisse expressed no view or opinion as to the reserve quantities or the development or production (including, without limitation, as to the feasibility or timing thereof) of any oil or gas properties of Berry or LINN. Credit Suisse also assumed, with Berry's consent, that, in the course of obtaining any regulatory or third-party consents, approvals or agreements in connection with the merger (including the Conversion and the Contribution), no delay, limitation, restriction or condition will be imposed that would have an adverse effect on Berry, LinnCo or LINN or the contemplated benefits of the merger (including the Conversion and the Contribution) and that the merger (including the Conversion and the Contribution) will be consummated in the form and substance as described in its opinion in accordance with the terms of the merger agreement, without waiver, modification or amendment of any term, condition or agreement thereof material to Credit Suisse's analyses or opinion. With Berry's consent, Credit Suisse further assumed that any modification to the form or structure of the merger, the Conversion and the Contribution as described above, whether pursuant to the merger agreement or otherwise, would not be material to its analyses or opinion. Berry advised Credit Suisse and for purposes of its analyses and opinion Credit Suisse assumed that, for Federal income tax purposes, each of the LinnCo Merger and the HoldCo Merger will qualify as a reorganization within the meaning of Section 368(a) of the Code, and the issuance of the LINN units to LinnCo pursuant to the Contribution will qualify as an exchange to which Section 721(a) of the Code applies. Credit Suisse expressed no view or opinion with respect to the potential effects of the merger, the Conversion and the Contribution or any subsequent sales or transfers (including internal transfers) of any assets or securities of Berry or LINN or any of their respective affiliates on the federal, state or other taxes or tax rates payable by Berry, LinnCo or LINN or their respective

security holders and, with Berry's consent, assumed, that such taxes and tax rates will not be adversely affected by or after giving effect to the merger, the Conversion and the Contribution, any such sales or transfers or any changes in applicable law. At Berry's direction, Credit Suisse relied upon (i) the assessment of the managements of LINN and LinnCo with respect to the tax aspects and implications of the merger, the Conversion and the Contribution and (ii) the projected taxes and tax rates payable by LinnCo after giving effect to the merger, the Conversion and the Contribution prepared and provided to Credit Suisse by the management of LinnCo, and Credit Suisse assumed that such assessments were true and correct in all respects material to its analyses and that such projected taxes and tax rates were reasonably prepared in good faith on bases reflecting the best currently available estimates and judgments of the management of LINN as to the taxes and tax rates payable by LinnCo after giving effect to the merger, the Conversion and the Contribution and that such assessments and projections were a reasonable basis on which to evaluate the tax aspects and implications of the merger, the Conversion and the Contribution. Credit Suisse expressed no view or opinion with respect to such assessments or projected taxes and tax rates or the assumptions on which they were based. In addition, Credit Suisse was not requested to, and did not, make an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of Berry, LinnCo or LINN, nor was Credit Suisse furnished with any such evaluations or appraisals other than the Reserve Data for Berry and the Reserve Data for LINN.

Berry advised Credit Suisse that, in connection with the merger and the Contribution, LINN agreed to pay LinnCo \$6 million for each of the first three calendar years following the consummation of the Contribution (including the partial year following the closing). For purposes of its analyses and opinion Credit Suisse, at Berry's direction, assumed that LinnCo's only assets were and at all times in the future, including immediately after giving effect to the merger (including the Conversion and the Contribution), would be cash reserves for future tax obligations and LINN units, of which LinnCo would own a number at least equal to the number of outstanding LinnCo common shares.

Credit Suisse's opinion addressed only the fairness, from a financial point of view, to the holders of Berry common stock of the merger consideration to be received by such holders collectively in the merger pursuant to the merger agreement and did not address any other aspect or implication of the merger or any other agreement, arrangement or understanding entered into in connection with the merger or otherwise, including, without limitation, the fairness of any allocation of the merger consideration among the holders of Berry common stock or any classes thereof or the fairness of the amount or nature of, or any other aspect relating to, any compensation or consideration to be received or otherwise payable to any officers, directors, employees, security holders or affiliates of any party to the merger, or class of such persons, relative to the merger consideration or otherwise. Furthermore, no opinion, counsel or interpretation was intended regarding matters that require legal, regulatory, accounting, insurance, tax, environmental, executive compensation or other similar professional advice including, without limitation, any advice regarding the amounts, timings, riskings and other aspects of Berry's proved, probable and possible oil and gas reserves or LINN's proved or unproved oil and gas reserves or any advice regarding the amounts and nature of any hedges, puts and other derivatives contracts and instruments entered into by LINN or contemplated by the LINN Projections or entered into by Berry in accordance with the merger agreement, which Credit Suisse with Berry's consent assumed were appropriate from a business and financial perspective and were and would be properly accounted for on Berry's and LINN's financial statements and reflected in LINN's distributable cash flow projections. Credit Suisse assumed that such opinions, counsel, interpretations or advice had been or would be obtained from the appropriate professional sources. The issuance of Credit Suisse's opinion was approved by an authorized internal committee of Credit Suisse.

Credit Suisse's opinion was necessarily based upon information made available to Credit Suisse as of the date of its opinion and financial, economic, market and other conditions as they existed and could be evaluated on the date of its opinion. Credit Suisse did not undertake, and is under no obligation, to update, revise, reaffirm or withdraw its opinion, or otherwise comment on or consider events occurring or coming to its attention after the date of its opinion. In its opinion delivered to the Berry board of directors, Credit Suisse noted that Berry was aware that the financial projections and estimates that Credit Suisse reviewed relating to the future financial performance of Berry, LinnCo and LINN reflected certain assumptions regarding the oil and gas industry and the

Table of Contents

future commodity prices associated with the oil and gas industry that are subject to significant uncertainty and volatility and that, if different than assumed, could have a material impact on Credit Suisse's analyses and opinion. Credit Suisse's opinion did not address the relative merits of the merger, the Conversion or the Contribution as compared to alternative transactions or strategies that might be available to Berry, nor did it address the underlying business decision of the Berry Board or Berry to proceed with the merger, the Conversion or the Contribution. Credit Suisse did not express any opinion as to what the value of LinnCo common shares or LINN units actually will be when issued pursuant to the merger and the Contribution or the prices or range of prices at which shares of Berry common stock, LinnCo common shares or LINN units may be purchased or sold at any time.

In preparing its opinion to the Berry Board, Credit Suisse performed a variety of analyses, including those described below. The summary of Credit Suisse's financial analyses is not a complete description of the analyses underlying Credit Suisse's opinion. The preparation of a fairness opinion is a complex process involving various quantitative and qualitative judgments and determinations with respect to the financial, comparative and other analytic methods employed and the adaptation and application of those methods to the unique facts and circumstances presented. As a consequence, neither Credit Suisse's opinion nor the analyses underlying its opinion are readily susceptible to partial analysis or summary description. Credit Suisse arrived at its opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any individual analysis, analytic method or factor. Accordingly, Credit Suisse believes that its analyses must be considered as a whole and that selecting portions of its analyses, analytic methods and factors, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In performing its analyses, Credit Suisse considered business, economic, industry and market conditions, financial and otherwise, and other matters as they existed on, and could be evaluated as of, the date of its opinion. No company, business or transaction used in Credit Suisse's analyses for comparative purposes is identical to Berry, LINN, LinnCo or the proposed transaction. While the results of each analysis were taken into account in reaching its overall conclusion with respect to fairness, Credit Suisse did not make separate or quantifiable judgments regarding individual analyses. The reference ranges indicated by Credit Suisse's financial analyses are illustrative and not necessarily indicative of actual values nor predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, any analyses relating to the value of assets, businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold, which may depend on a variety of factors, many of which are beyond Berry's control and the control of Credit Suisse. Much of the information used in, and accordingly the results of, Credit Suisse's analyses are inherently subject to substantial uncertainty.

Credit Suisse's opinion and analyses were provided to the Berry board of directors (in its capacity as such) in connection with its consideration of the proposed merger and were among many factors considered by the Berry board of directors in evaluating the proposed merger. Neither Credit Suisse's opinion nor its analyses were determinative of the merger consideration or of the views of the Berry board of directors with respect to the proposed merger.

The following is a summary of the material financial analyses performed by Credit Suisse in connection with the preparation of Credit Suisse's opinion rendered to the Berry board on February 20, 2013. The analyses summarized below include information presented in tabular format. The tables alone do not constitute a complete description of the analyses. Considering the data in the tables below without considering the full narrative description of the analyses, as well as the methodologies underlying, and the assumptions, qualifications and limitations affecting, each analysis, could create a misleading or incomplete view of Credit Suisse's analyses. The financial analyses summarized below do not reflect the potential synergies and other potential benefits from the application of LinnCo's tax attributes to Berry cash flow or the potential benefits of LINN's agreement to pay LinnCo \$6 million per year for three years after the closing of the merger.

For purposes of its analyses, Credit Suisse reviewed a number of financial metrics including:

Enterprise Value generally the value as of a specified date of the relevant company's outstanding equity securities (taking into account its options and other outstanding convertible securities) plus the value as of such date of its net debt (the value of its outstanding indebtedness, preferred stock and capital lease obligations less the amount of cash on its balance sheet).

EBITDA generally the amount of the relevant company's earnings before interest, taxes, depreciation and amortization and exploration expense for a specified time period.

Distributed Cash Flow Yield generally the amount of the relevant partnership's or limited liability company's operating cash flow for a specified time period that is distributed to its limited partners or members, as applicable, on a per unit basis, expressed as a percentage of the partnership's or limited liability company's unit price.

Unless the context indicates otherwise, (1) share prices for the selected companies used in the selected companies analysis described below were as of February 20, 2013, the date Credit Suisse rendered its opinion to the Berry board of directors; (2) estimates of financial performance of Berry for the calendar years ending December 31, 2012 to 2017 were based on the Berry Projections and (3) estimates of financial performance of LINN for the calendar years ending December 31, 2012 to 2015 were based on the LINN Projections, which Credit Suisse was authorized to use and rely on for purposes of its analyses and opinion. Estimates of financial performance for the selected companies listed below for the calendar years ending December 31, 2012, 2013 and 2014 were based on publicly available research analyst estimates for those companies.

Selected Companies Analysis. Taking into account the selected companies analysis for Berry and its experience as a financial advisor, Credit Suisse applied multiple ranges of 5.00x to 6.00x to Berry's 2013E EBITDA, 4.50x to 5.50x to Berry's 2014E EBITDA, \$14.00 to \$17.00 per Boe to Berry's proved reserves as of December 31, 2012, \$85,000 to \$100,000 per Boe/d to Berry's estimated daily production for 2013, and \$80,000 to \$95,000 per Boe/d to Berry's estimated daily production for 2014. For purposes of the selected companies analyses, Credit Suisse

used publicly available analyst estimates as of February 15, 2013 with respect to crude oil prices of \$92.42 and \$94.46 per bbl for 2013E and 2014E, respectively, and natural gas prices of \$3.58 and \$4.14 per MMBtu for 2013E and 2014E, respectively.

For purposes of calculating an implied exchange ratio reference range of LinnCo common shares per share of Berry common stock, the results of the selected companies analyses for LINN were adjusted for an assumed LinnCo Common Share range of discounts relative to a LINN unit based on factors which included their relative trading prices since the initial public offering of LinnCo common shares, publicly available research analyst price targets for LinnCo common shares and LINN units and LinnCo's tax attributes. Based on the foregoing, Credit Suisse estimated an implied reference range of LinnCo common shares of \$31.02 to \$38.00 per share.

Taking into account the selected companies analysis for Berry, the selected companies analysis for LINN, the implied LinnCo Common Share range of discounts relative to a LINN unit and its experience as a financial advisor, Credit Suisse's analyses indicated an implied exchange ratio reference range of 0.823 to 1.466 LinnCo common shares per share of Berry common stock as compared to the exchange ratio in the proposed merger of 1.250 of LinnCo common shares per share of Berry common stock.

Net Asset Value Analysis

Berry. Credit Suisse calculated the net asset value of Berry's proved and probable oil and gas reserves (referred to as 2P reserves) and the net asset value of Berry's proved, probable and possible oil and gas reserves (referred to as 3P reserves), in each case to the end of their economic life based on the Reserve Data for Berry. In performing this analysis, Credit Suisse applied discount rates ranging from 10.0% to 12.0% to the projected unlevered after tax free cash flows through 2075 taking into account Berry's estimated weighted average cost of capital. For purposes of the net asset value analyses, Credit Suisse used NYMEX oil and gas pricing as of February 15, 2013.

LINN. Credit Suisse calculated the net asset value of LINN's proved and unproved oil and gas reserves to the end of their economic life based on the Reserve Data for LINN. In performing this analysis, Credit Suisse applied discount rates ranging from 8.0% to 9.5% to the projected unlevered free cash flows through 2110 taking into account LINN's estimated weighted average cost of capital. For purposes of the net asset value analyses, Credit Suisse used NYMEX oil and gas pricing as of February 15, 2013.

Net Asset Value Analysis. For purposes of calculating an implied exchange ratio reference range of LinnCo common shares per share of Berry common stock, the results of the net asset value analysis for LINN were adjusted for the assumed LinnCo Common Share range of discounts relative to a LINN unit based on factors which included their relative trading prices since the initial public offering of LinnCo common shares, publicly available research analyst price targets for LinnCo common shares and LINN units and LinnCo's tax attributes. Based on the foregoing, Credit Suisse estimated an implied reference range of Berry common stock of \$29.93 to \$39.00 per share (based on the implied reference range of Berry's 2P reserves) and \$38.41 to \$49.65 (based on the implied reference range of Berry's 3P reserves), and, taking into account the assumed LinnCo Common Share range of discounts relative to a LINN unit, an implied reference range of LinnCo common shares of \$29.55 to \$42.01 per share.

Taking into account the results of the net asset value analyses for Berry and LINN, the implied LinnCo common share range of discounts relative to a LINN unit and its experience as a financial advisor, Credit Suisse's analyses indicated implied exchange ratio reference ranges of 0.713 to 1.320 LinnCo common shares per share of Berry common stock based on Berry's 2P reserves and 0.914 to 1.680 LinnCo common shares per share of Berry common stock based on Berry's 3P reserves, as compared to the exchange ratio in the proposed merger of 1.250 LinnCo common shares per share of Berry common stock.

Table of Contents***Discounted Cash Flow Analysis***

Credit Suisse also calculated implied exchange ratio reference ranges based on the net present value of Berry's three-year and five-year after-tax unlevered free cash flows through 2015 and 2017, respectively, based on the Berry Projections and the net present value of LINN's three-year distributable cash flow through 2015, based on the LINN Projections. In performing this analysis, Credit Suisse applied discount rates ranging from 10.0% to 12.0% taking into account Berry's estimated weighted average cost of capital and terminal EBITDA multiples of 5.0x to 6.0x to the projected after tax unlevered free cash flows of Berry for the three and five years ending December 31, 2015 and 2017, respectively, and discount rates ranging from 9.5% to 11.5% taking into account LINN's estimated cost of equity to terminal distributed cash flow yields of 8.0% to 7.0% and to the projected levered distributable cash flow for LINN. For purposes of the discounted cash flow analyses, Credit Suisse used NYMEX oil and gas pricing as of February 15, 2013. For purposes of calculating an implied exchange ratio reference range of LinnCo common shares per share of Berry common stock, the results of the discounted cash flow analysis for LINN were adjusted for the assumed LinnCo Common Share range of discounts relative to a LINN unit based on factors which included their relative trading prices since the initial public offering of LinnCo common shares, publicly available research analyst price targets for LinnCo common shares and LINN units and LinnCo's tax attributes. Based on the foregoing, Credit Suisse estimated an implied reference range of Berry common stock of \$34.23 to \$48.84 per share based on the three-year distributable cash flow through 2015 and \$39.38 to \$56.51 per share based on the five-year distributable cash flow through 2017, and, taking into account the assumed LinnCo Common Share range of discounts relative to a LINN unit, an implied reference range of LinnCo common shares of \$32.79 to \$40.52 per share.

Taking into account the results of the discounted cash flow analyses for Berry and LINN, the implied LinnCo Common Share range of discounts relative to a LINN unit and its experience as a financial advisor, Credit Suisse's analyses indicated an implied exchange ratio reference range of 0.845 to 1.489 LinnCo common shares per share of Berry common stock based on Berry's three-year after-tax unlevered free cash flows through 2015 and indicated an implied exchange ratio reference range of 0.972 to 1.723 LinnCo common shares per share of Berry common stock based on Berry's five-year after-tax unlevered free cash flows through 2017, as compared to the exchange ratio in the proposed merger of 1.250 LinnCo common shares per share of Berry common stock.

Selected Transactions Analysis

Credit Suisse also considered the financial terms of certain business combinations and other transactions involving oil and gas exploration and production companies that Credit Suisse deemed relevant. The selected transactions were selected because the target companies were oil and gas exploration and production companies organized as corporations deemed to be similar to Berry in one or more respects, including the nature of their business, size, diversification, entity level tax treatment and financial performance. The financial data reviewed included the implied Enterprise Value (based on the purchase price paid in the transaction) as a multiple of:

EBITDA for the last twelve months, or LTM EBITDA,

Proved reserves; and

Daily production.

Taking into account the results of the selected transactions analysis for Berry and its experience as a financial advisor, Credit Suisse applied a multiple range of 6.0x to 7.0x to Berry's 2012 EBITDA, \$14.00 to \$17.50 per Boe to Berry's proved reserves as of December 31, 2012, and \$100,000 to \$120,000 per Boe/d to Berry's daily production for 2012. Based on the foregoing, Credit Suisse estimated an implied reference range of Berry common stock of \$38.39 to \$50.78 per share.

Taking into account the results of the selected transactions analysis for Berry, the results of the selected companies analysis for LINN, the implied LinnCo Common Share range of discounts relative to a LINN unit and its experience as a financial advisor, Credit Suisse's analyses indicated an implied exchange ratio reference range of 1.010 to 1.637 LinnCo common shares per share of Berry common stock as compared to the exchange ratio in the proposed merger of 1.250 LinnCo common shares per share of Berry common stock.

Other Matters

Berry retained Credit Suisse as its financial advisor in connection with the proposed merger based on Credit Suisse's qualifications, experience and reputation as an internationally recognized investment banking and financial advisory firm. Pursuant to the engagement letter dated as of January 24, 2013 between Berry and Credit Suisse, Berry has agreed to pay Credit Suisse a transaction fee currently estimated to be approximately \$23 million based on the aggregate value of the merger for its services as financial advisor to Berry in connection with the merger, \$2 million of which became payable to Credit Suisse upon the rendering of its opinion to the Berry board and the balance of which is contingent upon completion of the merger. In addition, Berry has agreed to reimburse certain of Credit Suisse's expenses and to indemnify Credit Suisse and certain related parties for certain liabilities and other items arising out of or related to its engagement.

Credit Suisse and its affiliates have in the past provided and are currently providing investment banking and other financial services to Berry, including, among other things, during the past two years, acting as a lender to Berry, having acted as a joint bookrunning managing underwriter in connection with an offering of senior notes by Berry in March 2012, and having acted as a counterparty to Berry with respect to certain oil and gas related derivatives contracts, for which investment banking advice and services Credit Suisse's investment banking department received compensation. Credit Suisse and its affiliates also have in the past provided and are currently providing investment banking and other financial services to LinnCo and LINN and their affiliates including, among other things, during the past two years, acting as a lender to LINN (including as a participant in the Amended Credit Facility with the same maximum commitment as under the Credit Facility and as a continuing participant in an anticipated amendment to the Berry credit facility after the consummation of the merger with a reduced maximum commitment), having acted as a joint bookrunning managing underwriter of the initial public offering of LinnCo common shares in October 2012, having acted as a bookrunning lead managing underwriter in connection with offerings of senior notes by LINN in February 2012 and May 2011 and offerings of LINN units in January 2012 and February 2011 and having acted as a counterparty to LINN and certain of its affiliates with respect to certain oil and gas related derivatives contracts, for which investment banking advice and services Credit Suisse's investment banking department received aggregate fees, discounts and commissions in the two years prior to rendering its opinion of approximately \$16 million. Credit Suisse and its affiliates may have provided other financial advice and services, and may in the future provide financial advice and services, to Berry, LinnCo, LINN and their respective affiliates. Credit Suisse is a full service securities firm engaged in securities trading and brokerage activities as well as providing investment banking and other financial services. In the ordinary course of business, Credit Suisse and its affiliates may acquire, hold or sell, for its and its affiliates own accounts and the accounts of customers, equity, debt and other securities and financial instruments (including bank loans and other obligations) of Berry, LinnCo, LINN and any other company that may be involved in the merger, as well as provide investment banking and other financial services to such companies and their affiliates.

LinnCo's and LINN's Reasons for the Merger; Recommendation of the LinnCo Board of Directors and the LINN Board of Directors

The LinnCo board of directors, following receipt of the recommendation of the LinnCo Conflicts Committee with respect to the Contribution Agreement and number of LINN units to be issued to LinnCo as consideration for the Contribution, unanimously determined that the merger agreement and the transactions contemplated by the merger agreement are advisable, fair and reasonable to and in the best interests of LinnCo

and its shareholders. The LINN board of directors, following the receipt of the recommendation of the LINN Conflicts Committee with respect to the Contribution Agreement and the contribution consideration, unanimously determined that the merger agreement and the transactions contemplated thereby are advisable, fair and reasonable to and in the best interests of LINN and its unitholders. In evaluating the Contribution Agreement and the transactions contemplated thereby, the LinnCo and LINN Conflicts Committees were advised by independent legal and financial advisors, and considered a variety of factors with respect to the Contribution and the contribution consideration, including those matters discussed in Background of the Merger. In view of the wide variety of factors considered in connection with the merger, the LinnCo board of directors and the LINN board of directors did not consider it practical, nor did they attempt, to quantify or otherwise assign relative weight to different factors considered in reaching their decisions. Likewise, in view of the wide variety of factors considered in connection with the Contribution, the LinnCo Conflicts Committee and the LINN Conflicts Committee did not consider it practical, nor did they attempt to quantify or otherwise assign relative weight to different factors considered in rendering their decision. In addition, individual members of the LinnCo and LINN Conflicts Committees and the LinnCo board of directors and the LINN board of directors, in approving the Contribution and the merger, respectively, may have given different weight to different factors. The LinnCo and LINN Conflicts Committees and the LinnCo board of directors and the LINN board of directors considered this information as a whole, and overall considered it to be favorable to, and in support of, their determinations. In determining that the merger agreement and the transactions contemplated by the merger agreement are advisable, fair and reasonable to and in the best interests of LinnCo and its shareholders and LINN and its unitholders, the LinnCo board of directors and the LINN board of directors, respectively, considered a number of factors pertaining to the strategic and financial rationale for the merger, including the following:

The view that the acquisition of Berry provides LINN with the opportunity to acquire a portfolio of high quality, long-lived and mature oil and natural gas exploration and production assets with existing infrastructure, lease holdings and development prospects to drive future growth. Due to their consistent and predictable cash flow, these assets are well suited for a master limited partnership/limited liability company structure. The LinnCo board of directors and the LINN board of directors believe that the acquisition of Berry will further LINN's position as a premier independent oil and gas company with an impressive portfolio of oil and gas assets and a growing production profile.

The view that the combined company following the merger is expected to provide a portfolio of cash producing assets in attractive U.S. geological basins that complement LINN's existing portfolio of oil and gas assets. The combination is anticipated to result in meaningful growth in the combined company's asset portfolio, with increased geographic presence in California, the Permian Basin, east Texas, and the Rockies, as well as the addition of a new core area in the Uinta Basin. LINN's familiarity with the operating areas of Berry's assets has the additional potential to reduce integration and execution risk as well as provide opportunities for future operational synergies and potential cost savings.

The fact that Berry's reserves are approximately 75% weighted towards liquids, resulting in high margins and attractive returns on future capital expenditures. The acquisition of Berry is expected to result in a meaningful increase in liquids exposure to 54% from 46% of proved reserves.

LINN believes that the acquisition of Berry has the potential to result in accretion to distributable cash flow of in excess of \$0.40 per unit. LINN believes there are few acquisition opportunities that can add accretion of this magnitude in a single transaction.

The view that the increased scale of the combined company should permit it to compete more effectively and facilitate future development projects and acquisitions through increased cash flow and lower cost of capital investment. As a result of this larger size, LinnCo and LINN could consider future strategic transactions that might not otherwise be possible.

The view that the merger is expected to improve a number of LINN's financial ratios commonly used to assess a company's credit rating. The stock-for-stock nature of the transactions allows LINN to reduce leverage and strengthen its balance sheet. In addition, because size is a key contributor to credit ratings for oil and natural gas exploration and production companies, increased scale could result in improved credit ratings for the combined company.

Table of Contents

The LinnCo board of directors and the LINN board of directors also considered the following other factors:

The terms of the merger agreement, including the representations, obligations and rights of the parties under the merger agreement, the conditions to each party's obligation to complete the merger, the circumstances in which each party is permitted to terminate the merger agreement and the related termination fee payable by Berry or LinnCo in the event of termination of the merger agreement under specified circumstances.

Each of the LinnCo board of directors and the LINN board of directors established a conflicts committee and delegated to the conflicts committee the authority to review and evaluate the Contribution and the contribution consideration on behalf of LinnCo and its shareholders, on the one hand, and LINN and its unitholders, on the other hand. The LinnCo board of directors and LINN board of directors also reviewed the opinion of Citigroup with respect to the fairness of the merger consideration to LinnCo, the LinnCo Conflicts Committee reviewed the opinion of Evercore with respect to the fairness of the contribution consideration to LinnCo and the LINN Conflicts Committee reviewed the opinion of Greenhill with respect to the fairness of the proposed Contribution to LINN. The LinnCo board of directors and the LINN board of directors also considered the potential risks of the merger and certain other countervailing factors, including the following:

That the implied value of the merger consideration represented a 20% premium over the closing price of Berry common stock on February 20, 2013, the last trading day before the merger agreement was signed, and approximately 26% to the average of the closing prices of Berry common stock over the 30 days prior to such date.

The risks and contingencies relating to the announcement and pendency of the merger and the risks and costs to LinnCo and LINN if the closing of the merger is not completed timely, or if the merger does not close at all, including the potential impact on LinnCo's and LINN's relationships with employees and third parties.

That because LinnCo will be issuing new common shares to Berry stockholders in the merger, each outstanding LinnCo common share immediately prior to the merger will represent a smaller percentage of LinnCo's total common shares after the merger. In addition, each outstanding LINN unit immediately prior to the Contribution will represent a smaller percentage of LINN's total units after the Contribution.

The risk of diverting management focus, employee attention and resources from other strategic opportunities and from operational matters while working to complete the proposed transactions and successfully integrate the companies.

The fact that substantial transaction costs will be incurred in connection with the proposed transactions.

The fact that litigation could occur in connection with the proposed transactions and that such litigation could increase costs and result in a diversion of management focus.

The fact that business uncertainty pending completion of the proposed transactions could have an adverse impact on the ability of LinnCo and LINN to attract, retain and motivate key personnel.

The LinnCo board of directors and the LINN board of directors believe that, overall, the potential benefits of the proposed transactions to LinnCo, LINN and their respective shareholders and unitholders outweigh the risks considered by the LinnCo board of directors and the LINN board of directors. The LinnCo board of directors and the LINN board of directors understood that there can be no assurance of future results, including results considered or expected as described in the factors listed above. It should be noted that this discussion of the reasoning of the

Opinion of the Financial Advisor to LinnCo

LinnCo retained Citigroup as a financial advisor in connection with the transactions. In connection with this engagement, LinnCo requested that Citigroup evaluate the fairness, from a financial point of view, of the exchange ratio provided for in the merger agreement to LinnCo. On February 20, 2013, at a meeting of the LinnCo board of directors at which the transactions were approved, Citigroup rendered to the LinnCo board of directors an oral opinion, confirmed by delivery of a written opinion dated February 20, 2013, to the effect that, as of that date and based on and subject to the matters described in its opinion, taking into account the transactions as a whole, the exchange ratio was fair, from a financial point of view, to LinnCo.

The full text of Citigroup's written opinion dated February 20, 2013, which describes the assumptions made, procedures followed, matters considered and limitations on the review undertaken, is attached to this joint proxy statement/prospectus as Annex F and is incorporated into this joint proxy statement/prospectus by reference. The description of Citigroup's opinion set forth in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of Citigroup's opinion. **Citigroup's opinion was provided for the information of the LinnCo board of directors (in its capacity as such) in connection with its evaluation of the exchange ratio from a financial point of view. Citigroup's opinion does not address the underlying business decision of LinnCo or LINN to effect the transactions, the relative merits of the transactions as compared to any alternative business strategies that might exist for LinnCo or the effect of any other transaction in which LinnCo might engage. Citigroup's opinion addresses only the fairness from a financial point of view, as of the date thereof, of the exchange ratio. It does not address any other term or aspect of the merger agreement or the transactions, including, without limitation, pre-closing adjustments to the exchange ratio, transactions following the completion of the transactions, ancillary agreements entered into in connection with the transactions, the fairness of the transactions to, or any consideration received in connection therewith by, LINN or Berry, securityholders, creditors or other constituencies of LinnCo, LINN or Berry. Citigroup's opinion, is not intended to be and does not constitute, a recommendation to any shareholder as to how such shareholder should vote or act on any matters relating to the proposed transactions or otherwise.**

In arriving at its opinion, Citigroup:

reviewed certain publicly available business and financial information relating to LinnCo, LINN and Berry;

reviewed three year financial forecasts and certain other information and data relating to LinnCo, LINN and Berry which were provided to or discussed with Citigroup by the respective managements of LinnCo, LINN and Berry;

reviewed the financial terms of the transactions as set forth in the merger agreement and the Contribution Agreement in relation to, among other things, current and historical market prices and trading volumes of LinnCo common shares, LINN units and Berry common stock; the historical and three year projected earnings and prices of oil, gas and natural gas liquids as well as other operating data of LinnCo, LINN and Berry; and the capitalization and financial condition of LinnCo, LINN and Berry;

analyzed the financial terms of certain other asset and corporate transactions which Citigroup considered relevant in evaluating the exchange ratio and analyzed certain financial, stock market and other publicly available information relating to the businesses of other companies whose operations Citigroup considered relevant in evaluating those of LinnCo, LINN and Berry;

reviewed certain potential pro forma financial effects of the transactions on LinnCo; and

conducted such other analyses and examinations and considered such other information and financial, economic and market criteria as Citigroup deemed appropriate in arriving at its opinion.

In rendering its opinion, Citigroup assumed and relied, without independent verification, upon the accuracy and completeness of all financial, tax and other information and data publicly available or provided to or otherwise reviewed by or discussed with Citigroup and upon the assurances of the managements of LinnCo, LINN and Berry that they are not aware of any relevant information that was omitted or that remained undisclosed to Citigroup. With respect to financial forecasts, tax estimates and other information and data relating to LinnCo, LINN and Berry provided to or otherwise reviewed by or discussed with Citigroup, Citigroup was advised by the respective managements of LinnCo, LINN and Berry that such forecasts, tax estimates and other information and data were reasonably prepared on bases reflecting the best currently available estimates and judgments of the managements of LinnCo, LINN and Berry as to the future financial performance of LinnCo, LINN and Berry and the other matters covered thereby, and assumed, with LinnCo's consent, that the financial results reflected in such forecasts, tax estimates and other information and data will be realized in the amounts and at the times projected. In addition, Citigroup assumed with LinnCo's consent, that there were no material undisclosed liabilities of LinnCo, LINN or Berry for which appropriate reserves or other provisions were not been made.

Citigroup assumed, with LinnCo's consent, that the transactions will be consummated in accordance with their terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary regulatory or third party approvals, consents and releases for the transactions, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on LinnCo, LINN, Berry or the contemplated benefits of the transactions. Citigroup also assumed, with LinnCo's consent, that the merger will be treated as a tax-free reorganization and that the Contribution and Issuance will qualify as a tax-free exchange for federal income tax purposes. Citigroup did not express any opinion as to what the value of the LinnCo common shares actually will be when issued pursuant to the transactions or the price at which the LinnCo common shares will trade at any time. Citigroup did not make, or was provided with, an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of LinnCo, LINN or Berry, nor did Citigroup make any physical inspection of the properties or assets of LinnCo, LINN or Berry. Citigroup was not requested to consider, and Citigroup's opinion did not address, the underlying business decision of LinnCo or LINN to effect the transactions, the relative merits of the transactions as compared to any alternative business strategies that might exist for LinnCo or the effect of any other transaction in which LinnCo might engage. Citigroup's opinion addressed only the fairness from a financial point of view, as of the date hereof, of the exchange ratio. Citigroup did not express any view on, and Citigroup's opinion did not address,

any other term or aspect of the merger agreement or the transactions, including, without limitation, pre-closing adjustments to the exchange ratio, transactions following the completion of the transactions, ancillary agreements entered into in connection with the transactions, the fairness of the transactions to, or any consideration received in connection therewith by, LINN or Berry, securityholders, creditors or other constituencies of LinnCo, LINN or Berry. Citigroup also expressed no view as to, and Citigroup's opinion did not address, the fairness (financial or otherwise) of the amount or nature or any other aspect of any compensation to any officers, directors or employees of any parties to the transactions, or any class of such persons, relative to the exchange ratio. Citigroup did not express any opinion as to any tax or other consequences that might result from the transactions, nor did Citigroup's opinion address any legal, tax, regulatory or accounting matters, as to which Citigroup understood that LinnCo obtained such advice as it deemed necessary from qualified professionals. Citigroup's opinion was based upon information available to Citigroup, and financial, stock market and other conditions and circumstances existing, as of the date thereof. The credit, financial and stock markets, and the industries in which the parties operate, are continuing to experience volatility, and Citigroup expressed no opinion or view as to any potential effects of such volatility on LinnCo, LINN or Berry or the contemplated benefits of the transactions. Except as described above, LinnCo imposed no other instructions or limitations on Citigroup with respect to the investigations made or procedures followed by Citigroup in rendering its opinion.

In preparing its opinion, Citigroup performed a variety of financial and comparative analyses, including those described below. This summary of the analyses is not a complete description of Citigroup's opinion or the analyses underlying, and factors considered in connection with, Citigroup's opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to summary description. Citigroup arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole, and did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis for purposes of its opinion. Accordingly, Citigroup believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In its analyses, Citigroup considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of its opinion, many of which are beyond the control of LinnCo, LINN or Berry. Market data were based on the trading prices as of the close of business on February 19, 2013. No company, business or transaction reviewed is identical to LinnCo, LINN or Berry or the transactions. An evaluation of these analyses is not entirely mathematical; rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading or other values of the companies, business segments or transactions reviewed.

The estimates contained in Citigroup's analyses and the valuation ranges resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by its analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, the estimates used in, and the results derived from, Citigroup's analyses are inherently subject to substantial uncertainty.

Citigroup was not requested to, and it did not, recommend any specific consideration payable in the transactions. The type and amount of consideration payable in the transactions was determined through negotiations between LinnCo, LINN and Berry, and the decision to enter into the transactions was solely that of LinnCo's board of directors. Citigroup's opinion was only one of many factors considered by LinnCo's board of directors in its evaluation of the transactions and should not be viewed as determinative of the views of LinnCo's board of directors or management with respect to the transactions or the exchange ratio provided for in the merger agreement.

Considering the data below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Citigroup's financial analyses.**

Selected Comparable Public Companies Analysis

LINN. Citigroup performed a selected comparable public companies analysis of LINN by comparing certain financial and stock market information of LINN with the following selected publicly traded independent exploration and production master limited partnerships and limited liability companies. Although the selected companies were compared to LINN for purposes of this analysis, none of the selected companies are identical or directly comparable to LINN. The selected companies were:

BreitBurn Energy Partners L.P.

EV Energy Partners, L.P.

Legacy Reserves LP

LRR Energy, L.P.

Mid-Con Energy Partners, LP

Pioneer Southwest Energy Partners L.P.

QR Energy, LP

Vanguard Natural Resources, LLC

Citigroup reviewed, among other things, the firm value for each of the selected companies, calculated as equity value plus debt, less cash and other adjustments, as a multiple of the estimated current proved reserves and earnings before interest, taxes, depreciation and amortization and other adjustments, referred to as EBITDA and estimated production for the calendar years 2013 and 2014. Citigroup also reviewed estimated yields of the selected companies for the calendar years 2013 and 2014. Financial data of the selected companies were based on public filings, publicly available analyst research and other publicly available information. Financial data of LINN were based on internal estimates of LINN's management. Citigroup calculated the following maximum, minimum, mean and median multiples for the selected companies:

| Method | Max | Min | Mean | Median |
|--|-----------|----------|-----------|-----------|
| Firm Value/2013E EBITDA | 12.4x | 7.8x | 9.1x | 8.8x |

| 2014E Distribution per Unit/Unit Price | 8.5% | 7.5% |

Based on the foregoing, Citigroup selected a per share equity reference range for LinnCo of \$32.50 to \$41.50. This range was then adjusted for an assumed LinnCo premium/discount with a 5.0% to (5.0)% range, which was based on factors including LinnCo's tax attributes and trading history since its IPO. The result indicated an implied per share equity reference range for LinnCo of approximately \$30.88 to \$43.58.

Berry. Citigroup performed a selected comparable public companies analysis of Berry by comparing certain financial and stock market information of Berry with the following selected publicly traded independent exploration and production corporations. Resolute Energy Corporation

Whiting Petroleum Corporation

Citigroup reviewed, among other things, the firm value for each of the selected companies as a multiple of current proved reserves as well as the estimated EBITDA and production for the calendar years 2013 and 2014. Citigroup also reviewed the current share price for each of the selected companies as a multiple of the estimated operating cash flow per share of the selected companies for the calendar years 2013 and 2014. Financial data of the selected companies were based on public filings, publicly available analyst research and other publicly available information. Based on the foregoing, Citigroup selected a per share equity reference range for Berry of \$35.00 to \$47.50. This range was then adjusted to account for the estimated deferred tax liability expected to be created at LinnCo as part of the transactions, the net present value reduction of which was estimated to be in a range of \$0.67 to \$0.75 per share. The result indicated an implied per share equity reference range for Berry of approximately \$34.25 to \$46.83.

Based on the implied per share equity reference ranges for LinnCo and Berry described above, this analysis resulted in the following implied exchange ratio reference range, as compared to the exchange ratio provided for in the merger agreement:

Discounted Cash Flow Analysis

LINN. Citigroup performed a discounted cash flow analysis of LINN to calculate the estimated present value of the stand-alone unlevered free cash flows that LINN was forecasted to generate during fiscal years 2013 through 2015 based on internal estimates of LINN's management. Estimated terminal values for LINN were calculated by applying a range of terminal value EBITDA multiples of 8.0x to 9.5x to LINN's estimated EBITDA for fiscal year 2015. The cash flows and terminal values were then discounted to present value as of December 31, 2012 using discount rates ranging from 8.3% to 10.5% based on analyses of LINN's weighted average cost of capital. The result was then adjusted for an assumed LinnCo premium/discount with a 5.0% to (5.0)% range, which was based on factors including LinnCo's tax attributes and trading history since its IPO. This analysis indicated an implied per share equity reference range for LinnCo of approximately \$25.39 to \$40.72 per share.

Berry. Citigroup performed a discounted cash flow analysis of Berry to calculate the estimated present value of the stand-alone unlevered, after-tax free cash flows that Berry was forecasted to generate during fiscal years 2013 through 2015 based on internal estimates of Berry's management. Estimated terminal values for Berry were calculated by applying a range of terminal value EBITDA multiples of 5.5x to 7.0x to Berry's estimated EBITDA for fiscal year 2015. The cash flows and terminal values were then discounted to present value as of December 31, 2012 using discount rates ranging from 9.3% to 11.8% based on analyses of Berry's weighted average cost of capital. The result was then adjusted to account for the estimated deferred tax liability expected to be created at LinnCo as part of the transactions, the net present value reduction of which was estimated to be in a range of \$0.67 to \$0.75 per share. This analysis indicated an implied per share equity reference range for Berry of approximately \$37.98 to \$59.58.

Net Asset Valuation (NAV) Analysis

LINN. Citigroup performed a net asset valuation analysis of LINN to calculate the estimated present value of the stand-alone unlevered cash flows that LINN could be expected to generate from its estimated reserves as of December 31, 2012. Estimated cash flows were based on internal estimates of LINN's management (the Management Case) and the forward pricing curve of oil and gas commodity prices as reported on the NYMEX as of February 19, 2013 (the NYMEX Strip Case). For purposes of this analysis, the relative certainty of LINN's reserve categories was reflected by applying relative probability weightings. The present values of the

cash flows were calculated using discount rates ranging from 8.3% to 10.5% based on analyses of LINN's weighted average cost of capital. The result was then adjusted for an assumed LinnCo premium/discount with a 5.0% to (5.0)% range, which was based on factors including LinnCo's tax attributes and trading history since its IPO. This analysis indicated an implied per share equity reference range for LINN of approximately \$37.34 to \$48.53 (NYMEX Strip Case) and \$39.48 to \$51.15 (Management Case).

Berry. Citigroup performed a net asset valuation analysis of Berry to calculate the estimated present value of the stand-alone unlevered, after-tax cash flows that Berry could be expected to generate from its estimated reserves as of December 31, 2012. Estimated cash flows were based on internal estimates of Berry's management (the Management Case) and the forward pricing curve of oil and gas commodity prices as reported on the NYMEX as of the close of business on February 19, 2013 (the NYMEX Strip Case). For purposes of this analysis, the relative certainty of Berry's reserve categories was reflected by applying relative probability weightings. The present values of the cash flows were calculated using discount rates ranging from 9.3% to 11.8% based on analyses of Berry's weighted average cost of capital. The result was then adjusted to account for the estimated deferred tax liability expected to be created at LinnCo as part of the transactions, the net present value reduction of which was estimated to be in a range of \$0.67 to \$0.75 per share. This analysis indicated an implied per share equity reference range for Berry of approximately \$40.20 to \$56.03 (NYMEX Strip Case) and \$45.61 to \$62.23 (Management Case).

Based on the implied per share equity reference ranges for LinnCo and Berry described above, this analysis resulted in the following implied exchange ratio reference ranges, as compared to the exchange ratio provided for in the merger agreement:

Financial data of Berry were based on internal estimates of Berry's management as adjusted by LINN's management. For purposes of this analysis, Citigroup reviewed LINN's and Berry's relative contribution of estimated EBITDA, production and distributable cash flow for the calendar years 2013 and 2014 as well as proved reserves as of December 31, 2012. Citigroup then calculated implied exchange ratios based upon the relative contributions. Assuming parity between LINN and LinnCo, this analysis indicated the following exchange ratio reference range, as compared to the exchange ratio provided for in the merger agreement:

Implied per Share

| Exchange Ratio Reference Range | | Exchange Ratio |
|--------------------------------|-------|----------------|
| 1.186 | 2.286 | 1.250 |

Accretion/Dilution Analysis

Citigroup reviewed the potential pro forma financial effects of the transactions on LINN's distributable cash flow per unit for the calendar years 2013, 2014, and 2015 and derived therefrom the corresponding impact on LinnCo's distributable cash flow per share in the corresponding periods, without giving effect to potential strategic implications, operational benefits or accounting adjustments anticipated to result from the transactions.

Table of Contents

For the purposes of this analysis, Citigroup assumed that the transactions would be completed on January 1, 2013. However, Citigroup took into account the \$6.0 million per year incremental cash distribution from LINN to LinnCo for the calendar years 2013, 2014 and 2015 pursuant to the Contribution Agreement as well as the per share cash impact from the tax liability expected to be created at LinnCo as part of the transactions. Financial data of LINN were based on internal estimates of LINN's management. Financial data of Berry were based on internal estimates of Berry's management as adjusted by LINN's management. Based on the exchange ratio provided for in the merger agreement, this analysis indicated that the transactions would be accretive to LINN's estimated distributable cash flow per unit and LinnCo's estimated distributable cash flow per share for the calendar years 2013, 2014 and 2015 as follows:

| | Percentage Accretion/(Dilution) |
|--|--|
| <i>LINN Distributable Cash Flow per Unit</i> | |
| Calendar Year 2013 | 8.7% |
| Calendar Year 2014 | 11.1% |

Other Information

Citigroup also reviewed, for informational purposes, among other things, the following:

Historical trading prices for LinnCo, LINN and Berry derived by dividing daily closing prices of LinnCo common shares, LINN units and Berry common stock, noting that the low and high trading prices during the 52-week period ended February 19, 2013 (or, in LinnCo's case, the period since its IPO) indicate an implied exchange ratio reference range of 0.748x to 1.629x, as compared to the exchange ratio of 1.250x provided for in the merger agreement; and

Forward price targets for LinnCo common shares, LINN units and Berry common stock in publicly available analyst research reports, noting that the low and high stock price targets indicate an implied exchange ratio reference range of 0.681x to 1.389x, as compared to the exchange ratio of 1.250x provided for in the merger agreement.

Table of Contents*Valuation of Berry**Net Asset Value Analyses*

Evercore calculated the net present value of estimates of future after-tax cash flows based on the reserve report projections provided by Berry described above. Evercore evaluated four scenarios in which the principal variables were oil and natural gas prices. The four pricing scenarios were based on benchmarks for spot sales of West Texas Intermediate crude oil and for spot sales of Henry Hub natural gas. One scenario was based on the annual average of oil and natural gas futures contract prices quoted on the New York Mercantile Exchange for five years and held flat thereafter. Benchmark prices for the other three scenarios were projected to be \$75.00, \$90.00, and \$105.00 per barrel of oil and \$3.50, \$4.00, and \$4.50 per million British thermal units for natural gas. Applying various after-tax discount rates ranging from 8.0% to 25.0% depending on reserve category to the after-tax cash flows of the proved and non-proved reserve estimates, and adjusting for the present value of the future estimated effects of hedging at discount rates ranging from 8.0% to 10.0%, firm transportation commitment liabilities at discount rates ranging from 5.0% to 10.0% and general and administrative expenses and cash taxes at discount rates ranging from 12.0% to 15.0%, Evercore calculated the following implied net asset value for Berry:

| | Five Year Strip | | \$75 Oil & \$3.50 Natural Gas | | \$90 Oil & \$4.00 Natural Gas | | \$105 Oil & \$4.50 Natural Gas | |
|---------------------------------|-----------------|----------|----------------------------------|----------|----------------------------------|----------|-----------------------------------|----------|
| | Min | Max | Min | Max | Min | Max | Min | Max |
| Implied Net Asset Value (\$ MM) | \$ 3,815 | \$ 4,896 | \$ 2,733 | \$ 3,558 | \$ 3,855 | \$ 4,972 | \$ 5,061 | \$ 6,471 |

Evercore then adjusted for net debt at 12/31/2012 and for the present value of the future estimated effects of the deferred tax liability based on discount rates ranging from 5.0% to 10.0% to determine the following implied adjusted equity value for Berry:

| | Five Year Strip | | \$75 Oil & \$3.50 Natural Gas | | \$90 Oil & \$4.00 Natural Gas | | \$105 Oil & \$4.50 Natural Gas | |
|---------------------------------------|-----------------|----------|----------------------------------|----------|----------------------------------|----------|-----------------------------------|----------|
| | Min | Max | Min | Max | Min | Max | Min | Max |
| Implied Adjusted Equity Value (\$ MM) | \$ 2,167 | \$ 3,298 | \$ 1,085 | \$ 1,961 | \$ 2,207 | \$ 3,374 | \$ 3,413 | \$ 4,873 |

Each of the 27 transactions selected by Evercore had a transaction value between \$1.0 billion and \$10.0 billion, although Evercore noted that none of the selected transactions or the selected companies that participated in the selected transactions was directly comparable to the transaction or LinnCo. Evercore applied relevant premiums ranging from 20% to 30% for a one-day premium, 20% to 30% for a five-day premium and 25% to 35% for a one-month premium. analyses and did not draw, in isolation, conclusions from or with regard to any one analysis or factor considered by it for purposes of its opinion. Rather, Evercore made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all the analyses. In addition, Evercore may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis or combination of analyses described above should not be taken to be the view of Evercore with respect to the actual value of the common stock, unit or asset value, as the case may be, of LinnCo, Berry or LINN. No company used in the above analyses as a comparison is directly comparable to LinnCo, Berry or LINN, and no precedent transaction used is directly comparable to the transaction. Furthermore, Evercore's analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies or transactions used, including judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of LinnCo, Berry, LINN and their respective advisors.

Evercore prepared these analyses solely for the information and benefit of the LinnCo Conflicts Committee and for the purpose of providing an opinion to the LinnCo Conflicts Committee as to the fairness, from a financial point of view, of the Contribution Consideration to be paid by LINN to LinnCo pursuant to the merger agreement and Contribution Agreement. These analyses do not purport to be appraisals or to necessarily reflect the prices at which the business or securities actually may be sold. Any estimates contained in these analyses are not necessarily indicative of actual future results, which may be significantly more or less favorable than those suggested by such estimates. Accordingly, estimates used in, and the results derived from, Evercore's analyses are inherently subject to substantial uncertainty, and Evercore assumes no responsibility if future results are materially different from those forecasted in such estimates.

Under the terms of Evercore's engagement letter with the LinnCo Conflicts Committee and LinnCo, LinnCo has agreed to pay Evercore customary fees for a transaction of this nature. In addition, LinnCo has agreed to reimburse Evercore for its reasonable and documented out-of-pocket expenses (including legal fees, expenses and disbursements) incurred in connection with its engagement and to indemnify Evercore and any of its members, parties officers, advisors, representatives, employees, agents, affiliates or controlling persons, if any, against certain liabilities and expenses arising out of its engagement.

Evercore or its affiliates may, in the ordinary course of business, actively trade equity, debt or other securities, or related derivative securities, or other financial instruments, including bank loans and other obligations, of LinnCo, Berry, LINN or any of their respective affiliates, for their own account and for the accounts of their customers and, accordingly, may at any time hold a long or short position in such securities or instruments. During the past two years, no material relationship existed between Evercore and its affiliates and LinnCo, Berry or LINN or any of their respective affiliates pursuant to which compensation was received by Evercore or its affiliates as a result of such a relationship. As the LinnCo Conflicts Committee has acknowledged, Evercore has been engaged in a process to sell oil and natural gas properties, a portion of which are owned by LINN. Evercore may provide financial or others services to LinnCo, Berry or LINN in the future and in connection with any such services may receive compensation. Evercore has not provided any services to Berry or LINN, or any of their affiliates in connection with the transaction.

The LinnCo Conflicts Committee engaged Evercore to act as a financial advisor based on its qualifications, experience and reputation. Evercore is an internationally recognized investment banking firm and is regularly engaged in the valuation of businesses in connection with mergers and acquisitions, leveraged buyouts, competitive biddings, private placements and valuations for corporate and other purposes.

Table of Contents

Greenhill's written opinion was addressed to the LINN Conflicts Committee. It was not a recommendation to the LINN Conflicts Committee as to whether it should approve the Contribution, the Contribution Agreement or the merger agreement, nor does it constitute a recommendation as to how any unitholder of LINN should vote at the LINN annual meeting. Greenhill was not requested to opine as to, and its opinion does not in any manner address, the relative merits of the Contribution as compared to other business strategies or transactions that might have been available to LINN or LINN's underlying business decision to proceed with or effect the Contribution. Greenhill has not expressed any opinion as to any aspect of the transactions contemplated by Contribution Agreement or the merger agreement other than the fairness, from a financial point of view, of the proposed Contribution to LINN. Greenhill's opinion did not address in any manner the price at which LINN units will trade at any future time.

In conducting its review and analysis and rendering its opinion, Greenhill assumed and relied upon, without independent verification, the accuracy and completeness of the information publicly available, supplied or otherwise made available to it by representatives and management of LINN, LinnCo and Berry for the purposes of its opinion and further relied upon the assurances of representatives and management of LINN, LinnCo and Berry, as applicable, that they were not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the financial forecasts and projections and other data that have been furnished or otherwise provided to it, Greenhill assumed that such forecasts, projections and other data were reasonably prepared on a basis reflecting the best currently available estimates and good faith judgments of the management of LINN and Berry, as applicable, as to those matters, and it relied upon such forecasts, projections and other data in arriving at its opinion. With respect to the estimates of oil and gas reserves furnished or otherwise provided to it, Greenhill assumed that such estimates were reasonably prepared on bases reflecting the best available estimates and judgments of the management and staff of LINN and Berry (and D&M, as applicable) relating to the oil and gas properties of LINN and Berry, respectively, and Greenhill relied upon such estimates. Greenhill did not express an opinion with respect to such forecasts, projections, estimates and other data or the assumptions on which they are based. For purposes of this opinion, EBITDA is defined as earnings before interest, taxes, depreciation and amortization and exploration expense.

Greenhill did not make any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of LINN or Berry and, except for the estimates of oil and gas reserves referred to above, Greenhill was not furnished with any such valuations or appraisals. Greenhill assumed that the Contribution will be consummated in accordance with the terms set forth in the final, executed merger agreement and Contribution Agreement, which Greenhill further assumed conformed in all material respects to the latest draft thereof that Greenhill reviewed, and without any waiver or amendment of any material terms or conditions set forth in the merger agreement or the Contribution Agreement. Greenhill further assumed that all material governmental, regulatory and other consents and approvals necessary for the consummation of the merger and the Contribution will be obtained without any effect on LINN, LinnCo or Berry meaningful to its analyses.

Greenhill's opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to Greenhill as of, the date of its opinion. It should be understood that subsequent developments may affect Greenhill's opinion, and Greenhill does not have any obligation to update, revise, or reaffirm its opinion.

The following is a summary of the material financial and comparative analyses provided by Greenhill to the LINN Conflicts Committee in connection with rendering its opinion described above. The summary set forth below does not purport to be a complete description of the analyses performed by Greenhill, nor does the order of analyses described represent relative importance or weight given to those analyses by Greenhill. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are not alone a complete description of Greenhill's analyses.

The proposed merger consideration is 1.250 shares of LinnCo per share of Berry common stock (the Proposed Exchange Ratio). In the Contribution, LINN will issue 71.6 million units to LinnCo as consideration for the contribution of Berry from LinnCo to LINN (the Issuance). In the analysis described below, Greenhill

Table of Contents

refers to such 1.250 shares of LinnCo per share of Berry common stock as the proposed merger consideration. Based on LinnCo's closing stock price of \$36.66 per share as reported on the NASDAQ on February 15, 2013 (two trading days prior to delivery of Greenhill's written opinion), Greenhill calculated the implied value of the proposed merger consideration to be \$45.83 per Berry share (1.250 x \$36.66). In the analysis described below, Implied Incremental LinnCo Ownership of LINN (calculated as the Issuance divided by the pro forma units outstanding at LINN after the Contribution) means the incremental ownership in LINN which LinnCo would receive in the Exchange implied by the various analyses outlined below for a period ending on the close of business on February 15, 2013. The Implied Incremental LinnCo Ownership of LINN as determined by the Proposed Exchange Ratio is 23.3%.

Comparable Transaction Analysis

Greenhill performed an analysis of precedent business combinations with a transaction value (TV) greater than \$500 million since January 1, 2009, involving target companies in the upstream oil and gas industry operating in North America and taxed as corporations that in Greenhill's judgment were relevant for its analysis. Although Greenhill analyzed the multiples implied by the selected transactions, none of these transactions or associated companies is identical to the merger or the Exchange or to LINN, LinnCo or Berry.

The following table identifies the 10 transactions reviewed by Greenhill in this analysis:

| Ann. | | | TV / FY + 1 | TV / | TV / |
|-------------|-----------------------------|---------------------------------|--------------------|-------------------|------------------------|
| Date | Acquiror | Target | EBITDA | Production | Proved Reserves |
| | | | | (\$/Boe/d) | (\$/Boe) |
| 12/5/2012 | Freeport-McMoRan | Plains Exploration & Production | 10.1x | \$ 97,318 | \$ 31.20 |
| 7/23/2012 | CNOOC Limited | Nexen Inc. | 4.7x | \$ 94,093 | \$ 21.63 |
| 4/25/2012 | Halcón Resources | GeoResources | 7.3x | \$ 147,509 | \$ 32.04 |
| 1/17/2012 | Denver Parent Corp., et. al | Venoco, et. al | 7.5x | \$ 167,963 | \$ 34.75 |
| 10/17/2011 | Statoil ASA | Brigham Exploration | 15.4x | \$ 228,124 | \$ 71.72 |
| 7/15/2011 | BHP Billiton Group | Petrohawk Energy | 10.8x | \$ 112,976 | \$ 27.52 |
| 6/2/2010 | SandRidge Energy | Arena Resources | 10.0x | \$ 195,000 | \$ 23.14 |
| 12/14/2009 | Exxon Mobil | XTO Energy | 5.9x | \$ 83,437 | \$ 16.34 |
| 11/1/2009 | Denbury Resources | Encore Acquisition Company | 8.3x | \$ 143,801 | \$ 18.22 |
| 3/23/2009 | Suncor Energy | Petro-Canada | 4.3x | \$ 58,476 | \$ 24.34 |

For these transactions, Greenhill observed that the mean, median, first quartile and third quartile multiples for each of the pertinent financial metrics were as follows:

| | TV / FY + 1 | TV / | TV / |
|----------------|--------------------|-------------------|------------------------|
| | EBITDA | Production | Proved Reserves |
| | | (\$/Boe/d) | (\$/Boe) |
| Mean | 8.4x | \$ 132,870 | \$ 30.09 |
| Median | 7.9x | \$ 128,388 | \$ 25.93 |

| Third Quartile | 10.1x | \$ 162,849 | \$ 31.83 |

Following these analyses and consistent with the concept of comparing the stand-alone valuation of Berry relative to the proposed Implied Incremental LinnCo Ownership of LINN, Greenhill applied certain comparable transaction financial multiples to Berry's estimated EBITDA for the 2013. Greenhill then applied certain comparable transaction operational multiples to Berry's proved reserves at December 31, 2012 and Berry's average daily production during the three months ending December 31, 2012. The multiple ranges were determined by using the first-and-third quartile multiple values as determined by the ten comparable transactions. A summary of this analysis is set forth below.

| | Berry Metric | Multiple Range | | Enterprise Value Range (\$MM) | | Equity Value Range (\$MM) | | Implied Value per Share | |
|-------------------------------|--------------|----------------|-----------|-------------------------------|---------|---------------------------|---------|-------------------------|----------|
| 2013E EBITDA | \$666 | 6.2x | 10.1x | \$4,158 | \$6,711 | \$2,475 | \$5,028 | \$43.21 | \$87.80 |
| 2012A Proved Reserves (MMBoe) | 275 | \$22.01 | \$31.83 | \$6,065 | \$8,771 | \$4,382 | \$7,088 | \$76.51 | \$123.76 |
| Q4 2012A Daily Prod. (MBoe/d) | 40 | \$94,899 | \$162,849 | \$3,749 | \$6,433 | \$2,065 | \$4,749 | \$36.06 | \$82.93 |

Based on the average of these three analyses, Greenhill derived an implied valuation range for Berry common shares of \$51.93 to \$98.16 per share. This implied exchange ratios ranging from 1.417x to 2.678x and an Implied Incremental LinnCo Ownership of LINN ranging from 25.7% to 39.5% (compared to 23.3% as determined by the Proposed Exchange Ratio). This range for the implied exchange ratio represents a 13% to 114% premium to the Proposed Exchange Ratio of 1.250x.

Premiums Paid Analysis

Greenhill performed an analysis of the premiums paid in precedent business combinations with a TV greater than \$500 million since January 1, 2009, involving target companies in the upstream oil and gas industry operating in North America and taxed as corporations that in Greenhill's judgment were relevant for its analysis. Although Greenhill analyzed the multiples implied by the selected transactions, none of these transactions or associated companies is identical to the merger or the Contribution or to LINN, LinnCo or Berry.

Using publicly-available information at the time of the announcement of the relevant transaction, including company filings and third-party transaction databases, Greenhill reviewed the consideration paid in the transactions and analyzed the premium of each such transaction over the trading price on the last trading day and the average trading price over the one calendar week and one calendar month before the announcement of the applicable transaction.

The following table identifies the 10 transactions reviewed by Greenhill in this analysis:

| Announcement | | | Premium to | Premium to | Premium to |
|--------------|-----------------------------|---------------------------------|------------|------------|------------|
| Date | Acquiror | Target | 1-Day | 1-Week | 1-Month |
| | | | Prior | Average | Average |
| | | | | Prior | Prior |
| 12/5/2012 | Freeport-McMoRan | Plains Exploration & Production | 39% | 41% | 42% |
| 7/23/2012 | CNOOC Limited | Nexen Inc. | 61% | 62% | 66% |
| 4/25/2012 | Halcón Resources | GeoResources | 23% | 24% | 19% |
| 1/17/2012 | Denver Parent Corp., et. al | Venoco, et. al | 63% | 59% | 74% |
| 10/17/2011 | Statoil ASA | Brigham Exploration | 20% | 29% | 35% |
| 7/15/2011 | BHP Billiton Group | Petrohawk Energy | 65% | 63% | 61% |
| 6/2/2010 | SandRidge Energy | Arena Resources | 23% | 26% | 28% |
| 12/14/2009 | Exxon Mobil | XTO Energy | 25% | 26% | 23% |
| 11/1/2009 | Denbury Resources | Encore Acquisition Company | 35% | 25% | 20% |
| 3/23/2009 | Suncor Energy | Petro-Canada | 33% | 32% | 45% |

Table of Contents

For these transactions, Greenhill observed that the median premium over the closing price of the target one day prior to the announcement was 33.8%, the median premium over the average closing share price of the target one calendar week prior to announcement was 30.5% and the median premium over the average closing share price of the target one calendar month prior to announcement was 39.0%.

Following these analyses and consistent with the concept of comparing the stand-alone valuation of Berry relative to the proposed Implied Incremental LinnCo Ownership of LINN, Greenhill applied certain comparable premium ranges to Berry's stock price one day prior, one week prior and one month prior to Berry's closing price of \$39.50 on February 15, 2013. The premium ranges were determined by using the first-and-third quartile multiple values as determined by the ten comparable transactions. A summary of this analysis is set forth below.

| | Berry Share Price | Premium Range | | Enterprise Value Range (\$MM) | | Equity Value Range (\$MM) | | Implied Value per Share | |
|-----------------|-------------------|---------------|--|-------------------------------|--|---------------------------|--|-------------------------|---------|
| One-Day Prior | \$ 39.50 | 24% 56% | | \$ 4,481 \$5,203 | | \$ 2,798 \$3,519 | | \$ 48.86 | \$61.45 |
| One-Week Prior | \$ 39.50 | 26% 54% | | \$ 4,534 \$5,176 | | \$ 2,851 \$3,493 | | \$ 49.78 | \$60.99 |
| One-Month Prior | \$ 39.50 | 24% 57% | | \$ 4,497 \$5,236 | | \$ 2,814 \$3,553 | | \$ 49.14 | \$62.04 |

Based on the average of these three analyses, Greenhill derived an implied valuation range for Berry common shares of \$49.26 to \$61.50 per share. This implied exchange ratios ranging from 1.344x to 1.677x and an Implied Incremental LinnCo Ownership of LINN ranging from 24.7% to 29.0% (compared to 23.3% as determined by the Proposed Exchange Ratio). This range for the implied exchange ratio implies a 7% premium to 34% premium to the Proposed Exchange Ratio of 1.250x.

Financial Contribution Analysis of LINN and Berry

Greenhill examined the implied contribution of each of LINN and Berry to the combined company's estimated EBITDA and distributable cash flows for the years 2013, 2014 and 2015, in each case using projections derived from LINN's management forecast (see Certain Unaudited Prospective Financial and Operating Information Unaudited Prospective Financial and Operating Information Provided to the LINN Board of Directors, the LinnCo Board of Directors, Citigroup, Evercore and Greenhill). In Greenhill's judgment, these are the two most relevant financial metrics for a business combination transaction involving upstream oil & gas master limited partnerships. Additionally, as is customary in a contribution analysis with stock consideration, Greenhill did not take into account potential synergies in conducting the contribution analyses, due to the difficulty in projecting the level and timing around recognition of such synergies. The following table sets forth the results of this analysis:

| Metric | Implied LINN Ownership | Implied Berry Ownership | Implied Exchange Ratio |
|------------------------|------------------------|-------------------------|------------------------|
| 2013E EBITDA | 71% | 29% | 1.673x |
| 2014E EBITDA | 70% | 30% | 1.741x |
| 2015E EBITDA | 68% | 32% | 1.921x |
| 2013E Distr. Cash Flow | 70% | 30% | 1.742x |
| 2014E Distr. Cash Flow | 69% | 31% | 1.863x |
| 2015E Distr. Cash Flow | 66% | 34% | 2.160x |

The average implied exchange ratio as determined by EBITDA contribution was 1.778x and the average implied exchange ratio as determined by distributable cash flow contribution was 1.921x. This implied exchange ratio range (1.778x to 1.921x) represents a 42.3% to 53.7% premium to the Proposed Exchange Ratio of 1.250x and an Implied Incremental LinnCo Ownership of LINN ranging from 30.2% to 31.9% (compared to 23.3% as determined by the Proposed Exchange Ratio).

Table of Contents*Operational Contribution Analysis of LINN and Berry*

Greenhill examined the implied contribution of each of LINN and Berry to the combined company's estimated production for the years 2013, 2014 and 2015, proved reserve volumes as of December 31, 2012, 3P reserve volumes as of December 31, 2012, proved reserve PV-10 as of December 31, 2012, proved reserve PV-10 adjusted for mark-to-market hedge value as of December 31, 2012 and 3P reserve PV-10 adjusted for hedge value as of December 31, 2012. Estimated production for both LINN and Berry was derived from LINN management estimates, proved reserve volumes and PV-10 metrics were based on year-end audited reserve reports provided by D&M and 3P reserve volume and PV-10 estimates were derived from LINN management estimates (see Certain Unaudited Prospective Financial and Operating Information Unaudited Prospective Financial and Operating Information Provided to the LINN Board of Directors, the LinnCo Board of Directors, Citigroup, Evercore and Greenhill). In Greenhill's judgment, these are the most relevant operational metrics for a business combination transaction involving upstream oil & gas master limited partnerships. The following table sets forth the results of this analysis:

| Metric | Implied LINN Ownership | Implied Berry Ownership | Implied Exchange Ratio |
|--------------------|------------------------|-------------------------|------------------------|
| 2013E Production | 78% | 22% | 1.156x |
| 2014E Production | 78% | 22% | 1.162x |
| 2015E Production | 76% | 24% | 1.262x |
| 1P Reserve Volumes | 74% | 26% | 1.415x |
| 3P Reserve Volumes | 80% | 20% | 1.031x |
| 1P Reserve PV-10 | 54% | 46% | 3.434x |
| 1P Adjusted PV-10 | 58% | 42% | 3.004x |
| 3P Adjusted PV-10 | 61% | 39% | 2.648x |

The average implied exchange ratio as determined by production contribution was 1.193x, the average implied exchange ratio as determined by reserve contribution was 1.223x and the average implied exchange ratio as determined by PV-10 contribution was 3.029x. This implied exchange ratio range (1.193x to 3.029x) represents a (4.5%) to 142.3% premium to the Proposed Exchange Ratio of 1.250x and an Implied Incremental LinnCo Ownership of LINN ranging from 22.5% to 42.5% (compared to 23.3% as determined by the Proposed Exchange Ratio).

Although none of the selected companies is directly comparable to Berry, the companies included were chosen because they are publicly traded companies in the upstream oil & gas industry with operations that for purposes of analysis may be considered similar to the operations of Berry and of a size comparable to Berry. Criteria for selecting comparable companies included the commodity mix of production and reserves, the geographic location of production and reserves, the expected reserve life, the expected growth profile, leverage statistics and general business and financial considerations (including business risks, size and scale). Because there is no control premium associated with public companies trading levels, Greenhill did not apply a control premium to the valuation implied from the comparable company analyses.

For each of the companies selected by Greenhill, Greenhill reviewed, among other information:

The ratio of equity value based on closing stock prices on February 15, 2013 as a multiple of estimated cash flow in calendar years 2013 and 2014;

The ratio of enterprise value, or EV, which was calculated as equity value based on closing stock prices on February 15, 2013, plus book value of debt, less cash and cash equivalents, as a multiple of estimated EBITDA in calendar years 2013 and 2014, as a multiple of proved reserves and as a multiple of expected production in calendar year 2013;

Greenhill compared financial information and calculated various multiples and ratios with respect to the selected companies and Berry based on information it obtained from public filings for historical information and Wall Street Consensus estimates as provided by FactSet for forecasted information for the selected companies and LINN management forecasts for Berry. The multiples and ratios of the selected companies and Berry were calculated using common stock closing prices on February 15, 2013.

The results of these analyses are summarized in the following table:

Using publicly available information, Greenhill additionally reviewed and analyzed future public market trading range price targets for Berry common stock prepared and published by equity research analysts. These targets reflect each analyst's estimate of the future public market trading range of Berry common stock and are

Table of Contents

not discounted to reflect present values. Greenhill reviewed 13 Wall Street analyst price targets for Berry published since November 2, 2012, which reflected a median of \$48.50 per share, a low target of \$32.00 per share and a high target of \$50.00 per share.

Following these analyses and consistent with the concept of comparing the stand-alone valuation of Berry relative to the proposed Implied Incremental LinnCo Ownership of LINN, Greenhill applied certain forward-looking comparable company trading multiples to Berry's management forecast estimates for Berry's EBITDA and CFPS for each of calendar year 2013 and 2014 as well as proved reserves as of December 31, 2012 and daily production estimated for 2013 (see Certain Unaudited Prospective Financial and Operating Information Unaudited Prospective Financial and Operating Information Provided to the LINN Board of Directors, the LinnCo Board of Directors, Citigroup, Evercore and Greenhill). Greenhill applied the range of multiples derived from the first and third quartiles of comparable company multiples to determine an appropriate valuation range for Berry based on the aforementioned metrics. A summary of this analysis is set forth below.

| | Berry Metric | Multiples Range | | Enterprise Value Range (\$MM) | | Equity Value Range (\$MM) | | Implied Value per Share | |
|-----------------------------------|--------------|-----------------|-----------|-------------------------------|---------|---------------------------|---------|-------------------------|---------|
| 2013E EBITDA | \$ 666 | 4.5x | 6.1x | \$2,980 - \$4,084 | | \$1,297 | \$2,400 | \$22.64 | \$41.91 |
| 2014E EBITDA | \$ 727 | 3.8x | 4.7x | \$2,766 | \$3,405 | \$1,082 | \$1,722 | \$18.90 | \$30.07 |
| 2013E CFPS | \$ 9.99 | 3.7x | 5.5x | \$3,818 | \$4,804 | \$2,135 | \$3,121 | \$37.28 | \$54.50 |
| 2014E CFPS | \$ 10.92 | 3.1x | 4.1x | \$3,622 | \$4,226 | \$1,938 | \$2,543 | \$33.84 | \$44.40 |
| 2012A Proved Reserves (MMBoe) | 275 | \$17.46 | \$25.95 | \$4,812 | \$7,150 | \$3,129 | \$5,467 | \$54.63 | \$95.46 |
| 2013E Daily Prod. (MBoe/d) | 41 | \$59,120 | \$124,248 | \$2,400 | \$5,044 | \$717 | \$3,361 | \$12.52 | \$58.69 |
| Wall Street Analyst Price Targets | | | | | | | | \$32.00 | \$50.00 |

Based on the average of these 7 comparative analyses, Greenhill derived an implied valuation range for Berry common shares of \$30.26 to \$53.57 per share and an implied exchange ratio of 0.825x to 1.461x. This implied exchange ratio range represents a (34%) to 17% premium to the Proposed Exchange Ratio of 1.250x and an Implied Incremental LinnCo Ownership of LINN ranging from 16.7% to 26.3% (compared to 23.3% as determined by the Proposed Exchange Ratio).

Other Considerations

The summary set forth above does not purport to be a complete description of the analyses performed by Greenhill, but simply describes, in summary form, the material analyses that Greenhill conducted in connection with rendering its opinion. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. In arriving at its opinion, Greenhill did not attribute any particular weight to any analyses or factors considered by it and did not form an opinion as to whether any individual analysis or factor, considered in isolation, supported or failed to support its opinion. Rather, Greenhill considered the totality of the factors and analyses performed in determining its opinion. Accordingly, Greenhill believes that the summary set forth above and its analyses must be considered as a whole and that selecting portions thereof, without considering all of its analyses, could create an incomplete view of the processes underlying its analyses and opinion. Greenhill based its analyses on assumptions that it deemed reasonable, including assumptions concerning general business and economic conditions and industry-specific factors. Analyses based on forecasts or projections of future results are inherently uncertain, as they are subject to numerous factors or events beyond the control of the parties or their advisors. Accordingly, Greenhill's analyses are not necessarily indicative of actual values or actual future results that might be achieved, which values may be higher or lower than those indicated or implied. Moreover, Greenhill's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold. In addition, no company or transaction used in Greenhill's analysis as a comparison is directly comparable to LINN or Berry or the contemplated merger or Contribution. Because these analyses are inherently subject to

Table of Contents

uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of LINN or Greenhill or any other person assumes responsibility if future results are materially different from those forecasts or projections.

The proposed merger consideration and the Implied Incremental LinnCo Ownership of LINN was determined through arms length negotiations between LINN, LinnCo and Berry and was approved by the LINN board of directors. Greenhill provided advice to LINN during these negotiations. Greenhill did not, however, recommend any specific amount of consideration to LINN or the LINN Conflicts Committee or that any specific amount of consideration constituted the only appropriate consideration for the merger or the Contribution. Greenhill's opinion did not in any manner address the underlying business decision to proceed with or effect the merger or the Contribution.

The LINN Conflicts Committee retained Greenhill based on its qualifications and expertise in providing financial advice and on its reputation as a nationally recognized investment banking firm. During the two years preceding the date of this opinion, Greenhill had no material relationship with LINN, LinnCo or Berry. Under the terms of Greenhill's engagement letter with the LINN Conflicts Committee, LINN has agreed to pay Greenhill a customary fee for a transaction of this nature, a substantial portion of which became payable upon the delivery of Greenhill's opinion (regardless of the conclusion reached) and none of which is contingent upon consummation of the transaction. Linn has also agreed to reimburse Greenhill for certain out-of-pocket expenses incurred by it in connection with its engagement and will indemnify Greenhill against certain liabilities that may arise out of its engagement. Greenhill may in the future provide additional financial advisory services to Linn for which Greenhill would expect to receive compensation.

Greenhill's opinion was one of the many factors considered by the LINN Conflicts Committee in evaluating the merger and the Contribution and should not be viewed as determinative of the views of the LINN Conflicts Committee with respect to the merger or the Contribution.

Certain Unaudited Prospective Financial and Operating Information

None of Berry, LinnCo or LINN as a matter of course makes public long-term projections as to its future revenues, production, earnings or other results due to, among other reasons, the uncertainty of the underlying assumptions and estimates. However, Berry and LINN are including the following summaries of the unaudited prospective financial and operating information because they were made available to the Berry board of directors and Credit Suisse and to the board of directors of LinnCo and LINN and Citigroup, Evercore and Greenhill, in connection with their respective evaluations of the merger, and Credit Suisse, Citigroup, Evercore and Greenhill were authorized to rely upon such information for purposes of their respective analyses and opinions. The inclusion of this information should not be regarded as an indication that any of Berry, LinnCo, LINN, the LinnCo Conflicts Committee, the LINN Conflicts Committee, Credit Suisse, Citigroup, Evercore or Greenhill or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual future results.

The unaudited prospective financial and operating information prepared by the managements of Berry and LINN, respectively, was, in general, prepared solely for their internal use and is subjective in many respects. As a result, there can be no assurance that the prospective results will be realized or that actual results will not be significantly higher or lower than estimated. Since the unaudited prospective financial and operating information covers multiple years, such information by its nature becomes less predictive with each successive year. Berry stockholders, LinnCo shareholders and LINN unitholders are urged to review Berry's and LINN's SEC filings for a description of risk factors with respect to Berry's business and LINN's business, respectively, as well as the section of this joint proxy statement/prospectus entitled Risk Factors. See also Cautionary Statement Regarding Forward-Looking Statements and Where You Can Find More Information. The unaudited prospective financial and operating information was not prepared with a view toward public disclosure, nor was it prepared with a view toward compliance with GAAP, published guidelines of the SEC or the guidelines

established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial and operating information. In addition, the unaudited prospective financial and operating information requires significant estimates and assumptions that make it inherently less comparable to the similarly titled GAAP measures in the historical GAAP financial statements of Berry and LINN. None of Berry's independent registered public accounting firm, LinnCo's independent registered public accounting firm, LINN's independent registered public accounting firm, or any other independent accountants, has compiled, examined or performed any procedures with respect to the unaudited prospective financial and operating information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability. The report of the independent registered public accounting firm to each of Berry and LINN contained in each such party's Annual Report on Form 10-K for the year ended December 31, 2012, each of which is incorporated by reference into this joint proxy statement/prospectus, and the report of the independent registered public accounting firm to LinnCo contained in the registration statement of which this joint proxy statement/prospectus forms a part, each relates to the applicable party's historical financial information. Those reports do not extend to the unaudited prospective financial and operating information and should not be read to do so. Furthermore, the following unaudited prospective financial and operating information does not take into account any circumstances or events occurring after the date it was prepared. For the purposes of the tables set forth below, EBITDA, which LINN refers to as adjusted EBITDA (see *Additional Information About Linn Energy, LLC Management's Discussion and Analysis of Financial Condition and Results of Operations Non-GAAP Financial Measures*), is generally the amount of the relevant company's earnings before interest, taxes, depreciation, depletion, amortization and exploration expenses for a specified time period.

No assurances can be given that the assumptions made in preparing the above unaudited prospective financial and operating information will accurately reflect future conditions. The estimates and assumptions underlying the unaudited prospective financial and operating information involve judgments with respect to, among other things, future economic, competitive, regulatory and financial market conditions and future business decisions which may not be realized and that are inherently subject to significant business, economic, competitive and regulatory uncertainties and contingencies, including, among others, risks and uncertainties described under Risk Factors and Cautionary Statement Regarding Forward-Looking Statements, all of which are difficult to predict and many of which are beyond the control of Berry, LinnCo and LINN and will be beyond the control of the combined company following the merger. There can be no assurance that the underlying assumptions will prove to be accurate or that the projected results will be realized, and actual results likely will differ, and may differ materially, from those reflected in the unaudited prospective financial and operating information, whether or not the merger is completed.

In addition, although presented with numerical specificity, the above unaudited prospective financial and operating information reflects numerous assumptions and estimates as to future events made by Berry and LINN management that Berry and LINN management believed were reasonable at the time the unaudited prospective financial and operating information was prepared. The above unaudited prospective financial and operating information does not give effect to the merger or the related transactions. Berry stockholders, LinnCo shareholders and LINN unitholders are urged to review (i) Berry's most recent SEC filings for a description of Berry's reported results of operations and financial condition and capital resources during 2012, including Management's Discussion and Analysis of Financial Condition and Results of Operations in Berry's Annual Report on Form 10-K for the year ended December 31, 2012, which is incorporated by reference into this joint proxy statement/prospectus, (ii) LINN's most recent SEC filings for a description of LINN's reported results of operations and financial condition and capital resources during 2012, including Management's Discussion and Analysis of Financial Condition and Results of Operations in LINN's Annual Report on Form 10-K for the year ended December 31, 2012, which is incorporated by reference into this joint proxy statement/prospectus, and (iii) the section entitled Additional Information About LinnCo, LLC Management's Discussion and Analysis of Financial Condition and Results of Operations for a description of LinnCo's reported results of operations and financial condition and capital resources during 2012.

Readers of this joint proxy statement/prospectus are cautioned not to place undue reliance on the unaudited prospective financial and operating information set forth above. No representation is made by Berry, LinnCo, LINN, their respective financial advisors or any other person to any Berry stockholder, LinnCo shareholder or LINN unitholder regarding the ultimate performance of Berry, LinnCo or LINN compared to the information included in the above unaudited prospective financial and operating information. The inclusion of unaudited prospective financial and operating information in this joint proxy statement/prospectus should not be regarded as an indication that such prospective financial and operating information will be an accurate prediction of future events, and such information should not be relied on as such.

BERRY, LINNCO AND LINN DO NOT INTEND TO UPDATE OR OTHERWISE REVISE THE ABOVE UNAUDITED PROSPECTIVE FINANCIAL AND OPERATING INFORMATION TO REFLECT CIRCUMSTANCES EXISTING AFTER THE DATE WHEN MADE OR TO REFLECT THE OCCURRENCE OF FUTURE EVENTS, EVEN IN THE EVENT THAT ANY OR ALL OF THE ASSUMPTIONS UNDERLYING SUCH PROSPECTIVE FINANCIAL AND OPERATING INFORMATION ARE NO LONGER APPROPRIATE, EXCEPT AS MAY BE REQUIRED BY LAW.

Upon completion of the merger, Berry Class A common stock will be delisted from the NYSE and deregistered under the Exchange Act. The LinnCo common shares issuable in the merger will be listed on the NASDAQ.

Appraisal Rights

Holders of Berry common stock who do not vote in favor of the proposal to adopt the merger agreement and the transactions contemplated by the merger agreement, including the HoldCo Merger and the LinnCo Merger, and who otherwise comply with the applicable statutory procedures of Section 262 of the DGCL will have the right to have the fair value of their Berry shares at the effective time of the Holdco Merger (exclusive of any element of value arising from the accomplishment or expectation of the Holdco Merger) determined by the Court of Chancery of the State of Delaware (the Court of Chancery) and to receive payment based upon that valuation, together with a fair rate of interest, in lieu of the merger consideration.

The following is intended as a brief summary of the material provisions of Section 262 of the DGCL required to be followed by a stockholder in order to perfect appraisal rights. This summary, however, is not a complete statement of law pertaining to appraisal rights under Section 262 of the DGCL and is qualified in its entirety by the full text of Section 262 of the DGCL, which is attached as Annex I to this joint proxy statement/prospectus. The perfection and exercise of appraisal right requires strict and timely adherence to the applicable provisions of the DGCL. Failure to follow the requirements of Section 262 of the DGCL for perfecting appraisal rights may result in the loss of such rights. All references in this summary to a stockholder are to the record holder of Berry common stock on the record date for the Berry special meeting unless otherwise indicated.

Table of Contents

If you wish to consider exercising your appraisal rights, you should carefully review the text of Section 262 of the DGCL contained in Annex I hereto carefully and should consult your legal advisor since failure to timely and properly comply with the requirements of Section 262 of the DGCL may result in the loss of your appraisal rights under the DGCL. All demands for appraisal must be received prior to the vote on the proposal to adopt the merger agreement at the Berry special meeting and should be addressed to Berry Petroleum Company, 1999 Broadway, Suite 3700, Denver, Colorado 80202, Attention: Secretary, and should be executed by, or on behalf of, the record holder of the shares of Berry common stock. Holders of Berry common stock who desire to exercise their appraisal rights must not vote in favor of the proposal to adopt of the merger agreement and the transactions contemplated by the merger agreement, including the HoldCo Merger and the LinnCo Merger, and must continuously hold their shares of Berry common stock through the effective date of the merger.

Under Section 262 of the DGCL, where a merger agreement relating to a proposed merger is to be submitted for adoption at a meeting of stockholders, as in the case of the Berry special meeting, the corporation, not less than 20 days prior to such meeting, must notify each of its stockholders who was a stockholder on the record date for notice of such meeting with respect to shares for which appraisal rights are available, that appraisal rights are so available, and must include in each such notice a copy of Section 262 of the DGCL. This joint proxy statement/prospectus constitutes the notice required by Section 262 of the DGCL to the holders of Berry common stock and a copy of Section 262 of the DGCL is attached to this joint proxy statement/prospectus as Annex I.

If you wish to exercise appraisal rights you must not vote for the proposal to adopt the merger agreement and must deliver to Berry, before the vote on the proposal to adopt the merger agreement, a written demand for appraisal of your shares of Berry common stock. If you sign and return a proxy card that does not contain voting instructions or submit a proxy by telephone or through the Internet that does not contain voting instructions, you will effectively waive your appraisal rights because such shares represented by the proxy will, unless the proxy is revoked, be voted in favor of the proposal to adopt the merger agreement. Therefore, a stockholder who submits a proxy and who wishes to exercise appraisal rights must either vote against the proposal to adopt the merger agreement or abstain from voting on the proposal to adopt the merger agreement. However, neither voting against the proposal to adopt the merger agreement, nor abstaining from voting or failing to vote on the proposal to adopt the merger agreement, will in and of itself constitute a written demand for appraisal satisfying the requirements of Section 262 of the DGCL.

A demand for appraisal will be sufficient if it reasonably informs Berry of the identity of the stockholder and that such stockholder intends thereby to demand appraisal of such stockholder's shares of common stock in connection with the merger agreement. This written demand for appraisal must be separate from any proxy or vote abstaining from or voting against the proposal to adopt the merger agreement. If you wish to exercise appraisal rights, you must be the record holder of such shares of Berry common stock on the date the written demand for appraisal is made and you must continue to hold such shares of record through the effective date of the HoldCo Merger. Accordingly, a stockholder who is the record holder of shares of common stock on the date the written demand for appraisal is made, but who thereafter transfers such shares prior to the effective date of the HoldCo Merger, will lose any right to appraisal in respect of such shares.

Only a holder of record of shares of Berry common stock on the date a demand for appraisal is made is entitled to assert appraisal rights for such shares of common stock registered in that holder's name. To be effective, a demand for appraisal by a stockholder must be made by, or on behalf of, a stockholder of record on such date. The demand should set forth, fully and correctly, the stockholder's name as it appears, with respect to shares evidenced by certificates, on his or her stock certificate, or, with respect to book-entry shares, on the stock ledger. Beneficial owners who do not also hold their Berry shares of record may not directly make appraisal demands to Berry. The beneficial holder must, in such cases, have the owner of record, such as a broker, bank or other nominee, submit the required demand in respect of those shares of Berry common stock. If shares of Berry common stock are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, execution of a demand for appraisal should be made by or for the fiduciary; and if the shares of Berry common stock are owned of record by more than one person, as in a joint tenancy or tenancy in common, the demand should be

Table of Contents

executed by or for all joint owners. An authorized agent, including an authorized agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; however, the agent must identify the record owner or owners and expressly disclose the fact that, in executing the demand, he or she is acting as agent for the record owner. A record owner, such as a broker, who holds shares of Berry common stock as a nominee for others, may exercise his or her right of appraisal with respect to the shares of Berry common stock held for one or more beneficial owners, while not exercising this right for other beneficial owners. In that case, the written demand should state the number of shares of Berry common stock as to which appraisal is sought. Where no number of shares of Berry common stock is expressly mentioned, the demand will be presumed to cover all shares of Berry common stock held in the name of the record owner.

If you hold your shares of Berry common stock in a brokerage account or in other nominee form and you wish to exercise appraisal rights, you should consult with your broker or the other nominee to determine the appropriate procedures for the making of a demand for appraisal by the nominee.

If a stockholder who demands appraisal under Delaware law withdraws its demand for appraisal or fails to perfect or otherwise loses its right of appraisal, in any case pursuant to the DGCL, each share of Berry common stock held by such stockholder will be deemed to have been converted, as of the effective time of the merger, into the right to receive the merger consideration. A stockholder may withdraw his or her demand for appraisal and agree to accept the merger consideration by delivering to Berry a written withdrawal of his or her demand for appraisal and acceptance of the merger consideration within 60 days after the effective date of the merger (or thereafter with the consent of the surviving entity). Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery will be dismissed as to any stockholder without the approval of the Court of Chancery, and such approval may be conditioned upon such terms as the Court deems just; provided, however, that any stockholder who has not commenced an appraisal action or joined that proceeding as a named party may withdraw his or her demand for appraisal and agree to accept the merger consideration offered within 60 days after the effective date.

Within 10 days after the effective date, the surviving entity will notify each stockholder who properly asserted appraisal rights under Section 262 of the DGCL and has not voted in favor of the proposal to adopt the merger agreement of the effective date of the merger. Within 120 days after the effective date, but not thereafter, either the surviving entity, or any stockholder who has complied with the requirements of Section 262 of the DGCL and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the fair value of the shares of Berry common stock held by all stockholders entitled to appraisal. A person who is the beneficial owner of shares of Berry common stock held in a voting trust or by a nominee on behalf of such person may, in such person's own name, file the petition described in the previous sentence. Upon the filing of the petition by a stockholder, service of a copy of such petition must be made upon the surviving entity. The surviving entity of the merger does not have an obligation to file such a petition in the event there are dissenting stockholders. Accordingly, the failure of a stockholder to file such a petition within the period specified could nullify the stockholder's previously written demand for appraisal. LinnCo has no present intent to cause an appraisal petition to be filed, and stockholders seeking to exercise appraisal rights should not assume that the surviving entity will file such a petition or that it will initiate any negotiations with respect to the fair value of such shares of Berry common stock. Accordingly, stockholders who desire to have their shares of Berry common stock appraised should initiate any petitions necessary for the perfection of their appraisal rights within the time periods and in the manner prescribed in Section 262 of the DGCL.

The costs of the appraisal action may be determined by the Court of Chancery and made payable by the parties as the Court deems equitable. The Court also may order that all or a portion of the expenses incurred by any stockholder in connection with an appraisal, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts utilized in the appraisal proceeding, be charged pro rata against the value of all of the shares entitled to appraisal.

If a petition for appraisal is duly filed by a stockholder and a copy of the petition is delivered to the surviving entity of the merger, such surviving entity will then be obligated, within 20 days after receiving service

Table of Contents

of a copy of the petition, to provide the Court of Chancery with a duly verified list containing the names and addresses of all stockholders who have demanded an appraisal of their shares of Berry common stock and with whom agreements as to the value of their shares of Berry common stock have not been reached by the surviving entity. After notice to dissenting stockholders who demanded appraisal of their shares of Berry common stock, the Court of Chancery is empowered to conduct a hearing upon the petition, and to determine those stockholders who have complied with Section 262 of the DGCL and who have become entitled to the appraisal rights provided thereby. The Court of Chancery may require the stockholders who have demanded appraisal for their shares of Berry common stock to submit their stock certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with that direction, the Court of Chancery may dismiss the proceedings as to that stockholder.

Within 120 days after the effective date, any stockholder (including any beneficial owner of shares entitled to appraisal rights) that has complied with the requirements for exercise of appraisal rights will be entitled, upon written request, to receive from the surviving entity a statement setting forth the aggregate number of shares of Berry common stock not voted in favor of the adoption of the merger agreement and with respect to which demands for appraisal have been timely received and the aggregate number of holders of those shares. These statements must be mailed to the stockholder within 10 days after a written request by such stockholder for the information has been received by the surviving entity, or within 10 days after expiration of the period for delivery of demands for appraisal under Section 262 of the DGCL, whichever is later.

After determination of the stockholders entitled to appraisal of their shares of Berry common stock, the Court of Chancery will appraise the shares of Berry common stock, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger, together with interest, if any. Unless the Court of Chancery in its discretion determines otherwise for good cause shown, interest from the effective date through the date of payment of the judgment will be compounded quarterly and will accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. When the value is determined, the Court of Chancery will direct the payment of such value, with interest thereon accrued during the pendency of the proceeding, if the Court of Chancery so determines, to the stockholders entitled to receive the same, upon surrender by such stockholders of their certificates and book-entry shares.

In determining the fair value of the shares of Berry common stock, the Court of Chancery is required to take into account all relevant factors. Accordingly, such determination could be based upon considerations other than, or in addition to, the market value of the shares of Berry common stock, including, among other things, asset values and earning capacity. In *Weinberger v. UOP, Inc.*, the Delaware Supreme Court stated, among other things, that "proof of value by any techniques or methods which are generally considered acceptable in the financial community and otherwise admissible in court should be considered in an appraisal proceeding. The surviving entity of the merger may argue in an appraisal proceeding that, for purposes of such a proceeding, the fair value of the shares of Berry common stock is less than the merger consideration. Therefore, the value so determined in any appraisal proceeding could be the same as, or more or less than, the merger consideration.

Section 262 of the DGCL provides that fair value is to be "exclusive of any element of value arising from the accomplishment or expectation of the merger." In *Cede & Co. v. Technicolor, Inc.*, the Delaware Supreme Court stated that such exclusion is a "narrow exclusion [that] does not encompass known elements of value, but which rather applies only to the speculative elements of value arising from such accomplishment or expectation. In *Weinberger*, the Delaware Supreme Court construed Section 262 of the DGCL to mean that "elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered. In view of the complexity of Section 262 of the DGCL, stockholders who may wish to pursue appraisal rights should consult their legal advisors.

Any stockholder who has duly demanded and perfected an appraisal in compliance with Section 262 of the DGCL will not, after the effective date of the merger, be entitled to vote his or her shares for any purpose or be

Table of Contents

entitled to the payment of dividends or other distributions thereon, except dividends or other distributions payable to holders of record of shares of Berry common stock as of a date prior to the effective date of the merger.

If you desire to exercise your appraisal rights, you must not vote for the adoption of the merger agreement and you must strictly comply with the procedures set forth in Section 262 of the DGCL. Failure to take any required step in connection with the exercise of appraisal rights will result in the termination or waiver of such rights.

Regulatory Approvals Required for the Merger

Berry, LinnCo and LINN have agreed to use their reasonable best efforts to obtain all regulatory approvals required to complete the transactions contemplated by the merger agreement. These approvals include clearance under the HSR Act and the Federal Power Act (FPA) as well as approval from other regulatory authorities, including FERC. Berry, LinnCo and LINN have completed, or will complete, the filing of applications and notifications to obtain the required regulatory approvals.

The HSR Act, and the rules and regulations thereunder, provide that the transaction may not be completed until pre-merger notification filings have been made with the FTC and the Antitrust Division and the applicable waiting period has expired or is terminated. Even after the waiting period expires or is terminated, the Antitrust Division and the FTC retain the authority to challenge the transaction on antitrust grounds before or after the transaction is completed. On March 13, 2013, the FTC granted early termination of the waiting period with respect to the merger.

Berry owns and operates three combined heat and power cogeneration plants that primarily supply steam and electricity to Berry's oil production facilities in California; however, a portion of the electricity generated by these cogeneration plants is currently sold to Southern California Edison Company and Pacific Gas and Electric Company under long-term contracts at market-based rates authorized by FERC. While these plants are qualifying cogeneration facilities (QFs) that are exempt from most federal and state electric utility regulation under the Public Utilities Regulatory Policies Act of 1978 and are exempt from most provisions under the FPA, the FERC may be required to approve the change in control over Berry's market-based rate tariff and related books and records that would result from the merger under Section 203 of the FPA. On May 15, 2013, FERC approved this aspect of the merger.

We cannot assure you that all of the regulatory approvals will be obtained, and, if obtained, we cannot assure you as to the date of any approvals or the absence of any litigation challenging such approvals. Likewise, we cannot assure you that the Antitrust Division, the FTC or any state attorney general will not attempt to challenge the merger on antitrust grounds, and, if such a challenge is made, we cannot assure you as to its result.

Berry, LinnCo and LINN are not aware of any material governmental approvals or actions that are required for completion of the merger other than those described above. It is presently contemplated that if any such additional governmental approvals or actions are required, those approvals or actions will be sought. There can be no assurance, however, that any additional approvals or actions will be obtained.

Interests of Berry's Directors and Executive Officers in the Merger

Certain members of the board of directors and executive officers of Berry may be deemed to have interests in the merger that are in addition to, or different from, the interests of other Berry stockholders. The Berry board of directors was aware of these interests and considered them, among other matters, in approving the merger and the merger agreement and in making the recommendations that the Berry stockholders adopt the merger agreement and approve the merger and the other transactions contemplated by the merger agreement. For purposes of the Berry agreements and plans described below, to the extent applicable, the completion of the

Table of Contents

transactions contemplated by the merger agreement will constitute a change of control, change in control or term of similar meaning. These interests are described in further detail below, and certain of them are quantified in the narrative and table below.

Treatment of Berry Equity-Based Awards

Under the merger agreement, equity-based awards held by Berry's directors and executive officers as of the effective time of the merger will be treated at the effective time of the merger as follows:

Options. Each option to purchase shares of Berry common stock will be converted into an option to purchase, generally on the same terms and conditions as were applicable to such option immediately prior to the effective time of the merger, (1) a number of LINN units (rounded down to the nearest whole unit) equal to the product determined by multiplying the number of shares of Berry common stock subject to such option by the exchange ratio and by the LinnCo/LINN exchange ratio (as defined below), (2) at an exercise price per LINN unit (rounded up to the nearest whole cent) equal to the quotient determined by dividing the per share exercise price for the shares of Berry common stock subject to the option by the product determined by multiplying the exchange ratio and the LinnCo/LINN exchange ratio. The LinnCo/LINN exchange ratio is the average of the closing prices of one LinnCo common share on the NASDAQ on the last five full trading days prior to the closing date of the merger divided by the average of the closing prices of one LINN unit on the NASDAQ on the last five full trading days prior to the closing date of the merger.

Restricted Stock Units. Each unvested Berry RSU (excluding any Berry RSU held by a current or former non-employee director of Berry and any performance-based Berry RSU) will be converted as of the effective time of the merger into a restricted unit award in respect of the number of LINN units (rounded to the nearest whole unit) equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time of the merger by the exchange ratio and by the LinnCo/LINN exchange ratio, and will be subject generally to the same terms and conditions as were applicable to the related Berry RSU immediately prior to the effective time of the merger.

Each Berry RSU that is vested as of the effective time of the merger, that is held by a current or former non-employee director or that is subject to performance-based vesting criteria will be converted as of the effective time of the merger into a number of LinnCo common shares equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time by the exchange ratio. Each performance-based Berry RSU that is outstanding immediately prior to the effective time of the merger will be deemed to have been earned at the target level as specified in the applicable award agreement.

Pursuant to the terms of the employment agreements and change in control severance agreements with Berry's executive officers, all outstanding equity-based awards held by Berry's executive officers will become immediately vested in full upon a Qualifying Termination (as defined below under "Employment Agreements and Change in Control Severance Agreements").

For an estimate of the amounts that would be payable to each of Berry's named executive officers on settlement of their unvested equity-based awards that will vest upon the consummation of the merger or that would vest upon a Qualifying Termination, see "Quantification of Potential Payments to Berry's Named Executive Officers in Connection with the Merger" below. We estimate that the aggregate amount that would be payable to Berry's five other executive officers on settlement of their unvested equity-based awards that will vest upon the consummation of the merger or that would vest upon a Qualifying Termination if the effective time of the merger were March 18, 2013 (assuming a qualifying termination of employment on that date), and based on a price per share of Berry common stock of \$45.71 (the average closing price of a share of Berry common stock on the five days following the announcement of the merger), is \$2,768,537. All equity-based awards held by Berry's non-employee directors are vested.

Table of Contents
Employment Agreements and Change in Control Severance Agreements

Berry is party to employment agreements with its President and Chief Executive Officer, Robert F. Heinemann, Executive Vice President and Chief Financial Officer, David D. Wolf, and Executive Vice President and Chief Operating Officer, Michael Duginski, as well as change in control severance agreements with its seven other executive officers that provide for the severance benefits described below upon a termination of employment without cause or for good reason within two years following the consummation of the merger (a *Qualifying Termination*). In the case of Mr. Heinemann, a *Qualifying Termination* also includes a termination of employment without cause or for good reason during the six-month period prior to the consummation of the merger. The severance payments under the agreements are subject to the execution of a release of claims in favor of Berry. In addition, the employment agreements with Messrs. Heinemann, Wolf and Duginski contain restrictive covenants concerning confidentiality, noncompetition and nonsolicitation of employees and business partners. Subject to the consummation of the merger, Berry has agreed to limit the geographic scope of the noncompetition covenant with Mr. Duginski to California.

Severance Payment. Upon a *Qualifying Termination*, the executive officer will become entitled to a lump sum payment in an amount equal to the product of a severance multiple (as described below) multiplied by the sum of (a) the executive officer's annual base salary, (b) the executive officer's highest annual bonus in the last two years, (c) Berry's then maximum annual matching contribution to Berry's 401(k) Plan and (d) the executive officer's annual car allowance (except that in the case of Mr. Heinemann, the car allowance is payable in monthly installments rather than in lump sum). The severance multiple is (x) 3 for Mr. Heinemann, (y) 2.5 for Messrs. Wolf and Duginski and (z) 2 for all other executive officers.

Health Insurance Continuation. Upon a *Qualifying Termination*, the executive officer may elect to continue participating in Berry's health plan or a substantially equivalent plan. If the executive officer so elects, Berry will continue to pay a portion of the applicable premiums such that the executive officer's cost is the same as his or her cost as of the termination date (a) in the case of Messrs. Heinemann, Wolf and Duginski, until December 31 of the second calendar year following the calendar year in which the termination date occurs and (b) in the case of the other executive officers, for a number of years equal to the severance multiple, provided that in each case such benefits will cease if the executive officer becomes entitled to comparable benefits under another employer's health plan.

Life Insurance Continuation. Upon a *Qualifying Termination*, Berry will continue to provide or compensate the executive officer for the value of certain life insurance benefits for a number of years equal to the applicable severance multiple.

Equity-Based Award Vesting. Upon a *Qualifying Termination*, all outstanding equity-based awards held by Berry's executive officers will become immediately vested in full.

Reimbursement of Excise Taxes. In the event that it is determined that any of the payments and benefits described above or any other payments would subject the executive officer to excise taxes under Section 4999 of the Internal Revenue Code, Berry will provide for reimbursement of any such excise taxes.

For an estimate of the value of the payments and benefits described above that would be payable under the employment agreements or change in control severance agreements to each of Berry's named executive officers, see *Quantification of Potential Payments to Berry's Named Executive Officers in Connection with the Merger* below. We estimate that the aggregate amount of the cash severance payments and other benefits described above that would be payable to Berry's five other executive officers if the effective time of the merger were March 18, 2013 and they all experienced a *Qualifying Termination* at such time is \$5,412,998.

Retention Program

Under the merger agreement, Berry may establish a cash-based program in an aggregate amount of \$3 million for Berry employees identified by the chief executive officer of Berry (or his designee) that is

Table of Contents

designed to promote retention and reward extraordinary effort. Awards under the program will become payable upon the effective time of the merger or an earlier qualifying termination. As of the date of this joint proxy statement/prospectus, no awards under this program had been allocated to an executive officer of Berry.

Indemnification and Insurance

Berry is party to indemnification agreements with each of its directors and executive officers that require Berry, among other things, to indemnify each of the directors and executive officers against certain liabilities that may arise by reason of their status or service as directors or officers. In addition, pursuant to the terms of the merger agreement, Berry's directors and executive officers will be entitled to certain ongoing indemnification and coverage under directors' and officers' liability insurance policies from the surviving corporation. Such indemnification and insurance coverage is further described in the section entitled "The Merger Agreement - Indemnification and Insurance."

Board of Directors and Executive Officers of the Combined Company

The merger agreement provides that at least one member of the Berry board of directors as mutually agreed upon by Berry and LinnCo will become a member of the LinnCo board of directors or the LINN board of directors. The merger agreement does not specify whether any of Berry's officers will become officers of LinnCo or LINN.

Quantification of Potential Payments to Berry's Named Executive Officers in Connection with the Merger

The information set forth in the table below is intended to comply with Item 402(t) of Regulation S-K, which requires disclosures of information about certain compensation for each of Berry's named executive officers that is based on or otherwise relates to the merger ("Merger-based compensation") and assumes, among other things, that the named executive officers will incur a qualifying termination of employment immediately following a change in control. For additional details regarding the terms of the payments described below, see the discussion under the caption "Interests of Berry's Directors and Executive Officers in the Merger" above.

Please note that the amounts indicated below are estimates based on multiple assumptions that may or may not actually occur or be accurate on the relevant date, including assumptions described below, and do not reflect certain compensation actions that may occur before the completion of the merger. For purposes of calculating such amounts, we have assumed:

March 18, 2013 as the closing date of the merger, and

a termination of each named executive officer's employment by the combined company without cause or as a result of the executive's resignation for "good reason" immediately following the closing of the merger (each, a "Qualifying Termination").

| Name | Cash (\$) ⁽¹⁾ | Equity (\$) ⁽²⁾ | Perquisites/ Benefits (\$) ⁽³⁾ | Tax Reimbursement (\$) ⁽⁴⁾ | Total (\$) |
|---------------------------------|-----------------------------|-------------------------------|---|---|------------|
| Named Executive Officers | | | | | |
| Robert F. Heinemann | 6,097,200 | 6,716,331 | 136,986 | | 12,950,517 |
| Michael Duginski | 2,172,420 | 2,993,843 | 135,255 | | 5,301,518 |
| David D. Wolf | 1,981,000 | 3,170,137 | 132,180 | 1,653,262 | 6,936,579 |
| G. Timothy Crawford | 1,056,800 | 1,500,422 | 65,838 | | 2,623,060 |
| Davis O. O'Connor | 995,978 | 2,174,103 | 74,778 | 791,810 | 4,036,669 |

- (1) The cash payments payable to each of the named executive officers consist of a lump sum payment in an amount equal to the product of a severance multiple (as described below) multiplied by the sum of (a) the executive officer's annual base salary, (b) the executive officer's highest annual bonus in the

Table of Contents

last two years, (c) Berry's then maximum annual matching contribution to Berry's 401(k) Plan and (d) the executive officer's annual car allowance (except that in the case of Mr. Heinemann, the car allowance is payable in monthly installments rather than in lump sum). The severance multiple is (x) 3 for Mr. Heinemann, (y) 2.5 for Messrs. Wolf and Duginski and (z) 2 for Messrs. Crawford and O'Connor. These payments are double-trigger and subject to the execution of a release of claims in favor of Berry. In addition, in the case of Messrs. Heinemann, Wolf and Duginski, these amounts are payable under employment agreements containing restrictive covenants concerning confidentiality, noncompetition and nonsolicitation of employees and business partners and, with the exception of Mr. Heinemann, noncompetition.

- (2) As described in more detail in The Merger Agreement Treatment of Berry Equity-Based Awards, unvested equity-based awards held by Berry's named executive officers (other than performance-based RSUs) would be converted into corresponding awards in respect of LINN units and would continue to vest in accordance with their original vesting schedule. However, upon a Qualifying Termination, certain awards, including all outstanding RSUs and stock options, would immediately become vested (i.e., double-trigger). In addition, upon the effective time of the merger, performance-based RSUs held by Berry's named executive officers, would vest based on deemed satisfaction of target performance levels and would convert into LinnCo common shares (i.e., single-trigger). The amounts above and in the table below assume a price per share of Berry common stock of \$45.71 (the average closing price of Berry common stock on the five days following the announcement of the merger). Set forth below are the values of each type of equity-based award (including the value of any dividend equivalent rights associated with any equity-based award) that would be payable in connection with the merger. Each unvested option to purchase shares of Berry has an exercise price of greater than \$45.71.

| Name | Options (\$) | Time-Based RSUs (\$) ⁽²⁾ | Performance- Based RSUs (\$) |
|---------------------------------|-----------------|---|------------------------------------|
| Named Executive Officers | | | |
| Robert F. Heinemann | | 5,453,181 | 1,263,150 |
| Michael Duginski | | 2,429,918 | 563,924 |
| David D. Wolf | | 2,628,794 | 541,344 |
| G. Timothy Crawford | | 1,218,483 | 281,939 |
| Davis O. O'Connor | | 1,910,859 | 263,244 |

Upon a Qualifying Termination that occurs within the two-year period following the effective time of the merger, all vested options will remain exercisable until the later of the second anniversary of the date the holder's employment terminated and the date the converted option would otherwise cease to be exercisable in accordance with its terms (provided that in no event will the option be exercisable following the expiration of its original term).

- (3) The amounts above include the estimated value of health plan premiums for each named executive officer and his or her eligible dependents (a) in the case of Messrs. Heinemann, Wolf and Duginski, until December 31, 2015 and (b) in the case of Messrs. Crawford and O'Connor until April 1, 2015. In addition, the amounts above include the estimated value of term life insurance continuation for 36 months in the case of Mr. Heinemann, 30 months in the case of Messrs. Wolf and Duginski and 24 months in the case of Messrs. Crawford and O'Connor, which are valued at \$96,750, \$44,375, \$47,450, \$30,500 and \$29,536, respectively. All such benefits are double-trigger and subject to the execution of a release of claims in favor of Berry. In addition, in the case of Messrs. Heinemann, Wolf and Duginski, these amounts are payable under employment agreements containing restrictive covenants concerning confidentiality, nonsolicitation of employees and business partners, and, with the exception of Mr. Heinemann, noncompetition.
- (4) The estimated excise tax reimbursements are subject to change based on the actual closing date of the merger, date of termination of employment (if any) of the named executive officer, interest rates then in effect and certain other assumptions used in the calculations. The estimates do not take into account the value of any non-competition covenants with a named executive officer or certain amounts that

Table of Contents

may be reasonable compensation provided to the named executive officer, either before or after the closing of the merger, each of which may, in some cases, reduce the amount of the potential excise tax reimbursements. The excise tax reimbursements are single-trigger, provided that whether an excise tax may apply and the amount thereof may depend upon whether the named executive officer incurs a Qualifying Termination in connection with the merger. This benefit is subject to the execution of a release of claims in favor of Berry. In addition, in the case of Messrs. Heinemann, Wolf and Duginski, these amounts are payable under employment agreements containing restrictive covenants concerning confidentiality, nonsolicitation of employees and business partners, and, with the exception of Mr. Heinemann, noncompetition.

Indemnification and Insurance

The merger agreement requires LinnCo, LinnCo Merger Sub and LINN to maintain in effect for six years after completion of the merger the current rights of the directors, officers and employees of Berry, HoldCo or their respective subsidiaries to indemnification and advancement of expenses under their respective certificates of incorporation and bylaws or similar organizational documents or in any agreement of Berry, HoldCo or their respective subsidiaries with any of their respective current or former directors, officers or employees, in each case in effect immediately prior to the effective time of the merger. The merger agreement also provides that, upon completion of the merger, LinnCo, LinnCo Merger Sub and LINN will, to the fullest extent permitted under applicable law, indemnify and hold harmless, and provide advancement of expenses to, each current and former director, officer or employee of Berry, HoldCo or any of their respective subsidiaries and each person who served as a director, officer, member, trustee or fiduciary of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise if such service was at the request or for the benefit of Berry, HoldCo or any of their respective subsidiaries, against any costs or expenses, judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any actual or threatened claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of, relating to or in connection with any action or omission by them in their capacities as such occurring or alleged to have occurred whether before or after the effective time of the merger.

The merger agreement provides that LinnCo, LinnCo Merger Sub and LINN will maintain for a period of six years after completion of the merger the coverage provided by current directors and officers liability insurance and fiduciary liability insurance in effect as of the date of the merger agreement by Berry and its subsidiaries with respect to matters existing or arising on or before the effective time of the merger, except that LinnCo is not required to pay annual premiums in excess of 300% of the last annual premium paid by Berry for such coverage.

Litigation Relating to the Merger

On March 21, 2013, a purported stockholder class action captioned Nancy P. Assad Trust v. Berry Petroleum Co., et al. was filed in the District Court for the City and County of Denver, Colorado, No. 13-CV-31365. The action names as defendants Berry, the members of its board of directors, HoldCo, Bacchus Merger Sub, LinnCo, LINN and LinnCo Merger Sub. On April 5, 2013, an amended complaint was filed, which alleges that the individual defendants breached their fiduciary duties in connection with the transactions by engaging in an unfair sales process that resulted in an unfair price for Berry, by failing to disclose all material information regarding the transactions, and that the entity defendants aided and abetted those breaches of fiduciary duty. The amended complaint seeks a declaration that the transactions are unlawful and unenforceable, an order directing the individual defendants to comply with their fiduciary duties, an injunction against consummation of the transactions, or, in the event they are completed, rescission of the transactions, an award of fees and costs, including attorneys' fees and expenses, and other relief. On May 21, 2013, the Colorado District Court stayed and administratively closed the Nancy P. Assad Trust action in favor of the Hall action described below that is pending in the Delaware Court of Chancery.

On April 12, 2013, a purported stockholder class action captioned David Hall v. Berry Petroleum Co., et al. was filed in the Delaware Court of Chancery, C.A. No. 8476-VCG. The complaint names as defendants Berry, the members of its board of directors, HoldCo, Bacchus Merger Sub, LinnCo, LINN and LinnCo Merger Sub. The complaint alleges that the individual defendants breached their fiduciary duties in connection with the transactions by engaging in an unfair sales process that resulted in an unfair price for Berry, by failing to disclose all material information regarding the transactions, and that the entity defendants aided and abetted those breaches of fiduciary duty. The complaint seeks a declaration that the transactions are unlawful and unenforceable, an order directing the individual defendants to comply with their fiduciary duties, an injunction against consummation of the transactions, or, in the event they are completed, rescission of the transactions, an award of fees and costs, including attorneys' fees and expenses, and other relief.

The following description of the merger agreement is subject to, and qualified in its entirety by reference to, the merger agreement, which is attached to this document as Annex A and is incorporated by reference in this document. We urge you to read the merger agreement carefully and in its entirety, as it is the legal document governing the merger.

Terms of the Merger

The merger agreement provides that, upon the terms and subject to the conditions set forth in the merger agreement and in accordance with the applicable provisions of the DGCL and the LLC Act, LinnCo will acquire Berry, and contribute Berry to LINN in a multi-step transaction:

first, Bacchus Merger Sub will be merged with and into Berry (the HoldCo Merger), and the Berry stockholders will receive one share of HoldCo common stock for each share of Berry common stock they own, after which Berry will become a wholly owned subsidiary of HoldCo;

second, Berry will be converted from a Delaware corporation to a Delaware limited liability company (the Conversion);

third, HoldCo will be merged with LinnCo Merger Sub, with LinnCo Merger Sub surviving the merger as a wholly owned subsidiary of LinnCo (the LinnCo Merger and together with the HoldCo Merger, the merger); and

fourth, LinnCo will contribute all of the outstanding membership interests in LinnCo Merger Sub to LINN (the Contribution) in exchange for newly issued LINN units (the Issuance), after which Berry will be an indirect wholly owned subsidiary of LINN. Subject to the terms and conditions of the merger agreement, (1) as a result of the HoldCo Merger, each share of Berry Class A common stock will be converted into one share of HoldCo Class A common stock and each share of Berry Class B common stock will be converted into one share of HoldCo Class B common stock and (2) as a result of the LinnCo Merger, each share of HoldCo common stock will be converted into the right to receive 1.25 LinnCo common shares, referred to herein as the exchange ratio. Based on the closing price of LinnCo common shares on February 20, 2013, the last trading day before public announcement of the proposed transactions, the exchange ratio represented approximately \$46.2375 per share in LinnCo common shares for each share of Berry common stock. Based on the closing price of LinnCo common shares on the NASDAQ of \$ on , 2013, the latest practicable date before the date of this joint proxy statement/prospectus, the exchange ratio represented approximately \$ in LinnCo common shares for each share of Berry common stock. The implied value of the merger consideration will fluctuate with the market price of LinnCo common shares.

The rights of the Berry stockholders who receive LinnCo common shares as merger consideration after the merger will be governed by the LinnCo certificate of formation and limited liability company agreement after the completion of the merger (as modified by the LinnCo LLC Agreement Amendment Proposal). The rights of the LinnCo shareholders will continue to be governed by the LinnCo limited liability company agreement after the completion of the merger (as modified by the LinnCo LLC Agreement Amendment Proposal).

Closing and Effective Time of the Merger

Unless the parties agree otherwise, the closing of the merger will take place on the fifth business day after all conditions to the completion of the merger have been satisfied or waived. The HoldCo Merger will be effective when the parties duly file the certificate of merger with respect to the HoldCo Merger with the Secretary of State of the State of Delaware. The LinnCo Merger will be effective when the parties duly file the

Table of Contents

certificate of merger with respect to the LinnCo Merger with the Secretary of State of the State of Delaware, or at such later time as LinnCo and HoldCo will agree and specify in such certificate of merger; provided that such date and time must be after the effective time of the Conversion.

Berry, LinnCo and LINN currently expect the closing of the merger to occur in the third quarter of 2013. However, as the merger is subject to conditions described in the merger agreement, it is possible that factors outside the control of Berry, LinnCo and LINN could result in the merger being completed at an earlier time, a later time or not at all.

Treatment of Berry Equity-Based Awards

Options. Each option to purchase shares of Berry common stock will be converted into an option to purchase, generally on the same terms and conditions as were applicable to such option immediately prior to the effective time of the merger, (1) a number of LINN units (rounded down to the nearest whole unit) equal to the product determined by multiplying the number of shares of Berry common stock subject to such option by the exchange ratio and by the LinnCo/LINN exchange ratio (as defined below), (2) at an exercise price per LINN unit (rounded up to the nearest whole cent) equal to the quotient determined by dividing the per share exercise price for the shares of Berry common stock subject to the option by the product determined by multiplying the exchange ratio and the LinnCo/LINN exchange ratio. The LinnCo/LINN exchange ratio is the average of the closing prices of one LinnCo common share on the NASDAQ on the last five full trading days prior to the closing date of the merger divided by the average of the closing prices of one LINN unit on the NASDAQ on the last five full trading days prior to the closing date of the merger.

Restricted Stock Units. Each unvested Berry RSU (excluding any Berry RSU held by a current or former non-employee director of Berry and any performance-based Berry RSU) will be converted as of the effective time of the merger into a restricted unit award in respect of the number of LINN units (rounded to the nearest whole unit) equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time of the merger by the exchange ratio and by the LinnCo/LINN exchange ratio, and will be subject generally to the same terms and conditions as were applicable to the related Berry RSU immediately prior to the effective time of the merger.

Each Berry RSU that is vested as of the effective time of the merger, that is held by a current or former non-employee director or that is subject to performance-based vesting criteria will be converted as of the effective time of the merger into a number of LinnCo common shares equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time of the merger by the exchange ratio. Each performance-based Berry RSU that is outstanding immediately prior to the effective time of the merger will be deemed to have been earned at the target level as specified in the applicable award agreement.

Conversion of Shares; Exchange of Certificates; Elections as to Form of Consideration

The conversion of HoldCo common stock into the merger consideration will occur automatically at the effective time of the merger. As soon as reasonably practicable after completion of the merger and in any event within five days, the exchange agent will exchange certificates representing shares of Berry common stock which have been converted into HoldCo common stock for merger consideration to be received in the merger pursuant to the terms of the merger agreement. American Stock Transfer & Trust Company, LLC will be the exchange agent in the merger and will receive your exchange certificates for the merger consideration and perform other duties as explained in the merger agreement.

Letter of Transmittal

Soon after the completion of the merger, the exchange agent will mail a letter of transmittal to only those persons whose shares of Berry common stock were converted into HoldCo stock at the effective time of the

Table of Contents

merger. This mailing will contain instructions on how to surrender shares of Berry common stock (if these shares have not already been surrendered) in exchange for the merger consideration the holder is entitled to receive under the merger agreement.

If a certificate for Berry common stock has been lost, stolen or destroyed, the exchange agent will issue the consideration properly payable under the merger agreement upon receipt of appropriate evidence as to that loss, theft or destruction, appropriate evidence as to the ownership of that certificate by the claimant, and appropriate and customary indemnification.

Withholding

The exchange agent will be entitled to deduct and withhold from the cash payable to any Berry stockholder the amounts it is required to deduct and withhold under any federal, state, local or foreign tax law. If the exchange agent withholds any amounts and pays them to the relevant taxing authority, these amounts will be treated for all purposes of the merger as having been paid to the stockholders from whom they were withheld.

Dividends and Distributions

Until Berry common stock certificates are surrendered for exchange, any dividends or other distributions declared after the effective time of the merger with respect to LinnCo common shares into which shares of HoldCo common stock may have been converted will accrue but will not be paid. LinnCo will pay to former Berry stockholders any unpaid dividends or other distributions, without interest, only after they have duly surrendered their Berry stock certificates.

Representations and Warranties

The merger agreement contains customary representations and warranties of Berry and LinnCo and LINN relating to their respective businesses. With the exception of certain representations that must be true and correct as set forth in the merger agreement (or, in the case of specific representations and warranties regarding capitalization, must be true and correct except to a de minimis extent), no representation or warranty will be deemed untrue or incorrect as a consequence of the existence or absence of any event, change, effect, development or occurrence that event, change, effect, development or occurrence has had, or would be reasonably likely to have, a material adverse effect on the business, financial condition or continuing results of operations of the company and its subsidiaries, taken as a whole, making the representation. The representations and warranties in the merger agreement do not survive the effective time of the merger.

Each of Berry, LinnCo, LinnCo Merger Sub and LINN has made representations and warranties to the other regarding, among other things:

corporate matters, including due organization and qualification;

capitalization;

authority relative to execution and delivery of the merger agreement and other transaction documents and the absence of conflicts with, or violations of, organizational documents or other obligations as a result of the merger;

required governmental filings and consents;

financial statements, internal controls and accounting;

the absence of undisclosed liabilities;

Edgar Filing: LinnCo, LLC - Form S-4/A

LinnCo, LinnCo Merger Sub and LINN also have made representations and warranties to Berry and HoldCo regarding Section 203 of the DGCL and the authorization and valid issuance of the LinnCo common shares to be paid as the merger consideration and the LINN units to be issued to LinnCo in connection with the Contribution.

The representations and warranties described above and included in the merger agreement were made by Berry, on one hand, and LinnCo, LinnCo Merger Sub and LINN, on the other hand, to each other. These representations and warranties were made as of specific dates, may be subject to important qualifications and limitations agreed to by Berry and LinnCo, LinnCo Merger Sub and LINN in connection with negotiating the terms of the merger agreement, and may have been included in the merger agreement for the purpose of allocating risk between Berry, on one hand, and LinnCo, LinnCo Merger Sub and LINN, on the other hand, rather than to establish matters as facts.

The merger agreement is described in, and included as Annex A, to this joint proxy statement/prospectus only to provide you with information regarding its terms and conditions, and not to provide any other factual information regarding Berry, LinnCo, LINN or their respective businesses. Accordingly, the representations and warranties and other provisions of the merger agreement should not be read alone, but instead should be read only in conjunction with the information provided elsewhere in this document and in the documents incorporated by reference into this document. Definition of Material Adverse Effect

In determining whether a material adverse effect has occurred or is reasonably likely to occur, the parties will disregard effects resulting from:

- (1) changes in general economic, financial or other capital market conditions (including prevailing interest rates);
- (2) any changes or developments generally in the industries in which Berry, LinnCo or LINN conducts their business;
- (3) the announcement or the existence of, compliance with or performance under, the merger agreement (including the impact thereof on the relationships, contractual or otherwise, of any of Berry, LinnCo or LINN with employees, labor unions, customers, suppliers or partners, and including any lawsuit, action or other proceeding with respect to the merger);
- (4) any taking of any action at the request of the other party to the agreement;
- (5) any changes or developments in prices for oil, natural gas or other commodities or for Berry's raw material inputs and end products, or LinnCo's or LINN's raw material inputs and end products;
- (6) any adoption, implementation, promulgation, repeal, modification, reinterpretation or proposal of any rule, regulation, ordinance, order, protocol or any other law of or by any national, regional, state or local governmental entity, or market administrator;
- (7) any changes in GAAP or accounting standards or interpretations thereof;
- (8) earthquakes, any weather-related event or force majeure event, natural disasters or outbreak or escalation of hostilities or acts of war or terrorism;
- (9) any failure by Berry or LinnCo or LINN to meet any financial projections or forecasts or estimates of revenues, earnings or other financial metrics for any period (although the event, change, effect, development or occurrence underlying such failure may count as a material adverse effect if it does not otherwise meet an exception); or
- (10) any changes in the share price or trading volume of the shares of Berry common stock, LinnCo common shares or LINN units or in the credit ratings of Berry, LinnCo or LINN (although the event, change, effect, development or occurrence underlying such failure may count as a material adverse effect if it does not otherwise meet an exception).

Exceptions laid out in (1), (2), (6), (7) and (8) may be considered to the extent disproportionately affecting Berry and its subsidiaries, LinnCo and its subsidiaries or LINN and its subsidiaries, in each case taken as a whole, relative to other similarly situated companies in their respective industries.

Covenants and Agreements

Each of Berry, LinnCo and LINN has undertaken customary covenants that place restrictions on it and its subsidiaries until the effective time of the merger (or, if earlier, the merger agreement's termination date). Berry has agreed to operate its business only in the ordinary course of business, and each of Berry, LinnCo and LINN have agreed to use commercially reasonable efforts to preserve intact its present lines of business, maintain its rights, franchises and permits and preserve its relationships with customers and suppliers. Berry has also agreed that, with

other than in the ordinary course, and subject to certain other limitations, modify, amend or terminate, or waive rights under any material contract or permit or enter into any new material contract, in each case in a manner that is adverse to Berry and its subsidiaries, or which would reasonably be expected to, after the effective time of the merger, restrict or limit in any material respect LinnCo or LINN or any of their respective affiliates from engaging in business or competing in any geographic location with any person;

LinnCo and LINN have also agreed that, with certain exceptions as may be required by law, the requirement of any applicable stock exchange or regulatory organization or the merger agreement, and except with Berry's prior written consent, which consent may not be unreasonably withheld, LinnCo and LINN will not, and will not permit any of their subsidiaries to, among other things, undertake the following actions:

adopt or agree to adopt any amendments to its certificate of formation or limited liability company agreement or similar applicable organizational documents;

split, combine or reclassify any of its equity securities or issue or authorize the issuance of any other securities in respect of, in lieu of or in substitution for its equity securities, except for any such transaction by a wholly owned subsidiary of LinnCo or LINN which remains a wholly owned subsidiary after consummation of such transaction;

take any action or fail to take any action that would reasonably be expected to cause LINN to be treated, for federal income tax purposes, as a corporation or as a partnership that would be treated as an investment company (within the meaning of Section 351 of the Code) if the partnership were incorporated; or

agree to do any of the actions prohibited by the preceding bullet points.

The merger agreement also contains mutual covenants relating to the preparation of this document, the holding of the special meeting of Berry stockholders, the holding of an annual meeting of the LinnCo common shareholders and the LINN unitholders, the granting of access to information, employee matters, the applicability of state anti-takeover laws, public announcements with respect to the transactions contemplated by the merger agreement, control of each other's business operations, participation in stockholder litigation relating to the merger, actions with respect to maintaining the tax treatment of the transactions, listing on NASDAQ, exemption of the merger and related transactions from Section 16(a) of the Exchange Act and reimbursement of costs and expenses related to derivative transactions with respect to hydrocarbon production entered into by Berry.

Berry, LinnCo and LINN have also agreed to use their reasonable best efforts to take all actions needed to obtain necessary governmental and third party consents and to consummate the transactions contemplated by the merger agreement. LinnCo and LINN agree to propose, negotiate, offer to commit and effect, by consent decree, hold separate order or otherwise, the sale, divestiture or disposition of assets or businesses of LinnCo, LINN or, as of the closing, LinnCo Merger Sub, as may be required to avoid the commencement of any action to prohibit the merger or any of the other transactions contemplated by the merger agreement, so as to enable the closing to occur as soon as reasonably possible, provided, that the consummation of any such divestiture actions will be conditioned on the closing and that LinnCo and LINN will not be required to take any action that would, individually or in the aggregate, be reasonably likely to result in a material adverse effect to either Berry or LinnCo or LINN. In addition, the merger agreement contains a customary cooperation covenant whereby Berry, LinnCo and LINN will work cooperatively in obtaining required approvals and consents and in dealings with regulatory authorities.

Agreement Not to Solicit Other Offers

Berry will, and will cause its affiliates, and officers, directors and employees to, and will use reasonable best efforts to cause its agents, financial advisors, investment bankers, attorneys, accountants and other representatives to:

immediately cease any ongoing solicitation, knowing encouragement, discussions or negotiations with any person with respect to a company takeover proposal,

promptly instruct or otherwise request any person that has executed a confidentiality agreement within the 24-month period prior to the signing of the merger agreement in connection with any actual or potential company takeover proposal to return or destroy all confidential information of Berry in its possession, and

until the closing or termination of the merger agreement, not:

solicit, initiate or knowingly facilitate or knowingly encourage (including by way of furnishing non-public information) any inquiries regarding, or the making of any proposal or offer that constitutes, or would reasonably be expected to lead to a company takeover proposal,

engage in, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any other person (other than LinnCo or LINN or their representatives) any nonpublic information in connection with or for the purpose of encouraging or facilitating, a company takeover proposal, or

Table of Contents

approve, recommend or enter into, or propose to approve, recommend or enter into, any letter of intent or similar document, agreement, commitment, or agreement in principle (whether written or oral, binding or nonbinding) with respect to a company takeover proposal,

except to the extent the Berry board of directors determines in good faith, after consultation with its outside legal advisors, that failure to take such action would be inconsistent with its fiduciary duties under applicable law.

In addition, Berry will not release any third party from or waive or amend any standstill agreement or confidentiality provision other than any confidentiality provision the waiver of which would not be reasonably likely to lead to a company takeover proposal, and Berry will enforce its existing standstill and confidentiality agreements and take all steps within its power to terminate any waivers previously granted under such agreements.

Reasonable Best Efforts of Berry to Obtain the Required Stockholder Vote

Subject to certain exceptions discussed herein, the Berry board of directors will not:

fail to include a recommendation to its stockholders to adopt the merger agreement (the Company Recommendation) in the proxy statement for the Berry special meeting;

change, qualify, withhold, withdraw or modify, or authorize or publicly propose to change, qualify, withhold, withdraw or modify, in a manner adverse to LinnCo or LINN, the Company Recommendation;

make any recommendation or public statement that addresses or relates to the approval, recommendation or declaration of advisability by the Berry board of directors in connection with a tender offer or exchange offer that constitutes a company takeover proposal (other than a recommendation against such offer or a customary stop, look and listen communication of the type contemplated by Rule 14d-9(f) under the Exchange Act, in each case that includes a reaffirmation of the Company Recommendation or refers to the prior Company Recommendation of the Berry board of directors); or

adopt, approve or recommend, or publicly propose to adopt, approve or recommend to Berry stockholders a company takeover proposal (a Company Adverse Recommendation Change).

Notwithstanding the above, if at any time prior to obtaining approval of the merger agreement by Berry stockholders, Berry directly or indirectly receives a bona fide unsolicited written company takeover proposal (as defined below) that did not result from Berry's material breach of its non-solicitation obligations and the Berry board of directors determines in good faith, after consultation with its outside financial advisors and legal counsel, that such company takeover proposal constitutes or would reasonably be expected to lead to a company superior proposal, then Berry may:

- (a) furnish, pursuant to a customary confidentiality agreement not less favorable to Berry than the confidentiality agreement with LINN, nonpublic information and afford access to Berry's business, properties, assets, employees, officers, contracts and books and records to the person that made such proposal and its representatives and potential sources of financing, provided any information so provided is concurrently or has previously been provided to LinnCo, and
- (b) engage in discussions or negotiations with the person making such company takeover proposal and its representatives and potential sources of financing.

Berry will within 24 hours of receipt notify, orally and in writing, LinnCo of any company takeover proposal, including the identity of the person making the company takeover proposal and the material terms and condition thereof and provide copies to LinnCo of any written proposals, indications of interest and/or draft agreements relating to such company takeover proposal. Berry will keep LinnCo reasonably informed regarding

the status of any such company takeover proposal. Berry will not enter into any agreement that would prohibit it from providing certain information to LinnCo pursuant to the merger agreement.

Table of Contents

With respect to a company takeover proposal, at any time prior to obtaining approval of the merger agreement by Berry stockholders, Berry may make a Company Adverse Recommendation Change and/or terminate the merger agreement in order to enter into an agreement relating to a company superior proposal if, after receiving a bona fide, unsolicited company takeover proposal that did not result from a material breach of the non-solicitation provisions, the Berry board of directors determines in good faith, after consultation with its outside financial advisors and outside legal counsel, that the company takeover proposal constitutes a company superior proposal and that in light of such company takeover proposal, the failure to take such action would be inconsistent with the Berry board of director s fiduciary duties under applicable law, provided that prior to any such Company Adverse Recommendation Change or termination of the merger agreement:

- (a) Berry provides LinnCo with at least three business days prior written notice of its intention to take such action and has provided LinnCo with a copy of the company superior proposal, a copy of any proposed transaction agreements and a copy of any financing commitments relating thereto,
- (b) Berry has negotiated in good faith with LinnCo during such notice period to enable LinnCo to propose revisions to the terms of the merger agreement such that it would cause the company superior proposal to no longer constitute a company superior proposal,
- (c) the Berry board of directors will have considered in good faith any revisions to the terms of the merger agreement proposed by LinnCo and at the end of such notice period, will have determined, after consultation with its outside financial advisors and outside legal counsel, that the company superior proposal would nevertheless continue to constitute a company superior proposal even if such changes were given effect, and
- (d) in the event of any changes in the financial terms or any other material terms of the company superior proposal, Berry will have given LinnCo notice of such change and a new notice period will commence equal to the longer of two business days or the period remaining under the initial 3-business day notice period.

Additionally, the Berry board of directors may make a Company Adverse Recommendation Change in response to an intervening event (as defined below) if the Berry board of directors determines in good faith, after consultation with its outside financial advisors and outside legal counsel, that failure to take such action would be inconsistent with its fiduciary duties under applicable law, provided that prior to taking any such action:

- (a) Berry provides LinnCo with at least three business days prior written notice of its intention to take such action (which will specify the reasons therefor),
- (b) Berry has negotiated in good faith with LinnCo during such notice period to enable LinnCo to propose revisions to the terms of the merger agreement as would not require the Berry board of directors to make a Company Adverse Recommendation Change, and
- (c) the Berry board of directors will have considered any revisions to the terms of the merger agreement proposed by LinnCo and, at the end of such notice period, will have determined, after consultation with its outside financial advisors and outside legal counsel, that the failure of the Berry board of directors to effect a Company Adverse Recommendation Change in response to an intervening event would reasonably likely be inconsistent with its fiduciary duties under applicable law.

A company takeover proposal means any bona fide proposal or offer made by a third party (other than any offer or proposal by LinnCo or LINN or their affiliates) for or with respect to any acquisition, whether by a merger, consolidation, tender offer, exchange offer, business combination, recapitalization, binding share exchange, joint venture or other similar transaction, of (A) 25% or more of the assets of Berry and its subsidiaries, or (B) more than 25% of the outstanding shares of Berry common stock or securities of Berry representing more than 25% of the voting power of Berry.

Table of Contents

A company superior proposal means a bona fide, unsolicited, written company takeover proposal:

that if consummated would result in a third party (or the stockholders of a third party) acquiring directly or indirectly 75% or more of the outstanding shares of Berry common stock or more than 75% of the assets of Berry and its subsidiaries,

that the Berry board of directors determines in good faith, after consultation with its outside financial advisor and outside legal counsel, is reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal, including all conditions and the person making such company takeover proposal, and

that the Berry board of directors determines in good faith after consultation with its outside financial advisor and outside legal counsel is more favorable to the stockholders of Berry than the merger (taking into account any revisions to the merger agreement irrevocably offered by LinnCo and/or LINN in response to such company takeover proposal).

An intervening event is a material event, fact, circumstance, development or occurrence that is unknown to the Berry board of directors as of February 20, 2013, the signing date of the merger agreement (or, if known, the magnitude or material consequences of which were not known or understood by the Berry board of directors as of such date), which becomes known to the Berry board of directors prior to obtaining the approval of the merger by Berry stockholders, provided that

(A) if the intervening event involves Berry, it will not constitute an intervening event if it:

(i) generally affects the economy, the financial or securities markets, or political, legislative or regulatory conditions, in each case in the United States or elsewhere in the world; or

(ii) results from or arises out of

(a) any changes or developments in the industries in which the Berry or its subsidiaries conducts its business,

(b) any changes or developments in prices for oil, natural gas or other commodities or for raw material inputs and end products,

(c) the announcement or the existence of, compliance with or performance under, the merger agreement or the transactions contemplated by the merger agreement (including the impact thereof on the relationships, contractual or otherwise, of Berry or any of its subsidiaries with employees, labor unions, customers, suppliers or partners, and including any lawsuit, action or other proceeding with respect to the merger or any of the other transactions contemplated by the merger agreement), or

(d) any adoption, implementation, promulgation, repeal, modification, reinterpretation or proposal of any rule, regulation, ordinance, order, protocol or any other law of or by any national, regional, state or local governmental entity, and

(B) if the intervening event involves LinnCo or LINN, it will not constitute an intervening event unless it has a material adverse effect on LinnCo or LINN, provided that, in determining whether a material adverse effect has occurred for these purposes, the Berry board of directors may consider changes in law after the date of the merger agreement that would, or would reasonably be expected to, have a material adverse effect on the amount of LINN's U.S. federal income tax payments.

Expenses and Fees

In general, each of Berry, LinnCo and LINN will be responsible for all expenses incurred by it in connection with the negotiation and completion of the transactions contemplated by the merger agreement.

Table of Contents

Employee Matters

The merger agreement provides that for the period beginning on the closing date and ending on the first anniversary of the closing date, LINN will provide to each employee of Berry who continues to be employed by LINN or its applicable affiliate after the merger (1) base compensation that is no less favorable than was provided to such employee immediately prior to the merger and (2) other compensation and benefits that are substantially comparable in the aggregate to either (at the election of LINN) (A) the other compensation and benefits paid and provided to the employee immediately prior to the merger or (B) the other compensation and benefits paid and provided to other similarly situated employees of LINN and its subsidiaries. The merger agreement also provides Berry employees who continue to be employed by LINN following the closing date with service credit under benefit plans sponsored or maintained by LINN, subject to certain customary exceptions.

LINN will honor all accrued and vested benefits and perform all obligations under each Berry benefit plan in accordance with their terms as in effect immediately before the effective time of the merger and applicable law, as such agreements and arrangements may be modified or terminated in accordance with their terms from time to time.

LinnCo and LINN acknowledge that a change in control (or similar phrase) within the meaning of the Berry employee benefit plans will occur at or prior of the time of the LinnCo Merger.

LINN may request not less than ten business days prior to the closing date that Berry terminate its 401(k) plan. In the event of a termination of the Berry 401(k) plan, LINN will cause a defined contribution plan that is established or maintained by LINN to accept rollover distributions from current and former employees of Berry.

Indemnification and Insurance

The merger agreement requires LinnCo, LinnCo Merger Sub and LINN to maintain in effect for six years after completion of the merger the current rights of the directors, officers and employees of Berry, HoldCo or their respective subsidiaries to indemnification and advancement of expenses under their respective certificates of incorporation and bylaws or similar organizational documents or in any agreement of Berry, HoldCo or their respective subsidiaries with any of their respective current or former directors, officers or employees, in each case in effect immediately prior to the effective time of the merger.

The merger agreement also provides that, upon completion of the merger, LinnCo, LinnCo Merger Sub and LINN will, to the fullest extent permitted under applicable law, indemnify and hold harmless, and provide advancement of expenses to, each current and former director, officer or employee of Berry, HoldCo or any of their respective subsidiaries and each person who served as a director, officer, member, trustee or fiduciary of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise if such service was at the request or for the benefit of Berry, HoldCo or any of their respective subsidiaries, against any costs or expenses, judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any actual or threatened claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of, relating to or in connection with any action or omission by them in their capacities as such occurring or alleged to have occurred whether before or after the effective time of the merger.

The merger agreement provides that LinnCo, LinnCo Merger Sub and LINN will maintain for a period of six years after completion of the merger the coverage provided by current directors and officers liability insurance and fiduciary liability insurance in effect as of the date of the merger agreement by Berry and its subsidiaries with respect to matters existing or arising on or before the effective time of the merger, except that LinnCo is not required to pay annual premiums in excess of 300% of the last annual premium paid by Berry for such coverage (the maximum amount).

Table of Contents

If Berry elects, in its sole discretion, then it may, prior to the effective time of the merger, purchase a tail policy with respect to acts or omissions occurring or alleged to have occurred prior to the effective time of the merger that were committed or alleged to have been committed by a party to be indemnified under the merger agreement. In no event may the cost of such policy purchased by Berry exceed six times the maximum amount and, if such a tail policy is purchased, LinnCo and LINN will have no further indemnification obligations with respect to such party under the merger agreement.

Conditions to Complete the Merger

The respective obligations of the parties to complete the merger are subject to the fulfillment or waiver of certain conditions, including:

the approval of the merger agreement by a majority of the shares of Berry common stock entitled to vote thereon;

the approval of the issuance of LinnCo common shares in the merger by the majority of the votes cast at a duly called meeting of holders of LinnCo common shares and the approval of certain amendments to LinnCo's limited liability company agreement by a majority of the outstanding LinnCo common shares;

the approval of the issuance of LINN units to LinnCo in the Contribution by the majority of the votes cast at a duly called meeting of holders of LINN units;

the absence of any injunction or law that prohibits closing;

the effectiveness of the registration statement on Form S-4 of which this joint proxy statement/prospectus is a part and the approval for listing of such shares as well as the LINN units to be issued in the Contribution on the NASDAQ; and

the expiration or termination of the applicable waiting period under the HSR Act.

Each of Berry's and LinnCo's obligations to complete the merger is also separately subject to the satisfaction or waiver of a number of conditions including:

the receipt by each of Berry and LinnCo of legal opinions with respect to certain U.S. federal income tax consequences of the transactions;

the absence of a material adverse effect on the other party; and

the truth and correctness of the representations and warranties of each other party in the merger agreement, subject to the materiality standard provided in the merger agreement, and the performance by each other party in all material respects of their respective obligations under the merger agreement.

Berry's obligations to complete the merger are also separately subject to the satisfaction or waiver of all the conditions to the closing of the Contribution, other than those conditions which by their nature may not be satisfied until the closing of the Contribution.

Berry, LinnCo and LINN cannot provide assurance as to when or if all of the conditions to the merger can or will be satisfied or waived by the appropriate party. As of the date of this joint proxy statement/prospectus, the parties have no reason to believe that any of these conditions will not be satisfied.

Termination of the Merger Agreement

The merger agreement can be terminated at any time prior to completion by:

mutual written consent of Berry and LinnCo;

Table of Contents

Berry, Linn or LinnCo, if the merger will not have been completed on or prior the End Date, provided that if all conditions have been satisfied or be capable of being satisfied other than the conditions relating to expiration or termination of the applicable waiting period under the HSR Act, effectiveness of the registration statement on Form S-4 of which this joint proxy statement/prospectus is a part or absence of injunctions relating to the transactions, then the End Date may be extended by Berry, Linn or LinnCo by written notice to the other up to a date not later than January 31, 2014, and provided further that the right to terminate is not available to a party if the failure of closing by the End Date results from a material breach by such party of any representation, warranty, covenant or other agreement under the merger agreement;

Berry, Linn or LinnCo, if a final and non-appealable injunction will have been entered prohibiting the closing, unless such injunction was due to the failure of the terminating party to perform any of its obligations under the agreement;

Berry, Linn or LinnCo, if the Berry stockholders' meeting (including any adjournments or postponements) has concluded and the requisite approval of the Berry stockholders of the Berry Merger Proposal is not obtained, if the LinnCo shareholders' meeting (including any adjournments or postponements) has concluded and the requisite approval of the LinnCo common shareholders of the LinnCo Share Issuance Proposal and the LinnCo LLC Agreement Amendment Proposal is not obtained, or if the LINN unitholders meeting (including any adjournments or postponements) has concluded and the requisite approval of the LINN unitholders of the LINN Unit Issuance Proposal is not obtained;

Berry, if either LinnCo or LINN breaches the merger agreement in a manner that would cause a condition to Berry's obligation to close not to be satisfied and such breach is either not curable by the End Date or LinnCo or LINN fail to diligently attempt to cure such breach after receipt of written notice of such breach from Berry;

LinnCo or LINN, if Berry breaches the merger agreement in a manner that would cause a condition to LinnCo's and LINN's obligation to close not to be satisfied and such breach is either not curable by the End Date or Berry fails to diligently attempt to cure such breach after receipt of written notice of such breach from LinnCo or LINN;

LinnCo or LINN, prior to the adoption of the merger agreement by the Berry stockholders, in the event that either (i) the Berry board of directors makes a Company Adverse Recommendation Change or (ii) Berry willfully breaches any of its non-solicitation obligations in the merger agreement (other than willful breaches resulting from the isolated action of a representative of Berry which Berry has used its reasonable best efforts to remedy and which has not caused significant harm to LinnCo or LINN);

Berry, prior to the approval of the matters related to the merger by the LinnCo common shareholders and the approval of the matters related to the Contribution by the LINN unitholders, in the event the LinnCo board of directors or the LINN board of directors changes its recommendation to approve the matters related to the merger and the Contribution; and

Berry, prior to the approval of the matters related to the adoption of the merger agreement by the Berry stockholders, if Berry has complied with its non-solicitation obligations in the merger agreement, in order to enter into an agreement with respect to a company superior proposal, provided that Berry pays a termination fee of \$83.7 million to LinnCo.

If the merger agreement is terminated, there will be no liability on the part of Berry, LinnCo or LINN, except that (1) Berry, LinnCo and LINN will remain liable for any fraud or willful or intentional breach of any covenant or agreement in the merger agreement occurring prior to termination or as provided for in the Confidentiality Agreement between Berry and LINN and (2) each party may be required to pay the other party a termination fee and/or reimburse certain expenses of the other party as described below under Termination Fee.

Table of Contents

Termination Fee

Berry is obligated to pay LinnCo a termination fee or expense reimbursement in the following circumstances:

If the merger agreement is terminated by Berry prior to the approval of the merger by the Berry stockholders in order for Berry to enter into an agreement with respect to a company superior proposal (as defined in the description of non-solicitation provisions above), then Berry is required to pay LinnCo a termination fee of \$83.7 million;

If the merger agreement is terminated by Berry, Linn or LinnCo because the Berry stockholders meeting was concluded and the Berry stockholder approval was not obtained, and prior to the Berry stockholders meeting, a company takeover proposal (as defined in the description of the non-solicitation provisions above, except that for purposes of the termination fee provisions references to 25% are changed to references to 50%) is publicly announced and not withdrawn at least 10 days prior to the Berry stockholders meeting, then Berry is required to pay \$25.7 million in respect of LinnCo's expenses, and if at any time on or prior to the 12-month anniversary of such termination Berry enters into a definitive agreement for or completes a transaction contemplated by any company takeover proposal, then Berry is required to pay LinnCo a termination fee of \$83.7 million (less the previously paid \$25.7 million);

If the merger agreement is terminated by LinnCo or LINN prior to the approval of the merger by the Berry stockholders because the Berry board of directors makes a Company Adverse Recommendation Change or because Berry has willfully breached its non-solicitation obligations in the merger agreement, then Berry is required to pay LinnCo a termination fee of \$83.7 million;

If the merger agreement is terminated by Berry because the merger has not closed by the End Date and at the time of such termination, the Berry stockholder approval was not obtained and LinnCo or LINN would have been entitled to terminate the merger agreement because the Berry board of directors makes a Company Adverse Recommendation Change or Berry has willfully breached its non-solicitation obligations in the merger agreement, then Berry is required to pay LinnCo a termination fee of \$83.7 million;

If the merger agreement is terminated by LinnCo or LINN because either (1) Berry materially breached its covenants in the merger agreement, and at the time of such breach, a company takeover proposal (as defined in the description of the non-solicitation provisions above, except that for purposes of the termination fee provisions references to 25% are changed to references to 50%) is announced or disclosed or otherwise communicated to the Berry board of directors and not withdrawn or (2) Berry failed to comply with its obligations to call the Berry special meeting, then Berry is required to pay LinnCo a termination fee of \$83.7 million; and

If the merger agreement is terminated by LinnCo or LINN because Berry materially breached its covenants in the merger agreement (other than in circumstances described in the immediately preceding bullet), then Berry is required to pay LinnCo \$25.7 million in respect of LinnCo's expenses.

LinnCo is obligated to pay Berry a termination fee or expense reimbursement in the following circumstances:

If the merger agreement is terminated by Berry prior to the approval of the matters related to the transactions by the LinnCo common shareholders and the LINN unitholders because the LinnCo board of directors or the LINN board of directors changed its recommendation for the transactions, then LinnCo will pay Berry a termination fee of \$83.7 million;

If the merger agreement is terminated by LinnCo or LINN because the merger has not closed by the End Date and at the time of such termination, the approval of the matters related to the transactions by the LinnCo common shareholders and the LINN unitholders

has not been obtained , and Berry would

Table of Contents

have been entitled to terminate the merger agreement because the LinnCo board of directors or the LINN board of directors changed its recommendation for the transactions, then LinnCo is required to pay Berry a termination fee of \$83.7 million;

If the merger agreement is terminated by Berry because LinnCo or LINN failed to comply with its obligations to call the LinnCo annual meeting or the LINN annual meeting, respectively, then LinnCo is required to pay Berry a termination fee of \$83.7 million; and

If the merger agreement is terminated by Berry because LinnCo or LINN materially breached its covenants in the merger agreement (other than in circumstances described in the immediately preceding bullet), then LinnCo is required to pay Berry \$25.7 million in respect of Berry's expenses.

Derivative Transactions upon Termination

Berry has implemented certain derivative transactions with respect to its production following the execution of the merger agreement. In general, if the merger agreement is terminated and the termination of the derivative transactions as of such termination would result in a net loss (including costs and expenses) to Berry, (a net derivatives loss), then LinnCo and LINN, jointly and severally, will pay to Berry an amount of cash equal to the net derivatives loss within five business days of such termination, and if the merger agreement is terminated and the termination of the derivative transactions as of such termination would result in a net gain (after taking into account costs and expenses) to Berry (a net derivatives gain), then Berry will pay to LinnCo an amount of cash equal to the net derivatives gain within five business days of such termination.

However, if the merger agreement is terminated because (1) the Berry board of directors makes a Company Adverse Recommendation Change or (2) Berry terminates the merger agreement to accept a company superior proposal, then Berry and LinnCo will each bear half of the net derivatives loss and receive half of the net derivatives gain (as applicable) associated with the derivative transactions. In addition, if one party willfully breaches its obligations under the merger agreement, then the breaching party will bear all of the net derivatives loss associated with the derivative transactions and, if the derivative transactions resulted in a net derivatives gain, then the non-breaching party will receive all of such net derivatives gain.

Amendment, Waiver and Extension of the Merger Agreement

Subject to applicable law, the parties may amend the merger agreement by written agreement. However, if after approval of the transactions contemplated by the merger agreement by the Berry stockholders, there is a legal or NYSE requirement for further approval by stockholders of an amendment, then the effectiveness of such amendment or waiver will be subject to the approval of the Berry stockholders.

ACCOUNTING TREATMENT

The acquisition of Berry will be accounted for under the acquisition method of accounting for business combinations in accordance with GAAP. Under the acquisition method of accounting, the assets acquired and liabilities assumed from Berry will be recorded as of the acquisition date at their respective fair values. LinnCo's contribution of Berry to LINN will be accounted for as a sale by LinnCo.

the historical financial statements of LinnCo; and

the historical financial statements of Berry.

The unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2013, and the period from April 30, 2012 (LinnCo's inception) to December 31, 2012, is derived from:

the historical financial statements of LinnCo; and

the historical financial statements of Berry.

Certain of Berry's historical amounts have been reclassified to conform to LinnCo's presentation.

The unaudited pro forma condensed combined balance sheet gives effect to the acquisition of Berry as if the transaction had been completed as of March 31, 2013. The unaudited pro forma condensed combined statements of operations gives effect to the acquisition of Berry as if the transaction had been completed as of April 30, 2012 (LinnCo's inception). The transactions and the related adjustments are described in the accompanying notes. In the opinion of LinnCo management, all adjustments have been made that are necessary to present fairly, in accordance with Regulation S-X, the pro forma condensed combined financial statements.

The unaudited pro forma condensed combined balance sheet and statements of operations are presented for illustrative purposes only, and do not purport to be indicative of the results of operations that would actually have occurred if the transactions described had occurred as presented in such statements or that may be obtained in the future. In addition, future results may vary significantly from those reflected in such statements due to factors described in "Risk Factors" included in this joint proxy statement/prospectus, in LinnCo's Annual Report on Form 10-K for the year ended December 31, 2012, and elsewhere in LinnCo's reports and filings with the SEC.

The unaudited pro forma condensed combined balance sheet and statements of operations should be read in conjunction with LinnCo's and Berry's historical financial statements and the notes thereto included in their respective Annual Reports on Form 10-K for the year ended December 31, 2012.

Note 2 Acquisition Date

LinnCo anticipates the acquisition of Berry will close in the third quarter of 2013, for an estimated closing price of approximately \$2.6 billion, subject to receipt of the requisite approvals from Berry stockholders, LinnCo shareholders and LINN unitholders.

Note 3 Pro Forma Adjustments

(a) Contribution of Berry to LINN

Edgar Filing: LinnCo, LLC - Form S-4/A

The pro forma condensed combined financial statements reflect the contribution of Berry to LINN, an affiliate of LinnCo. The merger agreement provides that, upon the terms and subject to the conditions set forth in the merger agreement and in accordance with the applicable provisions of the Delaware General Corporation Law and the Delaware Limited Liability Company Act, LinnCo will acquire Berry and contribute Berry to LINN through multiple steps:

first, Bacchus Merger Sub will be merged with and into Berry (the HoldCo Merger), and the Berry stockholders will receive one share of HoldCo common stock for each share of Berry common stock they own, after which Berry will become a wholly owned subsidiary of HoldCo;

Table of Contents**LINNCO, LLC****NOTES TO THE UNAUDITED PRO FORMA CONDENSED****COMBINED FINANCIAL STATEMENTS Continued**

second, Berry will be converted from a Delaware corporation to a Delaware limited liability company (the Conversion);

third, HoldCo will be merged with LinnCo Merger Sub, with LinnCo Merger Sub surviving as a wholly owned subsidiary of LinnCo (the LinnCo Merger and together with the HoldCo Merger, the merger); and

fourth, all of the outstanding membership interests in LinnCo Merger Sub will be contributed by LinnCo to LINN (the Contribution) in exchange for newly issued LINN units (the Issuance), after which Berry will be an indirect wholly owned subsidiary of LINN. LinnCo refers to the HoldCo Merger, the Conversion, the LinnCo Merger, the Contribution and the Issuance together as the transactions.

(b) Preliminary Estimated Purchase Price of Berry

LinnCo has agreed to acquire Berry for per-share consideration consisting of 1.25 LinnCo common shares for each share of Berry common stock. Based on the closing price of LinnCo common shares of \$36.99 on February 20, 2013, the last trading day before public announcement of the proposed transactions, the merger exchange ratio represented approximately \$46.2375 in LinnCo common shares for each share of Berry common stock. The preliminary estimated purchase price is as follows (in millions, except merger exchange ratio and closing share price):

| | |
|--|----------|
| Estimated Berry common shares to be acquired by LinnCo | 54.436 |
| Berry equity awards to be exchanged for LinnCo common shares ⁽¹⁾ | 0.939 |
| | 55.375 |
| Merger exchange ratio of LinnCo common shares for each Berry common share and equity award | 1.25 |
| LinnCo common shares to be issued | 69.219 |
| Closing price of LinnCo common shares on May 28, 2013 | \$ 37.93 |
| LinnCo common share consideration | \$ 2,625 |
| Estimated change in control costs | 15 |
| Total preliminary estimated purchase price | \$ 2,640 |

⁽¹⁾ Represents Berry restricted stock units (RSUs) that are expected to be vested as of the effective time of the merger, that are held by a current or former non-employee director or that are subject to performance-based vesting criteria. Under the merger agreement, such awards will be converted as of the effective time of the merger into a number of LinnCo common shares equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time by the 1.25 merger exchange ratio. See schedule of awards to be exchanged below:

| | |
|-------------------------------------|---------|
| RSUs that are expected to be vested | 569,003 |
|-------------------------------------|---------|

Edgar Filing: LinnCo, LLC - Form S-4/A

| | |
|--|---------|
| RSUs reserved for issuance to directors | 300,000 |
| RSUs subject to performance-based vesting | 70,240 |
| Total to be exchanged for LinnCo common shares | 939,243 |

The proposed transaction has a preliminary value of approximately \$4.4 billion, including the assumption of Berry's debt of approximately \$1.8 billion at March 31, 2013. From the date of public announcement to May 28, 2013, the preliminary value increased approximately \$63 million, primarily due to corrections of estimated Berry equity awards to be exchanged. The final value of LinnCo common share consideration will

Table of Contents**LINNCO, LLC****NOTES TO THE UNAUDITED PRO FORMA CONDENSED****COMBINED FINANCIAL STATEMENTS Continued**

be determined based on the actual number of LinnCo common shares issued and the market price of LinnCo common shares as of the date of acquisition. A ten percent increase or decrease in the closing price of LinnCo's common shares, compared to the May 28, 2013, closing price of \$37.93, would increase or decrease the value of LinnCo common share consideration by approximately \$263 million.

- (c) Reflects the impact of the transactions described above on LinnCo's investment in LINN.
- (d) Reflects the impact on deferred taxes and the estimated income tax effect of the pro forma adjustments described herein using a statutory federal and state tax rate of 38%.
- (e) Reflects the accrual for estimated transaction costs of approximately \$28 million (\$17 million after-tax), consisting of investment banking fees, legal fees and other acquisition-related transaction costs. The transaction costs are excluded from the pro forma statements of operations as they reflect non-recurring charges not expected to have a continuing impact on the combined results.
- (f) Reflects the capital contribution from LINN for the estimated transaction costs reflected in (e) above, which represent costs and expenses incurred by LinnCo but assumed by LINN in accordance with the contribution agreement.
- (g) Reflects transaction costs of approximately \$11 million included in the historical statement of operations for the three months ended March 31, 2013, consisting of investment banking fees, legal fees and other acquisition-related transaction costs. The transaction costs are excluded from the pro forma statements of operations as they reflect non-recurring charges not expected to have a continuing impact on the combined results.
- (h) Reflects the \$6 million per year for three years (2013, 2014 and 2015) LINN has agreed to pay LinnCo to compensate LinnCo for the anticipated increase in tax liability resulting from the allocation of depreciation, depletion and amortization and other cost recovery deductions using the remedial method pursuant to Treasury Regulation Section 1.704-3(d) with respect to the Berry assets acquired in the transaction. Based on the timing of the anticipated payments, the pro forma balance sheet reflects a current receivable of \$6 million and a noncurrent asset of \$12 million.
- (i) Reflects the difference between the fair value of the assets acquired and liabilities assumed from Berry and the fair value of the LINN units received in connection with the contribution. The loss is primarily due to deferred income taxes assumed by LinnCo that will not be contributed to LINN. This loss is excluded from the pro forma statements of operations as it reflects non-recurring charges not expected to have a continuing impact on the combined results; however, upon closing of the transactions, LinnCo will recognize this loss in its statement of operations. Components of the estimated loss are as follows (in millions):

| | |
|---|--------|
| Deferred income taxes, net | \$ 704 |
| Difference between LinnCo share price and LINN unit price | 220 |
| Consideration of tax liability payable by LINN | (18) |

Total estimated loss

\$ 906

- (j) Reflects the impact of the transactions on the equity income (loss) from investment in LINN. LinnCo uses the equity method of accounting related to its ownership interest in LINN's net income (losses). On a pro forma basis, when considering the contribution of Berry to LINN in exchange for newly issued LINN units, LinnCo owned approximately 34% of LINN's outstanding units as of March 31, 2013.
- (k) Reflects 69.2 million LinnCo common shares assumed to be issued in conjunction with the transaction on January 1, 2012.

The merger agreement provides that, upon the terms and subject to the conditions set forth in the merger agreement and in accordance with the applicable provisions of the Delaware General Corporation Law and the Delaware Limited Liability Company Act, LinnCo will acquire Berry and contribute Berry to LINN through multiple steps:

first, Bacchus Merger Sub will be merged with and into Berry (the HoldCo Merger), and the Berry stockholders will receive one share of HoldCo common stock for each share of Berry common stock they own, after which Berry will become a wholly owned subsidiary of HoldCo;

second, Berry will be converted from a Delaware corporation to a Delaware limited liability company (the Conversion);

third, HoldCo will be merged with LinnCo Merger Sub, with LinnCo Merger Sub surviving as a wholly owned subsidiary of LinnCo (the LinnCo Merger and together with the HoldCo Merger, the merger); and

fourth, all of the outstanding membership interests in LinnCo Merger Sub will be contributed by LinnCo to LINN (the Contribution) in exchange for newly issued LINN units (the Issuance), after which Berry will be an indirect wholly owned subsidiary of LINN. LINN refers to the HoldCo Merger, the Conversion, the LinnCo Merger, the Contribution and the Issuance together as the transactions.

Note 3 Acquisition Dates

LINN anticipates the acquisition of Berry will close in the third quarter of 2013, for an estimated closing price of approximately \$2.5 billion, subject to receipt of the requisite approvals by Berry stockholders, LinnCo shareholders and LINN unitholders.

The acquisitions of the BP Green River Properties and the BP Hugoton Properties were completed on July 31, 2012, and March 30, 2012, for total consideration of approximately \$990 million and \$1.16 billion, respectively. The results of operations of the BP Green River Properties and BP Hugoton Properties have been included in the historical financial statements of LINN since their acquisition dates.

Table of Contents**LINN ENERGY, LLC****NOTES TO THE UNAUDITED PRO FORMA CONDENSED****COMBINED FINANCIAL STATEMENTS Continued****Note 4 Pro Forma Adjustments****(a) Preliminary Estimated Purchase Price of Berry**

LinnCo has agreed to acquire Berry for per-share consideration consisting of 1.25 LinnCo common shares for each share of Berry common stock. Based on the closing price of LinnCo common shares of \$36.99 on February 20, 2013, the last trading day before public announcement of the proposed transactions, the merger exchange ratio represented approximately \$46.2375 in LinnCo common shares for each share of Berry common stock. In connection with the proposed transactions described above, LinnCo will contribute Berry to LINN in exchange for newly issued LINN units, after which Berry will be a wholly owned subsidiary of LINN. The preliminary estimated purchase price is as follows (in millions, except merger exchange ratio and closing unit price):

| | |
|--|-----------------|
| Estimated Berry common shares to be acquired by LinnCo | 54.436 |
| Berry equity awards to be exchanged for LinnCo common shares ⁽¹⁾ | 0.939 |
| | 55.375 |
| Merger exchange ratio of LinnCo common shares for each Berry common share equity award | 1.25 |
| LinnCo common shares to be issued | 69.219 |
| LINN units to be issued to LinnCo for LinnCo common shares issued ⁽²⁾ | 69.219 |
| Berry equity awards to be exchanged by LINN equity awards ⁽³⁾ | 2.582 |
| | 71.801 |
| Closing price of LINN units on May 28, 2013 | \$ 34.75 |
| LINN unit consideration | \$ 2,495 |
| Estimated change in control costs | 15 |
| Consideration of tax liability payable to LinnCo ⁽⁴⁾ | 18 |
| Total preliminary estimated purchase price | \$ 2,528 |

- ⁽¹⁾ Represents Berry RSUs that are expected to be vested as of the effective time of the merger, that are held by a current or former non-employee director or that are subject to performance-based vesting criteria. Under the merger agreement, such awards will be converted as of the effective time of the merger into a number of LinnCo common shares equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time by the 1.25 merger exchange ratio. LINN will issue units to LinnCo for these awards. See schedule of awards to be exchanged below:

| | |
|-------------------------------------|---------|
| RSUs that are expected to be vested | 569,003 |
|-------------------------------------|---------|

Edgar Filing: LinnCo, LLC - Form S-4/A

| | |

| RSUs reserved for issuance to directors | 300,000 |
| RSUs subject to performance-based vesting | 70,240 |
| Total to be exchanged for LinnCo common shares | 939,243 |

- ⁽²⁾ In connection with LinnCo's contribution of Berry to LINN, LINN will issue to LinnCo a number of LINN units equal to the greater of (i) the aggregate number of LinnCo common shares issuable to the Berry stockholders in the merger and (ii) the number of LINN units necessary to cause LinnCo to own no less than one-third of all outstanding LINN units following such contribution. When considering the contribution of Berry to LINN in exchange for newly issued LINN units only for the aggregate number of LinnCo common shares issuable to the Berry stockholders in the merger, LinnCo is estimated to

Table of Contents**LINN ENERGY, LLC****NOTES TO THE UNAUDITED PRO FORMA CONDENSED****COMBINED FINANCIAL STATEMENTS Continued**

own approximately 34% of LINN's outstanding units following such contribution. Accordingly, no incremental impact of this provision has been assumed.

- (3) Represents Berry options and unvested RSUs (excluding any Berry RSU held by a current or former non-employee director of Berry and any performance-based Berry RSU), multiplied by the merger exchange ratio of 1.25 and the LinnCo/LINN exchange ratio. Under the merger agreement, Berry options and unvested RSUs will be converted as of the effective time of the merger into an option to purchase a number of LINN units or into a restricted unit award in respect of the number of LINN units equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry option or RSU immediately prior to the effective time by the 1.25 merger exchange ratio and by the LinnCo/LINN exchange ratio, defined as the average of the closing prices of one LinnCo common share on the NASDAQ on the last five full trading days prior to the closing date of the merger divided by the average of the closing prices of one LINN unit on the NASDAQ on the last five full trading days prior to the closing date of the merger. For purposes of this preliminary calculation, LINN has used a LinnCo/LINN exchange ratio of 1.09, reflecting the average closing prices for the last five trading days ending May 28, 2013. See schedule of awards to be exchanged below:

| | |
|---|------------------|
| Options | 1,387,592 |
| Unvested RSUs | 507,715 |
| Total to be exchanged for LINN equity awards | 1,895,307 |
| Merger exchange ratio | 1.25 |
| LinnCo/LINN exchange ratio | 1.09 |
| Total | 2,582,356 |

All other awards (Berry RSUs that are expected to be vested as of the effective time of the merger, that are held by a current or former non-employee director or that are subject to performance-based vesting criteria) will be converted as of the effective time of the merger into a number of LinnCo common shares equal to the product determined by multiplying the number of shares of Berry common stock subject to the Berry RSU immediately prior to the effective time by the 1.25 merger exchange ratio, and are taken into account as described in footnote (1) above. LINN will issue units to LinnCo for these awards.

The number of Berry equity awards to be exchanged for LinnCo common shares does not equal the number of Berry equity awards to be exchanged for LINN equity awards as different Berry awards will be converted to either LinnCo common shares or LINN equity awards, depending on the type, and awards exchanged for LINN equity awards will have the LinnCo/LINN exchange ratio applied in addition to the 1.25 merger exchange ratio.

- (4) LINN has agreed to pay LinnCo \$6 million per year for three years (2013, 2014 and 2015) to compensate LinnCo for the anticipated increase in tax liability resulting from the allocation of depreciation, depletion and amortization and other cost recovery deductions using the remedial method pursuant to Treasury Regulation Section 1.704-3(d) with respect to the Berry assets acquired in the transaction. Based on the timing of the anticipated payments, the pro forma balance sheet reflects a current payable of \$6 million and a noncurrent liability of \$12 million.

The proposed transaction has a preliminary value of approximately \$4.3 billion, including the assumption of Berry's debt of approximately \$1.8 billion at March 31, 2013. From the date of public announcement to May 28, 2013, the preliminary value increased approximately \$23 million, primarily due to corrections of

Table of Contents**LINN ENERGY, LLC****NOTES TO THE UNAUDITED PRO FORMA CONDENSED****COMBINED FINANCIAL STATEMENTS Continued**

estimated Berry equity awards to be exchanged. The final value of LINN unit consideration will be determined based on the actual number of LINN units issued and the market price of LINN units as of the date of acquisition. A ten percent increase or decrease in the closing price of LINN units, compared to the May 28, 2013, closing price of \$34.75, would increase or decrease the value of LINN unit consideration by approximately \$250 million.

(b) Eliminations

Upon closing of the acquisition, Berry's historical shareholders' equity accounts will be eliminated in LINN's consolidated financial statements.

(c) Acquisition Accounting Adjustments

The pro forma condensed combined financial statements have been prepared based on the acquisition method of accounting for business combinations. Under the acquisition method of accounting, the preliminary estimated purchase price is calculated as described above. The allocation of the preliminary estimated purchase price is based upon management's preliminary estimates and assumptions with respect to the fair values of the assets to be acquired and the liabilities to be assumed. The acquisition method of accounting is dependent upon certain valuations and other studies that have yet to commence or progress to a stage where there is sufficient information for a definitive measure. Accordingly, the pro forma fair value adjustments are preliminary and have been made solely for the purpose of providing pro forma condensed combined financial statements. The actual fair values of the assets acquired and liabilities assumed will be determined as of the date of acquisition and may differ materially from the amounts presented in the purchase price allocation below due to changes in fair values through the date of acquisition and as further analysis is completed. Accordingly, the allocation of the purchase price may result in different adjustments in the unaudited pro forma condensed combined statements of operations, which may have a material impact on the accompanying pro forma condensed combined financial statements and the combined company's future results of operations and financial position.

Following are the pro forma adjustments to reflect the fair value of Berry's reported net assets as presented in the unaudited pro forma condensed combined balance sheet at March 31, 2013 (in millions):

| | |
|--|-----------------|
| Berry's net assets at March 31, 2013 | \$ 1,047 |
| Adjustment to fair value oil and natural gas properties ⁽¹⁾ | 1,290 |
| Adjustment to fair value assumed debt obligations ⁽²⁾ | (84) |
| Adjustment to deferred taxes ⁽³⁾ | 275 |
| Total preliminary estimated purchase price | \$ 2,528 |

⁽¹⁾ This adjustment reflects the estimated fair value of Berry's proved oil and natural gas properties based on discounted cash flows estimated using forward strip oil and natural gas prices.

⁽²⁾ This adjustment reflects the estimated fair value of Berry's senior notes. The final fair value will be determined at the completion of the acquisition, and the necessary adjustment will be amortized as a reduction (in the case of a premium to book value) or an increase (in the case of a discount to book value) to interest expense over the remaining life of the individual debt issues.

⁽³⁾ Deferred income taxes have not been recognized as LINN is treated as a partnership for federal and state income tax purposes.

(e) Reflects certain derivative transactions, consisting of WTI swaps and Brent-WTI basis swaps, Berry entered into at LINN's request with respect to Berry's production following the execution of the merger agreement. The merger agreement provides that, in general, LinnCo and LINN will bear all of the benefits and burdens of these derivative transactions if the merger agreement is terminated. These derivative transactions are included in Berry's historical balance sheet at March 31, 2013.

(f) Reflects transaction costs of approximately \$13 million included in the historical statement of operations for the three months ended March 31, 2013, consisting of investment banking fees, legal fees and other acquisition-related transaction costs. The transaction costs are excluded from the pro forma statements of operations as they reflect non-recurring charges not expected to have a continuing impact on the combined results.

(g) Reflects incremental depreciation, depletion and amortization expense, using the units-of-production method, related to oil and natural gas properties acquired as follows:

for the period from January 1 through March 31, 2013, and for the year ended December 31, 2012, \$16 million and \$62 million, respectively, related to Berry's proved oil and natural gas properties

for the period from January 1 through July 31, 2012, \$43 million related to the BP Green River Properties

for the period from January 1 through March 30, 2012, \$16 million related to the BP Hugoton Properties

for the period from January 1 through July 31, 2012, \$1 million related to the BP Green River Properties

for the period from January 1 through March 30, 2012, \$342,000 related to the BP Hugoton Properties

(i) Reflects interest expense as follows:

for the period from January 1 through March 31, 2013, and for the year ended December 31, 2012, a reduction of \$3 million and \$13 million, respectively, related to the amortization of the adjustment to fair value of Berry's debt using the effective interest rate method

for the period from January 1 through July 31, 2012, \$13 million related to incremental debt of approximately \$990 million incurred to fund the purchase price of the BP Green River Properties; the assumed interest rate was 2.2%

Edgar Filing: LinnCo, LLC - Form S-4/A

for the period from January 1 through March 30, 2012, \$18 million related to incremental debt of approximately \$1.16 billion incurred to fund the purchase price of the BP Hugoton Properties; the assumed interest rate was 6.25%

Summarized in the following table is information for the standardized measure of discounted cash flows relating to proved reserves as of December 31, 2012, giving effect to the proposed transactions. LINN has adjusted for Berry's future estimated income tax expenses included in its historical standardized measure of discounted cash flows. On a pro forma combined basis, there would be no future income tax expenses included in the standardized measure of discounted cash flows because LINN is not subject to federal income taxes. Limited liability companies are subject to state income taxes in Texas; however, these amounts are immaterial.

The standardized measure of discounted future net cash flows does not purport to be, nor should it be interpreted to present, the fair value of the oil and natural gas reserves of the properties. An estimate of fair value would also take into account, among other things, the recovery of reserves not presently classified as proved, the value of unproved properties, and consideration of expected future economic and operating conditions. For a discussion of the assumptions used in preparing the information presented, refer to LINN's and Berry's financial statements for the year ended December 31, 2012.

⁽¹⁾ In accordance with SEC regulations, reserves at December 31, 2012, were estimated using the average price during the 12-month period, determined as an unweighted average of the first-day-of-the-month price for each month, excluding escalations based upon future conditions. The price used to estimate reserves is held constant over the life of the reserves.

The following table summarizes the principal sources of change in the standardized measure of discounted future net cash flows:

The data presented should not be viewed as representing the expected cash flow from, or current value of, existing proved reserves since the computations are based on a large number of estimates and arbitrary assumptions. The estimation of reserve quantities requires many judgmental determinations and frequent revisions. The required projection of production and related expenditures over time requires further estimates with respect to pipeline availability, rates of demand and governmental control. Actual future prices and costs are likely to be substantially different from the current prices and costs utilized in the computation of reported amounts. Any analysis or evaluation of the reported amounts should give specific recognition to the computational methods utilized and the limitations inherent therein.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

The following discussion addresses the material U.S. federal income tax consequences of the merger to U.S. holders (as defined below) of Berry common stock. The discussion is based on the Code, Treasury regulations, administrative rulings and judicial decisions, all as currently in effect and all of which are subject to change (possibly with retroactive effect) and to differing interpretations. This discussion applies only to U.S. holders (as defined below) that hold their Berry common stock as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment), each of which we refer to in this document as a holder. Further, this discussion does not address all aspects of U.S. federal taxation that may be relevant to a particular holder in light of its personal circumstances or to holders subject to special treatment under the U.S. federal income tax laws, including:

banks, insurance companies or other financial institutions;

mutual funds;

tax-exempt organizations;

foreign persons;

regulated investment companies and real estate investment trusts;

holders liable for the alternative minimum tax;

holders that have a functional currency other than the U.S. dollar;

pass-through entities or investors in such entities;

dealers or brokers in securities or foreign currencies;

holders who hold individual retirement or other tax-deferred accounts;

traders in securities who elect to apply a mark-to-market method of accounting;

holders that exercise appraisal rights;

holders who hold Berry common stock as part of a hedge, appreciated financial position, straddle, constructive sale, conversion transaction or other risk reduction transaction; or

Edgar Filing: LinnCo, LLC - Form S-4/A

holders who acquired their shares of Berry common stock pursuant to the exercise of employee stock options or otherwise as compensation.

In addition, the discussion does not address any alternative minimum tax or any state, local or foreign tax consequences of the merger, nor does it address any tax consequences arising under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010.

For purposes of this discussion, a U.S. holder is a beneficial owner of Berry common stock who is, for U.S. federal income tax purposes: (i) an individual who is a citizen or resident of the United States; (ii) a corporation or other entity taxable as a corporation for U.S. federal income tax purposes created or organized under the laws of the United States, any state thereof or the District of Columbia; (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source; or (iv) a trust if it (A) is subject to the supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (B) has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

This discussion does not address the tax treatment of partnerships (or entities or arrangements that are treated as partnerships for U.S. federal income tax purposes) or persons that hold their Berry common stock through partnerships or other pass-through entities for U.S. federal income tax purposes. If a partnership, including any entity or arrangement treated as a partnership for U.S. federal income tax purposes, holds shares of Berry common stock, the U.S. federal income tax treatment of a partner in such partnership will generally depend upon the status of the partner and the activities of the partnership. Such partners and partnerships should consult their own tax advisors regarding the particular tax consequences of the merger to them.

Table of Contents

Holders should consult their tax advisors regarding the particular tax consequences of the merger to them, including the effects of U.S. federal, state, local, foreign and other tax laws.

The obligation of Berry to complete the merger is conditioned, among other things, upon the receipt by Berry of a written opinion from Wachtell, Lipton, Rosen & Katz, special counsel to Berry, to the effect that each of (a) the HoldCo Merger and the Conversion, taken together, and (b) the LinnCo Merger will qualify as a reorganization within the meaning of Section 368(a) of the Code. The obligation of LinnCo to complete the merger is conditioned, among other things, upon the receipt by LinnCo of a written opinion from Latham & Watkins LLP, special counsel to LinnCo, to the effect that the LinnCo Merger will qualify as a reorganization within the meaning of Section 368(a) of the Code. In the event Berry or LinnCo were to waive its respective opinion condition and the change in tax consequences were material, the parties would recirculate this document to resolicit stockholder approval. In addition, in connection with the filing of the registration statement of which this document is a part, each of Wachtell, Lipton, Rosen & Katz and Latham & Watkins LLP has delivered an opinion to Berry and LinnCo, respectively, to the same effect as the opinions described above and addressing the U.S. federal income tax consequences of the merger to holders. Each of these opinions will be based on facts, representations and assumptions and exclusions set forth or referred to in such opinion. None of these opinions are binding on the IRS or the courts, and neither Berry nor LinnCo intends to request a ruling from the IRS regarding the U.S. federal income tax consequences of the merger. Consequently, no assurance can be given that the IRS will not assert, or that a court would not sustain, a position contrary to any of those set forth below. In addition, if any of the representations or assumptions upon which such opinions are based are inconsistent with the actual facts, the U.S. federal income tax consequences of the merger could be adversely affected.

U.S. Federal Income Tax Consequences to Holders

Accordingly, and on the basis of the opinions delivered in connection herewith, the U.S. federal income tax consequences of the merger to holders are as follows:

a holder will not recognize gain or loss as a result of the exchange of such holder's Berry common stock for LinnCo common shares in the merger, except as described below with respect to the receipt of cash in lieu of a fractional LinnCo common share;

a holder's aggregate tax basis in LinnCo common shares received in the merger, including any fractional share interests deemed received and exchanged for cash as described below, will equal the aggregate tax basis of the Berry common stock surrendered in the merger;

a holder's holding period of LinnCo common shares received in the merger will include the holder's holding period of the Berry common stock surrendered in the merger; and

a holder who receives cash in lieu of a fractional LinnCo common share in the merger will be treated as having received a fractional LinnCo common share in the merger and then as having sold the fractional LinnCo common share for cash. As a result, such a holder generally will recognize capital gain or loss equal to the difference between the amount of cash received and the holder's tax basis allocable to such fractional share. Any such capital gain or loss will be long-term capital gain or loss if the holding period of the Berry common stock exchanged for the fractional LinnCo common share is more than one year at the time of the merger. The deductibility of capital losses is subject to limitations.

Holders who hold their Berry common stock with differing bases or holding periods should consult their tax advisors with regard to identifying the bases or holding periods of the particular LinnCo common shares received in the merger.

Information Reporting and Backup Withholding

Holders may be subject to information reporting and backup withholding on any cash payments they receive in the merger. A holder generally will not be subject to backup withholding, however, if such holder:

timely furnishes its correct taxpayer identification number, certifies that the holder is not subject to backup withholding on the IRS Form W-9 or successor form included in the letter of transmittal and otherwise complies with all the applicable requirements of the backup withholding rules; or

provides proof that the holder is otherwise exempt from backup withholding.

Any amounts withheld under the backup withholding rules are not additional tax and will generally be allowed as a refund or credit against a holder's U.S. federal income tax liability, provided such holder timely furnishes the required information to the IRS.

The discussion of the material U.S. federal income tax consequences set forth above is not a complete description of all of the consequences of the merger. All holders should consult their tax advisors regarding the tax consequences of the merger to them, including the effects of U.S. federal, state, local, foreign and other tax laws.

DESCRIPTION OF LINNCO SHARES

LinnCo common shares represent limited liability company interests in LinnCo. The holders of shares are entitled to receive dividends and exercise the rights or privileges available to shareholders under LinnCo's limited liability company agreement. As of May 31, 2013, LinnCo had 34,787,500 shares outstanding.

Voting Rights

The LinnCo common shares are not entitled to vote on the election of LinnCo's directors. LINN owns the voting share entitled to vote to elect LinnCo's directors and will elect all of LinnCo's directors. Owners of LinnCo common shares will vote only on specified matters, including (i) creation of additional classes of shares, (ii) certain amendments, alterations, repeals or waivers of provisions of LinnCo's limited liability company agreement, (iii) certain amendments to the omnibus agreement between LinnCo and LINN, (iv) a merger of LinnCo or sale, exchange or other disposition of all or substantially all of LinnCo's assets, except in connection with a Terminal Transaction or to effect a mere change in legal form, and (v) an election by the LinnCo board of directors to dissolve LinnCo.

As a holder of LINN units, LinnCo is entitled to vote on all matters on which holders of LINN units are entitled to vote, which provides LinnCo common shareholders the ability to indirectly influence LINN's management. LinnCo will submit to a vote of its common shareholders, any matter submitted to LinnCo by LINN for a vote of holders of LINN units. LinnCo will vote LINN units in the same manner that its common shareholders vote (or refrain from voting) their common shares for or against a proposal, including non-votes or abstentions.

Dividends

LinnCo will pay dividends on its shares of the cash it receives as distributions in respect of its LINN units, net of reserves for income taxes payable by LinnCo, within five business days after it receives such distributions. If distributions are made on the LINN units other than in cash, LinnCo will pay a dividend on its shares in substantially the same form, provided that LinnCo will sell a portion of such distribution to reserve for income taxes payable by it, as determined by LinnCo's board of directors, and provided further that if LINN makes a distribution on the LINN units in the form of additional LINN units, LinnCo would issue and distribute an equal number of additional LinnCo common shares to its shareholders such that, immediately following such distributions, the number of its common shares outstanding is equal to the number of LINN units LinnCo holds.

Issuance of Additional Shares

LinnCo's limited liability company agreement authorizes LinnCo to issue an unlimited number of additional shares and voting shares of existing classes of its shares for the consideration and on the terms and conditions determined by its board of directors, and to make awards of common and derivative securities pursuant to employee benefit plans, without the approval of LinnCo shareholders. LinnCo shareholders will not have preemptive rights to acquire additional shares or other LinnCo securities.

Maintenance of Ratio of Shares to Units

If amended in connection with the Transaction, LinnCo's limited liability company agreement will provide that the number of LinnCo's outstanding common shares will at all times equal the number of LINN units LinnCo owns; provided that in connection with any future offering of LinnCo's shares (whether public or private and including any common shares used as consideration in any acquisition by LinnCo), the LinnCo board of directors may elect, in its discretion to purchase from LINN a greater number of LINN units than the number of shares sold in such offering for an amount equal to or less than the proceeds from such offering (which means net cash proceeds after deducting underwriting discounts and commission and any structuring fee and any properties

or assets received by LinnCo in such offering). If there is a change in the number of LINN units LinnCo owns, LinnCo will issue to all shareholders a share dividend or effect a share split or combination to provide that at all times the number of shares outstanding equals the number of LINN units LinnCo owns. In addition, if LinnCo makes any award of common or derivative securities in connection with any employee benefit plan, LINN will sell LinnCo, upon the earlier of the issuance of such common shares or the exercise or vesting of such derivative shares, an equal or greater number of LINN units for the same consideration, if any, LinnCo receives from the award recipient. In the event of a share repurchase, LINN would agree to purchase an equal number of LINN units from LinnCo, or take any other such action as may be reasonable, to maintain the one-to-one ratio of LinnCo common shares to LINN units.

Transfer Agent and Registrar

American Stock Transfer & Trust Company, LLC acts as transfer agent and serves as registrar and transfer agent for the LinnCo common shares. LinnCo pays all fees charged by the transfer agent for transfers of shares (which are reimbursed by LINN under the Omnibus Agreement), except for the following fees that will be paid by shareholders:

surety bond premiums to replace lost or stolen certificates;

taxes and other governmental charges;

special charges for services requested by a holder of LinnCo common shares; and

other similar fees or charges.

There will be no charge to holders for disbursements of cash dividends. LinnCo will indemnify the transfer agent, its agents and each of their shareholders, directors, officers and employees against all claims and losses that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any gross negligence or intentional misconduct of the indemnified person or entity.

The transfer agent may at any time resign, by notice to LinnCo, or be removed by LinnCo. The resignation or removal of the transfer agent will become effective upon LinnCo's appointment of a successor transfer agent and registrar and its acceptance of the appointment. If no successor has been appointed and has accepted the appointment within 30 days after notice of the resignation or removal, LinnCo is authorized to act as the transfer agent and registrar until a successor is appointed.

Transfer of Shares

By acceptance by LinnCo of a transfer of shares in accordance with LinnCo's limited liability company agreement, each transferee of shares will be admitted as a shareholder with respect to the shares transferred when such transfer and admission is reflected on LinnCo's books and records with or without execution of its limited liability company agreement. Additionally, each transferee of shares:

becomes the record holder of such shares;

is deemed to agree to be bound by the terms and conditions of, and is deemed to have executed and delivered LinnCo's limited liability company agreement;

represents that the transferee has the capacity, power and authority to enter into LinnCo's limited liability company agreement;

Edgar Filing: LinnCo, LLC - Form S-4/A

grants powers of attorney to LinnCo's officers and any liquidator of LinnCo's as specified in LinnCo's limited liability company agreement; and

makes the consents and waivers contained in LinnCo's limited liability company agreement.

Until a share has been transferred on LinnCo's books and records, LinnCo and the transfer agent, notwithstanding any notice to the contrary, may treat the record holder of the share as the absolute owner for all purposes, except as otherwise required by law or stock exchange regulations.

BUSINESS COMBINATIONS

The Berry restated charter provides that the affirmative vote of holders of not less than $66\frac{2}{3}\%$ of the combined voting power of the outstanding shares of Berry will be required to effect or validate (i) any merger, consolidation or other business reorganization or combination of Berry or any of its subsidiaries with or into any other corporation, (ii) any sale, lease, exchange or other disposition of all or any substantial part of the assets of Berry or any of its subsidiaries to any other corporation, person or entity, and (iii) any sale, lease, exchange or other disposition to Berry or any of its subsidiaries of any other corporation, person or other entity in exchange for voting securities of Berry or any of its subsidiaries, if, as of the record date, such other corporation, person or entity, is the beneficial owner, directly or indirectly of 5% or more of the combined voting power of the outstanding shares of Berry entitled to vote in the election of directors.

However, the voting requirements described in the previous paragraph will not apply if:

the Berry board of directors approves the transaction prior to the time the other party thereto becomes the beneficial owner of more than 5% of the combined voting power of the outstanding shares entitled to vote in the election of the directors; or

a majority of the outstanding shares of all classes of securities entitled to vote in the election of directors of such other corporation, or a majority of the equity interest in any such other person or entity, is owned of record of beneficially, directly or indirectly, by Berry.

The LinnCo limited liability company agreement provides that the affirmative vote of the holders of a majority of the outstanding LinnCo common shares and the outstanding voting shares, voting as separate classes, will be required for the approval or authorization of any merger, unless the merger agreement contains any provision that, if contained in an amendment to the LinnCo limited liability company agreement, would require a vote of a greater percentage of the outstanding shareholders, in which case such greater percentage of the outstanding shareholders is required; *provided, however*, that the member voting requirement will not be applicable if:

the LinnCo board of directors converts LinnCo into a new limited liability entity, merges LinnCo into, or conveys all of LinnCo's assets to, another newly formed limited liability entity which is newly formed and has no assets, liabilities or operations at the time of such merger or conveyance if the LinnCo board of directors (i) has received an opinion of counsel that the conversion, merger or conveyance would not result in the loss of the limited liability of any member, (ii) the sole purpose of such conversion, merger or conveyance is to effect a mere change in legal form into another entity that is taxed as a corporation and (iii) the governing instruments of the new entity provide the members and the LinnCo board of directors with the same rights and obligations as the LinnCo limited liability company agreement; or

LINN or its successor ceases to be treated as a partnership for U.S. federal income tax purposes, in which case LINN or its successor has the right to merge LinnCo with and into LINN, in which case LinnCo will distribute to the common shareholders all of the LINN units and other property owned by LinnCo in excess of reserves for income taxes payable by LinnCo as determined by the board of directors.

The affirmative vote of the holders of a majority of the outstanding LinnCo voting shares and outstanding LinnCo common shares, voting as separate classes, is required to amend or repeal, or adopt any provisions inconsistent with, the above requirements relating to mergers, conveyances or conversions.

The provisions of Section 203 of the DGCL apply to LinnCo as if LinnCo were a Delaware corporation.

No person who is deemed an interested stockholder under the LinnCo limited liability company agreement will have any voting rights with respect to any business combination involving LinnCo or LINN until such time as the business combination is approved by LinnCo or LINN, as applicable, in accordance with Section 203 of the DGCL.

The LinnCo limited liability company agreement specifically includes as an interested stockholder any entity or person that beneficially owns (or within three years did own) a voting interest equal to 15% or more of the outstanding LINN units by way of holding LinnCo common shares or LINN units, or a combination thereof; provided, that this limitation does not include any entity or person that holds a voting interest above the 15% limitation as a result of action taken solely by LinnCo or its affiliates.

AMENDMENT TO THE FORMATION AND GOVERNANCE DOCUMENTS

The Berry restated charter provides that Berry reserves the right to amend and repeal the certificate of incorporation in the manner prescribed in the DGCL. Under the DGCL, a charter amendment requires a board resolution setting forth the amendment and declaring the advisability of the amendment and approval by a majority of the outstanding stock entitled to vote thereon, and a majority of the outstanding stock of each class entitled to vote thereon, unless the Berry restated charter requires a greater proportion for approval. The Berry restated charter requires holders of at least 66²/₃% of the combined voting power of the outstanding shares of Berry to amend or repeal certain provisions of the Berry restated charter.

The Berry board of directors is expressly authorized to adopt, amend or repeal the bylaws by the affirmative vote of a majority of the Berry board of directors at any meeting thereof.

Stockholders may amend the bylaws at any annual meeting or at a special meeting by the affirmative vote of holders of not less than 66²/₃% of the combined voting power of the outstanding shares entitled to vote thereon at any meeting.

The LinnCo limited liability company agreement provides that the LinnCo board of directors is permitted to file amendments to and restatements of the certificate of formation.

The LinnCo limited liability company agreement provides that, with certain exceptions, amendments to the LinnCo limited liability company agreement may be adopted by the LinnCo board of directors. Approval of the holders of a majority of outstanding voting shares and outstanding common shares, voting as separate classes, is required for any amendment which:

is determined by the LinnCo board of directors, in its good faith, to have a material adverse effect on the preferences or rights associated with the common shares (including as compared to other classes of shares);

reduces the time for any notice to which the LinnCo common shareholders may be entitled;

SPECIAL MEETINGS OF SECURITYHOLDERS

Special meetings of Berry stockholders may be called by the chairman of the board of directors, the board of directors, the chief executive officer, or by the president or secretary of Berry at the request of not less than ten percent of the combined voting power of the outstanding stock of Berry entitled to vote in the election of directors. Such request by holders of not less than ten percent of the combined voting power of the outstanding stock of Berry entitled to vote in the election of the directors must be in writing and state the purpose or purposes of the proposed meeting. No business other than such business described in the notice of meeting will be transacted at a special stockholders meeting.

Special meetings of LinnCo shareholders may only be called by a majority of the LinnCo board of directors or by the holders of a majority of the outstanding LinnCo voting shares. The holders of LinnCo common shares do not have the right to call a meeting of the shareholders.

SECURITYHOLDER PROPOSALS AND NOMINATIONS

Under the Berry bylaws, for nominations of directors properly brought before an annual meeting of stockholders by a Berry stockholder, timely notice must be given. In general, to be considered timely, a stockholder's notice must be delivered to the secretary at Berry's principal executive offices not later than the close of business on the 120th day nor earlier than the close of business on the 210th day prior to the first

The LinnCo limited liability company agreement does not provide for shareholder proposals. Only holders of LinnCo voting shares are entitled to vote in elections of directors. The LinnCo board of directors will cause LinnCo, in its capacity as a LINN unitholder, to deliver to the secretary of LINN any nominations of persons for election to the LINN board of directors or proposals of business to be

SECURITYHOLDER ACTION BY WRITTEN CONSENT

Under Delaware law, Berry stockholders may take action by written consent.

The LinnCo limited liability company agreement does not permit LinnCo common shareholders to take action by written consent. Holders of LinnCo voting shares may take action by written consent or electronic transmission.

BOARD OF DIRECTORS

Election of Directors

Berry stockholders elect directors at the annual meeting. The Berry restated charter provides for cumulative voting by the stockholders in the election of directors.

LinnCo common shareholders are not entitled to vote for directors. Only LinnCo voting shareholders have the right to elect the board of directors. Currently LINN is the only voting shareholder of LinnCo and has the sole power to elect the LinnCo board of directors.

Number of Directors

The Berry board of directors must consist of at least nine directors but no more than 12 directors. Currently, there are 10 directors. Berry directors are elected annually.

The LinnCo board of directors must consist of at least three and no more than 11 directors. Currently, there are 6 directors.

The Berry board of directors is not divided into classes. Each director holds office until such director's successor has been duly elected and qualified or until such director's earlier death, resignation or removal.

The LinnCo board of directors is not divided into classes. Each director holds office until such director's successor has been duly elected and qualified or until such director's earlier death, resignation or removal.

Removal

The Berry restated charter does not provide for removal of directors; thus, directors may be removed by a vote of the stockholders with or without cause.

LinnCo directors may be removed from office at any time with or without cause by the holders of a majority of the outstanding LinnCo voting shares.

Table of Contents**Berry****LinnCo****Vacancies**

Vacancies resulting from death, resignation, disqualification, removal or other cause and newly-created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the Berry directors then in office, though less than a quorum or by the sole remaining director.

Vacancies on the LinnCo board of directors may be filled by the affirmative vote of holders of a majority of the outstanding LinnCo voting shares. Any LinnCo director chosen to fill a vacancy will hold office until such director's successor has been duly elected and qualified or until such director's earlier death, resignation or removal.

Special Meetings of the Board of Directors

Special meetings of the Berry board of directors may be called by the chairman of the board, chief executive officer or one-third of the directors then in office (rounded up to the nearest whole number). Notice must be given to each Berry director by whom it is not waived by mailing written notice at least five days prior to the meeting or by electronically transmitting notice at least twenty four hours prior to the meeting. Unless otherwise indicated in the notice, any and all business may be transacted at the special meeting.

Special meetings of the LinnCo board of directors may be called by the chairman of the LinnCo board of directors or on the written request of any three directors to the secretary on at least twenty-four hours' notice to each LinnCo director. Any such notice, or waiver thereof, need not state the purpose of such meeting except as may otherwise be required by law.

Director Liability and Indemnification

Berry will indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, by reason of the fact that such person is or was a director, officer, employee or agent of Berry, or is or was serving at the request of Berry as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, or other enterprise, against expense (including attorneys' fees), judgments, fines and amounts paid in the settlement actually and reasonably incurred by such person in connection with such action, suit, or proceeding to the fullest extent permitted by the DGCL.

Expenses (including attorney's fees) incurred by a Berry director, officer, employee or agent in defending any civil or criminal action, suit or proceeding may be paid by Berry in advance of the final disposition of such matter, if such director, officer, employee or agent must undertake in writing to repay any such advances in the event that it is ultimately determined that he or she is not entitled to indemnification.

LinnCo will indemnify any person who is or was a party or is threatened to be made a party to, or otherwise requires representation of counsel in connection with, any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director or officer of LinnCo, or, while serving as a director or officer of LinnCo, at the request of LinnCo, as a director, officer, employee, partner, manager, fiduciary or trustee of LinnCo or any other entity, or by reason of any action alleged to have been taken or omitted in such capacity, against losses, expenses (including attorneys' fees), judgments, fines, damages, penalties, interest, liabilities and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. However, such persons are only entitled to indemnification if they acted in good faith and, with respect to any criminal proceeding or action, have no reasonable cause to believe that such conduct was unlawful. Further, for any action, suit or proceeding by or in the right of LinnCo to provide a judgment in its favor, such persons

The Berry bylaws provided that upon resolutions passed by the board of directors, Berry may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of Berry, or is or was serving at the request of Berry as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him or her and incurred by him or her in any capacity, or arising out of his or her status as such, whether or not Berry would have the power to indemnify such person against such liability under the Berry restated charter.

shall only be entitled to indemnification if such person shall not be adjudged to be liable to LinnCo, unless and only to the extent that the court in which such action is brought shall determine that, in light of all the circumstances, such person is fairly and reasonably entitled to indemnification. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent will not of itself create a presumption that such good faith standard was not met, or, with respect to any criminal action or proceeding, that such person had no reasonable cause to believe that the person's conduct was unlawful. Additionally, LinnCo may indemnify any person who is or was an employee (other than an officer) or agent of LinnCo or LINN who is a party to a threatened, pending or completed action, suit or proceeding, to the extent permitted by law and authorized by the board of directors.

Expenses (including attorney's fees) incurred by any such person in defending any action, suit or proceeding will be paid by LinnCo in advance of the final disposition of such matter, and in advance of any determination that such person is not entitled to be indemnified, upon receipt of an undertaking by such person to repay such expenses if it is determined by final judicial decision from which there is no further right of appeal that such person is not entitled to be indemnified by LinnCo.

Any indemnification under the LinnCo limited liability company agreement will be paid by LINN directly or indirectly on LinnCo's behalf. LinnCo is authorized to purchase, or have LINN purchase on LinnCo's behalf, insurance against liabilities asserted against and expenses incurred by LinnCo directors, officers and other persons in connection with LinnCo's activities or their activities on LinnCo's behalf, regardless of whether LinnCo would have the power to indemnify the person against liabilities under the LinnCo limited liability company agreement.

None of LinnCo's directors or officers will be liable to LinnCo or its shareholders for breach of fiduciary duty, except for acts or omissions not in good faith. A LinnCo director or officer is deemed to have acted in good faith if such person subjectively believed that he or she was acting in, or not opposed to, the best interests of LINN and all its unitholders, taken together. Additionally, LinnCo directors will not be responsible for any misconduct or negligence on the part of an agent appointed by the LinnCo board of directors in good faith.

ADDITIONAL INFORMATION ABOUT LINNCO, LLC

BUSINESS

Overview

LinnCo is a Delaware limited liability company formed on April 30, 2012, under the LLC Act. As of March 31, 2013, LinnCo's sole purpose was to own units representing limited liability company interests in LINN and it expected to have no significant assets or operations other than those related to its interest in LINN. In connection with the pending acquisition of Berry, LinnCo intends to amend its limited liability company agreement to permit the acquisition and subsequent contribution of assets to LINN. LINN is an independent oil and natural gas company that trades on the NASDAQ under the symbol LINE.

LinnCo's success is dependent upon the operation and management of LINN and its resulting performance. At March 31, 2013, LinnCo owned approximately 15% of LINN's outstanding units. At March 31, 2013, LINN owned 100% of LinnCo's sole voting share and all of the LinnCo common shares were held by the public.

LinnCo has elected to be treated as a corporation for U.S. federal income tax purposes. Because it is treated as a corporation for U.S. federal income tax purposes, an owner of LinnCo common shares will not report on its U.S. federal income tax return any of LinnCo's items of income, gain, loss and deduction relating to an investment in it.

Within five (5) business days after receiving a cash distribution related to its interest in LINN units, LinnCo is required to pay the cash received, net of reserves for its income tax liability (tax reserve), as dividends to its shareholders. The amount of the tax reserve is calculated on a quarterly basis and is determined based on the tax liability estimate for the entire year. The current quarter tax reserve can be increased or reduced, at LinnCo management's discretion, to account for the over/(under) tax reserve recorded in prior quarters. Because the tax reserve is an estimate, upon filing the annual tax returns, if the actual amount of tax due is greater or less than the total amount of tax reserved, the subsequent tax reserve, at LinnCo management's discretion, could be adjusted accordingly. Any such adjustments are subject to approval by the LinnCo board of directors.

LINN has agreed to provide to LinnCo, or to pay on LinnCo's behalf, any legal, accounting, tax advisory, financial advisory and engineering fees, printing costs or other administrative and out-of-pocket expenses incurred by LinnCo, along with any other expenses incurred in connection with any public offering of shares in LinnCo or incurred as a result of being a publicly traded entity, including costs associated with annual, quarterly and other reports to holders of LinnCo common shares, tax return and Form 1099 preparation and distribution, NASDAQ listing fees, printing costs, independent auditor fees and expenses, legal counsel fees and expenses, limited liability company governance and compliance expenses and registrar and transfer agent fees. In addition, LINN has agreed to indemnify LinnCo and its officers and directors for damages suffered or costs incurred (other than income taxes payable by LinnCo) in connection with carrying out LinnCo's activities. Liquidity and Capital Resources

At both March 31, 2013 and December 31, 2012, LinnCo's issued capitalization consisted of \$1.2 billion in common shares and \$1,000 contributed by LINN in connection with LinnCo's formation and in exchange for its voting share. LinnCo expects neither to generate nor to require significant cash in its ongoing business. Any cash or other property received from the sale of additional shares will be immediately used to purchase additional LINN units. Accordingly, LinnCo does not anticipate any other sources or needs for additional liquidity.

On October 17, 2012, LinnCo closed its IPO, and used all of the net proceeds, after deducting the underwriting discount and structuring fee, to purchase 34,787,500 units from LINN which equal the number of LinnCo common shares issued and sold. LinnCo's limited liability agreement requires it to maintain a one-to-one ratio between the number of LinnCo common shares outstanding and the number of LINN units it owns. When LINN makes distributions on its units, LinnCo pays a dividend on its common shares equal to the amount of cash LinnCo receives in respect of its LINN units, net of reserves for income taxes payable by LinnCo.

Critical Accounting Policies and Estimates

The discussion and analysis of LinnCo's financial condition and results of operations is based upon the financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires LinnCo management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amount of assets and liabilities reported, disclosures about contingent assets and liabilities and reported amounts of expenses. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from these estimates. Any changes in estimates resulting from continuous changes in the economic environment will be reflected in the financial statements in future periods.

Accounting for Investment in LINN

LinnCo uses the equity method of accounting related to its ownership interest in LINN's net income (losses). LinnCo records its share of LINN's net income (losses) in the period in which it is earned. At March 31, 2013 and December 31, 2012, LinnCo owned approximately 15% of LINN's outstanding units. LinnCo's ownership percentage could change as LINN issues or repurchases additional units. Changes in LinnCo's ownership percentage affect its net income (losses).

The initial carrying amount of LinnCo's investment in LINN exceeded LinnCo's ownership interest in LINN's underlying net assets by approximately \$516 million. The difference was attributable to proved and unproved oil and natural gas properties, senior notes and equity method goodwill. These amounts are included in investment in Linn Energy, LLC on the balance sheet and are amortized over the lives of the related assets and liabilities. Such amortization is included in the equity income from LinnCo's investment in LINN. Equity method goodwill is not amortized; however, the investment is reviewed for impairment. Impairment testing is performed when events or circumstances warrant such testing and considers whether there is an inability to recover the carrying value of an investment that is other than temporary. As of March 31, 2013 and December 31, 2012, no such impairment had occurred with respect to LinnCo's investment in LINN.

Income Taxes

LinnCo is a limited liability company that has elected to be treated as a corporation for U.S. federal income tax purposes. Deferred income tax assets and liabilities are recognized for temporary differences between the basis of LinnCo's assets and liabilities for financial and tax reporting purposes. At December 31, 2012, the majority of LinnCo's temporary difference and associated deferred tax expense resulted from its investment in LINN.

MANAGEMENT

LINN owns LinnCo's sole voting share and is entitled to elect LinnCo's entire board of directors.

All of LinnCo's officers are also officers of LINN. Four of the directors of LINN serve on the board of LinnCo. As of the date of this joint proxy statement/prospectus, the LinnCo board of directors consists of Mark E. Ellis, George A. Alcorn, Terrence S. Jacobs, Michael C. Linn, Joseph P. McCoy and Linda M. Stephens. LinnCo's common shareholders will be able to indirectly vote on matters on which LINN unitholders are entitled to vote. LinnCo's shareholders are not entitled to vote to elect LinnCo's directors. Under the NASDAQ's listing rules, LinnCo is considered a controlled company such that its board of directors will be exempt from the requirement that it have a majority of independent directors meeting the NASDAQ's independence standards. LinnCo will, however, be required to have an audit committee of the board of directors composed entirely of independent directors. LinnCo's board of directors is composed of six directors, including four independent directors constituting LinnCo's audit committee.
