Item 1.01. Entry into a Material Definitive Agreement

On November 5, 2013, Diamond Offshore Drilling, Inc. (the Company) completed a public offering of \$250,000,000 aggregate principal amount of the Company's 3.45% Senior Notes due 2023 (the 2023 Notes) and \$750,000,000 aggregate principal amount of the Company's 4.875% Senior Notes due 2043 (the 2043 Notes and, collectively with the 2023 Notes, the Notes) registered under the Securities Act of 1933, as amended (the Securities Act), pursuant to the Company's shelf registration statement on Form S-3 (Registration No. 333-180004) (the Registration Statement). The prospectus forming a part of the Registration Statement was supplemented by the Company's prospectus supplement dated October 31, 2013, which the Company previously filed with the Securities and Exchange Commission under the Securities Act.

The Notes were issued pursuant to an Indenture (the Base Indenture), dated as of February 4, 1997, between the Company and The Bank of New York Mellon (formerly known as The Bank of New York) (as successor under the Base Indenture to The Chase Manhattan Bank), as trustee (the Trustee), as supplemented and amended by the Eighth Supplemental Indenture, dated as of November 5, 2013 (the Supplemental Indenture and together with the Base Indenture, the Indenture), between the Company and the Trustee. The Base Indenture and the Supplemental Indenture (including respective forms of Global Security for the Notes) are filed as Exhibits 4.1 and 4.2, respectively, to this report and are incorporated herein by reference. The descriptions of the Indenture and the Notes in this report are summaries and are qualified in their entirety by the terms of the Indenture and the respective forms of Global Security representing the Notes.

The Notes are the Company's general unsecured obligations and rank equally in right of payment with all of the Company's other existing and future unsecured and unsubordinated indebtedness. The Company is a holding company and, in addition to being subordinated to secured obligations, the Notes are effectively subordinated to all existing and future obligations of the Company's subsidiaries. The 2023 Notes and the 2043 Notes each constitute a separate series of debt securities under the Indenture.

The Company will pay interest on the Notes semi-annually in arrears on May 1 and November 1 of each year, commencing May 1, 2014, to holders of record on the preceding April 15 and October 15, respectively. Interest on the Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months. The 2023 Notes will mature on November 1, 2023 and the 2043 Notes will mature on November 1, 2043. The Company may redeem the Notes, in whole or in part, at its option at any time on at least 15 days but not more than 60 days prior written notice at the applicable redemption prices set forth in the Indenture. The Indenture contains certain customary covenants, including limitations on the ability of the Company and its subsidiaries, with certain exceptions, to incur debt secured by certain liens and to engage in certain sale and lease-back transactions.

Holders of the Notes may not enforce the Indenture or the Notes except as provided therein. Each of the following is an event of default, as defined in the Indenture, with respect to the applicable series of Notes:

default for 30 days in payment of any interest on that series of Notes;

default in payment of principal of that series of Notes at maturity or the redemption price when the same becomes due and payable;

default in the payment (after any applicable grace period) of any indebtedness for money borrowed by the Company or a subsidiary of the Company in excess of \$100.0 million principal amount (excluding such indebtedness of any subsidiary of the Company other than a Significant Subsidiary, as defined in the Indenture, all the indebtedness of which subsidiary is nonrecourse to the Company or any other such subsidiary) or default on such indebtedness that results in the acceleration of such indebtedness prior to its express maturity, if such indebtedness is not discharged, or such acceleration is not annulled, by the end of a period of 10 days after written notice to the Company by the Trustee or to the Company and the Trustee by the holders of at least 25% in principal amount of the outstanding Notes of such series;

default by the Company in the performance of any other covenant contained in the Indenture for the benefit of such series of Notes that has not been remedied by the end of a period of 60 days after notice is given as specified in the Indenture; and

certain events of bankruptcy, insolvency and reorganization of the Company or such a Significant Subsidiary.

The offering resulted in net proceeds to the Company of approximately \$988.1 million, which the Company intends to use for general corporate purposes, including redemption, repurchase or retirement of the Company's 5.15% senior notes due September 1, 2014 and the Company's 4.875% senior notes due July 1, 2015.

On November 5, 2013, the Company issued a press release announcing the closing of such offering of the Notes. Filed herewith is a copy of such press release.
