On November 19, 2013, Intelsat S.A. announced that Intelsat Jackson Holdings S.A., its indirect wholly-owned subsidiary (Intelsat Jackson), is seeking an amendment of the credit agreement governing its senior secured credit facilities to, among other things, reduce the LIBOR floor, the ABR floor and the applicable margin with respect to the loans under the revolving credit facility and at least \$1.75 billion of the loans under the term loan facility comprising the senior secured credit facilities and to extend the maturity of such loans. The proposed amendment of Intelsat Jackson's senior secured credit facilities is subject to market and other conditions, and there can be no assurance that Intelsat Jackson will be able to enter into the amendment as described or at all.
