**SUPPLEMENT TO PROXY STATEMENT**

**FOR THE ANNUAL MEETING OF STOCKHOLDERS**

**TO BE HELD ON MAY 1, 2014**

ARC Document Solutions, Inc. filed a definitive proxy statement on Schedule 14A with the Securities and Exchange Commission (SEC) on March 26, 2014 (the Proxy Statement ) and made it available to our stockholders in connection with the solicitation of proxies by the Company s Board of Directors for the 2014 Annual Meeting of Stockholders (the Annual Meeting ). In this supplement to the proxy statement, we refer to ARC Document Solutions, Inc. as the Company, we, us, our or ARC.

**The Proxy Statement contains important additional information. This supplement should be read in conjunction with our Proxy Statement.**

The purpose of this supplement is to provide updated information about the terms of the Company s 2014 Stock Incentive Plan ( SIP ), which stockholders have been asked to approve as described in Proposal 3 in the Proxy Statement.

During the first half of April, we engaged a significant number of our largest independent stockholders in conversations about our proposed SIP. These conversations were an extension of our ongoing stockholder outreach program to help explain the transformation of the Company from a transactional, analog-based blueprinting company, dependent on construction project activity, to a digitally enabled document solutions company servicing architecture, engineering and construction enterprises on a long-term, contractual basis. For the past 24 months, our stockholder communications have been centered on the changes we have made to the Company s operating and financial structure in order to address the evolving needs of our market.

During our most recent stockholder outreach efforts, we have highlighted that the Company has become more focused on growing its software development, technology sales and digital operations, and as such, our proposed SIP includes enough shares that would allow us to recruit and hire technology talent using a higher proportion of equity-based compensation than we have used historically. We designed our proposed SIP to be consistent with the market in which we compete for the talent we will need to innovate and transform our business (primarily, the San Francisco Bay Area). When we designed the SIP, we intended the share pool to provide sufficient shares for the next five to seven years.

The Company s rationale for the SIP was not generally questioned during our recent conversations with our stockholders. However, the feedback we received in response to the appropriate number of shares available under the SIP was wide ranging. While some stockholders had no objection to the size of the pool of shares proposed under the SIP, others felt the number of shares was too high. In general, these comments indicated a desire for more engagement with the Company regarding stock-based compensation, more control over the use of equity for compensation purposes, and a greater understanding of the effect the use of equity would have on the value of outstanding shares.

Therefore, in keeping with its responsibilities to investors and its desire to be responsive to their input, on April 18, 2014, our Board of Directors decided to address the variety of opinions on this issue by approving an amendment to the SIP, as set forth in its entirety in Appendix A hereto, that reduces the aggregate number of shares that may be issued under the SIP from 7,000,000 to 3,500,000.

The section of Proposal 3 entitled "Authorized Shares; Limits on Awards" is amended as set forth below and attached as Appendix A. Deleted text is shown below as cross through, and new text is shown below as underlined.

The maximum number of shares of Common Stock that may be issued or transferred pursuant to awards under the 2014 Plan equals: (1) ~~6,319,624~~ 2,720,327 shares plus (2) the number of any shares subject to awards granted under the 2005 Plan on the date the 2014 Plan is adopted that are subsequently forfeited or terminated for any reason before being exercised or settled, plus the number of shares subject to vesting restrictions under the 2005 Plan that are subsequently forfeited, plus the number of reserved shares not issued or subject to outstanding grants under the 2005 Plan on such date, in an aggregate amount not to exceed ~~7,000,000~~ 3,500,000 shares.

The following other limits are also contained in the 2014 Plan:

The maximum number of shares that may be delivered pursuant to options qualified as incentive stock options granted under the 2014 Plan is ~~7,000,000~~ 3,500,000 shares.

The maximum number of shares that may be delivered pursuant to restricted stock and restricted stock units awarded under the 2014 Plan is ~~2,000,000~~ 1,000,000 shares.

Performance-Based Awards granted to a participant in any calendar year period will not provide, in the aggregate, for payment of more than

500,000 shares (1,000,000 shares in the participant's first year of employment); and

\$2,800,000 in cash.

We included the full text of the SIP as Appendix A to the Proxy Statement that you have already received; it is incorporated into this supplement by reference thereto, as amended by Amendment No. 1 to ARC Document Solutions, Inc., 2014 Stock Incentive Plan which is attached to this supplement as Appendix A. The SIP, as so amended, will be presented for stockholder approval at the Annual Meeting. All votes cast with respect to Proposal 3 will constitute a vote on the SIP, as so amended.

We believe the lower number of shares will be sufficient for our projected needs over the next three to four years. We are taking this step to demonstrate our appreciation for the dialogue we have with our stockholders and to make clear that we are committed to engaging our stockholders more frequently in discussions about ongoing uses of equity compensation. Such engagement demonstrates our pledge to maintain transparency with our stockholders regarding our conduct and operations. Under our revised proposed share pool we believe the Company will have adequate flexibility in its use of equity compensation to continue to implement the strategic actions we have taken to restore growth to our operations and create value for our stockholders.

There are no revisions to the Proxy Statement other than the above-described revisions related to the SIP. **The Company's Board of Directors unanimously recommends that you vote FOR Proposal 3, approval of the SIP, as amended by Amendment No. 1.**

**PLEASE NOTE THAT WE HAVE ENCLOSED A PROXY CARD FOR YOUR CONVENIENCE.**
