**Alphatec Holdings, Inc.**

**Overview**

We are a medical technology company focused on the design, development, manufacturing and marketing of products for the surgical treatment of spine disorders. We have a comprehensive product portfolio and pipeline that addresses the cervical, thoracolumbar and intervertebral regions of the spine and covers a variety of major spinal disorders and surgical procedures. Our principal product offerings are focused on the global market for orthopedic spinal disorder solutions. Our physician-inspired culture enables us to respond to changing surgeon needs through collaboration with spinal surgeons to conceptualize, design and co-develop a broad range of products. We have a state-of-the-art, in-house manufacturing facility that provides us with a unique competitive advantage, and enables us to rapidly deliver solutions to meet surgeons and patients critical needs. We believe that our products and systems have enhanced features and benefits that make them attractive to surgeons and that our broad portfolio of products and systems provide a comprehensive solution for the safe and successful surgical treatment of spinal disorders.

Our strategy is to be a leading global independent full-line spine company by providing products for the surgical treatment of spinal disorders. Spinal disorders arise from degenerative conditions, deformities, trauma-based disorders and tumors such as poor bone density, vertebral compression fractures, adult deformity or scoliosis, degenerative disc disease, and spinal stenosis. Our broad line of spinal products is used to treat many of these conditions and facilitate the spinal procedures necessary to correct them. Most of our products are designed to promote spinal fusion. Spinal fusion surgery is designed to stabilize the spine after the defect has been corrected until natural bone healing or fusion, occurs. We sell implant products that interlock the segments of the spine until natural spinal fusion takes place. Additionally, we offer a broad line of biologic products that help promote or accelerate spinal fusion. To further differentiate our solutions, we have incorporated minimally invasive surgical devices and techniques and biologics-based solutions into our portfolio to improve patient outcomes. We achieve this through internal product development, technology acquisition, product licensing and by responding to surgeon feedback and input. We believe that we have developed a strong product platform for consistent and measured growth and intend to leverage this platform by, among other things, providing unmatched service to, and taking scientific direction from, surgeons. In addition to bringing innovative products to market, we understand that surgeons are a critical component of the product development process. Accordingly, we view our relationship with the surgeon community as an integral component of our strategy.

**DESCRIPTION OF FINANCING TRANSACTION AND WARRANTS**

**Facility Agreement**

On March 17, 2014, we entered into a Facility Agreement, or the Facility Agreement, with Deerfield Private Design Fund II, L.P., Deerfield Private Design International II, L.P., Deerfield Special Situations Fund, L.P., and Deerfield Special Situations International Master Fund, L.P., which we collectively refer to as Deerfield, pursuant to which Deerfield agreed to loan us up to \$50.0 million, subject to the terms and conditions set forth in the Facility Agreement. Under the terms of the Facility Agreement, we have the option, but are not required, upon certain conditions to draw the entire amount available under the Facility Agreement, at any time until January 30, 2015, provided that the initial draw be used for a portion of the payments made in connection with a litigation settlement entered into between us, OrthoTec, LLC and certain other parties, for which settlement we entered into a binding term sheet on March 15, 2014. On March 20, 2014, we made an initial draw under the Facility Agreement of \$20.0 million. We may draw down additional amounts under the Facility Agreement relating to the litigation settlement and up to an aggregate of \$15.0 million for working capital or general corporate purposes. In addition, in the event certain events relating to the litigation settlement have not occurred prior to December 15, 2014, we may request no later than January 30, 2015 a draw of the entire amount available under the Facility Agreement, or an End-Term Draw; provided that such amount will remain in a special deposit account until such events relating to the litigation

## **Table of Contents**

settlement occur. We agreed to pay Deerfield, upon each disbursement of funds under the Facility Agreement, a transaction fee equal to 2.5% of the principal amount of the funds disbursed.

Any amounts drawn under the Facility Agreement accrue interest at a rate of 8.75% per annum. Accrued interest is payable quarterly in cash. At any time after the third anniversary of the first disbursement, we have the right to prepay any amounts owed at a price equal to all accrued and unpaid interest, fees, late charges and other amounts then due and owing on the principal amount repaid plus 105% of the outstanding principal amount repaid. One-third of the aggregate principal amount outstanding under the Facility Agreement is payable on each of the third, fourth and fifth anniversaries of the first disbursement of funds. The Facility Agreement also includes several potential events of default, such as payment default, insolvency conditions and the consummation of certain change of control transactions, which could cause interest to be charged at a specified rate above the rate effective immediately before the event of default or result in Deerfield's right to declare all outstanding obligations immediately due and payable.

## **Security Agreement**

In connection with the Facility Agreement, we and certain of our subsidiaries entered into a Guaranty and Security Agreement with Deerfield, pursuant to which, as security for our repayment of our obligations under the Facility Agreement, such subsidiaries guaranteed our obligations under the facility agreement, and we and such subsidiaries granted to Deerfield a security interest in substantially all of our assets, and all proceeds and products thereof, subject to the limitations in such Guaranty and Security Agreement and other security interests that are senior to Deerfield's security interest.

## **Warrants**

In connection with the execution of the Facility Agreement, on March 17, 2014, we issued to Deerfield warrants to purchase up to 6,250,000 shares of our common stock at an exercise price equal to \$1.39. In connection with our initial draw under the Facility Agreement, on March 20, 2014, we issued to Deerfield warrants to purchase up to 4,000,000 shares of our common stock at an exercise price equal to \$1.39. In addition, as noted above, we have the right to draw down on the Facility Agreement one or more additional cash disbursements in the minimum amount of \$2.5 million per disbursement for an aggregate remaining amount of \$30.0 million. Each additional disbursement will be accompanied by the issuance to Deerfield of warrants, or the Draw Warrants, to purchase a number of shares of common stock equal to 6,000,000 multiplied by a fraction, the numerator of which is the amount of such disbursement, and the denominator of which is 30,000,000. The exercise price of the Draw Warrants shall be equal to the lower of \$1.39 and the daily Volume Weighted Average Price (as defined in the Draw Warrants) per share of common stock for the fifteen consecutive trading day period following receipt by Deerfield of the draw notice. In addition, in the event we effect an End-Term Draw, we are required to issue warrants, which we refer to as the End-Term Draw Warrants, to Deerfield to purchase up to 1,000,000 shares of common stock, at an exercise price equal to the lower of \$1.39 and the daily Volume Weighted Average Price per share of common stock for the fifteen consecutive trading day period following receipt by Deerfield of the draw notice for the End-Term Draw. If the Company, in its discretion, elects to draw down the entire \$50.0 million under the Facility Agreement, then the Company will have issued warrants to purchase a total of 16,250,000 shares of common stock, excluding the End-Term Draw Warrants.

The number of shares of common stock into which each Warrant is exercisable and the exercise price of any Warrant will be adjusted to reflect any stock splits, recapitalizations or similar adjustments in the number of outstanding shares of common stock. Each Warrant issued under the Facility Agreement expires on the sixth anniversary of its issuance and contains certain limitations that prevent the holder from acquiring shares upon exercise of a Warrant that would result in the number of shares beneficially owned by it to exceed 9.985% of the total number of shares of common

stock then issued and outstanding.

The holder of a Warrant may exercise the Warrant either for cash or on a cashless basis. In connection with certain Major Transactions (as defined in the Warrant), including certain changes of control of the Company or the sale of more than 50% of the Company's assets, the holder may have the option to receive, in exchange for

## **Table of Contents**

the Warrant, a number of shares of common stock equal to the Black-Scholes value of the Warrant, as calculated pursuant to the terms of the Warrant. In certain circumstances, a portion of such payment may be made in cash rather than in shares of common stock.

## **Registration Rights Agreement**

In connection with the Facility Agreement and the related warrants, we entered into a Registration Rights Agreement with Deerfield, or the Registration Rights Agreement, obligating us to register for resale the shares of common stock issuable upon the exercise of the warrants on a registration statement on Form S-3 (or if Form S-3 is not then available, such other form of registration statement as is then available) to be filed with the SEC within 45 days of the issuance of the initial warrants and, thereafter, within 20 days after the date on which any other warrants may be issued.

## **USE OF PROCEEDS**

We are registering the shares of our common stock covered by this prospectus pursuant to registration rights granted to the selling stockholders in the Registration Rights Agreement. We are not selling any securities under this prospectus and will not receive any proceeds from the sale or other disposition of the shares covered hereby. The holders of the Warrants are not obligated to exercise their Warrants, and we cannot predict whether holders of the Warrants will choose to exercise all or any of their Warrants or if they will do so for cash or on a cashless basis. However, if all of the Warrants were exercised for cash, we would receive gross proceeds of approximately \$14.2 million. Any funds received from the exercise of the Warrants will be used by us for general corporate purposes.

We have agreed to pay all costs, expenses and fees relating to the registration of the shares of our common stock covered by this prospectus. The selling stockholders will pay any brokerage commissions and/or similar charges incurred in connection with the sale or other disposition by them of the shares covered hereby.

## **SELLING STOCKHOLDERS**

We have prepared this prospectus to allow the selling stockholders or their pledgees, donees, transferees or other successors-in-interest to sell or otherwise dispose of, from time to time, up to an aggregate of 10,250,000 shares of our common stock issuable upon the exercise of the Warrants, plus an indeterminate number of shares of common stock that may be issued as a result of stock splits, stock dividends or similar transactions as described in the Warrants. The table below presents information regarding the selling stockholders, the shares of common stock beneficially owned by each of them prior to the issuance of the Warrants, the shares of common stock that they may sell or otherwise dispose of from time to time under this prospectus and the number and percentage of our common stock each of the selling stockholders will own assuming all of the shares covered by this prospectus are sold by the selling stockholders.

We do not know whether, when or in what amounts the selling stockholders may sell or otherwise dispose of the shares of common stock covered hereby. The selling stockholders might not sell or dispose of any or all of the shares covered by this prospectus or may sell or dispose of some or all of the shares other than pursuant to this prospectus. Because the selling stockholders may not sell or otherwise dispose of some or all of the shares covered by this prospectus and because there are currently no agreements, arrangements or understandings with respect to the sale or other disposition of any of the shares, we cannot estimate the number of the shares that will be held by the selling stockholders after completion of the offering. However, for purposes of this table, we have assumed that all of the shares of common stock covered by this prospectus will be sold by the selling stockholders and that any other shares of our common stock beneficially owned by these selling stockholders will continue to be beneficially owned.

Edgar Filing: Alphatec Holdings, Inc. - Form 424B3

Other than the transactions referred to herein and in documents filed by us with the SEC pursuant to Section 13(a), 13(c), 14 or 15(d) of the Exchange Act, the selling stockholders have not within the past three years had any position, office or other material relationship with us or any of our subsidiaries other than as a holder of our securities.

**PLAN OF DISTRIBUTION**

The selling stockholders, including their pledgees, donees, transferees or other successors-in-interest, may from time to time offer some or all of the shares of common stock covered by this prospectus. To the extent required, this prospectus may be amended and supplemented from time to time to describe a specific plan of distribution.

The selling stockholders will not pay any of the costs, expenses and fees in connection with the registration and sale of the shares covered by this prospectus, but they will pay any and all underwriting discounts, selling commissions and stock transfer taxes, if any, attributable to sales of the shares. We will not receive any proceeds from the sale of the shares of our common stock covered hereby.

The selling stockholders may sell the shares of common stock covered by this prospectus from time to time, and may also decide not to sell all or any of the shares of common stock that they are allowed to sell under this prospectus. The selling stockholders will act independently of us in making decisions regarding the timing, manner and size of each

sale. These dispositions may be at fixed prices, at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at varying prices determined at the time of sale, or at privately negotiated prices. Sales may be made by the selling stockholders in one or more types of transactions, which may include:

purchases by underwriters, dealers and agents who may receive compensation in the form of underwriting discounts, concessions or commissions from the selling stockholders and/or the purchasers of the shares of common stock for whom they may act as agent;

one or more block transactions, including transactions in which the broker or dealer so engaged will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction, or in crosses, in which the same broker acts as an agent on both sides of the trade;

**Table of Contents**

ordinary brokerage transactions or transactions in which a broker solicits purchases;

purchases by a broker-dealer or market maker, as principal, and resale by the broker-dealer for its account;

the pledge of shares of common stock for any loan or obligation, including pledges to brokers or dealers who may from time to time effect distributions of shares of common stock;

short sales or transactions to cover short sales relating to the shares of common stock;

one or more exchanges or over-the-counter market transactions;

through distribution by a selling stockholder or its successor in interest to its members, general or limited partners or shareholders (or their respective members, general or limited partners or shareholders);

privately negotiated transactions;

the writing of options, whether the options are listed on an options exchange or otherwise;

distributions to creditors and equity holders of the selling stockholders; and

any combination of the foregoing, or any other available means allowable under applicable law.

A selling stockholder may also resell all or a portion of its common stock in open market transactions in reliance upon Rule 144 under the Securities Act provided it meets the criteria and conforms to the requirements of Rule 144.

The selling stockholders may enter into sale, forward-sale and derivative transactions with third parties, or may sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those sale, forward-sale or derivative transactions, the third parties may sell securities covered by this prospectus or the applicable prospectus supplement, including in short sale transactions and by issuing securities that are not covered by this prospectus but are exchangeable for or represent beneficial interests in the common stock. The third parties also may use shares received under those sale, forward-sale or derivative arrangements or shares pledged by the selling stockholder or borrowed from the selling stockholders or others to settle such third-party sales or to close out any related open borrowings of common stock. The third parties may deliver this prospectus in connection with any such transactions. Any third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment to the registration statement of which this prospectus is a part).

In addition, the selling stockholders may engage in hedging transactions with broker-dealers in connection with distributions of common stock or otherwise. In those transactions, broker-dealers may engage in short sales of securities in the course of hedging the positions they assume with selling stockholders. The selling stockholders may

also sell securities short and redeliver securities to close out such short positions. The selling stockholders may also enter into option or other transactions with broker-dealers which require the delivery of securities to the broker-dealer. The broker-dealer may then resell or otherwise transfer such securities pursuant to this prospectus. The selling stockholders also may loan or pledge shares, and the borrower or pledgee may sell or otherwise transfer the common stock so loaned or pledged pursuant to this prospectus. Such borrower or pledgee also may transfer those shares of common stock to investors in our securities or the selling stockholders' securities or in connection with the offering of other securities not covered by this prospectus.

To the extent necessary, we may amend or supplement this prospectus from time to time to describe a specific plan of distribution. We will file a supplement to this prospectus, if required, upon being notified by the selling stockholders that any material arrangement has been entered into with a broker-dealer for the sale of shares through a block trade, offering or a purchase by a broker or dealer. The applicable prospectus supplement will set forth the specific terms of the offering of securities, including:

the number of shares of common stock offered;

the price of such common stock;

the proceeds to the selling stockholders from the sale of such common stock;

the names of the underwriters or agents, if any;

**Table of Contents**

any underwriting discounts, agency fees or other compensation to underwriters or agents; and

any discounts or concessions allowed or paid to dealers.

In connection with sales of common stock covered hereby, the selling stockholders and any underwriter, broker-dealer or agent and any other participating broker-dealer that executes sales for the selling stockholders may be deemed to be an underwriter within the meaning of the Securities Act. Accordingly, any profits realized by the selling stockholders and any compensation earned by such underwriter, broker-dealer or agent may be deemed to be underwriting discounts and commissions. Because the selling stockholders may be deemed to be underwriters under the Securities Act, the selling stockholders must deliver this prospectus and any prospectus supplement in the manner required by the Securities Act. This prospectus delivery requirement may be satisfied through the facilities of the NASDAQ Global Select Market in accordance with Rule 153 under the Securities Act.

We and the selling stockholders have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act. In addition, we or the selling stockholders may agree to indemnify any underwriters, broker-dealers and agents against or contribute to any payments the underwriters, broker-dealers or agents may be required to make with respect to, civil liabilities, including liabilities under the Securities Act. Underwriters, broker-dealers and agents and their affiliates are permitted to be customers of, engage in transactions with, or perform services for us and our affiliates or the selling stockholders or their affiliates in the ordinary course of business.

The selling stockholders will be subject to applicable provisions of Regulation M of the Exchange Act and the rules and regulations thereunder, which provisions may limit the timing of purchases and sales of any of the common stock by the selling stockholders. Regulation M may also restrict the ability of any person engaged in the distribution of the common stock to engage in market-making activities with respect to the common stock. These restrictions may affect the marketability of such common stock.

In order to comply with applicable securities laws of some states, the common stock may be sold in those jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the common stock may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirements is available. In addition, any common stock of a selling stockholder covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act may be sold in open market transactions under Rule 144 rather than pursuant to this prospectus.
