**PROXY STATEMENT
FOR THE ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON AUGUST 13, 2014**

PROXY SOLICITATION AND COSTS

We are furnishing this document to you in connection with the solicitation by our Board of Directors (the Board) of the enclosed form of proxy for our annual meeting to be held on August 13, 2014. In addition to solicitation by mail, we may solicit proxies in person, by telephone, facsimile, or e-mail. We will bear all costs of the proxy solicitation and have engaged a professional proxy solicitation firm, D.F. King & Co., Inc., to assist us in soliciting proxies. We will pay a fee of approximately \$15,000, plus expenses, for such services.

We pay for the preparation and mailing of the Notice of 2014 Annual Meeting of Shareholders and proxy statement, and we have also made arrangements with brokerage firms and other custodians, nominees, and fiduciaries for the forwarding of this proxy statement and other annual meeting materials to the beneficial owners of our common shares at our expense. This proxy statement is dated July 2, 2014, and is first being mailed to our shareholders on or about July 2, 2014.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

You received these proxy materials because you are a shareholder of the Company. The Board is providing these proxy materials to you in connection with our annual meeting to be held on August 13, 2014. As a shareholder of the Company, you are entitled to vote on the important proposals described in this proxy statement. Since it is not practical for all shareholders to attend the annual meeting and vote in person, the Board is seeking your proxy to vote on these matters.

What is a proxy?

A proxy is your legal designation of another person (proxy) to vote the common shares you own at the annual meeting. By completing and returning the proxy card(s), which identifies the individuals or trustees authorized to act as your proxy, you are giving each of those individuals authority to vote your common shares as you have instructed. By voting via proxy, each shareholder is able to cast his or her vote without having to attend the annual meeting in person.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your common shares in different ways (e.g., trusts, custodial accounts, joint tenancy) or in multiple accounts. If your common shares are held by a broker or bank (i.e., in street name), you will receive your proxy card and other voting information from your broker, bank, trust, or other nominee. It is important that you complete, sign, date, and return each proxy card you receive, or vote using the telephone, or by using the Internet (as described in the instructions included with your proxy card(s) or in the Notice of Internet Availability of Proxy Materials).

Why didn't I receive paper copies of the proxy materials?

As permitted by the Securities and Exchange Commission (the SEC), we are making this proxy statement and our annual report available to our shareholders electronically via the Internet. We believe this delivery method expedites your receipt of materials, while also lowering costs and reducing the environmental impact of our annual meeting. The notice of electronic availability contains instructions on how to access this proxy statement and our annual report and how to vote online.

Edgar Filing: SMUCKER J M CO - Form PRE 14A

If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided in the notice.

Table of Contents

The Notice of Internet Availability of Proxy Materials has been mailed to shareholders on or about July 2, 2014 and provides instructions on how you may access and review the proxy materials on the Internet.

What is the record date and what does it mean?

The Board established June 16, 2014 as the record date for the annual meeting of shareholders to be held on August 13, 2014. Shareholders who own common shares of the Company at the close of business on the record date are entitled to notice of and to vote at the annual meeting.

What is the difference between a registered shareholder and a street name shareholder ?

These terms describe how your common shares are held. If your common shares are registered directly in your name with Computershare Investor Services, LLC (Computershare), our transfer agent, you are a registered shareholder. If your common shares are held in the name of a brokerage, bank, trust, or other nominee as a custodian, you are a street name shareholder.

How many common shares are entitled to vote at the annual meeting?

As of the record date, there were 101,733,034 common shares outstanding and entitled to vote at the annual meeting.

How many votes must be present to hold the annual meeting?

A majority of the Company's outstanding common shares as of the record date must be present in order for us to hold the annual meeting. This is called a quorum. Broker non-votes and abstentions are counted as present for purposes of determining whether a quorum exists. A broker non-vote occurs when a nominee, such as a bank or broker holding shares for a beneficial owner, does not vote on a particular proposal because the nominee does not have discretionary voting power for the particular item and has not received instructions from the beneficial owner. Proposal 2 is the only routine matter on this year's ballot that may be voted on by brokers.

Who will count the votes?

A representative from Broadridge Financial Solutions, Inc. (Broadridge), or its designee, will determine if a quorum is present, tabulate the votes, and serve as our inspector of election at the annual meeting.

What vote is required to approve each proposal?

Under our Amended Articles of Incorporation (the Articles), shareholders may be entitled, on certain matters, to cast ten votes per share with regard to certain common shares and only one vote per share with regard to others. The total voting power of all of the common shares can be determined only at the time of a shareholder meeting due to the need to obtain certifications as to beneficial ownership of common shares not held as of record in the name of individuals. There is one proposal on this year's ballot for which the ten-votes-per-share provisions apply.

Abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will not be counted as votes cast for or against a candidate and will have no effect with regard to the election of Directors in Proposal 1. However, because Proposals 2, 3, and 4 are based on the total voting power of the Company, abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will have the same effect as votes against such proposals.

Proposal 1: Because this is an uncontested election, a candidate will be elected as a Director only if the votes cast for the candidate exceed the votes cast against the candidate, based upon one vote for each common share owned as of the record date. A plurality voting standard would be used if this were a contested election. Under the plurality voting standard, the candidates receiving the most for votes would be elected.

Table of Contents

Under our Director resignation policy, in an uncontested election, any nominee for Director who receives a greater number of against votes than for votes is required to tender his or her resignation for consideration by the Nominating and Corporate Governance Committee of the Board (the Nominating Committee). We have provided more information about our Director resignation policy under the heading Corporate Governance Director Resignation Policy.

Proposal 2: The affirmative vote of the holders of common shares entitling them to exercise a majority of the total voting power of the Company, based upon one vote for each common share owned as of the record date, is necessary to ratify the appointment of the Independent Registered Public Accounting Firm (the Independent Auditors).

Proposal 3: The affirmative vote of the holders of common shares entitling them to exercise a majority of the total voting power of the Company, based upon one vote for each common share owned as of the record date, is necessary to approve, on an advisory basis, the Company's executive compensation. This vote is advisory and not binding on the Company, the Board, or the Executive Compensation Committee of the Board (the Compensation Committee) in any way. To the extent there is any significant vote against the executive compensation as disclosed in this proxy statement, the Board and the Compensation Committee will evaluate what actions, if any, may be necessary to address the concerns of shareholders. Under the Articles, shareholders are entitled to cast ten votes per share on any matter relating to any stock option plan, stock purchase plan, executive compensation plan, executive benefit plan, or other similar plan, arrangement, or agreement. Because the vote on this proposal is a non-binding, advisory vote, we have determined that such ten-votes-per-share provisions will not apply to this proposal.

Proposal 4: The affirmative vote of the holders of common shares entitling them to exercise a majority of the total voting power of the Company, giving effect to the ten-votes-per-share provisions of the Articles, is necessary to adopt the amendment to the Regulations to set forth a general voting standard for action by shareholders.

How do I determine if I have ten votes per share for Proposal 4?

Common shares are entitled to ten votes per share if they meet the requirements set forth in the Articles. Common shares that would be entitled to ten votes per share on Proposal 4 include:

Common shares for which there has not been any change in beneficial ownership in the four years prior to June 16, 2014; or

Common shares received through our various equity plans which have not been sold or otherwise transferred.

If you were issued common shares through one of our equity plans as an employee of the Company or you are a registered shareholder, you will not be required to certify common shares entitled to ten votes per share in order to exercise the ten-votes-per-share provision, because the plan administrators or the transfer agent will provide this information to the vote tabulator. If you are a street name shareholder, you will be required to complete the Certification of Ten-Vote Shares section on the voting instruction form in order to exercise the ten-votes-per-share provision. For additional information regarding how to determine whether your common shares are entitled to ten votes per share, see Voting Rights of Common Shares beginning on page 71.

Where will I be able to find voting results of the annual meeting?

We will announce preliminary voting results at the annual meeting. We will also publish final voting results in a Current Report on Form 8-K to be filed with the SEC within four business days after the annual meeting.

How do I vote my common shares?

If you are a **registered shareholder and you received your proxy materials by mail**, you can vote your shares in one of the following manners:

by attending the annual meeting and voting;

by completing, signing, dating, and returning the enclosed proxy card(s);

You must bring this legal proxy obtained from your broker, bank, trust, or other nominee to the annual meeting in order to vote in person.

Can I change my vote after I have mailed in my proxy card(s) or submitted my vote using the Internet or telephone?

Yes, if you are a **registered shareholder and you received your proxy materials by mail**, you can change your vote in any one of the following ways:

sending a written notice to our Corporate Secretary that is received prior to the annual meeting and stating that you revoke your proxy;

signing, dating, and submitting a new proxy card(s) to Broadridge so that it is received prior to the annual meeting;

voting by telephone or by using the Internet prior to the annual meeting in accordance with the instructions provided with the proxy card(s); or

Yes, if you are a **registered shareholder and you received a Notice of Internet Availability of Proxy Materials**, you can change your vote in any one of the following ways:

sending a written notice to our Corporate Secretary that is received prior to the annual meeting and stating that you revoke your proxy;

voting by using the Internet prior to the annual meeting, in accordance with the instructions provided in the Notice of Internet Availability of Proxy Materials;

requesting a paper copy of the materials by calling 1-800-579-1639, and then signing and dating the proxy card(s) and submitting the proxy card(s) to Broadridge so that it is received prior to the annual meeting.

Your mere presence at the annual meeting will not revoke your proxy. You must vote in person at the annual meeting in order to revoke your proxy.

If you are a **street name shareholder**, you must contact your broker, bank, trust, or other nominee in order to revoke your proxy.

How will my proxy be voted?

If you complete, sign, date, and return your proxy card(s) or vote by telephone or by using the Internet, your proxy will be voted in accordance with your instructions. If you sign and date your proxy card(s) but do not indicate how you want to vote, your common shares will be voted for each of the proposals as the Board recommends.

Table of Contents**What if my common shares are held in street name by my broker?**

You should instruct your broker how you would like to vote your shares by using the written instruction form and envelope provided by your broker. If you do not provide your broker with instructions, under the rules of the New York Stock Exchange (NYSE), your broker may, but is not required to, vote your common shares with respect to certain routine matters. However, on other matters, when the broker has not received voting instructions from its customers, the broker cannot vote the shares on the matter and a broker non-vote occurs. Proposal 2 is the only routine matter on this year's ballot to be voted on by our shareholders. **Proposals 1, 3, and 4 are not considered routine matters under the NYSE rules. This means that brokers may not vote your common shares on such proposals if you have not given your broker specific instructions as to how to vote. Please be sure to give specific voting instructions to your broker so that your vote can be counted.** If you hold your common shares in your broker's name and wish to vote in person at the annual meeting, you must contact your broker and request a document called a legal proxy. You must bring this legal proxy to the annual meeting in order to vote in person.

What are the Board's recommendations on how I should vote my common shares?

The Board recommends that you vote your common shares as follows:

Proposal	Proposal Summary	FOR	AGAINST
Proposal 1	Election of the four Board nominees named in this proxy statement with terms expiring at the 2015 annual meeting of shareholders	ü	
Proposal 2	Ratification of appointment of Ernst & Young LLP as the Company's Independent Registered Public Accounting Firm for the 2015 fiscal year	ü	
Proposal 3	Advisory approval of the Company's executive compensation	ü	
Proposal 4	Adoption of an amendment to the Regulations to set forth a general voting standard for action by our shareholders	ü	

Does the Company have cumulative voting?

No. In 2009, the shareholders of the Company amended the Articles to eliminate cumulative voting.

Who may attend the annual meeting?

All shareholders are eligible to attend the annual meeting. However, only those shareholders of record at the close of business on June 16, 2014 are entitled to vote at the annual meeting.

Do I need an admission ticket to attend the annual meeting?

Shareholder Recommendations for Director Nominees

Edgar Filing: SMUCKER J M CO - Form PRE 14A

The Nominating Committee is responsible for identifying, evaluating, and recommending qualified candidates to the Board for nomination. The Nominating Committee considers all suggestions for membership on the Board, including nominations made by our shareholders. Shareholders nominations for Directors must be made in writing and must include the nominee's written consent to the nomination and detailed background information sufficient for the Nominating Committee to evaluate the nominee's qualifications. Nominations should be submitted to the Corporate Secretary, The J. M. Smucker Company, One Strawberry Lane, Orrville, Ohio 44667. The Corporate Secretary will then forward nominations to the Chair of the Nominating Committee. All recommendations must include qualifications that meet, at a minimum, the following criteria:

candidates must be committed to our culture and Basic Beliefs of Quality, People, Ethics, Growth, and Independence, and will possess integrity, intelligence, and strength of character having a balance of skills, knowledge, diversity, background, and experience beneficial to the Company;

non-employee Director candidates must meet the independence requirements set forth below under the heading Director Independence;

Table of Contents

non-employee Director candidates must be able to effectively carry out responsibilities of oversight of our strategy;

candidates should have either significant experience in a senior executive role with a major business organization or relevant experience from other professional backgrounds, together with knowledge of corporate governance issues and a commitment to attend and participate in Board meetings and related Board activities; and

candidates should not have any affiliations or relationships which could lead to a real or perceived conflict of interest.

Board Diversity

The Nominating Committee and the Board consider a diverse group of experiences, characteristics, attributes, and skills, including diversity in gender, ethnicity, race, cultural background, and age, in determining whether an individual is qualified to serve as a Director of the Company. While the Board does not maintain a formal policy regarding diversity, it does consider the diversity of the Board when considering Director nominees. Diversity is important because a variety of points of view contribute to a more effective decision-making process. The Nominating Committee and the Board also consider the composition of the Board as a whole in evaluating whether a particular individual should serve on the Board, as the Board seeks to comprise itself of members who, collectively, possess a range of relevant skills, experience, and expertise.

Experience, Qualifications, Attributes, Skills and Diversity of Director Nominees

As mentioned above, in considering each Director nominee and the composition of the Board as a whole, the Nominating Committee looks for a diverse group of experiences, characteristics, attributes, and skills that relate directly to our management and operations. Success in specific categories is a key factor in our overall operational success and creating shareholder value. The Nominating Committee believes that Directors who possess some or all of the following experiences, characteristics, attributes, and skills are better able to provide oversight of our management and long-term and strategic objectives.

Adherence to the Company's Basic Beliefs

We seek Directors who have an understanding of, and are committed to, our Basic Beliefs of Quality, People, Ethics, Growth, and Independence. These Basic Beliefs are our values and principles that serve as guideposts for decisions at every level of the Company and cultivate a culture of commitment to each other and to our constituents. Further information regarding our Basic Beliefs can be found on our website at www.jmsmucker.com.

Leadership and Operating Experience

We seek Directors who have significant leadership and operating experience. Strong leaders bring vision, strategic agility, diverse and global perspectives, and broad business insight to the Company. They also demonstrate a practical understanding of organizations, processes, strategy, risk management, and the methods to drive change and growth. People with experience in significant leadership positions possess strong abilities to motivate and manage others and to identify and develop leadership qualities in others.

Independence

We require that a majority of our Directors satisfy the independence requirements of the NYSE and the SEC.

Finance Experience

We believe that it is important for Directors to have an understanding of finance and financial reporting processes. Accurate financial reporting is critical to our success and reputation. We seek to have at least two independent Directors who qualify as audit committee financial experts, within the meaning of Regulation S-K promulgated by the SEC (Regulation S-K), particularly for service on the Audit Committee. We expect all of our Directors to be financially knowledgeable.

Table of Contents

Public Company Board and Corporate Governance Experience

We seek Directors who have experience serving on the boards of other large, publicly traded companies. This experience prepares the Directors to fulfill the Board's responsibilities of overseeing our business and providing insight and guidance to management.

Operations Experience

We seek to have Directors with relevant general management or operations experience in the consumer goods industry. In particular, we believe that it is important for Directors to have experience in new and expanding businesses, customer segments, and geographies.

Knowledge of the Company

We deem it important to have Directors who have in-depth knowledge of us and our industry, operations, business segments, products, risks, strategy, and culture.

Minority; Diversity

We believe it is important to have a Board composition that is diverse in gender, ethnicity, race, cultural background, and age.

Marketing or Public Relations Experience

As a manufacturer and marketer of branded food products, we seek Directors who have a diverse range of marketing or public relations experience.

Mergers and Acquisitions Experience

We have been and believe we will continue to be active in acquiring other companies that fit our strategy and, therefore, seek to have Directors with relevant mergers and acquisitions experience.

Table of Contents

The Board believes that all of the Directors are highly qualified and have specific employment and leadership experiences, qualifications, and skills that qualify them for service on the Board. The specific experiences, qualifications, and skills that the Board considered in determining that each such person should serve as a Director are included in their individual biographies and also summarized further in the following table:

Table of Contents

Director Resignation Policy

In connection with the adoption of a majority voting standard for uncontested elections of Directors, the Board adopted a Director resignation policy to address the situation in which one or more incumbent Directors fail to receive the required majority vote for re-election in an uncontested election. Under Ohio law, an incumbent Director who is not re-elected would remain in office as a holdover Director until his or her successor is elected. This Director resignation policy provides that an incumbent Director who is not re-elected with more for votes than against votes in an uncontested election will be expected to tender to the Board his or her resignation as a Director promptly following the certification of the election results. The Nominating Committee would then consider each tendered resignation and recommend to the Board whether to accept or reject each such tendered resignation. The Board would act on each tendered resignation, taking into account its fiduciary duties to the Company and our shareholders and the Nominating Committee's recommendation, within 90 days following the certification of the election results. The Nominating Committee, in making its recommendation, and the Board in making its decision, may consider any factors or other information with respect to any tendered resignation that they consider appropriate, including, without limitation:

the stated reason for such Director's failure to receive the approval of a majority of votes cast;

the percentage of votes cast against such Director; and

the performance of such Director.

Following the Nominating Committee's recommendation and the Board's decision, the Board will promptly and publicly disclose its decision whether to accept or reject each tendered resignation and, if applicable, the reasons for rejecting a tendered resignation. If a Director's tendered resignation is rejected, he or she would continue to serve until his or her successor is elected, or until his or her earlier resignation, removal from office, or death. If a Director's tendered resignation is accepted, then the Board would have the sole discretion to fill any resulting vacancy or decrease the number of Directors, in each case pursuant to the provisions of and to the extent permitted by the Regulations. Any Director who tenders his or her resignation pursuant to this policy would abstain from providing input or voting on the Nominating Committee's recommendation or the Board's action regarding whether to accept or reject the tendered resignation. While this description reflects the terms of the Director resignation policy that the Board currently has, the Board retains the power to amend and administer the policy as the Board, in its sole discretion, determines is appropriate. The Director resignation policy is posted on our website at www.jmsmucker.com and a copy will be provided free of charge to any shareholder submitting a written request to the Corporate Secretary, The J. M. Smucker Company, One Strawberry Lane, Orrville, Ohio 44667.

Director Independence

We require that a majority of our Directors be independent as defined by the rules of the NYSE and the SEC. We may, in the future, amend the Guidelines to establish such additional criteria as the Board determines to be appropriate. The Board makes a determination as to the independence of each Director on an annual basis. The Board has determined that all of the following eight non-employee Directors are independent Directors: R. Douglas Cowan, Kathryn W. Dindo, Paul J. Dolan, Robert B. Heisler, Jr., Nancy Lopez Knight, Elizabeth Valk Long, Gary A. Oatey, and Alex Shumate. The Board has also determined that Sandra Pianalto, who has been nominated by the Board to stand for election at the 2014 annual meeting of shareholders, will be an independent Director.

In general, independent means that a Director has no material relationship with us or any of our subsidiaries. The existence of a material relationship is determined upon a review of all relevant facts and circumstances and generally is a relationship that might reasonably be expected to compromise the Director's ability to maintain his or her independence from our management.

The Board considers the issue of materiality from the standpoint of the persons or organizations with which the Director has an affiliation, as well as from the standpoint of the Director.

The following standards will be applied by the Board in determining whether individual Directors qualify as independent under the rules of the NYSE and the SEC. To the extent that these standards are more stringent

Table of Contents

than the rules of the NYSE or the SEC, such standards will apply. References to the Company include our consolidated subsidiaries.

No Director will be qualified as independent unless the Board affirmatively determines that the Director has no material relationship with us, either directly or as a partner, shareholder, or officer of an organization that has a relationship with us. We will disclose these affirmative determinations.

No Director who is a former employee of ours can be independent until three years after the end of his or her employment relationship with us.

No Director whose immediate family member is, or has been within the last three years, an executive officer of the Company can be independent.

No Director who received, or whose immediate family member has received, more than \$120,000 in any twelve-month period in direct compensation from us within the past three years, other than Director and Committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), can be independent until three years after he or she ceases to receive more than \$120,000 in any twelve-month period in such compensation during such time period.

No Director can be independent if the Director (i) is a current partner or employee of a firm that is our internal or external auditor; (ii) has an immediate family member who is a current partner of such a firm; (iii) has an immediate family member who is a current employee of such a firm and personally works on our audit; or (iv) was, or an immediate family member was, within the last three years, a partner or employee of such a firm and personally worked on our audit within that time.

No Director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of our present executive officers serve on that company's compensation committee can be independent until three years after the end of such service or employment relationship.

No Director who is an executive officer or employee, or whose immediate family member is an executive officer, of a company (excluding charitable organizations) that makes payments to, or receives payments from, us for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000 or 2% of such other company's consolidated gross revenues can be independent until three years after falling below such threshold.

No Director can be independent if we have made charitable contributions to any charitable organization in which such Director serves as an executive officer if, within the preceding three years, contributions by us to such charitable organization in any single fiscal year of such charitable organization exceeded the greater of \$1,000,000 or 2% of such charitable organization's consolidated gross revenues. In its review and application of the criteria used to determine independence, the Board considered the fact that we do business with an organization directly affiliated with Paul J. Dolan and affirmatively determined that the amounts paid to the entity affiliated with Mr. Dolan do not meet the threshold which would create an issue under the standards for determining independence.

The value of advertising and promotional activities sponsored with the Cleveland Indians organization, of which Mr. Dolan is the chairman and chief executive officer and a part owner, in fiscal year 2014 was approximately \$330,000 and does not exceed the greater of \$1,000,000 or 2% of the consolidated gross revenues of the Cleveland Indians.

Structure of the Board of Directors

Chairman of the Board and Chief Executive Officer as Directors

The Regulations provide that one person may hold the positions of Chairman of the Board and Chief Executive Officer. Although a majority of our Directors are independent, the Board does not have a lead independent Director. Timothy P. Smucker, our former Co-Chief Executive Officer, currently serves as Chairman

Table of Contents

of the Board. The Board believes that a current or former Chief Executive Officer is best situated to serve as Chairman of the Board because he is one of the Directors most familiar with our business and industry. The Board also believes that having a current or former Chief Executive Officer serve as Chairman of the Board provides an efficient and effective leadership model for us by fostering clear accountability, effective decision-making, and alignment of corporate strategy. The Board's independent Directors bring experience, oversight, and expertise from outside the Company and industry, while the Chief Executive Officer and the Chairman of the Board bring Company and industry-specific experience and expertise. One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of its strategy once it is developed. The Board believes that its current management structure, together with independent Directors having the duties described above, is in the best interests of shareholders because it strikes an appropriate balance for us; with a current or former Chief Executive Officer serving as Chairman of the Board, there is unified leadership and a focus on strategic development and execution, while the independent Directors help assure independent oversight of management.

Board's Role in Risk Oversight

Risk is inherent in any business, and our management is responsible for the day-to-day management of risks that we face. The Board, on the other hand, has responsibility for the oversight of risk management. In its risk oversight role, the Board has the responsibility to evaluate the risk management process to ensure its adequacy and that it is implemented properly by management.

The Board believes that full and open communication between management and the Board is essential for effective risk management and oversight. The Board meets regularly with senior management, including the executive officers, to discuss strategy and risks facing the Company. Senior management attends the Board's quarterly meetings, as well as certain Committee meetings, in order to address any questions or concerns raised by the Board on risk management and any other matters. Each quarter, the Board receives presentations from senior management on business operations, financial results, and strategic issues. In addition, senior management holds an annual strategic planning retreat, as well as periodic strategic planning sessions, to discuss strategies, key challenges, and risks and opportunities for the Company. Senior management then reviews the results of each strategic planning session with the Board.

The Committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to management of major risk exposures, including in the areas of financial reporting and internal controls. Risk assessment reports are regularly provided by management and our internal auditors to the Audit Committee. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from the Company's compensation policies and programs, including overseeing the Company's compensation-related risk assessment described further below in this proxy statement and developing stock ownership and clawback guidelines for our executive officers. The Nominating Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks associated with Board organization, membership and structure, succession planning for Directors and executive officers, and corporate governance, including the annual monitoring of corporate governance issues, developing Director self-evaluations, and reviewing potential conflicts of interest. All of these Committees report back to the full Board at Board meetings as to the Committees' activities and matters discussed and reviewed at the Committees' meetings. Non-employee Directors are encouraged to attend all Committee meetings, and employee Directors are encouraged to attend all Committee meetings other than meetings where there are matters being discussed that would create a conflict of interest, such as matters related to compensation. In addition, the Board is encouraged to participate in internal and external Director education courses to keep apprised of current issues, including areas of risk.

Communications with the Board

Shareholders and other interested parties who wish to communicate with members of the Board as a group, with non-employee Directors as a group, or with individual Directors, may do so by writing to Board Members c/o Corporate Secretary, The J. M. Smucker Company, One Strawberry Lane, Orrville, Ohio 44667. The

Directors have requested that the Corporate Secretary act as their agent in processing any communications received. All communications that relate to matters that are within the scope of responsibilities of the Board and its Committees will be forwarded to the appropriate Directors. Communications relating to matters within the responsibility of one of the Committees will be forwarded to the Chair of the appropriate Committee. Communications relating to ordinary business matters are not within the scope of the Board's responsibility and will be forwarded to the appropriate executive officer at the Company. Solicitations, advertising materials, and frivolous or inappropriate communications will not be forwarded.

Policy on Ethics and Conduct

Ethics is one of our Basic Beliefs and is fundamental to our business. We emphasize that ethical conduct is vital to ensure successful, sustained business relationships.

Our Policy on Ethics and Conduct applies to all of our employees and Directors, and the employees and directors of our subsidiaries and affiliates. The policy details specifics concerning the manner in which employees and Directors are expected to conduct themselves and imposes on each person the responsibility for making ethical choices.

Any changes to this policy and any waivers of this policy for or on behalf of any Director, executive officer, or senior financial officer of the Company must be approved by the Board, or by a Committee of the Board to which authority to issue such waivers has been delegated by the Board. Any such waivers will be promptly disclosed to the public, as required by applicable law, and will be disclosed on our website at www.jmsmucker.com. Waivers of this policy for any other employee may be made only by an authorized officer of the Company.

The Policy on Ethics and Conduct is posted on our website at www.jmsmucker.com and a copy will be provided free of charge to any shareholder submitting a written request to the Corporate Secretary, The J. M. Smucker Company, One Strawberry Lane, Orrville, Ohio 44667.

Procedures for Reporting Ethical, Accounting, Auditing and Financial Related Issues

The Board has established procedures for employees to report violations of our Policy on Ethics and Conduct or complaints regarding accounting, auditing and financial-related matters to their manager or supervisor or to the General Counsel. Reports to the General Counsel may be made in writing, by telephone, in person, or may be submitted anonymously through our toll-free telephone hotline. We do not allow any disciplinary or retaliatory action against any person who, in good faith, reports a complaint or concern under these procedures.

Director Compensation

We use a combination of cash and stock-based compensation to attract and retain non-employee Directors who serve on the Board. The Compensation Committee engages its outside compensation consultant, Frederic W. Cook & Co., Inc. (Frederic Cook & Co.), to perform an annual review of Director compensation in order to remain aware of current trends in Director compensation. At the Compensation Committee's January 2014 meeting, Frederic Cook & Co. presented a review of Director compensation and Director compensation trends. Based on this review, the Compensation Committee and the Board approved an increase in the compensation to be paid to our non-employee Directors, as set forth below, which became effective as of May 1, 2014. Employee Directors do not receive compensation for their services as Directors.

For fiscal year 2015, non-employee Directors will be eligible to receive the following compensation:

Type of Compensation	Amount
Annual Retainer	\$ 80,000 per year
Additional Annual Retainer for Committee Chair (except Audit Committee Chair)	\$ 12,500 per year
Additional Annual Retainer for Audit Committee Chair	\$ 15,000 per year
Attendance Fee for Committee Meetings	\$ 1,500 per meeting
Annual Grant of Deferred Stock Units	\$120,000 in deferred stock units

The annual grant of deferred stock units having a value of \$120,000 is granted annually in October and will be issued out of The J. M. Smucker Company 2010 Equity and Incentive Compensation Plan (the 2010 Plan), which was approved by our shareholders at our 2010 annual meeting. The deferred stock units vest immediately upon grant and are entitled to dividends in an amount paid to all shareholders. These dividends are reinvested in additional deferred stock units.

Table of Contents

During fiscal year 2015, non-employee Directors may elect to receive a portion of their annual retainer and meeting fees in the form of deferred stock units. Such amounts will be deferred under the Nonemployee Director Deferred Compensation Plan, which was initially adopted by the Board on January 1, 2007 and amended and restated on January 1, 2014 (the Nonemployee Director Deferred Compensation Plan). All deferred stock units, together with dividends credited on those deferred stock units, will be paid out in the form of common shares upon termination of service as a non-employee Director (subject to a waiting period for deferred stock units granted in certain years).

For fiscal year 2014, non-employee Directors were eligible to receive the following compensation:

Type of Compensation	Amount
Annual Retainer	\$ 75,000 per year
Additional Annual Retainer for Committee Chair (except Audit Committee Chair)	\$ 12,500 per year
Additional Annual Retainer for Audit Committee Chair	\$ 15,000 per year
Attendance Fee for Committee Meetings	\$ 1,500 per meeting
Annual Grant of Deferred Stock Units	\$115,000 in deferred stock units

The annual grant of deferred stock units having a value of \$115,000 was issued out of the 2010 Plan. The deferred stock units vested immediately upon grant and are entitled to dividends in an amount paid to all shareholders. These dividends are reinvested in additional deferred stock units.

During fiscal year 2014, non-employee Directors could have elected to receive a portion of their annual retainer and meeting fees in the form of deferred stock units. Such amounts were deferred under the Nonemployee Director Deferred Compensation Plan. All deferred stock units, together with dividends credited on those deferred stock units, will be paid out in the form of common shares upon termination of service as a non-employee Director (subject to a waiting period for deferred stock units granted in certain years).

The following table reflects compensation earned by the non-employee Directors for fiscal year 2014:

The aggregate value of all benefits provided to each non-employee Director in fiscal year 2014 was less than \$10,000.
- (7) After many years of distinguished service, R. Douglas Cowan will be retiring from the Board at the August 2014 Board meeting.
- (8) William H. Steinbrink retired from the Board at the August 2013 Board meeting. Stock Ownership Requirements

The Board has established minimum amounts of stock ownership for non-employee Directors equal to no less than five times the annual cash retainer paid to each non-employee Director. The Board policy also provides that each non-employee Director should attain this ownership threshold within five years of joining the Board. At this time, all non-employee Directors, except Robert B. Heisler, Jr., who was elected to the Board at our 2013 annual meeting, have met our stock ownership guidelines.

Executive Sessions and Presiding Director

In fiscal year 2014, the Board held three regularly scheduled executive sessions in which only the independent Directors were present. As provided in the Guidelines, these meetings were chaired by Elizabeth Valk Long, the Chair of the Compensation Committee. In fiscal year 2015, the Chair of the Audit Committee will chair the executive sessions and, in fiscal year 2016, the Chair of the Nominating Committee will chair the executive sessions. Executive sessions of the Board are held in conjunction with regularly scheduled meetings of the Board, except that there is no executive session held on the day of the annual meeting, unless specifically requested by a Director.

In addition, as part of her responsibilities, the Chair of the Audit Committee met quarterly by telephone with our management and Independent Auditors to review earnings release information. To the extent available, other members of the Audit Committee also attended such meetings to review earnings release information.

In addition, the Audit Committee reviewed the financial literacy of each of its members, as required by the listing standards of the NYSE, and determined that each of its members meets the criteria established by the NYSE. The Audit Committee also reviewed the definition of an audit committee financial expert as set forth in Regulation S-K and determined that three of its members, Kathryn W. Dindo, R. Douglas Cowan, and Robert B. Heisler, Jr., satisfy the criteria for an independent audit committee financial expert. The Board adopted a resolution at its April 2014 meeting designating each of Ms. Dindo, Mr. Cowan, and Mr. Heisler as an audit committee financial expert, within the meaning of Regulation S-K. If Sandra Pianalto is elected to the Board at the annual meeting, the Board intends to appoint her to the Audit Committee. The Audit Committee has determined that Ms. Pianalto is financially literate, an audit committee financial expert, and independent under NYSE listing standards.

The Audit Committee operates under a written charter, which is posted on our website at www.jmsmucker.com. A more detailed report of the Audit Committee is set forth below under the Report of the Audit Committee section of this proxy statement.

Table of Contents

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of four independent Directors, each of whom satisfies the independence requirement of Rule 10A-3 under the Securities Exchange Act of 1934, as amended. The Audit Committee oversees our financial reporting process on behalf of the Board and serves as the primary communication link between the Board as the representative of our shareholders, the Independent Auditors, Ernst & Young LLP, and our internal auditors. Our management has the primary responsibility for financial statements and the reporting process, including the systems of internal control and for assessing the effectiveness of internal control over financial reporting.

In fulfilling its responsibilities during the fiscal year, the Audit Committee reviewed with management the financial statements and related financial statement disclosures included in our Quarterly Reports on Form 10-Q and the audited financial statements and related financial statement disclosures included in our Annual Report on Form 10-K for the fiscal year ended April 30, 2014. Also, the Audit Committee reviewed with the Independent Auditors their judgments as to both the quality and the acceptability of our accounting policies. The Audit Committee's review with the Independent Auditors included a discussion of other matters required under Auditing Standards promulgated by the Public Company Accounting Oversight Board (PCAOB), including PCAOB Auditing Standard No. 16, *Communications with Audit Committees*.

The Audit Committee received the written disclosures from the Independent Auditors required by the PCAOB Rule Nos. 3524 and 3526 regarding communications with the Audit Committee concerning independence and has discussed those disclosures with the Independent Auditors. The Audit Committee also has considered the compatibility of non-audit services with the Independent Auditors' independence.

The Audit Committee discussed with our internal auditors and Independent Auditors the overall scope and plans for their respective audits and reviewed our plans for compliance with management certification requirements pursuant to Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee met with the internal auditors and Independent Auditors, with and without management present, to discuss the results of the auditors' examinations, their evaluations of our internal control, including a review of the disclosure control process, and the overall quality of our financial reporting. The Audit Committee, or the Audit Committee Chair, also pre-approved all audit and non-audit services provided by the Independent Auditors during and relating to fiscal year 2014. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended April 30, 2014.

The Audit Committee evaluates the performance of the Independent Auditors, including the senior audit engagement team members, each year and determines whether to re-engage the current Independent Auditors or consider other audit firms. In doing so, the Audit Committee considers the quality and efficiency of the services provided by the Independent Auditors, along with the Independent Auditor's capabilities, technical expertise, and knowledge of our operations and industry. In addition, the Audit Committee reviews with the senior members of our financial management team and Director, Internal Audit, the overall audit scope and plans, the results of internal and external audit examinations, evaluations by management and the Independent Auditors of our internal control over financial reporting and the quality of our financial reporting, and the ability of the Independent Auditors to remain independent. Based on these evaluations, the Audit Committee decided to engage Ernst & Young LLP as our Independent Auditors for fiscal year 2015. Although the Audit Committee has the sole authority to appoint the Independent Auditors, the Audit Committee has continued its long-standing practice of recommending that the Board ask our shareholders to ratify the appointment of the Independent Auditors at our annual meeting of shareholders.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee charter, as well as the policies and procedures adopted by the Audit Committee, require that all audit and permitted non-audit services provided by the Independent Auditors be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and, in limited circumstances, other services. The Audit Committee's pre-approval identifies the particular type of service and is subject to a specific engagement authorization.

Should it be necessary to engage the Independent Auditors for additional, permitted services between scheduled Audit Committee meetings, the Audit Committee Chair has been delegated the authority to approve up to \$200,000 for additional services for a specific engagement. The Audit Committee Chair then reports such pre-approval at the next meeting of the Audit Committee. The approval policies and procedures of the Audit Committee do not include delegation of the Audit Committee's responsibility to our management.

All of the services described above were approved by the Audit Committee, or the Audit Committee Chair, before the Independent Auditors were engaged to render the services or otherwise in accordance with the approval process adopted by the Audit Committee.

COMMUNICATIONS WITH THE AUDIT COMMITTEE

Our Policy on Ethics and Conduct has established procedures for receiving confidential, anonymous complaints by employees and from third parties regarding accounting, internal accounting controls, or auditing matters. The Policy on Ethics and Conduct is posted on our website at www.jmsmucker.com and is available free of charge to any shareholder submitting a written request to the Corporate Secretary, The J. M. Smucker Company, One Strawberry Lane, Orrville, Ohio 44667.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

(Proposal 2 on the proxy card)

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent external audit firm retained to audit our financial statements. The Audit Committee has appointed Ernst & Young LLP as our independent external auditor for the fiscal year ending April 30, 2015. Ernst & Young LLP has served as our independent external auditor continuously since fiscal year 1955. The Audit Committee is responsible for the audit fee negotiations associated with the retention of Ernst & Young LLP. In order to ensure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the independent external audit firm. Further, in conjunction with the mandated rotation of the auditing firm's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of Ernst & Young LLP's new lead engagement partner. The members of the Audit Committee and the Board believe that the continued retention of Ernst & Young LLP to serve as our independent external auditor is in the best interests of our shareholders. The Audit Committee has requested that our shareholders ratify this decision.

A representative of Ernst & Young LLP will be present at the annual meeting with an opportunity to make a statement, if so desired, and to respond to appropriate questions with respect to that firm's examination of our financial statements for the fiscal year ended April 30, 2014.

Although shareholder ratification is not required under the laws of the State of Ohio, we are submitting the appointment of Ernst & Young LLP to our shareholders for ratification at the annual meeting as a matter of good corporate practice and in order to provide a means by which shareholders may communicate their opinion to the Audit Committee. If our shareholders fail to vote on an advisory basis in favor of the selection, the Audit Committee will reconsider whether to retain Ernst & Young LLP and may retain that firm or another firm without re-submitting the matter to our shareholders. Even if our shareholders ratify the appointment, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the interests of our shareholders.

The affirmative vote of the holders of common shares entitling them to exercise a majority of the total voting power of the Company, based upon one vote for each common share owned as of the record date, is necessary to ratify the appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm and, therefore, abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will have the same effect as votes against this proposal. Unless otherwise directed, common shares represented by proxy will be voted FOR the approval of this proposal.

The Board unanimously recommends a vote FOR ratification of the

appointment of Ernst & Young LLP as our

Independent Registered Public Accounting Firm.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

(Proposal 3 on the proxy card)

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our Chief Executive Officer, Chief Financial Officer, and three other most highly compensated executive officers (collectively, the **Named Executive Officers**) as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC under Section 14A of the Securities Exchange Act of 1934, as amended. In 2011, our shareholders voted to conduct this advisory vote on an annual basis until at least 2017.

As described in detail under the heading **Compensation Discussion and Analysis**, we seek to closely align the interests of the **Named Executive Officers** with the interests of our shareholders. Our compensation programs are designed to reward the **Named Executive Officers** for the achievement of short-term and long-term strategic and operational goals and the achievement of positive total shareholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. Some of our key compensation practices and recent modifications include:

Performance-Based Pay. We abide by a strong pay for performance philosophy. For fiscal year 2014, 35% to 80% of the principal compensation components for our executive officers were variable and tied to financial performance.

No Employment Agreements. We do not have employment agreements, severance agreements, or change of control agreements with any of our executive officers (except that the award agreements executed by all participants receiving long-term incentive awards provide for accelerated vesting upon a change of control).

No Tax Gross-Ups Policy. We have a Payment of Tax Gross-Ups Policy that prohibits tax gross-up payments to our executive officers.

Significant Stock Ownership. We have a minimum stock ownership requirement for all of our executive officers. All of the **Named Executive Officers** significantly exceed the applicable minimum stock ownership requirement.

Clawback Policy. We have a Clawback of Incentive Compensation Policy that allows us to recoup incentive-based compensation from our current or former executive officers under certain circumstances.

Freezing of Supplemental Executive Retirement Plan. In May 2012, The J. M. Smucker Company Defined Contribution Supplemental Executive Retirement Plan (the **New SERP**) was frozen to new participants.

Compensation Risk Assessment. We annually conduct a review of our compensation practices and policies and have concluded that our compensation policies and practices do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company.

Independent Compensation Committee. Each member of the Compensation Committee is independent as defined in the corporate governance listing standards of the NYSE and our director independence standards.

Edgar Filing: SMUCKER J M CO - Form PRE 14A

Outside Compensation Consultant. The Compensation Committee utilizes the services of an independent outside compensation consultant, which performs services solely in support of the Compensation Committee.

Hedging Policy. We have a no hedging policy that prohibits directors, executive officers, and employees from engaging in hedging transactions in our common shares or from purchasing our common shares on margin.

Use of Tally Sheets. When approving changes in compensation for the Named Executive Officers, the Compensation Committee reviews a tally sheet for each Named Executive Officer.

Table of Contents

Four-Year Retention Period Despite Attaining Age and Service Requirements. Beginning with grants made in June 2013, upon participants reaching the age of 60 with 10 years of service (or the age of 57.5 with 20 years of service for certain *Folgers* coffee participants), all Restricted Stock Awards (as defined below) vest immediately (as was previously the case), with 50% of such Restricted Stock Awards available for settlement of taxes due and the remainder subject to a four-year retention period even in the event of retirement.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of the Named Executive Officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory, which means that the vote is not binding on us, the Board, or the Compensation Committee. To the extent there is any significant vote against the Named Executive Officers' compensation as disclosed in this proxy statement, the Board and the Compensation Committee will evaluate what actions, if any, may be necessary to address the concerns of shareholders.

At our 2013 annual meeting, our executive compensation program received approval from shareholders holding approximately 74% of the total voting power of the Company (*i.e.*, approximately 96% of votes cast). We believe that this result demonstrates our shareholders' endorsement of the Compensation Committee's executive compensation decisions and policies.

The affirmative vote of the holders of common shares entitling them to exercise a majority of the total voting power of the Company, based upon one vote for each common share owned as of the record date, is necessary to approve, on an advisory basis, our executive compensation and, therefore, abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will have the same effect as votes against this proposal. Unless otherwise directed, common shares represented by proxy will be voted **FOR** the approval of this proposal. Under the Articles, shareholders are entitled to cast ten votes per share on any matter relating to any stock option plan, stock purchase plan, executive compensation plan, executive benefit plan, or other similar plan, arrangement, or agreement. Because the vote on this proposal is a non-binding, advisory vote, we have determined that such ten-votes-per-share provisions will not apply to this proposal.

Accordingly, we ask our shareholders to vote on the following resolution at our annual meeting:

RESOLVED, that our shareholders approve, on an advisory basis, the compensation of our Named Executive Officers, as disclosed in our proxy statement for the 2014 annual meeting of shareholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table, and the other related tables and disclosures.

The Board unanimously recommends a vote FOR the approval of the compensation of our Named Executive Officers, as disclosed in this proxy statement.

<i>I. Executive Summary</i>	

We manage our business with the long-term objective of providing value to all of our constituents – namely, consumers, customers, employees, suppliers, communities in which we have a presence, and shareholders. Our compensation programs are designed to be conservative, yet fair, while supporting this overall objective. Our compensation philosophy is that compensation for all employees, including our executive officers, should be:

performance-based;

fair and equitable when viewed both internally and externally; and

competitive in order to attract and retain the best qualified individuals.

We have designed our compensation programs to reflect each of these characteristics. The performance-based incentives (comprised of corporate performance, and in some cases, individual performance and strategic business area performance) seek to reward both short-term and long-term results and to align the interests of our executive officers and other participants with the interests of our shareholders. Our executive officers receive a compensation package which primarily consists of an annual base salary, short-term incentive awards, and long-term incentive awards.

The Compensation Committee sets performance targets for participants, including executive officers, in June of each year for the fiscal year commencing the prior May 1st. We believe that the performance targets established by the Compensation Committee, based primarily on earnings per share and, in some cases, strategic business area performance, require participants, including executive officers, to perform at a high level. During the ten-year period from 2005 through 2014, our annual compounded non-GAAP earnings per

Table of Contents

share growth rate was approximately 9% with a total shareholder return (TSR) of approximately 10%. In addition, we increased our dividend rate payable to shareholders every year during this period.

Fiscal Year 2014 Financial Performance

We had solid financial results in fiscal year 2014, as more specifically described under the heading Management's Discussion and Analysis in our Annual Report on Form 10-K. The chart below summarizes the key financial results for fiscal year 2014 compared to fiscal year 2013.

	Fiscal 2014	Fiscal 2013	Change (%)
Net Sales (in millions)	\$ 5,610.6	\$ 5,897.7	(5%)
Non-GAAP Earnings per Share*	\$ 5.64	\$ 5.37	5%
Fiscal Year End Stock Price	\$ 96.68	\$ 103.23	(6%)

* Non-GAAP earnings per share excludes the impact of restructuring and merger and integration charges and may exclude other items as determined by the Compensation Committee. For a description of how we calculate non-GAAP earnings per share (which we also refer to as income per common share excluding special project costs assuming dilution) and for a reconciliation of non-GAAP earnings per share to the nearest comparable GAAP measure, see Management's Discussion and Analysis in our Annual Report to Shareholders, which can be found on our website at www.jmsmucker.com/investor-relations.

Our fiscal year 2014 performance was one of the key factors in the compensation decisions for the fiscal year, as more specifically discussed below.

Fiscal Year 2014 Executive Officers' Compensation

Annual Base Salary. Salary ranges are determined in the same manner for each of our salaried employees, including each executive officer. The base salaries paid to each executive officer are designed to fall within an established range based on market practice. Actual pay reflects the experience of the executive officer and the scope of his or her responsibility.

Short-Term Incentive Awards. Our short-term incentive compensation program is performance-based and is designed to reward key managers, including executive officers, for their contributions to the Company based on clear, measurable criteria. The Compensation Committee evaluates the following criteria and information when approving the short-term incentive awards for executive officers: (i) our performance in relation to our non-GAAP earnings per share goal for the fiscal year; and, in some cases, (ii) personal performance of the executive officer based on achievement of corporate performance goals, which may be adjusted in extraordinary circumstances; and (iii) if an executive officer has responsibilities that include oversight of a strategic business area, a significant percentage of this award is tied to that strategic business area's performance in relation to its annual segment profit goal. The Compensation Committee reviews attainment of relevant profit goals for these areas each year. Short-term incentive awards can range from 0% of the target award amount if we fail to achieve at least 80% of our non-GAAP earnings per share goal, to a maximum of 200% of the target award amount if we achieve or exceed 110% of our earnings per share goal. Executive officers' target short-term incentive awards range from 35% to 100% of base salary depending on the responsibilities and experience of the executive officer. Specifically, with respect to fiscal year 2014, the Compensation Committee approved the target corporate non-GAAP earnings per share goal of \$5.68, and we achieved non-GAAP earnings per share of \$5.64, representing 99% of the target amount. As a result of falling slightly below the earnings target, the corporate performance portion of the short-term incentive award was paid at 95% of the target award for all participants.

Long-Term Incentive Awards. Our long-term, performance-based compensation is stock-based and is designed to align the interests of management with the interests of our shareholders. Actual long-term incentive awards are based on our non-GAAP earnings per share performance as established by the Compensation Committee the previous June and can range from 0% of the restricted shares target

Table of Contents

award amount if we fail to achieve 80% of our earnings per share goal, to a maximum of 150% of the restricted shares target award amount if we achieve or exceed 120% of our earnings per share goal. Based on external benchmarks, our executive officers' long-term incentive award targets for fiscal year 2014 range from 40% to 300% of base salary depending on the responsibilities and experience of the executive officer. Specifically, with respect to fiscal year 2014, we achieved 99% of our non-GAAP earnings per share performance level, resulting in long-term incentive awards of 97.5% of the target.

Significant Compensation Practices and Recent Modifications

Our compensation programs, practices, and policies are reviewed and reevaluated on an ongoing basis. We modify our compensation programs to address evolving best practices and changing regulatory requirements. Listed below are some of our more significant practices and recent modifications.

Performance-Based Pay. As discussed above, we abide by a strong pay for performance philosophy. For fiscal year 2014, 35% to 80% of the principal compensation components for our executive officers were variable and tied to financial performance.

No Employment Agreements. We do not have employment agreements, severance agreements, or change of control agreements with any of our executive officers, except that the award agreements executed by all participants receiving long-term incentive awards provide for accelerated vesting upon a change of control.

No Tax Gross-Ups Policy. In April 2012, we adopted a Payment of Tax Gross-Ups Policy that prohibits tax gross-up payments to our executive officers.

Significant Stock Ownership. All of the Named Executive Officers significantly exceed the minimum stock ownership guidelines, thereby strongly aligning each Named Executive Officer's long-term interests with our shareholders. The minimum stock ownership requirement for our Chairman of the Board and Chief Executive Officer is a multiple of six times their annual base salaries. Our other executive officers must own stock with a value of at least two times their annual base salaries.

Clawback Policy. In April 2012, we adopted a Clawback of Incentive Compensation Policy that allows us to recoup incentive-based compensation from our current or former executive officers under certain circumstances. Pursuant to the policy, we may demand repayment of any incentive-based compensation paid or granted to an executive officer in the event of a required accounting restatement of a financial statement of the Company (whether or not based on misconduct) due to material noncompliance of the Company with any financial reporting requirement under the U.S. federal securities laws.

Freezing of Supplemental Executive Retirement Plan. In May 2012, the New SERP was frozen to new participants. Any executive officers elected after such date (including the recently-elected executive officers) will not be eligible to participate in the New SERP but will be eligible to participate in The J. M. Smucker Company Restoration Plan, as discussed in more detail under the heading Compensation Discussion and Analysis Pension and Retirement Plans, the Non-qualified Supplemental Retirement Plan, and the Voluntary Deferred Compensation Plan.

Compensation Risk Assessment. With oversight from Frederic Cook & Co., we conducted a compensation risk assessment and concluded that our compensation policies and practices do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company.

Independent Compensation Committee. Each member of the Compensation Committee is independent as defined in the corporate governance listing standards of the NYSE and our director independence standards.

Outside Compensation Consultant. The Compensation Committee utilizes the services of Frederic Cook & Co., an independent outside compensation consultant, which performs services solely in support of the Compensation Committee.

Table of Contents

Hedging Policy. We have a no hedging policy that prohibits directors, executive officers, and employees from engaging in hedging transactions in our common shares or from purchasing our common shares on margin.

Use of Tally Sheets. When approving compensation for the Named Executive Officers, the Compensation Committee annually reviews a tally sheet for each Named Executive Officer.

Four-Year Retention Period Despite Attaining Age and Service Requirements. Beginning with grants made in June 2013, upon participants reaching the age of 60 with 10 years of service (or the age of 57.5 with 20 years of service for certain *Folgers* coffee participants), all Restricted Stock Awards vest immediately (as was previously the case), with 50% of such Restricted Stock Awards available for settlement of taxes due and the remainder subject to a four-year retention period. This four year retention period continues regardless of retirement.

2013 Say-on-Pay Advisory Vote Outcome

At our 2013 annual meeting, our executive compensation program received approval from shareholders holding approximately 74% of the total voting power of the Company (*i.e.*, approximately 96% of votes cast). We believe that this result demonstrates our shareholders' endorsement of the Compensation Committee's executive compensation decisions and policies. Such shareholder vote was one of many factors contributing to the Compensation Committee's decision to refrain from making significant changes to our compensation mix, peer group, target levels, performance metrics, or other compensation policies. The Compensation Committee will continue to consider results from future shareholder advisory votes, which will be held annually until the next shareholder advisory vote on the frequency of future votes on executive compensation, in its ongoing evaluation of our executive compensation programs and practices.

II. Compensation Consultant

Pursuant to the Compensation Committee charter, the Compensation Committee has the sole authority to (i) engage compensation consultants to assist in the evaluation of non-employee Director and executive officer compensation, (ii) set the fees and other retention terms of such compensation consultants, and (iii) assess the independence of such compensation consultants. Such consultants report directly to the Compensation Committee and do not perform any services directly on behalf of our management.

Before selecting a compensation consultant, the Compensation Committee takes into account all factors relevant to assessing such compensation consultant's independence from management, including the following six factors:

the provision of other services to the Company by the compensation consultant's employer;

the amount of fees received from the Company by the compensation consultant's employer, as a percentage of total revenues of the employer;

the policies and procedures of the compensation consultant's employer that are designed to prevent conflicts of interest;

any business or personal relationship of the compensation consultant with a member of the Compensation Committee;

any stock of the Company owned by the compensation consultant; and

any business or personal relationship of the compensation consultant or the compensation consultant's employer with one of our executive officers.

Edgar Filing: SMUCKER J M CO - Form PRE 14A

The Compensation Committee has retained Frederic Cook & Co. as an outside consultant to assist, as requested, in the fulfillment of various aspects of its charter. Frederic Cook & Co. reports directly to the Compensation Committee and participates in executive sessions with the Compensation Committee, without members of our management present. Our Chairman of the Board, Chief Executive Officer, Senior Vice President and Chief Administrative Officer, and Vice President, General Counsel and Corporate Secretary also attend the non-executive session portions of the Compensation Committee meetings.

Table of Contents

In accordance with its corporate governance model, the Compensation Committee makes all decisions concerning compensation and benefits for our executive officers, and the Compensation Committee relies on Frederic Cook & Co. for advice, data, and market information regarding executive and director compensation.

During fiscal year 2014, Frederic Cook & Co. attended all Compensation Committee meetings, either in person or by telephone, and assisted the Compensation Committee with:

providing updates on relevant trends and developments in executive and director compensation;

assessing our peer group and the competitiveness of pay levels and practices;

evaluating programs and recommendations put forth by management against the Compensation Committee's stated rewards objectives;

reviewing the compensation of non-employee Directors;

reviewing information to be included in the compensation sections of our proxy statement; and

reviewing our risk assessment of all of our compensation plans.

The Compensation Committee authorized Frederic Cook & Co. staff members working on the Compensation Committee's behalf to interact with our management, as needed, to obtain or confirm information for presentation to the Compensation Committee. Frederic Cook & Co. has never performed any additional services for the Company other than the types of services mentioned herein.

III. Components of Our Compensation Program for Executive Officers

Our executive officers receive a compensation package which consists of the following components:

Cash Components

annual base salary;

annual holiday bonus equal to 2% of annual base salary, which is provided to all of our salaried and hourly non-represented employees; and

short-term incentive compensation program, in the form of a potential annual cash award (Cash Incentive Award), which provides participants the opportunity, subject to meeting specified goals, to earn an annual cash bonus.

Equity Component

our long-term incentive compensation program, in the form of a potential annual grant of restricted shares, restricted stock units, or performance units (Restricted Stock Award), provides participants the opportunity, subject to meeting specified goals, to earn a grant of

shares of Company stock, which generally vests at the end of a four-year period from the date of grant.

Health and Retirement Benefits

participation in health and welfare plans upon substantially the same terms as available to most of our other salaried employees;

participation in retirement plans (such as a 401(k) plan, defined benefit pension plan, and employee stock ownership plan) upon substantially the same terms as available to most of our other salaried employees;

participation in one of three supplemental executive retirement plans, two of which have been closed to new participants; and

periodic physical examinations upon the same terms as available to our other senior-level managers.

Table of Contents

Other Benefits

the right for executive officers to defer part of their salary or cash bonus under a non-qualified, voluntary, deferred compensation plan; and

selected perquisites for certain executive officers, such as use of our aircraft (primarily by the Chairman of the Board and the Chief Executive Officer), financial and tax planning assistance, tickets to entertainment events, and select reimbursement for club dues and expenses.

IV. Determination of Compensation for Executive Officers

We believe that the compensation paid to our executive officers must be fair and equitable and competitive enough to attract and retain qualified individuals. We also believe that there are certain non-financial, intangible elements of the overall compensation program that provide a positive work environment and provide value for our employees.

Compensation Benchmarking

In an effort to provide competitive, fair, and equitable compensation, target compensation opportunities for our executive officers are benchmarked, at a minimum, every other year. In establishing target compensation opportunities for our executive officers for fiscal years 2014 and 2015, the Compensation Committee used market data for hundreds of companies that participated in two major executive compensation surveys. The two survey databases used included the Towers Watson 2012 U.S. CDB General Industry Executive Database (the Towers Survey) and the Hewitt U.S. Total Compensation Measurement 2012 Executive Survey (the Hewitt Survey) and, together with the Towers Survey, the Compensation Study). The information for all companies reporting data for a specific job from the Compensation Study was used when the Compensation Committee reviewed compensation. This data was then size-adjusted using regression analysis to reflect our annual revenues and, where appropriate, the size of a specific business area. The Compensation Study also included publicly available proxy data compiled by Frederic Cook & Co. for the following peer group:

Campbell Soup Company	The Hershey Company
Church & Dwight Co., Inc.	The Hillshire Brands Company
The Clorox Company	Hormel Foods Corporation
ConAgra Foods, Inc.	Ingredion Incorporated
Dean Foods Company	Kellogg Company
Dole Food Company, Inc.	Kraft Foods Group, Inc.
Dr. Pepper Snapple Group, Inc.	McCormick & Company, Incorporated
Flowers Foods, Inc.	Mead Johnson Nutrition Company
General Mills, Inc.	TreeHouse Foods, Inc.
The Hain Celestial Group, Inc.	

The peer group was selected by the Compensation Committee, with the assistance of Frederic Cook & Co., using the following criteria:

U.S. companies in the same or similar line of business;

companies that are within a reasonable size range in revenue, operating income, assets, equity, and market capitalization;

companies that compete for the same customers with similar products, have comparable financial characteristics that investors view similarly, and may be subject to similar external factors; and

Edgar Filing: SMUCKER J M CO - Form PRE 14A

assessing each remaining company's primary businesses and important key characteristics for relevancy and comparability. In response to the acquisitions of both H. J. Heinz Company and Ralcorp Holdings, Inc. by other companies, the Compensation Committee approved the removal of those two companies from the peer group and the addition of The Hain Celestial Group, Inc. and Kraft Foods Group, Inc. for the Compensation Study conducted during fiscal 2014.

Table of Contents

The Compensation Committee targets all compensation relative to a range around the 50th percentile of the competitive market data for the applicable fiscal year discussed above (the Target Range). We used the Target Range, plus or minus 20% of the midpoint, as a goal for assessing the pay for each salaried employee, including the Named Executive Officers, for fiscal year 2014. The Compensation Study indicated that for fiscal year 2014, compensation for each of the Named Executive Officers was within the Target Range (except for the Chief Executive Officer, who fell slightly below the Target Range), and the mix of compensation was in line with the market.

When approving compensation for executive officers, the Compensation Committee also considers:

support of our Basic Beliefs of Quality, People, Ethics, Growth, and Independence;

individual performance, including financial and operating results as compared to our corporate and strategic business areas financial plan and to prior year results, as well as achievement of personal development objectives;

our overall performance, including sales and earnings results;

our market share gains;

implementation of our strategy;

implementation of sound management practices; and

the role of appropriate succession planning in key positions.

Base Salary Determination

Salary ranges are determined in the same manner for each of our salaried employees, including each executive officer. The base salaries paid to each executive officer are designed to fall within an established range based on market practice. Actual base salary reflects the experience of the executive officer and the scope of his or her responsibility.

Positions for all salaried employees, including the executive officers, are assigned to salary grades with corresponding salary ranges. Decisions regarding salary grades (as well as target Cash Incentive Award opportunities and Restricted Stock Award opportunities as a percentage of base salary) are generally made every two years. The Compensation Committee reviews the competitive market data discussed above and each executive officer's specific role, responsibilities, and experience. The Compensation Committee also considers internal pay equity among the members of the executive officer group, considering such factors as experience, leadership responsibility within the executive officer group, and roles and responsibilities within the Company, including the size of the business group managed by the executive officer. Internal equity considerations result in both higher and lower competitive positioning against the market median data.

It is the normal practice that each April, the Compensation Committee requests that management submit compensation recommendations for executive officers, other than for the Chairman of the Board and the Chief Executive Officer, using all of the considerations outlined above. These recommendations generally result in salary increases for the executive officers that are aligned with our salary increase budget for other salaried employees. The Compensation Committee reviews all of the above considerations with no single factor necessarily weighted more heavily than another.

In setting and approving compensation for the Chairman of the Board and the Chief Executive Officer, the Compensation Committee holds the Chairman of the Board and the Chief Executive Officer responsible for ensuring that each of the objectives set forth above are achieved and each is assessed in their respective roles in regard to:

setting the tone for corporate responsibility by adhering to our Basic Beliefs of Quality, People, Ethics, Growth, and Independence;

managing the business, over the long term, to serve all of our constituents, namely consumers, customers, employees, suppliers, communities in which we work, and our shareholders;

Table of Contents

designing and implementing our long-term strategy;

developing appropriate succession planning for key executive officer positions; and

with respect to the Chief Executive Officer, delivering positive financial and operational results, including earnings results, as reflected in our financial plan.

At the Compensation Committee's April 2014 meeting, the Compensation Committee, with input from the Nominating Committee, concluded that the Chairman of the Board and the Chief Executive Officer continue to exceed these performance objectives. The Compensation Committee considered these factors, along with the fact that the Chairman of the Board and the Chief Executive Officer have requested to be paid below market, when determining the base salary, Cash Incentive Award target, and Restricted Stock Award target for the Chairman of the Board and the Chief Executive Officer. The Compensation Committee determined that the fiscal year 2015 salary for Richard K. Smucker would be \$980,000, a 3.2% increase over his fiscal year 2014 salary.

V. What Our Short-Term Incentive Compensation Program Is Designed to Reward and How it Works

Our short-term incentive compensation program is performance-based and is designed to reward key managers, including executive officers, for their contributions to the Company based on clear, measurable criteria.

After the end of each fiscal year, the Compensation Committee reviews management's recommendations for Cash Incentive Awards for executive officers (other than for the Chairman of the Board and the Chief Executive Officer for whom management makes no recommendation). The Compensation Committee evaluates the following criteria and information in approving Cash Incentive Awards for executive officers:

our performance in relation to our non-GAAP earnings per share goal for the fiscal year, a goal that is also approved by the Compensation Committee in June of each year for the fiscal year commencing the prior May 1st. The non-GAAP earnings per share goal is calculated excluding the impact of restructuring and merger and integration charges, and, according to the plan, may exclude other items as determined by the Compensation Committee. The determination of our performance, excluding these charges, is consistent with the way management and the Board evaluates our business;

in some cases (as illustrated on the following page), personal performance of the executive officer based on achievement of performance goals, which may be adjusted in extraordinary circumstances;

if an executive officer has responsibility for a specific strategic business area, a percentage of the Cash Incentive Award is tied to that strategic business area's performance in relation to its annual profit goal and the Compensation Committee reviews attainment of relevant profit goals for those areas each year; and

awards to each executive officer for the prior three years, as well as base salary for the fiscal year just ended and target award information for each executive officer.

Target awards for executive officers under the short-term incentive compensation program are also approved by the Compensation Committee and are represented as a percentage of each executive officer's base salary. The target award percentage for each executive officer is reviewed regularly by the Compensation Committee with input from Frederic Cook & Co. The most recent market analysis indicated that the target award percentages were generally below the median of the market. Executive officers' target awards ranged from 35% to 100% of base salary depending on the responsibilities and experience of the executive officer. For fiscal year 2014, the most an executive officer was eligible to receive in such fiscal year was twice the target award (*i.e.*, between 70% to 200% of base salary).

Table of Contents

Participants in the short-term incentive compensation program receive a percentage of their target award based on our performance as shown in the following table. No awards are made unless we first achieve at least 80% of our non-GAAP earnings per share goal.

Ranges	Performance	Percentage of
	Level Achieved	Target Award Earned
Below Threshold	<80%	0%
Threshold	80%	25%
Target	100%	100%
Maximum	110%	200%

In the event performance is between the ranges set forth in the table above, the Compensation Committee determines the percentage of the award that is earned by mathematical interpolation: (i) for each increase of 1% above the threshold performance level but below 90% of the target performance level, the percentage of the target award earned increases by 2.5%; (ii) for each increase of 1% above 90% of the target performance level but below the target performance level, the percentage of the target award earned increases by 5%; and (iii) for each increase of 1% above the target performance level, the percentage of target award earned increases by 10%.

If an executive officer manages or has significant influence over a strategic business area, 50% of the target award is generally tied to the performance of the strategic business area. For all executive officers who are not Covered Participants (as defined below), a portion of the target award is tied to individual performance, which involves subjective evaluation by management of such executive officers.

For executive officers who are members of our strategy council, including the Chief Executive Officer and the Chairman of the Board (collectively, Covered Participants), the target award is tied solely to the corporate performance target or a combination of the strategic business area and the corporate performance targets. The Compensation Committee, however, does have discretion to reduce a Covered Participant's award, but did not reduce any Covered Participant's award in fiscal year 2014.

A chart illustrating this allocation is as follows:

Performance Categories	Weighting of Target Award		Weighting of Target Award for Covered Participants	
	Corporate Participants	Strategic Business Area Participants	Corporate Participants	Strategic Business Area Participants
Corporate Performance	50%	25%	100%	50%
Individual Performance	50%	25%	0%	0%
Strategic Business Area Performance	0%	50%	0%	50%
Total	100%	100%	100%	100%

Table of Contents

For fiscal year 2014, all of the executive officers included in the Summary Compensation Table were participants in the short-term incentive compensation program, and the weighting of the target award for each Named Executive Officer is set forth in the table below:

Short-Term Incentive Compensation Program**Weighting of Target Award****For Named Executive Officers for****Fiscal Year 2014**

Executive Officer	Weighting of Target Award	
	Corporate Performance	Strategic Business Area Performance
Richard K. Smucker	100%	0%
Mark R. Belgya	100%	0%
Vincent C. Byrd	100%	0%
Steven Oakland	50%	50%
Barry C. Dunaway	100%	0%

Set forth below is an example of the calculation of a Cash Incentive Award for a corporate participant:

Example: An executive officer with corporate responsibilities, an annual base salary of \$200,000, and a Cash Incentive Award target award of 50% of base salary would receive the following Cash Incentive Award based on achievement of target performance for all categories as shown below:

Ranges	Performance Level Achieved	Percentage of Target Award Earned	Cash Incentive Award Earned
Below Threshold	<80%	0%	\$ 0
Threshold	80%	25%	\$ 25,000
Target	100%	100%	\$ 100,000
Maximum	110%	200%	\$ 200,000

Specifically, with respect to fiscal year 2014, the Compensation Committee approved the target corporate non-GAAP earnings per share goal of \$5.68. In order to receive 100% of the target opportunity under the corporate component of the short-term incentive compensation program, we had to achieve non-GAAP earnings per share of \$5.68, representing approximately 5.8% growth over the prior year. For fiscal year 2014, we achieved non-GAAP earnings per share of \$5.64, representing 99% of the target amount and growth of approximately 5% over the prior year. As a result of falling slightly below the non-GAAP earnings per share target, the corporate performance portion of the awards was paid at 95% of the target award for all participants. The short-term incentive compensation program corporate performance goals for fiscal year 2014 were as shown in the following table:

Short-Term Incentive Compensation Program**Corporate Performance Goals for****Fiscal Year 2014**

Ranges	Performance Level Achieved (Non-GAAP Earnings per Share)	Percentage of Cash Incentive Award Opportunity Earned
--------	-------------------------------------------------------------	-------------------------------------------------------

Edgar Filing: SMUCKER J M CO - Form PRE 14A

Below Threshold	below \$4.54 (80% of target)	0%
Threshold	at \$4.54 (80% of target)	25%
Target	\$5.68 (target)	100%
Maximum	\$6.25 (110% of target)	200%

We believe that the performance targets established by the Compensation Committee for fiscal year 2014 required participants, including executive officers, to perform at a high level in order to achieve the target performance levels. During the ten-year period from 2005 through 2014, we achieved performance in excess of

Table of Contents

the target level eight times (and achieved the maximum performance level two out of such eight times) and failed to achieve the target performance level twice. During the same time period, our annual compounded non-GAAP earnings per share growth rate was approximately 9%, with a TSR of approximately 10%. Generally, the Compensation Committee sets the minimum, target, and maximum levels such that the relative difficulty of achieving the target level is consistent from year to year.

VI. What Our Long-Term Incentive Compensation Program (Performance-Based Restricted Stock) Is Designed to Reward and How it Works

Our long-term, performance-based compensation is stock-based and designed to align the interests of management with the interests of our shareholders. The goals of our long-term incentive compensation program are to:

encourage executive officers and key managers to focus on our long-term performance;

provide an opportunity for executive officers and key managers to increase stock ownership in the Company;

create opportunities for participants to share in the growth of the Company over the long term; and

act as a retention incentive for executive officers and key managers.

Restricted Stock Awards are currently issued under the 2010 Plan. We grant restricted stock units (in lieu of restricted shares) to certain participants who reside outside of the United States in order to comply with local laws and to provide favorable tax treatment to foreign recipients. None of the Named Executive Officers receive restricted stock units. Discussion in this Compensation Discussion and Analysis relating to restricted shares also applies to the limited awards of restricted stock units granted to participants residing outside of the United States. The long-term incentive compensation program is generally a five-year program, with a one-year performance period followed by a four-year vesting period. In general, Restricted Stock Awards vest at the end of four years and, in certain limited circumstances, will vest immediately upon a job or position elimination or upon a change of control. Restricted Stock Awards that have not yet vested are forfeited in the event that an employee voluntarily leaves employment with the Company.

The essential features of the Restricted Stock Awards are as follows:

subject to Compensation Committee approval for executive officers and authorized executive officer approval for other participants, grants of Restricted Stock Awards are generally made each June provided the Company meets or exceeds the threshold performance goal for the most recently ended fiscal year;

the number of restricted shares awarded in respect of the Restricted Stock Awards is based on our non-GAAP earnings per share performance as established by the Compensation Committee the previous June;

target opportunities for Restricted Stock Awards (*i.e.*, the amount of restricted shares a participant is eligible to receive) are computed based on a participant's base salary level at the beginning of the fiscal year in which the Restricted Stock Award is made, and these targets are communicated to participants at the beginning of each fiscal year;

Restricted Stock Awards generally vest 100% at the end of a four-year period so long as a participant remains an employee of the Company. Restricted Stock Awards made prior to June 2013 to participants who reach the age of 60 and have a minimum of 10 years of service with the Company vest immediately. Restricted Stock Awards to *Folgers* coffee participants who were 48 years of age or older on November 19, 2008, and who reach the age of 57.5 years and have been with the Company for a total of 20 years (including credit

Edgar Filing: SMUCKER J M CO - Form PRE 14A

for years of service with The Procter & Gamble Company) will vest immediately. We also have a pro-rata vesting in specific, limited circumstances such as job elimination or sale of a business. Beginning with grants made in June 2013, upon participants reaching the age of 60 with 10 years of service (or the age of 57.5 with 20 years of service for *Folgers* coffee participants), all Restricted Stock Awards vest immediately, with 50% of such Restricted Stock Awards available for settlement of taxes due and the remainder subject to a four-year retention period. This retention period continues regardless of retirement;

Table of Contents

unvested Restricted Stock Awards are forfeited upon an employee's voluntary departure from the Company; and

actual Restricted Stock Awards range from 0% of the restricted shares target award amount, if we fail to achieve 80% of our non-GAAP earnings per share goal, to a maximum of 150% of the restricted shares target award amount if we achieve or exceed 120% of our goal as shown in the table below. In the event performance is between the ranges set forth below, the Compensation Committee determines the percentage of the Restricted Stock Award that is earned by mathematical linear interpolation: for each increase of 1% above the threshold performance level but below the target performance level and for each increase of 1% above the target performance level, the percentage of target award increases by 2.5%.

Ranges	Achievement of Target Performance	Percentage of Target Award Earned
Below Threshold	<80%	0%
Threshold	80%	50%
Target	100%	100%
Maximum	120%	150%

In order to receive a Restricted Stock Award, participants must be employed by us at the time of the grant. For all executive officers, except the Covered Participants, we determine the percentage of target and corresponding dollar value of the Restricted Stock Awards that have been earned following the end of the fiscal year, and such determination is approved by the Compensation Committee. The stock price used to determine the number of shares to be awarded is based on the average of the closing stock prices for the final five trading days during the completed fiscal year and the first five trading days of the new fiscal year and is rounded up to the nearest share. The base salary used is that in effect as of the beginning of the new fiscal year.

In order to qualify the Restricted Stock Awards made to certain executive officers who are Covered Participants as performance-based awards under Section 162(m) of the Internal Revenue Code (the "Code"), we initially grant performance units to these Covered Participants in June of each year, which are then paid in the form of restricted shares (like the other executive officers) at the end of the fiscal year in which they were granted, assuming the applicable performance standards relating to non-GAAP earnings per share were met. Management makes no recommendation regarding long-term incentive awards for the Chairman of the Board or the Chief Executive Officer, but the Compensation Committee, after considering input from Frederic Cook & Co. regarding the external market and other factors, makes grants to the Chairman of the Board and the Chief Executive Officer based on the same performance standards as used for the other participants.

Following the end of fiscal year 2014, the Compensation Committee determined the number of performance units that were earned by the Covered Participants. Specifically, with respect to fiscal year 2014, the Company achieved 99% of its non-GAAP earnings per share goal, resulting in a Restricted Stock Award of 97.5% of the fiscal year 2014 Restricted Stock Award target. The performance units were paid in the form of restricted shares out of the 2010 Plan. The performance units, each worth \$1.00, were converted to a number of restricted shares based on the average stock price for the final five trading days of fiscal year 2014 and the first five trading days of fiscal year 2015. The restricted shares earned were delivered to the Covered Participants pursuant to the same terms as the restricted shares granted to the other executive officers and are subject to a four-year vesting period. However, as with other participants, once any of the Covered Participants reaches the age of 60 and has a minimum of 10 years of service with the Company, his or her restricted shares will vest immediately, with 50% of such restricted shares available for settlement of taxes due and the remainder subject to a four-year retention period. Based on age and length of service, the restricted shares granted to Richard K. Smucker vested upon grant, with 50% of such shares available for settlement of taxes due and the remainder subject to the four-year retention period. Restricted shares granted to Vincent C. Byrd will vest on January 26, 2015, subject to the four-year retention period for 50% of such shares. This retention period continues into retirement.

In addition, the Compensation Committee approved special one-time grants of restricted shares to certain Covered Participants, including the following Named Executive Officers, on May 1, 2013 in recognition of their

Table of Contents

past leadership contributions and ability to provide continued leadership to the Company in key roles: 10,000 shares granted to Mark R. Belgya, which shares vest at the end of the five-year period from the date of grant; 10,000 shares to Vincent C. Byrd, which shares vest at the end of the three-year period from the date of grant; 10,000 shares to Steven Oakland, which shares vest at the end of the five-year period from the date of grant; and 10,000 shares to Barry C. Dunaway, which shares vest at the end of the five-year period from the date of grant. Such restricted shares will not vest upon the attainment of age 60 and 10 or more years of service with the Company but will vest immediately upon (i) the death or permanent disability of the Named Executive Officer, (ii) a change of control of the Company, and (iii) in certain limited circumstances, a job or position elimination. Any of such restricted shares that have not yet vested are forfeited in the event that the Named Executive Officer voluntarily leaves employment with the Company.

Stock Ownership Guidelines

All of our executive officers are required to meet minimum stock ownership guidelines within a five-year period of being named an executive officer of the Company. The Chairman of the Board and the Chief Executive Officer have a stock ownership guideline of six times their annual base salaries. Our other executive officers have a stock ownership guideline of two times their annual base salaries. All of the Named Executive Officers, including the Chairman of the Board and the Chief Executive Officer, significantly exceed these ownership requirements.

VII. Health Benefits

We provide executive officers with health and welfare plans upon substantially the same terms as available to most of our other salaried employees. These benefit plans include medical, dental, vision, life, and disability insurance coverage. We also provide executive officers with periodic physical examinations upon the same terms as available to our other senior-level managers.

VIII. Pension and Retirement Plans, the Non-qualified Supplemental Retirement Plan, and the Voluntary Deferred Compensation Plan

Our executive officers, including the Named Executive Officers, participate in the Employee Stock Ownership Plan (the ESOP), The J. M. Smucker Company Employees Retirement Plan (the Qualified Pension Plan), and The J. M. Smucker Company Employee Savings Plan (the 401(k) Plan). Participation in the ESOP and 401(k) Plan (and, for employees hired prior to December 31, 2007, the Qualified Pension Plan) is an important component of the overall compensation package for substantially all of our employees, including our executive officers. In addition, the Named Executive Officers participate in The J. M. Smucker Company Top Management Supplemental Retirement Benefit Plan (as amended, the SERP) and are eligible to participate in The J. M. Smucker Company Voluntary Deferred Compensation Plan (the Deferred Compensation Plan).

ESOP

We make an annual allocation of our shares to eligible employee participants through the ESOP. The value of the allocation is approximately 2% of each participant's base salary. Dividends received on shares held in participants' accounts are used to purchase additional shares of Company stock or paid out, at the participant's election.

401(k) Plan

The 401(k) Plan is the primary Company-provided retirement plan for certain eligible employees. The 401(k) Plan provides a 50% match on employees' contributions of up to 6% of pay (*i.e.*, a maximum Company match of 3% of pay) for employees age 40 and over as of December 31, 2007, and a 100% match on employees' contributions of up to 6% of pay for employees under the age of 40 as of December 31, 2007, or those becoming new participants, regardless of age, on or after January 1, 2008. All of the Named Executive Officers were over the age of 40 on December 31, 2007.

Qualified Pension Plan

The Qualified Pension Plan is a qualified defined benefit plan which provides a pension benefit based upon years of service with the Company and upon final average pay (average base salary compensation for the five

Table of Contents

most highly compensated consecutive years of employment). Benefits under the Qualified Pension Plan are 1% of final average earnings times the participant's years of service with the Company. Employees under the age of 40 as of December 31, 2007 will not earn future additional benefits under the Qualified Pension Plan, but employees age 40 and over as of December 31, 2007 will continue to earn future benefits. The Qualified Pension Plan was closed to new participants on December 31, 2007. All of the Named Executive Officers were over the age of 40 on December 31, 2007.

SERP

In addition to retirement benefits under the Qualified Pension Plan, 401(k) Plan, and ESOP, certain of our executive officers, including the Named Executive Officers, also participate in the SERP, entitling them to certain supplemental benefits upon their retirement. Benefits under the SERP, which are based upon years of service, are 55% (reduced for years of service less than 25) of the average of base salary, holiday bonus, and Cash Incentive Award for the five most highly compensated, consecutive years of employment, less any benefits received under the Qualified Pension Plan and Social Security. The SERP was frozen to new participants on May 1, 2008.

The New SERP, which became effective on May 1, 2008, provides a benefit for certain executive officers not participating in the SERP. The New SERP entitles participants to certain supplemental benefits upon their retirement, based upon an annual contribution by the Company equal to 7% of the sum of the participant's base salary, holiday bonus, and Cash Incentive Award, along with an interest credit made each year commencing on April 30, 2009. Participants in the New SERP will be eligible for benefits upon the attainment of age 55 and 10 years of service with the Company. The New SERP was frozen to new participants on May 1, 2012. The Named Executive Officers are not participants in the New SERP, but will continue to participate in the SERP.

Restoration Plan

The J. M. Smucker Company Restoration Plan (the Restoration Plan), which became effective on May 1, 2012, provides a benefit for certain executive officers not participating in the SERP or the New SERP. The Restoration Plan restores contributions that would have been received under our qualified plans but for federal tax limitations. Participants are entitled to contribute between 0% and 50% of their eligible pay over the qualified plan compensation limit and are entitled to receive a 401(k)-type match on contributions (*i.e.*, 100% of contributions up to 6% of pay over the compensation limit). The Restoration Plan also provides an ESOP-type Company contribution equal to 2% of pay over the compensation limit. The Named Executive Officers are not participants in the Restoration Plan.

Deferred Compensation Plan

Executive officers may elect to defer up to 50% of salary and up to 100% of the Cash Incentive Award in the Deferred Compensation Plan. The amounts deferred are credited to notional accounts selected by the executive officer that mirror the investment alternatives available in the 401(k) Plan. At the time a deferral election is made, participants elect to receive payout of the deferred amounts upon termination of employment in the form of a lump sum or equal annual installments ranging from two to ten years.

The SERP, the New SERP, the Restoration Plan, and the Deferred Compensation Plan are non-qualified deferred compensation plans and, as such, are subject to the rules of Section 409A of the Code, which restrict the timing of distributions.

IX. Other Benefits Executive Officers Receive

The executive officers, like all of our salaried and hourly non-represented employees, receive an annual holiday bonus equal to 2% of their base salary.

The executive officers are provided certain personal benefits not generally available to all employees. The Compensation Committee believes these additional benefits are reasonable and enable us to attract and retain outstanding employees for key positions. These benefits include personal use of our aircraft (primarily by the

Table of Contents

Chairman of the Board and the Chief Executive Officer), periodic physical examinations (which are provided to all employees at or above the senior manager level), financial and tax planning assistance, tickets to entertainment events, reimbursement for specified club dues and expenses, and participation in the SERP, the New SERP, and the Deferred Compensation Plan, or the Restoration Plan. The Compensation Committee and the Board have strongly encouraged the Chairman of the Board and the Chief Executive Officer and members of their immediate families to use our aircraft for all business, as well as personal, air travel for efficiency and security purposes. The value of personal travel on our aircraft is calculated in accordance with applicable regulations under the Code and is included in the Chairman of the Board's and the Chief Executive Officer's taxable income for the year. The value of these personal benefits for each of the Named Executive Officers, to the extent the aggregate value based on incremental cost to us equaled or exceeded \$10,000 for fiscal year 2014, is included in the Summary Compensation Table. The Compensation Committee reviews, on an annual basis, the types of perquisites and other benefits provided to executive officers, as well as the dollar value of each perquisite paid to executive officers.

X. Description of Agreements with Executive Officers
Employment Agreements

We do not have employment agreements, severance agreements, or change of control agreements with any of our executive officers. If we have a change of control, all outstanding equity awards for all participants (other than the performance units for the Covered Participants) will immediately vest. The definition of change of control for purposes of accelerating the vesting of Restricted Stock Awards is set forth in the 2010 Plan and The J. M. Smucker Company 2006 Equity Compensation Plan (the 2006 Plan).

Consulting Agreements

In April 2011, we and each of the Chairman of the Board and the Chief Executive Officer entered into amendments terminating substantially all of the provisions of their Amended and Restated Consulting and Noncompete Agreements, dated December 31, 2010 (together, the Consulting Agreements). The amendments are identical in all material respects, and provide that each of the Chairman of the Board's and the Chief Executive Officer's right to receive his monthly retirement benefit or death benefit under the SERP as of the third anniversary of his disability, death, or separation from service (without application of early retirement reduction factors) will remain in full force as provided in the Consulting Agreements. All other provisions of the Consulting Agreements, including all rights to continuation of salary, bonus, vesting of options and restricted shares, and each of the Chairman of the Board's and the Chief Executive Officer's confidentiality, non-solicitation, and noncompetition obligations following his separation from service, have been terminated. The amendments do not terminate any similar obligations the Chairman of the Board or the Chief Executive Officer may have arising under any other agreement, plan, program, or arrangement with us, or by operation of law.

XI. Tax and Accounting Considerations

The Compensation Committee has considered the potential impact on our compensation plans of the \$1,000,000 cap on deductible compensation under Section 162(m) of the Code. Compensation that qualifies as performance-based compensation is exempt from the cap on deductible compensation. For fiscal year 2014, the vesting of certain Restricted Stock Awards granted in 2009 to certain Named Executive Officers is subject to the Section 162(m) limitation. The Compensation Committee believes that executive compensation programs generally should be structured to provide for the deductibility of compensation paid to executive officers. To the extent, however, that the Compensation Committee from time to time believes it to be consistent with its compensation philosophy and in the best interests of the Company and our shareholders to award compensation that is not fully deductible, it may choose to do so.

During fiscal year 2014, the Compensation Committee continued to monitor the regulatory developments under Section 409A of the Code, which was enacted as part of the American Jobs Creation Act of 2004. Section 409A imposes additional limitations on non-qualified deferred compensation plans and subjects those plans to additional conditions.

Table of Contents**XII. Compensation-Related Risk Assessment**

During fiscal year 2014, the Compensation Committee oversaw the performance of a risk assessment of our compensation policies and practices to ascertain any material risks that may be created by our compensation programs. In February 2014, members of our human resources, internal audit, and legal departments, along with Frederic Cook & Co., reviewed and assessed the potential risks arising from our compensation policies and practices based on the risk assessment process developed and refined over the past several years, along with a comparison of current industry best practices. The assessment process included a review of risks related to strategy, culture, governance, pay-mix, performance measures, annual short-term and long-term incentives, equity ownership, and trading, along with other compensation risks and management of those risks. The results of management's review and Frederic Cook & Co.'s assessment were presented to the Compensation Committee in April 2014 for its review and final assessment. Based on the Compensation Committee's review of the risk assessment, we determined that our compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Company. This conclusion was supported by our risk mitigating practices, including our clawback policy, no hedging policy, holdbacks of a portion of incentive payments for certain sales team participants, caps on incentive compensation awards, incentive modifiers based upon business unit performance, and the use of discretionary adjustments. In addition, Restricted Stock Awards generally have a four-year vesting requirement or four-year retention requirement for retirement eligible employees meeting certain age and years of service requirements, and we have a stock ownership requirement for our executive officers.

(1) Included in the Bonus column (d) is a holiday bonus representing 2% of annual base salary at the time of payment.

- (2) The amounts reported in column (e) reflect the aggregate grant date fair value computed in accordance with ASC Topic 718 of the Restricted Stock Awards granted during the reported years. For the performance-based Restricted Stock Awards reported in this column for fiscal year 2014 that were granted on June 7, 2013, such amounts are based on the probable outcome of the relevant performance conditions as of the grant date. Assuming that the highest level of performance was achieved for these awards, the

Table of Contents

grant date fair value of these awards would have been: Richard K. Smucker, \$4,410,000; Mark R. Belgya, \$1,211,250; Vincent C. Byrd, \$2,010,000; Steven Oakland, \$1,341,300; and Barry C. Dunaway, \$1,211,250.

Restricted shares generally vest at the end of the four-year period from the date of grant or, if earlier, upon the attainment of age 60 and 10 years of service with the Company (provided that, for any grants made during or after June 2013, 50% of such restricted shares will be available for the settlement of taxes due and the remainder will be subject to a four-year retention period). Richard K. Smucker was at least age 60 with 10 years of service at fiscal year end and, therefore, his restricted shares vested immediately upon grant, with 50% of such shares available for settlement of taxes due and the remainder subject to the four-year retention period. During the vesting period, the Named Executive Officers are the beneficial owners of the restricted shares and possess all voting and dividend rights. Dividends are payable at the same rate as is paid on our common shares generally. During fiscal year 2014, we paid dividends at a rate of \$2.26 per share.

In addition, the Compensation Committee approved special one-time grants of restricted shares to certain Covered Participants, including the following Named Executive Officers, on May 1, 2013 in recognition of their past leadership contributions and ability to provide continued leadership to the Company in key roles: 10,000 shares granted to Mark R. Belgya, which shares vest at the end of the five-year period from the date of grant; 10,000 shares to Vincent C. Byrd, which shares vest at the end of the three-year period from the date of grant; 10,000 shares to Steven Oakland, which shares vest at the end of the five-year period from the date of grant; and 10,000 shares to Barry C. Dunaway, which shares vest at the end of the five-year period from the date of grant. Such restricted shares will not vest upon the attainment of age 60 and 10 or more years of service with the Company but will vest immediately upon (i) the death or permanent disability of the Named Executive Officer, (ii) a change of control of the Company, and (iii) in certain limited circumstances, a job or position elimination. Any of such restricted shares that have not yet vested are forfeited in the event that the Named Executive Officer voluntarily leaves employment with the Company.

- (3) Amounts shown in column (g) represent performance-based awards under the short-term incentive compensation program. The incentive payment was based on achievement of performance targets established for fiscal year 2014 and was paid in June 2014, subsequent to the end of the fiscal year. Performance criteria under the short-term incentive compensation program relate to our performance and, in some cases, strategic business area performance, and are discussed in detail under the heading **What Our Short-Term Incentive Compensation Program Is Designed to Reward and How it Works**.
- (4) Amounts shown in column (h) represent the increase in present value of accumulated benefits accrued under the Qualified Pension Plan and the SERP. The present value of accumulated benefits decreased for Richard K. Smucker by \$776,456, Steven Oakland by \$37,621, and Barry C. Dunaway by \$13,703. These amounts are shown as zero in the table. A discussion of the assumptions made in determining this increase is included below under the heading **Pension Benefits**.
- (5) Column (i) includes payments made by us to defined contribution plans, life insurance and accidental death and dismemberment insurance premiums related to the Named Executive Officers, tax gross ups on the SERP (which gross ups were discontinued after the end of fiscal year 2012), and charitable matching gifts under our matching gift program, which is available to all of our full-time employees and Directors. We match gifts of up to \$1,000 per calendar year to accredited colleges and universities that offer four-year degree programs. Additionally, perquisites were included in this column based on their incremental cost to us for any Named Executive Officer whose total equaled or exceeded \$10,000.
- (6) The Named Executive Officers received various perquisites provided by or paid by the Company. These perquisites included personal use of our aircraft (primarily by the Chief Executive Officer), reimbursement of specified club dues and expenses, periodic physical examinations, financial and tax planning assistance, and tickets to entertainment events. The Board strongly encourages the Chief Executive Officer and his immediate family to use our aircraft for all air travel for efficiency and security purposes.

All Named Executive Officers received perquisites in excess of \$10,000 for fiscal year 2014. The incremental value of the perquisites for these executive officers is included in column (i). The aggregate value of each perquisite or other personal benefit exceeding \$25,000 or 10% of the total amount of perquisites and personal benefits for executive officers is as follows: Richard K. Smucker's personal use of our aircraft totaled \$48,114.

Table of Contents

In valuing personal use of our aircraft in fiscal year 2014, we used aggregate incremental costs incurred, including costs related to fuel, landing fees, crew meals, and other miscellaneous costs.

- (1) Estimated possible payouts included in the Non-Equity Incentive Plan Awards columns relate to cash payments eligible under our short-term incentive compensation program. The amounts in column (c) reflect 25% of the target amount in column (d), while the amounts in column (e) reflect 200% of such target amounts. The amounts are based on salaries in effect as of April 21, 2014 for each Named Executive Officer, which is the basis for determining the actual payments to be made subsequent to year end.
- (2) These numbers reflect the number of performance units granted in June 2013. The amounts are based on salaries in effect as of May 1, 2014 for each Named Executive Officer, which is the basis for determining the actual Restricted Stock Award to be made in June 2014. Each performance unit is equal in value to \$1.00 and has a one-year performance period. The actual dollar amount earned, as determined by the Compensation Committee in June 2014 based on our fiscal year 2014 performance, was converted into restricted shares using \$97.03, the average closing share price for the final five trading days of fiscal year 2014 and the first five trading days of fiscal year 2015, and rounded up to the nearest share. The restricted shares were granted on June 6, 2014 (*i.e.*, subsequent to fiscal year end) and were issued out of the 2010 Plan. The grant date fair value for the Restricted Stock Awards based on the probable outcome of the relevant performance conditions as of the grant date is included in the Summary Compensation Table in column (e).

Table of Contents

Subsequent to fiscal year end, the actual numbers of Restricted Stock Awards granted to each Named Executive Officer (as a result of earning the awards referred to above) were as set forth below. The Named Executive Officer must be employed by the Company on the date of grant in order to be eligible to receive the earned restricted shares.

Name	Restricted Shares Earned on
	June 6, 2014
Richard K. Smucker	29,543
Mark R. Belgya	8,115
Vincent C. Byrd	13,465
Steven Oakland	8,986
Barry C. Dunaway	8,115

Restricted shares generally vest at the end of the four-year period from the date of grant or, if earlier, upon the attainment of age 60 and 10 or more years of service with the Company (provided that, for any grants made during or after June 2013, 50% of such restricted shares will be available for settlement of taxes due and the remainder will be subject to a four-year retention period). The Restricted Stock Awards issued to Richard K. Smucker vested immediately (subject to the four-year retention period for 50% of such shares), because he is over the age of 60 and has more than 10 years of service with the Company. The Restricted Stock Awards issued to Vincent C. Byrd will vest when he reaches the age of 60 on January 26, 2015 (subject to the four-year retention period for 50% of such shares), as he already has more than 10 years of service with the Company.

- (3) The Compensation Committee also approved special one-time grants of restricted shares to certain Covered Participants, including the following Named Executive Officers, on May 1, 2013 in recognition of their past leadership contributions and ability to provide continued leadership to the Company in key roles: 10,000 shares granted to Mark R. Belgya, which shares vest at the end of the five-year period from the date of grant; 10,000 shares to Vincent C. Byrd, which shares vest at the end of the three-year period from the date of grant; 10,000 shares to Steven Oakland, which shares vest at the end of the five-year period from the date of grant; and 10,000 shares to Barry C. Dunaway, which shares vest at the end of the five-year period from the date of grant. Such restricted shares will not vest upon the attainment of age 60 and 10 or more years of service with the Company but will vest immediately upon (i) the death or permanent disability of the Named Executive Officer, (ii) a change of control of the Company, and (iii) in certain limited circumstances, a job or position elimination. Any of such restricted shares that have not yet vested are forfeited in the event that the Named Executive Officer voluntarily leaves employment with the Company.
- (4) Amounts disclosed in this column for the Restricted Stock Awards are computed in accordance with ASC Topic 718 based on the probable outcome of the performance conditions as of the grant date.

Barry C. Dunaway	9,985		7,095		7,075	8,420	10,000

Restricted shares generally vest at the end of the four-year period from the date of grant or, if earlier, upon the attainment of age 60 and 10 years of service with the Company (provided that, for grants made during or after June 2013, 50% of such restricted shares will be available for settlement of taxes due and the remainder will be subject to a four-year retention period). Richard K. Smucker has 31,073 shares that are vested but remain restricted until June 10, 2017 (16,302 shares) and June 9, 2018 (14,771 shares).

(2) The Compensation Committee also approved special one-time grants of restricted shares to certain Covered Participants, including the following Named Executive Officers, on May 1, 2013 in recognition of their past leadership contributions and ability to provide continued leadership to the Company in key roles: 10,000 shares granted to Mark R. Belgya, which shares vest at the end of the five-year period from the date of grant; 10,000 shares to Vincent C. Byrd, which shares vest at the end of the three-year period from the date of grant; 10,000 shares to Steven Oakland, which shares vest at the end of the five-year period from the date of grant; and 10,000 shares to Barry C. Dunaway, which shares vest at the end of the five-year period from the date of grant. Such restricted shares will not vest upon the attainment of age 60 and 10 or more years of service with the Company but will vest immediately upon (i) the death or permanent disability of the Named Executive Officer, (ii) a change of control of the Company, and (iii) in certain limited circumstances, a job or

position elimination. Any of such restricted shares that have not yet vested are forfeited in the event that the Named Executive Officer voluntarily leaves employment with the Company.

- (3) The market value of restricted shares was computed using \$96.68, the closing share price of our common shares on April 30, 2014, the last business day of the fiscal year.
- (4) The Named Executive Officer must be employed by us at the time the Compensation Committee determines the number of restricted shares earned in order to be eligible to receive the earned equity awards.

- (5) This number reflects the performance units outstanding at year end. Each performance unit has a value of \$1.00. The actual dollars earned, based upon achievement of fiscal year 2014 performance goals, were converted to restricted shares in June 2014. The restricted shares issued to Richard K. Smucker (with a value of \$2,866,500), vested immediately due to his age and years of service with the Company, with 50% of such restricted shares available for settlement of taxes due and the remainder subject to the four-year retention period. The restricted shares are expected to vest on June 6, 2018 for Mark R. Belgya, Steven Oakland, and Barry C. Dunaway. The restricted shares are expected to vest on January 26, 2015 for Vincent C. Byrd due to his age and years of service with the Company (subject to the four-year retention period for 50% of such shares). The number of the restricted shares was computed using the average closing share price for the final five trading days of fiscal year 2014 and the first five trading days of fiscal year 2015 and rounded up to the nearest share. In accordance with published SEC guidance, because we exceeded the threshold goals for fiscal year 2014, the amounts reported in column (i) represent the target number of performance units that could have been earned for fiscal year 2014.

PENSION BENEFITS

We maintain two defined benefit plans that cover the Named Executive Officers. One is the Qualified Pension Plan, which provides funded, tax-qualified benefits (up to the limits on compensation and benefits under the Code) to some of our salaried employees as discussed in the Qualified Pension Plan summary on page 46. The second is the SERP, which provides unfunded, non-qualified benefits to certain executive officers. All of the Named Executive Officers included in the 2014 Pension Benefits Table participate in both of these plans.

Qualified Pension Plan

The benefit provided under the Qualified Pension Plan is defined as an annuity beginning at normal retirement age, which is 65. It can be paid out in the form of an annuity or lump sum. The Qualified Pension Plan benefit expressed as an annual single life annuity at normal retirement age is 1% times final average earnings times years of service. Final average earnings are equal to average base salary over the five consecutive years of employment which produces the highest average.

In addition, Named Executive Officers who, prior to 1991, participated in the old employee contributory portion of the Qualified Pension Plan may also have a frozen contributory benefit based on their participant contributions made prior to April 30, 1991. Those frozen benefits, included as part of the total Qualified Pension Plan benefit, are as follows: \$48,100 for Richard K. Smucker; \$1,400 for Mark R. Belgya; \$7,900 for Vincent C. Byrd; \$4,000 for Steven Oakland; and \$0 for Barry C. Dunaway.

Early retirements under the Qualified Pension Plan are subject to the following rules:

if the participant terminates employment prior to normal retirement age without completing five years of service, no benefit is payable from the Qualified Pension Plan;

if the participant terminates employment after completing five years of service but prior to attaining age 65, the Qualified Pension Plan benefit is calculated based on final average earnings and service at the time the Named Executive Officer leaves employment;

terminating participants have the option of receiving a lump sum payment or an immediate annuity at the time of termination;

terminating participants who do not receive a lump sum payment or an immediate annuity at the time of termination from the Qualified Pension Plan can begin receiving annuity payments upon reaching age 55 and with 10 years of service rather than the five years required for vesting;

early payments are reduced actuarially for benefits that commence before age 65;

if the participant has more than 10 years of service and has reached age 55 at the time of retirement, early payments are reduced 4% per year that the benefits start before age 65; and

if the participant has more than 30 years of service at the time he terminates employment, early payments are reduced 4% per year from age 62.

As of April 30, 2014, each of Richard K. Smucker, Vincent C. Byrd, and Steven Oakland had already completed 30 years of service with the Company.

SERP

Edgar Filing: SMUCKER J M CO - Form PRE 14A

The benefit provided under the SERP is defined as an annuity beginning at normal retirement age. It can be paid out in the form of an annuity or lump sum. The SERP benefit expressed as an annual single life annuity is equal to (A) 2.5% times final average earnings, times years of service up to 20 years, plus (B) 1.0% times final average earnings, times years of service from 20 to 25 years, minus (C) the basic benefit provided under the Qualified Pension Plan, minus (D) the Company paid portion of the contributory benefit in the Qualified Pension Plan that was frozen April 30, 1991, and minus (E) an estimate of the Social Security benefit that would be payable at the later of age 62 or actual retirement. Final average earnings are equal to average compensation (base salary, holiday bonus, and Cash Incentive Award) over the five consecutive years of employment that produces the highest average.

Table of Contents

Early retirements under the SERP are subject to the following rules:

if the participant terminates employment before normal retirement age without completing 10 years of service, no SERP benefit is payable;

if the participant terminates employment after completing 10 years of service but before age 65, the gross SERP benefit ((A) plus (B) in the prior paragraph) is calculated based on final average earnings and service at the time the participant leaves employment. As of April 30, 2014, Mark R. Belgya, Vincent C. Byrd, Steven Oakland, and Barry C. Dunaway are eligible for such early retirement benefit; and

the gross SERP benefit will be reduced by 4% per year that the benefit commences prior to age 62 and then offset by the Qualified Pension Plan benefit, frozen contributory benefit, and estimate of Social Security benefit.

On April 21, 2011, we amended the SERP to provide that, to the extent payment of any benefit under the SERP is delayed beyond the latter of the participant reaching age 55 or the participant's separation from service, such benefit will be adjusted (i) with interest, if payable as a lump sum, and (ii) actuarially, if payable as an annuity, all as determined in accordance with the SERP. This change takes into account the fact that Section 409A of the Code imposes a delay on benefit commencement in certain cases.

Determination of Value

The amounts shown in the 2014 Pension Benefits Table are based on the value at age 62 or the current age if older, which is the earliest age at which an unreduced retirement benefit is payable under both plans. Other key assumptions used to determine the amounts are as follows:

an interest rate of 4.6%, the Financial Accounting Standards Board Accounting Standards Codification Topic 715 (ASC Topic 715) discount rate as of April 30, 2014. The ASC Topic 715 discount rate as of April 30, 2013 was 4.1% and April 30, 2012 was 4.7%;

the mortality assumption prescribed by the Internal Revenue Service (IRS) to be used in the funding valuation for each given year was used to estimate the value of annuity benefits payable. For all years, the unisex mortality table specified in Revenue Ruling 2001-62 was used to determine lump sums for the SERP. For 2013, the unisex RP-2000 table designated by the IRS for determining lump sums under the Pension Protection Act of 2006 was used for the Qualified Plan; and

for the Qualified Plan, 50% of those over age 55 are assumed to elect an annuity; all others are assumed to elect a lump sum for the years 2014 and 2013. Prior to 2013, all benefits under the Qualified Pension Plan are assumed to be paid as annuities. The value of benefits under the SERP have been determined assuming 50% of the benefit is received as an annuity and the remaining 50% is received as a lump sum.

The years of credited service for all of the Named Executive Officers are based only on their years of service while an employee of the Company. No additional years of credited service have been granted to the Named Executive Officers, as we generally do not grant additional years of credited service.

The 2014 Pension Benefits Table below shows the Named Executive Officers' number of years of credited service, present value of accumulated benefit, and payments during the last fiscal year under each of the plans.

(1) There were no deferrals related to fiscal year 2014. Compensation related to any deferrals would have been included in compensation in the Summary Compensation Table.

- (2) No portion of the amounts shown in column (d) are reported in the Summary Compensation Table as no earnings are considered to be above market.
- (3) Column (f) includes amounts reported as compensation in the Summary Compensation Table in previous fiscal years. These amounts are as follows: Richard K. Smucker, \$2,457,805. This balance includes earnings on prior contributions.

Executive officers may elect to defer up to 50% of salary and up to 100% of the Cash Incentive Award in the Deferred Compensation Plan. The amounts deferred are credited to notional accounts selected by the executive officer that mirror the investment alternatives available in the 401(k) Plan.

The Deferred Compensation Plan is a non-qualified deferred compensation plan and, as such, is subject to the rules of Section 409A of the Code, which restrict the timing of distributions. At the time a deferral election is made, participants elect to receive payout of the deferred amounts upon termination of employment in the form of a lump sum or in equal annual installments ranging from 2 to 10 years.

POTENTIAL PAYMENTS TO EXECUTIVE OFFICERS UPON TERMINATION

Consulting Agreements with Timothy P. Smucker and Richard K. Smucker

In April 2011, the Company and each of the Chairman of the Board and the Chief Executive Officer entered into amendments terminating substantially all of the provisions of their Consulting Agreements. The amendments are identical in all material respects and provide that each of the Chairman of the Board's and the Chief Executive Officer's right to receive his monthly retirement benefit or death benefit under the SERP as of the third anniversary of his disability, death, or separation from service (without application of early retirement reduction factors) will remain in full force as provided in the Consulting Agreements.

Broad-Based Severance Plan

All of our salaried employees are eligible for benefits under a broad-based severance plan. If an employee is terminated without cause, he or she will be eligible for a severance benefit of up to one year of base salary based on certain age and service requirements.

Long-Term Disability

In the event of a qualified long-term disability, participants continue to earn Qualified Pension Plan benefit service up to the earlier of age 65 or the end of the disability period. Also, 60% of base salary is continued, up to \$20,000 per month, until the earlier of age 65 or the end of the disability period.

Termination Payments

The Severance values in the following tables represent potential payments to the Named Executive Officers based on certain possible termination events. These payments are based on the broad-based severance plan that covers substantially all of our salaried employees.

The Cash Incentive Award values in the following tables represent potential payments to each Named Executive Officer who is eligible to receive an award under the short-term incentive compensation program based on our actual performance if he is actively employed on the last day of the fiscal year.

The Value of Restricted Shares in the following tables reflect the immediate vesting of outstanding equity awards based on the type of termination that has occurred or in the event of a change in control. We do not have severance agreements or change in control agreements with any employee. If we have a change in control, all outstanding equity awards (other than performance units for Covered Participants described above) will immediately vest based on the terms of the existing equity plans. No restricted shares are awarded if an employee is not actively employed with us on the date of the grant. The Restricted Stock Award for fiscal year 2014 that would have been forfeited based on the assumed April 30, 2014 termination date is not reflected in the termination scenario tables.

The Retiree Healthcare Benefit values in the following tables are shown only for those Named Executive Officers who are eligible for retirement as of the end of the fiscal year. These values represent the balance as of April 30, 2014 of the employee's Healthcare Retirement Account. The Named Executive Officer may use this balance in retirement to cover healthcare costs and premiums.

Table of Contents**Termination Analysis Tables**

The following tables illustrate the estimated potential payment obligations under various termination events. The tables assume termination of employment occurs on the last day of the fiscal year. A closing stock price of \$96.68, as of the last business day of the fiscal year, is assumed for all equity values.

In the Compensation Discussion and Analysis portion of this proxy statement describing the short-term incentive compensation program, we noted that, from 2005 through 2014, we achieved an annual compounded growth rate in non-GAAP earnings per share of approximately 9%.

Set forth in the table below is a graph comparing the cumulative total shareholder return for the five years ended April 30, 2014, for our common shares, the S&P 500 Index, and the S&P Packaged Foods and Meats Index. These figures assume all dividends are reinvested when received and are based on \$100 invested in our common shares and the referenced index funds on April 30, 2009.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for the year ended April 30, 2014.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Each of the following non-employee Directors served as a member of the Compensation Committee during fiscal year 2014: Kathryn W. Dindo, Paul J. Dolan, and Elizabeth Valk Long. During fiscal year 2014, no Company executive officer or Director was a member of the board of directors of any other company where the relationship would be construed to constitute a committee interlock within the meaning of the rules of the SEC.

**PROPOSAL TO APPROVE AND ADOPT AN AMENDMENT TO
OUR AMENDED REGULATIONS TO SET FORTH A GENERAL VOTING STANDARD**

FOR ACTION BY SHAREHOLDERS

(Proposal 4 on the proxy card)

The Board unanimously recommends that our shareholders approve and adopt an amendment to the Regulations that would set forth a general voting standard for action by shareholders. If the proposed amendment is adopted, Article I, Section 6 of the Regulations will be amended to include a voting standard for all matters on which shareholders are entitled to vote, except as may be otherwise provided by law, by applicable stock exchange regulations, by the Articles, or by the Regulations. The text of the proposed amendment is set forth in Appendix A to this proxy statement.

If the proposed amendment is approved by shareholders, all matters to which the general voting standard applies will be decided by simply counting those shares voted for such matters against those shares voted against such matters, without regard to abstentions, broker non-votes or shares not in attendance and not voted at the meeting at which such vote occurs.

The decision of the Board to place this proposal before our shareholders is based on the recommendation of the Nominating Committee, which consists entirely of independent directors. The Nominating Committee reviewed this matter in response to interest expressed by shareholders represented by Investor Voice, SPC.

Currently, unless otherwise provided by law, by applicable stock exchange regulations, by the Articles, or by the Regulations, management proposals and shareholder proposals must be approved by a majority of the total voting power of the Company. As such, abstentions, broker non-votes, and shares not in attendance and not voted at the meeting at which any such vote occurs have had the same effect as votes against management proposals and shareholder proposals alike.

Under the proposed amendment, except as otherwise provided by law, by applicable stock exchange regulations, by the Articles, or by the Regulations, all matters on which shareholders are entitled to vote will be decided by a majority of votes cast on each such matter, without regard to abstentions. By definition, broker non-votes and shares not in attendance and not voted are not considered votes cast.

Pursuant to Article VIII of the Regulations, the affirmative vote of the holders of common shares entitling them to exercise a majority of the total voting power of the Company, giving effect to the ten-votes-per-share provisions of the Articles, is necessary to approve this amendment to the Regulations and, therefore, abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will have the same effect as votes against this proposal. Unless otherwise directed, common shares represented by proxy will be voted FOR the approval of this proposal.

**The Board unanimously recommends that our shareholders vote FOR adoption of
this amendment to the Regulations to set forth a general voting standard for action
by shareholders.**

Table of Contents**RELATED PARTY TRANSACTIONS**

The Board has long recognized that transactions with Related Persons (as defined below) present a potential for conflict of interest (or the perception of a conflict) and, together with our senior management, the Board has enforced the conflict of interest provisions set forth in our Policy on Ethics and Conduct. All employees and members of the Board sign and agree to be bound by our Policy on Ethics and Conduct. Ethics has been, and will continue to be, one of our Basic Beliefs.

In order to formalize the process by which we review any transaction with a Related Person, the Board has adopted a written policy addressing our procedures with respect to the review, approval, and ratification of related person transactions that are required to be disclosed pursuant to Item 404(a) of Regulation S-K. Under the policy, our General Counsel initially determines if a transaction or relationship constitutes a transaction that requires compliance with the policy. The policy provides that any transaction, arrangement, or relationship, or series of similar transactions, with any Director, executive officer, 5% beneficial owner, or any of their immediate family members, or any entity which is owned or controlled by such persons, or in which such persons have a substantial ownership interest or control of such entity (collectively, Related Persons) in which we have or will have a direct or indirect material interest and which exceeds \$120,000 in the aggregate will be subject to review, approval, or ratification by the Nominating Committee. In its review of related person transactions, the Nominating Committee will review the material facts and circumstances of the transaction.

- (1) In accordance with SEC rules, each beneficial owner's holdings have been calculated assuming full exercise of outstanding stock options covering common shares, if any, exercisable by such owner within 60 days after June 16, 2014. The common share numbers include such options as follows: Richard K. Smucker, 0; Mark R. Belgya, 0; Timothy P. Smucker, 0; Vincent C. - (3) Beneficial ownership of the following common shares included in the table is disclaimed by Richard K. Smucker: 1,433,392 common shares held by trusts for the benefit of family members (including Timothy P. Smucker) of which Richard K. Smucker is a trustee with sole investment power or a co-trustee with shared investment power; 202,062 common shares owned by the Willard E. Smucker Foundation of which Richard K. Smucker is a trustee with shared investment power; and 182,274 common shares with respect to which Richard K. Smucker disclaims voting or investment power.

Beneficial ownership of the following common shares included in the table is disclaimed by Timothy P. Smucker: 477,798 common shares held by trusts for the benefit of family members of which Timothy P. Smucker is a trustee with sole investment power or a co-trustee with shared investment power; 202,062 common shares owned by the Willard E. Smucker Foundation of which Timothy P. Smucker is a trustee with shared investment power; and 175,721 common shares with respect to which Timothy P. Smucker disclaims voting or investment power.

Beneficial ownership of the following common shares included in the table is disclaimed by Mark T. Smucker: 10,419 common shares with respect to which Mark T. Smucker disclaims voting or investment power.

Beneficial ownership of the following common shares included in the table is disclaimed by Paul Smucker Wagstaff: 10,912 common shares with respect to which Paul Smucker Wagstaff disclaims voting or investment power.

The number of common shares beneficially owned by all Directors and executive officers as a group has been computed to eliminate duplication of beneficial ownership.

- (4) This number includes common shares held for the benefit of the individual named under the terms of the Amended and Restated Nonemployee Director Stock Plan (Nonemployee Director Stock Plan), the Nonemployee Director Deferred Compensation Plan, the 2006 Plan, and the 2010 Plan as follows: R. Douglas Cowan, 21,201; Kathryn W. Dindo, 30,736; Paul J. Dolan, 22,384; Robert B. Heisler, Jr., 1,113; Nancy Lopez Knight, 12,554; Elizabeth Valk Long, 45,401; Gary A. Oatey, 27,684; and Alex Shumate, 7,477. The common shares indicated are held in trust for the Directors named and are voted pursuant to their direction.
- (5) Because, under the Articles, shareholders may be entitled, on certain matters, to cast ten votes per share with regard to certain common shares and only one vote per share with regard to others, there may not be a correlation between the percent of outstanding common shares owned and the voting power represented by those common shares. The total voting power of all the common shares can be determined only at the time of a shareholder meeting due to the need to obtain certifications as to beneficial ownership of common shares not held as of record in the name of individuals. There is one proposal on this year's ballot for which the ten-votes-per-share provisions apply.
- (6) According to a Schedule 13G/A of The Vanguard Group, Inc. (Vanguard), 100 Vanguard Blvd., Malvern, PA 19355, filed with the SEC on February 6, 2014, Vanguard is a U.S. company organized under the laws of the Commonwealth of Pennsylvania. The Schedule 13G/A indicated that, as of December 31, 2013, Vanguard had sole voting power as to 172,918 common shares, sole dispositive power as to 7,815,046 common shares, and shared dispositive power as to 161,818 common shares.
- (7) According to a Schedule 13G/A of BlackRock, Inc. (BlackRock), 40 East 52nd Street, New York, NY 10022, filed with the SEC on January 17, 2014, BlackRock is a U.S. company organized under the laws of the State of Delaware. The Schedule 13G/A indicated that, as of December 31, 2013, BlackRock had sole voting power as to 4,678,922 common shares and sole dispositive power as to 5,790,538 common shares.

Table of Contents**Section 16(a) Beneficial Ownership Reporting Compliance**

Under the U.S. securities laws, our Directors, executive officers, and beneficial owners of more than 10% of our common shares are required to report their initial ownership of common shares and any subsequent changes in that ownership to the SEC and the NYSE. Due dates for the reports are specified by those laws, and we are required to disclose in this proxy statement any failure in the past year to file by the required dates. Based solely on written representations of our Directors and executive officers and on copies of the reports that they have filed with the SEC, it is our belief that all of our Directors and executive officers complied with all Section 16(a) filing requirements applicable to them with respect to transactions in our equity securities during fiscal year 2014.

This practice, known as "householding," is permitted by the SEC and is designed to reduce duplicate mailings and save printing and postage costs, as well as conserve natural resources.

Shareholders who currently receive multiple copies of the annual report and proxy statement at their address and would like to request householding of their communications should contact their broker if they are a street name shareholder or, if they are a registered shareholder, should contact Computershare by calling 1-800-456-1169, or inform them in writing at Computershare Investor Services, P.O. VOTING RIGHTS OF COMMON SHARES

Under Article Fourth of the Articles, the holder of each outstanding common share is entitled to one vote on each matter submitted to a vote of our shareholders, except for the following specific matters:

any matter that relates to or would result in the dissolution or liquidation of the Company;

the adoption of any amendment to the Articles or the Regulations, or the adoption of amended Articles, other than the adoption of any amendment or amended Articles that increases the number of votes to which holders of our common shares are entitled or expands the matters to which time phased voting applies;

any proposal or other action to be taken by our shareholders relating to the Rights Agreement, dated as of May 20, 2009, between us and Computershare Trust Company, N.A. or any successor plan;

any matter relating to any stock option plan, stock purchase plan, executive compensation plan, executive benefit plan, or other similar plan, arrangement, or agreement;

the adoption of any agreement or plan of or for the merger, consolidation, or majority share acquisition of us or any of our subsidiaries with or into any other person, whether domestic or foreign, corporate or noncorporate, or the authorization of the lease, sale, exchange, transfer, or other disposition of all, or substantially all, of our assets;

any matter submitted to our shareholders pursuant to Article Fifth (which relates to procedures applicable to certain business combinations) or Article Seventh (which relates to procedures applicable to certain proposed acquisitions of specified percentages of our outstanding common shares) of the Articles, as they may be further amended, or any issuance of our common shares for which shareholder approval is required by applicable stock exchange rules; and

Table of Contents

any matter relating to the issuance of our common shares or the repurchase of our common shares that the Board determines is required or appropriate to be submitted to our shareholders under the Ohio Revised Code or applicable stock exchange rules.

On the matters listed above, common shares are entitled to ten votes per share if they meet the requirements set forth in the Articles. Common shares entitled to ten votes per share must meet one of the following criteria:

common shares for which there has not been a change in beneficial ownership in the past four years; or

common shares received through our various equity plans which have not been sold or otherwise transferred.

In the event of a change in beneficial ownership, the new owner of that common share will be entitled to only one vote with respect to that share on all matters until four years pass without a further change in beneficial ownership of the share. The ten-votes-per-share provisions apply to Proposal 4 on this year's ballot.

The express terms of the common shares provide that a change in beneficial ownership occurs whenever any change occurs in the person or group of persons who has or shares voting power, investment power, the right to receive sale proceeds, or the right to receive dividends or other distributions in respect of those common shares. In the absence of proof to the contrary, a change in beneficial ownership will be deemed to have occurred whenever common shares are transferred of record into the name of any other person. Moreover, corporations, general partnerships, limited partnerships, voting trustees, banks, trust companies, brokers, nominees, and clearing agencies will be entitled to only one vote per share on common shares held of record in their respective names unless written proof is provided to establish that there has been no change in the person or persons who direct the exercise of any of the rights of beneficial ownership of such shares, including the voting of common shares. Thus, shareholders who hold common shares in street name or through any of the other indirect methods mentioned above must be able to submit written proof of beneficial ownership in form and substance satisfactory to us in order to be entitled to exercise ten votes per share.

The foregoing is merely a summary of the voting terms of the common shares and this summary should be read in conjunction with, and is qualified in its entirety by reference to, the express terms of those common shares, as set forth in the Articles. A copy of the Articles is posted on our website at www.jmsmucker.com and is available free of charge to any shareholder submitting a written request to the Corporate Secretary, The J. M. Smucker Company, One Strawberry Lane, Orrville, Ohio 44667.
