PROXY STATEMENT

Our Board solicits your proxy for the 2014 Annual Meeting of Stockholders (the "Annual Meeting") and at any postponement or adjournment of the meeting for the matters set forth in the Notice of 2014 Annual Meeting of Stockholders. The Annual Meeting will be held at 8:30 am Central Daylight Time on Monday, October 6, 2014 at the offices of Wilson Sonsini Goodrich & Rosati, Professional Corporation, at 900 South Capital of Texas Hwy, Las Cimas IV, Fifth Floor, Austin, TX 78746-5546. We made this Proxy Statement available to stockholders beginning on August 26, 2014.

Record Date	August 11, 2014
Quorum	A majority of the shares outstanding on the record date must be present in person or by proxy. Abstentions and broker non-votes will be counted toward fulfillment of quorum requirements. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.
Shares Outstanding	78,037,329 shares of common stock were outstanding as of August 11, 2014 and held by 99 stockholders of record.
Inspector of Election	A representative from Broadridge will serve as the inspector of election.
Voting by Proxy	Internet, telephone or mail
Voting at the Meeting	We encourage stockholders to vote in advance of the Annual Meeting, even if they plan to attend the meeting. Stockholders can vote in person during the meeting. Stockholders of record (those whose shares are registered directly in their name with Bazaarvoice's transfer agent, American Stock Transfer & Trust Company, LLC ("AST")) who attend the Annual Meeting in person may obtain a ballot from the inspector of election. Beneficial holders (whose shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization) who attend the Annual Meeting in person must obtain a proxy from their broker, bank or other nominee prior to the date of the Annual Meeting and present it to the inspector of election with their ballot. Voting in person during the meeting will replace any previous votes.
Voting Instructions	All shares represented by valid proxies received prior to the Annual Meeting will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions. If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board or you sign and return a proxy card without giving specific voting

instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Table of Contents

What Happens if no Voting Instructions are Provided; Broker Non-Votes

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote. As a result, if your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole routine matter the ratification of the appointment of our independent registered public accounting firm (Proposal Two). Your broker will not have discretion to vote on the non-routine matter, the election of directors (Proposal One), absent direction from you.

Votes Required; Effect of Broker Non-Votes and Abstentions

Each holder of shares of our common stock is entitled to one vote for each share of common stock held as of the record date.

With respect to Proposal One, each director is elected by a plurality of the voting power of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote.

The ratification of our independent registered public accountants in Proposal Two requires the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Abstentions are treated as shares present and entitled to vote for purposes of such proposal and, therefore, will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the outcome of the vote.

Changing Your Vote

Stockholders of record may revoke their proxy at any time before the polls close by submitting a later-dated vote in person at the Annual Meeting, via the Internet, by telephone, by mail, or by delivering instructions to our Corporate Secretary before the Annual Meeting. If you hold shares through a broker, bank or other nominee, you may revoke any prior voting instructions by contacting that firm.

Voting Results

We will announce preliminary results at the Annual Meeting. We will report final results at www.bazaarvoice.com and in a filing with the U.S. Securities and Exchange Commission (the SEC) on Form 8-K, which we are required to file with the SEC within four business days following the Annual Meeting.

This Proxy Statement contains two proposals requiring stockholder action. Proposal One requests the election of two Class III directors to the Board. Proposal Two requests the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending April 30, 2015.

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Board is currently comprised of seven authorized directors and is divided into three classes with staggered three-year terms. The term of our Class III directors, Brett A. Hurt, Sydney L. Carey and Thomas J. Meredith, will expire at this annual meeting of stockholders. The term of our Class I directors, Neeraj Agrawal and Christopher A. Pacitti, will expire at our 2015 annual meeting of stockholders. The term of our Class II director, Gene Austin, will expire at our 2016 annual meeting of stockholders. We currently have one board vacancy in Class II as a result of the resignation of Dev Ittycheria, which resignation became effective as of August 26, 2014.

Table of Contents

This year's nominees for election to the Board two of the three current Class III directors, Sydney L. Carey and Thomas J. Meredith. Each nominee is an independent director, as defined in the applicable rules for companies traded on the NASDAQ Stock Market (NASDAQ). Their biographies are set forth below in the section titled Directors.

If elected, the nominees will serve for a term of three years expiring at the 2017 annual meeting of stockholders or until their successors, if any, are duly elected and qualified or until such director's earlier death, resignation or removal. If a director nominee is unable or unwilling to serve as a nominee at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board to fill the vacancy. Alternatively, the Board may reduce the size of the Board. We have no reason to believe that the nominees will be unwilling or unable to serve if elected as directors.

Brett A. Hurt, a current Class III director, was not nominated for reelection at this Annual Meeting.

Vote Required

The nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them, up to the three directors to be elected by those shares, will be elected as directors to serve until the third annual meeting following election and until successors are duly elected and qualified.

Recommendation of the Board of Directors

The Board recommends that stockholders vote FOR the election of Sydney L. Carey and Thomas J. Meredith.

CORPORATE GOVERNANCE

Board Leadership Structure and Board's Role in Risk Oversight

The positions of chairman of the Board and Chief Executive Officer are presently separated. We believe that separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the chairman to lead the Board in its fundamental role of providing advice to and independent oversight of management. While our amended and restated bylaws and corporate governance guidelines do not require that our chairman and Chief Executive Officer positions be separate, our Board believes that having separate positions is the appropriate leadership structure for us at this time. However, we also recognize that no single leadership model is right for all companies at all times and that, depending on the circumstances, other leadership models, such as having one person serving as both the chairman of the Board and Chief Executive Officer, might become appropriate. Accordingly, our Board anticipates periodically reviewing its leadership structure.

We face a number of risks, including risks relating to our operations, strategic direction and intellectual property as more fully discussed in the section of our Annual Report on Form 10-K for the fiscal year ended April 30, 2014 titled "Risk Factors." Management is responsible for the day-to-day management of risks we face, while our Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board has the responsibility of assuring that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our Board's role in overseeing the management of our risks is conducted primarily through committees of Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. In particular, our audit committee regularly considers and discusses our significant accounting and financial risk exposures and the actions management has taken to control and monitor these exposures. Our nominating and corporate governance committee regularly considers and discusses our significant corporate governance risk exposures and the actions management has taken to control and monitor these exposures. Our compensation committee, with input from our management, assists our Board in reviewing and assessing whether any of our compensation policies and programs could potentially encourage excessive risk-taking.

Our full Board (or the appropriate Board committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, the potential impact of such risks on us and the steps we take to manage these risks. When a Board committee is responsible for evaluating and overseeing the management of a particular risk, the chairman of the relevant committee reports on the committee's discussion to the full Board at regular Board meetings. This enables our Board and its committees to

Table of Contents

coordinate the risk oversight role and evaluate interrelated risks. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our Board leadership structure supports this approach.

Committees of the Board of Directors

Our Board has a standing audit committee, compensation committee and nominating and governance committee. The members of the committees are identified in the table below:

Director	Committee		
	Audit	Compensation	Nominating And Governance

Edgar Filing: Bazaarvoice Inc - Form DEF 14A

reviewing and evaluating, at least annually, its own charter, processes and performance.

Our audit committee is currently composed of Neeraj Agrawal, Sydney L. Carey and Thomas J. Meredith. Ms. Carey has been appointed the chairperson of our audit committee. Our Board has determined that Neeraj Agrawal, Sydney L. Carey and Thomas J. Meredith are independent under the applicable requirements of NASDAQ and SEC rules and regulations. Our Board has determined that all of the members of our audit committee meet the requirements for financial literacy and sophistication and that Mr. Meredith and Ms. Carey each qualifies as an audit committee financial expert, under the applicable requirements of NASDAQ and SEC rules and regulations.

Our Board has adopted an audit committee charter. We believe that the composition of our audit committee, and our audit committee's charter and functioning, comply with the applicable requirements of NASDAQ and SEC rules and regulations. We intend to comply with future requirements to the extent they become applicable to us.

Compensation Committee

Our compensation committee is responsible for, among other things:

reviewing and approving corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers;

administering our equity compensation plans; and

reviewing and evaluating, at least annually, its own performance and periodically reviewing its charter and processes.

Our compensation committee is currently composed of Sydney L. Carey, Thomas J. Meredith and Christopher A. Pacitti, each of whom is a non-employee member of our Board. Mr. Meredith has been appointed the chairperson of our compensation committee. Our Board has determined that each member of our compensation committee is independent under the applicable requirements of NASDAQ and SEC rules and regulations, is a non-employee director, as defined by Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and is an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code. In determining whether directors are eligible to serve on our compensation committee, our Board considers whether the director is affiliated with the Company, a subsidiary of the Company or their respective affiliates to determine whether such affiliations would impair the director's judgment as a member of our compensation committee.

Our Board has adopted a compensation committee charter. We believe that the composition of our compensation committee, and our compensation committee's charter and functioning, comply with the applicable requirements of NASDAQ and SEC rules and regulations. We intend to comply with future requirements to the extent they become applicable to us.

Our nominating and governance committee is currently composed of Neeraj Agrawal and Christopher A. Pacitti. Mr. Pacitti has been appointed the chairperson of our nominating and governance committee. Our Board has determined that each member of our nominating and governance committee is independent under the applicable requirements of NASDAQ and SEC rules and regulations.

Our Board has adopted a nominating and governance committee charter. We believe that the composition of our nominating and governance committee, and our nominating and governance committee's charter and functioning, comply with the applicable requirements of NASDAQ and SEC rules and regulations. We intend to comply with future requirements to the extent they become applicable to us.

The full text of our nominating and governance committee charter is posted on the investor relations portion of our website at <http://investors.bazaarvoice.com/governance.cfm> and is available without charge, upon request in writing to Bazaarvoice, Inc., 3900 N. Capital of Texas Highway, Suite 300, Austin, Texas 78746-3211, Attn: Legal Department. The nominating and governance committee met a total of four times during fiscal year 2014.

Director Independence

On August 15, 2014, our Board undertook a review of the independence of the directors and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of these reviews, our Board determined that Neeraj Agrawal, Sydney L. Carey, Thomas J. Meredith and Christopher A. Pacitti are independent directors as defined under the rules of NASDAQ and SEC rules and regulations.

There are no family relationships among our executive officers and directors.

Director Nomination Procedures

The nominating and governance committee has the responsibility for reviewing and recommending to the Board candidates for director positions. The nominating and governance committee will consider nominations made by stockholders. There are no differences in the manner in which the nomination and governance committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. To have a candidate considered by the nominating and governance committee, a stockholder must submit its recommendation in writing in accordance with the procedures described in the section of this Proxy Statement titled "Other Matters 2015 Stockholder Proposals or Nominations" and must include the information specified in our Bylaws, including information concerning the nominee and information about the stockholder's ownership of and agreements related to our stock.

The nominating and governance committee, in evaluating Board candidates, considers issues such as character, integrity, judgment, diversity, age, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of our business and other commitments and the like, all in the context of an assessment of the needs of the Board at the time. The committee's objective is to maintain a Board of individuals of the highest personal character, integrity and ethical standards, and that reflects a range of professional backgrounds and skills relevant to our business. The nominating and governance committee does not have a formal policy with respect to diversity; however, the committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in the experience and skills that contribute to the Board's performance of its responsibilities in the oversight of a global technology business.

The nominating and governance committee believes that the minimum qualifications for serving as a director are that a nominee demonstrate knowledge of our industry, accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of our business and affairs, independence under Nasdaq rules, lack of conflicts of interest, and a record and reputation for integrity and ethical conduct in both his or her professional and personal activities. In addition, the nominating and governance committee examines a candidate's specific experiences and skills, time availability in light of other commitments, interpersonal skills and compatibility with the Board, and ability to complement the competency and skills of the other Board members.

The nominating and governance committee annually reviews with the Board the requisite skills and characteristics of Board members, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, and experience and industry backgrounds in the context of the needs of the Board and the Company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity, and to constructively challenge management through their active participation and questioning. In particular, the nominating and governance committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of our business. The nominating and governance committee may and has engaged third party search firms to assist in identifying qualified candidates or gathering information regarding a candidate's background and experience.

Board Meetings and Attendance

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This following discussion and analysis of our compensation arrangements with our Chief Executive Officer, our Chief Financial Officer, our three other most highly compensated executive officers and one former executive officer that would have been included in this list had he continued to serve in his position as of April 30, 2014, or our named executive officers, for fiscal year 2014 should be read together with the compensation tables and related disclosures that follow this discussion.

Our Named Executive Officers for Fiscal Year 2014

Our named executive officers in our fiscal year ended April 30, 2014, or fiscal year 2014, were:

Gene Austin	Chief Executive Officer and President ¹
James R. Offerdahl	Chief Financial Officer
Bryan C. Barksdale	Chief Legal Officer, General Counsel and Secretary
Kelly E. Connery	Chief Revenue Officer
Ryan D. Robinson	Chief People Officer
Stephen R. Collins	Chief Executive Officer ²

¹ Mr. Austin served as our President until January 31, 2014 when he was appointed as Chief Executive Officer and President.

² Mr. Collins served as our Chief Executive Officer until his resignation effective as of January 31, 2014.

Our Executive Compensation Philosophy

Our executive compensation philosophy is to provide market-competitive opportunities with realized compensation that is closely tied to performance. Our compensation strategy focuses on providing a total compensation package that will not only attract, motivate and retain excellent executive officers, but will also align the interests of our executive officers with our stockholders by tying a significant portion of their total compensation to the achievement of our long-term business goals. Our Board strives to maintain a balance between cash and equity compensation to encourage our executive officers to act as owners and drive long-term stockholder value. Our executive compensation program is designed to provide our executive officers with a competitive total compensation package and share our success with them when our objectives are met.

Our executive compensation program is designed to be flexible, include complementary compensation elements and collectively serve the compensation objectives described above. Neither our compensation committee nor our Board has adopted any formal or informal policies or guidelines for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among different forms of cash and non-cash compensation. We have determined that our compensation committee and Board should retain discretion and flexibility to make these determinations each year rather than adopting formal policies or guidelines.

Determining Executive Compensation for Fiscal Year 2014

For fiscal year 2014, our compensation committee was responsible for designing, recommending for approval by our Board and overseeing our executive compensation program.

Our compensation committee engaged Compensia, a national compensation consulting firm, to perform a competitive assessment of our executive compensation program, to assist in sustaining a framework for a company-wide compensation strategy and to generally advise our compensation committee on executive compensation matters. To assess the competitiveness of our executive compensation program and compensation levels, Compensia examined the executive compensation practices of a group of public technology companies of similar revenue size to us. Compensia gathered this information from the Radford High Technology Survey and also from the public filings of a select peer group consisting of the following companies:

Our compensation committee performed an annual review of executive compensation and recommended fiscal year 2014 compensation to our Board at the beginning of fiscal year 2014. In carrying out its responsibilities, our compensation committee solicited and used information provided by our management, as well as recommendations from our CEO at that time, Mr. Collins. With respect to the compensation packages for each named executive officer other than himself, Mr. Collins reviewed the performance of such executive officer and made recommendations to our compensation committee with respect to such executive officer's total compensation package for fiscal year 2014. While our compensation committee solicited and reviewed our CEO's recommendations, such recommendations were only one factor considered by our compensation committee in making compensation decisions.

In determining the total compensation package for fiscal year 2014 for each of our named executive officers, our compensation committee used the then-current compensation levels for each named executive officer as a starting point. In addition to considering our CEO's recommendations, our compensation committee and Board reviewed and considered Compensia's report on the compensation practices of peer group companies and competitive market data. The compensation committee and Board used the 50th percentile of total compensation as reflected by the market data as a reference in determining the appropriate compensation level for each named executive officer. Our compensation committee and Board also considered our company-wide performance, the applicable named executive officer's performance and internal pay equity. In reviewing individual performance, our compensation committee and Board undertook a subjective and qualitative review of each named executive officer's contribution to the success of our business in fiscal year 2013.

Table of Contents

Based in part on the review by our CEO, our executive compensation philosophy generally, and our compensation committee’s review based on the factors described above, in June 2013 our compensation committee approved a total compensation package for fiscal year 2014 for each of our executive officers, including our then-serving named executive officers other than Mr. Collins, that included base salary and annual performance-based cash compensation. In July 2013 our compensation committee approved a total compensation package for fiscal year 2014 for Mr. Collins that included base salary and annual performance-based cash compensation and performance-based equity compensation. In December 2014, our Board approved adjustments to Mr. Austin’s base salary and annual performance-based cash compensation that was determined based on reference to several key factors, including market competitive data obtained from Compensia and the potential contribution and value the Board expected Mr. Austin to bring to our company as a result of his promotion to Chief Executive Officer. In December 2013, our Board approved a total compensation package for Mr. Connery that included base salary, annual performance-based cash compensation and long term equity incentive compensation that was determined based on reference to several key factors, including market competitive data obtained from Compensia and the potential contribution and value the Board expected Mr. Connery to bring to our company as a result of his promotion to Chief Revenue Officer.

In addition to receiving compensation advice from Compensia, our compensation committee periodically receives advice from Wilson Sonsini Goodrich & Rosati, Professional Corporation, and certain individuals employed by each such firm. In June 2013, our compensation committee considered their respective independence and found them to be independent after considering applicable factors under NASDAQ listing standards.

The following discussion describes these elements in more detail.

Base Salaries

Base salaries for fiscal year 2014 for our named executive officers were determined by our compensation committee and Board as described above in Determining Executive Compensation for Fiscal Year 2014. Our compensation committee and Board did not assign a specific weight to any single factor in making decisions regarding base salary levels. The table below shows base salaries for our named executive officers for fiscal year 2014.

Named Executive Officer	FY 2014 Base Salary
Gene Austin ¹	\$ 420,000

Annual Performance-Based Cash Compensation

During fiscal year 2014, each of our named executive officers, as well as our other executive officers and key employees, was eligible to earn a cash bonus based on the achievement of performance objectives under our executive bonus plan.

Target bonuses. For each named executive officer, the target bonus opportunity for fiscal year 2014 was equal to a specified percentage of the named executive officer's base salary. As with base salaries, the target bonuses for our named executive officers were determined by our compensation committee and Board as described above in Determining Executive Compensation for Fiscal Year 2014. Our compensation committee and Board did not assign a specific weight to any single factor in establishing the applicable target bonus opportunities. The table below shows the target bonuses for fiscal year 2014 for each named executive officer.

Named Executive Officer	FY 2014 Target Bonus (% of base salary)
Gene Austin ¹	80%
James R. Offerdahl	50%
Bryan C. Barksdale	35%
Kelly E. Connery ²	88%
Ryan D. Robinson	30%
Stephen R. Collins	90%

- 1 In December 2013, our Board approved an increase in Mr. Austin's target bonus (as a percentage of base salary) from 70% to 80% as a result of his promotion to Chief Executive Officer and President.
- 2 In December 2013, Mr. Connery's target bonus (as a percentage of base salary) was increased from 60% to 88% as a result of his promotion to Chief Revenue Officer.

Bonus determinations. For fiscal year 2014, the amount of the annual cash bonuses earned by our named executive officers was determined based on actual performance during the fiscal year compared to pre-determined performance objectives approved by our Board.

Table of Contents

The total bonus opportunity for our named executive officers serving in their position at April 30, 2014 other than Mr. Connery was based on achievement of three corporate performance measures: net bookings, new clients booked and EBITDA, each of which is described in more detail below. Net bookings was given a weighting of 50%, new clients booked was given a weighting of 30% and EBITDA was given a weighting of 20%. These corporate performance measures were selected because they support our objective of achieving growth and require focus on new business development, working capital management and cost containment. We believe these performance measures align named executive officer incentives with stockholder interests through the creation of sustainable long-term value.

Payment of any portion of the bonus opportunity for fiscal year 2014 related to a specific corporate performance measure was contingent on our achievement of a minimum percentage of the target level for such measure, and the payment level was capped at our achievement of a maximum percentage of the target level. The minimum achievement levels for net bookings, new clients booked and EBITDA were 54%, 76% and 56% of the target levels, respectively, while the achievement levels required to achieve the maximum bonus under the plan were 100%, 100% and 100% of the target levels, respectively. Payout percentages for various achievement levels were as follows:

Net Bookings		New Clients Booked		EBITDA	
Achievement Percentage	Payout Percentage	Achievement Percentage	Payout Percentage	Achievement Percentage	Payout Percentage
54%	50%	76%	50%	56%	50%
63%	80%	90%	80%	80%	80%
82%	90%	95%	90%	90%	90%
100%	100%	100%	100%	100%	100%

The target levels for the new clients and EBITDA measures for fiscal year 2014 were as follows:

Performance Measure	Target Level
New Clients Booked ¹	500
EBITDA ²	\$ (10,000,000)

¹ New clients booked are clients that have signed contracts to purchase our services.

² EBITDA is defined as Adjusted EBITDA excluding certain items that were not contemplated when the executive bonus plan targets were adopted.

The net bookings measure is an internal metric that we use to monitor our business. The calculation of net bookings takes into account an internal assessment of the annualized value of new client contracts (which include assumptions and valuation measures not calculated in accordance with GAAP) signed during the fiscal year, adjusted for client contracts that are amended or terminated during the fiscal year. We do not disclose this measure for operational and competitive reasons.

In general, we consider our corporate performance targets for fiscal year 2014 to have been challenging but achievable. We believe our net bookings target for fiscal year 2014 was highly aggressive in order to incent significant growth of new business during fiscal year 2014.

For fiscal year 2014, our new clients booked were 436 and our EBITDA was \$(13.04) million. In addition our actual net bookings was less than 54% of our target. Our compensation committee reviewed our performance against each of the corporate performance target levels and determined that bonuses for each of named executive officers other than Mr. Connery would be paid at 25% of the target bonus, as detailed in the table below.

Performance Objective	Percentage of Objective Achieved	Payout Percentage	Plan Weight	Weighted Payout Percentage
Net Bookings	<54%	0%	50.0%	0%
New Clients Booked	87%	50%	30.0%	15%
EBITDA	69%	50%	20.0%	10%

During fiscal year 2014, Mr. Connery served in two different positions. As a result, his pre-determined performance objectives changed when he was promoted from General Manager North America to Chief Revenue Officer. The bonus plan in place for Mr. Connery while he served as General Manager North America was based on achievement of three corporate performance measures: net bookings in North America, new clients booked in North America and expense control. Net bookings was given a weighting of 60%, new clients booked was given a weighting of 30% and expense control was given a weighting of 10%. The bonus plan put into place for Mr. Connery once he was promoted to Chief Revenue Officer was based on achievement of two corporate performance measures: gross bookings and new clients booked. Gross bookings was given a weighting of 65% and new clients was given a weighting of 35%. The corporate performance measures were selected because they supported our objective of achieving growth and, regarding the expense control measure from Mr. Connery's original plan, cost containment.

For Mr. Connery, payment of any portion of the bonus opportunity for fiscal year 2014 related to a specific corporate performance measure was contingent on our achievement of a minimum percentage of the target level for such measure, and the payment level was capped at our achievement of a maximum percentage of the target level.

With respect to the bonus plan that was in place during the first three quarters of fiscal year 2014 for Mr. Connery, the minimum achievement levels for net bookings in North America, new clients booked in North America and expense control were 80%, 85% and 100% of the target levels, respectively, while the achievement levels required to achieve the maximum bonus under the plan were 120%, 118% and 100% of the target levels, respectively. During the first three quarters of fiscal year 2014, Mr. Connery was paid \$130,578 in bonus payments. Mr. Connery's bonus was paid following the completion of each quarter based on his achievement of the performance measures established for the quarter. The determination of his achievement of the performance measures for each quarter included reference to various timing differences related to events outside of his control and to our revised forecast for the remainder of the fiscal year.

With respect to the bonus plan that was in place during the fourth quarter of fiscal year 2014 for Mr. Connery after his promotion to Chief Revenue Officer, the minimum achievement levels for gross bookings and new clients booked were 80% and 85% of the target levels, respectively, while the achievement levels required to achieve the maximum bonus under the plan were 120% and 118% of the target levels, respectively. Payout percentages for various achievement levels were as follows:

Achievement	Gross Bookings		New Clients Booked	
	Percentage	Payout Percentage	Achievement Percentage	Payout Percentage
	80%	50%	85%	50%
	90%	65%	100%	100%
	100%	80%	118%	160%
	120%	110%		

Gross bookings and net bookings measures are internal metrics that we use to monitor our business. The calculation of gross bookings takes into account an internal assessment of the annualized value of new client contracts (which include assumptions and valuation measures not calculated in accordance with GAAP) signed during the fiscal year, while net bookings is gross bookings adjusted for client contracts that are amended or terminated during the fiscal year. We do not disclose this measure for operational and competitive reasons. We do not disclose new clients or expenses on a geographic basis.

In connection with the bonus plan in place for Mr. Connery during the fourth quarter of fiscal year 2014, our compensation committee reviewed Mr. Connery's performance against each of his performance target levels and determined that his bonus would be paid at 87.21% of his target bonus, as detailed in the table below.

Performance Objective	Percentage of Objective Achieved	Payout Percentage	Plan Weight	Weighted Payout Percentage
Gross Bookings	106.5%	89.75%	65.0%	58.34%
New Clients Booked	95%	82.50%	35.0%	28.87%

For Mr. Collins, who resigned from his role as our Chief Executive Officer effective as of January 31, 2014, the total bonus opportunity for fiscal year 2014 was to be based on the achievement of four corporate performance measures: net bookings, new clients booked, EBITDA and media revenue. The net bookings measure represented 40% of the target bonus award, the new clients booked measure represented 30% of the target bonus award, the EBITDA measure represented 20% of the target bonus award and the media revenue measure represented 10% of the target bonus award. In addition, the payments for achievement of each corporate performance measure was subject to certain thresholds. For Mr. Collins to receive the portion of the target bonus attributable to each corporate performance measure, we were required to meet minimum thresholds for the corresponding corporate performance measure. Mr. Collins would have been entitled to 50% of the target bonus portion attributable to the net bookings target upon achievement of 85% of the net bookings goal, 50% of the target bonus portion attributable to the new clients booked target upon achievement of 85% of the new clients goal, 50% of the target bonus portion attributable to the EBITDA target upon achievement of 80% of the EBITDA goal and 50% of the target bonus portion attributable to the media revenue target upon achievement of 85% of the media revenue goal. The bonus amounts that were payable with respect to the net bookings, new clients and media revenue corporate performance measures may exceed the target bonus amounts attributable to such measures. The multipliers for each corporate performance measure were capped as set forth in the following table:

Corporate Performance Measure	Maximum Payout (% of Target Payout)	Achievement Required for Maximum Payout (% of Goal)
Net Bookings	170%	121%
New Clients	150%	115%
EBITDA	100%	100%
Media Revenue	170%	121%

Because Mr. Collins resigned from the Company prior to the end of fiscal year 2014, no portion of Mr. Collins' target bonus was paid to him.

The following table summarizes the calculation of the actual bonus amount awarded to each named executive officer for fiscal year 2014.

Named Executive Officer	Target Bonus	Payout Percentage	Actual Bonus Payment
Gene Austin	\$ 336,000	25.0%	\$ 84,000
James R. Offerdahl	137,500	25.0%	34,375
Bryan C. Barksdale	96,250	25.0%	24,063
Kelly E. Connery	250,000	74.0%	185,086
Ryan D. Robinson	79,500	25.0%	19,875
Stephen R. Collins	328,500	0%	

Other Bonus Payments

After consideration of the various challenges that management faced in fiscal year 2014 that impacted our ability to achieve the performance objectives for fiscal year 2014, including challenges associated with changes in leadership and the anti-trust litigation related our acquisition of PowerReviews, Inc., in May 2014, our compensation committee approved discretionary one-time bonus payments to the following named executive officers based on their performance in fiscal year 2014.

Named Executive Officer	Bonus Payment (\$)
Gene Austin	\$ 84,000
James R. Offerdahl	34,375
Bryan C. Barksdale	24,063
Ryan D. Robinson	27,125

Long-Term Equity Incentive Compensation

We believe that equity awards are an effective tool for meeting our compensation goal of increasing long-term stockholder value. Historically, our equity awards to our named executive officers have been in the form of stock options. Beginning in fiscal year 2012, our compensation committee began granting equity awards consisting of a combination of stock options and restricted stock unit awards. Because our executive officers are able to profit from stock options only if our stock price increases relative to the stock option's exercise price, we believe stock options provide meaningful incentives to achieve increases in the value of our stock over time. The decision by the Board to introduce restricted stock units into our executive compensation program was based on a number of factors, including Compensation's analysis of the competitiveness of our executive compensation program, the estimated impact of such decision on our available option pool and the perceived value of restricted stock units to our executive officers. We generally make an initial stock option and/or restricted stock unit grant to each of our executive officers in connection with the commencement of his or her employment. All equity award grants are approved by our Board or our compensation committee. In determining the size of an equity award grant, our Board takes into account individual performance, competitive market data, internal pay equity considerations and the unvested value of existing long-term incentive awards.

In addition to new hire grants, from time to time, our Board has granted our named executive officers equity awards to recognize exceptional performance and as refresher grants to make sure our named executive officers continue to have an equity incentive as part of their compensation packages. Historically, these decisions have been made on a case-by-case basis, and our Board retains discretion to make equity award grants at any time.

The exercise price of each stock option grant is generally the fair market value of our common stock on the grant date. Following the completion of our initial public offering, our common stock has been valued by reference to its publicly traded price. Prior to our initial public offering, our Board determined the appropriate estimated fair market value based on its consideration of numerous objective and subjective factors, including but not limited to arm's-length sales of our common stock in privately negotiated transactions, third-party valuations of our common stock, our stage of development and financial position and our future financial projections.

Stock option awards to our named executive officers typically vest over a four-year period as follows: 25% of the shares underlying the stock option vest on the first anniversary of the vesting start date with the remainder vesting ratably on a monthly basis over the next 36 months, subject to continued service through each applicable vesting date. Restricted stock unit awards to our named executive officers typically vest in four equal yearly installments, with the first such installment vesting on the first anniversary of the vesting start date, subject to continued service through each applicable vesting date. We believe these vesting schedules appropriately encourage long-term employment with the Company, while allowing our executive officers to realize compensation in line with the value they have created for our stockholders.

In June 2013, our compensation committee granted Mr. Austin a stock option to purchase 550,000 shares of our common stock at an exercise price of \$9.51 per share and a restricted stock unit award for 250,000 shares of our common stock, in each case subject to our standard vesting schedule. Our Board determined that these equity awards were appropriate as a result of Mr. Austin being hired as our President.

In July 2013, our compensation committee granted Mr. Collins a restricted stock unit award for 50,000 shares of our common stock subject to vesting based on the achievement of our corporate performance targets for fiscal year 2014 and time-based vesting. Our Board determined that this equity award was appropriate to strengthen long-term incentive and retention.

In December 2013, our compensation committee granted Mr. Barksdale a restricted stock unit award for 40,000 shares of our common stock, subject to our standard vesting schedule. Our compensation committee determined that this equity awards was appropriate to strengthen long-term incentive and retention.

In December 2013, our compensation committee granted Mr. Robinson a restricted stock unit award for 40,000 shares of our common stock, subject to our standard vesting schedule. Our compensation committee determined that this equity award was appropriate to strengthen long-term incentive and retention.

Table of Contents

In December 2013, our compensation committee granted Mr. Connery a stock option to purchase 150,000 shares of our common stock at an exercise price of \$7.50 per share and a restricted stock unit award for 25,000 shares of our common stock, in each case subject to our standard vesting schedule, as well as a restricted stock unit award for 40,000 shares of our common stock subject to our standard vesting schedule. In addition, our compensation committee approved the grant of a restricted stock unit award for Mr. Connery for an additional 40,000 shares of our common stock subject to vesting upon achievement of certain to be determined performance criteria for fiscal year 2015 and fiscal year 2016. Our compensation committee determined that these equity awards were appropriate as a result of Mr. Connery's promotion to Chief Revenue Officer.

In March 2014, our compensation committee granted Mr. Offerdahl a stock option to purchase 100,000 shares of our common stock at an exercise price of \$8.10 per share and a restricted stock unit award for 32,500 shares of our common stock, in each case subject to our standard vesting schedule. Our compensation committee determined that these equity awards were appropriate to strengthen long-term incentive and retention.

Severance and Change of Control Benefits

Each of our currently serving named executive officers is entitled to receive accelerated vesting with respect to all or a portion of the named executive officer's unvested stock options or restricted stock units in the event of the termination of his or her employment following a change of control of the Company. These accelerated vesting arrangements are intended to preserve morale and productivity and encourage retention in the face of the disruptive impact of a change of control of the Company and to allow our named executive officers to focus on the value of strategic alternatives to stockholders without concern for the impact on their continued employment, as we believe each of their offices is at heightened risk of turnover in the event of a change of control. We also believe that accelerated vesting arrangements related to change of control transactions provide an incentive for our named executive officers to successfully execute such a transaction from its early stages until closing, which we believe will ultimately benefit our stockholders.

Please refer to the discussion below under **Potential Payments upon Termination or Change of Control** for a more detailed discussion of our severance and change of control arrangements.

Employee Benefits

Our named executive officers are eligible for the same benefits available to our full-time employees generally. These include participation in a tax-qualified Section 401(k) plan, an employee stock purchase plan, and group life, health, dental, vision and disability insurance plans. The type and extent of benefits offered are intended to be competitive within our industry.

Other Compensation Practices and Policies

Perquisites and Personal Benefits

As noted above, our named executive officers are eligible to participate in the same benefits as those offered to all full-time employees. We believe that cash and equity compensation are the two key components in attracting and retaining executive talent and, therefore, we do not have any programs for providing material personal benefits or executive perquisites to our named executive officers.

Stock Ownership Guidelines

There are currently no equity ownership requirements or guidelines that any of our named executive officers or other employees must meet or maintain.

Pension Benefits and Nonqualified Deferred Compensation

We do not provide a pension plan for our employees, and none of our named executive officers participated in a nonqualified deferred compensation plan during fiscal year 2014.

Table of Contents

Policy Regarding the Timing of Equity Awards

Beginning in August 2012, our Board established a policy providing that it would not grant stock options to executive officers or directors during closed trading periods under our insider trading policy, but that exceptions could be made on a case-by-case basis. Our Board made an exception to this policy and delegated to our compensation committee the authority to approve retention grants for Mr. Offerdahl. On March 7, 2014, our compensation committee approved stock option and restricted stock unit grants to Mr. Offerdahl pursuant to this exception and the authority delegated to the compensation committee.

Policy Regarding Compensation Recovery

We do not currently have a formal policy requiring a fixed course of action with respect to compensation adjustments following later restatements of financial results. Under those circumstances, our Board or compensation committee would evaluate whether compensation adjustments were appropriate based upon the facts and circumstances surrounding the restatement and then-applicable law.

Results of Most Recent Say-on-Pay Vote

At our 2012 annual meeting of stockholders, we conducted a stockholder advisory vote on the fiscal year 2011 compensation of our named executive officers (commonly known as a "Say-on-Pay" vote). Our stockholders approved the fiscal year 2011 compensation of our named executive officers with approximately 93% of the votes cast in favor of the proposal.

We believe that the outcome of the Say-on-Pay vote reflects our stockholders' support of our compensation approach, specifically our efforts to attract, retain, and motivate our named executive officers. No significant design changes were made to our executive compensation program during fiscal year 2014. We value the opinions of our stockholders and will continue to consider the outcome of future Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our named executive officers.

Based on the results of a separate stockholder advisory vote on the frequency of future stockholder advisory votes regarding the compensation of our named executive officers (commonly known as a "Say-When-on-Pay" vote) conducted at our 2012 annual meeting of stockholders, our Board determined that we will hold our Say-on-Pay votes on a triennial basis. Therefore, the next stockholder advisory vote on the compensation of our named executive officers will take place in 2015.

Accounting and Tax Considerations

Deductibility of Executive Compensation

Generally, Section 162(m) of the Internal Revenue Code disallows a tax deduction to any publicly held corporation for any remuneration in excess of \$1.0 million paid in any taxable year to its chief named executive officer and each of its three next most highly compensated named executive officers (other than its chief financial officer). Remuneration in excess of \$1.0 million may be deducted if, among other things, it qualifies as "performance-based compensation" within the meaning of the Internal Revenue Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

We expect that our compensation committee, in approving the amount and form of compensation for our named executive officers in the future, will consider all elements of the cost to us of providing such compensation, including the potential impact of Section 162(m). Our compensation committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Taxation of Parachute Payments and Deferred Compensation

Sections 280G and 4999 of the Internal Revenue Code provide that our named executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change of control of the Company that exceeds certain prescribed limits, and that we (or a successor) may forfeit a deduction on the amounts subject to this additional tax.

Section 409A of the Internal Revenue Code imposes significant additional taxes in the event that a named executive officer, director, or service provider receives nonqualified deferred compensation that does not satisfy the conditions of Section 409A.

We did not provide any directors or named executive officer with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999 or 409A of the Internal Revenue Code during fiscal year 2014 and we have not agreed and are not otherwise obligated to provide any director or named executive officer with such a gross-up or other reimbursement.

Accounting for Stock-Based Compensation

We follow the FASB ASC Topic 718 for our stock-based compensation awards. ASC 718 requires companies to calculate the grant date fair value of their stock-based awards using a variety of assumptions. The valuation assumptions used in determining such amounts are described in Note 13 to our consolidated financial statements included in this our Annual Report on Form 10-K. This calculation is performed for accounting purposes and reported in the compensation tables contained below under Tabular Disclosure Regarding Executive Compensation even though recipients may never realize any value from their awards. ASC 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Potential Payments upon Termination or Change of Control

The information below describes certain compensation that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change of control of the Company had occurred on April 30, 2014 and based upon a price of \$6.72 per share for our common stock, which was the closing price on NASDAQ on April 30, 2014, given the named executive officers compensation and service levels as of such date. There can be no assurance that an actual triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

Arrangements with Gene Austin

Our employment letter agreement with Mr. Austin dated April 25, 2013 provides that if Mr. Austin is terminated without cause or he resigns with good reason during the period commencing on or after the date that we have signed a definitive agreement or that our board of directors has endorsed a tender offer for our stock that in either case when consummated would result in a change of control, as such term is defined in Mr. Austin's employment letter agreement, (even though consummation is subject to approval or requisite tender by our stockholders and other conditions and contingencies) and ending at the earlier of the date on which such definitive agreement or tender offer has been terminated without a change of control or on the date which is twelve months following the consummation of any transaction or series of transactions that results in a change of control, Mr. Austin shall be entitled to receive severance payments in an aggregate amount equal to twelve months of his then-current base salary, to be paid in twelve equal monthly installments beginning on the first regular payroll date following the effective date of Mr. Austin executes a general release of claims), in accordance with our regular payroll practices, and shall be less applicable withholding.

Under the employment letter agreement with Mr. Austin, *cause* means (i) his willful and continued failure to perform substantially his duties (other than any such failure resulting from his disability), (ii) any act of personal dishonesty, fraud or misrepresentation taken by Mr. Austin which was intended to result in substantial gain or personal enrichment for him at the expense of the Company, (iii) the willful engaging by Mr. Austin in illegal conduct or gross misconduct which is or is reasonably likely to be injurious to the Company; (iv) his conviction of, or plea of *nolo contendere* or guilty to, a felony under the laws of the United States or any State; (v) his breach of the terms of the agreement(s) with us relating to proprietary information and inventions assignment; or (vi) his material breach of the terms of the employment letter agreement. Clauses (i), (v) and

(vi) shall constitute *cause* only after Mr. Austin has received from the Board written notice describing the circumstances of such breach or failure in reasonable detail and has been given a reasonable cure period of not less than 30 days. Under the employment letter agreement with Mr. Austin, *good reason* refers to the existence or occurrence of the following, provided in each case that his resignation occurs within 30 days after the original occurrence of such event: (i) a change in his position that materially reduces his position, title, duties and responsibilities or the level of management to which Mr. Austin reports; (ii) a material reduction in his total compensation and benefits package (including base salary, fringe benefits and target bonus under any corporate-performance based bonus or incentive programs as established from time to time); or (iii) a relocation of his place of employment by more than 50 miles from our current offices in Austin, Texas; *provided, however*, an event described in clauses (i), (ii) or (iii) of this paragraph shall give rise to *good reason* if and only if such change, reduction or relocation is effected without Mr. Austin's consent.

Vesting Acceleration of Option Awards

The employment letter agreements, stock option agreements and restricted stock unit agreements with Messrs. Austin, Offerdahl, Barksdale, Connery and Robinson also provide for accelerated vesting of 100% of the executive's unvested stock options and restricted stock units in the event of the executive's termination upon change of control (as defined in the employment letter agreements and/or the applicable equity grant documentation with such named executive officers).

Under the employment letter agreements and applicable equity grant documentation with our named executive officers, *termination upon change of control* means any termination of the executive's employment by us without cause or by the executive for good reason during the period commencing on or after the date that we have signed a definitive agreement or that our Board has endorsed a tender offer for our stock that, in either case, when consummated would result in a change of control (even though consummation is subject to approval or requisite tender by our stockholders and other conditions and contingencies) and ending at the earlier of the date on which such definitive agreement or tender offer has been terminated without a change of control or on the date which is 12 months following the consummation of any transaction or series of transactions that results in a change of control.

For purposes of the definition of *termination upon change of control* above, the following terms have the following meanings:

cause means (a) the executive's willful and continued failure to perform substantially the executive's duties with us or (b) the willful engaging by the executive of illegal conduct or gross misconduct which is injurious to us;

change of control means (a) any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than a trustee or other fiduciary holding our securities under an employee benefit plan, becomes the beneficial owner (as defined Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of securities representing 50% or more of (A) the outstanding shares of our common stock or (B) the combined voting power of our then-outstanding securities; (b) we are party to a merger or consolidation, or series of related transactions, which results in our voting securities outstanding immediately prior thereto failing to continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving or another entity) at least 50% of the combined voting power of our voting securities or such surviving or other entity outstanding immediately after such merger or consolidation; (c) the sale or disposition of all or substantially all of our assets (or consummation of any transaction, or series of related transactions, having similar effect), unless at least 50% of the combined voting power of the voting securities of the entity acquiring those assets is held by persons who held our voting securities immediate prior to such transaction or series of transactions; (d) our dissolution or liquidation, unless after such liquidation or dissolution all or substantially all of our assets are held in an entity at least 50% of the combined voting power of the voting securities of which is held by persons who held our voting securities immediately prior to such liquidation or dissolution; or (f) any transaction or series of related transactions that has the substantial effect of any one or more of the foregoing; and

good reason refers to the existence or occurrence of the following, provided in each case that resignation occurs within thirty days after the original occurrence of such event: (i) a change in the employee's position with the company or a successor entity that materially reduces position, title, duties and responsibilities or the level of management to which the employee reports; (ii) a material reduction in the employee's total compensation and benefits package (including base salary, fringe benefits and target bonus under any corporate-performance based bonus or incentive programs as established from time to time); or (iii) a relocation of the employee's place of employment by more than fifty miles from the company's current offices in Austin, Texas; *provided, however*, an event described in clauses (i), (ii) or (iii) of this paragraph shall give rise to good reason if and only if such change, reduction or relocation is effected without the employee's consent.

Stock Incentive Plans**2012 Equity Incentive Plan**

Our Board has adopted and our stockholders have approved our 2012 Equity Incentive Plan, or the 2012 Plan. Our 2012 Plan provides for the grant of incentive stock options, within the meaning of Internal Revenue Code Section 422, to our employees and any of our parent and subsidiary corporations' employees, and for the grant of nonstatutory stock options, stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares to our employees, directors and consultants and our parent and subsidiary corporations' employees and consultants.

Authorized shares. As of April 30, 2014, options to purchase 3,798,274 shares of common stock and 2,933,452 restricted stock awards and units were outstanding and 3,712,197 shares were available for future grant under our 2012 Plan. The number of shares available for issuance under the 2012 Plan are increased annually on the first day of each of our fiscal years by an amount equal to the least of:

10,000,000 shares;

Edgar Filing: Bazaarvoice Inc - Form DEF 14A

5% of the outstanding shares of our common stock as of the last day of the immediately preceding fiscal year; or

such other amount as our Board may determine.

Table of Contents

Accordingly, on May 1, 2014, the number of shares available for issuance under the 2012 Plan was increased by 3,881,883 shares. Shares issued pursuant to awards under the 2012 Plan that we repurchase or that are forfeited, as well as shares used to pay the exercise price of an award or to satisfy the tax withholding obligations related to an award, will become available for future grant under the 2012 Plan. In addition, to the extent that an award is paid out in cash rather than shares, such cash payment will not reduce the number of shares available for issuance under the 2012 Plan.

Plan administration. The 2012 Plan is administered by our Board which, at its discretion or as legally required, may delegate such administration to our compensation committee or one or more additional committees. In the case of awards intended to qualify as performance-based compensation within the meaning of Internal Revenue Code Section 162(m), the committee will consist of two or more outside directors within the meaning of Internal Revenue Code Section 162(m).

Subject to the provisions of our 2012 Plan, the administrator has the power to determine the terms of awards, including the recipients, the exercise price, the number of shares subject to each award, the fair market value of a share of our common stock, the vesting schedule applicable to the awards, together with any vesting acceleration, and the form of consideration, if any, payable upon exercise of the awards and the terms of the award agreements for use under the 2012 Plan. The administrator also has the authority, subject to the terms of the 2012 Plan, to prescribe rules and to construe and interpret the 2012 Plan and awards granted thereunder and to institute an exchange program by which outstanding awards may be surrendered in exchange for awards that may have different exercise prices and terms, to amend existing awards to reduce or increase their exercise price and to allow participants the opportunity to transfer outstanding awards to a financial institution or other person or entity selected by the administrator.

Stock options. The administrator may grant incentive and/or nonstatutory stock options under our 2012 Plan, provided that incentive stock options are only granted to employees. The exercise price of such options must equal at least the fair market value of our common stock on the date of grant. The term of an option may not exceed ten years. However, an incentive stock option held by a participant who owns more than 10% of the total combined voting power of all classes of our stock, or of certain of our parent or subsidiary corporations, may not have a term in excess of five years and must have an exercise price of at least 110% of the fair market value of our common stock on the grant date. The administrator determines the methods of payment of the exercise price of an option, which may include cash, shares or other property acceptable to the plan administrator. Subject to the provisions of our 2012 Plan, the administrator determines the remaining terms of the options, including vesting criteria. After the termination of service of an employee, director or consultant, the participant may exercise his or her option, to the extent vested as of such date of termination, for the period of time stated in his or her option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for 12 months. In all other cases, the option will generally remain exercisable for three months following the termination of service. However, in no event may an option be exercised later than the expiration of its term.

Stock appreciation rights. Stock appreciation rights may be granted under our 2012 Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. Subject to the provisions of our 2012 Plan, the administrator determines the terms of stock appreciation rights, including when such rights vest and become exercisable and whether to settle such awards in cash or with shares of our common stock, or a combination thereof, except that the per share exercise price for the shares to be issued pursuant to the exercise of a stock appreciation right will be no less than 100% of the fair market value per share on the date of grant. The specific terms of each grant of stock appreciation rights will be set forth in an award agreement.

Restricted stock. Restricted stock may be granted under our 2012 Plan. Restricted stock awards are grants of shares of our common stock that are subject to various restrictions, including restrictions on transferability and forfeiture provisions. Shares of restricted stock will vest and the restrictions on such shares will lapse in accordance with terms and conditions established by the administrator. Such terms may include, among other things, vesting upon the achievement of specific performance goals determined by the administrator

Table of Contents

and/or continued service to us. The administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed. Recipients of restricted stock awards generally will have voting and dividend rights with respect to such shares at the time of grant without regard to vesting, unless the administrator provides otherwise. Shares of restricted stock that do not vest for any reason will be forfeited by the recipient and will revert to us. The specific terms of each grant of restricted stock will be set forth in an award agreement.

Restricted stock units. Restricted stock units may be granted under our 2012 Plan. Each restricted stock unit granted is a bookkeeping entry representing an amount equal to the fair market value of one share of our common stock. The administrator determines the terms and conditions of restricted stock units including the vesting criteria, which may include achievement of specified performance criteria or continued service to us, and the form and timing of payment. The administrator, in its sole discretion, may reduce or waive any vesting criteria that must be met to receive a payment. The administrator determines in its sole discretion whether an award will be settled in stock, cash or a combination of both. The specific terms of each grant of restricted stock units will be set forth in an award agreement.

Performance units/performance shares. Performance units and performance shares may be granted under our 2012 Plan. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. The administrator will establish organizational or individual performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and the value of performance units and performance shares to be paid out to participants. After the grant of a performance unit or performance share, the administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance units or performance shares. Performance units shall have an initial dollar value established by the administrator on or prior to the grant date. Performance shares shall have an initial value equal to the fair market value of our common stock on the grant date. The administrator, in its sole discretion, may pay earned performance units or performance shares in the form of cash, in shares or in some combination thereof. The specific terms of each grant of performance units or performance shares will be set forth in an award agreement.

Transferability of awards. Unless the administrator provides otherwise, our 2012 Plan generally does not allow for the transfer of awards other than by will or laws of descent or distribution and only the recipient of an award may exercise such an award during his or her lifetime.

Certain adjustments. In the event of certain changes in our capitalization, to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the 2012 Plan, the administrator will make adjustments to the number and class of shares that may be delivered under the 2012 Plan and/or the number, class and price of shares covered by each outstanding award and the numerical share limits contained in the 2012 Plan. In the event of our proposed liquidation or dissolution, the administrator will notify participants as soon as practicable prior to the effective date of such proposed transaction and all awards will terminate immediately prior to the consummation of such proposed transaction.

Merger or change of control. Our 2012 Plan provides that, in the event of a merger or change of control as defined under the 2012 Plan, each outstanding award will be treated as the administrator determines, except that, if a successor corporation does not assume or substitute for any outstanding award, then such award will fully vest, all restrictions on such award will lapse, all performance goals or other vesting criteria applicable to such award will be deemed achieved at 100% of target levels and such award will become fully exercisable, if applicable, for a specified period prior to the transaction. The award will then terminate upon the expiration of the specified period of time. In the event of a merger or change of control, any options, restricted stock units and stock appreciation rights held by an outside director will vest fully and become immediately exercisable, all restrictions on his or her restricted stock will lapse, and all performance goals or other vesting requirements for his or her performance shares and units will be deemed achieved at 100% of target levels, and all other terms and conditions met.

Plan amendment or termination. Our Board has the authority to amend, suspend or terminate the 2012 Plan provided such action does not impair the existing rights of any participant. Our 2012 Plan will automatically terminate in 2022, unless we terminate it sooner.

2005 Stock Plan

Our 2005 Stock Plan was adopted by our Board and approved by our stockholders effective June 14, 2005 and was amended on August 15, 2005, August 15, 2007, September 5, 2007, November 19, 2008, July 16, 2009, September 17, 2009, February 10, 2010, May 20, 2010, September 16, 2010 and November 16, 2010, amended and restated on March 29, 2011, and amended on August 16, 2011 and February 9, 2012. Our 2005 Stock Plan provides for the grant of incentive stock options, nonstatutory stock options and stock purchase rights to our employees, directors and consultants. As of April 30, 2014, options to purchase 3,071,231 shares of common stock were outstanding under our 2005 Stock Plan.

In July 2011, our Board terminated our ability to make grants under our 2005 Stock Plan, effective upon the closing of our initial public offering. However, our 2005 Stock Plan will continue to govern the terms and conditions of all outstanding options previously granted under the 2005 Stock Plan.

Our 2005 Stock Plan provides that, in the event of a merger or change of control as defined under the 2005 Stock Plan, each outstanding option shall be assumed or substituted with an equivalent option by the successor entity. If the successor entity does not assume or substitute the outstanding options, then each option will fully vest and become exercisable. Our Board, or a committee designated by our Board, is required to give notice of any proposed merger or change of control prior to the closing date of such sale, merger or consolidation. If the consideration received in the merger or change of control is not solely common stock of the successor corporation or its parent, our Board, or a committee designated by our Board, may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of each share subject to the option to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of common stock in the merger or change of control.

Our 2005 Stock Plan provides that our Board, or a committee designated by our Board, may, in order to prevent diminution or enlargement of the benefits or intended benefits to be made available under the 2005 Stock Plan, adjust or substitute outstanding options upon certain events, including, without limitation, changes in our capitalization through stock splits, recapitalizations, mergers or consolidations.

The standard form of option agreement under the 2005 Stock Plan provides that options will vest 25% on the first anniversary of the vesting start date with the remainder vesting ratably over the next 36 months, subject to continued service through each applicable vesting date. Under our 2005 Stock Plan, our Board, or a committee designated by our Board, has the authority to grant options with early exercise rights, subject to our repurchase right that lapses as the shares vest on the original vesting schedule, and to provide for accelerated vesting.

The standard form of option agreement under the 2005 Stock Plan restricts the transfer of shares of our common stock issued pursuant to an award for the period specified by the representative of the underwriters not to exceed 180 days following the effective date of any registration statement we file under the Securities Act.

PowerReviews, Inc. 2005 Equity Incentive Plan

In the June 2012 acquisition of PowerReviews, we assumed outstanding stock options granted under the PowerReviews, Inc. 2005 Equity Incentive Plan, or the PowerReviews Plan, other than those held by former service providers. Following the acquisition, the assumed options continue to be subject to the terms of the PowerReviews Plan and individual award agreements except (i) the assumed options will be exercisable for shares of our common stock, (ii) the number of shares and exercise price of each option will be adjusted pursuant to an exchange ratio established in the acquisition and (iii) assumed options will not be exercisable prior to vesting. We have reserved a total of 1,656,751 shares of our common stock for issuance with respect to the assumed PowerReviews Plan options. We will not grant any new awards under the PowerReviews Plan.

Our Board, or a committee appointed by our Board, will administer the PowerReviews Plan with respect to the assumed options. Subject to the provisions of the plan, the administrator has the power to interpret the plan, establish rules and regulations to properly administer the plan, and make any other determination and take any other action it deems necessary or desirable for administration of the plan.

Table of Contents

Options granted under the PowerReviews Plan generally have a maximum term of ten years. Unvested options expire upon termination of employment or service. Unless otherwise provided by individual option agreements, the PowerReviews Plan provides for a three-month post-termination exercise period for vested options following termination, other than terminations for retirement, disability or death, in which case the plan provides for a one-year post-termination exercise period. All options terminate immediately upon notification of termination for cause.

The PowerReviews Plan generally does not allow for the transfer of options other than by will or the laws of descent and distribution and only the recipient of an option may exercise the award during his or her lifetime, unless provided otherwise by the administrator.

In the event of a company transaction, as defined in the plan, unless provided otherwise in an award agreement, all outstanding options shall become fully exercisable prior to the transaction and termination upon the effective date of the transaction unless such options are assumed, converted, or substituted for by the successor company. The administrator may provide that a participant's outstanding options will terminate upon consummation of the company transaction in exchange for a cash payment based on the acquisition price.

The administrator has the authority to amend, suspend, or terminate the PowerReviews Plan at any time, provided such action does not materially impair the rights of any optionee, unless mutually agreed otherwise in writing.

2012 Employee Stock Purchase Plan

Our Board has adopted and our stockholders have approved our 2012 Employee Stock Purchase Plan, or the ESPP.

A total of 2,136,292 shares of our common stock are available for sale under our ESPP. In addition, our ESPP provides for annual increases in the number of shares available for issuance under the ESPP on the first day of each fiscal year equal to the least of:

5,000,000 shares;

1% of the outstanding shares of our common stock on the last day of the immediately preceding fiscal year; or

such other amount as may be determined by the administrator.

Accordingly, on May 1, 2014, the number of shares available for sale under the ESPP was increased by 776,376 shares. Our Board or its committee has full and exclusive authority to interpret the terms of the ESPP and determine eligibility.

All of our employees, including our named executive officers, are eligible to participate if they are customarily employed by us or any participating subsidiary for at least 20 hours per week and more than five months in any calendar year. However, an employee may not be granted rights to purchase stock under our ESPP if such employee:

immediately after the grant would own stock or options to purchase stock possessing 5% or more of the total combined voting power or value of all classes of our capital stock; or

holds rights to purchase stock under all of our employee stock purchase plans that would accrue at a rate that exceeds \$25,000 worth of our stock for each calendar year in which the right to be granted would be outstanding at any time.

Our ESPP is intended to qualify under Section 423 of the Code, and provides for consecutive six-month offering periods. The offering periods generally start on the first trading day on or after March 20 and September 20 of each year. The administrator may, in its discretion, modify the terms of future offering periods.

Table of Contents

Our ESPP permits participants to purchase common stock through payroll deductions of up to 15% of their eligible compensation, which includes a participant's regular and recurring straight time gross earnings and payments for overtime and shift premiums, but exclusive of payments for incentive compensation, bonuses and other similar compensation. A participant may purchase a maximum of 2,630 shares of common stock during each six-month offering period.

Amounts deducted and accumulated by the participant are used to purchase shares of our common stock at the end of each six-month offering period. The purchase price of the shares will be 85% of the lower of the fair market value of our common stock on the first trading day of the offering period or on the last day of the offering period. Participants may end their participation at any time during an offering period and will be paid their accrued payroll deductions that have not yet been used to purchase shares of common stock. Participation ends automatically upon termination of employment with us.

A participant may not transfer rights granted under the ESPP other than by will, the laws of descent and distribution or as otherwise provided under the ESPP.

In the event of our merger or change of control, as defined under the ESPP, a successor corporation or parent or subsidiary of the successor corporation may assume or substitute each outstanding purchase right. If the successor corporation refuses to assume or substitute for the outstanding purchase rights, the offering period then in progress will be shortened, and a new exercise date will be set to occur before the date of the proposed merger or change of control. The plan administrator will notify each participant in writing that the exercise date has been changed and that the participant's option will be exercised automatically on the new exercise date unless the participant withdraws from the offering period prior to such date.

Our ESPP will automatically terminate in 2022, unless we terminate it sooner. In addition, our Board has the authority to amend, suspend or terminate our ESPP.

401(k) Plan

We have established a tax-qualified employee savings and retirement plan pursuant to which employees who satisfy certain eligibility requirements, including age and length of service, may elect to defer up to 100% of eligible compensation, subject to applicable Internal Revenue Code limits. We currently match 50% of contributions, up to 2% of salary, made by our employees, including executives. We intend for the 401(k) plan to qualify under Section 401(a) of the Internal Revenue Code so that contributions to the 401(k) plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) plan.

Limitation on Liability and Indemnification Matters

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws provide that we are required to indemnify our directors and officers to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or

Table of Contents

proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity, regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by our Board. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as members of our Board and officers and potentially in other roles with the Company. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

Table of Contents**PROPOSAL TWO: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee has appointed PricewaterhouseCoopers LLP (PwC) as our independent registered public accounting firm and auditors of our consolidated financial statements for the fiscal year ending April 30, 2015, or fiscal year 2015.

At the Annual Meeting, the stockholders are being asked to ratify the appointment of PwC as our independent registered public accounting firm for fiscal year 2015. In the event of a negative vote on such ratification, the audit committee will reconsider its selection. Even if this appointment is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee determines that such a change would be in the best interest of Bazaarvoice and our stockholders. Representatives of PwC are expected to be present at the Annual Meeting to make a statement if such representatives desire to do so and to respond to questions.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services Performed by the Independent Registered Public Accounting Firm

We maintain an auditor independence policy that bans our auditors from performing non-financial consulting services, such as information technology consulting and internal audit services. This policy mandates that the audit committee approve the audit and non-audit services and

related budget in advance, and that the audit committee be provided with quarterly reporting on actual spending. This policy also mandates that we may not enter into auditor engagements for non-audit services without the express approval of the audit committee. In accordance with this policy, the audit committee pre-approved all services to be performed by our independent registered public accounting firm.

OTHER MATTERS

Meeting Admission. You are entitled to attend the Annual Meeting only if you were a Bazaarvoice stockholder at the close of business on August 11, 2014 or hold a valid proxy for the Annual Meeting. If attending the physical meeting, you should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record, meaning that you hold shares directly with American Stock Transfer & Trust Company, LLC (registered holders), the inspector of election will have your name on a list, and you will be able to gain entry with a form of government-issued photo identification, such as a driver s license, state-issued ID card or passport. If you are not a stockholder of record but hold shares through a broker, bank, or nominee (street name or beneficial holders), in order to gain entry you must provide proof of beneficial ownership as of the record date, such as an account statement or similar evidence of ownership, along with a form of government-issued photo identification. If you do not provide photo identification and comply with the other procedures outlined above for attending the Annual Meeting in person, you will not be admitted to attend the Annual Meeting location in person.

Proxy Solicitation. Bazaarvoice is paying the costs of the solicitation of proxies. We must also pay brokerage firms, banks, broker-dealers and other similar organizations representing beneficial owners of shares held in street name certain fees associated with forwarding the Notice to beneficial owners, forwarding printed proxy materials by mail to beneficial owners who specifically request them, and obtaining beneficial owners voting instructions. We currently estimate such costs will be approximately \$20,000.

In addition to soliciting proxies by mail, certain of our directors, officers and regular employees, without additional compensation, may solicit proxies personally or by telephone, facsimile or email our behalf.

Inspector of Election. Broadridge has been engaged as our independent inspector of election to tabulate stockholder votes for the 2014 Annual Meeting.

Stockholder List. Bazaarvoice s list of stockholders as of August 11, 2014 will be available for inspection for 10 days prior to the 2014 Annual Meeting. If you want to inspect the stockholder list, please call our Investor Relations department at (512) 551-6800 to schedule an appointment.

2015 Stockholder Proposals or Nominations. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, some stockholder proposals may be eligible for inclusion in our 2015 proxy statement. These stockholder proposals must be submitted, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), to our principal executive offices in care of our Corporate Secretary by one of the means discussed below in the section titled Communicating with Us. Failure to deliver a proposal in accordance with this procedure may result in it not being deemed timely received. We must receive all submissions no later than the close of business (5:00 p.m. Central Time) on April 28, 2015.

We strongly encourage any stockholder interested in submitting a proposal to contact our Corporate Secretary in advance of this deadline to discuss the proposal, and stockholders may want to consult knowledgeable counsel with regard to the detailed requirements of applicable securities laws. Submitting a stockholder proposal does not guarantee that we will include it in our proxy statement. Our nominating and governance committee reviews all stockholder proposals and makes recommendations to the Board for action on such proposals. For information on recommending individuals for consideration as nominees, see the section of this Proxy Statement titled Corporate Governance Director Nomination Procedures.

In addition, under our Bylaws, any stockholder intending to nominate a candidate for election to the Board or to propose any business at our 2015 annual meeting must give notice to our Corporate Secretary between June 12, 2015 and July 12, 2015, unless the notice also is made pursuant to Rule 14a-8. The notice must include information specified in our Bylaws, including information concerning the nominee or proposal, as the case may be, and information about the stockholder s ownership of and agreements related to our stock. If the 2015 annual meeting is held more than 30 days prior to or 60 days after the anniversary of the 2014 Annual Meeting, the stockholder must submit notice of any such nomination and of any such proposal that is not made

pursuant to Rule 14a-8 by the later of the 90th day prior to the 2015 annual meeting or the tenth day following the day on which public announcement of the meeting is first made. We will not entertain any proposals or nominations at the Annual Meeting that do not meet the requirements set forth in our Bylaws. If the stockholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, as amended, we may exercise discretionary voting authority under proxies that we solicit to vote in accordance with our best judgment on any such stockholder proposal or nomination. The Bylaws are filed as an exhibit to our Registration Statement filed with the SEC on August 26, 2011. To make a submission or to request a copy of our Bylaws, stockholders should contact our General Counsel. We strongly encourage stockholders to seek advice from knowledgeable counsel before submitting a proposal or a nomination.
