PROXY STATEMENT

FOR 2016 ANNUAL MEETING OF STOCKHOLDERS

To Be Held at 11:00 a.m. Pacific Time on Tuesday, June 14, 2016

This proxy statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies by our board of directors for use at our 2016 annual meeting of stockholders (the Annual Meeting), and any postponements, adjournments or continuations thereof. The Annual Meeting will be held on Tuesday, June 14, 2016 at 11:00 a.m. Pacific Time, at 1390 McCarthy Blvd., Milpitas, California 95035. The Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access this proxy statement and our annual report is first being mailed on or about April 25, 2016 to all stockholders entitled to receive notice of and to vote at the Annual Meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

The information provided in the question and answer format below addresses certain frequently asked questions but is not intended to be a summary of all matters contained in this proxy statement. Please read the entire proxy statement carefully before voting your shares.

What matters am I voting on?

You will be voting on:

the election of three Class III directors to hold office until the 2019 annual meeting of stockholders or until their successors are duly elected and qualified;

a proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016;

an advisory vote to approve named executive officer compensation;

an advisory vote on the frequency of future advisory votes to approve named executive officer compensation;

a stockholder proposal requesting majority voting in uncontested elections of directors; and

any other business that may properly come before the Annual Meeting or any adjournments or postponements thereof.

How does our board of directors recommend that I vote?

Our board of directors recommends that you vote:

FOR the three nominees for election as Class III directors;

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016;

FOR the approval, on an advisory basis, of named executive officer compensation;

For 1 YEAR as the frequency of future advisory votes to approve named executive officer compensation;
and

As explained below, our board of directors makes no recommendation with respect to voting on the stockholder proposal requesting majority voting in uncontested elections of directors.

Table of Contents

Will there be any other items of business on the agenda?

If any other items of business or other matters are properly brought before the Annual Meeting, your proxy gives discretionary authority to the persons named on the proxy card with respect to those items of business or other matters. The persons named on the proxy card intend to vote the proxy in accordance with their best judgment. Our board of directors does not intend to bring any other matters to be voted on at the Annual Meeting, and we are not currently aware of any matters that may be properly presented by others for consideration at the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on April 15, 2016, the record date for the Annual Meeting (the Record Date), are entitled to notice of and to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of our common stock held as of the Record Date. As of the Record Date, there were 166,284,039 shares of common stock outstanding and entitled to vote. Stockholders are not permitted to cumulate votes with respect to the election of directors.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record: Shares Registered in Your Name. If, at the close of business on the Record Date, your shares were registered directly in your name with American Stock Transfer & Trust Company, LLC, our transfer agent, then you are considered the stockholder of record with respect to those shares. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Beneficial Owners: Shares Registered in the Name of a Broker, Bank or Other Nominee. If, at the close of business on the Record Date, your shares were held, not in your name, but rather in a stock brokerage account or by a bank or other nominee on your behalf, then you are considered the beneficial owner of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares by following the voting instructions your broker, bank or other nominee provides. If you do not provide your broker, bank or other nominee with instructions on how to vote your shares, your broker, bank or other nominee may, in its discretion, vote your shares with respect to routine matters but may not vote your shares with respect to any non-routine matters. Please see *What if I do not specify how my shares are to be voted?* for additional information.

Do I have to do anything in advance if I plan to attend the Annual Meeting in person?

Stockholder of Record: Shares Registered in Your Name. If you were a stockholder of record at the close of business on the Record Date, you do not need to do anything in advance to attend and/or vote your shares in person at the Annual Meeting, but you will need to present government-issued photo identification for entrance to the Annual Meeting.

Beneficial Owners: Shares Registered in the Name of a Broker, Bank or Other Nominee. If you were a beneficial owner at the close of business on the Record Date, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from your broker, bank or other nominee who is the stockholder of record with respect to your shares. You may still attend the Annual Meeting even if you do not have a legal proxy. For entrance to the Annual Meeting, you will need to provide proof of beneficial ownership as of the Record Date, such as the notice or voting instructions you received from your broker, bank or other nominee or a brokerage statement reflecting your ownership of shares as of the Record Date, and present government-issued photo identification.

Please note that no cameras, recording equipment, large bags, briefcases or packages will be permitted in the Annual Meeting.

Table of Contents

How do I vote and what are the voting deadlines?

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record, you can vote in one of the following ways:

You may vote via the Internet or by telephone. To vote via the Internet or by telephone, follow the instructions provided in the Notice of Internet Availability of Proxy Materials. If you vote via the Internet or by telephone, you do not need to return a proxy card by mail. Internet and telephone voting are available 24 hours a day. Votes submitted through the Internet or by telephone must be received by 11:59 p.m. Eastern Time on June 13, 2016. Alternatively, you may request a printed proxy card by telephone at 888-776-9962, over the Internet at <http://www.amstock.com/proxyservices/requestmaterials.asp>, or by email at info@amstock.com, and then follow the instructions under the heading *You may vote by mail* immediately below.

You may vote by mail. If you have received printed proxy materials by mail and would like to vote by mail, you need to complete, date and sign the proxy card that accompanies this proxy statement and promptly mail it to the tabulation agent in the enclosed postage-paid envelope so that it is received no later than June 13, 2016. You do not need to put a stamp on the enclosed envelope if you mail it from within the United States. The persons named in the proxy card will vote the shares you own in accordance with your instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter to be voted on at the Annual Meeting, the persons named in the proxy card will vote the shares you own in accordance with the recommendations of our board of directors. Our board of directors recommends that you vote **FOR** the three nominees for election as Class III directors, **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016, **FOR** the approval, on an advisory basis, of named executive officer compensation, for **1 YEAR** as the frequency of future advisory votes to approve named executive officer compensation, and our board of directors makes no recommendation with respect to voting on the stockholder proposal requesting majority voting in uncontested elections of directors.

You may vote in person. If you plan to attend the Annual Meeting, you may vote by delivering your completed proxy card in person or by completing and submitting a ballot, which will be provided at the Annual Meeting.

Beneficial Owners: Shares Registered in the Name of a Broker, Bank or Other Nominee. If you are the beneficial owner of shares held of record by a broker, bank or other nominee, you will receive voting instructions from your broker, bank or other nominee. You must follow the voting instructions provided by your broker, bank or other nominee in order to instruct your broker, bank or other nominee how to vote your shares. The availability of Internet and telephone voting options will depend on the voting process of your broker, bank or other nominee. **As discussed above, if you are a beneficial owner, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from your broker, bank or other nominee.**

Can I change my vote or revoke my proxy?

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record, you may revoke your proxy or change your proxy instructions at any time before your proxy is voted at the Annual Meeting by:

entering a new vote by Internet or telephone;

signing and returning a new proxy card with a later date;

delivering a written revocation to our Secretary at FireEye, Inc., 1440 McCarthy Blvd., Milpitas, California 95035, by 11:59 p.m. Eastern Time on June 13, 2016; or

attending the Annual Meeting and voting in person.

Table of Contents

Beneficial Owners: Shares Registered in the Name of a Broker, Bank or Other Nominee. If you are the beneficial owner of your shares, you must contact the broker, bank or other nominee holding your shares and follow their instructions to change your vote or revoke your proxy.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxy holders by our board of directors. When a proxy is properly dated, executed and returned, the shares represented by the proxy will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors. If any matters not described in this proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date, unless you have properly revoked your proxy, as described above.

What if I do not specify how my shares are to be voted?

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record and you submit a proxy but you do not provide voting instructions, your shares will be voted:

FOR the three nominees for election as Class III directors (Proposal No. 1);

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016 (Proposal No. 2);

FOR the approval, on an advisory basis, of named executive officer compensation (Proposal No. 3);

For 1 YEAR as the frequency of future advisory votes to approve named executive officer compensation (Proposal No. 4);

ABSTAIN with respect to the stockholder proposal requesting majority voting in uncontested elections of directors (Proposal No. 5); and

In the discretion of the named proxy holders regarding any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners: Shares Registered in the Name of a Broker, Bank or Other Nominee. If you are a beneficial owner and you do not provide your broker, bank or other nominee that holds your shares with voting instructions, then your broker, bank or other nominee will determine if it has discretion to vote on each matter. Brokers do not have discretion to vote on non-routine matters. Proposal No. 1 (election of directors), Proposal No. 3 (advisory vote to approve named executive officer compensation), Proposal No. 4 (frequency of future advisory votes to approve named executive officer compensation) and Proposal No. 5 (stockholder proposal requesting majority voting in uncontested

elections of directors) are non-routine matters, while Proposal No. 2 (ratification of appointment of independent registered public accounting firm) is a routine matter. As a result, if you do not provide voting instructions to your broker, bank or other nominee, then your broker, bank or other nominee may not vote your shares with respect to Proposal No. 1, Proposal No. 3, Proposal No. 4 and Proposal No. 5, which would result in a broker non-vote, but your broker, bank or other nominee may, in its discretion, vote your shares with respect to Proposal No. 2. For additional information regarding broker non-votes, see *What are the effects of abstentions and broker non-votes?* below.

What is a quorum?

A quorum is the minimum number of shares required to be present at the Annual Meeting for the meeting to be properly held under our bylaws and Delaware law. A majority of the shares of common stock outstanding and entitled to vote, in person or by proxy, constitutes a quorum for the transaction of business at the Annual

Table of Contents

Meeting. As noted above, as of the Record Date, there were a total of 166,284,039 shares of common stock outstanding, which means that 83,142,020 shares of common stock must be represented in person or by proxy at the Annual Meeting to have a quorum. If there is no quorum, a majority of the shares present at the Annual Meeting may adjourn the meeting to a later date.

What are the effects of abstentions and broker non-votes?

An abstention represents a stockholder's affirmative choice to decline to vote on a proposal. If a stockholder indicates on its proxy card that it wishes to abstain from voting its shares, or if a broker, bank or other nominee holding its customers' shares of record causes abstentions to be recorded for shares, these shares will be considered present and entitled to vote at the Annual Meeting. As a result, abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against a proposal in cases where approval of the proposal requires the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting (e.g., Proposal No. 2, Proposal No. 3 and Proposal No. 5). However, because the outcome of Proposal No. 1 (election of directors) and Proposal No. 4 (frequency of future advisory votes to approve named executive officer compensation) will be determined by a plurality vote, abstentions will have no impact on the outcome of such proposal as long as a quorum exists.

A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker, bank or other nominee does not have discretionary voting power with respect to such proposal and has not received voting instructions from the beneficial owner of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting but will not be counted for purposes of determining the number of votes cast. Therefore, a broker non-vote will make a quorum more readily attainable but will not otherwise affect the outcome of the vote on any proposal.

How many votes are needed for approval of each proposal?

Proposal No. 1: The election of Class III directors requires a plurality vote of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. This means that the three nominees who receive the most FOR votes will be elected. You may (i) vote FOR all nominees, (ii) WITHHOLD your vote as to all nominees, or (iii) vote FOR all nominees except for those specific nominees from whom you WITHHOLD your vote. Any shares not voted FOR a particular nominee (whether as a result of voting withheld or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election. If you WITHHOLD your vote as to all nominees, you will be deemed to have abstained from voting on Proposal No. 1, and such abstention will have no effect on the outcome of the proposal.

Proposal No. 2: The ratification of the appointment of Deloitte & Touche LLP requires an affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. You may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal No. 2, the abstention will have the same effect as a vote AGAINST the proposal.

Proposal No. 3: The approval, on an advisory basis, of named executive officer compensation requires an affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual

Meeting and entitled to vote thereon to be approved. You may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal No. 3, the abstention will have the same effect as a vote AGAINST the proposal.

Proposal No. 4: The frequency of future advisory votes to approve named executive officer compensation selected by stockholders requires a plurality vote of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. This

Table of Contents

means that the frequency (1 year, 2 years or 3 years) that receives the highest number of votes will be considered as the frequency selected by our stockholders. You may vote 1 YEAR, 2 YEARS, 3 YEARS or ABSTAIN. If you ABSTAIN from voting on Proposal No. 4, the abstention will have no effect on the outcome of the proposal.

Proposal No. 5: The adoption of the stockholder proposal requesting majority voting in uncontested elections of directors requires an affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. You may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal No. 5, the abstention will have the same effect as a vote AGAINST the proposal.

How are proxies solicited for the Annual Meeting and who is paying for such solicitation?

Our board of directors is soliciting proxies for use at the Annual Meeting by means of the proxy materials. We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing, mailing and distribution of the proxy materials. Copies of solicitation materials will also be made available upon request to brokers, banks and other nominees to forward to the beneficial owners of the shares held of record by such brokers, banks or other nominees. The original solicitation of proxies may be supplemented by solicitation by telephone, electronic communication, or other means by our directors, officers, employees or agents. No additional compensation will be paid to these individuals for any such services, although we may reimburse such individuals for their reasonable out-of-pocket expenses in connection with such solicitation.

If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?

In accordance with the rules of the Securities and Exchange Commission, or the SEC, we have elected to furnish our proxy materials, including this proxy statement and our annual report, primarily via the Internet. Stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of our proxy materials on the Internet to help reduce the environmental impact of our annual meetings of stockholders.

What does it mean if I received more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on each Notice to ensure that all of your shares are voted.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within FireEye or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Will members of the board of directors attend the Annual Meeting?

We encourage, but do not require, our board members to attend the Annual Meeting. Those who do attend will be available to answer appropriate questions from stockholders.

Table of Contents

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted an SEC-approved procedure called householding, under which we can deliver a single copy of the proxy materials and annual report to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing and mailing costs.

Stockholders who participate in householding will continue to be able to access and receive separate proxy cards.

Upon written or oral request, we will promptly deliver a separate copy of the proxy materials and annual report to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy, or, if you are receiving multiple copies, to request that we only send a single copy of next year's proxy materials and annual report, you may contact us as follows:

FireEye, Inc.

Attention: Secretary

1440 McCarthy Blvd.

Milpitas, CA 95035

(408) 321-6300

Stockholders who hold shares in street name may contact their brokerage firm, bank, broker-dealer or other nominee to request information about householding.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us at that time, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amendment to the Form 8-K to publish the final results.

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

Stockholder Proposals

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2017 annual meeting of stockholders, our Secretary must receive the written proposal at our principal executive offices not later than December 26, 2016. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Stockholder proposals should be addressed to:

FireEye, Inc.

Edgar Filing: FireEye, Inc. - Form DEF 14A

Attention: Secretary

1440 McCarthy Blvd.

Milpitas, CA 95035

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (i) specified in our proxy materials with respect to such meeting, (ii) otherwise properly brought before the annual meeting by or at the direction of our board of directors, or (iii) properly brought before the annual meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our

-7-

Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2017 annual meeting of stockholders, our Secretary must receive the written notice at our principal executive offices:

not earlier than February 9, 2017; and

not later than March 11, 2017.

In the event that we hold our 2017 annual meeting of stockholders more than 30 days before or more than 60 days after the first anniversary of the date of the Annual Meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before such annual meeting and no later than the close of business on the later of the following two dates:

the 90th day prior to such annual meeting; or

the 10th day following the day on which public announcement of the date of such annual meeting is first made.

If a stockholder who has notified us of his, her or its intention to present a proposal at an annual meeting does not appear to present his, her or its proposal at such annual meeting, we are not required to present the proposal for a vote at such annual meeting.

Nomination of Director Candidates

You may propose director candidates for consideration by our nominating and corporate governance committee. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors and should be directed to our Secretary at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see *Board of Directors and Corporate Governance Stockholder Recommendations for Nominations to the Board of Directors*.

In addition, our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Secretary within the time period described above under *Stockholder Proposals* for stockholder proposals that are not intended to be included in a proxy statement.

Availability of Bylaws

A copy of our bylaws may be obtained by accessing our public filings on the SEC's website at www.sec.gov. You may also contact our Secretary at our principal executive office for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Director Independence

Our common stock is listed on The NASDAQ Global Select Market. Under the rules of The NASDAQ Stock Market, independent directors must comprise a majority of a listed company's board of directors. In addition, the rules of The NASDAQ Stock Market require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees be independent. Under the rules of The NASDAQ Stock Market, a director will only qualify as an independent director if, in the opinion of the listed

company's board of directors, the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Table of Contents

Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act and the listing requirements of The NASDAQ Stock Market. In addition, compensation committee members must satisfy the independence criteria set forth in Rule 10C-1 under the Exchange Act and the listing requirements of The NASDAQ Stock Market.

Our board of directors has undertaken a review of the independence of each director and considered whether such director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our board of directors has determined that Ms. Alexy and Messrs. Ahuja, Codd, Coughran, Pusey and Salem are independent directors as defined under the applicable rules and regulations of the SEC and the listing requirements and rules of The NASDAQ Stock Market.

Board Leadership Structure

Mr. DeWalt currently serves as both chairman of our board of directors and our Chief Executive Officer. Our board of directors believes that the current board leadership structure provides effective independent oversight of management while allowing our board of directors and management to benefit from Mr. DeWalt's leadership and years of experience as an executive in the IT security industry. Mr. DeWalt is best positioned to identify strategic priorities, lead critical discussion and execute our strategy and business plans. Mr. DeWalt possesses detailed in-depth knowledge of the issues, opportunities, and challenges facing us. Our board of directors believes that Mr. DeWalt's combined role enables strong leadership, creates clear accountability, facilitates information flow between management and our board of directors, and enhances our ability to communicate our message and strategy clearly and consistently to stockholders. Notwithstanding the current combination of the roles of Chief Executive Officer and chairman of the board, our board of directors may, in the future, deem it appropriate to separate the roles in light of our leadership needs.

Our board of directors believes that our leadership structure is further strengthened by the presence of a Lead Independent Director. Mr. Salem has served as Lead Independent Director since February 2016. Mr. Salem's principal responsibilities as the Lead Independent Director are to consult with the CEO/chairman of the board regarding the agenda for meetings of our board of directors, schedule and prepare agendas for meetings of independent directors, communicate with the CEO/chairman of the board, act as principal liaison between the independent directors and the CEO/chairman of the board on sensitive issues, and raise issues with management on behalf of the independent directors when appropriate.

In addition, each committee of our board of directors has a designated chairperson and, other than our government classified information and security committee, is comprised solely of independent directors.

Our board of directors believes that combining the positions of chairman of the board and CEO, selecting a Lead Independent Director to provide independent leadership and maintaining independent committees with individual chairs is the appropriate leadership structure to encourage the effective, efficient and engaged governance of the company by our board of directors and management.

Board Meetings and Committees

During 2015, our board of directors held 16 meetings (including regularly scheduled and special meetings), and each director attended at least 75% of the aggregate of (i) the total number of meetings of our board of directors held during the period for which he served as a director and (ii) the total number of meetings held by all committees of our board of directors on which he served during the periods that he served.

It is the policy of our board of directors to regularly have separate meeting times for independent directors without management.

Table of Contents

We have had a compensation committee since November 2012. Prior to establishing the compensation committee, our full board of directors made decisions relating to the compensation of our executive officers.

Considerations in Evaluating Director Nominees

Our nominating and corporate governance committee uses a variety of methods for identifying and evaluating director nominees. In its evaluation of director candidates, our nominating and corporate governance committee will consider the composition of our board of directors, including, without limitation, issues of character, integrity, judgment, diversity, age, independence, expertise, length of service, understanding of our business and other commitments. Members of our board of directors are expected to prepare for, attend, and participate in all board of director and applicable committee meetings. Our nominating and corporate governance committee requires the following minimum qualifications to be satisfied by any nominee for a position on the board of directors: (i) the highest personal and professional ethics and integrity, (ii) proven achievement and competence in the nominee's field and the ability to exercise sound business judgment, (iii) skills that are complementary to those of the existing board of directors, (iv) the ability to assist and support management and make significant contributions to our success, and (v) an understanding of the fiduciary responsibilities that are required of a member of the board of directors and the commitment of time and energy necessary to diligently carry out those responsibilities. Other than the foregoing, there are no other stated minimum criteria for director nominees, although our nominating and corporate governance committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders best interests.

Although our board of directors does not maintain a specific policy with respect to board diversity, our board of directors believes that our board of directors should be a diverse body, and our nominating and corporate governance

committee considers a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, our nominating and corporate governance committee may take into account the benefits of diverse viewpoints. Our nominating and corporate governance committee also considers these and other factors as it oversees the annual board of director and committee evaluations. After completing its review and evaluation of director candidates, our nominating and corporate governance committee recommends to our full board of directors the director nominees for selection.

Risk Management

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day management of risks the company faces, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are appropriate and functioning as designed.

Our board of directors believes that open communication between management and our board of directors is essential for effective risk management and oversight. Our board of directors meets with our Chief Executive Officer and other members of the senior management team at quarterly meetings of our board of directors, where, among other topics, they discuss strategy and risks facing the company, as well as at such other times as they deemed appropriate.

While our board of directors is ultimately responsible for risk oversight, our board committees assist our board of directors in fulfilling its oversight responsibilities in certain areas of risk. Our audit committee assists our board of directors in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures, legal and regulatory compliance, and discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. Our audit committee also reviews our major financial risk exposures and the steps management has taken to monitor and control these exposures. In addition, our audit committee monitors certain key risks on a regular basis throughout the fiscal year, such as risk associated with internal control over financial reporting and liquidity risk. Our nominating and corporate governance committee assists our board of directors in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance. Our compensation committee assesses risks created by the incentives inherent in our compensation policies. Finally, our full board of directors reviews strategic and operational risk, including but not limited to cybersecurity risk, in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions.

Outside Director Compensation Policy

In August 2014, our board of directors approved our Outside Director Compensation Policy. Members of our board of directors who are not employees are eligible for awards under our Outside Director Compensation Policy.

Under our Outside Director Compensation Policy, non-employee directors will receive compensation in the form of equity, as described below:

Upon joining our board of directors, each new non-employee director elected or appointed will automatically receive an equity award of restricted stock units with a total value of \$400,000. This award will vest at to 1/3 of the shares subject to the restricted stock units annually over a three-year period, subject to continued service through each vesting date.

Table of Contents***Annual Awards***

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our board of directors is currently composed of nine members. In accordance with our certificate of incorporation, our board of directors is divided into three classes with staggered three-year terms. At the Annual Meeting, three Class III directors will be elected for a three-year term to succeed the same class whose term is then expiring.

Each director's term continues until the election and qualification of such director's successor, or such director's earlier death, resignation, or removal. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

Nominees

Our nominating and corporate governance committee has recommended, and our board of directors has approved, Ronald E. F. Codd, Kevin R. Mandia and Enrique Salem as nominees for election as Class III directors at the Annual Meeting. If elected, each of Messrs. Codd, Mandia and Salem will serve as Class III directors until the 2019 annual meeting of stockholders or until their successors are duly elected and qualified. Each of the nominees is currently a director of our company. For information concerning the nominees, please see the section titled "Board of Directors and Corporate Governance."

If you are a stockholder of record and you sign your proxy card or vote over the Internet or by telephone but do not give instructions with respect to the voting of directors, your shares will be voted FOR the re-election of Messrs. Codd, Mandia and Salem. We expect that Messrs. Codd, Mandia and Salem will accept such nomination; however, in the event that a director nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by our board of directors to fill such vacancy. If you are a beneficial owner of shares of our common stock and you do not give voting instructions to your broker, bank or other nominee, then your broker, bank or other nominee will leave your shares unvoted on this matter.

Vote Required

The election of Class III directors requires a plurality vote of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. Broker non-votes will have no effect on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A

VOTE FOR THE THREE NOMINEES NAMED ABOVE.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has appointed Deloitte & Touche LLP, or Deloitte, as our independent registered public accounting firm to audit our consolidated financial statements for our fiscal year ending December 31, 2016. Deloitte also served as our independent registered public accounting firm for our fiscal year ended December 31, 2015.

At the Annual Meeting, stockholders are being asked to ratify the appointment of Deloitte as our independent registered public accounting firm for our fiscal year ending December 31, 2016. Stockholder ratification of the appointment of Deloitte is not required by our bylaws or other applicable legal requirements. However, our board of directors is submitting the appointment of Deloitte to our stockholders for ratification as a matter of good corporate governance. In the event that this appointment is not ratified by the affirmative vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote, such appointment will be reconsidered by our audit committee. Even if the appointment is ratified, our audit committee, in its sole discretion, may appoint another independent registered public accounting firm at any time during our fiscal year ending December 31, 2016 if our audit committee believes that such a change would be in the best interests of FireEye and its stockholders. A representative of Deloitte is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she wishes to do so, and is expected to be available to respond to appropriate questions from stockholders.

Fees Paid to the Independent Registered Public Accounting Firm

The following table presents fees for professional audit services and other services rendered to us by Deloitte for our fiscal years ended December 31, 2015 and 2014.

Tax Fees(3)		
All Other Fees		
	\$ 3,287,969	\$ 3,839,374

- (1) Audit Fees consist of fees billed for professional services rendered in connection with the audit of our annual financial statements, review of our quarterly financial statements, and services that are normally provided by Deloitte in connection with statutory and regulatory filings or engagements for those fiscal years. Fees for 2015 also included fees billed for professional services rendered in connection with our offering memorandum related to our convertible notes offering completed in June 2015. Fees for 2014 also included fees billed for professional services rendered in connection with our Form S-1 registration statement related to our secondary public offering of common stock completed in March 2014 and our Form S-8 registration statements filed during 2014.

(2)

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee has established a policy governing our use of the services of our independent registered public accounting firm. Under the policy, our audit committee is required to pre-approve all audit and permissible non-audit services performed by our independent registered public accounting firm in order to ensure that the provision of such services does not impair such accounting firm's independence. All fees paid to Deloitte for our fiscal years ended December 31, 2014 and 2015 were pre-approved by our audit committee.

Vote Required

The ratification of the appointment of Deloitte requires the affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a vote AGAINST the proposal.

PROPOSAL NO. 3

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In accordance with Section 14A of the Exchange Act and the SEC rules, we are providing our stockholders with the opportunity to vote to approve, on an advisory (and non-binding) basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the Executive Compensation section of this proxy statement beginning on page 31 below. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on FireEye, the compensation committee or our board of directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the compensation committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our board of directors and the compensation committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the compensation committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information we've provided in the Executive Compensation section of this proxy statement, and in particular the information discussed in Executive Compensation Compensation Discussion and Analysis Compensation Philosophy and Objectives beginning on page 34 below, demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests to support long-term value creation. Accordingly, we ask our stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that FireEye's stockholders approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in FireEye's proxy statement for the 2016 Annual Meeting pursuant to the compensation disclosure rules of the SEC, including the compensation discussion and analysis, compensation tables and narrative discussion, and other related disclosure.

Vote Required

The approval, on an advisory basis, of named executive officer compensation requires an affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. Accordingly, abstentions will have the effect of a vote AGAINST the proposal. Broker non-votes will have no effect on this proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL, ON AN
ADVISORY BASIS, OF THE COMPENSATION PAID TO OUR NAMED EXECUTIVE
OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF FUTURE

ADVISORY VOTES TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Stockholders have the opportunity to advise our board of directors, in an advisory (and non-binding) vote, whether we should conduct an advisory (and non-binding) vote to approve named executive officer compensation (that is, votes similar to the non-binding vote in Proposal No. 3 above) every one, two or three years.

While our compensation strategies are related to both short-term and longer-term business outcomes, we realize that compensation decisions are made annually. We also believe that an annual advisory vote to approve named executive officer compensation will give us more frequent feedback on our compensation disclosures and named executive officer compensation program. Our board of directors has determined that holding an advisory vote to approve named executive officer compensation every year is the most appropriate policy for us at this time, and recommends that stockholders vote for future advisory votes to approve named executive officer compensation to occur each year.

The frequency that receives the highest number of votes cast will be deemed to be the frequency selected by the stockholders. Because this vote is advisory, it will not be binding on FireEye or our board of directors. However, the compensation committee will consider the outcome of the stockholder vote, along with other relevant factors, in recommending a voting frequency to our board of directors.

Vote Required

The frequency of future advisory votes to approve named executive officer compensation selected by stockholders requires a plurality vote of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon to be approved. This means that the frequency (1 year, 2 years or 3 years) that receives the highest number of votes will be considered as the frequency selected by our stockholders. Broker non-votes will have no effect on this proposal.

THE BOARD RECOMMENDS A VOTE FOR A FREQUENCY OF ONCE EVERY 1 YEAR

FOR FUTURE ADVISORY VOTES TO APPROVE NAMED EXECUTIVE OFFICER

COMPENSATION.

PROPOSAL NO. 5

STOCKHOLDER PROPOSAL REQUESTING MAJORITY VOTING IN UNCONTESTED ELECTIONS OF DIRECTORS

The California State Teachers Retirement System (CalSTRS) has represented it is the beneficial owner of more than \$2,000 in market value of shares of our common stock and intends to continue to hold the requisite number of shares of our common stock through the date of the Annual Meeting. We will provide the CalSTRS address and the number of shares of common stock owned by CalSTRS upon receiving an oral or written request by a stockholder for this information. CalSTRS has requested that we include the following resolution in this proxy statement for consideration by our stockholders:

BE IT RESOLVED: That the shareholders of FireEye, Inc. hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation and/or bylaws to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

CalSTRS has provided the following supporting statement:

Supporting Statement

In order to provide shareholders a meaningful role in director elections, the Company's current director election standard should be changed from a plurality vote standard to a majority vote standard. The majority vote standard is the most appropriate voting standard for director elections where only board nominated candidates are on the ballot, and it will establish a challenging vote standard for board nominees to improve the performance of individual directors and entire boards. Under the Company's current voting system, a nominee for the board can be elected with as little as a single affirmative vote, because withheld votes have no legal effect. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be re-elected and continue to serve as a representative for the shareholders.

In response to strong shareholder support a substantial number of the nation's leading companies have adopted a majority vote standard in company bylaws or articles of incorporation. In fact, more than 94% of the companies in the S&P 500 have adopted majority voting for uncontested elections. We believe the Company needs to join the growing list of companies that have already adopted this standard.

CalSTRS is a long-term shareholder of the Company and we believe that accountability is of utmost importance. We believe the plurality vote standard currently in place at the Company completely disenfranchises shareholders and makes the shareholder's role in director elections meaningless. Majority voting in director elections will empower shareholders with the ability to remove poorly performing directors and increase the directors' accountability to the owners of the Company, its shareholders. In addition, those directors who receive the majority support from shareholders will know they have the backing of the very shareholders they represent. We therefore ask you to join us in requesting that the Board of directors promptly adopt the majority vote standard for director elections.

Please vote FOR this proposal.

Company's Response

Our board of directors has determined not to make a voting recommendation on this proposal for the following reasons:

Our board of directors has considered the proposal set forth above relating to majority voting for uncontested director elections, and has determined to make no voting recommendation to stockholders. Our board of directors recognizes that there are valid arguments in favor of, and in opposition to, majority voting. Our

Table of Contents

board of directors wants to use this proposal as an opportunity for stockholders to express their views on this subject without being influenced by any recommendation the board might make.

Approval of this proposal will not, by itself, implement majority voting. The proposal, which is advisory in nature, would constitute a recommendation to our board of directors if approved by stockholders. Further, in order to implement majority voting in uncontested elections of directors, our bylaws would need to be amended. If the proposal is approved, our board of directors intends to consider whether and in what manner to implement majority voting in director elections.

Vote Required

The approval of this stockholder proposal requires the affirmative vote of a majority of the shares of our common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a vote AGAINST the proposal.

If a stockholder returns a validly executed proxy solicited by our board of directors, the shares represented by the proxy will be voted on this proposal in the manner specified by the stockholder. If a stockholder does not specify the manner in which shares represented by a validly executed proxy are to be voted on this proposal, such shares will be treated as abstentions.

**THE BOARD OF DIRECTORS IS NEITHER SUPPORTING NOR OPPOSING THIS PROPOSAL
AND MAKES NO VOTING RECOMMENDATION.**

Overview

This Compensation Discussion and Analysis describes the material elements of our executive compensation program during the fiscal year ended December 31, 2015. It also provides an overview of our executive compensation philosophy, as well as our principal compensation policies and practices. Finally, it analyzes how and why the Compensation Committee of our Board of Directors (the Compensation Committee) arrived at the specific compensation decisions for our executive officers, including the Named Executive Officers, in 2015, and discusses the key factors that the Compensation Committee considered in determining the compensation of our Named Executive

2015 Business Highlights

In 2015, we achieved several significant business results, including:

Billings¹: Billings of \$797.4 million, an increase of 35% from 2014.

Revenue: Total revenue of \$623.0 million, an increase of 46% from 2014.

Deferred Revenue: Total deferred revenue of \$527.0 million, an increase of 49% from the end of 2014.

Operating Cash Flow: Positive cash flow from operations of \$37.0 million, an improvement of \$168.3 million from 2014.

Customers: Increased our total number of end-customers by approximately 1,200 from approximately 3,100 at the end of 2014 to over 4,400 at the end of 2015, including more than 680 of the Forbes Global 2000.

Although billings, revenue, deferred revenue and operating cash flow are not measures that were used to determine awards under our Employee Incentive Plan, we believe that these financial results provide additional context that may help stockholders in their review of our executive compensation disclosure.

2015-Related Executive Compensation Actions

In line with our performance and compensation objectives, the Compensation Committee approved (or, in some cases, recommended that our Board of Directors approve or ratify, with the non-independent directors not voting), the following actions related to the 2015 compensation for the Named Executive Officers:

Increased the annual base salaries of certain of the Named Executive Officers to reflect competitive market conditions in amounts ranging from 8% to 25%, with our CEO's annual base salary for 2015 remaining unchanged from his 2014 level;

Increased the target annual cash incentive compensation opportunities of certain of the Named Executive Officers to reflect competitive market conditions in amounts ranging from approximately 8% to 38%, with our CEO's target annual cash incentive compensation opportunity for 2015 remaining unchanged from his 2014 level;

Based upon the levels of achievement of the corporate performance objectives and individual performance objectives established for the 2015 annual cash incentive compensation opportunities of the Named Executive Officers, approved cash payouts in 2016 ranging from \$129,750 to \$380,275, with a cash payout for our CEO in the amount of \$324,625 (representing 93 % of his 2015 target annual cash incentive

compensation opportunity);

Continued the practice of providing long-term incentive compensation in the form of restricted stock unit (RSU) awards and performance-based restricted stock unit (PSU) awards for shares of our common stock;

Granted a combination of RSU and PSU awards to each of the Named Executive Officers, subject to a time-based vesting requirement in the case of RSU awards and subject to both a performance condition and a time-based vesting requirement in the case of PSU awards, with the aggregate grant date fair value of the equity awards granted to each of the Named Executive Officers ranging from \$1,460,800 to \$15,703,600, with an aggregate grant date fair value of our CEO s awards in the amount of \$15,703,600; and

- ¹ Billings is a non-GAAP financial measure. The reconciliation between billings and revenue is set forth in the Management s Discussion and Analysis of Financial Condition and Results of Operations section on page 45 of our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 26, 2016.

Table of Contents

Based upon the level of achievement of the performance condition under the PSU awards tied to 2015 performance, determined that 96% of the target number of shares of our common stock subject to the PSU awards for 2015 performance had been earned, subject to the continued service of the Named Executive Officers through the vesting date in February 2016 (in the case of Messrs. Berry and Verdecanna), December 2016 (in the case of Messrs. DeWalt and Mandia), February 2017 (in the case of Mr. Aziz), and 50% in February 2017 and 50% in February 2018 (in the case of Ms. King).

2015 Compensation Reflecting Pay for Performance

A significant portion of the compensation provided to our Named Executive Officers is at-risk and subject to our achieving our operating results as follows:

For each Named Executive Officer, a significant portion of the equity awards granted in 2015 were at-risk and subject to performance-based vesting: 50% in the case of Messrs. DeWalt, Mandia and Berry and 75% in the case of Messrs. Aziz and Sheridan and Ms. King. With respect to Mr. Verdecanna, 50% of his annual refresh equity award was subject to performance-based vesting and 100% of his retention equity award was performance-based. If the performance hurdle was not achieved at a threshold level, then none of the shares of our common stock subject to the performance-based equity awards would vest.

Our short-term incentive compensation program requires achievement of corporate and/or individual objectives in order for there to be payment thereunder.

Executive Compensation-Related Policies and Practices

We endeavor to maintain sound executive compensation policies and practices, including compensation-related corporate governance standards that are consistent with our executive compensation philosophy. During 2015, we maintained the following executive compensation policies and practices, including both policies and practices we have implemented to drive performance and policies and practices that either prohibit or minimize behavior that we do not believe serve our stockholders' long-term interests:

What We Do

Maintain a Compensation Committee comprised solely of independent directors who have established effective means for communicating with our stockholders regarding their executive compensation comments and concerns.

Enable the Compensation Committee to engage and retain its own advisors. During 2015, the Compensation Committee engaged Compensia, Inc., a national compensation consulting firm, to assist with its responsibilities.

Support the Compensation Committee in its annual review of our executive compensation strategy, including its review of the compensation peer group used for comparative purposes, and, to help avoid creating compensation-related risks that would be reasonably likely to have a material adverse effect on us,

its annual review of our compensation-related risk profile.

Design the equity awards granted to our executive officers to vest or be earned over one year or longer periods, which is consistent with current market practice, and better serves our long-term value creation goals and retention objectives.

Prohibit our executive officers and members of our Board of Directors from speculating in our equity securities or engaging in any other hedging transactions with respect to our equity securities. In addition, we prohibit our executive officers and members of our Board of Directors from pledging their equity securities or using such securities as collateral for a loan.

Support the Board of Directors in its review of the risks associated with our key executive positions on an annual basis so that we have an adequate succession strategy and plans are in place for our most critical positions.

Table of Contents

Maintain formal stock ownership guidelines for our executive officers and the non-employee members of our Board of Directors to support these individuals acting as owners of the Company.

Maintain a compensation recovery policy which provides that, in the event we are required to prepare an accounting restatement as a result of fraud or intentional misconduct, we may recover from those current and former executive officers who are subject to the reporting requirements of Section 16 of the Exchange Act and were involved in the fraud or misconduct any incentive compensation erroneously paid or awarded in excess of what would have been paid pursuant to the restated financial statements.

What We Do Not Do

Offer pension arrangements, defined benefit retirement plans, or nonqualified deferred compensation plans to our executive officers.

Reprice options to purchase shares of our common stock without stockholder approval.

Provide perquisites and other personal benefits to our executive officers unless they serve a sound business purpose.

Compensation Philosophy and Objectives

Compensation Philosophy

As a cybersecurity provider, we operate in a rapidly evolving industry sector. To succeed in this environment, we must attract and retain a highly talented executive team, including executive officers with strong leadership skills who can run our business functions, achieve results that meet our clients' objectives, and sell our products and services. We compete with other companies in our industry and other technology companies in the San Francisco Bay Area to attract and retain a skilled management team. We have designed our executive compensation program to accomplish our goals in the highly competitive area for top talent, while at the same time fostering a pay for performance environment that aligns the long-term interests of our executive officers with the interests of our stockholders.

Compensation Program Objectives

To be successful in our industry requires that we continually build on our expertise in the cybersecurity space, expand the breadth and quality of our solutions, continuously enhance our technology platforms, and manage our expanding operations efficiently and effectively. Our executive compensation program is designed to achieve these objectives so that we are able to:

attract and retain talented and experienced executive officers, who possess the knowledge, skills, and leadership criteria critical to our success;

motivate these executive officers to achieve our business objectives and uphold our core values;

promote teamwork within the executive team, while also recognizing the unique role each executive officer plays in our success; and

ensure the alignment of the long-term interests of our executive officers with the interests of our stockholders.

As we continue to grow as a new publicly-traded company, we will evaluate our compensation philosophy and program objectives as circumstances require. At a minimum, we expect the Compensation Committee to review executive compensation annually. Further, as part of this review process, we expect the Compensation Committee to apply our values and the objectives described above, while considering the compensation levels needed to ensure that our executive compensation program remains competitive.

Compensation-Setting Process

Role of Compensation Committee

The Compensation Committee oversees our executive compensation and other compensation and benefit programs, administers our equity compensation plans, and reviews, formulates, and determines the design and amount of compensation for our executive officers, including the Named Executive Officers, except that any approvals by the Compensation Committee relating to the compensation of our CEO are subject to the ratification of our Board of Directors (with the non-independent directors abstaining from the vote).

At the beginning of each year, the Compensation Committee reviews our executive compensation program, including any incentive compensation plans and arrangements to determine whether they are appropriate, properly coordinated, and achieve their intended purposes and makes any modifications to existing plans and arrangements or adopts new plans or arrangements. The Compensation Committee also conducts an annual review of our executive compensation strategy to ensure that it is appropriately aligned with our business strategy and the achievement of our desired objectives. Further, the Compensation Committee reviews market trends and changes in competitive compensation practices, as further described below. Based on its review and assessment, the Compensation Committee, from time to time, makes changes in our executive compensation program, or recommends changes to our Board of Directors.

The factors considered by the Compensation Committee in determining the compensation of our executive officers and developing its recommendations to our Board of Directors for 2015 included:

the recommendations of our CEO (except with respect to his own compensation) as described below;

our corporate growth and other elements of financial performance;

the individual achievement of each executive officer against his or her management objectives;

a review of the relevant competitive market data (as described below);

the expected future contribution of the individual executive officer; and

internal pay equity based on the impact on our business and performance.

The Compensation Committee does not weigh these factors in any predetermined manner, nor does it apply any formulas in developing its compensation determinations and recommendations. Rather, in making its determinations and recommendations, the members of the Compensation Committee consider all of this information in light of their individual experience, knowledge of the Company, knowledge of the competitive market, knowledge of each executive officer, and business judgment.

The Compensation Committee's authority, duties, and responsibilities are described in its charter, which is reviewed annually and revised and updated as warranted. The charter is available on our website at www.FireEye.com in the

Corporate Governance section of our Investor Relations webpage.

Role of Management

Our CEO works closely with the Compensation Committee in determining the compensation of our other executive officers, including the other Named Executive Officers. Typically, our CEO works with the Compensation Committee to recommend the structure of the annual cash incentive compensation opportunities, to identify and develop corporate and individual performance objectives for such cash incentive compensation opportunities, and to evaluate actual performance against the selected measures. Our CEO also makes recommendations to the Compensation Committee as described in the following paragraph and is involved in the determination of compensation for the respective executive officers who report to him.

At the beginning of each year, our CEO reviews the performance of our other executive officers for the previous year, and then shares these evaluations with, and makes recommendations to, the Compensation Committee for each element of compensation. These recommendations concern the base salary, annual cash incentive compensation, and long-term incentive compensation for each of our executive officers (other than

Table of Contents

himself) based on our results, the individual executive officer's contribution to these results, and his or her performance toward achieving his or her individual performance objectives. The Compensation Committee then reviews these recommendations and considers the other factors described above and makes decisions as to the target total direct compensation of each executive officer (other than our CEO), as well as each individual compensation element.

While the Compensation Committee considers our CEO's recommendations, it only uses these recommendations as one of several factors in making its decisions with respect to the compensation of our executive officers. In all cases, the final decisions on compensation matters are made by the Compensation Committee or our Board of Directors (with the non-independent directors not voting). Moreover, no executive officer participates in the determination of the amounts or elements of his or her own compensation.

At the request of the Compensation Committee, our CEO typically attends a portion of each Compensation Committee meeting in which executive compensation is discussed, including meetings at which the Compensation Committee's compensation consultant is present.

Role of Compensation Consultant

Pursuant to its charter, the Compensation Committee has the authority to retain the services of one or more executive compensation advisors, as it determined in its sole discretion, including compensation consultants, legal counsel, accounting, and other advisors, to assist in the creation of our compensation plans and arrangements and related policies and practices. The Compensation Committee makes all determinations regarding the engagement, fees, and services of these external advisors, and any such external advisor reports directly to the Compensation Committee.

During 2015, the Compensation Committee engaged Compensia, Inc., a national compensation consulting firm, to provide information, analysis, and other assistance relating to our executive compensation program on an ongoing basis. The nature and scope of the services provided to the Compensation Committee by Compensia in 2015 were as follows:

conducted a review and updating of the compensation peer group;

conducted an analysis of the levels of overall compensation and each element of compensation for our executive officers;

provided advice with respect to compensation best practices and market trends for our executive officers and members of our Board of Directors;

assessed our compensation risk profile and reported on this assessment;

conducted an analysis of the levels of overall compensation and each element of compensation for the members of our Board of Directors; and

provided *ad hoc* advice and support throughout the year.

The Compensation Committee may replace its compensation consultant or hire additional advisors at any time. Representatives of Compensia attend meetings of the Compensation Committee, as requested, and communicate with the Compensation Committee Chair and with management as circumstances warrant. All decisions regarding the compensation of our executive officers, however, are made by the Compensation Committee (provided that any approvals relating to the compensation of our CEO are subject to the ratification of our Board of Directors, with the non-independent directors not voting) or our Board of Directors (with the non-independent directors not voting).

Compensia reports directly to the Compensation Committee. The Compensation Committee has assessed the independence of Compensia taking into account, among other things, the enhanced independence standards and factors set forth in Exchange Act Rule 10C-1 and the applicable NASDAQ Listing Standards, and concluded that that there are no conflicts of interest with respect to the work that Compensia performs for the Compensation Committee.

Use of Competitive Market Data

As part of its deliberations, the Compensation Committee considers competitive market data on executive compensation levels and practices and a related analysis of such data, but does not use this data for benchmarking the compensation of the Named Executive Officers. This market data is drawn from a select group of peer companies developed by the Compensation Committee, as well as compensation survey data.

In light of our growth in 2014 and at the direction of the Compensation Committee, Compensia developed a revised compensation peer group in December 2014 to ensure that our executive compensation decisions for 2015 were positioned to be competitive with comparable peer companies. This updated peer group was based on an evaluation of companies that the Compensation Committee believed were comparable to us, taking into consideration the size of each company (based on revenues and market capitalization) and the following additional factors:

the comparability of the company's business model;

the company's business services focus;

the comparability of the company's operating history;

the comparability of the company's organizational complexities and growth attributes;

the stage of the company's maturity curve (which increases its likelihood of attracting the type of executive talent for whom we compete); and

the comparability of the company's operational performance (for consistency with our strategy and future performance expectations).

Based on these criteria, the Compensation Committee approved an updated compensation peer group consisting of 18 publicly-traded business services and related technology companies. The selected companies had revenues ranging from approximately \$230 million to approximately \$724 million, with a median of \$409 million, and market capitalizations ranging from approximately \$1.7 billion to approximately \$9.7 billion, with a median of \$4.2 billion. The companies comprising the compensation peer group were as follows:

Aspen Technology
 Concur Technologies
 Cornerstone OnDemand
 CoStar Group
 Fortinet
 GrubHub

Guidewire Software
 NetSuite
 Palo Alto Networks
 ServiceNow
 Shutterstock
 SolarWinds

Splunk
 Synchronoss Technologies
 Tableau Software
 The Ultimate Software Grp.
 Yelp
 Zillow

Of the 18 companies in our 2015 compensation peer group, seven were carried over from 2014 (Cornerstone OnDemand, Palo Alto Networks, ServiceNow, Shutterstock, Splunk, Tableau Software and Yelp). The significant turnover of our compensation peer group was a result of the changes in the selection criteria described above, the changes in financial results of the component companies over the previous year and our growth in revenue that was greater than the revenue growth for many companies in our 2014 compensation peer group.

The Compensation Committee believes that information regarding the compensation practices at other companies is useful in at least two respects. First, the Compensation Committee recognizes that our compensation policies and practices must be competitive in the marketplace. Second, this information is useful in assessing the reasonableness and appropriateness of individual executive compensation elements and of our overall executive compensation packages. This information is only one of several factors that the Compensation Committee considers, however, in making its decisions with respect to the compensation of our executive officers.

Table of Contents**Compensation Elements**

Our executive compensation program consists primarily of three elements: base salary, short-term incentive compensation in the form of cash awards, and long-term incentive compensation in the form of equity awards. Our executive officers also participate in several Company-wide welfare and health benefit plans, which are consistent with the arrangements offered to our other employees. Finally, our executive officers are eligible to receive certain post-employment compensation arrangements.

We use these compensation elements to make up our executive compensation program because (i) they are consistent with other programs in our competitive market and allow us to effectively compete for highly-qualified talent, (ii) each element supports achievement of one or more of our compensation objectives, and (iii) collectively, they have been and, we believe, will continue to be, effective means for motivating our executive officers. We view the three primary compensation elements as related, but distinct, components of our total compensation program. We do not believe that total compensation should be derived from a single element, or that significant compensation from one element should negate or reduce compensation from other elements.

Each of these compensation elements is discussed in detail below, including a description of the particular element and how it fits into our overall executive compensation and a discussion of the amounts of compensation paid to the Named Executive Officers in 2015 under each of these elements.

Base Salary

We believe that a competitive base salary is necessary to attract and retain a stable executive team. Base salaries for our executive officers are also intended to be competitive with those received by other individuals in similar positions at the companies with which we compete for talent, as well as equitable across the executive team.

Generally, we establish the initial base salaries of our executive officers through arm's-length negotiation at the time we hire the individual executive officer, taking into account his or her position, qualifications, experience, prior salary level, and the base salaries of our other executive officers.

Thereafter, the Compensation Committee reviews the base salaries of our executive officers, including the Named Executive Officers, annually and makes adjustments to base salaries as it determines to be necessary or appropriate.

In February 2015, the Compensation Committee reviewed the base salaries of our executive officers (other than Messrs. Berry and Verdecanna, who were not executive officers at such time), taking into consideration a competitive market analysis performed by Compensia and the recommendations of our CEO (except with respect to his own base salary), as well as the other factors described above. Following this review, the Compensation Committee determined that adjustments were necessary in some cases to maintain the competitiveness of our executive officers' target total cash compensation and in those cases decided to increase the base salaries compared to their 2014 levels. Mr. Mandia was promoted to President in February 2015 and the increase in his base salary was partially attributed to his promotion. Mr. Verdecanna's base salary for 2015 was increased in January 2015 and further increased in November 2015, with the size of the second increase partially attributed to his promotion to Senior Vice President of Finance, in each case with the approval of our CEO. The base salaries of the Named Executive Officers for 2015 compared to 2014 levels were as follows:

Named Executive Officer	2014 Base Salary	2015 Base Salary	Amount Increase	Percentage Increase
--------------------------------	-------------------------	-------------------------	------------------------	----------------------------

Annual Cash Incentive Compensation Overview

We use annual cash incentive compensation paid under our Employee Incentive Plan (the Incentive Plan) to motivate our executive officers, including eligible Named Executive Officers, and designated employees to achieve our short-term financial and operational objectives while making progress towards our longer-term growth and other goals. Consistent with our executive compensation philosophy, this annual cash incentive compensation is intended to help us deliver a competitive total direct compensation opportunity to our executive officers.

Under the Incentive Plan, the Compensation Committee establishes annual performance measures and related target levels applicable to any cash incentive compensation opportunity under the Incentive Plan each year. Performance objectives that involve our financial results may be determined in accordance with GAAP or may consist of non-GAAP financial measures, and any actual results may be adjusted by the Compensation Committee for one-time items or unbudgeted or unexpected items when determining whether the performance objectives have been met. Individual performance objectives may be established on the basis of any factors the Compensation Committee determines relevant, and may be adjusted on an individual, divisional, business unit, or Company-wide basis. The performance objectives may differ from participant to participant and from cash incentive compensation opportunity to cash incentive compensation opportunity.

The Compensation Committee may, in its sole discretion and at any time, increase, reduce, or eliminate a participant's actual cash payment, and/or increase, reduce, or eliminate the amount of cash allocated for a particular performance period. The actual cash payment may be below, at, or above a participant's target cash incentive compensation opportunity, in the Compensation Committee's sole discretion. The Compensation Committee may determine the amount of any reduction on the basis of such factors as it deems relevant, and it is not required to establish any allocation or weighting with respect to the factors it considers.

Actual cash incentive compensation is paid only after it is earned, which usually requires continued employment through the date of payment.

The Compensation Committee has the authority to amend, alter, suspend, or terminate annual performance measures and related target levels, provided that such action does not impair the existing rights of any participant with respect to any earned cash incentive compensation.

In the case of executive officer participants, the Compensation Committee reviews the performance of each executive officer, including each of the eligible Named Executive Officers, relative to his or her target cash incentive compensation opportunity objectives at its regularly scheduled February meeting. Based on this review, the Compensation Committee determines and approves the cash payment for each of our eligible executive officers.

In February 2015, the Compensation Committee reviewed the annual target variable compensation levels of our executive officers (other than Messrs. Berry and Verdecanna, who were not executive officers at such time), taking into consideration a competitive market analysis performed by Compensia and the recommendations of

Table of Contents

our CEO (except with respect to his own annual target cash incentive compensation opportunity). Following this review, the Compensation Committee determined that adjustments were necessary in some cases to maintain the competitiveness of our executive officers' cash incentive compensation and in those cases decided to increase the annual target cash incentive compensation opportunities compared to 2014 levels. Mr. Mandia was promoted to President in February 2015 and the increase in his annual target cash incentive compensation opportunity was partially attributed to his promotion. Mr. Verdecanna's target cash incentive compensation opportunity for 2015 was increased in January 2015 and further increased in November 2015, with the size of the second increase partially attributed to his promotion to Senior Vice President of Finance, in each case with the approval of our CEO. The 2015 annual target cash incentive compensation opportunities of the Named Executive Officers compared to 2014 levels were as follows:

Named Executive Officer	2014 Target Cash	2015 Target Cash	Amount Increase	Percentage Increase
	Incentive Compensation Opportunity	Incentive Compensation Opportunity		
Mr. DeWalt	\$ 350,000	\$ 350,000		
Mr. Aziz	\$ 150,000	\$ 150,000		
Mr. Berry	N/A	\$ 410,000	N/A	N/A
Ms. King	\$ 125,000	\$ 135,000	\$ 10,000	8%
Mr. Mandia	\$ 260,000	\$ 325,000	\$ 65,000	25%
Mr. Sheridan	\$ 198,800	\$ 217,500	\$ 18,700	9%
Mr. Verdecanna(1)	\$ 66,000	\$ 91,000	\$ 25,000	38%

(1) Mr. Verdecanna's target cash incentive compensation opportunity was increased by \$5,280 on January 1, 2015 and by an additional \$19,720 on November 15, 2015. The table reflects Mr. Verdecanna's aggregate increase and ending target cash incentive compensation opportunity for 2015.

Short-Term Incentive Compensation Executives other than our Former Interim Chief Financial Officer

Target Cash Incentive Compensation Opportunities

In February 2015, under the terms of the Incentive Plan, the Compensation Committee established annual performance measures and related target levels for potential 2015 cash incentive compensation for our executive officers (the 2015 Incentive Compensation Plan) (other than Messrs. Berry and Verdecanna). Mr. Berry became eligible to participate in the 2015 Incentive Compensation Plan when his employment commenced in September 2015. Mr. Verdecanna was not eligible to participate in the 2015 Incentive Compensation Plan because he was not an executive officer for most of the year. The 2015 Incentive Compensation Plan provided the eligible executive officers with an opportunity to receive cash incentive compensation in February 2016, subject to the achievement of performance objectives in 2015. Taking into account the increases described above, the target cash incentive compensation opportunities for the eligible Named Executive Officers under the 2015 Incentive Compensation Plan, expressed as a percentage of their annual base salaries, were as follows:

Named Executive Officer	2015 Annual Base Salary	2015 Target Cash Incentive	2015 Target Cash Incentive Compensation Opportunity
-------------------------	-------------------------	----------------------------	---

**Compensation Opportunity
(as a percentage of base salary)**

Mr. DeWalt	\$	350,000	100%	\$	350,000
Mr. Aziz	\$	300,000	50%	\$	150,000
Mr. Berry	\$	410,000	100%	\$	410,000
Ms. King	\$	270,000	50%	\$	135,000
Mr. Mandia	\$	325,000	100%	\$	325,000
Mr. Sheridan	\$	290,000	75%	\$	217,500

Table of Contents**Weighting of Target Cash Incentive Compensation Opportunities**

Under the 2015 Incentive Compensation Plan, the target cash incentive compensation opportunities of the eligible Named Executive Officers were weighted 75% on corporate performance objectives and 25% on individual performance objectives.

The Compensation Committee determined these allocations to be appropriate to focus our executive officers on our short-term financial objectives as reflected in our annual operating plan while, at the same time, recognizing their contributions to the achievement of these objectives and the successful execution of their individual roles and responsibilities.

Corporate Performance Objectives

For 2015, the Compensation Committee selected bookings, non-GAAP earnings before interest, taxes, depreciation, and amortization (non-GAAP EBITDA), and new customers as the corporate performance measures for the 2015 Incentive Compensation Plan. The Compensation Committee believed these performance measures were appropriate for our business because they provided a balance between generating revenue, managing our expenses, and growing our business, which it believes most directly influences long-term stockholder value. At the same time, for each of these measures, the Compensation Committee established target performance levels that it believed would be challenging, but attainable, through the successful execution of our annual operating plan.

For the 2015 Incentive Compensation Plan, each of these corporate performance measures was equally weighted. The minimum level of achievement for each corporate performance measure was 80%, with the actual cash payment with respect to each measure to be determined independently, in accordance with the following schedule:

Annual Company Achievement Percentage	Annual Company Performance Payment Factor
120% or greater	150%
At least 101%, but less than 120%	2.5:1 Addition from 101% to 120% achievement
At least 90% through 100%	Linear 90% through 100% achievement
At least 80%, but less than 90%	2:1 Reduction below 90% achievement
Less than 80%	0%

Under the 2015 Incentive Compensation Plan, the Compensation Committee reserved the right to adjust the target levels for each corporate performance measure in the event of a merger, acquisition, or such other unforeseeable future event occurs.

The Compensation Committee established the following target levels for the corporate performance measures based on non-GAAP EBITDA and new customers under the 2015 Incentive Compensation Plan:

Financial Measure	Fiscal 2015 Target Level	Percentage of 2015 Target Cash Incentive Compensation Opportunity Based on Two Financial Measures
--------------------------	---------------------------------	--

Edgar Filing: FireEye, Inc. - Form DEF 14A

Non-GAAP EBITDA	(\$	213.8 million)	25%
New Customers		1,600	25%

The target level for the corporate performance measure based on bookings under the 2015 Incentive Compensation Plan is not disclosed because it is considered an internal measure, the disclosure of which could result in competitive harm to us.

Individual Performance Objectives

In addition to the corporate performance objectives, the annual cash incentive compensation for our eligible executive officers was also based on each executive officer's achievement against his or her individual performance objectives. Individual performance objectives for each of these executive officers (other than Mr. Berry) were established at the beginning of the year in discussions with our CEO. The individual performance objectives for Mr. Berry were established in discussions with our CEO upon the commencement of Mr. Berry's employment. The individual performance objectives could be quantitative or qualitative goals, depending on the organizational priorities for a given year, and typically focused on key departmental or operational objectives or functions. Most of these objectives were intended to provide a set of common goals that facilitated collaborative management and engagement, although our executive officers could also be assigned individual goals. These objectives set expectations for what our CEO and the Compensation Committee anticipated will be the means by which the individual component of cash incentive compensation is determined. In all cases, the individual performance objectives were intended to be challenging, but attainable, and designed to produce annual cash incentive payments that reflect meaningful performance requirements.

The 2015 individual performance objectives for the Named Executive Officers eligible to participate in the 2015 Incentive Compensation Plan were as follows:

Mr. DeWalt: The individual performance objectives for Mr. DeWalt that were established at the beginning of 2015 were qualitative and closely linked to his role as our CEO. Mr. DeWalt's specific goals included customer visits, participating in media and press engagements, providing product strategy and vision overall, and other goals related to achieving our externally-communicated financial targets.

Mr. Aziz: The individual performance objectives for Mr. Aziz that were established at the beginning of 2015 were qualitative and closely linked to his role as our Chief Strategy Officer. Mr. Aziz's specific goals included providing leadership of our engineering and research and development teams, providing product strategy and vision, customer visits and participating in media and press engagements.

Mr. Berry: The individual performance objectives for Mr. Berry that were established upon the commencement of his employment were qualitative and closely linked to his role as our Chief Financial Officer. Mr. Berry's specific goals included ramping up in his new position within an accelerated onboarding timeframe to understand the FireEye business in advance of the quarterly earnings call and investor discussions in our fourth quarter, increased business partnering with our senior management, identifying additional areas of optimization opportunities, and driving the completion of our 2016 planning cycle.

Ms. King: The individual performance objectives for Ms. King that were established at the beginning of 2015 were qualitative and closely linked to her role as our General Counsel. Ms. King's specific goals included supporting our mergers and acquisition activity, developing and building our patent portfolio and trademarks, managing the legal function with respect to corporate and securities matters, and overseeing our litigation.

Mr. Mandia: The individual performance objectives for Mr. Mandia that were established at the beginning of 2015 were qualitative and closely linked to his role as our President. Mr. Mandia's specific goals included translating global business priorities into operational tactics for FireEye's products and services, working with investors and analysts, customer engagement activities, and participating in conference keynotes and media interviews as a FireEye trusted security advisor.

Mr. Sheridan: The individual performance objectives for Mr. Sheridan that were established at the beginning of 2015 were qualitative and closely linked to his role as our Chief Financial Officer. Mr. Sheridan's specific goals included business planning activities, conducting quarterly earnings calls, providing quarterly and annual financial guidance, and working with investors and analysts.

The evaluation of each eligible executive officer (other than our CEO) under the 2015 Incentive Compensation Plan was based on an assessment by our CEO against their respective individual performance

Table of Contents

objectives for the year. Because our CEO is closest to the performance of the other executive officers, our CEO determined if the individual performance objectives were met, how they were met and whether there were other objectives that were more relevant indicators of performance for that individual. Our CEO then made his recommendations about achievement for the individual performance objectives to the Compensation Committee, which the Compensation Committee then takes into consideration. The Compensation Committee had complete discretion to accept our CEO's recommendation, or to increase, reduce, or eliminate this aspect of an executive officer's cash incentive compensation based on any factors it deemed relevant.

In February 2016, (i) the level of achievement and payment associated with the individual performance objectives established for each executive officer (other than our CEO) were determined by our CEO and then submitted to the Compensation Committee for review and approval and (ii) the level of achievement and payment associated with the individual performance objectives established for our CEO were determined by our Board of Directors (with the non-independent directors not voting) upon the recommendation of the Compensation Committee. Payments for the individual performance component of the 2015 Incentive Compensation Plan could be up to 200% of the portion of each executive officer's target cash incentive compensation opportunity allocated to individual performance.

2015 Performance Results and Award Decisions

In February 2016, the Compensation Committee determined that (i) our actual achievement, and corresponding payment level, of the corporate performance measure based on 2015 bookings under the 2015 Incentive Compensation Plan was achieved at 96%, resulting in a payout level of 96%, and (ii) our actual achievement, and corresponding payment levels, with respect to the other corporate performance objectives under the 2015 Incentive Compensation Plan were as follows:

Corporate Performance Measure	2015 Target Level	2015 Actual Result	Percentage Achievement against Target	Payout Level
Non-GAAP EBITDA	(\$ 213.8 million)	(\$ 172.1 million)	120%	150%
New Customers	1,600	1,198	75%	0%

At that time, the Compensation Committee (with respect to the eligible Named Executive Officers other than the CEO) and our Board of Directors (with respect to the CEO, with our non-independent directors not present at the meeting and therefore not voting) also determined that the individual performance objectives of each executive officer, including each of the Named Executive Officers (other than Mr. Verdecanna, who was not eligible under the 2015 Incentive Compensation Plan), whose cash incentive compensation opportunity was dependent on such individual performance objectives, had been attained at the following percentage levels:

Named Executive Officer	Individual Performance Objectives Attainment Level
Mr. DeWalt	125%
Mr. Aziz	100%
Mr. Berry	125%
Ms. King	150%
Mr. Mandia	125%
Mr. Sheridan	N/A(1)

- (1) Mr. Sheridan's individual performance objective was not considered because his employment with us terminated in August 2015.

Table of Contents

In February 2016, based on its review of our overall performance in 2015 against the corporate performance objectives and, to the extent applicable, the achievement of individual performance objectives of the Named Executive Officers (other than Mr. Verdecanna) as described above, the Compensation Committee determined to award, and, in the case of our CEO, our Board of Directors approved (with the non-independent directors not voting), cash payments under the 2015 Incentive Compensation Plan as follows for the eligible Named Executive Officers:

Named Executive Officer	2015 Target Cash	Amount Related to	Amount Related to	Actual Cash Incentive Payment	Percentage of Target Cash Incentive
	Incentive Compensation Opportunity	Corporate Financial Objectives	Individual Performance Objectives		Compensation Opportunity
Mr. DeWalt	\$ 350,000	\$ 262,500	\$ 87,500	\$ 324,625	93%
Mr. Aziz	\$ 150,000	\$ 112,500	\$ 37,500	\$ 129,750	87%
Mr. Berry	\$ 410,000	\$ 307,500	\$ 102,500	\$ 380,275	93%
Ms. King	\$ 135,000	\$ 101,250	\$ 33,750	\$ 133,650	99%
Mr. Mandia	\$ 325,000	\$ 243,750	\$ 81,250	\$ 301,438	93%
Mr. Sheridan	\$ 217,500	\$ 163,125	\$ 54,375		(1)

(1) Mr. Sheridan did not receive a cash incentive payment for 2015 because his employment with us terminated in August 2015.

The cash amounts paid to the eligible Named Executive Officers under the 2015 Incentive Compensation Plan are also set forth in the Summary Compensation Table for Fiscal Year 2015 below under the heading Non-Equity Incentive Plan Compensation.

Short-Term Incentive Compensation Our Former Interim Chief Financial Officer

Target Cash Incentive Compensation Opportunity

Mr. Verdecanna served as an executive officer on an interim basis from August 4, 2015 to September 20, 2015. As a non-executive officer for most of 2015, Mr. Verdecanna was not eligible to participate in the 2015 Incentive Compensation Plan. Instead, Mr. Verdecanna was eligible to receive quarterly cash bonuses. The quarterly cash bonuses were based 50% on the level of achievement of one corporate performance objective for the quarter and the other 50% based on the achievement of multiple individual performance objectives for the quarter set by Mr. Verdecanna's manager in consultation with Mr. Verdecanna. Each quarterly corporate performance objective was a bookings target of the Company for the quarter, and the payout for overachievement of the corporate performance objective could be up to 150% of the quarterly target payout amount for such objective. The quarterly individual performance objectives substantially related to Mr. Verdecanna's primary responsibilities as our Vice President of Finance (with respect to the first three quarters of 2015) or our Senior Vice President of Finance (with respect to the fourth quarter of 2015), and the payout for overachievement of the individual performance objectives could be up to 200% of the quarterly target payout amount for such objectives. Because Mr. Verdecanna was not an executive officer at the time of determining whether he would be entitled to any quarterly cash bonus in 2015, our CEO had complete discretion to determine if Mr. Verdecanna's quarterly corporate and individual performance objectives were met, at what level they were met, whether there were other objectives that were more relevant indicators of performance for

Mr. Verdecanna, and what level of quarterly payout was appropriate for him.

Table of Contents

Taking into account that Mr. Verdecanna's annual base salary and target cash incentive compensation opportunity for 2015 were increased in November 2015, the blended 2015 annual target cash incentive compensation opportunities for Mr. Verdecanna, expressed as a percentage of his blended annual base salary for 2015, was as follows:

Named Executive Officer	Blended 2015 Annual Base Salary	Blended 2015 Target Cash Incentive Compensation Opportunity (as a percentage of base salary)	Blended 2015 Annual Target Cash Incentive Compensation Opportunity
Mr. Verdecanna	\$ 240,493	31%	\$ 73,799

2015 Performance Results and Award Decisions

In 2015 (with respect to performance for the first, second and third fiscal quarters of 2015) and in February 2016 (with respect to performance for the fourth fiscal quarter of 2015), based on his review of the achievement of the applicable corporate and individual performance objectives, our CEO (at times when Mr. Verdecanna was not serving as an executive officer) approved total cash bonus payments to Mr. Verdecanna as follows:

Named Executive Officer	2015 Aggregate Target Cash Incentive Compensation Opportunities	Achievement of 2015 Aggregate Target Cash Incentive Compensation Opportunities	Actual Aggregate Cash Incentive Payments
Mr. Verdecanna	\$ 73,799	102%	\$ 75,150

The aggregate cash bonus amount paid to Mr. Verdecanna for 2015 performance is also set forth in the Summary Compensation Table for Fiscal Year 2015 below under the heading Non-Equity Incentive Plan Compensation.

Long-Term Incentive Compensation

We believe that if our executive officers own shares of our common stock in amounts that are significant to them, they will have an incentive to act to maximize long-term stockholder value. As discussed in the section Other Compensation Policies below, we use stock ownership guidelines to complement our long-term incentive compensation arrangements, so our executive officers maintain a strong link to the interests of stockholders and to the movements in our stock price. We also believe that long-term incentive compensation in the form of equity awards is an integral component of our efforts to attract and retain exceptional executive officers. In the past two years, we have relied on restricted stock unit (RSU) awards that may be settled for shares of our common stock and performance-based restricted stock unit (PSU) awards for shares of our common stock as the principal vehicles for delivering long-term incentive compensation opportunities to our executive officers. We believe this approach enables us to attract and retain key talent in our industry and aligns our executive team's interests with the long-term interests of our stockholders.

Generally, in determining the size of the equity awards granted to our executive officers, the Compensation Committee takes into consideration the recommendations of our CEO (except with respect to his own equity awards),

as well as the factors described above. The Compensation Committee also considers the dilutive effect of our long-term incentive compensation practices, and the overall impact that these equity awards, as well as awards to other employees, will have on stockholder value.

Equity Awards for Messrs. Aziz, Mandia and Sheridan and Ms. King

In February 2015, the Compensation Committee granted equity awards for Messrs. Aziz, Mandia and Sheridan and Ms. King, in recognition of our financial results and each executive officer's individual performance for 2014. In determining the amount of each executive officer's equity award, the Compensation

Table of Contents

Committee and our Board of Directors also took into consideration the recommendations of our CEO, as well as the factors described above. The Compensation Committee also considered the existing equity holdings of each executive officer, including the current economic value of their unvested equity awards and the ability of these unvested holdings to satisfy our retention objectives.

These equity awards consisted of both RSU and PSU awards. The RSU awards are subject to a time-based vesting requirement. Pursuant to this vesting requirement, (i) 100% of the shares of our common stock subject to the awards for Messrs. Aziz and Mandia will vest approximately two years (in the case of Mr. Aziz) and 22.5 months (in the case of Mr. Mandia) from the date of grant, and (ii) 50% of the shares of our common stock subject to the awards for Ms. King and Mr. Sheridan will vest approximately two years from the date of grant and the remaining 50% will vest approximately three years from the date of grant, with the vesting in each case being subject to their continued service with us through the applicable vesting date.

The PSU awards are subject to both a performance condition and a time-based vesting requirement. Pursuant to the performance condition, the number of shares of our common stock earned under the award is based on pre-established threshold, target, and maximum performance levels for our bookings for 2015. The PSU awards provided that, for the performance period commencing on January 1, 2015 and ending on December 31, 2015:

if we achieved less than 80% of the target performance level, no shares would be earned,

if we achieved at least 80% but less than 100% of the target performance level, a portion of the target number of shares granted would be earned,

if we achieved 100% of the target performance level, the target number of shares granted would be earned,
and

if we exceeded the target performance level, up to 150% of the target number of shares granted would be earned.

With respect to the time-based vesting requirement, the PSU awards also provided that:

in the case of Mr. Aziz, all of his earned shares will vest in February 2017,

in the case of Ms. King and Mr. Sheridan, 50% of their earned shares will vest in February 2017 and the remaining 50% will vest in February 2018, and

in the case of Mr. Mandia, all of his earned shares will vest in December 31 2016,
with the vesting in each case being subject to his or her continued service with us through the applicable vesting date.

The equity awards granted in 2015 to Messrs. Aziz, Mandia and Sheridan and Ms. King were as follows:

Named Executive Officer	RSU Awards		PSU Awards
	Number of Shares	Target Number of Shares	Maximum Number of Shares (assuming overachievement)
Mr. Aziz	25,000	75,000	112,500
Ms. King	10,000	30,000	45,000
Mr. Mandia	125,000	125,000	187,500
Mr. Sheridan	12,500	37,500	56,250

Table of Contents

In February 2016, the Compensation Committee determined that the performance condition under the PSU awards was achieved at the 96% level, equating to a payout of 96% of the target number of shares of our common stock under the PSU awards. The following table sets forth the number of shares earned under the PSU awards granted in 2015 to Messrs. Aziz, Mandia and Sheridan and Ms. King:

Named Executive Officer	Target Number of Shares under PSU		Actual Number of Shares Earned under PSU Award
	Award	Payout Level	
Mr. Aziz	75,000	96%	72,000
Ms. King	30,000	96%	28,800
Mr. Mandia	125,000	96%	120,000
Mr. Sheridan	37,500	96%	(1)

(1) Mr. Sheridan did not earn any shares of our common stock under his PSU award because his employment with us terminated in August 2015.

Equity Awards for CEO

In February 2015, the Compensation Committee recommended that our Board of Directors grant our CEO an RSU award for 215,000 shares of our common stock and a PSU award for a target of 215,000 shares of our common stock. The Compensation Committee based its recommendation in part on our CEO's continued effectiveness in overseeing our executive officers efforts to achieve our short-term and long-term business objectives and to set an appropriate tone for our general workforce. In addition to considering his achievements in the previous year and continued effectiveness, in view of our CEO's importance to us, the Compensation Committee also based its recommendation on the retentive value of the awards to provide an opportunity to earn additional shares of our common stock over a critical period of our growth as a new publicly-traded company. Finally, the Compensation Committee determined that, given his responsibilities, our CEO's equity award should be larger than the awards of the other executive officers to reflect his greater role and responsibilities.

Following its consideration of the Compensation Committee's recommendation, our Board of Directors (with our non-independent directors not present at the meeting and therefore not voting) granted the following equity awards to our CEO:

Named Executive Officer	RSU Award	Target Number of Shares	PSU Award
	Number of Shares		Maximum Number of Shares (assuming overachievement)
Mr. DeWalt	215,000	215,000	322,500

Our CEO's RSU award is subject to a time-based vesting requirement. Pursuant to this vesting requirement, 100% of the shares of our common stock subject to this award will vest approximately 22.5 months from the date of grant, subject to his continued service with us through the vesting date.

In addition, our CEO's PSU award is subject to both a performance condition and a time-based vesting requirement. Pursuant to the performance condition, the number of shares of our common stock earned under the award is based on pre-established threshold, target, and maximum performance levels for our bookings for 2015. The PSU award

provided that, for the performance period commencing on January 1, 2015 and ending on December 31, 2015:

if we achieved less than 80% of the target performance level, no shares would be earned,

if we achieved at least 80% but less than 100% of the target performance level, a portion of the target number of shares granted would be earned,

if we achieved 100% of the target performance level, the target number of shares granted would be earned,
and

if we exceeded the target performance level, up to 150% of the target number of shares granted would be earned.

Table of Contents

With respect to the time-based vesting requirement, the PSU award also provided that all of his earned shares will vest in December 2016, subject to our CEO's continued service with us through the vesting date.

In February 2016, the Compensation Committee determined that the performance condition under his PSU award was achieved at the 96% level, equating to a payout of 96% of the target number of shares of our common stock under the PSU award. The following table sets forth the number of shares earned by our CEO under his PSU award:

Named Executive Officer	Target Number of Shares under PSU Award	Payout Level	Actual Number of Shares Earned under PSU Award
Mr. DeWalt	215,000	96%	206,400

Equity Awards for Mr. Berry

In November 2015, in connection with his appointment as our Senior Vice President and Chief Financial Officer, the Compensation Committee granted the following equity awards to Mr. Berry:

an RSU award for 115,000 shares of our common stock that vests in four equal annual installments with the first installment vesting on February 15, 2016, subject to his continued service with us through each vesting date; and

a PSU award for a target number of 115,000 shares of our common stock that is to be earned over four consecutive one-year performance periods with the first installment vesting on February 15, 2016. The PSU award is subject to both a performance condition and a time-based vesting requirement, for each of the 2015, 2016, 2017 and 2018 performance years. Pursuant to the performance condition for a performance year, the number of shares of our common stock earned under the PSU award for the performance year is based on pre-established threshold, target, and maximum performance levels for our bookings for the performance year. The PSU award provided that, for each performance year:

if we achieve less than 80% of the target performance level, no shares will be earned for that year,

if we achieve at least 80% but less than 100% of the target performance level, a portion of the number of shares allocated to that year will be earned for that year,

if we achieve 100% of the target performance level, the number of shares allocated to that year will be earned for that year, and

if we exceed the target performance level, up to 150% of the number of shares allocated to that year will be earned for that year.

With respect to the time-based vesting requirement, the PSU award also provided that the shares of our common stock earned for a performance year will vest in the February following the applicable performance year, subject to

Mr. Berry's continued service with us through the vesting date.

In February 2016, the Compensation Committee determined that the performance condition for the 2015 performance year under the PSU award was achieved at the 96% level, equating to a payout of 96% of the target number of shares for the 2015 performance year under the PSU award. Pursuant to the performance condition for the 2015 performance year, the number of shares of our common stock earned under the PSU award for the 2015 performance year is based on pre-established threshold, target, and maximum performance levels for our bookings for the performance year. The PSU award provided that (i) if we achieve less than 80% of the target for a performance year, no shares will be earned for that year, (ii) if we achieve at least 80% but less than 100% of the target for the 2015 performance year, a portion of the number of shares allocated to that year will be earned for that year, (iii) if we achieve 100% of the target for the 2015 performance year, the number of shares allocated to that year will be earned for that year, and (iv) if we exceed the target for the 2015 performance year, up to 150% of the number of shares allocated to that year will be earned for that year. Welfare and Health Benefits

We maintain a tax-qualified retirement plan (the FireEye 401(k) plan) under Section 401(k) of the Internal Revenue Code (the Code) for our executive officers and other employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. The FireEye 401(k) plan provides eligible employees with an opportunity to save for retirement on a tax-advantaged basis. This plan is intended to qualify under Sections 401(a) and 501(a) of the Code so that contributions by employees to the plans, and income earned on plan contributions, are not taxable to employees until distributed from the applicable plan. In addition, all contributions are deductible by us when made.

In 2014, we maintained a tax-qualified Section 401(k) plan for employees of our Mandiant subsidiary that was assumed in connection with our acquisition of Mandiant (the Mandiant 401(k) plan). The Mandiant 401(k) Plan was merged into the FireEye 401(k) as of January 1, 2015.

All participants' interests in their deferrals are 100% vested when contributed under the FireEye 401(k) plan. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participants' directions. In 2015, we made no matching contributions into the FireEye 401(k) plan.

As part of our acquisition of iSIGHT Partners in January 2016, the iSIGHT 401(k) plan was frozen, with no new contributions or participation from the date of the acquisition. We intend to merge the iSIGHT 401(k) plan into the FireEye 401(k) plan in 2016.

In addition, we provide other benefits to our executive officers on the same basis as all of our full-time employees. These benefits include health, dental and vision benefits, health and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance coverage. We also provide flexible time off and other paid holidays to all employees, including our executive officers. We do not offer our employees a non-qualified deferred compensation plan or pension plan.

Table of Contents

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices, the competitive market and our employees' needs.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our executive officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, for recruitment and retention purposes, or consistent with benefits provided to our other full-time employees. During 2015, none of the Named Executive Officers received perquisites or other personal benefits that were, in the aggregate, \$10,000 or more for each Named Executive Officer.

In the future, we may provide perquisites or other personal benefits to our executive officers in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, for recruitment, motivation or retention purposes, or consistent with benefits provided to our other full-time employees. We do not expect that these perquisites or other personal benefits will be a significant aspect of our executive compensation program. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Employment Arrangements

We have entered into written employment offer letters with each of the Named Executive Officers. Each of these arrangements was approved on our behalf by our Board of Directors or the Compensation Committee, as applicable. We believe that these arrangements were appropriate to induce these individuals to forego other employment opportunities or leave their current employer for the uncertainty of a demanding position in a new and unfamiliar organization.

In filling these executive positions, our Board of Directors or the Compensation Committee, as applicable, was aware that it would be necessary to recruit candidates with the requisite experience and skills to manage a growing business in a dynamic and ever-changing industry. Accordingly, it recognized that it would need to develop competitive compensation packages to attract qualified candidates in a highly-competitive labor market. At the same time, our Board of Directors or the Compensation Committee, as applicable, was sensitive to the need to integrate new executive officers into the executive compensation structure that it was seeking to develop, balancing both competitive and internal equity considerations.

Each of these employment offer letters provides for at will employment and sets forth the initial compensation arrangements for the Named Executive Officer, including an initial base salary, an annual target cash incentive compensation opportunity, and, in some instances, a recommendation for an equity award.

For a summary of the material terms and conditions of the employment offer letters with each of the Named Executive Officers, see [Employment Agreements for Executive Officers](#) and [Other Employment Agreements](#) below.

Post-Employment Compensation

Prior to July 2013, the employment offer letters that we entered into with the Named Executive Officers provided for certain payments and benefits in the event of their termination of employment under specified circumstances,

including following a change in control of the Company. We believed that these arrangements were significant factors in the recruitment of these executive officers and would help these individuals maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there was a potential transaction that could involve a change in control of the Company.

Table of Contents

In July 2013, the Compensation Committee adopted a Change of Control Severance Policy for Officers (the Severance Policy), a standardized approach for the payment of severance and change in control benefits to our executive officers. Under the Severance Policy, the rights of our executive officers upon an involuntary termination of employment, including an involuntary termination of employment following a change in control of the Company, were established on a uniform basis. In addition, the post-employment compensation and benefits of our executive officers were established separately from their other compensation elements. The Severance Policy is applicable to all new executive officers hired since July 2013. In addition, our executive officers were given the opportunity to waive the existing severance and change in control protections in their employment offer letters in favor of the Severance Policy. Each of the Named Executive Officers who were employed with us at July 2013, other than Mr. Aziz, agreed to relinquish the severance payments and benefits otherwise provided in his or her employment offer letter in exchange for eligibility to receive payments and benefits under the Severance Policy.

We believe the Severance Policy serves several objectives. First, it eliminates the need to negotiate separation payments and benefits on a case-by-case basis. It also helps assure an executive officer that his or her severance payments and benefits are comparable to those of other executive officers with similar levels of responsibility and tenure. Further, it acts as an incentive for our executive officers to remain employed and focused on their responsibilities during the threat or negotiation of a change-in-control transaction, which we believe will help preserve our value and the potential benefit to be received by our stockholders in any such transaction. Finally, the Severance Policy is easier for us to administer, as it requires less time and expense.

The Severance Policy contemplates that the payments and benefits in the event of a change in control of the Company are payable only upon a double trigger; that is, only following a change in control and a qualifying termination of employment, including a termination of employment without cause or a resignation for good reason, and in each case requires that the executive officer execute a general release of claims in favor of the Company. In addition, the Severance Policy provides payments and benefits to our executive officers for qualified terminations of employment unrelated to a change in control of the Company.

For a summary of the material terms and conditions of the Severance Policy, as well as the post-employment compensation arrangements with Mr. Aziz, see [Change of Control Severance Policy for Officers](#) and [Potential Payments upon a Change of Control, upon Termination or upon Termination Following a Change of Control](#) below.

Other Compensation Policies

Stock Ownership Guidelines

We believe that stock ownership by our executive officers and non-employee members of our Board of Directors is important to link the risks and rewards inherent in stock ownership of these individuals and our stockholders. Our Board of Directors has adopted formal stock ownership guidelines that require our executive officers and non-employee members of our Board of Directors to own a minimum number of shares of our common stock. These mandatory ownership levels are intended to create a clear standard that ties a portion of these individuals' economic interests to the performance of our stock price. Compliance is evaluated on an annual basis, as determined by the Compensation Committee, and not on an ongoing basis. Shares of our common stock underlying RSU awards that are not then subject to achievement of performance conditions and the shares of our common stock subject to vested stock options (on a net exercise basis) count toward meeting the requirements. The current required ownership levels are as follows:

Individual Subject to Ownership Guidelines

Chief Executive Officer

Other Executive Officers

Non-employee members of Board of Directors

Minimum Required Level of Stock Ownership

6x base salary

1x base salary

3x annual retainer

Table of Contents

During any year in which an individual's required ownership level is not met, he or she is required to retain at least 50% of the net shares following the exercise of stock options, the vesting of RSU awards or the vesting of PSU awards until the required ownership level has been met. The guidelines provide that in the event the annual retainer (or any portion thereof) is paid to a non-employee member of our Board of Directors in equity instead of cash, the annual retainer (or applicable portion thereof) means the grant date fair value of the annual equity award (or applicable portion thereof) for regular service on our Board of Directors.

In April 2016, the Compensation Committee evaluated executive officer and director compliance with the guidelines for 2016 and determined that our CEO and each of our other executive officers and two non-employee members of our Board of Directors had satisfied his or her required stock ownership level. Ms. Alexy and Messrs. Ahuja, Coughran and Pusey, who are non-employee members of our Board of Directors, are within a grace period, defined as five years from the date of first becoming subject to the guidelines, and, thus, are still in the process of satisfying their required stock ownership level.

Compensation Recovery Policy

Our Board of Directors has adopted a compensation recovery policy allowing it to require the repayment or forfeiture of all or part of any performance-based cash incentive compensation, performance-based equity award or other performance-based award paid or granted to our executive officers where the payment, grant or vesting of such compensation or award was based on the achievement of financial results that were subsequently the subject of a financial restatement and where the restatement was the result of fraud or intentional misconduct. This policy only applies to current and former executive officers subject to the reporting requirements of Section 16 of the Exchange Act who were involved in the fraud or misconduct. In addition to the foregoing, our CEO and our Chief Financial Officer are subject to the compensation recovery provisions of Section 304 of the Sarbanes-Oxley Act.

Equity Award Grant Policy

We maintain an Equity Award Grant Policy that provides the following guidelines to be observed by the Compensation Committee and our Board of Directors when granting equity awards under the Company's equity compensation plans:

Any equity awards granted by the Compensation Committee to our CEO are subject to the ratification of our Board of Directors (with any non-independent directors abstaining).

Generally, equity awards for new hires will be granted on a monthly basis. An equity award granted to a new hire may not have a grant date prior to such individual's first date of bona fide employment or service.

The Compensation Committee, our Board of Directors, and/or the Equity Award Committee (a committee, consisting of our Chief Financial Officer and our General Counsel, to which the Compensation Committee has delegated non-exclusive authority to grant equity awards to employees where the award falls within prescribed guidelines approved by the Compensation Committee) has the authority to grant occasional retention, promotion, or merit equity awards during the year in a manner that is consistent with the terms of this policy.

Equity awards should not be timed in relation to the release of material non-public information, and it is the intent of the policy to specify the timing of effectiveness of equity award grants to avoid such timing. Under our current equity compensation plan, the exercise price of any option to purchase shares of our common stock may not be less than the fair market value of our common stock on the date of grant.

Table of Contents

Derivatives Trading, Hedging, and Pledging Policies

Our insider trading policy prohibits our executive officers and members of our Board of Directors from, among other things, derivative securities transactions, including any hedging, with respect to shares of our common stock and from pledging Company securities as collateral or holding Company securities in a margin account.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Code generally disallows a deduction for federal income tax purposes to any publicly-traded corporation for any remuneration in excess of \$1 million paid in any taxable year to its chief executive officer and each of the three other most highly-compensated executive officers (other than its chief financial officer). Generally, remuneration in excess of \$1 million may be deducted if, among other things, it qualifies as performance-based compensation within the meaning of the Code or satisfies the conditions of another exemption. In this regard, the compensation income realized upon the exercise of options to purchase shares of the granting company's securities granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are outside directors and certain other conditions are satisfied.

Prior to our becoming a public company, our Board of Directors had not previously taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation for the covered executive officers. As a publicly-traded company, the Compensation Committee is mindful of the benefits of full deductibility of compensation, and intends to operate our executive compensation program to be most efficient and effective for our stockholders, which may include compliance with Section 162(m) of the Code.

The Compensation Committee seeks to qualify the incentive compensation paid to the covered executive officers for the performance-based compensation exemption from the deduction limit under Section 162(m) when it believes such action is in our best interests. In approving the amount and form of compensation for our executive officers, the Compensation Committee considers all elements of the cost to us of providing such compensation, including the potential impact of the Section 162(m) deduction limit. However, the Compensation Committee reserves the discretion, in its judgment, to approve compensation payments that do not comply with an exemption from the deduction limit when it believes that such payments are appropriate to attract and retain executive talent.

Taxation of Nonqualified Deferred Compensation

Section 409A of the Code requires that amounts that qualify as nonqualified deferred compensation satisfy requirements with respect to the timing of deferral elections, timing of payments, and certain other matters. Generally, the Compensation Committee intends to administer our executive compensation program and design individual compensation components, as well as the compensation plans and arrangements for our employees generally, so that they are either exempt from, or satisfy the requirements of, Section 409A. From time to time, we may be required to amend some of our compensation plans and arrangements to ensure that they are either exempt from, or compliant with, Section 409A.

Taxation of Parachute Payments

Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of the Company that exceeds certain prescribed limits, and that the Company

(or a successor) may forfeit a deduction on the amounts subject to this additional

Table of Contents

tax. We are not obligated to provide any Named Executive Officer with a gross-up or other reimbursement payment for any tax liability that he or she may owe as a result of the application of Sections 280G or 4999 in the event of a change in control of the Company.

Accounting for Stock-Based Compensation

The Compensation Committee takes accounting considerations into account in designing compensation plans and arrangements for our executive officers and other employees. Chief among these is Financial Accounting Standards Board Accounting Standards Codification Topic 718 (ASC Topic 718), the standard which governs the accounting treatment of stock-based compensation awards.

ASC Topic 718 requires us to recognize in our financial statements all share-based payment awards to employees, including grants of options to purchase shares of our common stock and restricted stock awards that may be settled for shares of our common stock to our executive officers, based on their fair values. The application of ASC Topic 718 involves significant amounts of judgment in the determination of inputs into the Black-Scholes-Merton valuation model that we use to determine the fair value of stock options. These inputs are based upon assumptions as to the volatility of the underlying stock, risk free interest rates, and the expected life (term) of the options. As required under GAAP, we review our valuation assumptions at each grant date, and, as a result, our valuation assumptions used to value stock options granted in future periods may vary from the valuation assumptions we have used previously. For certain performance-based stock awards, we also must apply judgment in determining the periods when, and if, the achievement of the related performance targets becomes probable.

ASC Topic 718 also requires us to recognize the compensation cost of our share-based payment awards in our income statement over the period that an employee, including our executive officers, is required to render service in exchange for the award (which, generally, will correspond to the award's vesting schedule).

Compensation Committee Report

The information contained in the following Compensation Committee Report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by 402(b) of Regulation S-K with management. Based on this review and discussion, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Respectfully submitted by the members of the compensation committee of the board of directors:

- (1) For 2015, 2014 and 2013 (except with respect to Mr. DeWalt), all cash incentive compensation is shown under non-equity incentive plan compensation.
- (2) The amounts in this column represent the aggregate grant date fair value of the stock options, restricted stock units and performance-based restricted stock units (PSUs) as computed in accordance with Financial Accounting Standard Board Accounting Standards Codification Topic 718. The assumptions used in calculating the grant date fair value of the awards reported in this column are set forth in the notes to our audited consolidated financial statements included in our Annual Report on Form 10-K, as filed with the SEC on February 26, 2016. The PSUs were valued on the target outcome of performance-based conditions (i.e., based on 100% achievement). If the PSUs were instead valued on the maximum outcome of performance-based conditions (i.e., based on 150% achievement), the total amount represented in this column for fiscal year 2015 would be as follows: Mr. DeWalt: \$19,629,500; Mr. Aziz: \$5,021,500; Mr. Berry: \$8,317,375; Ms. King: \$2,008,600; Mr. Mandia: \$11,412,500; Mr. Sheridan: \$2,510,750; and Mr. Verdecanna: \$2,451,418.

- (5) Mr. Mandia was a Named Executive Officer for 2015 and no prior years. Accordingly, only information for 2015 is provided with respect to Mr. Mandia.
- (6) Mr. Sheridan's employment with us terminated on August 3, 2015.

Definitions for Offer Letter with Mr. Aziz

For purposes of the offer letter with Mr. Aziz, "cause" means generally:

the unauthorized use or disclosure of our confidential information or trade secrets, which use or disclosure causes material harm to us;

the material breach of any agreement between us and the named executive officer;

the material failure to comply with our written policies or rules;

the conviction of, or plea of "guilty" or "no contest" to, a felony under the laws of the United States or any State;

gross negligence or willful misconduct;

the continuing failure to perform assigned duties after receiving written notification of the failure from the board of directors; or

the failure to cooperate in good faith with a governmental or internal investigation of the company or our directors, officers or employees, if we have requested such cooperation; *provided, however*, that *cause* will not be deemed to exist in the certain events above unless the named executive officer has been provided with (i) 30 days written notice by the board of directors of the act or omission constituting *cause* and (ii) 30 days opportunity to cure such act or omission, if capable of cure (as determined by the board of directors in its sole discretion).

For purposes of the offer letter with Mr. Aziz, *good reason* means generally any of the following without the named executive officer's consent:

a material reduction of base salary as set forth in the agreement or as such base salary may be increased during the course of employment;

a material reduction of target bonus as set forth in the agreement or as such target bonus may be increased during the course of employment;

Table of Contents

a material reduction in duties, authority, reporting relationship or responsibilities, including (i) in the event of a change in control, the assignment of responsibilities, duties, reporting relationship or position that are not at least the substantial functional equivalent of the position occupied immediately preceding such change in control, including the assignment of responsibilities, duties, reporting relationship or position that are not in a substantive area that is consistent with their experience and the position that they occupied prior to such change in control or (ii) a material diminution in the budget and number of subordinates;

a requirement to relocate to a location more than 35 miles from the then-current office location;

a material violation by us of a material term of any employment, severance or change of control agreement;
or

a failure by any successor entity to assume the offer letter.

A resignation for good reason will not be deemed to have occurred unless Mr. Aziz gives us written notice of the condition within 90 days after the condition comes into existence and we fail to remedy the condition within 30 days after receiving the written notice.

For purposes of the offer letter with Mr. Aziz, change in control means (i) the consummation of a merger or consolidation of us with or into another entity or (ii) the dissolution, liquidation or winding up of our company. The foregoing notwithstanding, a merger or consolidation of our company does not constitute a change in control if immediately after the merger or consolidation a majority of the voting power of the capital stock of the continuing or surviving entity, or any direct or indirect parent corporation of the continuing or surviving entity, will be owned by the persons who were our company's stockholders immediately prior to the merger or consolidation in substantially the same proportions as their ownership of the voting power of our company's capital stock immediately prior to the merger or consolidation. The foregoing notwithstanding, a transaction will not constitute a change in control unless such transaction also constitutes a change in control event as defined in Treasury Regulation §1.409A-3(i)(5), without regard to any alternative percentages thereunder.

Change of Control Severance Policy for Officers

In July 2013, our compensation committee adopted and approved a Change of Control Severance Policy for Officers, or the Severance Policy. All of our executive officers and certain non-executive vice presidents (including senior vice presidents) (collectively referred to as eligible employees) are generally eligible for severance benefits under the Severance Policy, subject to the conditions described below. Each eligible employee may receive benefits upon a qualified termination of employment three months prior to, or 12 months following a change of control, or the change of control period. In addition, eligible employees may receive severance benefits for qualified terminations of employment unrelated to a change of control. The benefits in the Severance Policy vary based on whether an eligible employee is an executive officer, or Tier I Executive, or a non-executive officer, or Tier II Executive.

In the event of a termination of employment without cause (as generally defined below) outside of the change of control period, an eligible employee will receive the following:

Tier I Executive:

lump-sum 12 months base salary payment; and

paid COBRA continuation for 12 months.

Tier II Executive:

lump-sum 6 months base salary payment; and

paid COBRA continuation for 6 months.

-65-

Table of Contents

In the event of a termination of employment without cause or a resignation for good reason (as generally defined below), in each case, during the change of control period, an eligible employee will receive the following:

Tier I Executive:

lump-sum 12 months base salary payment;

pro-rata bonus for the year of termination;

100% acceleration of unvested equity awards with performance awards vesting at maximum level; and

paid COBRA continuation for 12 months.

Tier II Executive:

lump-sum 12 months base salary payment;

pro-rata bonus for the year of termination;

100% acceleration of unvested equity awards with performance awards vesting at maximum level; and

paid COBRA continuation for 12 months.

To be an eligible employee, the participant must enter into a participation agreement with us. Also, all severance benefits under the Severance Policy are subject to the eligible employee executing a release of claims. Mr. Aziz is not an eligible employee for purposes of the Severance Policy because he elected not to enter into a participation agreement with us.

Benefits under the Severance Policy replace any then-existing severance and/or change of control benefit that an eligible employee had previously.

For purposes of the Severance Policy, cause has the same general meaning as in the offer letter with Mr. Aziz described above.

For purposes of the Severance Policy, good reason means generally any of the following without an eligible employee's consent:

a material reduction in duties, authority, reporting relationship, or responsibilities;

a material reduction in annual cash compensation;

a requirement to relocate to a location more than twenty miles from the eligible employee's then-current office location;

a material breach by us of the eligible employee's employment agreement or any other agreement between the eligible employee and us; or

a failure by any successor entity to assume the Severance Policy.

Policies and Procedures for Related Party Transactions

Our audit committee has adopted a formal written policy providing that our audit committee is responsible for reviewing related party transactions, which are transactions (i) in which we were, are or will be a participant, (ii) in which the aggregate amount involved exceeds or may be expected to exceed \$50,000, and (iii) in which a related person had, has or will have a direct or indirect material interest. For purposes of this policy, a related person is defined as a director, nominee for director, executive officer, or greater than 5% beneficial owner of our common stock and their immediate family members. Under this policy, all related party transactions may be consummated or continued only if approved or ratified by our audit committee. In determining whether to approve or ratify any such proposal, our audit committee will take into account, among other factors it deems appropriate, (i) whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and (ii) the extent of the related party's interest in the transaction. The policy grants standing pre-approval of certain transactions, including (i) certain compensation arrangements of executive officers, (ii) certain director compensation arrangements, (iii) transactions with another company at which a related party's only relationship is as a non-executive employee, director or beneficial owner of less than 10% of that company's shares and the aggregate amount involved does not exceed the greater of \$500,000 or 2% of the company's total annual revenue, (iv) transactions where a related party's interest arises solely from the ownership of our common stock and all holders of our common stock received the same benefit on a pro rata basis, and (v) transactions available to all U.S. employees generally.
