NEW BRAND STATEMENT

The new of today, the norm of tomorrow

DOCOMO has embarked on a new challenge:

connecting the separate elements of daily life

to achieve levels of convenience and enjoyment never seen before.

We call it smart innovation.

Security and peace of mind, health, education,

and all the other pleasures that go to make up life

we are proposing optimum connections for each individual,

taking the provision of information and enjoyment of life a giant step forward.

To make this a reality, we are supporting innovation across a wide range of businesses.

And beyond this, we are also actively developing novel solutions

to the challenges facing society.

This culture of challenge and innovation is deeply rooted at DOCOMO.

For us, however, it's not simply about creating products and

services that are new; it's about creating things that, before you know it,

become essential or even taken for granted in daily life.

We firmly believe the lifestyles that smart innovation

makes possible will become the standard, so deeply ingrained they are hardly noticed.

We envisage a time when the new becomes everybody's taken-for-granted standard,

and we are working towards that day with everything at our command.

MESSAGE FROM THE PRESIDENT

Dear Shareholders:

I am delighted to present this convocation notice for the general shareholders meeting for the 25th fiscal year (from April 1, 2015 to March 31, 2016).

First of all, I would like to extend our deepest condolences and sympathy to all those affected by the 2016 Kumamoto earthquakes. Although there had been a temporary disruption of our mobile communications services in the areas around Kumamoto, we have completely restored services in all areas by April 27, 2016. We pray for the health of the people in the disaster-stricken areas and the earliest possible recovery of the region.

For the fiscal year ended March 31, 2016 (FY2015), we achieved a steadfast recovery in various operational indicators and operating income by addressing the three pillars of expansion of telecommunications services revenues, growth of smart life business and other businesses and cost efficiency improvement, which allowed us to make a huge progress toward the attainment of our medium-term targets.

Positioning the fiscal year ending March 31, 2017 (FY2016) as the year of a vibrant leap for growth beyond recovery, we will manage our business toward the goal of delivering our medium-term targets one year ahead of the original plan by reinforcing the comprehensive strengths of the Company, while concurrently promoting the +d value co-creation initiatives jointly with external partners. Through these efforts, we intend to provide new values to customers as we contribute to bring more affluence to society by providing solutions to pressing social issues

As always, I ask for your continued goodwill and support.

May 2016

Kaoru Kato
President and CEO

President and CEO: Kaoru Kato

NOTICE OF CONVOCATION OF

THE 25th ORDINARY GENERAL MEETING OF SHAREHOLDERS

Notice is hereby given that the 25th Ordinary General Meeting of Shareholders of the Company (the Meeting) will be held as described below.

Details

- 1. Date and Time:** Thursday, June 16, 2016 at 10:00 a.m. (Japan Standard Time)
- 2. Place of the Meeting:** Tsuru-no-ma, The Main Banquet Floor
Hotel New Otani
4-1, Kioi-cho, Chiyoda-ku, Tokyo, Japan

Table of Contents

3. Matters to be dealt with at the Meeting:

Matters to be reported:

- 1) Report on Business Report, Consolidated and Non-Consolidated Financial Statements for the 25th Fiscal Year (from April 1, 2015 to March 31, 2016).
- 2) Report on Results of Audit of Consolidated Financial Statements by Registered Public Accountants and Audit & Supervisory Board.

Matters to be resolved:

First Item of Business: Appropriation of Retained Earnings

Second Item of Business: Election of Fifteen (15) Directors

Third Item of Business: Election of One (1) Audit & Supervisory Board Member

A copy of the Business Report and our Consolidated and Non-Consolidated Financial Statements and a certified copy of the Independent Auditor's Report and the Audit Report of Audit & Supervisory Board for the 25th Fiscal Year required to be attached are included as pages 19-64 hereto.

In accordance with the applicable laws and regulations, and the provisions of Article 16 of the Company's Articles of Incorporation, we have posted the Notes to the Consolidated and Non-Consolidated Financial Statements, which comprise the Attachments to this Notice of Convocation of the 25th Ordinary General Meeting of Shareholders, at the Company's following web site:

(<https://www.nttdocomo.co.jp/english/corporate/ir/event/meeting/index.html>) instead of including them herein.

Our Consolidated and Non-Consolidated Financial Statements included in the Attachments to the Notice of Convocation of the 25th Ordinary General Meeting of Shareholders are part of our Consolidated and Non-Consolidated Financial Statements audited by the Independent Auditor in preparing the Independent Auditor's Report.

Should any revision be needed with regard to the Reference Materials for the Ordinary General Meeting of Shareholders, Business Report or Consolidated and Non-Consolidated Financial Statements, the Company will publish such revision on its website:

<https://www.nttdocomo.co.jp/english/corporate/ir/event/meeting/index.html>

Table of Contents**REFERENCE MATERIALS FOR THE ORDINARY GENERAL MEETING OF SHAREHOLDERS****Items of Business and Matters for Reference**

First Item of Business: Appropriation of Retained Earnings
Items relating to year-end dividends

Taking into account the consolidated results of operations, financial conditions and dividend payout ratio, the Company distributes dividends based on the principle of providing stable and sustainable dividends. The Company proposes to pay the year-end dividend for the 25th fiscal year as follows:

(1) Type of Dividend Asset
Cash

(2) Proposed Appropriation of Dividend Assets to Shareholders and Total Amount of Dividend Payment
¥35 per share of common stock of the Company

Total Amount of Dividend Payment: ¥131,621,586,250

(The Company paid an interim dividend in November 2015. Accordingly, the aggregate amount of annual dividends for this fiscal year, i.e., the sum of interim and year-end dividends, will be ¥70 per share.)

(3) Effective Date of the Appropriation of Dividends from Retained Earnings
Friday, June 17, 2016

<Reference>

	21 th fiscal year	22 nd fiscal year	23 rd fiscal year	24 th fiscal year	25 th fiscal year
Dividend per share (annual)	¥56	¥60	¥60	¥65	¥70
Consolidated dividend payout ratio	50.1%	50.7%	53.5%	64.0%	49.5%

Note: The Company conducted a 1:100 stock split with an effective date of October 1, 2013 (23rd fiscal year). The dividend amounts per share in the table above are adjusted to reflect this stock split.

Table of Contents**Second Item of Business: Election of Fifteen (15) Directors**

As the terms of office of fourteen (14) directors will expire at the close of this meeting, it is proposed that fifteen (15) directors be elected, adding one (1) director with the aim of further reinforcing the Company's management structure.

- * 2020 refers to the anticipated increase in tourism and general economic activity, between now and 2020 and the opportunity to develop various new products and services to capture this anticipated increase in demand.

Note:

1. NIPPON TELEGRAPH AND TELEPHONE CORPORATION (NTT) is the parent of the Company. NIPPON TELEGRAPH AND TELEPHONE EAST CORPORATION (NTT East) and NIPPON TELEGRAPH AND TELEPHONE WEST CORPORATION (NTT West) are subsidiaries of NTT.

DOCOMO Technology, Inc. and docomo Healthcare, Inc. are subsidiaries of the Company.

NTT DoCoMo Hokuriku, Inc. and NTT DoCoMo Kansai, Inc. were subsidiaries of the Company, but were dissolved in July 2008 upon the merger with NTT DOCOMO, Inc., the surviving company.

NTT East-Kanagawa, Inc. was formerly a subsidiary of NTT East, but was dissolved in July 2014 upon the change of trade name into NTT East-Minami Kanto Corporation as a result of the merger of NTT East-Kanazawa, Inc., NTT-East-Yamanashi, Inc., NTT-East Chiba, Inc., NTT-East Ibaraki, Inc. and NTT-East Solutions, Inc. with NTT East-Tokyo, Inc., the surviving company.

2. Mr. Kazuhiro Yoshizawa has served as President and CEO of NTT DOCOMO Ventures, Inc. during the past five years.
3. Mr. Toshiki Nakayama has served as President and CEO of ABC HOLDINGS, Co., Ltd., and Senior Executive Vice President of ABC Cooking Studio Co. Ltd. (a subsidiary of ABC HOLDINGS, CO., Ltd.) during the past five years. On January 2015, ABC HOLDINGS, Co., Ltd. was dissolved upon the merger with ABC Cooking Studio, Co. Ltd., the surviving company.

Table of Contents

4. During the past five years, Mr. Hiroshi Tsujigami has served as President and Director of NTT Investment Partners, Inc. NTT Investment Partners, Inc. was formerly a subsidiary of NTT. However, following the transfer of all of its outstanding shares from NTT to the Company in February 2013, it changed its trade name into DOCOMO Innovation Ventures, Inc., which subsequently changed its trade name to DOCOMO Ventures, Inc in July 2013.
5. Mr. Hiroshi Tsujigami is currently a member of the boards of directors of NTT and NTT East, but is expected to resign from these positions on June 24, 2016 and June 17, 2016, respectively. If his election is approved, Mr. Tsujigami is expected to assume the position on June 24, 2016.
6. Mr. Teruyasu Murakami and Dr. Noriko Endo are candidates for outside directors. The Company filed with the Tokyo Stock Exchange, Inc. (TSE) the notification of Mr. Teruyasu Murakami as an independent director as defined by TSE regulations, and plans to file the same notification for Dr. Noriko Endo. An independent director is defined as an outside director or audit & supervisory board member who is unlikely to have conflicts of interest with general investors. The appointment of independent director is obliged by TSE for the purpose of protecting general investors.
7. The candidate for outside director, Mr. Teruyasu Murakami, shall have served as outside director of the Company for three years at the conclusion of this ordinary general meeting of shareholders.
8. The candidate for outside director, Dr. Noriko Endo has had business transaction with NTT and InfoCom Research, Inc. and has received compensations from these two companies during the past two years, and she is expected to receive compensation from NTT in the future. InfoCom Research, Inc. is a subsidiary of NTT.
9. If the election of Mr. Teruyasu Murakami, Dr. Noriko Endo and Mr. Shinichiro Ueno is approved, in accordance with the provisions of Article 427, Paragraph 1 of the Companies Act of Japan, the Company plans to continue the limited liability contract with Mr. Murakami, and enter into a limited liability contract with each of Dr. Endo and Mr. Ueno, respectively, which set forth the upper limit of damage compensation liability as provided in Article 423 Paragraph 1 of the Companies Act of Japan.

Table of Contents**Third Item of Business: Election of One (1) Audit & Supervisory Board Member**

As the term of office of audit & supervisory board member, Mr. Tooru Kobayashi, will expire at the close of this Meeting, it is proposed that one (1) audit & supervisory board members be elected.

The candidate for audit & supervisory board member is selected under the agreement of Audit & Supervisory Board, and he is listed below:

Name	History, Positions, Responsibilities and Principal Concurrent Positions	Number of Company Shares Owned
(Date of Birth) Tooru Kobayashi	April 1976 Entered NTT Public Corporation	18,800
(August 8, 1952)	July 2008 Executive Vice President, Executive General Manager of Tokai Regional Office of the Company	
<Reappointed>	June 2011 Representative Director, Executive Vice President, Member of the Board of Directors of Sumitomo Mitsui Card Co. Ltd.	
	April 2012 Representative Director, Senior Executive Vice President, Member of the Board of Sumitomo Mitsui Card Co. Ltd.	
	June 2013 President, Member of the Board of Directors of DOCOMO Service, Inc.	
	June 2014 Full-time Audit and Supervisory Board Member of the Company (To the present)	

Reasons for election as a candidate for Audit & Supervisory Board Member

Mr. Kobayashi has been elected as a candidate for Audit & Supervisory Board Member for his engagement in the Company's business execution and his

service as President of our group company, and the Company's expectations that he will continue to perform an audit and supervisory function based on his extensive experience and insights pertaining to telecommunications business accumulated through his career.

Notes:

1. DOCOMO Service, Inc. was a subsidiary of the Company, but was dissolved in July 2014 upon the establishment of DOCOMO CS, Inc. by merging the four companies of DOCOMO Engineering, Inc., DOCOMO Service, Inc., DOCOMO Mobile, Inc. and DOCOMO Business Net, Inc.
2. During the past five years, Mr. Tooru Kobayashi has served as President of Business Expert, Inc., which previously was a subsidiary of DOCOMO Service, Inc. Business Expert, Inc. is currently a subsidiary of DOCOMO CS, Inc.
3. If the election of Mr. Tooru Kobayashi is approved, in accordance with the provisions of Article 427, Paragraph 1 of the Companies Act of Japan, the Company plans to continue the limited liability contract with Mr. Tooru Kobayashi, which sets forth the upper limit of damage compensation liability as provided in Article 423 Paragraph 1 of the Companies Act of Japan.

Table of Contents**(Attachments)****BUSINESS REPORT**

(For the fiscal year from April 1, 2015 to March 31, 2016)

Note: The term "FY2015" hereinafter refers to the fiscal year ended March 31, 2016, and other fiscal years are referred to in a corresponding manner. All non-consolidated figures regarding results of operations in this report were prepared in accordance with accounting principles generally accepted in Japan ("Japanese GAAP"), unless otherwise stated herein. Consolidated results contained herein were prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"), unless otherwise noted.

1. Business Matters of the Corporate Group**(1) Main Business Activities (As of March 31, 2016)**

The main business activities of our Group are summarized in the table below.

Business Segment	Main Business Areas
Telecommunications business	Cellular (LTE(Xi) and FOMA) services, optical-fiber broadband services, satellite mobile communications services, international services and sales of handsets and equipment for each service, etc.
Smart life business	Services offered through dmarket portal such as distribution of video, music and electronic books, etc., finance/payment services, online shopping service and other life-related services, etc.
Other businesses	Mobile Device Protection Service, commissioned development/sales and maintenance of systems, etc.

(2) Developments and Results of Operations

<<Summary of the principal initiative>>

Japan's telecommunications sector has seen a dramatic change in its market structure due to launch of services by a wide range of players following the start of "Hikari Collaboration Model," which is a new wholesale business model for fiber access, the rapid proliferation of smartphones and tablet devices, developments related to the government's pro-competition policy (such as new market entry by Mobile Virtual Network Operators (MVNOs), the obligation to unlock handset SIMs and the proposals by the Ministry of Internal Affairs and Communications "Task Force on Mobile Phone Rates and Other Conditions for Service Offerings" and other factors.

Amid these changes in the market environment, we positioned the fiscal year ended March 31, 2016 as the period to make a solid step forward towards the delivery of our medium-term targets, and we managed our business with a particular focus on our operating income target.

To boost our telecommunications services revenues, we have added new options to the "Kake-hodai & Pake-aeru" new billing plan, implemented various measures to expand the adoption of the docomo Hikari optical-fiber broadband service and continued our efforts to strengthen our communications network and offer attractive handsets.

Meanwhile, we have also strived to add new services to our dmarket marketplace and enrich the content portfolio of our services in a bid to grow our smart life business and other businesses, while promoting further cost efficiency improvements to reinforce our managerial structure.

In addition, we have launched +d value co-creation initiatives, aiming to deliver new values by making available the business assets that we have accumulated through our operations, such as our payment platform and loyalty program, to a large number of external partners. As part of this endeavor, we have rebranded the former docomo Point program into d POINT to offer a point service that is highly convenient and useful for our customers with the aim of expanding the structure of the +d activities.

Table of Contents

As a result of the foregoing, we achieved significant improvement in, among other metrics, operating income and operational performance for the fiscal year ended March 31, 2016. Furthermore, we were awarded the No. 1 overall ranking in the 2015 Japan Mobile Phone Service StudySM * conducted by J.D. Power Asia Pacific.

* 2015 Japan Mobile Phone Service Study. Study based on a total of 31,200 responses obtained from mobile phone subscribers in Japan during the survey period in July 2015.

<<Results of Operations for the FY2015>>

	(Billions of yen)		
Item	24th Fiscal Year (FY2014)	25th Fiscal Year (FY2015)	Year-on-Year Change
Operating revenues	4,383.4	4,527.1	3.3%
Operating income	639.1	783.0	22.5%
Income before income taxes and equity in net income (losses) of affiliates	643.9	778.0	20.8%
Net income attributable to NTT DOCOMO, INC.	410.1	548.4	33.7%

For the fiscal year ended March 31, 2016, Operating revenues increased by ¥143.7 billion from the same period of the previous fiscal year to ¥4,527.1 billion for two reasons, (i) the recovery of our telecommunication business due mainly to an acceleration of users migrating to higher-end plans of Packet Pack, data buckets of our new billing plan Kake-hodai & Pake-aeru, and an expansion in demand for tablets and other products purchased as a second mobile device by individual users and (ii) the growth of our smart life business such as dmarket and other content services.

Operating expenses, on the other hand, decreased by ¥0.3 billion from the previous fiscal year to ¥3,744.1 billion, due mainly to decreases in selling expenses and network-related costs as a result of cost efficiency improvements, despite an increase in costs associated with increased revenues in smart life business and other businesses.

As a result, Operating income increased by ¥144.0 billion from the same period of the previous fiscal year to ¥783.0 billion, which was significantly higher than ¥710.0 billion, the full-year forecast as revised in the second quarter of the fiscal year ended March 31, 2016, allowing us to make substantial progress toward the attainment of our medium-term goals.

Income before income taxes and equity in net income (losses) of affiliates was ¥778.0 billion, and net income attributable to NTT DOCOMO, INC. increased by ¥138.3 billion from the previous fiscal year to ¥548.4 billion for the fiscal year ended March 31, 2016.

Table of Contents

<<Trend of Business Segments>>

Operating revenues and income (loss) in each business segment in the fiscal year ended March 31, 2016 are indicated in the table below.

	(Billions of yen)		
Category	24th Fiscal Year (FY2014)	25th Fiscal Year (FY2015)	Year-on-Year Change
Operating revenues			
Telecommunications business	3,654.6	3,689.8	1.0%
Smart life business	443.3	504.1	13.7%
Other businesses	313.5	359.3	14.6%
Elimination	(28.0)	(26.1)	6.7%
Total	4,383.4	4,527.1	3.3%
Operating income (loss)			
Telecommunications business	636.1	708.9	11.4%
Smart life business	(2.4)	46.5	
Other businesses	5.4	27.7	414.4%
Total	639.1	783.0	22.5%

Note:

Certain Machine-to-Machine (M2M) services for consumers that had been included in other business were reclassified to the smart life business from the fiscal year ended March 31, 2016 to reflect the change in its internal organizational structure effective as of July 1, 2015.

Principal initiatives of our group in each business segment in the fiscal year ended March 31, 2016 are summarized below.

n Telecommunications Business

Even though the negative impact from the Monthly Support discount program increased, we saw a continuous recovery of ARPU due mainly to an acceleration of the number of users migrating to higher-end plans of Packet Pack, data buckets of our new billing plan Kake-hodai & Pake-aeru. Furthermore, Operating revenues from telecommunications business for the fiscal year ended March 31, 2016 increased by ¥35.2 billion, or 1.0%, to ¥3,689.8 billion for the same period of the previous fiscal year, due to the expansion in demand for tablets and other products purchased as a second mobile device by individual users, and the growth of subscriptions of the docomo Hikari optical-fiber broadband service to 1.57 million.

Operating expenses from telecommunications business for the fiscal year ended March 31, 2016 decreased by ¥37.6 billion, or 1.2%, to ¥2,980.9 billion for the same period of the previous fiscal year due mainly to decreases in selling expenses and network-related costs as a result of cost efficiency improvements.

Consequently, Operating income from telecommunications business was ¥708.9 billion, an increase of ¥72.8 billion, or 11.4%, from the same period of the previous fiscal year.

Table of Contents

<<Number of Subscriptions for Principal Services>>

(Thousands of subscriptions)

Category	24th Fiscal Year (FY2014)	25th Fiscal Year (FY2015)	Increase or Decrease	Year-on-Year Change
Cellular services	66,595	70,964	4,368	6.6%
Including: New billing plan	17,827	29,704	11,877	66.6%
LTE(Xi) services	30,744	38,679	7,934	25.8%
FOMA services	35,851	32,285	(3,566)	(9.9)%
Number of smartphones sold (Thousand units)	14,600	15,440	850	5.8%
Including: Number of tablet sold	1,730	2,180	460	26.5%
Churn rate (%)	0.61%	0.62%	0.01point	

Notes:

1. Number of subscriptions to Cellular services, Cellular (LTE(Xi)) services and Cellular (FOMA) services include Communication Module services subscriptions.
2. Effective March 2008, FOMA subscription became mandatory for subscription to 2in1 services, and those FOMA subscriptions are included in the number of FOMA subscriptions.
3. Calculation method has been changed from the fiscal year ended March 31, 2016. Accordingly, Churn rate for the fiscal year ended March 31, 2015 has also been changed. Data are calculated excluding the subscriptions and cancellations of subscriptions of Mobile Virtual Network Operators (MVNOs).

Topics

1 *Enrichment of New Billing Plan, Kake-hodai & Pake-aeru*

In September 2015, we introduced the Kake-hodai Light plan which allows customers to make unlimited domestic voice calls under five minutes at a flat monthly rate.

In March 2016, we started offering Share Pack 5, a package that allows families with limited data usage to share monthly data allowances of 5GB.

These new options allow customers to more freely select the combination of a basic monthly plan and a Share Pack most suited to their actual voice and data consumption behavior. In the case of a three-member family, for example, by subscribing to the combination of Kake-hodai Light and Share Pack 5, each member of the family can use a smartphone at a cost of less than ¥5,000 a month.

1 *Actions to Expand Adoption of docomo Hikari*

With respect to the docomo Hikari optical-fiber broadband service we commenced in March 2015, we increased the number of Internet Service Provider (ISP) partners to 23 as of March 31, 2016, compared to 14 upon the launch of service. Thereby we provided customers with greater options and enabled a larger number of users to continue using the same ISP after converting their existing FLET's Hikari subscription contract over to docomo Hikari.

We have also added new services and rate plans catering to the needs of customers, such as docomo Hikari-mini, a two-tier flat-rate plan that offers data speeds of up to 100Mbps, and docomo Hikari Business Wi-Fi, a cloud-based Wi-Fi service for enterprise customers offered together with operational support. As a result of the foregoing, the total number of subscription applications exceeded 1.80 million in the end of March 2016 and the total number of subscriptions to docomo Hikari reached 1.57 million.

Table of Contents

1 *Enriched Lineup of Attractive Handsets*

We have strived to enrich our handset lineup to respond to the various needs of customers with the release of the 2015 summer models and 2015-2016 winter/spring models comprising Android smartphones as well as iPhone 6s* and iPhone 6s Plus*. As a result, the total number of smartphones sold during the fiscal year ended March 31, 2016 amounted to 15.44 million units, of which tablet devices accounted for 2.18 million units due to a favorable increase in the sales of dtac d-01G, Arrows Tab F-03G, iPad* and other models.

* TM and © 2016 Apple Inc. All rights reserved. iPhone and iPad are a trademark of Apple Inc. The iPhone trademark is used under a license from AIPHONE CO., LTD

1 *Actions for Reinforcement of Communication Network*

To offer a more convenient network service to our customers, we have expanded the coverage of our PREMIUM 4G to 976 cities across Japan as of March 31, 2016. Meanwhile, we also started offering a maximum downlink speed of 300Mbps in selected areas from October 2015.

In addition, we conducted surveys of effective data speeds adhering to the Guidelines for the Effective Speed Measurement Method of Internet Connection Services Provided by Mobile Telecommunications Carriers and Information Providing Method, etc. for Users defined by the Ministry of Internal Affairs and Communications. The results indicated that we offer both high download speeds and high upload speeds (the median (Android + iOS) of our download speeds is 71Mbps and that of our upload speeds is 21Mbps).

1 *Operation of Commercial Network Utilizing Virtualization Techniques*

The employment of equipment using these techniques from March 2016 allowed us to offer higher quality network services to our customers. The techniques realized better connectivity in cases of network congestion and higher reliability in the event of the failure of facilities.

1 *Securing Communications in Disasters, etc.*

With the aim of reinforcing our communication capacity in densely populated areas during wide-area disasters or power outages, we moved ahead with the conversion of large-zone base stations to make them compatible with LTE in order to increase the communication capacity by approximately three fold. In addition, we roll out medium-zone base stations across Japan to secure communications in the centers of coastal and mountainous areas.

1 *Response to the 2016 Kumamoto Earthquake*

After the earthquake on April 14, 2016, communication areas were secured by providing area support through the operation of satellite mobile base station vehicles and medium-zone base stations, and power supply support by operating mobile power-supply vehicles and power and electricity generation equipment. The service area was fully restored on April 27, 2016.

Furthermore, free charging services and free Wi-Fi access points were quickly set up in order to secure communications for disaster-affected customers, and the payment deadlines for charges were extended and accessories such as chargers provided for free as means of supporting customers in Kumamoto, as a region where the Disaster Relief Act applied.

Table of Contents**n Smart Life Business**

Operating revenues from smart life business for the fiscal year ended March 31, 2016 were ¥504.1 billion, an increase of ¥60.8 billion, or 13.7%, from the same period of the previous fiscal year, due mainly to the growth in revenues from dmarket and other content services, an increase in the amounts of dCARD and other finance/payment services transactions, and an expansion of revenues from our subsidiaries' services such as shopping services.

Operating expenses from smart life business were ¥457.7 billion, an increase of ¥12.0 billion, or 2.7%, from the same period of the previous fiscal year, driven primarily due to an increase in expenses associated with the growth in revenues from dmarket and other content services, which more than offset the reduction of impairment loss of our multimedia broadcasting business for mobile devices assets which has been included from the previous fiscal year.

As a consequence, operating income from smart life business was ¥46.5 billion, an increase of ¥48.8 billion from the same period of the previous fiscal year.

Topics**1 Initiatives Aimed at Expanding dmarket Subscriptions* and Usage**

To expand the adoption of dmarket services to a broader range of users, we have strived to add new services and enrich the content of our offerings.

In May 2015, as a new service on dmarket, we launched dgourmet, a service that provides total support to customers' demands pertaining to food by offering various food-related tips and discount coupons, etc. At the same time, we have continued our endeavors to enrich the content of our dTV, danime store, dhits, dkids and dmagazine services. As a result of these undertakings, the combined dmarket subscriptions grew to 15.54 million as of March 31, 2016.

* The total number of users using dTV, danime store, dhits, dkids, dmagazine and dgourmet services on a monthly subscription arrangement.

1 Issuance of d POINT CARD and d CARD

From December 2015, we commenced issuing d POINT CARD (which allows users to earn and use d POINTs just by showing the card when shopping at our partner stores), and rebranded our conventional credit card known as DCMX into d CARD. d CARD combines the credit payment and electronic money capabilities with the standard features of d POINT CARD and allows users to earn d POINTs at more advantageous rates.

The total membership of d POINT CLUB, a loyalty program for our customers, reached approximately 58 million as of March 31, 2016, of which the number of d POINT CARD registrants grew to over 3.5 million in just 4 months from the beginning of issuance.

Table of Contents

1 *Introduction of New Services toward Realization of Smart Life*

In October 2015, we launched *Sukijikan*, a service that allows customers to try out various pastime experiences after selecting from a rich menu of approximately 300 options.

In November 2015, we started the *Tegaki Hon yaku* handwriting translation service to provide users with means for hassle-free communication through the combination of translated handwritten texts and illustrations in situations where it is difficult to describe the context only by words.

Furthermore, in December 2015, we introduced a new social gift service *giftco*, which enables customers to easily send a small amount of gift tickets to others at anytime from anywhere.

Table of Contents

n Other businesses

Operating revenues from other businesses for the fiscal year ended March 31, 2016 amounted to ¥359.3 billion, an increase of ¥45.8 billion, or 14.6%, from the same period of the previous fiscal year, mainly due to an increase in revenues resulting from the expanded uptake of our Mobile Device Protection Service and the growth of revenues relating to our IoT* businesses.

Operating expenses from other businesses were ¥331.6 billion, an increase of ¥23.5 billion, or 7.6%, from the same period of the previous fiscal year, as a result of an increase in expenses associated with the expansion of revenues from our Mobile Device Protection Service and other services.

Consequently, Operating income from other businesses was ¥27.7 billion, an increase of ¥22.3 billion, or 414.4 % from the same period of the previous fiscal year.

* Abbreviation for Internet of Things. A concept that describes a world in which everything is connected to the Internet, enabling remote control and management of devices, etc.

Topics

1 *Expansion of IoT business*

With the goal of further accelerating the use of IoT, we introduced a new billing plan, LTE Ubiquitous Plan, enabling the use of communications modules over our LTE network in Japan.

As for overseas, in Brazil, we started providing eSIMs and eSIM-based solutions, which enable devices to switch between DOCOMO phone numbers and Vivo* phone numbers without having to replace the physical SIM in their devices. This marks the first agreement between a Japanese telecommunications carrier and an overseas operator for the provision of eSIM-based solutions. The solution is planned to be embedded in the export products of Yanmar Co. Ltd. to provide various remote information services, such as equipment operational status management, operational status diagnosis and theft prevention.

* Brand name of a Brazilian mobile phone operator, Telefonica Brasil S.A.

1 *Actions Aimed at Solving Issues of Regional Societies*

We started offering an elderly monitoring service leveraging our GPS tracking system to multiple municipalities. The service aims to quickly find missing elderly people by letting elderly people carry our GPS-mounted devices which enable their families to detect the location of the carriers using their own smartphones, tablet devices, and etc. when the carriers have gone missing.

Table of Contents**(Reference)****+d New Value Co-Creation Initiatives**

We have embarked on a new initiative, called +d, to create new values in collaboration with various external partners. Principal +d initiatives undertaken during the fiscal year ended March 31, 2016 are summarized in the table below:

Category	Alliance partner	Objectives
Agriculture	Niigata City, Niigata Prefecture, vegetalia, inc., Water Cell, inc.	Verification trial on an innovative rice production management system
	Facebook, Inc.	Functional collaboration with dmarket
	GE Energy Japan, Inc.	Collaboration on rollout of GE s industrial routers in Japan
IoT	NIPPON SYSTEMWARE CO., LTD.	Provision of IoT cloud service for enterprises
	Omachi City/Tenryu Village, Nagano Prefecture	Provision of oranotablet life-support service for the elderly
	Sansan, Inc.	Provision of business card management service for enterprises
	TOMY Company, Ltd.	Joint development of communication toy OHaNAS
Learning	Koga City, Ibaraki Prefecture	Educational ICT solution based on LTE-enabled tablets for learning
Medical/ Health care	Maibara City, Shiga Prefecture, RENAISSANCE, INC.	Provision of Children Health Promotion Program
	Nippon Life Insurance, Co.	Marketing support business for sales of life insurance policies
	RENAISSANCE, INC.	Provision of healthcare services using wearable devices

	Tokyu Sports OASIS, Inc.	Launch of new health support service, OASIS LINK
Retail	Laox CO., LTD.	Delivery of new services targeting foreign travelers to Japan
	Lawson, Inc.	Mutual customer referral leveraging point program
	McDonald's Company (Japan), Ltd.	Mutual customer referral leveraging point program
	Takashimaya Co., Ltd.	Mutual customer referral leveraging point program
Transportation	Japan Airlines Co., Ltd.	Mutual customer referral leveraging point program
	Panasonic Corporation	Verification trial for expansion of bicycle sharing business

Table of Contents

(3) Trend of Capital Expenditures

1 *Expansion of Telecommunications Facilities*

As a result of our aggressive roll-out of PREMIUM 4G service in urban areas to construct a network that can offer comfortable access to our customers, the total number of PREMIUM 4G -compatible base stations increased from previously 900 stations as of March 31, 2015 to 22,800 stations as of March 31, 2016.

In addition, in pursuit of further coverage improvement, we increased the total number of LTE base stations from 97,400 as of March 31, 2015 to 138,100 as of March 31, 2016.

1 *Measures for More Efficient Use of Capital Expenditures*

Toward the goal of further strengthening our
