Settlement Date:

We expect to deliver the notes against payment for the notes on the fifth business day following the pricing of the notes (T+5). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.

We expect to receive net proceeds of approximately \$1.73 billion from the sale of the notes to the underwriters, after deducting the underwriting discount and estimated offering expenses payable by us.

Use of Proceeds:

We intend to use the net proceeds from this offering, together with the net proceeds from the Common Stock Offering and the Mandatory Convertible Preferred Stock Offering and cash on hand, to finance the proposed Lighttower Acquisition and to pay related fees and expenses. If the proposed Lighttower Acquisition is not consummated on or prior to June 29, 2018 or if the Merger Agreement is terminated any time prior to such date other than as a result of consummating the proposed Lighttower Acquisition, then we expect to use the net proceeds from this offering, together with cash on hand, to redeem the notes.
