ITEM 4.02. NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A  
RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW.

On January 24th 2006, in the course of generating the audited financial  
statements for the fourth quarter and full year 2005 the Company discovered a  
material inventory error in the financial statements filed as part of the  
Company's form 10Q-SB for the quarter ended September 30th 2005. During the

inventory count of September 30th 2005 at the factory belonging to our NanoChem Solutions subsidiary, the inventory was overstated by \$183,398 due entirely to a clerical error. Reliance on the inventory data led directly to the inaccuracies since identified in the Company's financials contained in its 10Q-SB for the period ended September 30th 2005. The Company has decided that it will restate the financial statements for the three months ended September 30th 2005. Accordingly, the Company's previously issued financial statements covering the three months ended September 30th 2005 should no longer be relied upon.

On January 25, 2006, the Company's management discussed the conclusion described above with the Company's audit committee of the board of directors ("Audit Committee") and Cinnamon Jang Willoughby & Company ("CJW"), the Company's independent registered public accounting firm. CJW informed the Audit Committee that it concurs with the Company's management's conclusion described above. As a result, the Company expects to file amended consolidated financial statements for the Restated Period as soon as practical.

In light of the above, the net effects of the adjustments to the financial statements for the restated period are as follow:

1. The inventory as of September 30 will be reduced by \$183,398.
2. The net loss for the period will be increased by \$183,398.
3. The loss per share for the restated period will increase to \$0.03
4. The net loss for the nine months to September 30 will be increased by \$183,398.
5. The net loss per share for the nine months ended September 30 will increase to \$0.06.
6. The net loss for the nine months ended September 30 will increase by \$183,398.

The Company is presently unaware of any evidence that the restatement described above is due to any material noncompliance by the Company, as a result of misconduct, with any financial reporting requirement under the federal securities laws. The Audit Committee is working with CJW to ensure that the Company is taking the appropriate approach to resolving the issues related to the restatement, as well as any further issues that may be identified during the course of its review.
