How Do I Vote?

The enclosed proxy card indicates the number of shares you own. There are four ways to vote:

- By Internet at www.computershare.com/us/proxy; we encourage you to vote this way
- By toll-free telephone at the number shown on your proxy card
- By completing and mailing your proxy card
- By written ballot at the Meeting

If you vote by Internet or telephone, your vote must be received before midnight of the day before the Meeting. Your shares will be voted as you indicate. If you do not indicate your voting preferences, Wayne Garrison and Kirk Thompson will vote your shares *FOR* Proposals 1 and 2.

If you Vote by Telephone or on the Internet, You Do NOT Need to Return Your Proxy Card

If you complete and properly sign the accompanying proxy card and return it to the Company, or tender your vote via telephone or the Internet, it will be voted as you direct. If you attend the Meeting, you may deliver your completed proxy card in person. Proxies duly executed and returned by a stockholder, and not revoked prior to or at the Meeting, will be voted in accordance with the instructions thereon.

If your shares are held in street name, you will need to contact your broker or other nominee to determine whether you will be able to vote by telephone or Internet.

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with each proposal in this Proxy Statement. In summary, the Board recommends a vote:

For the election of the nominated slate of Directors (see pages 7-10)

For the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors (see page 28)

As of the date of this Proxy Statement, the Board knows of no other business that may properly be, or is likely to be, brought before the Annual Meeting. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, at their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors. The affirmative vote of a plurality of the votes cast at the Meeting is required for the election of Directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more of the Directors will not be voted with respect to the Director or Directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Proposals. For each other proposal, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold shares in **street name** through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such **broker non-votes** will, however, be counted in determining whether there is a quorum.

The authorized common stock of the Company consists of 1,000,000,000 shares at \$.01 par value. As of the close of business on January 31, 2006, there were 153,822,689 shares eligible to vote.

Can I Change My Vote After I Return the Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request, although attendance at the Meeting will not by itself revoke a previously granted proxy.

You Should Carefully Read this Proxy Statement in its Entirety

CORPORATE GOVERNANCE

Duties of the Board

The Board of Directors has the responsibility to serve as the trustee for the stockholders. It also has the responsibility for establishing broad corporate policies and for the overall performance of the Company. The Board, however, is not involved in day-to-day operating details. Members of the Board are kept informed of the Company's business through discussion with the Chairman, Chief Executive Officer and other officers, by reviewing analyses and reports sent to them each month, and by participating in Board and Committee meetings.

Corporate Governance Guidelines

We believe that good corporate governance helps ensure that the Company is managed for the long-term benefit of its stockholders. We continue to review our corporate governance policies and practices, corporate governance rules and regulations of the Securities and Exchange Commission (the SEC), and the listing standards of the NASDAQ, the stock exchange on which our common stock is traded. The Board has adopted Corporate Governance Guidelines to assist the Board in the exercise of its responsibilities to the Company and its stockholders. The guidelines address, among other items, director independence and qualifications. You can access and print the charters of our Audit Committee, Executive Compensation Committee, Nominating and Corporate Governance Committee, as well as our Corporate Governance Guidelines, Code of Ethical and Professional Standards, Whistleblower Policy and other Company policies and procedures required by applicable law or regulation on our website at www.jbhunt.com under the caption Who We Are / Investor Relations / Corporate Governance.

Director Independence

The Board has determined that no non-employee Director has a material relationship with the Company (either directly or indirectly as a partner, stockholder or officer of an organization that has a relationship with the Company) and all non-employee Directors meet the criteria for independence under the NASDAQ listing standards. The Board has also determined that no member of the Audit Committee, Executive Compensation Committee or Nominating and Corporate Governance Committee has any material relationship with the Company (either directly or indirectly as a partner, stockholder or officer of an organization that has a relationship with the Company) and that all members of these committees meet the criteria for independence under the NASDAQ.

The Board has selected Dr. John A. White to act as presiding Director of executive sessions to be held on a regular basis by non-employee, independent Directors. This group of Directors met three times in executive session during calendar year 2005. Dr. White presided as Chairman in each of these meetings. It will remain standard practice of the Company to conduct these meetings either before or after each regularly scheduled Board meeting or on an as-needed basis.

Code of Conduct

The Board has adopted a Code of Ethical and Professional Standards, applicable to all directors, officers and employees of the Company. The purpose and role of this Code is to focus our directors, officers and employees on areas of ethical risk, provide guidance to help them recognize and deal with ethical issues, provide mechanisms to report unethical or unlawful conduct, and to help enhance and formalize our culture of integrity, honesty and accountability. This Code is published on the Company's website at www.jbhunt.com.

BOARD MEETINGS

All members of the Board are strongly encouraged to attend each meeting of the Board and meetings of the Board Committees on which they serve, as well as the Annual Meeting. Please refer to the Company's Director Attendance Policy, published on the Company's website at www.jbhunt.com under the caption Who We Are / Investor Relations / Corporate Governance for further details.

The business of the Company is managed under the direction of the Board of Directors, who meet on a regularly scheduled basis during its calendar year to review significant developments affecting the Company and to act on matters that require Board approval. REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee

Compensation of officers and senior executives of the Company is determined by the Executive Compensation Committee of the Board of Directors (the Committee). The Committee, comprised entirely of non-employee, independent Directors, meets:

- to review annual goals and reward annual performance of executives;
- to grant stock pursuant to the Company's Management Incentive Plan;
- to establish and certify the achievement of performance goals under the Company's Management Incentive Plan;
- to evaluate and recommend to the Board of Directors for their approval, base salaries and bonus plans for the Company's Chairman and Chief Executive Officer;
- to evaluate and approve stock grants to the Company's Chairman, Chief Executive Officer and all other insiders as defined in Section 16 of the Securities and Exchange Act of 1934;
- to review any other executive compensation.

In 2005, the Committee commissioned Watson Wyatt, an independent consultant, to analyze the Company's current executive compensation package to review salaries, bonuses and other compensation for its officers and senior executives, including the Chairman, Chief Executive Officer and Board of Directors. Salary modifications and awards of restricted stock were made to more closely align executive management with the industry and its peers at the direction of the independent consultant.

General Compensation Policy

The Company's executive compensation program is designed to provide fair compensation to executives based on their performance and contributions to the Company, provide incentives to attract and retain key executives, and instill a long-term commitment to the Company through Company ownership, all in a manner consistent with stockholder interests.

The executive compensation package has three main components:

- base salary, which is reviewed annually
- performance-based bonuses that are directly tied to the Company's earnings per share and are earned annually depending on the achievement of pre-established performance-based goals
- long-term incentive awards

This mix of compensation places more of total compensation at risk and emphasizes performance.

The Committee believes that competitive levels of cash compensation, together with equity and other incentive programs, are necessary for the attraction, motivation and retention of the highest-caliber employees.

Base Salary

Executives' base salaries are based on the Company's performance for the prior calendar year and upon a subjective evaluation of each executive's contribution to that performance and his or her overall corporate responsibilities.

Performance-Based Bonus

Performance-based cash bonuses are paid quarterly to executives based on the Company's achievement of pre-established performance goals of earnings-per-share amounts. The amount of the bonus paid is a percentage of the executive's salary. The bonus increases as a percentage of base salary as the Company's earnings per share increases.

Incentive Awards

Incentive awards are made under the Company's Management Incentive Plan. As a person's level of responsibility increases, a greater portion of potential total compensation opportunity is shifted from salary to performance-based incentives and to greater reliance on growing total return to the stockholders through stock-based awards. This directly aligns the interest of management with stockholders.

Deferred Compensation

The Company offers the option of deferring a portion of their base salary and/or bonus into a Deferred Compensation Program to a select group of management or highly compensated employees as such phrase is defined under ERISA. The program is voluntary and the employee determines the amount of his or her contribution and choice of investment vehicles. The Company does not contribute to this plan. An independent administrator monitors investment options and distributions.

Equity Compensation Program

Shares of restricted stock and stock options of the Company are granted under the Management Incentive Plan in an effort to link executives' future compensation to the long-term financial success of the Company. These awards are intended to attract and retain employees who contribute to the Company's success, to provide incentives to enhance job performance of the executives and enable those persons to participate in the long-term success and growth through an equity interest in the Company.

In 2005, the Executive Compensation Committee began granting restricted stock in lieu of stock options under the Management Incentive Plan. The Committee believes restricted stock awards are currently more effective than stock options in achieving the Company's compensation objectives, as restricted stock is subject to less market volatility and is potentially less dilutive to the Company's stock. As such, restricted stock was issued at one-third of what a normal stock-option grant would have been. Employees realize immediate value as restricted stock awards vest, with such value increasing as the Company's stock performance increases.

The Compensation Committee anticipates granting restricted stock awards in lieu of stock options for the foreseeable future, but in the event stock options are granted, such options will be granted with an exercise price equal to 100% of the fair market value of the Company's common stock on the date of grant.

Management Incentive Plan Information

The Management Incentive Plan table provides information as of December 31, 2005, with respect to shares of the Company's common stock that may be issued under our existing equity compensation plans.

	Number of securities allocated to be issued through the Management Incentive Plan	Weighted-average exercise price of outstanding options and restricted stock	Number of securities remaining available for future issuance under Management Incentive Plan
Management Incentive Plan approved by stockholders	44,000,000	\$7.5733	12,605,454
Management Incentive Plan not approved by stockholders	-	-	-
Total	44,000,000		12,605,454

Stock Ownership Guidelines

To motivate the Company's officers and senior management to emulate its stockholders, the Company strongly encourages ownership of Company stock. Stock ownership is defined as stock owned:

- directly;
- through the Company's 401(k) Employee Retirement Plan, and/or;
- through the Company's Deferred Compensation Plan.

The Board of Directors implemented a program that set stock ownership goals for certain categories of officers and senior management, as shown below.

Position	Ownership Multiple of Base Salary
Chief Executive Officer	6 times
Executive Vice Presidents	3.5 times
Senior Vice Presidents and Vice Presidents of Operations	2.75 times
Vice Presidents, Regional Operations Managers, and Directors of Operations	2 times

The Committee has determined that as of January 31, 2006, all of the Company's officers and members of senior management covered by these guidelines have met their ownership goals.

Employment and Change of Control Arrangements

The Company has no such contracts or arrangements dealing with employment. The Company does, however, have an adjustment provision in its Management Incentive Plan for its outstanding shares in the event of a recapitalization, merger or consolidation.

Chairman and Chief Executive Officer Compensation

The Committee has attempted to set base salary and overall compensation for Messrs. Garrison and Thompson competitively with companies of similar size and aligned with companies in our respective industry. The goal is to reward these executives for corporate performance in line with the interests of the stockholders.

Cash bonuses paid to Messrs. Garrison and Thompson in calendar year 2005 were determined by the previously mentioned formula relating bonuses to earnings per share.

In calendar year 2005, in accordance with the Committee's policy of aligning executive interest with the interests of stockholders and after review of an evaluation prepared by Watson Wyatt, an independent consultant, the Committee awarded and the Board ratified grants of restricted stock for Messrs. Garrison and Thompson. A grant of 20,000 shares was awarded to Mr. Garrison. His grant will vest 25% in year 2010, 25% in year 2011 and 50% in year 2012. A grant of 35,000 shares was made to Mr. Thompson that vests 25% in year 2013, 25% in year 2014 and 50% in year 2015. The fair market value of our stock on the date of the grants was \$18.68.

Messrs. Garrison's and Thompson's cash compensation is comparable to other transportation company peers. After evaluating the independent consultant's review of compensation practices and policies, the Committee recommended, and the Board approved, an increase in base salary for Mr. Garrison of \$100,000 and an increase in base salary to Mr. Thompson of \$40,000. The increases became effective on October 21, 2005. Both Messrs. Garrison and Thompson participate in the Company's 401(k) Employee Retirement Plan.

2006 Performance-Based Compensation

For calendar year 2006, the Company has established, and the Executive Compensation Committee has approved, a cash bonus program for the above-named executives and its senior management. The amount of the bonus earned will be a percentage of the executive's base salary and will increase by percentage of base salary in direct correlation to the Company's increase in earnings per share similar to prior years.

Tax Deductibility

The Company's Management Incentive Plan is designed to be a performance-based plan as defined in the Internal Revenue Code. Therefore, under Internal Revenue Code Section 162(m), compensation paid in 2005 under this type of plan is intended to be fully deductible, and it is our intention to continue to maximize deductibility to the extent practicable.

Our Conclusion

We firmly believe that the quality and motivation of all of the Company's employees, including its managers, make a significant difference in the Company's long-term performance. We also believe that stockholders directly benefit from compensation programs that:

- reward superior performance;
- contain an appropriate downside risk element when performance falls short of clearly defined standards;
- give appropriate administrative flexibility to achieve their objectives.

We believe that the Company's management compensation program meets these requirements and will continue to be an important factor in driving the Company's success.

The Audit Committee is comprised of Dr. John A. White, Chairman, James L. Robo and Leland E. Tollett. Messrs. The Company's Board of Directors has determined that all members of the Audit Committee satisfy the independence and other requirements for audit committee membership and has also made the determination that Messrs. White, Robo and Tollett each have the attributes of an audit committee financial expert as defined by the regulations of the SEC.

The Audit Committee operates under a written charter adopted by the Board. A copy of the Audit Committee Charter is available on the Corporate Governance page of the Company's website at www.jbhunt.com. It is also attached to this Proxy Notice and Statement as Appendix A. In carrying out its responsibilities, the Audit Committee, among other things:

Oversees the performance of the Company's internal audit function; and

Oversees the Company's compliance with legal and regulatory requirements.

In 2005, the Audit Committee met ten times. The Audit Committee schedules its meetings with a view to ensure that it devotes appropriate attention to all of its responsibilities and duties. The Audit Committee's meetings include, whenever appropriate, executive sessions with the Company's independent auditors and the Company's internal auditors, in each case outside the presence of the Company's management.

In performing its oversight role, the Audit Committee reviewed the audited consolidated financial statements for the 2005 calendar year and met and held discussions with management, the Company's internal auditors and Ernst & Young LLP, the Company's independent auditors, to discuss those financial statements and the audit related thereto. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with the auditing standards of the Public Company Accounting Oversight Board.

The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, as may be modified, supplemented or amended, which includes, among other items, matters related to the conduct of the audit of the Company's consolidated financial statements. The independent auditors also provided the Audit Committee with written disclosures and the letter required by Independence Standards Board Standard No. 1, as may be modified, supplemented or amended, which relates to the auditors independence from the Company and its related entities, and the Audit Committee discussed with the independent auditors their independence.

Based on the Audit Committee's discussions with management, the internal auditors and the independent auditors as described above, and upon its review of the representation of management and the independent auditors and the reports of the independent auditors, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the calendar year ended December 31, 2005, as filed with the SEC.

			0E	0E
			318,508U	4,604,983U

The above table reflects options only. The Company issued no restricted shares until October 27, 2005.

- (1) The shares shown in the table above for Mr. Thompson represent the total shares exercised. Mr. Thompson entered into a cashless transaction tendering 165,788 of shares previously owned for at least six months to pay for option costs and taxes. The actual number of net new shares acquired from this transaction was 149,856. In a cashless transaction, shares held by an individual for more than six months (mature shares) are tendered to the Company to pay the option price and tax withholdings. Such a transaction allows an individual to increase ownership in Company stock without openly selling shares in the marketplace. Shares tendered to the Company are added back to the authorized shares under the Management Incentive Plan approved by the stockholders on April 21, 2005.
- (2) Numbers reported in the table above are gross earnings, subject to income tax and applicable payroll taxes, and do not reflect the actual net value realized. Values are earned over multiple years. Election to exercise an option in calendar year 2005 should not be interpreted to mean that all value was earned in the year the option was exercised. Actual net income realized after taxes for Messrs. Garrison, Thompson, Walton, Bergant and Harper was \$1,793,989, \$2,688,925, \$1,288,025, \$1,920,925, \$1,103,658, respectively.
- (3) Values are calculated by subtracting the exercise price from the fair market value of the underlying common stock. For purposes of this table, fair market value is deemed to be \$22.64, which is the closing market price reported by NASDAQ on December 31, 2005.

The Company also submitted payment of \$10,000 on her behalf for professional fees and provided a Company match of \$3,000 to her 401(k) account.

A son-in-law of Mr. Thompson, President and Chief Executive Officer of the Company, was employed by the Company in calendar year 2005 and received in calendar year 2005 compensation that exceeded \$60,000. He was employed in calendar year 2000, prior to becoming Mr. Thompson's son-in-law.

On October 13, 2005, the Company announced a gift of \$10 million to the University of Arkansas to facilitate the construction of the new J.B. Hunt Transport Services, Inc. Center for Academic Excellence. Mrs. Hunt serves as Treasurer for the University of Arkansas Campaign for the 21st Century, and Dr. John A. White serves as Chancellor of the University of Arkansas. Neither of the aforementioned Board members was instrumental in securing the contribution, nor did either participate in the voting processes related to this transaction.

The contribution represents an investment by our Company in a growing institution, located only 10 miles from our headquarters, in the pursuit of excellence that has not only provided training and skills for many of our current employees, but also allows us to participate in the education of the next generation of J.B. Hunt Transport Services team members. The J.B. Hunt Transport Services, Inc. Center for Academic Excellence will serve as a focal point and enabling infrastructure for information technology, supply chain management, computational science and engineering, and technology-enabled education, research and outreach on the University campus to prepare students for the diverse, innovative, collaborative, team-oriented environment prevalent in today's workspace. PROPOSAL TWO - RATIFICATION OF THE APPOINTMENT OF AUDITORS

INDEPENDENT AUDITORS

On March 29, 2005, the Audit Committee of the Board of Directors concluded its proposal process for a new independent accounting firm. The Audit Committee appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the calendar year ended December 31, 2005, thereby dismissing KPMG LLP, effective immediately.

The audit reports of KPMG LLP on the consolidated financial statements of the Company and subsidiaries as of and for the years ended December 31, 2004 and 2003, and management's assessment of internal control over financial reporting as of December 31, 2004, and the effectiveness of internal control over financial reporting as of December 31, 2004, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent calendar years ended December 31, 2004 and 2003, and from December 31, 2004, through the effective date of KPMG LLP's dismissal, there have been no disagreements between the Company and KPMG LLP on any matters of accounting principles or practice, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to their satisfaction, would have caused KPMG LLP to make reference to the subject matter of such disagreements in connection with its reports. During the period described in the preceding sentence, there were no reportable events as defined in Item 301(a)(1)(iv) or (v) of Regulation S-K of the SEC's rules and regulations.

During the two calendar years ended December 31, 2004, and 2003, and from December 31, 2004 through the engagement of Ernst & Young LLP as the Company's independent accountant on March 29, 2005, neither the Company nor anyone on its behalf had consulted Ernst & Young LLP with respect to any accounting or auditing issues involving the Company. In particular, there was no discussion with the Company regarding the application of accounting principles to a specified transaction, the type of audit opinion that might be rendered on the financial statements, or any matter that was either the subject of a disagreement with KPMG LLP on accounting principles or practices, financial statement disclosure or auditing scope or procedures, which, if not resolved to the satisfaction of KPMG LLP, would have caused KPMG LLP to make reference to the matter in their reports, or a reportable event as defined in Item 304(a)(1)(iv) or (v) of Regulation S-K of the SEC's rules and regulations.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting to respond to appropriate questions. The auditors will also have the opportunity to make a statement, if they desire to do so.

The Board of Directors Recommends that the Stockholders Vote
FOR
the Ratification of the Appointment of Ernst & Young LLP
as the Company's Independent Auditors for the 2006 Calendar Year

AUDIT AND NON-AUDIT FEES

Effective January 1, 2005, Ernst & Young LLP (E&Y) became the Company's independent auditor, replacing KPMG LLP (KPMG), who had served as the Company's independent auditors for calendar year 2004. The following table represents aggregate fees billed for professional audit services rendered by each independent accounting firm to provide the audit of the Company's annual financial statements for the years ended December 31, 2005, and December 31, 2004, respectively.

	<u>2005</u>	<u>E&Y</u>	<u>2004</u>	<u>KPMG</u>
Audit fees (1)	\$	1,000,700	\$	1,012,440
Audit-related fees (2)		0		27,828
Tax fees (3)		26,320		346,792
All other fees (4)				

-
- (1) Audit fees consisted of audit work performed in the preparation of financial statements, as well as work generally only the independent auditor can reasonably be expected to provide, such as statutory audits.
 - (2) Audit-related fees consisted principally of audits of employee benefit plans and special procedures related to regulatory filings.
 - (3) Tax fees consisted principally of assistance with tax compliance and reporting.
 - (4) Ernst & Young LLP did not bill the Company for any non-audit services in calendar years 2005. KPMG LLP did not bill the Company for any non-audit services in calendar year 2004.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has the responsibility of appointing, setting compensation for and overseeing the work of the independent auditor, and has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

- (1) **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services, and consultation regarding financial accounting and/or reporting standards.
- (2) **Audit-related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- (3) **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning and tax advice.
- (4) **Other fees** are those associated with services not captured in the other categories. The Company generally doesn't request such services from the independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The members to whom such authority is delegated must report, for informational purposes only, the pre-approval decisions to the Audit Committee at its next scheduled meeting.

Expenses Related to Sarbanes-Oxley Compliance

The Company remains proactive in its approach to implementing and adhering to the regulations imposed by the Sarbanes-Oxley Act of 2002. As such, the Company incurred a substantial amount of additional expense due to the increase in legal, accounting, insurance, and Board and Committee fees. Since calendar year 2003, the Company incurred \$4.0 million in additional expense. It is anticipated that at least \$1.5 million of these expenses will continue to recur each year.

SUBMISSION OF STOCKHOLDER PROPOSALS

In order for a proposal by a stockholder to be presented at an Annual Meeting of the Company's stockholders, the proposal must be included in the related Proxy Statement and proxy form. For a stockholder proposal to be included in the Proxy Statement and proxy form for the Annual Meeting of Stockholders in 2006, the proposal must: 1) be received by the Company at its home office, 615 J.B. Hunt Corporate Drive, Lowell, Arkansas 72745, Attention: Johnelle D. Hunt, Secretary, on or before November 6, 2006; and 2) concern a matter that may be properly considered and acted upon at the Annual Meeting in accordance with applicable laws, including the Company's Bylaws and Rule 14a-8 of the Securities Act.

**J.B. HUNT TRANSPORT SERVICES, INC.
AUDIT COMMITTEE CHARTER
As amended January 28, 2003**

I. PURPOSE AND ROLE

The primary function of the Committee (the Committee) is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing with its auditors: (a) the financial reports and other financial information provided by J.B. Hunt Transport Services, Inc. (the Company) to any governmental body or the public; (b) the Company's systems of internal controls regarding finance and accounting that management and the Board have established; and (c) the Company's auditing, accounting and financial reporting processes generally.

All of the requirements in this Charter are qualified by the understanding that the role of the Committee is to act in an oversight capacity and is not intended to require a detailed review of the work performed by the independent auditors unless specific circumstances are brought to its attention warranting such a review.

The Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to the independent auditors as well as anyone in the organization. The Committee has the ability to retain, at the Company's expense, specific advisers, consultants or experts it deems necessary in the performance of its duties.

II. COMPOSITION

The Committee shall be comprised of three or more directors as determined by the Board. All of the members of the Committee must (a) be free of any relationship to the Company that may interfere with the exercise of their independence from management and the Company, and (b) not be subject to any of the other restrictions on independence set forth in rules or regulations prescribed by NASDAQ, SEC or the Public Accounting Oversight Board.

All members of the Committee shall possess a basic understanding of financial statements, including a company's balance sheet, income statement and cash flow statement or be able to do so within a reasonable period of time after their appointment to the Committee. At least one member of the Committee shall have accounting or related financial management expertise, as the Board, in its business judgment, interprets such qualification.

The members of the Committee shall be elected by the Board at the annual or any regular meeting of the Board. The members of the Committee shall serve until their successors shall be duly elected and qualified or their earlier resignation or removal. If a Chair is not elected by the full Board or is not present at a particular meeting, the members of the Committee may designate a Chair by majority vote of the Committee membership in attendance.

III. MEETINGS

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. The Committee should meet at least annually with management, the independent auditors and as a Committee, in separate executive sessions, to discuss any matters that the Committee or each of these groups believe should be discussed privately. In addition, the Committee, or at least the Chair, should meet with the independent auditors and financial management quarterly, either in person or telephonically, to review the Company's interim financial statement consistent with Section IV.3 below. The Committee Chair shall prepare and/or approve the agenda in advance of each meeting.

IV. RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties, the Committee shall perform the following:

Documents/Reports Review

1. The Committee has adopted this Charter following its approval by the Board of Directors based upon the recommendation of the Committee. The Committee shall review, and reassess the adequacy of, this Charter at least annually. The Charter shall be included as an appendix to the Company's Proxy Statement for its Annual Meeting of Stockholders at least once every three years.
2. Review and discuss with management and the independent auditors the Company's annual audited financial statements prior to filing or distribution. This review and discussion should encompass the results of the audit, including significant issues regarding accounting principles, practices and judgments.
3. Review with financial management the quarterly financial results prior to the earlier of the release of earnings or the filing of the Quarterly Report on Form 10-Q. The Chair of the Committee may represent the entire Committee for purposes of this review. In connection with such review, the Committee should ensure that the communications and discussions with the independent auditors contemplated by Statement of Auditing Standards No. 71 have been received and held.

Independent Accountants

4. Recommend to the Board of Directors the selection of independent auditors, considering independence and effectiveness, and approve the fees and other compensation to be paid to the independent accountants.
5. Make clear that the independent auditors for the Company are ultimately accountable to the Committee and the Board of Directors, that the Committee and Board of Directors have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent accountants or to nominate the independent auditor to be proposed for shareholder approval in any proxy statement.
6. Require the independent auditors to submit on a periodic basis (but at least annually) to the Committee a formal written statement in accordance with Independence Standards delineating all relationships between them and the Company, actively engage in a dialogue with them with respect to any disclosed relationships or services that may impact their objectivity and independence, and recommend that the Board of Directors take appropriate action in response to the report of the independent auditors to satisfy itself of the outside auditors' independence.

7. Review the performance of the independent auditors and approve any proposed discharge of the independent auditors when circumstances warrant.
8. Discuss with the independent auditors their audit plan.
9. Review and approve in advance all non-audit services performed by the auditing firm.

Financial Reporting Processes

10. In consultation with management and the independent auditors, consider the integrity of the Company's financial reporting processes and controls. Discuss significant financial risk reporting exposures, including off-balance-sheet arrangements and/or special-purpose entities and the steps management has taken to monitor, control and report such exposures. Review significant findings prepared by the independent auditors together with management's response.
11. Prior to releasing the year-end earnings, discuss the results of the audit with the independent auditors.
12. Discuss with the independent auditors the matters contemplated by Statement of Auditing Standards No. 61, including, without limitation, the independent accountant's judgments about the quality, not just the acceptability, of the Company's accounting principles as applied in its financial reporting.
13. Based on the review and discussions referred to previously, recommend to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K.
14. Prepare a report of the Committee to be included in the Company's Proxy Statement for its Annual Meeting of Stockholders.

Other

15. Nothing in this Charter will, or will be deemed to, decrease or modify in any manner adverse to any member of the Committee, such member's right to rely on statements and certifications made by Company's officers, employees, agents, counsel, experts and auditors.
16. Nothing in this charter will, or will be deemed to, adversely affect in any manner the rights of members of the Committee to indemnification and advancement of expenses under the Certificate of Incorporation or Bylaws of the Company or under any contract, agreement, arrangement or understanding benefiting such member.
17. Notwithstanding any other provision of this Charter, no provision of this Charter will, except to the extent required by applicable law, rule or regulation, be construed to create any duty, liability or obligation on the part of the Committee or its members.

The Committee relies on the expertise and knowledge of management, the internal auditors and the public accounting firm in carrying out its oversight responsibilities. Management of the Company is responsible for determining that the Company's financial statements are complete, accurate and in accordance with generally accepted accounting principles. The public accounting firm is responsible for auditing the Company's financial statements. It is not the duty of the Committee to plan or conduct audits, to determine that the financial statements are complete, accurate and in accordance with generally accepted accounting principles, to conduct investigations, or to assure compliance with laws and regulations of the Company's internal policies, procedures or controls.

V. **PERFORMANCE EVALUATIONS**

The Committee shall conduct a self-evaluation of its performance annually and evaluate whether this Charter appropriately addresses the matters that are or should be within its scope.

In conducting its self-evaluation, the Committee shall address all matters that it considers relevant to its performance, including, but not limited to, the following:

1. The adequacy, appropriateness and quality of the information and recommendations presented to the Committee by management, and by the Committee to the Board.
2. The manner in which such information and recommendations were discussed or debated.
3. Whether the number and length of meetings of the Committee were adequate for the Committee to complete its work in a thorough and thoughtful manner.

The Committee shall report to the Board the results of any self-evaluation, including any recommended amendments to this Charter and any recommended changes to the Company's or the Board's corporate governance policies and procedures.
