PROXY STATEMENT

This proxy statement is furnished on behalf of the board of directors of Homestore, Inc., a Delaware corporation, for use at Homestore's annual meeting of stockholders to be held on June 22, 2006 at 10:30 a.m., local time, and at any postponement or adjournment thereof. The annual meeting will be held at the Hilton Los Angeles Airport located at 5711 West Century Blvd., Los Angeles, California 90045-5631.

These proxy solicitation materials were first mailed on or about May [], 2006 to all stockholders entitled to vote at the annual meeting.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders will vote on the matters outlined in the accompanying notice of annual meeting of stockholders, including the election of two Class I directors and the approval of an amendment to our Restated Certificate of Incorporation to change the Company's name from Homestore, Inc. to Move, Inc.

There are currently four Class I directors serving on the Board of Directors of the Company. Two of those Class I directors, V. Paul Unruh and Bruce G. Willison, have been nominated and are being submitted for re-election to the holders of our common stock and Series B Convertible Participating Preferred Stock (the Series B Preferred Stock), voting as a single class as indicated under *Who is entitled to vote?* below. The other two Class I directors are Roger B. McNamee and Alan Yassky.

Separately, by virtue of their ownership of the outstanding shares of the Series B Preferred Stock, Elevation Partners, L.P. and its affiliate Elevation Employee Side Fund, LLC (together Elevation) are currently entitled to elect two directors (each, a Series B Director) pursuant to the Certificate of Designation of the Series B Preferred Stock. Following their purchase of the Series B Preferred Stock in 2005, Elevation elected Roger B. McNamee and Fred D. Anderson to the Board. Because Mr. McNamee is a Class I director, his current term expires at this annual meeting. Elevation has indicated its intent to re-elect Mr. McNamee as a Series B Director at the annual meeting. Because Mr. McNamee will be elected by Elevation, his election will not be voted on by holders of our common stock and Series A preferred stock. See Management Directors and Executive Officers for more information.

By virtue of its ownership of our sole outstanding share of Series A preferred stock, the National Association of REALTORS® has the right to elect one of our directors (such director, a Series A Director), and the National Association of REALTORS® previously exercised that right to elect Mr. Yassky as a director. The National Association of REALTORS® has indicated its intent to re-elect Mr. Yassky as a Series A Director. Because Mr. Yassky will be elected by the National Association of REALTORS®, his election will not be voted on by holders of our common stock and Series B Preferred Stock. See Management Directors and Executive Officers for more information.

Who is entitled to vote?

Only stockholders of record who owned our common stock or Series B Preferred Stock at the close of business on the record date, April 25, 2006, are entitled to vote at the annual meeting or any postponement or adjournment of the meeting.

Pursuant to the Certificate of Designation of the Series B Preferred Stock, the holders of the Series B Preferred Stock are entitled to vote with the holders of common stock, voting as a single class on any matter to come before the stockholders of the Company on an as converted basis. The holders of the common stock are not entitled to vote on the election of the Series B Director.

What is the board of directors' recommendation on the proposals?

The board of directors recommends a vote FOR the election of V. Paul Unruh and Bruce G. Willison as directors, and FOR the amendment to our Restated Certificate of Incorporation to change the Company's name from Homestore, Inc. to Move, Inc.

How do I vote?

Sign and date each proxy card you receive and return it in the postage-prepaid envelope enclosed with your proxy materials. If you are a registered stockholder and attend the annual meeting, then you may deliver your completed proxy card in person or you may vote in person at the annual meeting.

If your shares are held in street name by your broker or bank, you will receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not instruct your broker or bank how to vote, your broker or bank will vote your shares if it has discretionary power to vote on a particular matter.

Can I change my vote after I return my proxy card?

Yes, you have the right to revoke your proxy at any time before the annual meeting by notifying our corporate secretary in writing, returning a later-dated proxy card, or voting in person at the annual meeting.

Who will count the votes?

Mellon Investor Services LLC will count the votes and act as the inspector of election.

What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares. If you do not return your proxy card(s), your shares will not be voted.

What does it mean if I get more than one proxy card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Sign and return all proxy cards to ensure that all of your shares are voted. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, Mellon Investor Services (800-356-2017), or, if your shares are held in street name, by contacting the broker or bank that holds your shares.

How many shares can vote?

As of the record date, 150,200,580 shares of common stock were issued and outstanding. Each holder of common stock is entitled to one vote for each share of common stock held. In addition, as of the record date, approximately 101,189 shares of our Series B Preferred Stock, which are convertible into 24,092,579 shares of our common stock, were issued and outstanding. Each holder of Series B Preferred Stock is entitled to a number of votes equal to the number of shares of common stock into which all of the outstanding shares of Series B Preferred Stock held by such holder on the record date are convertible immediately prior to the vote, or approximately 238 votes for each share of Series B Preferred Stock held.

What is a quorum?

The presence at the meeting in person or by proxy of the holders of a majority of the shares of stock entitled to vote at the meeting will constitute a quorum for the transaction of business. Proxies marked as abstaining on any matter to be acted upon by stockholders and broker non-votes will be treated as present for purposes of determining a quorum. A broker non-vote occurs when you fail to provide voting instructions for shares you hold in street name. Under those circumstances, your broker may be authorized to vote for you on some routine matters but is prohibited from voting on other matters. Those matters for which your broker cannot vote result in broker non-votes.

What is required to approve the proposals?

For the election of the Class I directors (other than the Series A Director and the Series B Director), once a quorum has been established, the nominees for director shall be elected by a plurality of the votes cast at the meeting. Accordingly, the two nominees for director who are to be elected by holders of the common stock and the holders of Series B Preferred Stock, voting as a single class, who receive the most votes of the common stock and the Series B Preferred Stock (on an as converted basis) will become Class I directors of Homestore.

To amend the Restated Certificate of Incorporation to change the Company's name from Homestore, Inc. to Move, Inc., the affirmative vote of the holders of a majority of the outstanding shares of common stock and Series B Preferred Stock (on an as converted basis) entitled to vote must be voted in favor of the proposal.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, the affected shares will be counted as shares present for the purpose of determining the presence of a quorum. Broker non-votes will be treated as not entitled to vote with respect to the election of a director and will have no impact on the outcome of the vote with respect to this proposal. A broker non-vote as to any share entitled to vote with respect to the proposal to amend the Restated Certificate of Incorporation will have the same effect as a vote against the proposal, because it is one less vote for approval.

What happens if I abstain?

Proxies marked abstain will be counted as shares present for the purpose of determining the presence of a quorum, but for purposes of determining the outcome of a proposal, shares represented by these proxies will not be treated as affirmative votes. With respect to the proposal to amend the Restated Certificate of Incorporation, which requires the approval of holders of a majority of the outstanding shares of common stock and Series B Preferred Stock (on an as converted basis) entitled to vote as of the record date, an abstention will have the same effect as a vote against the proposal, because it is one less vote for approval. For proposals requiring the approval of holders of a majority of the shares of common stock and Series B Preferred Stock (on an as converted basis) entitled to vote thereon that are present in person or represented by proxy at the meeting, an abstention will have no impact on the outcome of the vote with respect to such proposal. With respect to the election of directors, you may vote FOR one or both nominees or WITHHOLD AUTHORITY to vote for one or both nominees, with no separate provision to abstain in such vote.

How will Homestore solicit proxies?

We have retained Mellon Investor Services to assist in the distribution of proxy materials. The costs and expenses of preparing and mailing proxy solicitation materials for the annual meeting and reimbursements paid to brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy solicitation materials to stockholders will be borne by us. We have not retained a proxy solicitation service to assist in soliciting proxies. If, however, a proxy solicitation service is retained, the costs will be borne by us. Proxies may also be solicited in person, by telephone, or by facsimile by our directors, officers, and employees without additional compensation being paid to these persons.

PROPOSAL 1 ELECTION OF DIRECTORS

Our bylaws provide that the authorized number of directors may be fixed by resolution of the board of directors from time to time, provided, however, that the number of directors shall not be increased above eleven directors nor decreased below seven directors without stockholder approval. Currently, the board has fixed the number of directors at ten. Our board is currently divided into three classes as nearly equal in size as possible and generally

with staggered three year terms. The term of office for Class I directors expires at the annual meeting for which we are hereby soliciting proxies; the term of office for the Class II and Class III directors will expire at the annual meeting of stockholders to be held in 2007 and 2008, respectively, or upon a director's earlier death, resignation or removal. At our 2005 annual meeting of stockholders, the stockholders approved our Restated Certificate of Incorporation, which became effective when it was filed with the Secretary of State of the State of Delaware on June 23, 2005. This Restated Certificate of Incorporation effected amendments to our Certificate of Incorporation as then in effect resulting in the elimination of the classification of our board of directors in 2008. In particular, pursuant to our Restated Certificate of Incorporation, the terms of the directors that were elected at our annual meeting of stockholders in 2005, as well as those directors that are to be elected at the annual meeting for which we are hereby soliciting proxies and at the annual stockholders meeting in 2007, will expire in 2008, and beginning with our 2008 annual stockholders meeting, all directors will be elected at each annual meeting for a term of one year. The Restated Certificate of Incorporation also provides that, notwithstanding the above, each director shall hold office until such director's successor is elected and qualified, or until such director's earlier death, resignation or removal.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Class I director nominees named in the proxy card. If any nominee is unable or declines to serve as a Class I director at the time of the annual meeting, the proxies will be voted for any nominee designated by the present board of directors to fill the vacancy. Each of the nominees named in the proxy card has agreed to serve as director, if elected.

The nominees for election as Class I directors by the holders of our common stock and the holders of the Series B Preferred Stock, voting as a single class, are V. Paul Unruh and Bruce G. Willison. As described elsewhere herein, the National Association of REALTORS® has indicated its intent to re-elect Mr. Yassky as the Series A Director, and Elevation has indicated its intent, separately, to re-elect Mr. McNamee as a Series B Director at the annual meeting. Information about these nominees, our other directors and executive officers is set forth below in the section entitled "Management - Directors and Executive Officers."

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR EACH OF THE CLASS I DIRECTOR NOMINEES LISTED IN THE PROXY CARD.

PROPOSAL 2 AMENDMENT OF THE RESTATED CERTIFICATE OF INCORPORATION TO CHANGE THE COMPANY'S NAME FROM HOMESTORE, INC. TO MOVE, INC.

On February 22, 2006, we announced in a press release and in a Current Report on Form 8-K our intention to change the Company's name to Move, Inc. to coincide with an expanded commitment to offering consumers comprehensive real estate listings, decision support tools, and access to qualified move-related service providers. This enhanced consumer focus is intended to enable Move to create even more effective advertising venues for a broader range of advertisers.

The new name unifies the Company's strategy of providing a platform for connecting consumers with Realtors, home builders, rental property owners and other move-related advertisers before, during and after a move.

Accordingly, an amendment to the Restated Certificate of Incorporation to change the Company's name from Homestore, Inc. to Move, Inc. has been determined to be in the best interest of the Company and has been approved and declared advisable by the Board, and the Board has directed that the proposed amendment be considered and presented for stockholder approval at the annual meeting.

If Proposal 2 is approved by our stockholders, we plan to file a Certificate of Amendment to the Restated Certificate of Incorporation. Pursuant to the Certificate of Amendment, Article I of the Restated Certificate of Incorporation will be amended to read in its entirety as follows:

The name of the Corporation (the "Corporation") is: Move, Inc.

Notwithstanding anything herein to the contrary, and notwithstanding stockholder approval of Proposal 2, our Board of Directors may abandon such amendment to the Restated Certificate of Incorporation prior to its effectiveness under applicable law.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE PROPOSAL TO AMEND THE COMPANY S RESTATED CERTIFICATE OF INCORPORATION TO CHANGE THE COMPANY S NAME FROM HOMESTORE, INC. TO MOVE, INC.

By virtue of its ownership of our sole outstanding share of Series A preferred stock, the National Association of REALTORS® has the right to elect one of our directors, and the National Association of REALTORS® has exercised that right to elect Mr. Yassky as a director. Although Mr. Yassky is a Class I director, because he will be elected by the National Association of REALTORS®, his election will not be voted on by holders of our common stock and Series B Preferred Stock.

Pursuant to the Certificate of Designation for the Series B Preferred Stock, the holders of Series B Preferred Stock, voting as a separate class, are entitled to elect the two Series B Directors to the Board. Thus by virtue of their ownership of the outstanding shares of our Series B Preferred Stock, Elevation currently has the right to designate and to elect two of our directors, and Elevation exercised that right in 2005 to elect Messrs. Anderson and McNamee as directors. Because Mr. McNamee is a Class I director, he is up for election again at this annual meeting. If, however, the aggregate number of shares of Series B Preferred Stock issued on the original issuance date, November 29, 2005, that are outstanding on the record date for determining the stockholders entitled to vote at the next annual meeting of stockholders falls below two-thirds but is at least one-third of the shares of Series B Preferred Stock issued on November 29, 2005 (100,000 shares were issued on that date), as adjusted for certain events, then the holders thereof will be entitled to elect only one Series B Director as a separate class. Subject to certain limitations, only holders of Series B Preferred Stock are entitled to remove or fill vacancies for Series B Directors.

In addition, pursuant to the Stockholders Agreement between the Company and Elevation dated November 29, 2005 (the "Elevation Stockholders Agreement"), following the conversion of any of the 100,000 shares of Series B Preferred Stock originally purchased by Elevation on November 29, 2005 into shares of common stock (and without duplication of the Board seats provided for in the provisions above) for so long as Elevation holds at least a number of converted shares equal to two-thirds of the purchased shares on an as converted basis, Elevation Partners, L.P. shall have the right to nominate two directors for election to the Board, and for so long as Elevation holds a number of converted shares equal to less than two-thirds but at least one-third of the purchased shares on an as converted basis, Elevation Partners, L.P. shall have the right to nominate one director for election to the Board. The Elevation Stockholders Agreement also provides that Elevation is required to vote their shares in the manner recommended by the Board of Directors with respect to the election or removal of directors, other than any of the Series B Directors.

Joe F. Hanauer has served as one of our directors since November 1996, as vice chairman of the board from November 2001 to January 2002, chairman of the board since January 2002 and lead independent director since December 2004; he was the National Association of REALTORS® representative on the board through November 2000. Mr. Hanauer is a Class III director. Since 1988, Mr. Hanauer, through Combined Investments, L.P., has directed investments in companies primarily involved in real estate and financial services. From November 1999 to April 2001, Mr. Long served as chairman of the board and as a director of Healthon/WebMD Corporation (Healthon/WebMD; now known as Emdeon Corporation), a provider of healthcare information services and technology solutions. Meetings and Committees of the Board of Directors

Other than Mr. Long, due to his position as our chief executive officer, Mr. Yassky, due to his position with the National Association of REALTORS®, and Messrs. Anderson and McNamee for reason described below, the board of directors has determined that each member of the board meets the requirements for being independent as defined by applicable law, SEC rules and regulations, and NASDAQ listing standards, each as they may be interpreted and amended from time to time, as well as other legal requirements applicable to us. As described in "Certain Relationships and Related Transactions" Transactions with Elevation Partners, the Company made \$2,321,577 in payments to Elevation in connection with the investment by Elevation in our Series B Preferred Stock. Because of their relationship with Elevation and the payments made by the Company to or on behalf of Elevation in connection with the sale of Series B Preferred Stock, Messrs. Anderson and McNamee are not considered to be independent under NASDAQ listing standards and thus are not considered independent by the board of directors. The board of directors may reevaluate this conclusion if the Company receives an interpretation from NASDAQ of its listing standards that some or all of the payments to Elevation are not required to be counted in applying the applicable test under the NASDAQ independence rule.

The board of directors held a total of twelve meetings during the year ended December 31, 2005. During that period, each director attended at least 75% of the aggregate of the total number of meetings of the board (held during the period for which he has been a director) and the total number of meetings of all committees of the board on which that director served (during the periods that he served). The board has the following standing committees: an audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, a management development and compensation committee, and a governance and nominating committee. The charters of these committees, as well as our corporate governance guidelines, code of conduct and business ethics, and other governing documents, can be found on our website at <http://ir.move.com/phoenix.zhtml?c=111114&p=irol-govHighlights>.

Audit Committee

The audit committee's principal functions are to:

- independently and objectively monitor the periodic reporting of our financial condition and results of operations;
- monitor reviews of the adequacy of the accounting and financial reporting processes and systems of internal control conducted by our independent auditors and financial and senior management;
- review and evaluate the independence and performance of our independent auditors;
- approve related party transactions;
- retain and manage the relationship with our independent auditors; and
- facilitate communication among our independent auditors, management and the board of directors.

Our audit committee consists of Messrs. Klein, Willison and Unruh. Each of the members of the audit committee meets the standards of independence applicable to audit committee members under applicable SEC rules and NASDAQ listing standards. The board has determined that Mr. Unruh meets the requirements of an audit committee financial expert as defined in SEC rules and regulations. The audit committee held eleven meetings during 2005. The charter of the audit committee, reflecting amendments made to the charter by the board in 2006, is included as Appendix A to this proxy statement.

Management Development and Compensation Committee

The management development and compensation committee's principal functions are to:

- review the ongoing development of our leadership development programs, succession planning, mission statement and operating values;
- review, evaluate and make recommendations to the board of directors with respect to management's proposals regarding our overall compensation policies, including as they relate to the board, our chief executive officer and other executive officers, and other senior officers and employees; and
- administer and make recommendations to the board with respect to our incentive-compensation plans and equity-based compensation plans.

Our management development and compensation committee consists of Messrs. Hanauer and Willison. Until March 16, 2005, Mr. Doerr also served as a member of the management development and compensation committee. Each of these directors is a non-employee director within the meaning of Section 16 of the Securities Exchange Act, an outside director within the meaning of Section 162(m) of the Internal Revenue Code and an independent director under applicable NASDAQ listing standards. The management development and compensation committee held four meetings during 2005.

Governance and Nominating Committee

The governance and nominating committee's principal functions are to:

- identify and make recommendations to the board of directors on individuals qualified to serve as our board members;
- review and re-evaluate our corporate governance guidelines at least twice per year;
- review and recommend the re-nomination of incumbent directors;
- review and recommend appointments to other committees;
- lead the board in its annual review of the board's performance; and
- perform other tasks, such as studying the size, committee structure, or meeting frequency of the board.

Edgar Filing: HOMESTORE INC - Form PRE 14A

Our governance and nominating committee consists of Messrs. Hanauer and Kelvie. Until March 16, 2005, Mr. Doerr also served as a member of the governance and nominating committee. Each of these directors is an independent director under applicable NASDAQ listing standards. The committee held two meetings during 2005.

The governance and nominating committee will consider all stockholder recommendations for candidates for the board, which should be sent by stockholders to the governance and nominating committee, in the care of our Secretary, in accordance with the timeliness and information requirements of our Bylaws. To facilitate consideration by the governance and nominating committee, the recommendation should also be accompanied by a full statement of the qualifications of the recommended nominee and the consent of the recommending stockholder to be named in our proxy materials. In addition to considering candidates suggested by stockholders, the governance and nominating committee considers potential candidates recommended by current directors, company officers, employees and others.

Potential new board members are identified, screened, recommended, and nominated by the governance and nominating committee. The governance and nominating committee screens all potential candidates in the same manner regardless of the source of the recommendation. Any vacancy on the board is filled by the affirmative vote of a majority of the independent board members then in office.

In addition to the mandatory retirement age of 75, the governance and nominating committee has adopted the following criteria for the evaluation of director nominees:

the board as a whole shall be appropriately diverse with members coming from targeted industries and a variety of career paths and skill sets, including experience in business and management, leadership and strategic planning and crisis response;

the board seeks to attract members from several industries, including technology, the Internet, real estate, real estate finance or related activities, financial services, media, marketing, accounting and finance, education and other core industries related to Homestore;

we expect that a preponderance of the board's members will have occupied positions in senior management, including CEO positions, with companies engaged in the industries referenced above and that the related companies will have generated at least \$250 million in revenues annually;

all board members must be able to meet the time commitment of active board responsibility, and no candidate will be nominated for director if the board determines that such candidate serves on a number of other boards of directors, or has extensive other obligations, that prevent such candidate from meeting the time commitments required for service on the board;

the board seeks members representing a diversity of skill sets in order to both enable the board to consider the variety of issues it expects to consider, as well as to offer management the kinds of resources they may need to operate more effectively; and

board members are sought who possess personal integrity and high moral and ethical standards, and who can be expected to be committed to represent the long-term interests of stockholders.

As part of its settlement of a class action lawsuit in 2003, the Company adopted certain corporate governance principles, including a procedure for the nomination of a new shareholder-nominated director whereby a designee of the California State Teachers' Retirement System will work in coordination with the chairman of the board to identify potential independent director nominees. The Company paid fees in 2005 to a professional search firm to assist in identifying potential nominees in connection with this process.

The board provides a process for stockholders to send communications to the entire board or any of the directors individually. Stockholders may send written communications to the board, or to any of the individual directors, in the care of our Secretary. All communications will be compiled by the Secretary and are forwarded to the addressees or distributed at the next scheduled board meeting.

The board of directors encourages its members to attend our annual meeting of stockholders. Messrs. Hanauer, Kelvie, Klein, Long, Unruh, Willison and Yassky attended our 2005 annual meeting.

Director Compensation

Non-employee directors receive an annual retainer of \$25,000 in cash, which is paid in quarterly installments. Each committee chair receives an additional annual retainer of \$5,000 in cash, except the chairman of the audit committee receives \$10,000 in cash. Each of these directors also receives \$1,500 in cash per meeting for each board meeting attended in person (and \$1,000 for each telephonic meeting attended after April 4, 2005) that requires a significant commitment of time. In addition, members of the committees of the board receive, depending on the committee, either \$2,000 or \$1,500 for each committee meeting attended (and either \$1,500 or \$1,000 for each telephonic meeting attended after April 4, 2005) that requires a significant commitment of time. Mr. Hanauer, in his capacity as chairman of the board, receives an additional annual retainer of \$70,000 in cash, which is paid in quarterly installments.

In June 2005, each non-employee director (other than any director who is entitled to a seat on our board of directors on a contractual basis) was granted 15,000 restricted shares of our common stock under our 1999 Stock Incentive Plan. Mr. Hanauer, in his capacity as chairman of the board, was granted an additional 15,450 restricted shares. No options were included as part of these 2005 grants to directors. Each restricted share will vest three years after the grant date. All restricted stock will immediately vest if the director is not nominated for re-election, is nominated for re-election and is not elected or must resign due to health reasons, or upon such director's death. Upon a director's resignation or termination for other reasons, including but not limited to business conflicts with us, all of the director's unvested restricted stock will be terminated immediately.

Stock Option Grants in 2005

The following table sets forth grants of stock options to the named executive officers in 2005.

All options granted to the named executive officers in 2005 are either incentive stock options or nonqualified stock options. The options expire ten years from the date of grant and were granted at an exercise price equal to the fair market value of our common stock on the date of grant.

Potential realizable values are computed by (a) multiplying the number of shares of common stock subject to a given option by the exercise price per share, (b) assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rates shown in the table for the entire ten-year term of the option, and (c) subtracting from that result the aggregate option exercise price. The 5% and 10% assumed annual rates of stock price appreciation are provided in accordance with the rules of the SEC and do not represent our estimate or projection of future common stock prices.

The Committee acts on behalf of the board of directors to establish the general compensation policy of the Company. The Committee reviews base salary levels, target bonuses, and other elements of compensation for the chief executive officer (CEO) and other executive officers of the Company each year. The Committee also administers the Company's incentive and equity plans, including the Company's 1999 Stock Incentive Plan and 2002 Stock Incentive Plan. The Committee believes that, to help the Company become a strong, profitable, and attractive enterprise, a proper combination of cash and equity compensation provides the best incentive to attract talented management, encourage outstanding performance and align management and stockholder interests.

The Committee's philosophy in compensating executive officers of the Company is to relate compensation to corporate, business unit and individual performance, and increases in shareholder value, while providing a total compensation package that is competitive and enables the Company to attract, motivate, reward and retain key executives and employees. Consistent with this philosophy, annual salary adjustments and the cash incentive component of executive officer compensation is determined after a review of the Company's and individual's performance for the previous year. The long-term equity incentives for executive officers may be stock options and/or restricted stock granted under the Company's stock incentive plans. In order to ensure that the compensation program is competitive and appropriate, the Committee has from time to time retained an independent consulting firm to review the compensation policy for Company executives and to compare it to executive compensation provided by other companies considered comparable to the Company in terms of size, type of business, performance, position and compensation philosophy. The Committee also uses salary surveys obtained from time to time for reference purposes, but it does not target salaries to a specific level of comparable compensation.

2005 Executive Compensation

Executive compensation for 2005 included base salary, cash bonuses, and stock option grants. Base salaries for the Company's executive officers are evaluated annually and are based on the executive's contribution to Company performance, level of responsibility, experience and breadth of knowledge. In the second quarter of 2005, the Committee approved a bonus plan for 2005 for the Company's executives for performance based on the following measures: Company results of operations, Company financial position, and the executive's individual contribution to the Company's results.

The Company in the past has relied heavily on long-term equity-based compensation to compensate and incentivize its executive officers. In 2005, stock options were granted to certain executive officers to aid in retaining them and to align their interests with those of the stockholders. Stock options typically have been granted to executive officers when the executive first joins the Company, in connection with a significant change in responsibilities and periodically to achieve equity within the executive's peer group and comparable companies. The number of shares subject to options granted is within the discretion of the Committee and is based on the executive's anticipated future contribution to corporate and/or business unit results, past performance, and work consistency within the executive's peer group.

2005 CEO Compensation

As described in the section of the Company's proxy statement in which this Report is to be included entitled Employment-Related Agreements, the Company entered into an employment agreement with Mr. Long with respect to his services as CEO commencing in January 2002. The Committee's executive compensation philosophy described above applies in all respects to Mr. Long. The Committee believes that Mr. Long's base salary for 2005,

\$500,000, was commensurate with the compensation paid to chief executive officers with similar experience at comparable companies. Mr. Long was awarded a \$775,000 cash bonus for 2005 related to his continuing contributions to the Company's restructuring and integration efforts, achievement of the Company's first calendar year of positive net income and the achievement of individual performance objectives set by the Committee.

Section 162(m) of the Internal Revenue Code of 1986

Section 162(m) of the Internal Revenue Code of 1986, as amended, disallows the deduction for certain compensation in excess of \$1 million paid to certain executive officers of the Company, unless the compensation qualifies as performance-based as defined in the Code and applicable regulations. In order to maintain flexibility, the Committee reserves the discretion to determine whether to seek to comply with the requirements of 162(m) based on the goals and objectives established by the Committee. The Company believes that stock options granted in 2005 satisfy the requirements for performance-based compensation, but all other compensation of executives in 2005 was subject to the Section 162(m) limits on deductibility.

STOCK PERFORMANCE GRAPH

The following graph compares, for the period beginning December 29, 2000 through December 30, 2005, during which our common stock has been registered under Section 12 of the Exchange Act (including the period from November 18, 2002 through January 2, 2004 during which our common stock was listed on the NASDAQ SmallCap Market), the cumulative total stockholder return for our common stock, The NASDAQ National Market Index (U.S. Companies), and the Hemscott Group Index (formerly Media General's Internet and Software Services Index). The results reflected in the graph assume the investment of \$100 on December 31, 2000 in our common stock and those indices and reinvestment of dividends by those companies that paid dividends. The information contained in this graph was prepared by Hemscott, Inc.

HOMESTORE, INC.
CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS

I. Purpose

The purpose of the Audit Committee (the *Committee*) of the Board of Directors (the *Board*) of Homestore, Inc. (the *Company*) is to assist the Board in fulfilling its statutory and fiduciary oversight responsibilities relating to the Company's financial accounting, reporting and controls. In particular, the Committee's purpose is to assist Board oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditors' qualifications and independence and (4) the performance of the Company's internal audit staff and independent auditors.

As such, the Committee shall have the following primary responsibilities: (a) to independently and objectively monitor the periodic reporting of the Company's financial condition and results of operations; (b) to monitor reviews of the adequacy of the accounting and financial reporting processes and systems of internal control conducted by the Company's independent auditors and financial and senior management; (c) to review and evaluate the independence and performance of the Company's independent auditors; (d) to retain and manage the relationship with the Company's independent auditors; and (e) to facilitate communication among the Company's independent auditors, internal auditors, management and the Board, within the scope of this Charter of the Audit Committee of the Board of Directors (the *Charter*) and consistent with the Certificate of Incorporation and Bylaws of the Company, as the Committee deems necessary or appropriate. The Committee will fulfill these functions primarily by carrying out the activities enumerated in Part IV of this Charter. In order to serve these functions, the Committee shall have unrestricted access to Company personnel (including its legal and financial advisors) and documents and shall have authority to direct and supervise an investigation into any matters within the scope of its duties, including the power to retain outside counsel or other advisors in connection with any such investigation.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete, accurate and prepared in accordance with generally accepted accounting principles or to certify the Company's financial statements. Those processes and determinations are the responsibility of management and/or the Company's independent auditors. Similarly, it is not the duty of the Committee to conduct investigations or to assure the compliance of the Company's policies and procedures with applicable laws and regulations.

II. Membership

All members of the Committee will be appointed by the Board based on the recommendation of the Company's Governance and Nominating Committee. Further, all Committee members shall be members of, and serve at the discretion of, the Board. Unless a chairperson (*Chairperson*) is appointed by the full Board, the members of the Committee may designate a Chairperson by majority vote of the Committee membership. The Board may at any time remove one or more directors as members of the Committee and may fill any vacancy on the Committee.

The Committee shall consist of at least three, but no more than five members, with the exact number being determined by the Board. No member of the Committee shall be an officer, employee or consultant of the Company or any subsidiary or have any other relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Committee member. Each member of the Committee shall be *independent* as defined by applicable law, SEC rules and regulations, and the rules of the NASDAQ, each as they may be interpreted and amended from time to time, as well as other legal requirements applicable to the Company (*Applicable Law, Rules and Regulations*), except as otherwise permitted by Applicable

Law, Rules and Regulations and as determined by the Board's independence review process. Each member of the Committee shall have the ability to read and understand fundamental financial statements and a working familiarity with basic finance and accounting principles at the time he or she joins the Committee, and at least one member shall have met the requirements of an audit committee financial expert as required by Applicable Law, Rules and Regulations. No member of the Committee shall have been a partner or employee of the Company's independent auditors, or former partner or former employee of such auditors, for a period of three years after that person's employment with such auditors terminates and no member of the Committee shall have participated in the preparation of the financial statements of the Company or of any current subsidiary of the Company at any time during the past three years.

III. Meetings

The Committee shall meet with such frequency, and at such times as its Chairperson, or a majority of the Committee, or the Board, determines or as frequently as required by Applicable Law, Rules and Regulations; provided, however, that the Committee shall meet no less frequently than once per quarter. The Committee may establish rules and procedures for the conduct of its meetings that are consistent with this Charter. A majority of the members of the Committee shall constitute a quorum. When a quorum is present at any meeting, a majority of the Committee members present may take any action or make any recommendation to the Board, except where otherwise required by Applicable Law, Rules and Regulations. Written minutes should be kept of all such meetings of the Committee.

The Committee shall report its activities and recommendations to the Board at the Board's next scheduled meeting or as otherwise appropriate, including through the preparation of a quarterly written report to the Board summarizing the Committee's activities, conclusions, and recommendations, which report shall include, but not be limited to, the information required in the Company's annual proxy statement and/or annual report. The Committee members, or the Chairperson of the Committee on behalf of all of the Committee members, should communicate with management, internal auditors and the independent auditors on a quarterly basis in connection with their review of the Company's financial statements. The Committee must disclose that (1) each member has met, and continues to meet, the independence and other Committee membership requirements; (2) it has adopted a written charter; and (3) it has annually reviewed and reassessed the adequacy of its charter. The Committee shall disclose in the Company's proxy statement that the Committee is governed by a charter and include a copy of the charter in the proxy statement at least once every three years.

IV. Responsibilities and Duties

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. These processes are set forth as a guide, with the understanding that the Committee may supplement them as appropriate and may establish other policies and procedures from time to time that it deems necessary or advisable in fulfilling its responsibilities. To these ends, the Committee shall have and may exercise all of the powers and authority of the Board to the extent permitted under the Delaware General Corporation Law.

10. Review whether management has sought a second opinion regarding any significant accounting issue and, if so, obtain the rationale for the particular accounting treatment chosen.
11. Review, and discuss with management and the independent auditors, as appropriate, the Company's quarterly and annual financial statements, including any report or opinion of the independent auditors, and earnings press releases (including the Company's use of pro-forma or adjusted non-GAAP financial information), as well as financial information and earnings guidance provided to analysts and ratings agencies, prior to distribution to the public or filing with the Securities and Exchange Commission.
12. In connection with the Committee's review of the annual financial statements:

These discussions should include the independent auditors' judgments about the quality and appropriateness of the Company's accounting principles, the reasonableness of significant judgments, the clarity of the disclosures in the Company's financial statements, any audit problems or difficulties, including any restrictions on the scope of work or access to required information, and management's response to these matters.

The Committee shall be directly responsible for the evaluation and oversight of the work of the Company's independent auditors (including resolution of disagreements between management and the independent auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company; provided, that the Committee shall be prohibited from retaining independent auditors if any member of the Company's senior management was a partner or employee of such auditors within the prior two years. The Board of Directors may approve a waiver of the preceding proviso if (a) the Company acquires a member of senior management who was a partner or employee of a retained independent auditing firm as a result of a future acquisition or (b) if necessary to permit competition for retention by at least two national independent auditing firms. With sole authority, the Committee shall approve all audit engagement fees and terms, which fees and related costs the Company shall pay promptly to the independent auditors in accordance with the Company's normal business practices. The Committee shall pre-approve, including pursuant to established policies and procedures for pre-approval, or have pre-approved by a member of the Committee delegated the authority to grant pre-approvals, any audit or significant permitted non-audit service provided to the Company by the Company's independent auditors and ensure that any such non-audit service be disclosed to stockholders in the appropriate periodic report of the Company. If a member of the Committee pre-approves such service, the decisions of such member shall be presented to the full Committee at its next scheduled meeting. No such services that are prohibited under applicable law shall be approved. The Company shall not be prohibited from retaining the independent auditors to assist in tax matters.

3. At least annually, make inquiries of management and internal auditor staff regarding the qualification, independence and performance of the independent auditors.
4. At least annually, obtain and review a report by the independent auditors describing: the independent auditors' internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues; and (to assess the independent auditors' independence) all relationships between the independent auditors and the Company.
5. Review and approve processes and procedures to ensure the continuing independence of the Company's independent auditors. These processes shall include obtaining and reviewing, on an annual basis, a letter from the independent auditors describing all relationships between the independent auditors and the Company required to be disclosed by Independence Standards Board Standard No. 1, reviewing the nature and scope of such relationships and requiring discontinuance of any relationships that the Committee believes could compromise the independence of the auditors (including but not limited to requiring audit partner rotation every five years or otherwise in accordance with Applicable Laws, Rules and Regulations and requiring that the independent auditors have no conflicts of interests with the Company), and setting clear Company hiring policies for employees or former employees of the independent auditors, which shall include, among other policies, prohibitions on the hiring of any partner or employee of the Company's independent auditors, or former partner or former employee of such auditors, for a period of three years after that person's employment with such auditors terminates, to serve as a member of management in the finance and accounting department of the Company.

9. At least annually review the adequacy of this Charter and recommend any proposed changes to the Board for approval. Include a copy of this Charter as an appendix to the Company's proxy statement at least once every three years as required by the rules and regulations of the Securities and Exchange Commission as they may be amended from time to time.
10. Perform any other activities required by Applicable Law, Rules and Regulations and perform other activities that are consistent with this Charter, the Company's Bylaws and governing laws, as the Committee or the Board deems necessary or appropriate.
11. Implement and enforce, together with the Company's Chief Executive Officer and Chief Financial Officer, a revenue recognition policy at the Company that conforms to all relevant accounting standards, including generally accepted accounting principles in the United States, and that is designed to prevent material misstatements and omissions in the Company's financial statements. Fully apprise all employees of the Company involved in revenue recognition of such revenue recognition policy.

In addition to the indemnification, exculpation and similar rights and provisions contained in the Company's Certificate of Incorporation and Bylaws or in statutory and common law and in addition to applicable insurance, the Committee, and each member of the Committee in his or her capacity as such, shall be entitled to rely, in good faith, on information, opinions, reports or statements, or other information prepared or presented to them by (i) officers and other employees of the Company, whom such member believes to be reliable and competent in the matters presented; and (ii) counsel, public accountants or other persons as to matters which the members believe to be within the professional competence of such person.
