NOTICE OF AVAILABILITY OF PROXY MATERIALS

Pursuant to rules adopted by the Securities and Exchange Commission ("SEC"), the Company is providing stockholders with access to its proxy materials over the Internet. As a result, the Company is mailing to many of its stockholders a Notice Regarding Availability of Proxy Materials (the "Notice of Availability") instead of a paper copy of the proxy materials. All stockholders receiving the Notice of Availability will have the ability to access the proxy materials over the Internet and to request a paper copy by mail by following the instructions in the Notice of Availability. In addition, the proxy card contains instructions for electing to receive proxy materials over the Internet or by e-mail in future years. Mailing of paper copies of this Notice of Annual Meeting of Stockholders and Proxy Statement will begin on or about February 8, 2018. The principal executive offices of the Company are located at 321 Railroad Avenue, Greenwich, Connecticut 06830 (telephone: 203-863-8200).

QUESTIONS AND ANSWERS**

Why am I receiving this Proxy Statement?

You are receiving these materials because you owned our Common Shares or Class A Common Shares as a "registered" stockholder or you held Common Shares or Class A Common Shares in "street name" at the close of business on January 22, 2018, the record date for the Annual Meeting, and that entitles you to vote at our Annual Meeting to be held at 2:00 p.m. on Wednesday, March 21, 2018 at Six Landmark Square, 9th Floor, Stamford, CT 06901, or any postponements or adjournments of such meeting, for the purposes set forth in the Notice of Annual Meeting of Stockholders (the "Notice of Meeting"). This Proxy Statement contains information related to the solicitation of proxies for use at the Annual Meeting.

We had 9,818,598 Common Shares and 29,821,877 Class A Common Shares issued and outstanding on January 22, 2018.

Who is soliciting my proxy?

This solicitation of proxies is made by and on behalf of our Board of Directors. We will pay the costs of soliciting proxies, which will consist primarily of the cost of printing, postage and handling. In addition to soliciting proxies by mail, our officers, directors and other employees, without additional compensation, may solicit proxies personally or by other appropriate means. It is anticipated that banks, brokers, fiduciaries, custodians and nominees will forward proxy soliciting materials to their principals, and that we will reimburse these persons' out-of-pocket expenses. We may also hire a proxy solicitation firm at a standard industry compensation rate, but do not currently intend to do so.

Table of Contents

What is the difference between a “registered” stockholder and a stockholder holding shares in “street name?”

If your Common Shares or Class A Common Shares are registered directly in your name with Computershare, Inc., our transfer agent, you are a “registered” stockholder. If you own Common Shares or Class A Common Shares through a broker, bank, trust or other nominee rather than in your own name, you are the beneficial owner of the Common Shares or Class A Common Shares, but considered to be holding the Common Shares or Class A Common Shares in “street name.”

Who can attend the Annual Meeting?

If you are a holder of record of our Common Shares or Class A Common Shares at the close of business on January 22, 2018, the record date for the Annual Meeting, you are authorized to attend the Annual Meeting. You will be asked to present proof of share ownership and valid picture identification, such as a driver’s license or passport, before being admitted. If your common stock is held beneficially in the name of a bank, broker or other holder of record (i.e., street name), you will be asked to present proof of your ownership by presenting a bank or brokerage account statement reflecting your ownership as of the record date. Cameras, recording equipment and similar electronic devices will not be permitted to be used at the Annual Meeting. We may waive any one of these requirements on a case-by-case basis.

What are the voting rights of stockholders?

Holders of record of Common Shares and Class A Common Shares of the Company as of the close of business on the record date, January 22, 2018, are entitled to receive notice of, and to vote at, the Annual Meeting. The outstanding Common Shares and Class A Common Shares constitute the only classes of securities entitled to vote at the Annual Meeting. Each Common Share entitles the holder thereof to one vote and each Class A Common Share entitles the holder thereof to 1/20 of one vote. At the close of business on January 22, 2018, there were 9,818,598 Common Shares issued and outstanding and 29,821,877 Class A Common Shares issued and outstanding.

What will constitute a quorum at the Annual Meeting?

The presence, either in person or by properly executed proxy, of stockholders entitled to cast a majority of all votes entitled to be cast at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting, permitting the stockholders to conduct business at the Annual Meeting. Each Common Share outstanding on January 22, 2018, the record date, entitles the holder thereof to one vote and each Class A Common Share outstanding on the record date entitles the holder thereof to 1/20 of one vote.

We will include properly executed proxy cards marked “for,” “against,” “withhold” or “abstain” and broker “non-votes” as present at the Annual Meeting for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares.

How many votes are needed to approve each of the proposals?

Directors are elected by a majority of the votes cast. Ratification of our independent registered public accounting firm will require the affirmative vote of the holders of not less than a majority of the votes cast at the Annual Meeting, in person or by properly executed proxy.

Table of Contents

How do I vote?

If you are a “registered” holder of Common Shares or Class A Common Shares at the close of business on January 22, 2018, the record date for the Annual Meeting, you can vote either in person at the Annual Meeting or by proxy without attending the Annual Meeting. We urge you to vote by proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the Annual Meeting in person, you may vote at the meeting and your proxy will not be counted. You can vote by proxy by any of the following methods:

Voting by Telephone or Through the Internet. If you are a “registered” stockholder, you may vote by proxy by using either the telephone or Internet methods of voting. Proxies submitted by telephone or through the Internet must be received by 11:59 p.m., eastern daylight time, on March 20, 2018. Please see the Notice of Availability or proxy card for instructions on how to access the telephone and Internet voting systems.

Voting by Proxy Card. A proxy is your legal designation of another person (the “proxy”) to vote your shares on your behalf. By completing your proxy through the Internet, by telephone or by returning a completed proxy card, you are giving Willing L. Biddle, President and Chief Executive Officer, and Miyun Sung, Senior Vice President, Chief Legal Officer and Secretary, the authority to vote your shares in the manner you indicate on your proxy. Accordingly, your Common Shares or Class A Common Shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote by signing and returning your proxy card in advance. Each “registered” stockholder electing to receive stockholder materials by mail may vote by proxy by using the accompanying proxy card. If you return a proxy card that is properly signed and completed, the Shares represented by your proxy will be voted as you specify on the proxy card. If you sign and return a proxy card without indicating how you want your shares to be voted, Mr. Biddle and Ms. Sung will vote your shares in accordance with the recommendations of the Board.

For those of you holding your Common Shares or Class A Common Shares in “street name,” we have supplied copies of our proxy materials for the Annual Meeting to the broker, bank, trust or other nominee holding your shares of record and they have the responsibility to send these proxy materials to you. You must either direct the broker, bank, trust or nominee as to how to vote your shares, or obtain a proxy from the broker, bank, trust or nominee to vote at the Annual Meeting. Please refer to the Notice of Availability or the voter instruction card used by your broker, bank, trust or nominee for specific instructions on methods of voting, including by telephone or using the Internet. If you fail to give your broker, bank, trust or nominee specific instructions on how to vote your shares with respect to Item 1, your vote will NOT be counted for those matters. It is important for every stockholder’s vote to be counted on these matters so we encourage you to provide your broker, bank, trust or nominee with voting instructions. If you fail to give your broker, bank, trust or nominee specific instructions on how to vote your shares on Item 2, such broker, bank, trust or nominee will generally be able to vote on Item 2 as he, she or it determines.

What are the Board’s recommendations?

The Board recommends a vote:

FOR the election of each of the four director nominees;

FOR the ratification of the appointment of PKF O’Connor Davies, LLP as the Company’s independent registered public accounting firm for fiscal year 2018; and

as to any other matter that may properly come before the Annual Meeting or any adjournment thereof, in accordance with the recommendation of the Board or, if no recommendation is given, in the named proxies’ discretion to the extent permitted under relevant laws and regulations. Shares represented by proxies in the form enclosed, if such proxies are properly executed and returned and not revoked, will be voted as specified, but where no specification is made, the shares will be voted as the Board recommends, as set forth above.

Table of Contents

Will my Class A Common Shares and Common Shares be voted if I do not provide my proxy and I do not attend the Annual Meeting?

If you do not provide a proxy or vote your Common Shares or Class A Common Shares held as a “registered” stockholder, your shares will not be counted for purposes of determining a quorum or for determining whether the matters presented at the Annual Meeting are approved. If you hold your shares in “street name,” your broker may be able to vote your shares for routine matters even if you do not provide the broker with voting instructions. The ratification of PKF O’Connor Davies, LLP as our independent registered public accounting firm for fiscal year 2018 is considered a routine matter. Your broker may not vote your shares for non-routine matters if you do not provide the broker with voting instructions.

What if I return my proxy but abstain?

Abstentions are counted as present for determining a quorum. However, abstentions will have no effect on any of the items to be considered at the Annual Meeting.

May I change my vote after I return my proxy card?

Yes. You may change or revoke a previously granted proxy at any time before it is exercised at the Annual Meeting by submitting a proxy bearing a later date or by voting in person at the Annual Meeting. Please note that attendance at the meeting will not, in itself, constitute revocation of a previously granted proxy.

If your Common Shares or Class A Common Shares are held in street name, then you may submit new voting instructions by contacting your broker or nominee. You may also vote in person at the Annual Meeting if you obtain a legal proxy from your broker as described above.

Why did I receive more than one Notice, proxy card, voting instruction form and/or email?

You will receive more than one Notice of Availability, proxy card, voting instruction form or email, or any combination of these, if you hold your Common Shares or Class A Common Shares in different ways (i.e., joint tenancy, trusts and custodial accounts) or in multiple accounts. You should provide voting instructions for all Notices of Availability, proxy cards, voting instruction forms and email links you receive.

What is “householding” and how does it affect me?

If you and other residents at your mailing address who have the same last name own our Common Shares or Class A Common Shares in street name, your broker or bank may have sent you a notice that your household will receive only one Annual Report to Stockholders (the “Annual Report”) and Proxy Statement. This practice of sending only one copy of proxy materials is known as “householding.” If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of each of our Notice of Availability or Annual Report, Notice of Meeting and Proxy Statement to your address. However, even if your broker has sent only one copy of these proxy materials, each stockholder in your household should receive a proxy card or should be able to vote individually via telephone or internet. You may revoke your consent to householding at any time by contacting your broker or bank, if you hold your shares in a “street name,” or by calling Computershare at (866) 203-6250 if you are a “registered” stockholder. The revocation of your consent to householding will be effective 30 days following its receipt. In any event, if you did not receive an individual copy of our annual report or Proxy Statement, we will promptly send a separate copy of the Annual Report, the Proxy Statement or the Notice of Availability to you upon oral or written request. Such request can be made by contacting us at 321 Railroad Avenue, Greenwich, CT 06830, attention: Secretary (telephone number: (203) 863-8200). Any stockholders sharing the same address and currently receiving multiple copies of the Annual Report and the Proxy Statement who wish to receive only one copy of these materials per household in the future may also contact your broker or bank or us to participate in the householding program.

Table of Contents

How may “registered” stockholders and stockholders holding Common Shares or Class A Common Shares in “street name” elect to receive future stockholder materials by electronic mail (“email”) delivery?

Opting to receive all future proxy materials via email delivery saves us the cost of producing and mailing documents to your home or business and helps us to conserve natural resources. “Registered” stockholders who wish to receive their proxy materials in this manner may register to do so on Computershare’s website at www.computershare.com/investor in which case you will receive an email containing links to our proxy materials. If you own Common Shares or Class A Common Shares in “street name” and wish to receive proxy materials via an email containing links, you must contact your broker, bank, trust or nominee for instructions on how to receive future proxy materials in this manner. Stockholders who hold Common Shares or Class A Common Shares in different ways (i.e., joint tenancy, trusts and custodial accounts) or in multiple accounts will need to complete the applicable process for each account. Your election to receive your proxy materials by email delivery will remain in effect for all future annual meetings until you revoke it.

What if I have questions about the Notice of Availability, voting or email delivery?

Questions regarding the Notice of Availability, voting or email delivery should be directed to our Secretary at 321 Railroad Avenue, Greenwich, CT 06830.

You should rely only on the information provided in this Proxy Statement. We have not authorized anyone to provide you with different information. You should assume that the information in this Proxy Statement is accurate only as of the date of this Proxy Statement or, where information relates to another date set forth in this Proxy Statement, then as of that date.

CORPORATE GOVERNANCE AND BOARD MATTERS

We are committed to maintaining sound corporate governance principles, which we believe are essential to serving our stockholders well and maintaining our integrity in the marketplace. Accordingly, the Board of Directors has adopted and maintains the following:

Corporate Governance Guidelines, which address the qualifications and responsibilities of directors, director independence, committee structure and responsibilities, and interactions with management, among other matters

Code of Ethics for Senior Financial Officers

Code of Business Conduct and Ethics

Together with the Company's Bylaws and the charters of the Board's committees, these guidelines and policies provide the framework for governance of the Company. From time to time, we may revise these guidelines and policies and charters in response to changing regulatory requirements, evolving best practices and the concerns of our stockholders and other constituents. Please visit our website at www.ubproperties.com under "Investor Relations / Corporate Profile / Governance Documents" to view or obtain a copy of the current version of any of these documents.

Board Leadership Structure

Pursuant to our Corporate Governance Guidelines and Governance Committee charter, each year, our Governance Committee evaluates the structure and composition of our Board of Directors, including the current leadership structure, and discusses its recommendations with the full Board. Our Board does not have a policy with respect to the separation of the offices of Chairman of the Board and the Chief Executive Officer. For many years, the Company combined the positions of Chief Executive Officer and Chairman of the Board of Directors and, for more than twenty years, both positions were held by Charles J. Urstadt. Effective July 1, 2013, however, as part of the Board's succession planning strategy, the directors split these positions and elected Willing L. Biddle as Chief Executive Officer. Mr. Biddle previously served as President and Chief Operating Officer for seventeen years. Mr. Urstadt continues to serve as an executive officer of the Company with the title of Chairman, and as Chairman of the Board of Directors. The Chief Executive Officer has overall responsibility for guiding the executive management team. The Chairman has responsibility for conducting all board meetings and is the final authority on the agenda for all board meetings. In September 2017, the Board appointed Charles D. Urstadt as Vice Chairman of the Board of Directors. The non-executive position of Vice Chairman had been vacant since the passing of Mr. Robert Douglass, who had previously held the position, until Charles D. Urstadt was appointed acting Vice Chairman in July 2017, then Vice Chairman in September 2017. The company has historically viewed this position as one that would temporarily carry out the duties of the Chairman, in the event the Chairman is unable to attend a Board meeting or otherwise carry out his Board leadership duties (e.g. setting the Board agenda, calling Board meetings, presiding over meetings, etc.). In the absence of such an event, the role of Vice Chairman is largely ceremonial. Unlike the Chairman position, which functions as both an officer and director position, the Vice Chairman position is strictly a director function and not an officer position. The Vice Chairman position does not require any day-to-day duties, responsibilities or powers, and the director serving in this capacity does not receive any additional pay.

Currently, the Company does not have a separate lead director position. All of the independent directors serve on the Governance Committee. The Board also relies on the Chairs of its committees, each of whom are independent, to provide additional leadership, and therefore believes that the leadership structure is appropriately balanced.

Table of Contents

Board Independence

Our Corporate Governance Guidelines require that at least a majority of our directors satisfy the independence requirements of the New York Stock Exchange ("NYSE") listing standards, as well as comply with applicable SEC regulations. To adequately assess and ensure that at least a majority of our directors qualify as independent and each of the Audit Committee, Compensation Committee and Governance Committee is comprised solely of independent directors, the Board undertakes an annual review of the independence of all directors. In making its determinations regarding independence, the Board considers all facts and circumstances, including any business and other relationships between the Company and each of its directors. During the Board's most recent assessment of director independence, it considered the following relationships: a market-rate lease for restaurant space at one of our shopping centers between the Company, as landlord, and McDonald's Corporation, as tenant, a company with which Mr. Colley has a franchise relationship; occasional commercial brokerage and consulting services of a de minimis amount provided by Cushman & Wakefield, by whom Mr. Carpenter is employed; and financial services provided to the Company by Deutsche Bank, by whom Mr. Grellier is employed. In the case of Mr. Carpenter and Mr. Grellier, neither director receives any portion of the fees paid to Cushman & Wakefield or Deutsche Bank, respectively, by the Company, and each director has been and will continue to be walled off both financially and otherwise from any transactions the Company may enter into with such company. Based upon its review, the Board of Directors determined that, other than Mrs. Catherine U. Biddle and Messrs. Willing L. Biddle, Charles J. Urstadt and Charles D. Urstadt, all of its directors are independent, consistent with the Corporate Governance Guidelines.

Criteria for Membership on the Board of Directors; Nominations for Director

Each year, the Governance Committee oversees the Board and committee self-evaluation process and considers individuals for appointment, election or re-election to the Board. In identifying and evaluating individuals, the Governance Committee has the authority to consider candidates from a variety of sources, including existing members of the Board, new candidates proposed by management or other directors, as well as candidates that may be proposed by stockholders. The Governance Committee also has the authority to consult with or retain advisors or search firms to assist in identifying qualified director candidates, but did not retain one for 2017. Mr. Carpenter was introduced as a potential candidate for the Board by the Company's Chief Executive Officer. After identifying and evaluating potential candidates, the Governance Committee then makes a recommendation to the Board regarding director appointments and nominations for election or re-election, taking into account the criteria set forth in the Director Candidate Guidelines, which are part of the Corporate Governance Guidelines.

Pursuant to the Director Candidate Guidelines, the Board of Directors believes that a candidate for election to the Board should possess the intelligence, education and experience necessary to make a significant contribution to the Board. In order to make such a contribution, a candidate should bring a range of skills and perspectives to the deliberations of the Board. While a candidate's overall ability and experience will determine his or her suitability, the Governance Committee, which is responsible for identifying candidates and making recommendations to the Board, will examine the following minimum attributes and qualifications, which are set forth in the Director Candidate Guidelines included in the Corporate Governance Guidelines:

a candidate's demonstrated integrity and ethics consistent with the Company's Code of Business Conduct and Ethics;

a candidate's willingness and ability to participate fully in Board activities, including active membership and attendance at Board meetings and, subject to the independence criteria established by the NYSE listing standards and applicable rules of the SEC, participation on at least one committee of the Board; and

a candidate's willingness to represent the best interests of all of the Company's stockholders and not just a particular constituency.

Table of Contents

The Board has not adopted a numerical limit on the number of corporate boards on which its directors may serve; however, the Governance Committee will consider the demands on a candidate's time in selecting nominees. In addition, the Governance Committee will take into consideration such other factors as it deems appropriate, including:

a candidate's experience in real estate, business, finance, accounting rules and practices, law and public relations;

a candidate's management experience, judgment, skill and experience with businesses and organizations comparable to the Company;

the appropriate size and diversity of the Company's Board of Directors; and

the needs of the Company with respect to the particular talents and experience of its directors and the interplay of the candidate's experience with that of other Board members.

In considering diversity in selecting director nominees, the Governance Committee gives weight to the extent to which candidates would increase the effectiveness of the Board by improving the experience, qualifications, key attributes and skills represented by the members of the Board. The Company requires that at least a majority of its directors satisfy the independence criteria established by the NYSE and any applicable SEC rules, as they may be amended from time to time. In addition, the Governance Committee will consider the financial literacy and financial background of nominees to ensure that the Board has at least one "audit committee financial expert" on the Audit Committee and that Board members who might serve on the Audit Committee satisfy the financial literacy requirements of the NYSE. The Governance Committee believes it appropriate for at least one key member of the Company's management to participate as a member of the Board.

Stockholders can suggest qualified candidates for director by writing to the Company's Secretary at 321 Railroad Avenue, Greenwich, CT 06830. Submissions that comply with the requirements set forth in Section 2.04 of the Company's Bylaws will be forwarded to the Chair of the Governance Committee for review and consideration. Under our Bylaws, in order to have a stockholder proposal or director nomination considered at an annual meeting of stockholders, stockholders are generally required to deliver to the Company certain information concerning themselves and their stockholder proposal or director nomination, as specified in the Bylaws, not less than 75 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting (the "annual meeting anniversary date"); provided, however, that, if the annual meeting is scheduled to be held on a date more than 30 days before or more than 60 days after the annual meeting anniversary date, notice must be delivered to us not later than the close of business on the later of the 75th day prior to the scheduled date of such annual meeting or the 15th day after public disclosure of the date of such meeting. A copy of our Bylaws is available on the Company's website under "Investor Relations / Corporate Profile / Governance Documents" at <http://www.ubproperties.com>. It may also be obtained by sending a written request to the Company at the attention of the Secretary. See also "Other Matters" in this Proxy Statement for dates currently applicable for submissions for the 2019 annual meeting of stockholders. Failure to comply with the timing and informational requirements set forth in the Company's Bylaws will result in such proposal or director nomination not being considered at the annual meeting.

The Committee will consider all candidates for director nominated by a stockholder in accordance with the Company's Bylaws and applicable securities laws in the same manner that it considers any other candidate.

Each member of the Audit Committee is financially literate, as required by the NYSE.

Audit Committee

The Audit Committee consists of three independent directors, each of whom is independent as defined in the listing standards of the NYSE and meets other standards and requirements set forth in the Corporate Governance Guidelines. The Audit Committee operates pursuant to a written charter that is reviewed annually. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities. The Audit Committee’s primary duties are to:

monitor the integrity of the Company’s financial statements, financial reporting processes and systems of internal controls over financial reporting;

monitor the Company’s compliance with legal and regulatory requirements relating to the foregoing;

monitor the independence and performance of the Company’s independent auditor and internal auditing function;

provide an avenue of communication among the Board, the independent auditor, management and persons responsible for the internal audit function; and

prepare the Report of Audit Committee, as required by applicable securities regulations.

The Audit Committee has sole authority and direct responsibility for the appointment, retention, oversight and, when appropriate, termination of the independent auditor of the Company. The Audit Committee is responsible for the audit fee negotiations associated with the Company’s retention of the independent auditor. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the independent auditor, consistent with applicable rules and regulations. In addition, in conjunction with the mandated rotation of the independent auditor’s lead engagement partner, the Audit Committee and its Chairperson are directly involved in the selection of the independent auditor’s new lead engagement partner.

Table of Contents

The Audit Committee reviews with management and the independent auditor the Company's quarterly financial statements and internal accounting procedures and controls, and reviews with the independent auditor the scope and results of the auditing engagement. See "Report of Audit Committee" set forth in this Proxy Statement for a further description of the Audit Committee's responsibilities. Additional rights and responsibilities are set forth in the Audit Committee's written charter.

Compensation Committee

The Compensation Committee consists of three independent directors, each of whom is independent as defined in the listing standards of the NYSE and meets other standards and requirements set forth in the Corporate Governance Guidelines. The Compensation Committee operates pursuant to a written charter that is reviewed annually. Key responsibilities of the Compensation Committee include:

reviewing the Company's overall compensation strategy to ensure that it promotes stockholder interests and supports the Company's strategic objectives;

reviewing and approving corporate goals and objectives relevant to compensation of the Company's Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of those goals and objectives and establishing the compensation of the Company's Chief Executive Officer;

reviewing and recommending to the Board compensation for directors and non-CEO executive officers;

administering the Company's Restricted Stock Award Plan and approving bonus or cash incentive plans used to compensate officers and other employees; and

reviewing and discussing with management the Compensation Discussion and Analysis and preparing the Compensation Committee Report, as required by applicable securities regulations.

The Compensation Committee may, in its sole discretion, retain or obtain the advice of a compensation consultant and other advisors in the discharge of its duties. Additional rights and responsibilities are set forth in the Compensation Committee's written charter.

For a description of the role performed by executive officers in determining or recommending the amount or form of executive and director compensation, see "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The Governance Committee consists of six independent directors, each of whom is independent as defined in the listing standards of the NYSE and meets other standards and requirements set forth in the Corporate Governance Guidelines. The Governance Committee operates pursuant to a written charter that is reviewed annually and was approved by the Board. All of the independent directors serve on the Governance Committee. The principal responsibilities of the Governance Committee are to:

establish criteria for Board membership and selection of new directors;

recommend nominees to stand for election to the Board, including incumbent Board members and candidates for new directors;

develop and recommend a set of corporate governance principles and evaluate compliance by management and the Board with those principles, ethics standards and its code of conduct;

review the Company's insider trading policy;

develop and periodically review succession planning for the Chief Executive Officer, with the assistance of the Chief Executive Officer and other members of the Board; and

oversee an annual evaluation of the performance of the Board of Directors and each of its chartered committees.

Table of Contents

The Governance Committee has sole authority to select and retain, terminate and approve the retention terms of any consultant or search firm to be used in identifying director candidates. Additional rights and responsibilities are set forth in the Governance Committee's written charter.

Executive Committee

The Executive Committee consists of five directors. In general, the Executive Committee is convened only if timely attention to a transaction or matter makes calling a meeting of the Board of Directors not feasible or difficult. The Executive Committee may exercise such powers of the directors between meetings of the directors as may be delegated to it by the directors (except for certain powers of the directors which may not be delegated).

Meetings of the Board of Directors and its Committees; Director Attendance

Pursuant to our Corporate Governance Guidelines, the Board is required to hold a minimum of four quarterly meetings per year. Directors are expected to attend substantially all meetings of the Board and meetings of the committees of the Board on which they serve. During the fiscal year ended October 31, 2017, the Board held five meetings, in addition to actions by unanimous written consent.

Pursuant to their committee charters, each of the Compensation Committee and Governance Committee is required to meet at least once per year, and the Audit Committee is required to meet at least quarterly. The Executive Committee only meets on an as needed basis. During the fiscal year, the Audit Committee held five meetings, the Compensation Committee and the Governance Committee each held one meeting and the Executive Committee held one meeting.

Each director attended at least 75% of the aggregate number of all meetings held by the Board of Directors and all meetings held by committees of which such director was a member.

The Company encourages, but does not require, that members of its Board of Directors attend the annual meeting of stockholders. All but one of the Company's then current directors attended the Annual Meeting of Stockholders held on March 22, 2017.

Executive Sessions

The Chair of the Governance Committee presides over all executive sessions of the independent directors. The independent directors of the Company met once in executive session in the fiscal year ended October 31, 2017 and twice in calendar year 2017. Mr. Bannon, Chair of the Governance Committee during fiscal year 2017, presided over the meetings.

Risk Oversight

One of the important roles of our Board is to oversee various risks that we may face from time to time. While the full Board has primary responsibility for risk oversight, it utilizes its committees, as appropriate, to monitor and address the risks that may be within the scope of a particular committee's expertise or charter. The Audit Committee regularly reviews and discusses the Company's policies and procedures with respect to risk assessment generally and specifically financial risk exposures, including risks associated with liquidity, interest rates, credit, operations and other matters, as well as internal controls over financial reporting. The Audit Committee also oversees risks related to the Company's policies concerning the whistleblower process, the code of ethics for senior financial officers and the code of business conduct and ethics. The Compensation Committee oversees risks related to the Company's policies concerning executive compensation and compensation generally. The Governance Committee oversees risks related to the Company's policies regarding related party transactions and insider trading, among other things. Each committee reports regularly to the Board to facilitate the Board's risk oversight. The Board also receives reports directly from senior officers who may be involved on a more regular basis with specific risk issues.

PROPOSAL 2

**RATIFICATION OF APPOINTMENT OF THE
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY**

Our consolidated financial statements for the year ended October 31, 2017 have been audited by PKF O'Connor Davies, LLP ("PKF"), who served as our independent registered public accounting firm for the last fiscal year. PKF was first retained as our independent registered public accounting firm in fiscal year 2006 and has served in such capacity since then.

The Audit Committee believes that the continued retention of PKF to serve as the Company's independent registered public accounting firm is in the best interests of the Company and its stockholders and has appointed PKF to serve as our independent registered public accounting firm for the year ending October 31, 2018.

We have been advised by representatives of PKF that they will be present at the Annual Meeting with the opportunity to make a statement if they so desire. Such representatives also will be available to respond to appropriate questions.

Vote Required; Board Recommendation

The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of the independent registered public accounting firm. Nevertheless, our Board of Directors is submitting the appointment of PKF to the stockholders for ratification as a matter of good corporate practice.

The affirmative vote of the holders of not less than a majority of the votes cast on this proposal at the Annual Meeting, in person or by properly executed proxy, subject to quorum requirements, will be required to ratify the appointment of PKF as the independent registered public accounting firm of the Company. If the stockholders fail to ratify the appointment of PKF, the Audit Committee may reconsider the appointment and may retain PKF or another accounting firm without resubmitting the matter to stockholders. Even if the stockholders ratify the appointment, the Audit Committee may select another firm if it determines such selection to be in our and our stockholders' best interest.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS
A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF
PKF O'CONNOR DAVIES, LLP AS THE INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM OF THE COMPANY.**

REPORT OF AUDIT COMMITTEE

The Audit Committee of the Company's Board of Directors consists of the three directors listed below. Each of the members of the Audit Committee is independent, as such term is defined by the listing standards of the NYSE.

One of the Audit Committee's principal purposes is to assist the Board in overseeing the integrity of our financial statements. Our management team has the primary responsibility for our financial statements and the reporting process, including the system of internal control over financial reporting and disclosure controls and procedures. PKF, our independent registered public accounting firm, audits the annual financial statements prepared by management and expresses an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, or GAAP.

During the last year, the Audit Committee met regularly with, and received periodic updates from, management, PKF, the Company's independent registered public accounting firm, and Berdon LLP, which provided internal audit services to assist management in the maintenance of an effective system of internal controls over financial reporting. The Audit Committee reviewed PKF's "Report of Independent Registered Public Accounting Firm" included in the Company's Annual Report on Form 10-K related to its audit of (i) the Company's consolidated financial statements, and (ii) the effectiveness of the Company's internal control over financial reporting.

The Audit Committee also reviewed and discussed with management and the independent registered public accounting firm the disclosures made in "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the audited financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2017. This review included a discussion with the independent registered public accounting firm of the matters required to be discussed by Auditing Standard No. 16, "Communications with Audit Committees," as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB").

The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm according to applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence from the Company and its management. The Audit Committee considered whether (and determined that) the provision by PKF of the services described above under "Fees Billed by Independent Registered Public Accounting Firm" is compatible with PKF's independence from both management and the Company.

In reliance upon the review and discussions referred to above and the report of PKF, the Audit Committee recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended October 31, 2017, for filing with the SEC.

Among its responsibilities, the Audit Committee has sole authority to retain, set the terms of engagement of, evaluate and, when appropriate, replace the independent registered public accounting firm and persons responsible for the Company's internal audit function. As described in Proposal 2 in this Proxy Statement, the Audit Committee has appointed PKF to audit the financial statements of the Company for the ensuing fiscal year and recommends to the stockholders that such appointment be ratified. PKF was first retained as the Company's independent registered public accounting firm in fiscal year 2006 and has served in such capacity since then. The Audit Committee is directly involved in the evaluation of the new lead audit partner upon lead audit partner rotation. During the fiscal year ended October 31, 2017, the Audit Committee also engaged Berdon LLP, certified public accountants and advisors, to provide internal audit services for the Company. COMPENSATION DISCUSSION AND ANALYSIS

Following is a discussion of the Company's compensation program for its Chief Executive Officer, Chief Financial Officer, Chairman and Chief Operating Officer, being the only persons who served as executive officers (collectively, the "named executive officers" or "NEOs") as of the end of the fiscal year ended October 31, 2017 ("fiscal year 2017").

Executive Summary

We believe our executive compensation policies and procedures are focused on long-term performance principles and are closely aligned with stockholder interests. Our executive compensation program is also designed to attract and retain outstanding executives, to reward them for superior performance and to ensure that compensation provided to them remains competitive. We seek to align the interests of our executives and stockholders by tying compensation to both company and individual performance and by encouraging executive stock ownership so that a portion of each executive's compensation is tied directly to stockholder value. Moreover, we believe our compensation program has been instrumental in allowing us to retain key executives and recruit new ones. The balance of this Compensation Discussion and Analysis describes the policies that underlie the Company's executive compensation program, the manner in which the program operates, and the decisions made in fiscal year 2017, as well as the subsequent period, in support of the program, along with their supporting rationale.

During fiscal year 2017, we successfully executed on our strategy of seeking continued growth through strategic re-leasing, renovations and expansions of our existing properties and selective acquisitions of income-producing properties. In fiscal year 2017, we:

completed a public offering of 4,600,000 shares of 6.25% Series H Senior Cumulative Preferred Stock at a price of \$25 per share for net proceeds of \$111.3 million after underwriting discounts but before offering expenses;

completed the acquisitions of a (i) 31.4% equity interest in a newly formed entity, which owns a 74,000 square foot grocery-anchored shopping center, as well as 19,000 square feet of apartments, (ii) 8.8% equity interest in a newly formed entity, which owns three properties, including a grocery-anchored shopping center and two free-standing commercial retail properties, totaling 99,400 square feet, (iii) 26,500 square foot shopping center, (iv) 36,500 square foot grocery-anchored shopping center, and (v) 38,800 square foot grocery-anchored shopping center, all in our target geographic markets;

closed on the strategic disposition of our White Plains property for aggregate consideration of \$56.6 million;

refinanced a \$44 million mortgage on our Ridgeway property to take advantage of a favorable interest rate environment;

achieved a leasing rate of 92.7% on our consolidated portfolio; and

achieved various milestones on our redevelopment and pad site development plans at a number of our shopping centers.

Additional details regarding these and other strategic achievements, as well as highlights of our financial achievements, including funds from operations ("FFO"), net income and other measures of operating results and financial condition are set forth in our Annual Report on Form 10-K for the fiscal year ended October 31, 2017.

Objectives

The Company's executive compensation program is designed to accomplish the following key objectives:

Attract and retain high caliber individuals who possess the skills and expertise required to lead the Company – We believe that having an executive team with the right skills and experience is critical for the Company's growth and success. To that end, the Company's executive compensation program strives to remain sufficiently competitive, with an emphasis on long-term equity-based compensation, while remaining cognizant of stockholder value and Company needs.

Align compensation with corporate strategy, business objectives and the long-term interests of stockholders – We strive to create and emphasize a pay-for-performance culture to drive the creation of stockholder value. Generally, of the three main elements of our executive compensation program – base salary, annual cash bonuses and long-term equity incentives – the only element that is "fixed" is base salary. Consistent with this framework, we believe that it is important to reward both Company and individual specific performance. We believe such a focus on Company and individual performance directly rewards our executive team for creating, sustaining and, more importantly, increasing stockholder value.

Create an incentive to increase stockholder value by providing a significant percentage of compensation in the form of equity awards – As a further reinforcement of our overall philosophy to maximize stockholder value, we typically make annual equity grants to our executives and other employees, if performance warrants, including to the NEOs, in order to create symmetry between their interests and those of our stockholders and to serve as a retention tool.

Offer the right balance of long-term and short-term compensation and incentives to retain talented employees – While we do not currently have a formal policy regarding long-term versus currently paid compensation or cash versus non-cash compensation, we believe that all elements are necessary for achieving our compensation objectives. Currently paid cash compensation provides financial stability for each of our NEOs and immediate reward for superior Company and individual performance, while long-term equity compensation rewards achievement of strategic long-term objectives and contributes towards overall stockholder value.

Process for Determining Executive Compensation

The Compensation Committee, which is composed entirely of independent directors, has primary responsibility for oversight of the Company's compensation program.

As more fully described under "Corporate Governance and Board Matters," the Compensation Committee's responsibilities include reviewing the Company's overall compensation strategy to ensure that it promotes stockholder interests and supports the Company's strategic objectives, reviewing and approving corporate goals and objectives relevant to the compensation of the Company's Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of those goals and objectives and establishing compensation for the Chief Executive Officer.

Each of the NEOs receives a base salary which is evaluated annually, as well as an annual cash bonus, if the Company and individual's performance warrant such bonus. The base salary and annual cash bonus of the Chief Executive Officer is determined by the Compensation Committee. While the Chief Executive Officer provides input on his own performance and compensation, the determination is made by the Compensation Committee in executive session. In making recommendations on the salaries of the other NEOs, the Compensation Committee relies heavily on input and recommendations from the Chief Executive Officer, understanding that, since the Chief Executive has daily interaction with the other NEOs, he is well situated to provide valuable insight regarding the respective contributions of all members of the executive management team. The Compensation Committee's recommendations regarding base salaries for all NEOs are submitted to the Board of Directors for final approval.

Table of Contents

Similarly, the Compensation Committee determines the long-term incentive awards for the Chief Executive Officer, and, with input from the Chief Executive Officer, makes recommendations to the Board of Directors regarding similar awards for the other NEOs. The determinations regarding equity grants are typically made in December, during the first quarter of the Company's fiscal year, with the actual grant made on a pre-determined date in January. However, special considerations, such as a new hire, promotion or special circumstances, could warrant different timing. We have no policy that times the granting of equity awards relative to the release of material non-public information. The Compensation Committee reviews the overall pool of equity grants and individual employee grant recommendations, but the Chief Executive Officer is given discretionary authority to allocate the specific grants to employees.

Use of Compensation Consultants

Annually, the Compensation Committee considers whether it would be advantageous to engage an independent consultant to advise the Company on matters involving executive compensation. At its meeting in December 2016, the first quarter of fiscal year 2017, the Compensation Committee considered this issue and determined that at such time, it was not beneficial to the Company or its stockholders to engage an independent compensation consultant, although it tasked management with gathering additional data regarding fees from potential advisors, for future reference and consideration. Upon reviewing engagement terms and fee proposals from compensation consultants, the Compensation Committee determined, after thoughtful deliberation at its meeting in December 2017, not to engage a compensation consultant with respect to fiscal year 2018.

Elements of the Executive Compensation Program

The Company's executive compensation program consists of five key elements:

Base Salaries

Annual Cash Bonuses

Long-Term Equity Incentives

Benefits and Other Compensation

Termination Benefits in the Event of a Change in Control

Base Salaries

Base salaries for the NEOs other than the Chief Executive Officer are intended to be competitive with base salaries of executive positions of comparable responsibility with similarly sized REITs that the Compensation Committee believes are representative of the companies against which the Company competes for executive talent. With respect to the Chief Executive Officer and the Chairman, the Company places much greater emphasis on long-term equity incentives tied to the long-term performance of the Company. The base salaries for each of the Chief Executive Officer and Chairman represent less than 20% of their respective total compensation.

For fiscal year 2017, the base salaries for each NEO, other than the Chairman, was increased approximately 2.5%, as reflected in the "Summary Compensation Table" to reflect cost of living adjustments and market expectations. In making these adjustments, the Compensation Committee reviewed compensation data reported by other retail REITs. The Compensation Committee reviewed similar public data in making its determinations and recommendations regarding 2018 annual base salaries for the NEOs. Base salaries for 2018 for Messrs. Biddle, Hayes, Urstadt and Rapaglia were set at \$375,000, \$250,000, \$225,000 and \$250,000, respectively, reflecting an increase of approximately 3-4% for each executive, other than for Mr. C.J. Urstadt, whose base salary remains the same.

Table of Contents

Annual Cash Bonuses

The Company believes that incentive compensation should be structured to include some short-term rewards, in the form of annual cash bonuses, even as it focuses more heavily on long-term equity compensation. While annual cash bonuses are not tied to specific, pre-established performance targets, they are designed to reward performance and provide incentive to selected individuals to help the Company attain longer-term goals, by providing more immediate markers towards such longer-term goals. Annual bonuses are considered by the Compensation Committee following the close of each fiscal year and are paid during the next quarter. The Compensation Committee has not established limits on the amount of annual cash bonuses, but typically does not award cash bonuses in excess of 10% of an individual's base compensation. The Compensation Committee believes that short-term rewards in the form of cash bonuses to NEOs generally should reflect short-term results that contribute towards longer-term results and should take into consideration both the profitability and performance of the Company and the performance of the individual, which may include comparing such individual's performance to the preceding year, reviewing the breadth and nature of the NEO's responsibilities and valuing special contributions by each such individual.

With respect to the Chief Executive Officer and the Chairman, greater emphasis is placed on the performance of the Company. In evaluating performance of the Company annually, the Compensation Committee considers, in the aggregate, a variety of financial, operational and strategic factors, including, among others, funds from operations (FFO), net income, growth in asset portfolio, amount of space under lease, overall leasing success, management of risk and total return to stockholders, as well as achievement of strategic objectives and goals that may be more difficult to quantify. See the Company's Annual Report for information on how the Company calculates and defines some of these financial measures, including FFO, a non-GAAP measure. As described in the discussion that follows concerning long-term incentive compensation, the Compensation Committee declines to use specific performance formulas, believing that with respect to Company performance, such formulas do not adequately account for many factors including, among others, the relative performance of the Company compared to its competitors during variations in the economic cycle, and that with respect to individual performance, such formulas are not a substitute for the subjective evaluation by the Compensation Committee of a wide range of management and leadership skills of each of the NEOs.

The Summary Compensation table below includes bonuses paid to the NEOs with respect to performance in fiscal year 2017. Such payments were made in December 2017 and reflect the Compensation Committee's assessment of the individual's performance and the Company's results for fiscal year 2017. As reflected in the Summary Compensation Table, the Compensation Committee and Board awarded Mr. Biddle a bonus of \$50,000 and for Messrs. Hayes, Urstadt and Rapaglia bonuses of \$30,000, \$8,654 and \$30,000, respectively, reflecting the Company's strong financial and operational performance in fiscal year 2017, as described above in "Executive Summary," as well as each NEO's individual contributions towards these achievements.

Long-Term Equity Incentives

Of the five elements of the Company's executive compensation program, the Company places the greatest emphasis on equity incentives designed to focus management's attention on the long-term performance and profitability of the Company. This is accomplished through grants under the Company's Amended and Restated Restricted Stock Award Plan (the "Plan"), thus providing the Company's key executives with a direct incentive to improve the Company's performance and enhance stockholder value.

The Plan provides that the recipient does not become vested in restricted stock until after a specified time after it is issued. The Compensation Committee determines the vesting period, which may range between five and ten years after the date of grant for NEOs. The Compensation Committee recognizes that such time frames may be comparatively long when measured against similar types of incentive awards for executives of other companies, but believes that awards that vest after five or more years, and which become vested only at the end of their terms, and not ratably over their terms, better reflect the longer term outlook of a real estate

Table of Contents

focused company and also better link the individual rewards to successful development and implementation of long-term growth strategies that will benefit all stockholders. Non-executive employee grants range from three to five years, based on the size of the grant. Unless an exception is approved by the Compensation Committee, if the executive leaves the Company prior to the end of the vesting period, other than by retirement (or, in some cases, involuntary termination), death or disability, unvested stock is forfeited. The Company believes that the restricted stock awards serve as both a reward for performance and a retention device for key executives and help to align their interests with all stockholders.

In making its decisions, the Compensation Committee does not use an established formula or focus on a specific performance target. The Compensation Committee recognizes that often outside forces beyond the control of management, such as economic conditions, changing retail and real estate markets and other factors, may contribute to less favorable near-term results, even when sound strategic decisions have been made to position the Company for longer-term profitability. Similarly, the Compensation Committee also recognizes that favorable short-term results are not necessarily indicative of a strong long-term position. Thus, the Compensation Committee also strives to identify whether the Chief Executive Officer is exercising the kind of judgment and making the types of decisions that will lead to future growth and enhanced net asset value, even if the same are difficult to measure on a current basis. For example, in determining appropriate long-term incentive awards, the Compensation Committee considers whether adequate funding or appropriate borrowing capacity for future growth has been secured, whether acquisition and leasing “pipelines” have been developed to ensure a future stream of reliable and increasing revenues for the Company, whether the selection of properties, tenants and tenant mix evidence appropriate risk management, including risks associated with real estate markets and tenant credit, and whether the administration of staff size and compensation appropriately balances the current and projected operating requirements of the Company with the need to effectively control overhead costs.

The Summary Compensation Table set forth below includes the grant date fair market value of long-term incentive awards made to the NEOs during fiscal year 2017. Those grants were approved in December 2016 and made in January 2017. Such grants reflect the Compensation Committee’s consideration of the factors described above and were made in recognition of individual performance and Company performance in fiscal year 2016, and to serve as incentive compensation and a retention tool looking forward into fiscal year 2017 and beyond. In determining the size of the equity grant, the Compensation Committee considered the other key components of compensation—base salary and annual cash bonus.

When the Compensation Committee met in December 2017 and considered results for fiscal year 2017, it undertook its annual evaluation and recommendations for changes in base compensation, annual bonuses and incentive awards. To recognize strong contributions in fiscal year 2017 and to further incentivize executives towards even stronger future performance, the Compensation Committee and Board of Directors awarded restricted stock to Mr. Biddle in the amounts of 100,000 Common Shares and 2,500 Class A Common Shares, to Mr. C.J. Urstadt in the amounts of 50,000 Common Shares and 2,000 Class A Common Shares, and to each of Messrs. Hayes and Rapaglia in the amount of 13,000 Class A Common Shares, all of which grants were effective as of January 2, 2018. Mr. Biddle’s award vests after nine years, reflecting the special emphasis on long-term goals for the CEO. The awards to the other NEOs vest after five years. Except as noted above, the awards to Messrs. Biddle, Hayes and Rapaglia are subject to continued employment. The award to Mr. Urstadt would be forfeited in the event of his voluntary termination; however, in the event of his involuntary termination, except for Cause (as defined), Mr. Urstadt’s award would continue to vest as if his termination had not occurred. In making the awards, the Compensation Committee considered the factors cited above under “Executive Summary,” as well as the following additional considerations: continued strict execution of a business plan that has emphasized sound risk management, very low leverage by industry standards, ample liquidity and credit lines for future growth, and the avoidance of variable rate long-term debt obligations.

Employee Benefit Plans and Other Compensation

The Company maintains a variety of medical, dental, life and disability insurance programs and a Profit Sharing and Savings Plan (“401(k) Plan”) for all of its eligible full-time employees. The 401(k) Plan provides employees with an opportunity to accumulate savings in a tax deferred plan through deferral of a portion of their compensation and through matching Company contributions. For the fiscal year ended October 31, 2017, the Compensation Committee approved matching contributions for each participant’s account equal to the amount of the participant’s elective deferrals that do not exceed 5% of compensation (as defined) under the 401(k) Plan. In order to comply with certain limitations under the Internal Revenue Code of 1986, as amended (the “Code Limitations”), an amount equal to the excess of the 5% matching contribution that would have been allocated to the account for Mr. Biddle under the 401(k) Plan for the fiscal year ended October 31, 2017 absent the Code Limitations, was credited to an Excess Benefit Account for Mr. Biddle under the Company’s Excess Benefit and Deferred Compensation Plan. Amounts credited to the respective accounts of each NEO in the 401(k) Plan and the Excess Benefit and Deferred Compensation Plan appear in the Summary Compensation Table in the column titled “All Other Compensation.” See also footnotes to Summary Compensation Table regarding employee benefits and other compensation.

Termination Benefits in the Event of a Change in Control

Although the Company does not have employment agreements with any of its NEOs, it has entered into change in control agreements with each of the NEOs pursuant to which each NEO would be entitled to certain termination benefits in the event that his employment is terminated for Good Reason (as defined below) or by the Company for any reason other than for Cause (as defined below), within eighteen months following a change in control. Each of the Change in Control Agreements has an indefinite term. Such agreements serve to provide the NEOs with an element of financial security and predictability should their employment be terminated in the circumstances described above. Specific information concerning the terms of the Change in Control agreements and a description of benefits payable to the NEOs in the event of a termination following a change in control can be found in the discussion and table below under the caption “Potential Payments on Termination and Change in Control.”

Stockholder Votes on Executive Compensation

Say-On-Pay

At the annual meeting of stockholders of the Company held on March 22, 2017, the Company’s stockholders voted, on an advisory basis, on the compensation paid to the Company’s NEOs, also commonly referred to as “say-on-pay.” The stockholders voted overwhelmingly to approve, on an advisory basis, the compensation of the Company’s NEOs. The Company’s Board of Directors considered the recommendations of the stockholders and determined that the Company would not make any material modifications to the compensation arrangements for the NEOs.

Say-On-Frequency

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, which requires that a “say-on-frequency” vote be held at least every six years, we held a vote, on an advisory basis, on whether to hold an advisory vote on executive compensation every one, two or three years, at the Company’s 2017 Annual Meeting of Stockholders. At that meeting, the Company’s stockholders voted, on an advisory basis, on the frequency of future advisory votes on executive compensation and voted overwhelmingly to recommend that future advisory votes on the compensation of the Company’s named executive officers be held every three years. The Board of Directors adopted that recommendation and, accordingly, the next stockholder advisory vote on executive compensation will be held at the Company’s 2020 Annual Meeting of Stockholders. Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the next “say-on-frequency” vote will be held at the Company’s 2023 Annual Meeting of Stockholders.

Non-Qualified Deferred Compensation

Beginning in November 1996, the Company established the Urstadt Biddle Properties Inc. Excess Benefit and Deferred Compensation Plan (as amended, the “Original Plan”). In response to changes required by the American Jobs Creation Act of 2004, in December 2004, the directors voted to freeze the Original Plan and adopted a new Excess Benefit and Deferred Compensation Plan, effective January 1, 2005 (the “Current Plan”). The Company made required distributions to participants in the Original Plan through December 31, 2013, when the last required distribution was made. There no longer are any assets in the Original Plan.

Since January 2005, the Company has maintained the Current Plan. The Current Plan is intended to provide eligible employees with benefits in excess of the amounts that may be provided under the Company’s 401(k) Plan and to provide such employees with the opportunity to defer receipt of a portion of their compensation. Participation is limited to those employees who earn above a certain limit, \$270,000 for 2017. The Current Plan provides that a participant is credited with an amount equal to the contributions that would have been credited to the participant if the applicable compensation limitation under the 401(k) Plan did not apply.

Amounts credited under the Current Plan vest under the same rules as under the 401(k) Plan. In addition, each participant may elect to defer receipt of a portion of his or her compensation until a later date. Amounts credited under the Current Plan are increased with interest at a rate set from time to time by the Compensation Committee. For the fiscal year ended October 31, 2017, the Company paid interest on deferred compensation accounts at a rate based upon the rate of interest applicable to United States Five Year Treasury Notes. Alternatively, eligible participants in the Current Plan may elect to have all or a portion of their deferred compensation accounts invested in the Company’s Class A Common Stock, Common Stock, or such other securities as may be purchased by the Plan trustees in their discretion. At a date selected by a participant when a deferral election is made, or following a participant’s retirement or severance of employment with the Company, amounts in the Current Plan attributable to such participant are paid either in a lump sum or over a period of up to ten years, based upon a previously made election by the participant. In the event of a change in control (as defined in the Current Plan), the Compensation Committee may in its discretion accelerate the payment of benefits under the Current Plan.

The Current Plan provides for a trust to hold funds allocated under the Plan. Members of the Compensation Committee act as trustees of the trust.

The table below provides information on the non-qualified deferred compensation of each of the named executive officers.

Potential Payments on Termination and Change In Control*Termination Absent a Change in Control*

The Company does not have employment agreements with any of the NEOs. Employment is “at will” and generally upon termination of employment, except in the event of death or disability, the employee is not entitled to any severance, cash compensation, medical or other benefits, whether termination is with or without cause. In the event of termination of employment due to death or disability, any unvested restricted stock would become fully vested. For Messrs. Biddle, Hayes, Urstadt, and Rapaglia the value of their unvested restricted stock as of October 31, 2017 was \$20,842,549, \$1,380,439, \$5,965,868, and \$1,498,909, respectively (see table below). With respect to Mr. Urstadt only, since he had obtained the age of 65 prior to receipt of all of the grants of his unvested restricted stock, any unvested grants of restricted stock would be forfeited in the event of his voluntary termination (e.g. retirement) prior to the end of the applicable vesting period.

Termination following a Change in Control

The Company has entered into Change in Control Agreements (“Agreements”) with each of Messrs. Urstadt, Biddle, Hayes and Rapaglia. Under their respective Agreements, each of the NEOs would be entitled to certain termination benefits in the event that his employment is terminated for Good Reason (as defined) or by the Company for any reason other than for Cause (as defined), within eighteen months following a Change in Control. Each of the Change in Control Agreements has an indefinite term. Generally, termination for Good Reason includes, but is not limited to, voluntary termination of employment by the named executive officer within 180 days following the occurrence of any of the following: (i) a change in the NEO’s authority, duties or responsibilities which represents a material diminution in his authority, duties or responsibilities prior to the Change in Control; (ii) a material reduction in the NEO’s base salary below the level that existed preceding the Change in Control; (iii) a relocation of the NEO outside a 50 mile radius of the NEO’s work site at the date such agreement was signed; (iv) the sale or other disposition by the Company of more than 50% of the assets of the Company over which the NEO has authority to any “person” as that term is used in Section 13(d) of the Securities Exchange Act of 1934, as amended; or (v) other material breach by the Company of the terms of the Change in Control Agreement. Termination for Cause means termination of employment by the Company because of dishonesty, conviction of a felony, gross neglect of duties, or conflict of interest which, in the case of gross neglect or conflict of interest, continues for thirty days after written notice by the Company to the employee requesting cessation of such gross neglect or conflict.

Table of Contents*Termination Benefits*

In the event a named executive officer becomes eligible for termination benefits as provided above, such benefits would include the following: (i) a cash payment, to be made within forty-five days after such termination, equal to 12 months of the NEO's base salary (exclusive of any bonus or other benefit) in effect at the date of the Change in Control; and (ii) the Company would be obligated to maintain, for a period of twelve months after termination (the "Benefits Period"), all life insurance, disability, medical and other benefit programs to which the NEO and his family were entitled at the date of the Change in Control or, in the event the continued participation of the NEO and his family in such programs is not possible, to arrange for similar benefits. The termination benefits also would include a lump sum cash payment to the NEO within forty-five days of such termination in lieu of Company contributions on behalf of the NEO to which the NEO otherwise would be entitled during the Benefits Period under the Company's 401(k) Plan. In the event of a named executive officer's termination of employment following a Change in Control, the Compensation Committee has the authority to accelerate the time at which restrictions will lapse or to remove any restrictions applicable to awards of restricted stock under the Company's Restricted Stock Award Plan.

The table below sets forth the compensation payable to each of the named executive officers, in the event of termination following a Change in Control. The amounts are estimates only and assume that a Change in Control occurred on October 31, 2017. Actual amounts to which the NEO would be entitled would depend upon his actual compensation, value of benefits, and restricted stock outstanding as of the date of the Change in Control.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policy and Procedures Regarding Transactions with Related Persons

In December 2017, the Company adopted a written Related Party Transactions Policy to further the goal of ensuring that any related person transaction is properly reviewed, approved or ratified, if appropriate, and fully disclosed in accordance with applicable rules and regulations. The policies and procedures are intended to work in conjunction with the Code of Ethics for Senior Officers and Code of Business Conduct, which is described above in “Corporate Governance and Board Matters—Code of Ethics for Senior Financial Officers; Code of Business Conduct and Ethics.”

The policies and procedures apply to transactions or arrangements between the Company and any related person, including but not limited to directors, director nominees, executive officers, greater than 5% stockholders, the immediate family members of each of these groups and an entity with which any of the foregoing persons is employed or is a partner or owns 5% or greater beneficial ownership interest. They do not, however, apply with respect to general conflicts between the interests of the Company and our employees, officers and directors, including issues relating to engaging in a competing business and performing outside or additional work, which are reported and handled in accordance with the Company’s Code of Ethics and Code of Business Conduct and Ethics and other procedures and guidelines implemented by the Company from time to time.

If any director or officer becomes aware of any transaction or arrangement that has taken place, may be taking place or may be about to take place involving the Company and any related person, such person is required to bring the matter to the attention of the Company’s Secretary. Any proposed related person transaction is required to be presented by the Secretary to the Governance Committee or the Chair of the Governance Committee for its review. The Governance Committee will then meet, in person or by telephone, to review the facts and circumstances and discuss the proposed transaction.

If the transaction involves a director, that director will not participate in the action regarding whether to approve or ratify the transaction.

The policies and procedures provide that all related person transactions are to be disclosed in the Company’s Proxy Statement and other appropriate filings to the extent required by the rules and regulations of the SEC.
