MAXIMUS, Inc.

Notes to Unaudited Condensed Consolidated Financial Statements

For the Three Months Ended December 31, 2006 and 2005

In these Notes to Unaudited Condensed Consolidated Financial Statements, the terms the Company, MAXIMUS, we, or our refer to MAXIMUS. Inc. and its subsidiaries.

1. Organization and Basis of Presentation

General

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. The results of operations for the three months ended December 31, 2006 are not necessarily indicative of the results that may be expected for the full fiscal year. The balance sheet at September 30, 2006 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In addition to the Company s wholly owned subsidiaries, the financial statements as of and for the three months ended December 31, 2006 and 2005, and as of September 30, 2006, include a majority (55%) owned international subsidiary.

These financial statements should be read in conjunction with the audited financial statements and the notes thereto at September 30, 2006 and 2005 and for each of the three years in the period ended September 30, 2006, included in the Company s Annual Report on Form 10-K for the year ended September 30, 2006 (File No. 1-12997) filed with the Securities and Exchange Commission on December 13, 2006.

Income Taxes

During the three months ended December 31, 2006, our historical effective income tax rate was impacted by approximately 4 percentage points as a result of recording a \$0.7 million valuation allowance on certain deferred tax assets related to a foreign subsidiary s net operating losses recorded at September 30, 2006 that were considered more-likely-than-not to be realized at that time. As a result of events occurring during the first fiscal quarter of 2007 impacting the subsidiary s operating results for that period, the need for a valuation allowance was re-evaluated and it was determined that it was no longer more-likely-than-not that the net operating losses that existed at September 30, 2006 would be realized.

Legal Expense

Legal expense consists of costs, net of reimbursed insurance claims, related to significant legal settlements and non-routine legal matters, including future probable legal costs estimated to be incurred in connection with those matters. Legal expenses incurred in the ordinary course of business are included in selling, general and administrative expense.

Stock-Based Compensation

The Company s Board of Directors established stock option plans during 1997 pursuant to which the Company may grant non-qualified stock options to officers, employees and directors of the Company. Such plans also provide for stock awards and direct purchases of the Company s common stock. At December 31, 2006, the Board of Directors had reserved 8.1 million shares of common stock for issuance under the Company s stock option plans. At December 31, 2006, approximately 2.0 million shares remained available for grants under the Company s stock option plans.

Stock options are granted at exercise prices equal to the fair market value of the Company s common stock at the date of grant. Stock options generally vest ratably over a period of four years and, beginning in fiscal 2005, expire six years after date of grant. Options issued prior to fiscal 2005 expire ten years after date of grant. Compensation expense recognized related to stock options was \$0.9 million and \$1.0 million for the three months ended December 31, 2005 and 2006, respectively.

The Company also issues Restricted Stock Units (RSUs) to certain executive officers and employees under its 1997 Equity Incentive Plan (Plan). Generally, these RSUs vest ratably over six years with full vesting upon the sixth anniversary of the date of grant, provided, however, that the vesting will accelerate if the Company meets certain earnings targets determined by the Board of Directors. The fair value of the RSUs, based on the Company s stock price at the grant date, is expensed over the vesting period. Compensation expense recognized related to RSUs was \$0.4 million for the three months ended December 31, 2005. During the three months ended December 31, 2006, the Company increased its estimate of RSU forfeitures based upon historical data, which had the result of reducing compensation expense by \$0.8 million to less than \$0.1 million in the first quarter of fiscal 2007.

2. Comprehensive Income (Loss)

Comprehensive income (loss) includes net income (loss), plus changes in the net unrealized gains (losses) on investments, net of taxes, and changes in cumulative foreign currency translation adjustments. The components of comprehensive income (loss) for the three months ended December 31, 2005 and 2006 are as follows:

	Three months Ended December 31,					
(in thousands)	2005			2006		
Net income (loss)	\$	8,906		\$	(10,395	
Foreign currency translation adjustments	(649)	1,216	5	
Unrealized investment gains (losses)	(7)			
Reclassification adjustment for gains realized in net income, net of tax effect of \$93	(143)		•	
Comprehensive income (loss)	\$	8,107		\$	(9,179	

3. Deferred Contract Costs

Deferred contract costs consist of contractually recoverable direct set-up costs relating to long-term service contracts in progress. These costs include direct and incremental costs incurred prior to the commencement of the Company providing contracted services to our customers. These costs totaled \$26.3 million and \$26.2 million at September 30, 2006 and December 31, 2006, respectively, of which \$7.6 million consisted of leased equipment. Deferred contract costs are expensed ratably as services are provided under the contracts. Accumulated amortization of deferred contract costs was \$15.1 million and \$16.4 million at September 30, 2006 and December 31, 2006, respectively.

4. Goodwill and Intangible Assets

The changes in the carrying amount of goodwill, by each of the Company s business segments, for the three months ended December 31, 2006 are as follows (in thousands):

	Consulting	Systems	Operations	Total
