PROXY STATEMENT

GENERAL INFORMATION

Introduction

This Proxy Statement is furnished to the stockholders of record of Genie Energy Ltd., a Delaware corporation (the "Company" or "Genie") as of the close of business on March 23, 2012, in connection with the solicitation by the Company's Board of Directors (the "Board of Directors") of proxies for use in voting at the Company's Annual Meeting of Stockholders (the "Annual Meeting"). The Annual Meeting will be held on Wednesday, May 16, 2012 at 10:30 a.m., local time, at the Hampton Inn & Suites Newark Riverwalk Hotel, 100 Passaic Ave, Harrison, New Jersey 07029. The shares of the Company's Class A common stock, par value \$0.01 per share ("Class A Common Stock") and Class B common stock, par value \$0.01 per share ("Class B Common Stock"), present at the Annual Meeting or represented by the proxies received by telephone, Internet or mail (properly marked, dated and executed) and not revoked, will be voted at the Annual Meeting. This Proxy Statement is being mailed to the Company's stockholders starting on or about April 9, 2012.

Solicitation and Voting Procedures

This solicitation of proxies is being made by the Company. The solicitation is being conducted by mail and by e-mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and any reimbursements paid to brokerage firms and others for their expenses incurred in forwarding the solicitation materials regarding the Annual Meeting to the beneficial owners of the Company's Class A Common Stock and Class B Common Stock. The Company may conduct further solicitations personally, by telephone or by facsimile through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

The close of business on Friday, March 23, 2012, has been fixed as the record date (the "Record Date") for determining the holders of shares of Class A Common Stock and Class B Common Stock entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, the Company had 22,983,730, shares issued and outstanding and entitled to vote at the Annual Meeting, consisting of 1,574,326 shares of Class A Common Stock and 21,409,404 shares of Class B Common Stock.

Stockholders are entitled to three votes for each share of Class A Common Stock held by them and one-tenth of one vote for each share of Class B Common Stock held by them. The holders of Class A Common Stock and Class B Common Stock will vote as a single body on all matters presented to the stockholders. There are no dissenters' rights of appraisal in connection with any proposal.

How do I Vote?

You can vote either in person at the Annual Meeting or by proxy without attending the meeting.

Beneficial holders of the Company's Class A Common Stock and Class B Common Stock as of the Record Date whose stock is held of record by another party should receive voting instructions from their bank, broker or other holder of record. If a stockholder's shares are held through a nominee and the stockholder wants to vote at the meeting, such stockholder must obtain a proxy from the nominee record holder authorizing such stockholder to vote at the Annual Meeting.

Stockholders of record should receive a paper copy of our proxy materials and may vote by following the instructions on the proxy card that is included with the proxy materials. As set forth on the proxy card, there are three convenient methods for holders of record to direct their vote by proxy without attending the Annual Meeting: by telephone, on the Internet or by mail. To vote by phone, call the toll-free telephone number on the proxy card (1-800-PROXIES), and to vote by Internet, visit www.voteproxy.com. To vote by mail, mark, date and sign the enclosed proxy card and return it in the postage-paid envelope provided. Holders of record may also vote by attending the Annual Meeting and voting by ballot.

All shares for which a proxy has been duly executed and delivered (by telephone, Internet or mail) and not revoked will be voted at the Annual Meeting. If a stockholder of record signs and returns a proxy card but does not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly

presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone, or mail, the persons named as proxies will have the discretion to vote on those matters for you. On the date of filing this Proxy Statement with the SEC, the Board of Directors did not know of any other matter to be raised at the Annual Meeting.

How Can I Change My Vote?

A stockholder of record can revoke his, her or its proxy at any time before it is voted at the Annual Meeting by delivering to the Company (to the attention of Joyce J. Mason, Esq., Corporate Secretary) a written notice of revocation or by executing a later-dated proxy by telephone, Internet or mail, or by attending the Annual Meeting and voting in person.

If your shares are held in the name of a bank, broker, or other nominee, you must obtain a proxy executed in your favor from the holder of record (that is, your bank, broker, or nominee) to be able to vote at the Annual Meeting.

Quorum and Vote Required

The presence at the Annual Meeting of a majority of the voting power of the Company's outstanding Class A Common Stock and Class B Common Stock (voting together), either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstention votes and any broker non-votes (i.e., votes withheld by brokers on non-routine proposals in the absence of instructions from beneficial owners) will be counted as present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

The affirmative vote of a majority of the voting power present at the Annual Meeting will be required for the approval of the election of directors (Proposal No. 1) and for the approval, on an advisory basis, the compensation of our Named Executive Officers (Proposal No. 2). This means that the number of votes cast for a director nominee or Proposal No. 2 must exceed the number of votes cast against that nominee or Proposal No. 2. Abstentions are not counted as votes for or against these proposals. Proposal No. 3 is being submitted to enable stockholders to express a preference as to whether future advisory votes on executive compensation should be held every year, every two years, or every three years. Therefore, abstentions will not be counted as expressing any preference.

Under New York Stock Exchange rules, without voting instructions from the beneficial owner, brokers may not vote shares on non-routine matters. The election of directors (Proposal No. 1), the approval, on an advisory basis, the compensation of our Named Executive Officers (Proposal No. 2) and the advisory vote on the frequency of future advisory votes on executive compensation (Proposal No. 3) are non-routine matters. In the absence of voting instructions from the beneficial owner, a broker non-vote may occur. In the event of a broker non-vote or an abstention with respect to any proposal coming before the Annual Meeting, the shares represented by the relevant proxy will not be deemed to be present and entitled to vote on those proposals for the purpose of determining the total number of shares of which a majority is required for adoption, having the practical effect of reducing the number of affirmative votes required to achieve a majority vote for such matters by reducing the total number of shares from which a majority is calculated.

How Many Votes Are Required to Approve Other Matters?

Unless otherwise required by law or the Company's Bylaws, the affirmative vote of a majority of the voting power represented at the Annual Meeting and entitled to vote will be required for other matters that may properly come before the meeting.

Stockholders Sharing the Same Address

We are sending only one copy of the 2011 Transition Report and Proxy Statement to stockholders of record who share the same last name and address, unless they have notified the Company that they want to continue to receive multiple copies. This practice, known as householding, is designed to reduce duplicate mailings and printings and postage costs. However, if any stockholder residing at such address wishes to receive a separate 2011 Transition Report or Proxy Statement in the future, he or she may contact Joyce J. Mason, Esq., Corporate Secretary, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102, or by phone at (973) 438-3500, and we will promptly forward to such stockholder a separate 2011 Transition Report or Proxy Statement. The contact information above may also be used by members of the same household currently receiving multiple copies of the 2011 Transition Report and Proxy Statement in order to request that only one set of materials be sent in the future.

References to Fiscal Years

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

On January 30, 2012, the Company's Board of Directors changed the Company's fiscal year end from July 31 to December 31. This change will better align the Company's financial reporting with its operational and budgeting cycle and with other industry participants. Accordingly, beginning January 1, 2012, a fiscal year will be equivalent to the same calendar year. For periods ended

2

on or prior to December 31, 2011, a fiscal year refers to the 12-month period ended on July 31 of that year—for example, a reference to Fiscal Year 2011 refers to the Fiscal Year ended July 31, 2011.

References to Interim Period

Each reference to Interim Period refers to the period from August 1, 2011 to December 31, 2011, which is the period during which we transitioned from our previous fiscal year schedule to the current schedule.

CORPORATE GOVERNANCE

Introduction

The Company has in place a comprehensive corporate governance framework that reflects the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, and the corporate governance-related listing requirements of the New York Stock Exchange. Consistent with the Company's commitment to strong corporate governance, the Company does not rely on the exceptions from the New York Stock Exchange's corporate governance listing requirements available to it because it is a controlled company, except as described below with regard to (i) the composition of the Nominating Committee and (ii) the Company not having a single Nominating/Corporate Governance Committee.

In accordance with Sections 303A.09 and 303A.10 of the New York Stock Exchange Listed Company Manual, the Company has adopted a set of Corporate Governance Guidelines and a Code of Business Conduct and Ethics, the full texts of which are available for your review in the Governance section of our website at <http://genie.com/governance.php> and which also are available in print to any stockholder upon written request to the Corporate Secretary.

The Company qualifies as a controlled company as defined in Section 303A of the New York Stock Exchange Listed Company Manual, because more than 50% of the voting power of the Company is controlled by one individual, Howard S. Jonas, who serves as Chairman of the Board of Directors. Notwithstanding that being a controlled company entitles the Company to exempt itself from the requirement that a majority of its directors be independent directors and that the Compensation Committee and Corporate Governance Committee be comprised entirely of independent directors, the Board of Directors has determined affirmatively that a majority of the members of the Board of Directors and the director nominees are independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual and that the Compensation Committee and the Corporate Governance Committee are in fact comprised entirely of independent directors. As a controlled company, the Company may, and has chosen to, exempt itself from the New York Stock Exchange requirement that it have a single Nominating/Corporate Governance Committee composed entirely of independent directors. As noted above, and discussed in greater detail below, the Board of Directors maintains a separate Corporate Governance Committee comprised entirely of independent directors, and a Nominating Committee comprised of the Chairman of the Board of Directors, a non-independent director and one independent director.

Director Independence

The Corporate Governance Guidelines adopted by the Board of Directors provide that a majority of the members of the Board of Directors, and each member of the Audit, Compensation and Corporate Governance Committees, must meet the independence requirements set forth therein. The full text of the Corporate Governance Guidelines, including the independence requirements, is available for your review in the Governance section of our website at <http://genie.com/governance.php>. For a director to be considered independent, the Board of Directors must determine that a director meets the Independent Director Qualification Standards set forth in the Corporate Governance Guidelines, which comply with the New York Stock Exchange definitions of independent, and is free from any material relationship with the Company and its executive officers. The Board of Directors considers all relevant facts and circumstances known to it in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation or significant financial interest. In addition to considering all relevant information available to it, the Board of Directors uses the following categorical Independent Director Qualification Standards in determining the independence of its directors:

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

1. During the past three years, the Company shall not have employed the director, or, except in a non-officer capacity, any of the director's immediate family members;
2. During the past three years, the director shall not have received, and shall not have an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

3

3. (a) The director shall not be a current partner or employee of a firm that is the Company's internal or external auditor, (b) the director shall not have an immediate family member who is a current partner of such firm, (c) the director shall not have an immediate family member who is a current employee of such firm and personally works on the Company's audit, and (d) neither the director nor any of his or her immediate family members shall have been, within the last three years, a partner or employee of such firm and personally worked on the Company's audit within that time;
4. Neither the director, nor any of his or her immediate family members, shall be, or shall have been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation (or equivalent) committee; and
5. The director shall not be a current employee and shall not have an immediate family member who is a current executive officer of a company (excluding tax exempt organizations) that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three Fiscal Years, exceeds the greater of (a) \$1 million or (b) two percent of the consolidated gross revenues of such other company. The Corporate Governance Committee will review the materiality of such relationship to tax exempt organizations to determine if such director qualifies as independent.

Based on the review and recommendation of the Corporate Governance Committee, the Board of Directors has determined that each of W. Wesley Perry, Allan Sass, Alan Rosenthal and Irwin Katsof is independent in accordance with the Corporate Governance Guidelines and, thus, that a majority of the current Board of Directors, a majority of the director nominees, and each member or nominee intended to become a member of the Audit, Compensation and Corporate Governance Committees is independent. The Corporate Governance Committee considered the following relationships between the Company and W. Wesley Perry in determining Mr. Perry's independence: In April 2008, W. Wesley Perry sold a portion of his interest in EGL Oil Shale LLC to IDT Corporation for a cash payment of \$632,400. Mr. Perry joined the Genie Energy International Corporation board of directors at its inception in September 2009 and purchased a 0.2% interest in Genie Energy International Corporation, the Company's subsidiary, for \$400,000 in April 2010. Mr. Perry was not a Related Person at the time of these transactions. Mr. Perry became a member of the IDT Corporation's Board of Directors on September 13, 2010, resigned from IDT Corporation's Board of Directors in conjunction with the spin-off of the Company from IDT Corporation in October 2011 (the "spin-off") and became a member of the Company's board. Mr. Perry owns an overriding royalty interest in .2635 of 1% covering the commercial lease to be held by AMSO, LLC (a subsidiary of the Company) should AMSO, LLC successfully convert its research, development, and demonstration lease into a commercial lease oil shale lands in western Colorado. The Corporate Governance Committee determined, after considering the timing, ownership and financial interest of the transactions, that the foregoing relationships were not material relationships with the Company and would not impact Mr. Perry's independence. The Corporate Governance Committee (with Mr. Perry abstaining), therefore, recommended that the Board of Directors determine that Mr. Perry be deemed independent in accordance with the Corporate Governance Guidelines. The Board of Directors accepted the Corporate Governance Committee's recommendation. The Corporate Governance Committee considered the following relationship between Irwin Katsof and the Company in determining Mr. Katsof's independence: In October 2010, Mr. Katsof became an independent director of CTM Media Holdings, Inc., a company controlled by our Chairman of the Board, Howard Jonas, and spun-off from IDT Corporation in September 2009. The Corporate Governance Committee determined, after considering that there are no transactions between the two companies, that the foregoing relationship was not material and would not impact Mr. Katsof's independence. The Corporate Governance Committee, therefore, recommended that the Board of Directors determine that Mr. Katsof be deemed independent in accordance with the Corporate Governance Guidelines. The Board of Directors accepted the Corporate Governance Committee's recommendation.

As used herein, the term "non-employee director" shall mean any director who is not an employee of, or consultant to, the Company, and who is deemed to be independent by the Board of Directors. Therefore, neither Howard Jonas nor James Courter is a non-employee director. None of the other non-employee directors or director nominees had any relationships with the Company that the Corporate Governance Committee was required to consider when reviewing independence.

Director Selection Process

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

The Nominating Committee will consider director candidates recommended by the Company's stockholders. Stockholders may recommend director candidates by contacting the Chairman of the Board as provided under the heading "Director Communications." The Nominating Committee considers candidates suggested by its members, other directors, senior management and stockholders in anticipation of upcoming elections and actual or expected board vacancies. All candidates, including those recommended by stockholders, are evaluated on the same basis in light of the entirety of their credentials and the needs of the Board of Directors and the Company. Of particular importance is the candidate's wisdom, integrity, ability to make independent analytical inquiries, understanding of the business environment in which the Company operates, as well as his

4

or her potential contribution to the diversity of the Board of Directors and his or her willingness to devote adequate time to fulfill duties as a director. Under "Proposal No. 1 Election of Directors" below, we provide an overview of each nominee's experience, qualifications, attributes and skills that led the Nominating Committee and the Board of Directors to determine that each nominee should serve as a Director.

Director Communications

Stockholders and other interested persons seeking to communicate directly with the Board of Directors, with the lead independent director or the independent directors as a group, should submit their written comments c/o Lead Independent Director at our principal executive offices, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102. The lead independent director will review any such communication at the next regularly scheduled Board meeting unless, in his or her judgment, earlier communication to the Board is warranted. If a stockholder communication raises concerns about the ethical conduct of us or our management, it should be sent directly to our Corporate Secretary, Joyce J. Mason, Esq. at our principal executive offices, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102. The Corporate Secretary will promptly forward a copy of any such communication to the Chairman of the Audit Committee and, if appropriate our Chairman, and take such actions as they authorize to ensure that the subject matter is addressed by the appropriate committee of the Board of Directors, by management and/or by the full Board of Directors.

The Corporate Secretary may filter out and disregard or re-direct (without providing a copy to the directors or advising them of the communication), or may otherwise handle at his or her discretion, any director communication that falls into any of the following categories:

Obscene materials;

Unsolicited marketing or advertising material or mass mailings;

Unsolicited newsletters, newspapers, magazines, books and publications;

Surveys and questionnaires;

Resumes and other forms of job inquiries;

Requests for business contacts or referrals;

Material that is threatening or illegal; or

Any communications or materials that are not in writing.

In addition, the Corporate Secretary may handle in his or her discretion any director communication that can be described as an ordinary business matter. Such matters include the following:

Routine questions, service and product complaints and comments that can be appropriately addressed by management; and

Routine invoices, bills, account statements and related communications that can be appropriately addressed by management.

BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

The Board of Directors held three (3) meetings in the Interim Period. In the Interim Period, each of the Company's directors attended or participated in 75% or more of the aggregate of (i) the total number of regularly scheduled meetings of the Board of Directors held during the period in which each such director served as a director and (ii) the total number of regularly scheduled meetings held by all committees of the Board of Directors during the period in which each such director served on such committees. Prior to October 24, 2011, the Board of Directors consisted of only Howard Jonas and James Courter and all board actions were done by written consent in lieu of board meetings. Also, the prior annual stockholders meeting took place when the Company was a wholly-owned subsidiary of IDT Corporation and was therefore conducted via written consent of IDT Corporation, the Company's sole stockholder at that time.

Directors are encouraged to attend the Company's annual meetings of stockholders, and the Company generally schedules a meeting of the Board of Directors on the same date and at the same place as the annual meeting of stockholders to encourage director attendance.

5

Board of Directors Leadership Structure and Risk Oversight Role

Our Chairman of the Board, Mr. Jonas, provides overall leadership to the Board of Directors in its oversight function. The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership, and that given the dynamic and competitive environment in which we operate, the right Board leadership structure may vary as circumstances warrant. The Board has determined that given Howard Jonas' extensive experience in managing companies and extensive knowledge of the Company and its industries that it operates in, Mr. Jonas' leadership is optimal for the Company at the present time.

The Board of Directors as a whole, and through its committees, has responsibility for the oversight of risk management, including the review of the policies with respect to risk management and risk assessment. The risk management oversight roles of the Compensation, Audit and Corporate Governance Committees discussed below, which are comprised solely of independent directors, provide an appropriate and effective balance to the Chairman of the Board's role. With the oversight of the full Board of Directors, the Company's senior management is responsible for the day-to-day management of the material risks the Company faces. The Board of Directors is required to satisfy itself that the risk management process implemented by management is adequate and functioning as designed.

Section 303A.03 of the New York Stock Exchange Listed Company Manual requires that the non-employee directors of the Company meet without management at regularly scheduled executive sessions. These executive sessions are held at every regularly scheduled meeting of the Board of Directors. W. Wesley Perry, an independent director and the Lead Independent Director, serves as the presiding director of these executive sessions and has served in that capacity since October 24, 2011. The Board of Directors determined that the role of Lead Independent Director was important to maintain a well-functioning Board of Directors that objectively assesses management's proposals.

The Board of Directors and each of its committees will conduct annual self-assessments to review and monitor their respective continued effectiveness.

As stated above, each of the Audit, Compensation and Corporate Governance Committees oversees certain aspects of risk management and reports its respective findings to the full Board of Directors on a quarterly basis, and as is otherwise needed. The Audit Committee is responsible for overseeing risk management of financial matters, financial reporting, the adequacy of the risk-related internal controls, internal investigations, and security risks, generally. The Corporate Governance Committee oversees our Corporate Governance Guidelines and governance-related risks, such as board independence, as well as senior management and director succession planning. The Compensation Committee oversees risks related to compensation policies and practices.

Board Committees

The Board of Directors established an Audit Committee, a Nominating Committee, a Compensation Committee, and a Corporate Governance Committee during the Interim Period upon the spin-off of the Company. On March 28, 2012, the Board of Directors established a Technology Committee.

Audit Committee

The Audit Committee consists of W. Wesley Perry (Chairman), Allan Sass and Alan Rosenthal, and is responsible for, among other things, the appointment, compensation, removal and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee also oversees management's performance of its responsibility for the integrity of the Company's accounting and financial reporting and its systems of internal controls, the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements. The Audit Committee operates under a written Audit Committee charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and is also available in print to any stockholder upon request to the Corporate Secretary. The Audit Committee held one meeting during the Interim Period. The Board of Directors has determined that (i) all of the members of the Audit Committee are independent within the meaning of the Section 303A.07(b) and Section 303A.02 of the New York Stock Exchange Listed Company Manual and Rule 10A-3(b) under the Securities Exchange Act of 1934, and (ii) that Mr. Perry qualifies as an audit committee financial expert within the meaning of Item 407(d)(5) of Regulation S-K.

Nominating Committee

The Nominating Committee is responsible for overseeing nominations to the Board of Directors, including: (i) developing the criteria and qualifications for membership on the Board of Directors, (ii) recommending candidates to fill new or vacant positions on the Board of Directors, and (iii) conducting appropriate inquiries into the backgrounds of potential candidates. A

6

summary of new director qualifications can be found under the heading Director Selection Process. The Nominating Committee currently consists of Howard S. Jonas (Chairman), James A. Courter and W. Wesley Perry. W. Wesley Perry is independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual. Mr. Jonas and Mr. Courter are not independent. The Company, as a controlled company, is exempt from the requirement to maintain an independent nominating committee pursuant to Section 303A.00 of the New York Stock Exchange Listed Company Manual. The Nominating Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Nominating Committee held one meeting during the Interim Period.

Compensation Committee

The Compensation Committee is responsible for, among other things, reviewing, evaluating and approving all compensation arrangements for the executive officers of the Company, evaluating the performance of executive officers, administering the Company's 2011 Stock Option and Incentive Plan, and recommending to the Board of Directors the compensation for Board members, such as retainers, committee and other fees, stock option, restricted stock and other stock awards, and other similar compensation as deemed appropriate. The Compensation Committee confers with the Company's executive officers when making the above determinations. The Compensation Committee currently consists of Messrs. Rosenthal (Chairman), Perry and Katsof. The Compensation Committee held two meetings during the Interim Period. The Compensation Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors has determined that all of the members of the Compensation Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee have served as an officer or employee of the Company or have any relationship with the Company that is required to be disclosed under the heading Related Person Transactions.

Corporate Governance Committee

The Corporate Governance Committee is responsible for, among other things, reviewing and reporting to the Board of Directors on matters involving relationships among the Board of Directors, the stockholders and senior management. The Corporate Governance Committee (i) reviews the Corporate Governance Guidelines and other policies and governing documents of the Company and recommends revisions as appropriate, (ii) reviews any potential conflicts of interests of independent directors, (iii) reviews and monitors related person transactions, (iv) oversees the self-evaluations of the Board of Directors, the Audit Committee and the Compensation Committee and (v) reviews and determines director independence, and makes recommendations to the Board of Directors regarding director independence. The Corporate Governance Committee currently consists of Messrs. Katsof (Chairman), Sass and Perry. The Corporate Governance Committee held one meeting in the

Interim Period. The Corporate Governance Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. Technology Committee

The Technology Committee is responsible for examining and providing oversight over management's direction of and investment in the Company's research and development and technology initiatives. 2011 COMPENSATION FOR NON-EMPLOYEE DIRECTORS

Annual compensation for non-employee directors for the Interim Period was comprised of equity compensation, consisting of awards of restricted Class B Common Stock, and cash compensation. Each of these components is described in more detail below.

Director Equity Grants

Pursuant to the Company's 2011 Stock Option and Incentive Plan, each non-employee director of the Company who is deemed to be independent will receive, on each January 5th (or the next business day thereafter), an annual grant of 2,920 restricted shares of our Class B common stock (pro-rated based on the quarter in which they join the Board), which will vest immediately upon grant. A new director who becomes a member of the Board of Directors during the course of the calendar year receives an automatic grant on the date that he or she becomes a director in the amounts specified above, pro-rated based on the calendar quarter of the year in which such person became a director. The stock is granted on a going forward basis, before the director completes his or her service for the calendar year. All such grants of stock to directors are subject to certain terms and conditions described in the Company's 2011 Stock Option and Incentive Plan, as may be amended and restated from time to time.

Director Board Retainers

Each non-employee director of the Company who attends at least 75% of the regularly scheduled meetings of the Board of Directors and committees of which they are members during a calendar year will receive an annual cash retainer of \$50,000. Such payment will be made in January of the calendar year following attendance of at least 75% of the Board of Directors and committee meetings during the preceding year, and is pro-rated, based on the quarter in which they join, for non-employee directors who join the Board of Directors or depart from the Board of Directors during the prior year, if such director attended 75% of the applicable Board of Directors meetings for such partial year. The Company's Chairman may, in his discretion, waive the requirement of 75% attendance by a director to receive the annual retainer in the case of mitigating circumstances. There is no additional compensation for serving on a committee, as a committee chair, for the Lead Independent Director or for the Audit Committee Financial Expert. The Compensation Committee periodically reviews our director compensation practices.

2011 Director Compensation Table

The following table lists the Interim Period compensation for any person who served as a non-employee director during the Interim Period. This table does not include compensation to Howard S. Jonas, who serves as director and is a named executive officer, as he did not receive additional compensation for his service as a director. Introduction

We were spun-off from IDT Corporation (IDT) in October 2011. Prior to that date, all of our executive officers were employees of subsidiaries of IDT and were compensated by such entities under IDT's compensation policies.

For all periods subsequent to our spin-off from IDT, it is the responsibility of the Compensation Committee of our board of directors to oversee our general compensation policies; to determine the base salary and bonus to be paid each year to each of our executive officers; to oversee our compensation policies and practices as they relate to our risk management; and to determine the compensation to be paid each year to our non-employee directors for service on our board of directors and the various committees of our board of directors. In addition, the Compensation Committee administers our 2011 Stock Option and Incentive Plan with respect to stock option grants or other equity-based awards made to our executive officers. Further, certain executives are eligible to receive grants of equity in certain of our subsidiaries. Shares of restricted stock are

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

granted to our non-employee directors automatically under our 2011 Stock Option and Incentive Plan on an annual basis.

Elements of Compensation

The three broad components of our executive officer compensation are base salary, annual cash incentive bonuses awards, and long term equity-based incentive awards. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our board, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation plans are serving their intended purposes and are functioning reasonably. Below is a description of the general policies and processes that govern the compensation paid to our executive officers, as reflected in the accompanying compensation tables.

Company Performance

During Fiscal 2011 and the Interim Period, the Company operated in accordance with its business plan. IDT Energy significantly expanded its customer base and geographic reach, while maintaining gross margins that met or exceeded targets. Despite the extraordinary weather during the last two months of the Interim Period which negatively impacted results at IDT Energy,

12

management was satisfied with the performance in a very tough environment. During the same periods, our two Genie Oil & Gas development projects made substantial progress on their technological development, site characterization, resource appraisal, analysis of the oil shale and geology, regulatory approvals, and in the case of AMSO, pilot project drilling and construction.

Pre-Spin-Off Periods

Prior to the spin-off, all of the Named Executive Officers were employees of IDT and all compensation for fiscal year 2011 (as well as in the period up to the consummation of the spin-off on October 28, 2011) disclosed in the table below was paid by IDT for services provided by the Named Executive Officers to our business segments and other units of IDT. During fiscal year 2011, Howard Jonas served as the Chairman of the Board of Directors and CEO of IDT, Claude Pupkin served as Executive Vice President of IDT, Chief Financial Officer of Genie and President of AMSO LLC, Geoff Rochwarger served as the Chief Executive Officer of IDT Energy and Avi Goldin served as Vice President of IDT.

The pre-spin-off compensation of Howard Jonas and Claude Pupkin were set by the Compensation Committee of the Board of Directors of IDT after discussions with management about the recommended levels and components of compensation for each of the individuals. The historical compensation of Messrs. Rochwarger and Goldin were set by the management of IDT. Post spin-off, compensation of all such individuals from the Company was set by the Compensation Committee of our Board of Directors.

Compensation Structure, Philosophy and Process

Our executive compensation structure is designed to attract and retain qualified and motivated personnel and align their interests with the short-term and long-term goals of the Company and with the best interests of our stockholders. Our compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

The base salary levels we pay to each of our Named Executive Officers is based on the responsibilities undertaken by the individuals, if applicable, the business unit managed and its complexity and role within the Company, and the market place for employment of people of similar skill and background. The base salaries paid are determined by discussions with the covered individual and his manager and budgetary considerations and approved by the relevant members of our senior management and, in the case of executive officers, our Compensation Committee.

Incentive compensation is designed to reward contributions to achieving the Company's goals for the current period and for the longer term. Cash bonuses are awarded based upon goals that are set out at the beginning of a fiscal period. Those goals are set for the Company, for specific operating divisions and for individual executives, and are designed to set forth achievable goals for the current performance of the Company and

its business units and for current contributions to long-term initiatives. The levels of bonuses paid to individual executives are based on the Company meeting the goals and metrics outlined, the individual's role in achieving those goals, if relevant, the performance of the business unit over which the individual exercised management and other accomplishments during the year that were deemed relevant in specific instances. Following the end of a fiscal year, our management sets company-wide bonus levels for the fiscal year then ended, based on Company performance and available resources, which are presented to the Compensation Committee. The bonus amounts awarded to specific individuals are the result of subjective determinations made by the relevant members of management and the Compensation Committee with respect to each subject individual, based on Company and individual performance, particularly relative to the performance factors set by the Compensation Committee for the relevant period, and levels relative to the bonuses of other personnel and officers. Individual bonus levels are not determined based on previously established formulae, targets or ranges.

Executive officers are eligible to receive cash bonuses of up to 100% of base salary (or higher upon extraordinary performance) based upon performance, including the specific financial and other goals set by the Compensation Committee, which goals are Company-wide, specific to a business unit or specific to an executive and his area of responsibility. Specific bonuses will depend on the individual achievements of executives and their contribution to achievement of the enumerated goals. These goals will be set by the Compensation Committee. As Mr. Jonas does not receive a base salary from the Company, his bonus levels will be set with respect to bonuses of other executives and performance factors.

Equity grants are made in order to provide additional incentive compensation and to align the interests of our executives with our stockholders. Executives have been granted equity interests in the Company and with regard to individuals whose areas of responsibility focus on specific operations, in those operations, so as to better reward the executives for the results of their efforts. When equity grants in subsidiaries are made, the recipients are generally provided with the right to obtain liquidity in those grants through conversion to cash or equity in the Company (at the Company's option) upon vesting or a later date in the future.

Compensation Decisions Made in Covered Periods

Interim Period

In the Interim Period, in connection with the spin-off of the Company from IDT, we entered into employment agreements with Messrs. Jonas, Pupkin and Goldin. As Mr. Jonas is continuing to serve as Chairman and Chief Executive Officer of IDT, and Mr. Jonas and IDT are parties to an employment agreement, it was necessary for the Company and Mr. Jonas to enter into an agreement and to amend Mr. Jonas' agreement with IDT to provide for the allocation of his time and efforts and obligations for compensation. Following the spin-off, Mr. Pupkin was to serve as the Chief Executive Officer, and Mr. Goldin was to serve as Chief Financial Officer, of an independent public company, therefore, the Company felt that it was appropriate to enter into written, multi-year employment agreements with those executives. The agreements are described below. All such agreements were approved by the Company's Board of Directors prior to the spin-off, approved by IDT as the sole stockholder of the Company prior to the spin-off and were ratified by our Compensation Committee consisting of independent directors following the spin-off.

In the Interim Period, our executives were also paid bonuses by IDT for their performance during Fiscal 2011, which ended on July 31st 2011.

For Fiscal 2011, IDT's compensation committee set the following goals for company and executive performance: (i) meet or exceed Budgeted EBITDA of \$34.2 million company-wide, (ii) generate positive operating cash flow, (iii) secure additional financing for IEI's development efforts, (iv) evaluate and execute financing for IDT Telecom, (v) extend the IDT Energy financing arrangement with BP, (vi) reduce the carrying cost of the 520 Broad Street headquarters building through leasing, selling or restructuring, and (vi) completing internal restructuring and separation of business units.

During the Interim Period, management presented its results for Fiscal 2011 relative to such goals to the IDT's compensation committee: (i) IDT recorded EBITDA of \$37.6 million, exceeding the target by 9.9%, (ii) IDT had operating cash flow of \$61.9 million and total cash flow of \$30.5 million, including payment of \$15 million in dividends and expending \$7.5 million in buying back stock, (iii) Genie secured a \$10 million capital raise from Rothschild, (iv) the IDT Telecom financing effort was deferred to fiscal 2012, (v) the IDT Energy arrangement with BP was extended through 2014 and expanded to cover additional territories, (vi) the carrying costs on the building were reduced, but no strategic transaction was consummated, and (vi) the internal restructuring was completed and the Genie spin-off was completed in fall 2012.

In connection with such performance and accomplishments, individual bonus levels were determined and paid in the Interim Period.

Mr. Jonas received a bonus of \$400,000. The Compensation Committee determined that he was instrumental in his leadership of all of IDT's business units, was integrally involved in the positive performance of IDT's Telecom and Energy operations, and was essential in the efforts to

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

obtain the Rothschild financing. The bonus level was somewhat increased from the prior year level due to the significantly improved performance of IDT.

Mr. Pupkin was awarded a bonus of \$325,000. During Fiscal 2011, Mr. Pupkin had assumed substantially increased responsibilities in all of Genie's business operations, in addition to continuing his role with respect to the Genie Oil & Gas operations. As a result, he was engaged in oversight of all of the Genie operating units, and thus was in a position to contribute to the company-wide positive financial performance. Further, Mr. Pupkin was the primary point person in the efforts toward consummating the Rothschild financing, played a lead role in the internal restructuring, particularly in respect of the spin-off of Genie, and was involved in numerous business development efforts across IDT.

Mr. Rochwarger was awarded a bonus of \$464,872. Mr. Rochwarger's direct management of IDT Energy was essential to IDT's meeting its EBITDA and Cash flow goals for Fiscal 2011. Under his leadership, IDT Energy expanded and improved its financial performance. Included in that role was the extension and expansion of the BP arrangement, and facilitating the spin-off of Genie from IDT. Further, Mr. Rochwarger assumed an executive role at Genie in addition to his role as Chief Executive Officer of IDT Energy.

Mr. Goldin was awarded a bonus of \$26,250. During Fiscal 2011, Mr. Goldin took on the Genie Chief Financial Officer role and was instrumental in establishing the necessary functions for Genie to function as an independent entity and be prepared for the spin-off from IDT. He played a key role communicating with investors and in various discussions on financing and other arrangements for the business units within Genie, including the BP arrangement and the Rothschild financing.

In connection with the spin-off of Genie from IDT and the resulting increased responsibilities of being an executive officer of an independent public company, Mr. Pupkin's annual base salary as Chief Executive officer was raised to \$600,000, and Mr. Goldin's annual base salary as Chief Financial Officer was raised to \$250,000. Mr. Rochwarger's current base salary is \$578,650. During the Interim Period, it was determined to increase Mr. Rochwarger's base salary, in part to offset the increased tax burden related to Mr. Rochwarger performing a portion of his duties for the Company in Israel.

14

In the Interim Period, following the spin-off, the Company granted restricted shares of our Class B Common Stock and options to purchase shares of Class B common stock, to employees and consultants, including our Named Executive Officers. The Named Executive Officers received grants commensurate with their roles at Genie and in order to provide an appropriate incentive for them to guide Genie as an independent entity and align their interests with Genie's stockholders. Mr. Jonas was awarded 55,000 shares of Genie Class B common stock, Mr. Pupkin was awarded 37,463 shares of Genie Class B common stock and 37,463 options to purchase shares of Genie Class B Common Stock, Mr. Rochwarger was awarded 37,463 shares of Genie Class B Common Stock and 37,463 options to purchase shares of Genie Class B Common Stock, and Mr. Goldin was awarded 12,042 shares of Genie Class B Common Stock and 12,042 options to purchase shares of Genie Class B Common Stock,

All grants of restricted shares and options vest over three years and, for those executives with employment agreements, the treatment on termination of employment is determined by those agreements which are described below. All options have an exercise price of \$6.85 which was the most recent closing price of the Genie Class B Common Stock preceding the grant.

In connection with the spin-off of the Company from IDT, holders of options to purchase IDT Class B common stock, received options to purchase shares of our Class B Common Stock, including certain of our executive officers. Certain of those Genie options received by Mr. Rochwarger, which were scheduled to expire in the Interim Period, were extended through April 15, 2013.

Following the end of the Interim Period, certain executives received grants of equity interests in certain subsidiaries of the Company, in order to further align their interests with our stockholders in those areas of our businesses where they play a direct role in performance.

Fiscal 2011

In Fiscal 2011, our Named Executive Officers were awarded bonuses by IDT based on certain accomplishments during fiscal 2010 including: (i) exceeding IDT's budgeted goal of \$38.1 million in Adjusted EBITDA by 59%; (ii) generating positive operating cash flow; (iii) securing an equity investment for Genie Oil and Gas; (iv) achieving compliance with the standards and continued listing on the NYSE; and (v) exceeding targets for reducing corporate overhead (corporate overhead was \$28.0 million in fiscal 2009, the target amount for fiscal 2010 was \$15.0 million and the actual figure for fiscal 2010 was \$11.8 million). In fiscal 2010, IDT's named executive officers were awarded bonuses based on certain accomplishments during fiscal 2009, including: (i) the successful implementation of IDT's turn-around plan, which improved IDT's operational performance and reduced selling, general and administrative expenses company-wide; (ii) securing and consummating the joint venture with Total in AMSO LLC; and (iii) the shedding of non-core assets. In addition, bonuses reflected the increased responsibilities and

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

workload of IDT's named executive officers as a result of management changes and reductions in personnel. IDT did not target any specific proportion of total compensation in setting base salary and bonus compensation. Adjusted EBITDA is a non-GAAP measure representing income (loss) from operations exclusive of depreciation and amortization, severance and other charges, and other operating gains (losses), net. It is one of several key metrics used by management to evaluate the operating performance of the Company and its individual business units.

Mr. Jonas' base compensation in Fiscal 2011 was determined by his employment agreement with IDT that was in effect at the time, which provided for his base salary to be in the form of IDT stock, and his bonus was consistent with the overall company performance. Mr. Jonas does not currently receive base compensation from the Company, but he is eligible to participate in bonus and other compensation programs as approved by the Compensation Committee.

Mr. Pupkin's base salary in Fiscal 2011 was unchanged from the prior year, consistent with IDT's cost cutting programs that limited increases in compensation. His bonus (paid in Fiscal 2011 for performance during fiscal 2010) was determined by his direct role in the goals enumerated by the compensation committee specifically in securing an equity investment for Genie Oil and Gas and contribution to the effort in achieving renewed compliance with the NYSE listing standards, as well as other accomplishments of the Genie Oil & Gas operations he managed.

Mr. Rochwarger's base salary in Fiscal 2011 was unchanged from the prior year, consistent with IDT's cost cutting programs that limited increases in compensation. His bonus (paid in Fiscal 2011 for performance during fiscal 2010) was determined by his direct role in the goals enumerated by the compensation committee specifically IDT Energy's contribution to generating Adjusted EBITDA company-wide and positive operating cash flow, as well as the impact of IDT Energy's financial performance in achieving renewed compliance with the NYSE listing standards.

The stock grants issued to Messrs. Pupkin, Goldin and Rochwarger in Fiscal 2011 were part of a grant to certain key management personnel made as IDT completed its cost cutting and turn-around effort, in recognition of the contributions made by the individuals to that effort, to shaping the strategic vision and growth plan of IDT, and to the significant increase in the market prices for IDT's equity that IDT believed was significantly related to the successful effort. The individual grant levels were

15

determined in discussions with management and the compensation committee and were linked to the contributions made to the multi-year effort by the management personnel in question.

The following is a description of the material terms of the compensation provided pursuant to the employment agreements.

Howard Jonas: Mr. Jonas entered into an employment agreement with the Company (the "Jonas Employment Agreement"), effective as of October 28, 2011, pursuant to which Mr. Jonas serves as Chairman of the Board of Directors of the Company. PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, we are asking our stockholders to cast an advisory vote on the compensation of the Named Executive Officers identified in the 2011 Summary Compensation Table in the Executive Compensation section of this Proxy Statement. This vote is advisory and not binding on the Company; however, it will provide feedback concerning our executive compensation program.

As noted in the Compensation Discussion and Analysis, or CD&A, included in the Executive Compensation section of this Proxy Statement, the Compensation Committee believes that our executive compensation program implements and achieves the goals of our executive compensation philosophy. That philosophy, which is set by the Compensation Committee, is designed to attract and retain qualified and motivated personnel and align their interests with the short-term and long-term goals of the Company and with the best interests of our stockholders. Our

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

The three broad components of our executive officer compensation are base salary, annual cash incentive bonuses awards, and long term equity-based incentive awards. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our board, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation plans are competitive and reasonable.

Further details concerning how we implement our philosophy and goals, and how we apply the above principles to our compensation program, are provided in the Compensation, Discussion and Analysis above. In particular, we discuss how we set compensation targets and other objectives and evaluate performance against those targets and objectives to assure that performance is appropriately rewarded.

Prior to the spin-off, all of the Named Executive Officers were employees of IDT Corporation and all compensation for fiscal year 2011 (as well as in the period up to the consummation of the spin-off on October 28, 2011) disclosed in the summary compensation table was paid by IDT Corporation for services provided by the Named Executive Officers to our business segments and other units of IDT Corporation.

The pre-spin-off compensation of Howard Jonas and Claude Pupkin were set by the Compensation Committee of the Board of Directors of IDT Corporation after discussions with management about the recommended levels and components of compensation for each of the individuals. The historical compensation of Messrs. Rochwarger and Goldin were set by the management of IDT Corporation. Post spin-off, compensation of all such individuals from the Company was set by our Compensation Committee.

Stockholders are urged to read the Compensation, Discussion and Analysis and other information in the Executive Compensation section of this Proxy Statement. The Compensation Committee and the Board of Directors believe that the information provided in that section demonstrates that our executive compensation program aligns our executives' compensation with Genie's short-term and long-term performance and provides the compensation and incentives needed to attract, motivate and retain key executives who are crucial to Genie's long-term success. Accordingly, the following resolution will be submitted for a stockholder vote at the Annual Meeting:

RESOLVED, that the stockholders of Genie Energy Ltd. (the Company) approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures.

Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the results of the vote. The Compensation Committee will consider stockholders' concerns and take them into account in future determinations concerning our executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS STATED IN THE ABOVE RESOLUTION.

30

PROPOSAL NO. 3

ADVISORY VOTE ON FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

In addition to seeking our stockholders' advisory vote on the compensation of our Named Executive Officers, we are asking our stockholders to express a preference as to how frequently future advisory votes on executive compensation should take place. As required by Section 14A of the Securities Exchange Act of 1934, we are giving stockholders the opportunity to express a preference to cast such advisory votes annually, every two years or every three years; shareholders also have the option to abstain from voting on this matter. For the reasons discussed below, the Board of Directors recommends that advisory votes on executive compensation take place every three years.

The Board believes that a vote every three years provides adequate assurance that the Board of Directors and the Compensation Committee remain accountable for executive compensation decisions on a frequent basis.

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

Accordingly, our Board believes that an advisory vote every three years is preferable, as it would foster a long-term approach to evaluating our executive compensation program while maintaining accountability for executive compensation decisions. If a plurality of the votes cast on this matter at the Annual Meeting is cast in favor of advisory votes on executive compensation every three years, the Company would adopt this approach. On this basis, the next advisory vote on executive compensation, would take place at the Company's 2015 Annual Meeting.

Although the frequency vote is non-binding, the Compensation Committee and the Board will review the results of the vote. The Board and the Compensation Committee will consider stockholders' views and take them into account in determining the frequency of future advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS SELECT THREE YEARS ON THE PROPOSAL CONCERNING THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.

THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2012

Zwick and Banyai, PLLC (Zwick) was the Company's independent registered public accounting firm for Fiscal 2011 and for the Interim Period and has served the Company as its independent registered public accounting firm since the Company's formation in January 2011. On March 19, 2012, the Company notified Zwick that the Company was dismissing Zwick as its independent registered public accounting firm, effective immediately. The Audit Committee approved the dismissal of Zwick as the Company's independent registered public accounting firm on March 19, 2012.

On March 19, 2012, the Company engaged Grant Thornton LLP (Grant Thornton) to serve as the Company's independent registered public accounting firm to audit the Company's consolidated financial statements for the remainder of calendar year 2012 and to issue a report on our calendar year 2012 financial statements. The decision to engage Grant Thornton was approved by the Audit Committee. During the Company's two most recent fiscal years, the Interim Period and the subsequent interim period through March 19, 2012, the Company did not consult Grant Thornton with respect to any of the matters or events listed in Regulation S-K Item 304(a)(2). The Company therefore is not asking stockholders to ratify at the Annual Meeting the appointment of Grant Thornton LLP or any other firm as the Company's independent registered public accounting firm for the Fiscal Year ending December 31, 2012.

Zwick's report on the Company's consolidated financial statements for the past two fiscal years did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years, Interim Period and the subsequent period through March 19, 2012, there were no disagreements between the Company and Zwick on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Zwick, would have caused Zwick to make reference to the subject matter of the disagreements in connection with its report on the Company's financial statements for such years.

During the two most recent fiscal years and the subsequent interim period through March 19, 2012, there were no reportable events, as defined in Regulation S-K Item 304(a)(1)(v).

The Company had previously provided Zwick with a copy of the above disclosures and requested that Zwick furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether it agrees with the foregoing statements and, if not, stating the respects in which it does not agree. A copy of the letter from Zwick was filed as an exhibit to Form 8-K filed with the Securities and Exchange Commission by the Company on March 22, 2012.

We expect that representatives for Grant Thornton will be present at the Annual Meeting, will be available to respond to appropriate questions and will have the opportunity to make such statements as they may desire.

Audit and Non-Audit Fees

The following table presents fees billed for professional services rendered by Zwick and Banyai, PLLC for the Fiscal Year ended July 31, 2011 and the Interim Period.

Fiscal Year Ended December 31	Interim Period	Fiscal 2011

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

Fiscal Year Ended December 31	Interim Period	Fiscal 2011
Audit Fees ⁽¹⁾	\$ 19,550	\$38,408
Audit Related Fees		
Tax Fees		
All Other Fees		
Total	\$ 19,550	\$38,408

(1) Audit fees for fiscal 2011 were principally for audit work performed on the consolidated financial statements for the fiscal year ended July 31, 2011. Audit Fees for the Interim Period consist of fees for the review of the Company's financial statements.

The Audit Committee concluded that the provision of the non-audit services listed above is compatible with maintaining the independence of Zwick and Banyai.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of the Company's independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm, and all such services were approved by the Audit Committee for the Interim Period following the spin-off.

The Audit Committee assesses requests for services by the independent registered public accounting firm using several factors. The Audit Committee will consider whether such services are consistent with the PCAOB's and SEC's rules on auditor independence. In addition, the Audit Committee will determine whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service based upon the members' familiarity with the Company's business, people, culture, accounting systems, risk profile and whether the service might enhance the Company's ability to manage or control risk or improve audit quality.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee's function is more fully described in its charter, which can be found on the Company's website at genie.com/governance.php. The Committee reviews its charter on an annual basis. The Board of Directors annually reviews the NYSE listing standards' definition of independence for Audit Committee members and has determined that each member of the Committee meets that standard. The Board of Directors has also determined that W. Wesley Perry qualifies as an audit committee financial expert within the meaning of Item 407(d)(5) of Regulation S-K.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent registered public accounting firm for Fiscal 2011 and for the Interim Period ended December 31, 2011, Zwick and Banyai, PLLC, is responsible for performing independent audits of the consolidated financial statements for Fiscal 2011 and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles.

The Committee has reviewed and discussed with the Company's management the financial statements of the Company for the Interim Period ended December 31, 2011, as well as the effectiveness of the Company's internal controls over financial reporting as of December 31, 2011, and has discussed with Zwick and Banyai, PLLC the matters required to be discussed by the Statement on Auditing Standards Board Standard No. 61, as amended, Communication with Audit Committees. In addition, Zwick and Banyai, PLLC has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with Zwick and Banyai, PLLC its independence.

Edgar Filing: Genie Energy Ltd. - Form DEF 14A

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the financial statements be included in the Company's Transition Report on Form 10-Q for the Interim Period ended December 31, 2011, for filing with the Securities and Exchange Commission.
