PROXY STATEMENT

GENERAL INFORMATION

Introduction

This Proxy Statement is furnished to the stockholders of record of Genie Energy Ltd., a Delaware corporation (the “Company” or “Genie”) as of the close of business on March 14, 2013, in connection with the solicitation by the Company’s Board of Directors (the “Board of Directors”) of proxies for use in voting at the Company’s Annual Meeting of Stockholders (the “Annual Meeting”). The Annual Meeting will be held on Tuesday, May 7, 2013 at 10:30 a.m., local time, at the Marriott Courtyard Newark Downtown, 858 Broad Street, Newark, NJ 07102. The shares of the Company’s Class A common stock, par value \$0.01 per share (“Class A Common Stock”), Class B common stock, par value \$0.01 per share (“Class B Common Stock”) and the Series 2012-A Preferred Stock (“Preferred Stock”) present at the Annual Meeting or represented by the proxies received by telephone, Internet or mail (properly marked, dated and executed) and not revoked, will be voted at the Annual Meeting. This Proxy Statement is being mailed to the Company’s stockholders starting on or about April 11, 2013.

Solicitation and Voting Procedures

This solicitation of proxies is being made by the Company. The solicitation is being conducted by mail and by e-mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and any reimbursements paid to brokerage firms and others for their expenses incurred in forwarding the solicitation materials regarding the Annual Meeting to the beneficial owners of the Company’s Class A Common Stock, Class B Common Stock and Preferred Stock. The Company may conduct further solicitations personally, by telephone or by facsimile through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

The close of business on Thursday, March 14, 2013, has been fixed as the record date (the “Record Date”) for determining the holders of shares of Class A Common Stock, Class B Common Stock and Preferred Stock entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, the Company had 22,991,045, shares issued and outstanding and entitled to vote at the Annual Meeting, consisting of 1,574,326 shares of Class A Common Stock and 19,498,752 shares of Class B Common Stock and 1,917,967 shares of Preferred Stock.

Stockholders are entitled to three votes for each share of Class A Common Stock held by them and one-tenth of one vote for each share of Class B Common Stock and each share of Preferred Stock held by them. The holders of Class A Common Stock, Class B Common Stock and Preferred Stock will vote as a single body on all matters presented to the stockholders. There are no dissenters’ rights of appraisal in connection with any proposal.

How do I Vote?

You can vote either in person at the Annual Meeting or by proxy without attending the meeting.

Beneficial holders of the Company's Class A Common Stock, Class B Common Stock and Preferred Stock as of the Record Date whose stock is held of record by another party should receive voting instructions from their bank, broker or other holder of record. If a stockholder's shares are held through a nominee and the stockholder wants to vote at the meeting, such stockholder must obtain a proxy from the nominee record holder authorizing such stockholder to vote at the Annual Meeting.

Stockholders of record should receive a paper copy of our proxy materials and may vote by following the instructions on the proxy card that is included with the proxy materials. As set forth on the proxy card, there are three convenient methods for holders of record to direct their vote by proxy without attending the Annual Meeting: by telephone, on the Internet or by mail. To vote by phone, call the toll-free telephone number on the proxy card (1-800-PROXIES), and to vote by Internet, visit [www.voteproxy.com](http://www.voteproxy.com). To vote by mail, mark, date and sign the enclosed proxy card and return it in the postage-paid envelope provided. Holders of record may also vote by attending the Annual Meeting and voting by ballot.

All shares for which a proxy has been duly executed and delivered (by telephone, Internet or mail) and not revoked will be voted at the Annual Meeting. If a stockholder of record signs and returns a proxy card but does not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone, or mail, the persons named as proxies will have the discretion to vote on those matters for you. On the date of filing this Proxy Statement with the SEC, the Board of Directors did not know of any other matter to be raised at the Annual Meeting.

### How Can I Change My Vote?

A stockholder of record can revoke his, her or its proxy at any time before it is voted at the Annual Meeting by delivering to the Company (to the attention of Joyce J. Mason, Esq., Corporate Secretary) a written notice of revocation or by executing a later-dated proxy by telephone, Internet or mail, or by attending the Annual Meeting and voting in person.

If your shares are held in the name of a bank, broker, or other nominee, you must obtain a proxy executed in your favor from the holder of record (that is, your bank, broker, or nominee) to be able to vote at the Annual Meeting.

### Quorum and Vote Required

The presence at the Annual Meeting of a majority of the voting power of the Company's outstanding Class A Common Stock, Class B Common Stock and Preferred Stock (voting together), either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstention votes and any broker non-votes (i.e., votes withheld by brokers on non-routine proposals in the absence of instructions from beneficial owners) will be counted as present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

The affirmative vote of a majority of the voting power present (in person or by proxy) at the Annual Meeting, and casting a vote on the matter, will be required for the approval of the election of directors (Proposal No. 1). This means that the number of votes cast "for" a director nominee must exceed the number of votes cast "against" that nominee. Abstentions are not counted as votes "for" or "against" the proposal.

Under New York Stock Exchange rules, without voting instructions from the beneficial owner, brokers may not vote shares on non-routine matters. The election of directors (Proposal No. 1) is a non-routine matter. In the absence of voting instructions from the beneficial owner, a broker non-vote may occur. In the event of a broker non-vote or an abstention with respect to any proposal coming before the Annual Meeting, the shares represented by the relevant proxy will not be deemed to be present and entitled to vote on those proposals for the purpose of determining the total number of shares of which a majority is required for adoption, having the practical effect of reducing the number of affirmative votes required to achieve a majority vote for such matters by reducing the total number of shares from which a majority is calculated.

### How Many Votes Are Required to Approve Other Matters?

Unless otherwise required by law or the Company's Bylaws, the affirmative vote of a majority of the voting power represented at the Annual Meeting and entitled to vote will be required for other matters that may properly come before the meeting.

### Stockholders Sharing the Same Address

We are sending only one copy of the Annual Report and Proxy Statement to stockholders of record who share the same last name and address, unless they have notified the Company that they want to continue to receive multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and printings and postage costs. However, if any stockholder residing at such address wishes to receive a separate Annual Report or Proxy Statement in the future, he or she may contact Joyce J. Mason, Esq., Corporate Secretary, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102, or by phone at (973) 438-1000, and we will promptly forward to such stockholder a separate Annual Report or Proxy Statement. The contact information above may also be used by members of the same household currently receiving multiple copies of the 2012 Annual Report and Proxy Statement in order to request that only one set of materials be sent in the future.

#### References to Fiscal Years

The Company's fiscal year ends on December 31 of each calendar year. On January 30, 2012, the Company's Board of Directors changed the Company's fiscal year end from July 31 to December 31. Accordingly, beginning January 1, 2012, a fiscal year is equivalent to the same calendar year – for example, Fiscal 2012 refers to the Fiscal Year ended December 31, 2012). For periods ended on or prior to December 31, 2011, a fiscal year refers to the 12-month period ended on July 31 of that year – for example, a reference to Fiscal 2011 refers to the Fiscal Year ended July 31, 2011.

#### References to Interim Period

Each reference to Interim Period refers to the period from August 1, 2011 to December 31, 2011, which is the period during which we transitioned from our previous fiscal year schedule to the current schedule.

## CORPORATE GOVERNANCE

### Introduction

The Company has in place a comprehensive corporate governance framework that reflects the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, and the corporate governance-related listing requirements of the New York Stock Exchange. Consistent with the Company's commitment to strong corporate governance, the Company does not rely on the exceptions from the New York Stock Exchange's corporate governance listing requirements available to it because it is a "controlled company," except as described below with regard to (i) the composition of the Nominating Committee and (ii) the Company not having a single Nominating/Corporate Governance Committee.

In accordance with Sections 303A.09 and 303A.10 of the New York Stock Exchange Listed Company Manual, the Company has adopted a set of Corporate Governance Guidelines and a Code of Business Conduct and Ethics, the full texts of which are available for your review in the Governance section of our website at <http://genie.com/governance.php> and which also are available in print to any stockholder upon written request to the Corporate Secretary.

The Company qualifies as a "controlled company" as defined in Section 303A of the New York Stock Exchange Listed Company Manual, because more than 50% of the voting power of the Company is controlled by one individual, Howard S. Jonas, who serves as Chairman of the Board of Directors. Notwithstanding that being a "controlled company" entitles the Company to exempt itself from the requirement that a majority of its directors be independent directors and that the Compensation Committee and Corporate Governance Committee be comprised entirely of independent directors, the Board of Directors has determined affirmatively that a majority of the members of the Board of Directors and the director nominees are independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual and that the Compensation Committee and the Corporate Governance Committee are in fact comprised entirely of independent directors. As a "controlled company," the Company may, and has chosen to, exempt itself from the New York Stock Exchange requirement that it have a single Nominating/Corporate Governance Committee composed entirely of independent directors. As noted above, and discussed in greater detail below, the Board of Directors maintains a separate Corporate Governance Committee comprised entirely of independent directors, and a Nominating Committee comprised of the Chairman of the Board of Directors, a non-independent director and one independent director.

### Director Independence

The Corporate Governance Guidelines adopted by the Board of Directors provide that a majority of the members of the Board of Directors, and each member of the Audit, Compensation and Corporate Governance Committees, must meet the independence requirements set forth therein. The full text of the Corporate Governance Guidelines, including the independence requirements, is available for your review in the Governance section of our website at <http://genie.com/governance.php>. For a director to be considered independent, the Board of Directors must determine that a director meets the Independent Director Qualification Standards set forth in the Corporate Governance Guidelines, which comply with the New York Stock Exchange definitions of independent, and is free from any material relationship with the Company and its executive officers. The Board of Directors considers all relevant facts and circumstances known to it in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation or significant financial interest. In addition to considering all relevant information available to it, the Board of Directors uses the following categorical Independent Director Qualification Standards in determining the "independence" of its directors:

1. During the past three years, the Company shall not have employed the director, or, except in a non-officer capacity, any of the director's immediate family members;
2. During the past three years, the director shall not have received, and shall not have an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
3. (a) The director shall not be a current partner or employee of a firm that is the Company's internal or external auditor, (b) the director shall not have an immediate family member who is a current partner of such firm, (c) the director shall not have an immediate family member who is a current employee of such firm and personally works on the Company's audit, and (d) neither the director nor any of his or her immediate family members shall have been, within the last three years, a partner or employee of such firm and personally worked on the Company's audit within that time;
4. Neither the director, nor any of his or her immediate family members, shall be, or shall have been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation (or equivalent) committee; and

5. The director shall not be a current employee and shall not have an immediate family member who is a current executive officer of a company (excluding tax exempt organizations) that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three Fiscal Years, exceeds the greater of (a) \$1 million or (b) two percent of the consolidated gross revenues of such other company. The Corporate Governance Committee will review the materiality of such relationship to tax exempt organizations to determine if such director qualifies as independent.

Based on the review and recommendation of the Corporate Governance Committee, the Board of Directors has determined that each of W. Wesley Perry, Irwin Katsof, Alan Rosenthal and Allan Sass is independent in accordance with the Corporate Governance Guidelines and, thus, that a majority of the current Board of Directors, a majority of the director nominees, and each member or nominee intended to become a member of the Audit, Compensation and Corporate Governance Committees is independent.

The Corporate Governance Committee considered the following relationships between the Company and W. Wesley Perry in determining Mr. Perry's independence: In April 2008, W. Wesley Perry sold a portion of his interest in EGL Oil Shale LLC to IDT Corporation for a cash payment of \$632,400. Mr. Perry joined the Genie Energy International Corporation board of directors at its inception in September 2009 and purchased a 0.2% interest in Genie Energy International Corporation, the Company's subsidiary, for \$400,000 in April 2010. Mr. Perry was not a director or otherwise a "Related Person" of the Company at the time of these transactions. Mr. Perry became a member of IDT Corporation's Board of Directors on September 13, 2010, resigned from IDT Corporation's Board of Directors in conjunction with the spin-off of the Company from IDT Corporation in October 2011 (the "spin-off") and became a member of the Company's board at that time. Certain prior owners of EGL hold interests in a 1% overriding royalty interest in the production under a commercial lease that may be granted to AMSO, LLC (a subsidiary of the Company) should AMSO, LLC successfully convert its research, development, and demonstration lease into a commercial lease oil shale lands in western Colorado. Mr. Perry owns 26.35% of that 1% overriding royalty interest. The Corporate Governance Committee determined, after considering the timing, ownership and financial interest of the transactions, that the foregoing relationships were not material relationships with the Company and would not impact Mr. Perry's independence. The Corporate Governance Committee (with Mr. Perry abstaining), therefore, recommended that the Board of Directors determine that Mr. Perry be deemed independent in accordance with the Corporate Governance Guidelines. The Board of Directors accepted the Corporate Governance Committee's recommendation.

The Corporate Governance Committee considered the following relationship between Irwin Katsof and the Company in determining Mr. Katsof's independence: In October 2010, Mr. Katsof became a director of CTM Media Holdings, Inc., a company controlled by our Chairman of the Board, Howard Jonas, and spun-off from IDT Corporation in September 2009. The Corporate Governance Committee determined, after considering that there have been no material transactions between the Company and CTM Media, that the foregoing relationship was not material and would not impact Mr. Katsof's independence. The Corporate Governance Committee, therefore, recommended that the Board of Directors determine that Mr. Katsof be deemed independent in accordance with the Corporate Governance Guidelines. The Board of Directors accepted the Corporate Governance Committee's recommendation.

As used herein, the term "non-employee director" shall mean any director who is not an employee of, or consultant to, the Company, and who is deemed to be independent by the Board of Directors. Therefore, neither Howard Jonas nor James Courter is a non-employee director. None of the other non-employee directors or director nominees had any relationships with the Company that the Corporate Governance Committee was required to consider when reviewing independence.

Director Selection Process

The Nominating Committee will consider director candidates recommended by the Company's stockholders. Stockholders may recommend director candidates by contacting the Chairman of the Board as provided under the heading "Director Communications." The Nominating Committee considers candidates suggested by its members, other directors, senior management and stockholders in anticipation of upcoming elections and actual or expected board vacancies. All candidates, including those recommended by stockholders, are evaluated on the same basis in light of the entirety of their credentials and the needs of the Board of Directors and the Company. Of particular importance is the candidate's wisdom, integrity, ability to make independent analytical inquiries, understanding of the business environment in which the Company operates, as well as his or her potential contribution to the diversity of the Board of Directors and his or her willingness to devote adequate time to fulfill duties as a director. Under "Proposal No. 1 – Election of Directors" below, we provide an overview of each nominee's experience, qualifications, attributes and skills that led the Nominating Committee and the Board of Directors to determine that each nominee should serve as a Director.

#### Director Communications

Stockholders and other interested persons seeking to communicate directly with the Board of Directors, with the lead independent director (currently Mr. Perry) or the independent directors as a group, should submit their written comments c/o Lead Independent Director at our principal executive offices, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102. The lead independent director will review any such communication at the next regularly scheduled Board meeting unless, in his or her judgment, earlier communication to the Board is warranted. If a stockholder communication raises concerns about the ethical conduct of us or our management, it should be sent directly to our Corporate Secretary, Joyce J. Mason, Esq. at our principal executive offices, Genie Energy Ltd., 550 Broad Street, Newark, New Jersey 07102. The Corporate Secretary will promptly forward a copy of any such communication to the Chairman of the Audit Committee and, if appropriate, our Chairman of the Board, and take such actions as they authorize to ensure that the subject matter is addressed by the appropriate committee of the Board of Directors, by management and/or by the full Board of Directors.

The Corporate Secretary may filter out and disregard or re-direct (without providing a copy to the directors or advising them of the communication), or may otherwise handle at his or her discretion, any director communication that falls into any of the following categories:

Obscene materials;  
Unsolicited marketing or advertising material or mass mailings;  
Unsolicited newsletters, newspapers, magazines, books and publications;  
Surveys and questionnaires;  
Resumes and other forms of job inquiries;  
Requests for business contacts or referrals;  
Material that is threatening or illegal; or  
Any communications or materials that are not in writing.

In addition, the Corporate Secretary may handle in his or her discretion any director communication that can be described as an “ordinary business matter.” Such matters include the following:

Routine questions, service and product complaints and comments that can be appropriately addressed by management; and  
Routine invoices, bills, account statements and related communications that can be appropriately addressed by management.

## BOARD OF DIRECTORS AND COMMITTEES

### Board of Directors

The Board of Directors held ten (10) meetings in Fiscal 2012. In Fiscal 2012, each of the Company’s directors attended or participated in 75% or more of the aggregate of (i) the total number of regularly scheduled meetings of the Board of Directors held during the period in which each such director served as a director and (ii) the total number of regularly scheduled meetings held by all committees of the Board of Directors during the period in which each such director served on such committees.

Directors are encouraged to attend the Company’s annual meetings of stockholders, and the Company generally schedules a meeting of the Board of Directors on the same date and at the same place as the annual meeting of stockholders to encourage director attendance. All of the members constituting the Board of Directors at the time of the annual meeting of stockholders for Fiscal 2011 attended the 2011 annual meeting of stockholders.

### Board of Directors Leadership Structure and Risk Oversight Role

Our Chairman of the Board, Mr. Jonas, provides overall leadership to the Board of Directors in its oversight function. The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership, and that given the dynamic and competitive environment in which we operate, the appropriate Board leadership structure may vary as circumstances warrant. The Board has determined that given Howard Jonas’ extensive experience in managing companies and extensive knowledge of the Company and its industries that it operates in, Mr. Jonas’ leadership is optimal for the Company at the present time.

The Board of Directors as a whole, and through its committees, has responsibility for the oversight of risk management, including the review of the policies with respect to risk management and risk assessment. The risk management oversight roles of the Compensation, Audit and Corporate Governance Committees discussed below,

which are comprised solely of independent directors, provide an appropriate and effective balance to the Chairman of the Board's role. With the oversight of the full Board of Directors, the Company's senior management is responsible for the day-to-day management of the material risks the Company faces. The Board of Directors is required to satisfy itself that the risk management process implemented by management is adequate and functioning as designed.

Section 303A.03 of the New York Stock Exchange Listed Company Manual requires that the non-employee directors of the Company meet without management at regularly scheduled executive sessions. These executive sessions are held at every regularly scheduled meeting of the Board of Directors. W. Wesley Perry, an independent director and the "Lead Independent Director," serves as the presiding director of these executive sessions and has served in that capacity since October 24, 2011. The Board of Directors determined that the role of Lead Independent Director was important to maintain a well-functioning Board of Directors that objectively assesses management's proposals.

The Board of Directors and each of its committees will conduct annual self-assessments to review and monitor their respective continued effectiveness.

As stated above, each of the Audit, Compensation and Corporate Governance Committees oversees certain aspects of risk management and reports its respective findings to the full Board of Directors on a quarterly basis, and as is otherwise needed. The Audit Committee is responsible for overseeing risk management of financial matters, financial reporting, the adequacy of the risk-related internal controls, internal investigations, and security risks, generally. The Corporate Governance Committee oversees our Corporate Governance Guidelines and governance-related risks, such as board independence, as well as senior management and director succession planning. The Compensation Committee oversees risks related to compensation policies and practices.

#### Board Committees

The Board of Directors established an Audit Committee, a Nominating Committee, a Compensation Committee, a Corporate Governance Committee and a Technology Committee.

#### Audit Committee

The Audit Committee consists of W. Wesley Perry (Chairman), Alan Rosenthal and Allan Sass, and is responsible for, among other things, the appointment, compensation, removal and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee operates under a written Audit Committee charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and is also available in print to any stockholder upon request to the Corporate Secretary. The Audit Committee held seven (7) meetings during Fiscal 2012. The Board of Directors has determined that (i) all of the members of the Audit Committee are independent within the meaning of the Section 303A.07(b) and Section 303A.02 of the New York Stock Exchange Listed Company Manual and Rule 10A-3(b) under the Securities Exchange Act of 1934, and (ii) that Mr. Perry qualifies as an "audit committee financial expert" within the meaning of Item 407(d)(5) of Regulation S-K.

#### Nominating Committee

The Nominating Committee is responsible for overseeing nominations to the Board of Directors, including: (i) developing the criteria and qualifications for membership on the Board of Directors, (ii) recommending candidates to fill new or vacant positions on the Board of Directors, and (iii) conducting appropriate inquiries into the backgrounds of potential candidates. A summary of new director qualifications can be found under the heading "Director Selection Process." The Nominating Committee currently consists of Howard S. Jonas (Chairman), James A. Courter and W. Wesley Perry. W. Wesley Perry is independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual. Mr. Jonas and Mr. Courter do not meet the requirements to be deemed independent. The Company, as a "controlled company," is exempt from the requirement to maintain an independent nominating committee pursuant to Section 303A.00 of the New York Stock Exchange Listed Company Manual. The Nominating Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Nominating Committee held one (1) meeting during Fiscal 2012.

#### Compensation Committee

The Compensation Committee is responsible for, among other things, reviewing, evaluating and approving all compensation arrangements for the executive officers of the Company, evaluating the performance of executive officers, administering the Company's 2011 Stock Option and Incentive Plan, and recommending to the Board of Directors the compensation for Board members, such as retainers, committee and other fees, stock option, restricted stock and other stock awards, and other similar compensation as deemed appropriate. The Compensation Committee confers with the Company's executive officers when making the above determinations. The Compensation Committee currently consists of Messrs. Rosenthal (Chairman), Katsof and Perry. The Compensation Committee held six (6) meetings during Fiscal 2012. The Compensation Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors has determined that all of the members of the Compensation Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

#### Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee have served as an officer or employee of the Company or have any relationship with the Company that is required to be disclosed under the heading "Related Person Transactions."

### Corporate Governance Committee

The Corporate Governance Committee is responsible for, among other things, reviewing and reporting to the Board of Directors on matters involving relationships among the Board of Directors, the stockholders and senior management. The Corporate Governance Committee (i) reviews the Corporate Governance Guidelines and other policies and governing documents of the Company and recommends revisions as appropriate, (ii) reviews any potential conflicts of interests of independent directors, (iii) reviews and monitors related person transactions, (iv) oversees the self-evaluations of the Board of Directors, the Audit Committee and the Compensation Committee and (v) reviews and determines director independence, and makes recommendations to the Board of Directors regarding director independence. The Corporate Governance Committee currently consists of Messrs. Katsof (Chairman), Perry and Sass. The Corporate Governance Committee held six (6) meetings in Fiscal 2012. The Corporate Governance Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://genie.com/governance.php>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors has determined that all of the members of the Corporate Governance Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

### Technology Committee

The Technology Committee is responsible for examining and providing oversight over management's direction of and investment in the Company's research and development and technology initiatives. This includes evaluating the quality and direction of the Company's research and development programs, identifying emerging issues and evaluating the level of review by external experts based on the committee members' experience and other resources available to the Committee. The Committee also reviews the Company's approaches to acquiring and maintaining technology, and evaluates the technology that the Company is researching and developing. ### 2012 COMPENSATION FOR NON-EMPLOYEE DIRECTORS

Annual compensation for non-employee directors for Fiscal 2012 was comprised of equity compensation, consisting of awards of restricted Class B Common Stock, and cash compensation. Each of these components is described in more detail below.

#### Director Equity Grants

Pursuant to the Company's 2011 Stock Option and Incentive Plan, each non-employee director of the Company who is deemed to be independent will receive, on each January 5th (or the next business day thereafter), an annual grant of 2,920 restricted shares of our Class B Common Stock (pro-rated based on the quarter in which the director joins the Board), which will vest immediately upon grant. A new director who becomes a member of the Board of Directors during the course of the calendar year receives an automatic grant on the date that he or she becomes a director in the amounts specified above, prorated based on the calendar quarter of the year in which such person became a director. The stock is granted on a going forward basis, before the director completes his or her service for the calendar year. All such grants of stock to directors are subject to certain terms and conditions described in the Company's 2011 Stock Option and Incentive Plan, as may be amended and restated from time to time.

#### Director Board Retainers

Each non-employee director of the Company who attends at least 75% of the regularly scheduled meetings of the Board of Directors and committees of which he or she is a member during a calendar year will receive an annual cash retainer of \$50,000. Such payment will be made in January of the calendar year following attendance of at least 75% of the Board of Directors and committee meetings during the preceding year, and is pro-rated, based on the quarter in which the director joins, for non-employee directors who join the Board of Directors or depart from the Board of Directors during the prior year, if such director attended 75% of the applicable Board of Directors and committee meetings for the period when he or she was a director. The Company's Chairman may, in his discretion, waive the requirement of 75% attendance by a director to receive the annual retainer in the case of mitigating circumstances. There is no additional compensation for serving on a committee as a committee chair, for the Lead Independent Director or for the Audit Committee Financial Expert. The Compensation Committee periodically reviews our director compensation practices.

#### Introduction

We were spun-off from IDT Corporation (IDT) in October 2011. Prior to that date, all of our executive officers were employees of IDT or its subsidiaries, and were compensated by such entities under IDT's compensation policies.

For all periods subsequent to our spin-off from IDT, it is the responsibility of the Compensation Committee of our board of directors to oversee our general compensation policies; to determine the base salary and bonus to be paid each year to each of our executive officers; to oversee our compensation policies and practices as they relate to our risk management; and to determine the compensation to be paid each year to our non-employee directors for service on our board of directors and the various committees of our board of directors. In addition, the Compensation Committee administers our 2011 Stock Option and Incentive Plan with respect to stock option grants or other equity-based awards made to our executive officers. Further, certain executives are eligible to receive grants of equity in certain of our subsidiaries. Shares of restricted stock are granted to our non-employee directors automatically under our 2011 Stock Option and Incentive Plan on an annual basis.

## Elements of Compensation

The three broad components of our executive officer compensation are base salary, annual cash incentive bonus awards, and long term equity-based incentive awards, which can be made in our Class B Common Stock under our 2011 Stock Option and Incentive Plan, or in equity of certain of our subsidiaries under equity plans or other arrangements. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our Board of Directors, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation plans are serving their intended purposes and are functioning reasonably. Below is a description of the general policies and processes that govern the compensation paid to our executive officers, as reflected in the accompanying compensation tables.

## Company Performance

During Fiscal 2011 (the period from August 1 2010, through July 31, 2011), the period from August 1, 2011 through December 31, 2011, which we refer to as the Interim Period, and Fiscal 2012 (January 1, 2012 through December 31, 2012), the Company operated in accordance with its business plan, and management was satisfied with the performance in each period. In Fiscal 2012, IDT Energy recorded substantial increases in revenue and gross profit, and improved gross margins while aggressively expanding its customer base and geographic reach. These results were delivered despite varying weather, fluctuating commodity prices and increased competition in the retail energy provider market. During Fiscal 2012, Genie Oil & Gas made progress on two active oil shale development projects and efforts in identifying and seeking other opportunities while attempting to bring in investors and other strategic partners. AMSO completed construction of its pilot project in Colorado and prepared for full pilot operations in early 2013. IEI achieved a positive result on two legal claims brought in the Israeli Supreme Court seeking to invalidate its license and made progress on the other regulatory approval necessary before it can commence construction of its pilot plant. GOGAS also signed a Joint Survey Agreement with the government of Mongolia, and made substantial progress toward obtaining an exploration license in northern Israel, which was granted in February 2013.

## Pre-Spin-Off Periods

Prior to the spin-off, all of the Named Executive Officers were employees of IDT or its subsidiaries and all compensation for Fiscal 2011 (as well as part of the interim period up to the consummation of the spin-off on October 28, 2011) disclosed in the tables below was paid by IDT for services provided by the Named Executive Officers to our business segments and other units of IDT. During Fiscal 2011, Howard Jonas served as the Chairman of the Board of Directors and CEO of IDT, Claude Pupkin served as Executive Vice President of IDT, Chief Financial Officer of Genie and President of AMSO LLC, Geoff Rochwarger served as the Chairman and Chief Executive Officer of IDT Energy and Avi Goldin served as Vice President of IDT.

The pre-spin-off compensation of Howard Jonas and Claude Pupkin were set by the Compensation Committee of the Board of Directors of IDT after discussions with management about the recommended levels and components of compensation for each of the individuals. The historical compensation of Messrs. Rochwarger and Goldin were set by the management of IDT. Post spin-off, compensation of all such individuals from the Company was set by the Compensation Committee of our Board of Directors.

## Compensation Structure, Philosophy and Process

Our executive compensation structure is designed to attract and retain qualified and motivated personnel and align their interests with the goals of the Company and with the best interests of our stockholders. Our compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

The base salary levels we pay to each of our Named Executive Officers is based on the responsibilities undertaken by the individuals, if applicable, the business unit managed and its complexity and role within the Company, and the market place for people of similar skill and background. The base salaries paid are determined through discussions with the covered individual and their manager as well as budgetary considerations, and are approved by the relevant members of our senior management and, in the case of executive officers, our Compensation Committee.

Incentive compensation is designed to reward contributions to achieving the Company's goals for the current period and for the longer term. Cash bonuses are awarded based upon goals that are set out at the beginning of a fiscal period. Those goals are set for the Company, for specific operating divisions and for individual executives, and are designed to set forth achievable goals for the current performance of the Company and its business units and for

current contributions to long-term initiatives. The levels of bonuses paid to individual executives are based on the Company meeting the goals and metrics outlined, the individual's role in achieving those goals, if relevant, the performance of the business unit over which the individual exercised management and other accomplishments during the year that were deemed relevant in specific instances. In some instances, cash bonuses or targets are set forth in written employment agreements that are described below. Following the end of a relevant period – usually the end of a fiscal year - our management sets company-wide bonus levels for the period then ended, based on Company performance and available resources, which are presented to the Compensation Committee. The bonus amounts awarded to specific individuals are the result of subjective determinations made by the relevant members of management and the Compensation Committee with respect to each subject individual, based on Company and individual performance, particularly relative to the performance factors set by the Compensation Committee for the relevant period, and levels relative to the bonuses of other personnel and officers. Individual bonus levels are not determined based on previously established formulae, targets or ranges.

Executive officers are eligible to receive cash bonuses of up to 100% of base salary (or higher upon extraordinary performance) based upon performance, including the specific financial and other goals set by the Compensation Committee, which goals are Company-wide, specific to a business unit or specific to an executive and his area of responsibility. Specific bonuses will depend on the individual achievements of executives and their contribution to achievement of the enumerated goals. These goals will be set by the Compensation Committee. As Mr. Jonas does not receive a base salary from the Company, his bonus levels are set with respect to bonuses of other executives and performance factors.

Equity grants are made in order to provide additional incentive compensation and to align the interests of our executives with our stockholders. Executives have been granted equity interests in the Company and with regard to individuals whose areas of responsibility focus on specific operations, in those operations, so as to better reward the executives for the results of their efforts. Equity grants in subsidiaries are made to align the incentive value with those operations where the individual can have the greatest impact, so as to maximize the incentive value of the grant. When equity grants in subsidiaries are made, the recipients are generally provided with the right to obtain liquidity in those grants through conversion to cash or equity in the Company (at the Company's option) upon vesting or a later date in the future.

## Compensation Decisions Made in Covered Periods

### Change in fiscal year

Early in calendar 2012, the Company shifted its annual fiscal reporting period and related quarterly periods from a July 31 fiscal year end to a calendar year period, with fiscal quarters ending on March 31, June 30, September 30 and December 31 of each subsequent year. Prior to such shift, compensation levels and bonus amounts were determined in respect of the July 31 fiscal year end. Executive officers received bonuses in respect of Fiscal 2011 (the twelve months ended July 31, 2011) in the Interim Period. On October 4, 2012, based on recommendations of management, our Compensation Committee approved the payment of bonuses in respect of the period from August 1, 2011 through July 31, 2012, which bonuses were paid during Fiscal 2012. On February 13, 2013, our Compensation Committee approved the payment of bonuses for the period from August 1, 2012 through December 31, 2012 and set base compensation levels for our executive officers for the remainder of 2013. Future compensation levels and bonus determinations will be made in respect of the December 31 ending fiscal cycle.

At a meeting held on October 4, 2012, management presented to our Compensation Committee, the Company's performance for the period from August 1, 2011 through July 31, 2012, and proposed bonuses to be paid at that time for that period, with the transition of compensation to the December 31 fiscal year end cycle to be effected with the remainder of calendar 2012. Management cited, among other accomplishments, (i) the shift to the new fiscal year, and the progress on the separation of key functions from IDT, (ii) the balance of the cash generated by IDT Energy's operations with the need for cash investment in IDT Energy's expansion and GOGAS' development projects, (iii) the ongoing relationships with GOGAS' strategic partners and the advanced stages of discussion with other potential partners for different projects, (iv) meetings held with investors, potential investors and other market professionals, (v) the expansion of IDT Energy's geographic footprint and its customer base, (vi) the run rate for IDT Energy's EBITDA of \$19.8 million year to date, and (vii) the progress on the AMSO and IEI projects and identification of other early stage opportunities for GOGAS.

Mr. Jonas received a bonus of \$294,000. The Compensation Committee determined that he was instrumental in his leadership of all of Genie's business units, determining strategic directions for both IDT Energy and GOGAS, the maintenance and development of strategic relationships, and the pursuit of new opportunities for GOGAS.

Mr. Pupkin was awarded a bonus of \$245,000. During the covered period, Mr. Pupkin was integral to effecting the spin-off from IDT and making Genie independent of IDT in many key areas. He played a key role in maintaining strategic relationships and developing new business opportunities for GOGAS and initiating Genie's exposure to the investment community. He also provided close oversight over GOGAS' ongoing projects and newer initiatives.

Mr. Rochwarger was awarded a bonus of \$427,682. Mr. Rochwarger's direct management of IDT Energy was essential to that unit being on track to meet its bottom line profitability goals for Fiscal 2012 while effectively managing an aggressive expansion of the geographic footprint and customer base. Further, Mr. Rochwarger helped IDT Energy respond to difficult weather and other conditions in the marketplace.

Mr. Goldin was awarded a bonus of \$49,000. Mr. Goldin was key to the spin-off from IDT and the development of a finance and accounting staff for Genie that was integrated with other Genie functions. He took on more responsibility as additional functions were transitioned from IDT. His role as Chief Financial Officer became increasingly demanding with the spin-off, and he performed the internal functions and presented Genie to the outside world in an effective manner.

Base salaries were unchanged from the levels implemented during the Interim Period.

There were no grants of equity securities in the Company to our executive officers made in Fiscal 2012.

During Fiscal 2012, we implemented some of the grants to executive officers of equity securities of certain subsidiaries that were approved by our Compensation Committee in December 2011.

Mr. Pupkin was awarded equity interests representing 0.125% of IEI, 0.125% of GIOG and 0.125% of Genie Mongolia, the entity that is pursuing the Company's efforts to explore for and commercialize oil shale deposits in that Asian country. The awards were in respect of Mr. Pupkin's active management of GOGAS and all of its projects, his contributions to the specific projects being undertaken by those entities and his efforts toward identifying and entering into arrangements with strategic partners for those operations.

Mr. Goldin was awarded equity interests representing 0.1% of IEI, 0.1% of GIOG and 0.1% of Genie Mongolia. The awards were in respect of Mr. Goldin's role as CFO of all of Genie with particular attention to the funding of the efforts of GOGAS' subsidiaries, and his attention to all arrangements with governmental agencies, partners and contractors for each of the projects.

Mr. Rochwarger was awarded deferred stock units for shares of common stock of IDT Energy representing 0.208% of the equity in IDT Energy on a fully diluted basis. The grant was in respect of Mr. Rochwarger's management of IDT Energy and his contribution to the growth and financial performance of that business unit.

On March 28, 2012, our Compensation Committee approved the grant to Howard Jonas of: (1) deferred stock units for shares of common stock of IDT Energy representing 2.5% of the equity in IDT Energy on a fully diluted basis, (2) ordinary shares of IEI representing 0.25% of the equity in IEI on a fully diluted basis, (3) ordinary shares of GIOG representing 0.30% of the equity in GIOG on a fully diluted basis, and (4) shares representing 0.25% of Genie Mongolia. The grants were made in recognition of the substantial impact Mr. Jonas' personal involvement in each of those ventures has had and continues to have on the ultimate success. Since the inception of the ideas that led to each of the business units operated by such entities, Mr. Jonas has been actively involved in generating the idea, providing the impetus to develop the idea into a functioning operation, making key strategic decisions for each unit and obtaining the necessary contacts in the industry and elsewhere needed to support the operations. With regard to IDT Energy, Mr. Jonas consistently ensured that it was allocated the necessary resources to support its development and growth as well as being actively involved in formulating the details of its operational parameters. With regard to each of the GOGAS operations, Mr. Jonas was essential in determining which of the projects investigated by management was pursued, garnering political support and the involvement of strategic partners in each of the projects. For those executives with employment agreements, the treatment on termination of employment is determined by those agreements which are described below.

In connection with the spin-off of the Company from IDT, holders of options to purchase IDT Class B common stock, received options to purchase shares of our Class B Common Stock, including certain of our executive officers. Certain of those Genie options received by Mr. Rochwarger, which were scheduled to expire in Fiscal 2012, were extended through June 15, 2014 by the Compensation Committee on March 11, 2013.

#### Interim Period

In the Interim Period, in connection with the spin-off of the Company from IDT, we entered into employment agreements with Messrs. Jonas, Pupkin and Goldin. As Mr. Jonas is continuing to serve as Chairman of the Board and Chief Executive Officer of IDT, and Mr. Jonas and IDT are parties to an employment agreement, it was necessary for the Company and Mr. Jonas to enter into an agreement and to amend Mr. Jonas' agreement with IDT to provide for the allocation between the Company and IDT of his time and efforts and obligations for compensation. Following the spin-off, Mr. Pupkin was to serve as the Chief Executive Officer, and Mr. Goldin was to serve as Chief Financial Officer, of an independent public company, therefore, the Company felt that it was appropriate to enter into written, multi-year employment agreements with those executives. The agreements are described below. All such agreements were approved by the Company's Board of Directors prior to the spin-off, approved by IDT as the sole stockholder of the Company prior to the spin-off and were ratified by our Compensation Committee consisting of independent directors following the spin-off.

In the Interim Period, our executives were also paid bonuses by IDT for their performance during Fiscal 2011, which ended on July 31, 2011.

For Fiscal 2011, IDT's compensation committee set the following goals for company and executive performance: (i) meet or exceed Budgeted EBITDA of \$34.2 million company-wide, (ii) generate positive operating cash flow, (iii) secure additional financing for IEI's development efforts, (iv) evaluate and execute financing for IDT Telecom, (v) extend the IDT Energy financing arrangement with BP, (vi) reduce the carrying cost of the 520 Broad Street headquarters building through leasing, selling or restructuring, and (vi) completing internal restructuring and separation of business units.

During the Interim Period, management presented its results for Fiscal 2011 relative to such goals to the IDT's compensation committee: (i) IDT recorded EBITDA of \$37.6 million, exceeding the target by 9.9%, (ii) IDT had operating cash flow of \$61.9 million and total cash flow of \$30.5 million, including payment of \$15 million in dividends and expending \$7.5 million in buying back stock, (iii) Genie secured a \$10 million capital raise from Rothschild, (iv) the IDT Telecom financing effort was deferred to Fiscal 2012, (v) the IDT Energy arrangement with BP was extended through 2014 and expanded to cover additional territories, (vi) the carrying costs on the building were reduced, but no strategic transaction was consummated, and (vi) the internal restructuring was completed and the Genie spin-off was completed in fall 2012.

In connection with such performance and accomplishments, individual bonus levels were determined and paid in the Interim Period.

Mr. Jonas received a bonus of \$400,000. The Compensation Committee determined that he was instrumental in his leadership of all of IDT's business units, was integrally involved in the positive performance of IDT's Telecom and Energy operations, and was essential in the efforts to obtain the Rothschild financing. The bonus level was somewhat increased from the prior year level due to the significantly improved performance of IDT.

Mr. Pupkin was awarded a bonus of \$325,000. During Fiscal 2011, Mr. Pupkin had assumed substantially increased responsibilities in all of Genie's business operations, in addition to continuing his role with respect to the Genie Oil & Gas operations. As a result, he was engaged in oversight of all of the Genie operating units, and thus was in a position to contribute to the company-wide positive financial performance. Further, Mr. Pupkin was the primary point person in the efforts toward consummating the Rothschild financing, played a lead role in the internal restructuring, particularly in respect of the spin-off of Genie, and was involved in numerous business development efforts across IDT.

Mr. Rochwarger was awarded a bonus of \$464,872. Mr. Rochwarger's direct management of IDT Energy was essential to IDT's meeting its EBITDA and Cash flow goals for Fiscal 2011. Under his leadership, IDT Energy expanded and improved its financial performance. Included in that role was the extension and expansion of the BP arrangement, and facilitating the spin-off of Genie from IDT. Further, Mr. Rochwarger assumed an executive role as Vice Chairman of Genie in addition to his role as Chief Executive Officer of IDT Energy.

Mr. Goldin was awarded a bonus of \$26,250. During Fiscal 2011, Mr. Goldin took on the Genie Chief Financial Officer role and was instrumental in establishing the necessary functions for Genie to function as an independent entity and be prepared for the spin-off from IDT. He played a key role communicating with investors and in various discussions on financing and other arrangements for the business units within Genie, including the BP arrangement and the Rothschild financing.

In connection with the spin-off of Genie from IDT and the resulting increased responsibilities of being an executive officer of an independent public company, Mr. Pupkin's annual base salary as Chief Executive officer was raised to \$600,000, and Mr. Goldin's annual base salary as Chief Financial Officer was raised to \$250,000. Mr. Rochwarger's current base salary is \$578,650. During the Interim Period, it was determined to increase Mr. Rochwarger's base salary, in part to offset the increased tax burden related to Mr. Rochwarger performing a portion of his duties for the Company in Israel.

In the Interim Period, following the spin-off, the Company granted restricted shares of our Class B Common Stock and options to purchase shares of Class B Common Stock, to employees and consultants, including our Named Executive Officers. The Named Executive Officers received grants commensurate with their roles at Genie and in order to provide an appropriate incentive for them to guide Genie as an independent entity and align their interests with Genie's stockholders. Mr. Jonas was awarded 55,000 shares of Class B Common Stock, Mr. Pupkin was awarded 37,463 shares of Class B Common Stock and 37,463 options to purchase shares of Class B Common Stock, Mr. Rochwarger was awarded 37,463 shares of Class B Common Stock and 37,463 options to purchase shares of Genie Class B Common Stock, and Mr. Goldin was awarded 12,042 shares of Class B Common Stock and 12,042 options to purchase shares of Class B Common Stock,

All grants of restricted shares and options vest over three years and, for those executives with employment agreements, the treatment on termination of employment is determined by those agreements which are described below. All options have an exercise price of \$6.85 which was the most recent closing price of the Genie Class B Common Stock preceding the grant.

In connection with the spin-off of the Company from IDT, holders of options to purchase IDT Class B common stock, received options to purchase shares of our Class B Common Stock, including certain of our executive officers. Certain of those Genie options received by Mr. Rochwarger, which were scheduled to expire in the Interim Period, were extended through June 15, 2014 by the Compensation Committee on March 11, 2013.

Following the end of the Interim Period, certain executives received grants of equity interests in certain subsidiaries of the Company, in order to further align their interests with our stockholders in those areas of our businesses where they

play a direct role in performance.

#### Fiscal 2011

In Fiscal 2011, our Named Executive Officers were awarded bonuses by IDT based on certain accomplishments during Fiscal 2010 including: (i) exceeding IDT's budgeted goal of \$38.1 million in Adjusted EBITDA by 59%; (ii) generating positive operating cash flow; (iii) securing an equity investment for Genie Oil and Gas; (iv) achieving compliance with the standards and continued listing on the NYSE; and (v) exceeding targets for reducing corporate overhead (corporate overhead was \$28.0 million in Fiscal 2009, the target amount for Fiscal 2010 was \$15.0 million and the actual figure for Fiscal 2010 was \$11.8 million). IDT did not target any specific proportion of total compensation in setting base salary and bonus compensation. Adjusted EBITDA is a non-GAAP measure representing income (loss) from operations exclusive of depreciation and amortization, severance and other charges, and other operating gains (losses), net. It is one of several key metrics used by management to evaluate the operating performance of the Company and its individual business units.

Mr. Jonas' base compensation in Fiscal 2011 was determined by his employment agreement with IDT that was in effect at the time, which provided for his base salary to be in the form of IDT stock, and his bonus was consistent with the overall company performance. Mr. Jonas does not currently receive base compensation from the Company, but he is eligible to participate in bonus and other compensation programs as approved by the Compensation Committee.

Mr. Pupkin's base salary in Fiscal 2011 was unchanged from the prior year, consistent with IDT's cost cutting programs that limited increases in compensation. His bonus (paid in Fiscal 2011 for performance during Fiscal 2010) was determined by his direct role in the goals enumerated by the compensation committee – specifically in securing an equity investment for Genie Oil and Gas and contribution to the effort in achieving renewed compliance with the NYSE listing standards, as well as other accomplishments of the Genie Oil & Gas operations he managed.

Mr. Rochwarger's base salary in Fiscal 2011 was unchanged from the prior year, consistent with IDT's cost cutting programs that limited increases in compensation. His bonus (paid in Fiscal 2011 for performance during Fiscal 2010) was determined by his direct role in the goals enumerated by the compensation committee – specifically IDT Energy's contribution to generating Adjusted EBITDA company-wide and positive operating cash flow, as well as the impact of IDT Energy's financial performance in achieving renewed compliance with the NYSE listing standards.

The stock grants issued to Messrs. Pupkin, Goldin and Rochwarger in Fiscal 2011 were part of a grant to certain key management personnel made as IDT completed its cost cutting and turn-around effort, in recognition of the contributions made by the individuals to that effort, to shaping the strategic vision and growth plan of IDT, and to the significant increase in the market prices for IDT's equity that IDT believed was significantly related to the successful effort. The individual grant levels were determined in discussions with management and the compensation committee and were linked to the contributions made to the multi-year effort by the management personnel in question.

Each of such agreements was approved by the IDT compensation committee and our Board of Directors (which at the time consisted of Mr. Jonas and James Courter) and subsequently ratified by our Compensation Committee. The following is a description of the material terms of the compensation provided pursuant to the employment agreements.

Howard Jonas: Mr. Jonas entered into an employment agreement with the Company (the "Jonas Employment Agreement"), effective as of October 28, 2011, pursuant to which Mr. Jonas serves as Chairman of the Board of Directors of the Company. Under the terms of the Jonas Employment Agreement, unless otherwise agreed with the

Company, Mr. Jonas shall not receive an annual base salary, but shall be eligible to receive bonuses as determined by the Compensation Committee. If Mr. Jonas' employment is terminated due to his death or disability, as defined in the Jonas Employment Agreement, or terminated by the Company with or without "cause", as defined in the Jonas Employment Agreement, or by Mr. Jonas for any reason, the Company shall pay Mr. Jonas (or his beneficiary) all unpaid amounts (i) of annual base salary, if any, to which Mr. Jonas was entitled as of the date of termination and (ii) to which Mr. Jonas was then entitled under any employee benefits, perquisites or other reimbursements. In addition, in the event of Mr. Jonas' death, or if the Company terminates his employment, other than for "cause", or if Mr. Jonas terminates his employment for "good reason", as defined in the Jonas Employment Agreement, the Company shall pay Mr. Jonas, or Mr. Jonas' estate in the event of Mr. Jonas' death, a lump sum payment equal to his bonus for the fiscal year preceding his termination. Pursuant to the Jonas Employment Agreement, Mr. Jonas has agreed not to compete with the Company for a period of one year following the termination of his agreement (other than termination of his employment for "good reason" or by the Company other than for "cause"). The Jonas Employment Agreement has a term from October 28, 2011 until December 31, 2014 and shall automatically be renewed or extended for additional one-year periods unless, not later than ninety (90) days prior to any such expiration, the Company or Mr. Jonas shall have notified the other party in writing that such renewal extension shall not take effect.

As per the Jonas Employment Agreement, “cause” is defined as: (i) upon Mr. Jonas’ conviction for the commission of an act or acts constituting a felony under the laws of the United States or any State thereof, or (ii) upon Mr. Jonas’ willful and continued failure to substantially perform his duties under the Jonas Employment Agreement (other than any such failure resulting from his incapacity due to physical or mental illness), after written notice has been delivered to Mr. Jonas by the Company, and Mr. Jonas’ failure to substantially perform his duties is not cured within ten (10) business days after notice of such failure has been given to Mr. Jonas.

Mr. Jonas has an employment agreement with IDT and has had employment agreements with IDT in place throughout the periods covered by the Summary Compensation Table. Effective with the spin-off, Mr. Jonas and IDT amended the employment agreement between Mr. Jonas and IDT.

Mr. Jonas’ employment agreement with IDT does not govern his employment by or relationship with the Company, including his service as Chairman of the Board of the Company. Mr. Jonas continues to serve as the Chairman of the Board and Chief Executive Officer of IDT.

Claude Pupkin: Mr. Pupkin and the Company entered into an employment agreement (the “Pupkin Employment Agreement”), effective as of October 28, 2011, pursuant to which Mr. Pupkin is paid an annual base salary of \$600,000 to serve as the Chief Executive Officer of the Company. A “Change in Control” is defined as: if (A) any person or group (within the meaning of Rule 13d-3 of the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended), other than Howard Jonas, members of his immediate family, his affiliates, trusts or private foundations established by or on his behalf, and the heirs, executors or administrators of Howard Jonas, shall acquire in one or a series of transactions, whether through sale of stock or merger, voting securities representing more than 50% of the voting power of all outstanding voting securities of the Company or any successor entity of the Company, or (B) the stockholders of the Company shall approve a complete liquidation or dissolution of the Company.

If the Company terminates Mr. Goldin without “cause”, or if Mr. Goldin resigns for “good reason” (which includes, among other things, a “change of control” of the Company, as defined in the Goldin Employment Agreement), or upon expiration of the term, and in the event that the Company does not offer to extend the term of the Goldin Employment Agreement, and the Company and Mr. Goldin do not agree on terms and conditions for continued employment, the Company, subject to Mr. Goldin’s execution and delivery of the Company’s standard release agreement, shall pay to Mr. Goldin all accrued or vested compensation, including salary, commission, and bonus(es), and reimburse Mr. Goldin for unpaid and approved business expenses, through the date of termination, as well as a severance payment equal to the greater of (i) the amount Mr. Goldin would be entitled to under Company policy applicable to management employees in effect at the time of termination, or (ii) Mr. Goldin’s base salary plus his target bonus under the Goldin Employment Agreement (at the rates in effect on the date of termination) for the remainder of the term of the Goldin Employment Agreement, but in no event less than a 12-month period. In addition, subject to Mr. Goldin’s execution and delivery of the Company’s standard release agreement, all awards theretofore granted to Mr. Goldin under the Company’s incentive plans shall continue to vest (and the restrictions thereon lapse) on their then existing schedule. These payments shall be paid over the period of time covered thereby on the Company’s regularly scheduled payroll payment dates.

THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2013

Grant Thornton LLP was the Company's independent registered public accounting firm for Fiscal 2012 and has served the Company as its independent registered public accounting firm since March 19, 2012. The Audit Committee intends to invite Grant Thornton LLP and other independent registered public accounting firms to be considered for the engagement to serve as the Company's independent registered public accounting firm for the remainder of Fiscal 2013. The Company, therefore, is not asking stockholders to ratify at the Annual Meeting the appointment of Grant Thornton LLP or any other firm as the Company's independent registered public accounting firm for the Fiscal Year ending December 31, 2013.

We expect that representatives for Grant Thornton will be present at the Annual Meeting, will be available to respond to appropriate questions and will have the opportunity to make such statements as they may desire.

Zwick and Banyai, PLLC ("Zwick") was the Company's independent registered public accounting firm for Fiscal Year ended December 31, 2011. On March 19, 2012, the Company notified Zwick that the Company was dismissing Zwick as its independent registered public accounting firm, effective immediately. The Audit Committee approved the dismissal of Zwick as the Company's independent registered public accounting firm on March 19, 2012.

Zwick's report on the Company's consolidated financial statements for the two fiscal years ended July 31, 2011 and 2010 did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years ended July 31, 2011 and 2010, the Interim Period and the subsequent period through March 19, 2012, there were no disagreements between the Company and Zwick on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Zwick, would have caused Zwick to make reference to the subject matter of the disagreements in connection with its report on the Company's financial statements for such years.

During the two most recent fiscal years ended July 31, 2011 and 2010, the Interim Period and the subsequent interim period through March 19, 2012, there were no "reportable events", as defined in Regulation S-K Item 304(a)(1)(v).

The Company had previously provided Zwick with a copy of the above disclosures and requested that Zwick furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether it agrees with the foregoing statements and, if not, stating the respects in which it does not agree. A copy of the letter from Zwick was filed as an exhibit to Form 8-K filed with the Securities and Exchange Commission by the Company on March 22, 2012.

#### Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of the Company's independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm, and all such services were approved by the Audit Committee for the Interim Period following the spin-off.

The Audit Committee assesses requests for services by the independent registered public accounting firm using

several factors. The Audit Committee will consider whether such services are consistent with the PCAOB's and SEC's rules on auditor independence. In addition, the Audit Committee will determine whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service based upon the members' familiarity with the Company's business, people, culture, accounting systems, risk profile and whether the service might enhance the Company's ability to manage or control risk or improve audit quality.

#### Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee's function is more fully described in its charter, which can be found on the Company's website at [genie.com/governance.php](http://genie.com/governance.php). The Committee reviews its charter on an annual basis. The Board of Directors annually reviews the NYSE listing standards' definition of independence for Audit Committee members and has determined that each member of the Committee meets that standard. The Board of Directors has also determined that W. Wesley Perry qualifies as an "audit committee financial expert" within the meaning of Item 407(d)(5) of Regulation S-K.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent registered public accounting firm for Fiscal 2012, Grant Thornton LLP, is responsible for performing independent audits of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles.

The Committee has reviewed and discussed with the Company's management the financial statements of the Company for Fiscal 2012, as well as the effectiveness of the Company's internal controls over financial reporting as of December 31, 2012, and has discussed with Grant Thornton LLP the matters required to be discussed by the Statement on Auditing Standards Board Standard No. 61, as amended, "Communication with Audit Committees." In addition, Grant Thornton LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee has discussed with Grant Thornton LLP its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for Fiscal 2012, for filing with the Securities and Exchange Commission.
