Moreover, **OPBDA** increased by **9% (+P\$278 million)** to **P\$3,330 million (31% of Consolidated Net Revenues)**.

**Company Activities****Consolidated Net Revenues**

The evolution in Consolidated **Net Revenues** by reportable segment was as follows:

**Voice, Data Transmission & Internet**

During fiscal year 2008, revenues generated by these services amounted to **P\$3,653 million, +11% vs. FY07**, where Internet revenues have grown the most (**+39% vs. FY07**).

**Voice**

Total Revenues for this service reached **P\$2,701 million (+4% vs. FY07)**. The results of this line of business are still affected by frozen tariffs of regulated services.

**Monthly Charges and Supplementary Services** increased by **P\$53 million, or 7% vs. FY07**, to **P\$799 million**, as a consequence of a higher number of lines in service (**+2%**), which reached **4.3 million** lines, and the **19%** increase in supplementary services.

Revenues generated by **traffic (Local Measured Service, Domestic Long Distance and International Telephony)** totaled **P\$1,237 million**, an increase of **1% vs. FY07**, as a consequence of a slight decrease of **3%** in minutes affected by the mobile substitution, reflecting a small decrease in local and national long distance traffic. Otherwise, international traffic continued growing by **10% vs. FY07**.

**Interconnection revenues** amounted to **P\$400 million (+7% vs. FY07)**, mainly as a consequence of traffic originated in cellular lines but transported by and terminated in the Company's fixed-line network.

## Edgar Filing: - Form

**Other revenues** reached **P\$265 million (+5% vs. FY07)**. This evolution is the consequence of an increase in billing and collection fees as well as in voice, data and internet equipment sales despite a decrease in **Public Telephony** revenues (**-P\$31 million**), which was affected by the development of the mobile service.

### **Data Transmission and Internet**

**Data transmission** revenues amounted to **P\$217 million (+25% vs. FY07)**, generated by the offering of new solutions to the corporate market geared towards addressing internal necessities related to infrastructure. This has enhanced its position as an integrated provider of innovative ICT solutions (connectivity, housing and hosting). In this line, in July 2008, Telecom acquired the shares of Cubecorp Argentina S.A., a world class infrastructure datacenter located in Buenos Aires, in order to maximize its datacenter services.

**Table of Contents**

Revenues related to **Internet** reached **P\$735 million (+207 million or 39% vs. FY07)**, mainly due to the substantial expansion of broadband service, driven by better network coverage, commercial promotions and innovation of the service portfolio.

During the fourth quarter, and in line with the increase of the market, in November, Telecom reached one million ADSL clients. As part of this milestone, the company carried out several extensive promotions through TV, visual advertisements, radio and Internet media.

During this quarter, Telecom continued promoting **Arnet Go**, the first broadband service that combines ADSL technology for home internet access using a Wi-Fi modem, and the mobile internet access through Telecom Personal's 3G networks.

As of **December 31, 2008**, Telecom reached **1.042.000** ADSL customers (**+33% vs. FY07**). Lines with these types of connections represent approximately **24%** of Telecom's fixed-lines in service.

**Cellular Telephony**

Cellular Telephony continues expanding, increasing its participation in the Group's total revenues (**66% vs. 64% in FY07**). During **FY08**, this business generated revenues of **P\$6,955 million (+20% vs. FY07)**. As of the end of **December 2008** total subscribers reached **14.4 million** representing an increase of **0.6 million** subscribers when compared to September 30, 2008 and **2.1 million vs. FY07**.

**Telecom Personal in Argentina**

As of the end of **December 2008**, Personal reached **12.6 million** subscribers in Argentina (**+1.9 million, or +18% vs. FY07**). **4Q08** experienced the highest increase of **2008**, adding **0.6 million** subscribers.

Approximately **66%** of the overall subscriber base is prepaid and **34%** is postpaid (including "cuentas claras" plans).

**Total voice traffic** increased by **16%** vs. **FY07** while outgoing **SMS traffic** increased from a monthly average of **883 million** messages in **FY07** to **1,454 million (+65%) in FY08**. Because of this raise in traffic and the increasing use of value-added services, the Average Monthly Revenue per User (ARPU) increased to **P\$41** in **FY08**, compared to **P\$39** in **FY07**. Meanwhile, the ARPU in **4Q08** amounted to **P\$42**, stable when compared to **4Q07**.

The global crisis affected Paraguayan economy, where the depreciation of its currency and a lower level of activity were the last evident effects.

The devaluation of the Guaraní in the **4Q08** originated a reduction in revenues due to the consequent conversion of the full year revenues to the end of period exchange rate. The Guaraní appreciated **18%** against the dollar in the first half, but with the deepening of the financial crisis in October, it suffered a strong depreciation of **23%**. This conversion effect had a negative impact of **P\$46 million** in revenues of **4Q08** and **FY08**.

By the end of December 2008, the subscriber base reached approximately **1.8 million** customers (+12% vs. **FY07**). Prepaid and Postpaid customers represented **90%** and **10%**, respectively.

This increase in costs is a consequence of the increase in revenues, inflationary effects on the costs structure, and higher expenses related to the competition in the cellular business and internet.

The cost breakdown is as follows:

- **Salaries and Social Security Contributions:** totaled **P\$1,217 million** (+27% vs. **FY07**), affected by increases in salaries and social security imposed by law, the increase in mobile headcount that accompanied the evolution of the cellular business, and the absorption of **46** employees from Cubecorp S.A.
