PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

Our financial statements included in this Form 10-Q are as follows:

- F-1 Balance Sheets as of January 31, 2011 and April 30, 2010 (unaudited);
- F-2 Statements of Operations for the three and nine months ended January 31, 2011 and 2010 and period from September 21, 2007 (Inception) through January 31, 2011 (unaudited);
- F-3 Statements of Stockholders' Deficit for period from September 21, 2007 (Inception) through January 31, 2011 (unaudited);
- F-4 Statements of Cash Flows for the nine months ended January 31, 2011 and 2010 and period from September 21, 2007 (Inception) through January 31, 2011 (unaudited); and
- F-5 Notes to Financial Statements.

These financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the SEC instructions to Form 10-Q. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the interim period ended January 31, 2011 are not necessarily indicative of the results that can be expected for the full year.

EPHOTO IMAGE INC.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

January 31, 2011

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Ephoto Image Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's registration statement filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for the financial statements to be not misleading have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year 2010 as reported in Form 10-K, have been omitted.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Ephoto Image Inc. ("Ephoto" or the "Company") was incorporated in Nevada on September 21, 2007. Ephoto is a development stage company and has not yet realized any revenues from its planned operations.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the balance sheet. Actual results could differ from those estimates.

Basic Loss Per Share

Basic loss per share has been calculated based on the weighted average number of shares of common stock outstanding during the period.

Comprehensive Income

The Company has established standards for reporting and display of comprehensive income, its components and accumulated balances. When applicable, the Company would disclose this information on its Statement of Stockholders' Equity. Comprehensive income comprises equity except those resulting from investments by owners and distributions to owners. The Company has not had any significant transactions that are required to be reported in other comprehensive income.

F-5

Table of Contents

EPHOTO IMAGE INC.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

January 31, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Tax

Deferred income taxes reflect the net effect of (a) temporary difference between carrying amounts of assets and liabilities for financial purposes and the amounts used for income tax reporting purposes, and (b) net operating loss carryforwards. No net provision for refundable Federal income tax has been made in the accompanying statement of loss because no recoverable taxes were paid previously. Similarly, no deferred tax asset attributable to the net operating loss carryforward has been recognized, as it is not deemed likely to be realized.

Cash and Cash Equivalents

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents.

Recent Accounting Pronouncements

Ephoto does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flow.

NOTE 3 - GOING CONCERN

Ephoto has recurring losses and has a deficit accumulated during the development stage of \$43,791 as of January 31, 2011. Ephoto's financial statements are prepared using the generally accepted accounting principles applicable to a

going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, Ephoto has no current source of revenue. Without realization of additional capital, it would be unlikely for Ephoto to continue as a going concern. Ephoto's management plans on raising cash from public or private debt or equity financing, on an as needed basis and in the longer term, revenues from the development of its business operations. Ephoto's ability to continue as a going concern is dependent on these additional cash financings, and, ultimately, upon achieving profitable operations.

NOTE 4 – INCOME TAXES

The provision for Federal income tax consists of the following:

	January 31, 2011	January 31, 2010
Federal income tax benefit attributable to:		
Current Operations	\$4,275	\$ 980
Less: valuation allowance	(4,275)	(980)
Net provision for Federal income taxes	\$—	\$—

Table of Contents

EPHOTO IMAGE INC.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO THE FINANCIAL STATEMENTS

January 31, 2011

NOTE 4 – INCOME TAXES (continued)

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows:

	January 31, 2011	January 31, 2010
Deferred tax asset attributable to:		
Net operating loss carryover	\$ 14,888	\$ 3,630
Less: valuation allowance	(14,888)	(3,630)
Net deferred tax asset	\$—	\$—

At January 31, 2011, Ephoto had an unused net operating loss carryover approximating \$43,800 that is available to offset future taxable income; it expires beginning in 2029.

NOTE 5 – NOTE PAYABLE – RELATED PARTY

During the period ended April 30, 2010 the company received advances from a shareholder of \$15,901. The advances are non interest bearing and have no specified terms of repayment.

During the period ended January 31, 2011 the company received advances from a shareholder of \$12. The advances are non interest bearing and have no specified terms of repayment.

NOTE 6 – COMMON STOCK

At inception, Ephoto issued 5,600,000 shares of stock to its founding shareholder for \$5,600 cash.

During the year ended April 30, 2009, Ephoto issued 2,150,000 shares of stock for \$2,192 cash.

NOTE 7 – COMMITMENTS

Ephoto neither owns nor leases any real or personal property, an officer has provided office services without charge. Such costs are immaterial to the financial statements and accordingly are not reflected herein. The officers and directors are involved in other business activities and most likely will become involved in other business activities in the future.

NOTE 8 – SUBSEQUENT EVENTS

The Company has analyzed its operations subsequent to January 31, 2011 through March 12, 2011, the date these financial statements were issued, and has determined that it does not have any material subsequent events to disclose in these financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements generally are identified by the words "believes," "project," "expects," "anticipates," "estimates," "intends," "strategy," "plan," "may," "will," "would," "will be," "will continue," "will likely result," and similar expressions. We include such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with those safe-harbor provisions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Further information concerning our business, including additional factors that could materially affect our financial results, is included herein and in our other filings with the SEC.

Overview

We were incorporated as "ePhoto Image Inc." ("ePhoto") on September 21, 2007, in the State of Nevada for the purpose of developing digital image transaction software and a website through which visual artists can sell original photographic content specifically to both low-end and high-end users of stock photographic images, such as newsletter and magazine publishers and website designers based primarily in Asia. We hope that such a website, once established, will provide photographers, illustrators, graphic designers, animators, cinematographers and other visual artists a low-priced, online venue to sell their work to users of stock photographic images. Unlike many stock image houses presently operating in the market, our objective is to not purchase large portfolios of stock images from a select group of established photographers. Instead, we intend that photographers affiliated with our company will maintain ownership of their stock images. We plan to generate revenue by charging affiliate photographers a commission on the images they sell through our website. The images sold on our website will primarily feature Asian themes. We are currently in the process of designing and developing our software and our website, which will utilize the software to manage our database of images, display available images, and manage all associated transactions. We are continually refining this software and our website through research and trial runs. When we are satisfied that our software, website, and products will compete effectively in the Visual Content Industry by being the most cost-efficient and accessible software and website to offer a diverse selection of images from Asia, we will conduct the public launch of the website for use by visual artists and their potential customers.

We have not successfully launched our website or generated any revenues to date. The success of our business is dependent on building our website, acquiring artist images, and making commission from sales of artwork on our website. If we are unable to successfully implement our business plan, our business will fail and you will lose your entire investment in our company.

Our offices are located at No. 181 Dragon Villas, No. 8 Shun An Nan Road, Shunyi County, Beijing, China. Our telephone number is 0086-137-175-28189.

Table of Contents

Results of Operations for the Three and Nine Months Ended January 31, 2011 and 2010 and Period from September 21, 2007 (Date of Inception) until January 31, 2011

We generated no revenue for the period from September 21, 2007 (Date of Inception) until January 31, 2011.

Our operating expenses during the three months ended January 31, 2011 were \$2,382, compared with \$1,000 for the same period ended January 31, 2010. Our operating expenses during the nine months ended January 31, 2011 were \$12,572, compared with \$2,900 for the same period ended January 31, 2010. Our operating expenses from September 21, 2007 (Date of Inception) to January 31, 2011 were \$42,623. Our operating expenses for all periods were mostly attributable to professional fees and registration and filing fees.

We, therefore, recorded a net loss of \$2,382 for the three months ended January 31, 2011, compared with a net loss of \$1,000 for the three months ended January 31, 2010. We recorded a net loss of \$12,572 during the nine months ended January 31, 2011, compared with \$2,900 for the same period ended January 31, 2010. We had a net loss of \$43,791 for the period from September 21, 2007 (Date of Inception) until January 31, 2011.

We anticipate our operating expenses will increase as we undertake our plan of operations. The increase will be attributable to the continued development of our Product and the professional fees associated with our becoming a reporting company under the Securities Exchange Act of 1934.

Liquidity and Capital Resources

As of January 31, 2011, we had total current assets of \$14. We had \$36,013 in current liabilities as of January 31, 2011. Thus, we had a working capital deficit of \$35,999 as of January 31, 2011.

Operating activities used \$23,691 for the period from September 21, 2007 (Date of Inception) until January 31, 2011. Our net loss of \$43,791 offset by \$20,100 in accrued liabilities resulted in our negative operating cash flow. Financing Activities during the period from September 21, 2007 (Date of Inception) until January 31, 2011 generated \$23,705 in cash during the period, represented by \$7,792 received from the sale of common stock and \$15,913 received from officer loans.

We expect to spend approximately \$20,000 to implement our business plan over the coming year. Our accounting, legal and administrative expenses for the next twelve months are anticipated to be \$30,000.

As of January 31, 2011, we have insufficient cash to operate our business at the current level for the next twelve months and insufficient cash to achieve our business goals. The success of our business plan beyond the next 12 months is contingent upon us obtaining additional financing. We intend to fund operations through debt and/or equity financing arrangements, which may be insufficient to fund our capital expenditures, working capital, or other cash requirements. We do not have any formal commitments or arrangements for the sales of stock or the advancement or loan of funds at this time. There can be no assurance that such additional financing will be available to us on acceptable terms, or at all.

Table of Contents

Off Balance Sheet Arrangements

As of January 31, 2011, there were no off balance sheet arrangements.

Going Concern

We have incurred losses since inception, have negative working capital, and have not yet received revenues from sales of products or services. These factors create substantial doubt about our ability to continue as a going concern. The financial statements do not include any adjustment that might be necessary if we are unable to continue as a going concern.

Our ability to continue as a going concern is dependent on generating cash from the sale of our common stock and/or obtaining debt financing and attaining future profitable operations. Management's plans include selling our equity securities and obtaining debt financing to fund our capital requirement and ongoing operations; however, there can be no assurance we will be successful in these efforts.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4T. Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of January 31, 2011. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer, Petra Jaeger. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of January 31, 2011, our disclosure controls and procedures are effective. There have been no changes in our internal controls over financial reporting during the quarter ended January 31, 2011.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act are recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures

include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Limitations on the Effectiveness of Internal Controls

Our management does not expect that our disclosure controls and procedures or our internal control over financial reporting will necessarily prevent all fraud and material error. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving our objectives and our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at that reasonable assurance level. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the internal control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.
