Cost of goods sold for the period was \$1,050,125, an increase of 193% from \$358,210 in 2003. Gross margin for the period was 10.2%, an improvement over a negative gross margin in same period in 2003. Loss for the period was \$1,292,826, a decrease of 25% from \$1,728,846 in 2003. Loss for the period net of stock-based compensation expenses was \$1,093,097, a decrease of \$633,818, or 37% from \$1,726,915 in 2003.

The Company's net sales for the year ended December 31, 2004 were \$5,020,560, up 111% from \$2,375,128 in 2003. Cost of goods sold in 2004 was \$4,204,335, an increase of 109% from \$2,009,644 in 2003. Gross margin for the period was 16.3%, an improvement over a gross margin of 15.4% in same period in 2003. The increase in sales for the year was largely due to initial production orders for products that were developed by the Company over the last several years. Excluding stock-based compensation expenses, general and administrative expenses remained relatively unchanged year over year. Research and development and sales and marketing expenses rose 38% and 69%, respectively, as the Company continued to invest in new product opportunities.

Ilan Kenig, President and CEO of Unity Wireless commented, "We are pleased that our business experienced strong sales growth for 2004. This trend appears to be increasing in 2005 as orders and production forecasts from customers already exceed \$6.2 million. In 2005 we will focus on improving our gross margins by creating more efficient supply chain and volume production management processes. We will also continue to stress the care of our customers as we continue to gain recognition as a provider of wireless subsystems."

Dallas Pretty, CFO of Unity Wireless, further commented, "We are working toward our goal of cash flow positive and profitable operations and are supported in these efforts by our recently completed financing. We are confident that our employee and physical plant infrastructure is substantially adequate to support the increased sales we are expecting."
