GENERAL MEETING OF SHAREHOLDERS

PORTUGAL TELECOM, SGPS S.A.

22 June 2007

PROPOSAL OF THE BOARD OF DIRECTORS

ITEM 4 ON THE AGENDA:

(To resolve on the authorization for the Board of Directors to increase the share capital, with the corresponding amendment to paragraph 3 of Article Four of the Articles of Association)

Whereas:

A) Article 456 of the Portuguese Companies Code sets forth that the articles of association of a company may permit the board of directors to increase the share capital, on one or more occasions, through capital contributions in cash. The articles of association shall establish the conditions for exercising the power conferred to the board of directors and they must fix the maximum limit for such share capital increases;

B) The current paragraph 3 of article Four of the Articles of Association establishes that the Board of Directors may, with the favourable opinion of the Statutory Audit Board (which, pursuant to the resolution taking place under item 1 of the Agenda, shall be replaced by the Audit Committee), increase the Company's share capital, on one or more occasions, through capital contributions in cash, up to Euro 360,000,000, after a resolution has been passed by the General Meeting of Shareholders fixing the parameters to which such share capital increase or increases shall be subject.

C) The authorisation set out in the Articles of Association and referred to in the preceding whereas has lapsed, once the legally established 5 year period during which such power could be used has lapsed.

D) On 27 April 2007, the General Meeting of Shareholders approved the possible issue of convertible bonds which may be adopted by a resolution of the Board of Directors, pursuant to the law and the Articles of Association and in accordance with the parameters set out by such General Meeting of Shareholders' resolution;

---

E) Under the terms of such resolution, share capital increases as required for the satisfaction of the requests that may be presented for conversion of the abovementioned bonds, as well as the parameters for such implicit share capital increases were approved;

F) It is important to ensure that the Board of Directors is able to perform all the share capital increases that may be necessary to guarantee the satisfaction of all conversion into shares requests that may occur in respect of the convertible bonds possibly issued by the Company and, for such purpose, the Articles of Association shall be amended, in order to update the generic authorisation to the approval of share capital increases by the Board of Directors, set forth in paragraph 3 of Article Fourth of the Articles of Association;

G) This resolution shall be assessed in light of the corporate governance model that was approved under item 1 on the Agenda;

We propose that it be resolved:

(a) That the Board of Directors be authorised to increase the share capital, on one or more occasions, through capital contributions in cash, up to Euro 15,000,000, with the favourable opinion of the Audit Committee and after a resolution has been passed by the General Meeting of Shareholders fixing the parameters to which such share capital increase or increases shall be subject, with the corresponding amendment to paragraph 3 of Article Four of the Articles of Association, to read as follows:

ARTICLE FOUR  
Share Capital

1. (...)

2. ( )

3. The Board of Directors may, with the favourable opinion of the Audit Committee, increase the share capital, on one or more occasions, through capital contributions in cash up to Euro 15,000,000, after a resolution has been passed by the general meeting of shareholders fixing the parameters to which such share capital increase or increases shall be subject.

(b) That the wording of paragraph 3 of Article Four of the Articles of Association be deemed automatically adjusted in the event the proposal under item 1 on the Agenda is not approved.
