Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On March 12, 2010, Deluxe Corporation (the "Company") entered into a secured, three-year revolving credit facility of an aggregate amount of \$200 million with JPMorgan Chase Bank, N.A., and certain other lenders (the "Credit Facility"). JPMorgan Chase Bank, N.A. is the administrative agent for the Credit Facility and issuing bank for letters of credit, as well as a lender. The Credit Facility is available for revolving credit loans, swing line loans of up to an aggregate amount of \$15 million, and letters of credit of up to an aggregate amount of \$20 million. A prior credit facility was terminated contemporaneously with the Company's entry into the Credit Facility. As of the date hereof, there are borrowings outstanding under the Credit Facility in an amount of \$14.5 million, and the net available borrowings are approximately \$176 million. Interest accrues at an adjusted LIBOR plus 2.50% to 3.25% depending on the Company's Leverage Ratio (as defined in the Credit Facility) on the applicable date, or at an adjusted base or prime rate plus 1.50% to 2.25% depending on the Leverage Ratio.

The maturity date of the Credit Facility is March 12, 2013.

The obligations under the Credit Facility are guaranteed by certain of the Company's subsidiaries that are deemed "material" under the Credit Facility. Additional subsidiaries may become guarantors during the term of the Credit Facility based on the terms of the Credit Facility.

To secure the Company's obligations under the Credit Facility, the Company and each of the domestic material subsidiaries have granted to the Administrative Agent a security interest in substantially all their personal property, excluding certain assets.

The Credit Facility requires the Company to maintain certain financial ratios, including a maximum Leverage Ratio (as defined), a minimum ratio of Consolidated EBIT to Consolidated Interest Expense (as defined), and minimum Liquidity (as defined) after June 30, 2012.

The Credit Facility has cross-default provisions that, in general, provide that a failure to pay principal or interest under other indebtedness in aggregate principal exceeding \$15 million, or breach or default under indebtedness that permits the holders thereof to accelerate the maturity of at least that amount of indebtedness, will result in a default under the Credit Facility.

The Credit Facility also contains other events of default that would permit acceleration of the maturity of the Credit Facility, and covenants that limit various matters. These events of default include limitations on indebtedness, liens, investments, and acquisitions (other than capital expenditures), certain mergers, certain asset sales outside the ordinary course of business, "Change in Control" (as defined in the Credit Facility) of the Company, and other matters customary for credit facilities of this nature.

The foregoing description of the Credit Facility does not purport to be complete and is qualified in its entirety by reference to the agreement, which is filed as Exhibit 99.1 to this filing.

Item 9.01 Financial Statements and Exhibits.
