**Item 8.01 Other Events.**

On May 17, 2010, the Michigan Public Service Commission ("MPSC") issued an opinion and order authorizing Consumers Energy Company ("Consumers Energy") to increase its retail gas rates to produce an additional \$65,893,000 of annual revenue. The order was based upon a projected October 2009 through September 2010 test year and a 10.55% rate of return on common equity. The rates authorized by the order are expected to go into effect no later than May 18, 2010.

Consumers Energy had, under the provisions of Michigan law, previously self-implemented a retail gas rate increase effective in November 2009 in the annual amount of \$89 million. The May 17, 2010 order requires Consumers Energy to reduce those self-implemented rates in the annual amount of \$23,107,000. Further, the MPSC directed Consumers Energy to file an application to refund an amount equal to the difference between the revenues collected by application of the self-implemented rates and the revenues that would have been collected had the final authorized rates been in effect for the period of time the self-implemented rates were effective, together with interest as required by law.

The order adopted a pilot decoupling mechanism that goes into effect June 1, 2010, which, subject to certain conditions, will adjust rates to collect or refund the difference in revenues that is calculated based upon a comparison, by customer class, of weather-adjusted actual sales and the level of sales adopted in the order.

The May 17, 2010 order contains a number of other findings, including but not limited to provisions relating to rate design and cost allocation among customers, and can be found at the MPSC's website at <http://efile.mpsc.state.mi.us> (Case No. U-15986).

This Form 8-K contains "forward-looking statements" as defined in Rule 3b-6 of the Securities Exchange Act of 1934, as amended, Rule 175 of the Securities Act of 1933, as amended, and relevant legal decisions. The forward-looking statements are subject to risks and uncertainties. They should be read in conjunction with "FORWARD-LOOKING STATEMENTS AND INFORMATION" and "RISK FACTORS" sections of CMS Energy Corporation's ("CMS Energy") Form 10-K and Consumers Energy Company's ("Consumers Energy") Form 10-K each for the Year Ended December 31, 2009 and as updated in CMS Energy's and Consumers Energy's Forms 10-Q for the Quarter Ended March 31, 2010. CMS Energy's and Consumers Energy's "FORWARD-LOOKING STATEMENTS AND INFORMATION" and "RISK FACTORS" sections are incorporated herein by reference and discuss important factors that could cause CMS Energy's and Consumers Energy's results to differ materially from those anticipated in such statements.
