Industry Reaction

In the world of broadband, the Alcatel/Lucent merger is a match made in heaven.

Jeff Heyman, Infonetics Research

A merger would be "highly complementary." Together, the firms would have a strong portfolio of products that work with the two most popular wireless technologies.

Patrick Donegan, Heavy Reading

The merger will set up a new competitive landscape, with the combined company challenging Cisco as the top maker of networking equipment.

"Together, they should have the scale to avoid being squeezed between low-cost Chinese producers and giants like Cisco.

Frank Fabricius, Gartner

"It's chocolate and peanut butter They fit so perfectly.

Paul Sagawa,
Sanford C. Bernstein & Company
