**ALLIANCE HEALTHCARD, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2008 and 2007
(Unaudited)**

The following unaudited condensed financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. It is suggested that these condensed financial statements be read in conjunction with the financial statements and the notes thereto included in the company's latest shareholders' annual report Form 10KSB.

All adjustments that, in the opinion of management, are necessary for a fair presentation for the periods presented have been reflected as required by Regulation S-X, Rule 10-01. All such adjustments made during the six month periods ended March 31, 2008 and 2007 are of a normal, recurring nature.

1. DESCRIPTION OF THE BUSINESS

Alliance HealthCard, Inc. was founded in 1998 as a provider of discount medical plans with a focus on creating, marketing, and distributing membership savings programs primarily to the underserved markets in the United States. Its original programs offered attractive savings in approximately 16 areas of healthcare, including physician visits, hospital stays, chiropractics, vision, dental, pharmacy, hearing, and patient advocacy, among others. On February 28, 2007, Alliance HealthCard, Inc. completed a merger with BMS Holding Company, Inc. and in part acquired its subsidiary, Benefit Marketing Solutions, L.L.C., (BMS). BMS is the leading membership plan provider to dealers in the rental-purchase industry. For financial reporting purpose, BMS Holding Company, Inc. was considered the acquiring entity and historical financial statements prior to March of 2007 reflect the activities of BMS Holding Company, Inc. and its subsidiaries as adjusted for the effect of the recapitalization which occurred at the merger date. Activities of Alliance HealthCard, Inc. prior to the merger date are no longer reflected in the historical financial statements as it was considered to be the acquired entity. While the Company continues to market its health oriented programs, the merger greatly expanded its business scope to include programs that offer discount savings on dining and entertainment, automotive, legal and financial, as well as insurance programs including leased property, involuntary unemployment, accidental death and dismemberment, and extended service plans. The Company sells its membership savings programs to retailers, insurance companies, finance companies, banks, employer groups and association-based organizations through direct sales or independent marketing consultants, and is a leading provider of value-added membership plans sold in conjunction with point-of-sale transactions.

BMS was formed in February 2002 and is a national membership program benefits organization that designs, markets, and distributes membership programs for rental-purchase companies, financial organizations, employer groups, retailers and association-based organizations. These membership programs are sold as part of a point-of-sale transaction or through direct marketing efforts. BMS is the largest membership plan provider to dealers in the rental-purchase industry market space. The point-of-sale membership plans are sold through more than 4,800 locations in the U.S. and Puerto Rico.

The historical financial statements prior to February 28, 2007 are those of BMS Holding Company, Inc. (and its subsidiaries), the accounting acquirer in the merger. The historical financial statements of BMS Holding Company, Inc., have been adjusted for the effect of the recapitalization which took place at the time of the reverse merger. Activity after February 28, 2007 includes the consolidated activities of the merged companies.

Table of Contents**2. GOODWILL AND INTANGIBLE ASSETS**

The Company accounts for acquisitions of businesses in accordance with Statement of Financial Accounting Standard (SFAS) No. 141, Business Combinations (SFAS 141). Goodwill in such acquisitions represents the excess of the cost of a business acquired over the net of the amounts assigned to assets acquired, including identifiable intangible assets and liabilities assumed. SFAS 141 specifies criteria to be used in determining whether intangible assets acquired in a business combination must be recognized and reported separately from goodwill. Amounts assigned to goodwill and other identifiable intangible assets are based on independent appraisals or internal estimates. Customer lists acquired in an acquisition are capitalized and amortized over the estimated useful lives of the customer lists. Customer lists acquired in connection with the Alliance Healthcard, Inc. merger were valued at \$2,500,000 and are being amortized over sixty months, the estimated useful life of this list. Amortization of customer lists for the six months ended March 31, 2008 totaled \$250,002.

The Company accounts for recorded goodwill and other intangible assets in accordance with SFAS No. 142, Goodwill and Other Intangible Assets (SFAS 142). In accordance with SFAS 142, the Company does not amortize goodwill. Management evaluates goodwill for impairment for each reporting period. If considered impaired goodwill will be written down to fair value and a corresponding impairment loss recognized.

3. Supplemental Cash Flows Information

Cash payments for interest and income taxes for the six months ended March 31, 2008 and 2007 are as follows:

	2008	2007
Interest	\$ 29,371	\$
Income taxes paid	\$ 645,000	\$
Other non cash transactions are as follows:		
Dividends payable to BMS shareholders	\$ 365,720	\$
Issuance of 4,524,263 shares of common stock for the acquisition of Alliance HealthCard, Inc., in connection with the reverse merger	\$	\$ 4,976,689
Issuance of stock and options to consultants	\$	\$ 77,000
Notes, net of discount issued for dividends to BMS shareholders	\$	\$ 6,666,417

3. NOTES PAYABLE TO RELATED PARTIES

In connection with the merger with BMS Holding Company, Inc., three promissory notes were issued by the Company to former BMS Holding Company, Inc., shareholders in the aggregate amount of \$7,147,000. The notes are dated March 1, 2007 and bear interest at 1% per annum. The carrying amount of these notes was discounted to \$6,666,447 to adjust for the below market interest rate carried by the notes. The loan discount of \$480,753 is amortized over the term of the note to interest expense. Amortization of interest expense for the six months ended March 31, 2008 was \$80,100. Principal and accrued interest are payable quarterly on February 14th, May 15th, August 14th, and November 14th. In the event that the consolidated earnings before interest, income taxes, depreciation and amortization of the Company, determined in accordance with generally accepted accounting principles for each of the fiscal years ending on September 30, 2007, 2008 and 2009 shall be less (Actual EBITDA) than \$4,200,000 (the Targeted EBITDA), then the principal amount of these notes are to be reduced by an amount equal to the percentage by which the Actual EBITDA for each such period falls short of the Targeted EBITDA and the adjusted principal balance of these notes will then be amortized over the remaining term of the note in accordance with the foregoing payment terms.

Table of Contents

Pursuant to discussions between the note holders and the disinterested directors of the Company, on January 10, 2008 the old notes were cancelled and replaced by new notes reflecting the unpaid principal balance but modifying the measurement periods to be deferred by one year to the fiscal years ending September 30, 2008, September 30, 2009 and converted to quarterly reviews thereafter. Management felt that these deferred periods more appropriately tie the payment obligations to the Company's performance since the initial period did not reflect an entire year and also contained several merger related one time expenses. Several additional provisions were added to allow for adjustments if necessary. The new notes were issued in the aggregate amount of \$5,113,177 representing the unpaid principal balances on the original notes on that date before the above described note adjustments.

In addition to the foregoing, after the consummation of the transactions contemplated by the Merger Agreement, the principal amount of these notes were reduced by \$247,073 as of September 30, 2007 to comply with provisions in the notes requiring that the notes shall be reduced dollar for dollar by any loss incurred by BMS Insurance Agency, L.L.C., a BMS Holdings affiliate, resulting from the failure of Caribbean American Property Insurance Company (CAPIC) to pay certain disputed commissions. The notes further provide recovery of any net proceeds of BMS Insurance Agency, L.L.C. attributable to pre-closing periods shall inure on a pro-rata basis to the benefit of the note holders. As a result of the settlement agreement completed on March 13, 2008 with CAPIC (*See Note 8 Contingent Commissions*), BMSIA received proceeds of \$400,000. Pursuant to the terms of the merger completed on February 28, 2007, net proceeds of the settlement for BMSIA attributable to pre-closing periods of the merger totaling \$365,720 are payable to the former BMS Holding Company, Inc. shareholders with the remaining \$34,280 payable to the Company which resulted in a pro rata increase in the notes by that same amount.

4. LINE OF CREDIT

BMS secured a line of credit with Republic Bank & Trust for \$150,000, secured by the personal guarantee of Mr. Brett Wimberley, our President, with interest of the Wall Street Journal prime plus 1%, which was 8.75% at September 30, 2007, and a maturity date of December 19, 2007. The principal balance of \$149,980 was paid in full on December 19, 2007. The credit agreement was increased to \$500,000 and was renewed on January 25, 2008 with a new maturity date of December 19, 2008 and bears an interest rate of the Wall Street Journal prime rate per annum to be adjusted daily. The balance owed on the line of credit was \$0 at March 31, 2008.

5. STOCK-BASED COMPENSATION

In conjunction with certain consulting agreements, the Company granted stock options relating to 50,000 shares of Common Stock with an exercise price of \$2.00 for the six months ended March 31, 2008.

As of March 31, 2008, the total number of options issued and outstanding, the weighted average exercise price and number of options available for future issuance under approved equity compensation plans were as follows:

Number of securities to be issued upon exercise	1,476,397
Weighted average exercise price	\$ 0.94
Number of options available for future issuance	1,330,294

Effective January 1, 2006, the Company adopted SFAS No. 123 (revised 2004), Share-based payment (SFAS 123R). The provisions of SFAS 123R requires companies to expense in their financial statements the estimated fair value of awarded stock options after the effective date. The Company adopted this statement using the modified prospective application. For options granted and vested prior to the effective date, the Company continues to follow the intrinsic value method set forth in Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees (APB No. 25), and disclose the pro forma effects on net income had the fair value of these options been expensed.

Table of Contents

The fair value of each option award is estimated on the date of grant using the Black-Scholes-Merton option-pricing model assumptions noted in the following table. Expected volatilities are based on historical volatilities of the Company's stock. The Company uses historical data to estimate expected term and option forfeitures within the valuation model. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. The Company does not provide for any expected dividends or discount for post-vesting restrictions in the model.

Expected volatility	.1
Dividend yield	0%
Risk free interest rate	5%
Expected life	2 Years

The Company recognized equity-based compensation expense under SFAS 123(R) of approximately \$4,500 and zero for the six months ended March 31, 2008 and March 31, 2007 respectively.

6. INCOME TAXES

The income statement for the six months ended March 31, 2007 reflects six months of operations for BMS Holding Company, Inc. (including its subsidiaries BMS and BMS Insurance Agency LLC (BMSIA)) and one month of operations for Alliance HealthCard. Each of the subsidiaries of BMS Holding Company, Inc. is a limited liability company and prior to the organization of BMS Holding Company, Inc. in December 2006 and the acquisition of its subsidiaries, the earnings of each subsidiary were taxed at the member level. Therefore, there was no provision for income taxes during the six month period ended March 31, 2007. During the six months ended March 31, 2008, the Company accrued \$868,221 in income taxes payable and incurred \$868,221 in income tax expense.

In June 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109* (FIN 48). FIN 48 is intended to clarify the accounting for uncertainty in income taxes recognized in a company's financial statements and prescribes the recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Under FIN 48, evaluation of a tax position is a two-step process. The first step is to determine whether it is more-likely-than-not that a tax position will be sustained upon examination, including the resolution of any related appeals or litigation based on the technical merits of that position. The second step is to measure a tax position that meets the more-likely-than-not threshold to determine the amount of benefit to be recognized in the financial statements. A tax position is measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement.

Tax positions that previously failed to meet the more-likely-than-not recognition threshold should be recognized in the first subsequent period in which the threshold is met. Previously recognized tax positions that no longer meet the more-likely-than-not criteria should be de-recognized in the first subsequent financial reporting period in which the threshold is no longer met.

The adoption of FIN 48 did not have a material effect on the Company's financial position.

7. CLAIMS LIABILITY

The Company has an obligation for claims incurred but not reported (IBNR) as of March 31, 2008 and 2007. The liability is estimated using current claims payment information. As of March 31, 2008 and 2007, the Company had IBNR obligations of \$419,100 and \$125,172 respectively. It is the Company's policy to reserve the necessary funds in order to pay claim obligations as they become due in the future.

8. CONTINGENT COMMISSIONS

A settlement agreement was completed on March 13, 2008 with the Caribbean American Property Insurance Company (CAPIC). BMSIA and CAPIC were involved in a dispute involving the amount of contingent commissions due to BMSIA for the period of time beginning January 1, 2006 through March 31, 2007. As a result of the settlement, BMSIA received proceeds of \$400,000. Pursuant to the terms of the merger completed on February 28, 2007, net proceeds of the settlement for BMSIA attributable to pre-closing periods of the merger totaling \$365,720 are payable

to the former BMS Holding Company, Inc. shareholders with the remaining \$34,280 payable to the Company which resulted in a pro rata increase in the promissory notes by that same amount. For financial reporting, the \$400,000 settlement proceeds have been reflected in other income. The \$365,720 payable to the former BMS shareholders was shown as a dividend distribution with an offset to dividends payable as the dividend has not been paid as of March 31, 2008.

Table of Contents**9. RESTATED QUARTERLY FINANCIAL STATEMENTS FOR MARCH 31, 2007**

Financial statements for the three and six months ended March 31, 2007 were improperly reported as a result of not applying the correct accounting principles in accounting for the reverse merger between Alliance HealthCard, Inc. and BMS Holding Company, Inc. on February 28, 2007. However, the reverse merger was properly accounted for in the audited financial statements for the Company's fiscal year ended September 30, 2007. Results for the three and six month periods ended March 31, 2007 are presented below.

Our results of operations are those of BMS Holding Company, Inc. and its subsidiaries for the three months ended March 31, 2007 and those of Alliance HealthCard for the one month ended on that date. Because these combined results of operations only include one month of Alliance HealthCard operations, our results of operations for the three months ended March 31, 2007 may not be considered comparable to the three months ended March 31, 2008.

Gross profit increased \$2.2 million, or 96%, to \$4.6 million for the six months ended March 31, 2008 compared to \$2.4 million for the same period in 2007. This increase was attributable to additional revenue and a reduction in direct costs for BMS. Other income increased to \$.5 million for the six months ended March 31, 2008 compared to \$.01 million for the same period in 2007. The increase was primarily attributable to \$.5 million related to the settlement agreement of the Caribbean American Property Insurance Company.

Liquidity and Capital Resources

As of March 31, 2008, we had cash of \$2.8 million and a working capital deficit of \$1.3 million. Our current liabilities include the current portion of notes payable to related parties. These note obligations are only payable in the event that our consolidated earnings before interest, income taxes, depreciation and amortization, determined in accordance with generally accepted accounting principles for each of the fiscal years ending on September 30, 2007, 2008 and 2009 shall be greater (Actual EBITDA) than \$4,200,000 (the Targeted EBITDA). If the Targeted EBITDA level is not achieved then the principal amount of these notes will be reduced by an amount equal to the percentage by which the Actual EBITDA for each of those fiscal years falls short of the Targeted EBITDA and the adjusted principal balance of these notes will then be amortized over the remaining term of the notes in accordance with the foregoing payment terms.

Cash provided by operating activities was \$1.8 million for the six months ended March 31, 2008 and \$.8 million for the six months ended March 31, 2007. The increase of \$1 million was primarily attributable to an increase in revenue and net income for the six months ended March 31, 2008.

Cash used in investing activities was \$.1 and \$.1 million for the six months ended March 31, 2008 and March 31, 2007, respectively.

Cash used in financing activities was \$1.2 million for the six months ended March 31, 2008 compared to \$.5 million for the six months ended March 31, 2007. The increase of \$.7 million was primarily attributable to the following:

- cash received from the merger of \$1.1 million for the six months ended March 31, 2007;
- a reduction of \$1.6 million for distributions paid to former shareholders of BMS Holding Company, Inc. for the six months ended March 31, 2007;
- stock options exercised for \$.1 million for the six months ended March 31, 2008.
- promissory note payments to related parties of \$1.2 million for the six months ended March 31, 2008; and
- repayment of our line of credit for \$.15 million for the six months ended March 31, 2008.

We anticipate that cash on hand, together with cash flow from operations, will be sufficient for the next 12 months to finance operations, make capital investments in the ordinary course of business, and pay indebtedness when due.

ITEM 3. CONTROLS AND PROCEDURES

The SEC defines the term disclosure controls and procedures to mean a company's controls and other procedures that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Our principal executive officer and principal financial officer, based on their evaluation of the effectiveness of our disclosure controls and procedures as of the end of the quarterly period covered by this Quarterly Report, concluded that our disclosure controls and procedures were effective for this purpose. There were no significant changes in our internal control over financial reporting during the three months ended March 31, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 3A (T). CONTROLS AND PROCEDURES

Internal control over financial reporting consists of control processes designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of our financial statements for external reporting purposes in accordance with generally accepted accounting principles. To the extent that components of our internal control over financial reporting are included in our disclosure controls, they are included in the scope of the evaluation by our principal executive officer and principal financial officer referenced above. There were no significant changes in our internal control over financial reporting during the three months ended March 31, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
