Benefit Plans Administrative Committee

Chromcraft Revington Savings Plan

West Lafayette, Indiana

We have audited the accompanying statements of net assets available for plan benefits of the Chromcraft Revington Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for plan benefits for the years then ended. The Plan's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Chromcraft Revington Savings Plan as of December 31, 2009 and 2008, and the changes in its net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

**Chromcraft Revington Savings Plan  
Notes to Financial Statements  
December 31, 2009 and 2008**

**Note 1: Description of the Plan**

The following description of the Chromcraft Revington Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

***General***

The Plan was a defined-contribution plan covering all eligible employees of Chromcraft Revington, Inc. and its subsidiary (the Company or Employer). Employees could elect to participate in the Plan on the earlier of January 1, April 1, July 1 or October 1 following the completion of six full months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2009, the Plan merged with and into the Chromcraft Revington Employee Stock Ownership and Savings Plan. All Plan assets were effectively transferred to the new plan on this date.

***Participant Accounts***

Each participant's account included credits for the participant's voluntary contributions, any Employer matching or profit-sharing contributions and Plan earnings. Plan earnings were allocated among all participants based on their investment in each fund.

***Participant Contributions***

Participants were permitted to contribute 1% to 50% of their annual compensation to the Plan, as defined in the Plan Document, on either a pre-tax or after-tax basis.

***Employer Contributions***

All Employer contributions were discretionary. Employer matching contributions were made to the Chromcraft Revington Employee Stock Ownership and Savings Plan. The Company's matching contribution rate was 100% of pre-tax contributions up to 3% of eligible compensation plus 50% of pre-tax contributions on the next 2% of eligible compensation.

***Vesting***

All participant contributions and safe harbor matching contributions and earnings thereon were immediately 100% vested. Any other Employer contributions that could be made to the Plan were subject to a three-year cliff vesting schedule, meaning 0% vested until three years of service and 100% vested thereafter.

For the year ended December 31, 2008, the Employer determined that a partial Plan termination occurred due to the number of terminations during the year. There was no impact on the Plan due to the fact that participants' accounts were 100% vested.

**Table of Contents**

**Chromcraft Revington Savings Plan  
Notes to Financial Statements  
December 31, 2009 and 2008**

***Forfeitures***

Forfeitures of nonvested Company contributions were used to reduce Plan expenses that would otherwise be paid by the Company. At December 31, 2008, forfeited nonvested accounts totaled approximately \$2,300. There were \$2,300 and \$0 of Plan expenses paid from forfeited nonvested accounts in 2009 or 2008, respectively.

***Payment of Benefits and Withdrawals***

At retirement or termination of service, a participant could elect to receive, in the form of a single sum, the value of his or her vested account balance. In-service withdrawals of pre-tax contributions required the participant to meet certain Plan requirements. Company matching contributions and profit-sharing contributions could not be withdrawn by a participant prior to his or her termination of employment. Participants in the Plan could withdraw their after-tax contributions to the Plan, including any investment earnings attributable to those contributions. Benefits were recorded when paid.

***Trustee***

Plan assets were held by T. Rowe Price Trust Company, Inc.

***Administrative Expenses***

The Plan was administered by a committee appointed by the Company's Board of Directors. Administrative expenses were borne by the Company or through forfeitures of nonvested company contributions.

***Participant Loans***

Each participant had the right, subject to certain restrictions, to borrow from his or her account. The maximum aggregate amount a participant could borrow was 50% of his or her total vested account balance, up to a maximum of \$50,000. Loans bore a market rate of interest and could be repaid over a period not to exceed five years. The interest paid on a loan was credited directly to the participant's account in the Plan.

**Table of Contents**

**Chromcraft Revington Savings Plan  
Notes to Financial Statements  
December 31, 2009 and 2008**

**Note 2: Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting, except for the cash basis recording of benefits paid.

***Use of Estimates***

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Investments***

The Plan's investments were stated at fair value. Quoted market prices were used to value shares of mutual funds and common stocks traded on a national exchange. The fair values of the Plan's interests in stable value funds were based upon the net asset values of such funds reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported by the Plan trustee.

Net assets available for plan benefits reflected the contract value of the Plan's investments in stable value funds because a separate adjustment was presented in the statements of net assets available for plan benefits to increase or decrease the carrying amount of these investments to contract value, as applicable. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

***Subsequent Events***

Subsequent events have been evaluated through June 23, 2010, which is the date the financial statements were available to be issued.

Table of Contents

**Chromcraft Revington Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2009 and 2008**

**Note 3: Investments**

Participants were permitted to direct the investments in their accounts.

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows:

	2009	2008
	(In thousands)	
T. Rowe Price Stable Value Common Trust Fund	\$	\$ 4,270
T. Rowe Price Spectrum Growth Fund		1,442
T. Rowe Price Balanced Fund		1,330
T. Rowe Price Spectrum International Fund		769
T. Rowe Price Spectrum Income Fund		1,398

Interest and dividends realized on the Plan's investments for 2009 and 2008 was \$370,000 and \$933,000, respectively. The Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value during 2009 and 2008 as follows:

	2009	2008
	(In thousands)	
Chromcraft Revington, Inc. common stock	\$ 233	\$ (245)
Mutual funds	1,918	(5,683)
	\$ 2,151	\$ (5,928)

**Note 4: Disclosures About Fair Value of Assets**

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

**Table of Contents**

**Chromcraft Revington Savings Plan  
Notes to Financial Statements  
December 31, 2009 and 2008**

Following is a description of the inputs and valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. The Plan had no liabilities measured on a recurring basis and had no assets or liabilities measured on a nonrecurring basis.

**Investments**

Where quoted market prices were available in an active market, securities were classified within Level 1 of the valuation hierarchy. Level 1 securities included common stock, mutual funds and a money market fund. If quoted market prices were not available, then fair values were estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities included a collective trust fund. In certain cases where Level 1 or Level 2 inputs were not available, investments were classified within Level 3 of the hierarchy and included participant loans.

The following table presents the fair value measurements of assets recognized in the accompanying statement of net assets available for plan benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fell at December 31, 2008:

	Fair Value	2008 Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common Stock	\$ 43	\$ 43	\$	\$
Mutual Funds	8,808	8,808		
Collective Investment Fund	4,270		4,270	
Participant Loans	267			267
	\$ 13,388	\$ 8,851	\$ 4,270	\$ 267

**Table of Contents**

**Chromcraft Revington Savings Plan  
Notes to Financial Statements  
December 31, 2009 and 2008**

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statement of net assets available for plan benefits using significant unobservable (Level 3) inputs:

	<b>Participant Loans</b>
Balance, January 1, 2008	\$ 602
Issuances, repayments and distributions	(335)
Balance, December 31, 2008	267
Issuances, repayments and distributions	(51)
Transfer to Chromcraft Revington Employee Stock Ownership and Savings Plan	(216)
Balance, December 31, 2009	\$

**Note 5: Benefits Payable to Participants**

At December 31, 2009 and 2008, net assets available for plan benefits included \$0 and \$320,000, respectively, for benefit distributions payable to participants who had withdrawn from the Plan prior to the end of the Plan year.

**Note 6: Party-in-Interest Transactions**

Plan investments included shares of mutual funds managed by T. Rowe Price. A related entity of this fund manager served as trustee of the Plan and, therefore, transactions in these funds qualified as party-in-interest transactions. The Plan also held Chromcraft Revington common stock totaling \$42,741 at December 31, 2008 (109,591 shares).

**Note 7: Plan Merger**

Effective December 31, 2009, the Company merged the Plan into the Chromcraft Revington Employee Stock Ownership and Savings Plan subject to the provisions of ERISA.

**Table of Contents**

**Chromcraft Revington Savings Plan  
Notes to Financial Statements  
December 31, 2009 and 2008**

**Note 8: Tax Status**

The Plan obtained its determination letter in 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan had been amended since receiving the determination letter, the Plan's administrator and legal counsel believe that prior to the merger, the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2006.

**Note 9: Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2008, to Form 5500:

	<b>2008</b>
Net assets available for plan benefits per the financial statements	\$ 13,440
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(40)
 Net assets available for plan benefits per Form 5500	 \$ 13,400

The statement of changes in net assets available for plan benefits included in the Plan's Form 5500 filing also excludes the impact of adjustment from fair value to contract value for fully benefit-responsive investment contracts.
